

221 THE POOR LIFE OF TRAINING IN SECRE

When Lu Shu shouted the name Yu Qian, the purple gourd started to suck magical energy from his body.

Just at this moment, before the strength of the gourd could enter Lu Shu's body to draw energy, Lu Shu's celestial map was jolted awake!

It was just like in the past when Lu Shu would train the yinyang kinship of the three. Even before external energy could be amassed, the celestial map would suppress it...

Li Dian and Lu Shu were both confused. The gourd didn't have any reaction!

The purple light didn't even appear...

Only people who understood magical equipment truly understood that the light wasn't emitted by the magical equipment, but it was just a layer of soft glow.

"What's wrong? Aren't you a practitioner?" Li Dian was surprised. He could use it when it was in his arms, why did it stop working when it went over to Lu Shu?

Coughs, Lu Shu cleared his throat. Only he himself knew where the problem was...

222 THE USELESS GOURD

"Lu Shu, what are you waiting for?" Lu Xiaoyu asked curiously as Lu Shu was looking down from the edge of the roof.

"Waiting for those four college students," Lu Shu replied gleefully. Experimenting on others had always been his hobby.

Lu Xiaoyu pouted, "And you didn't allow me to bully others..."

After waiting for over an hour, Yuan Liangtuo and company came out from the alley. What Lu Shu didn't know was that his words served as a reminder to Yuan Liangtuo and the rest. Yuan Liangtuo thought that Lu Shu must be scheming something!

At this point in time, Yuan Liangtuo was extremely cautious and was no longer thinking about buying magical stones.

Of course, Lu Shu was no god and couldn't predict everything. At that point in time, he responded casually to the accusation of him following them as their plan to buy magical stones did not concern him.

223 THE TOUR GROUP

Lu Shu studied intensely and now, he was already studying physics and chemistry on his own. With his history of not obtaining more than 20 marks even when he combined the marks of those two subjects, it could be said that he was learning everything from scratch...

Physics and chemistry took up a portion of his effort, and Japanese another. Lu Shu didn't know for sure if he had enough time.

As for Japanese, picking it up would not only help him in sieving out spies but it would help him in other aspects as well...

Lu Shu went into deep thought...

Yuan Liangtuo and Yuan Li were still crying down below.

More people who shopped the black market emerged from the alley. Some of them bought stuff while others didn't.

They were rather baffled when they passed by Yuan Liangtuo and his party, why were they crying while looking at the sky?

This scene led to them lifting their heads up toward the sky... there was nothing there!

224 REENCOUNTERING LI DIAN

Lu Shu's plan was to bring Lu Xiaoyu out to play. As to whether or not there'll be other people with them, Lu Shu truthfully never thought about it.

It wasn't if there was anyone else, but Lu Shu never thought about anyone else.

Because, in his world, there was only Lu Xiaoyu and him.

What would the future be like? Lu Shu suddenly thought of this problem. He didn't think of anything after a long time. After all, this world was too big to him. So many people and so many events happening. No one could say for sure what was going to happen in the future.

He touched Lu Xiaoyu's head, "Sleep quickly."

"Tell me a story," Lu Xiaoyu had her two hands on the edge of the blanket, seemingly rather embarrassed to ask for a story.

On a normal day, Lu Xiaoyu exhibited a level of maturity exceeding far beyond that of a ten year old. So naturally, Lu Shu would discuss some stuff with her.

225 EACH WITH HIS OWN AXE TO GRIND

What a small world. Even Li Dian wouldn't have thought that he would meet his buyer in this travel tour.

To be honest, Li Dian's face was previously covered and even his hairstyle and clothes were different from now.

When Lu Shu first saw him, he only felt a sense of familiarity and would never have thought of his identity if not for the silk cloth.

At that point in time, Lu Shu was also wearing a cap and used Lu Xiaoyu's t-shirt to cover his face. The jacket he wore was also kept inside the pink luggage ever since and the magical gourd was hidden inside the seal of lands.

Even when they were headed towards a remote corner, Li Dian was walking in front

and never looked back at Lu Shu. This meant that he couldn't have noticed Lu Shu's walking stance and so Lu Shu wasn't worried about being identified.

As of now, Lu Shu was in the dark while Li Dian was out in the open...

226 NUTS!

"Everyone, let's get on the bus," The tour guide hollered amicably as he waved the small red flag.

Li Dian hadn't understood the meaning behind Yuan Liangtuo's gaze previously. He felt as if there was something weird in all of that. This sort of feeling cast a shadow of doubt over his original intentions of having a happy vacation...

Everyone queued to board the bus. Lu Shu and Lu Xiaoyu were at the end of the queue while Li Dian boarded ahead of them. But just as he set foot on the bus, Lu Shu stood behind Yuan Liangtuo and shifted slightly.

Only to see that with a flip of his palm, the head-twisting gourd appeared in his hand. He softly whispered a name before keeping the gourd immediately after.

"Li Dian."

"Ka!"

Li Dian almost twisted his leg. His neck twisted more than 40 degrees toward Lu Shu, who was blocked by Yuan Liangtuo.

227 KUMBUM MONASTERY

Lu Shu looked at the other party's identification card seriously. This university student Shu Li's full name was actually Wang Shuli. Lu Shu felt that there was something weird with this name previously.

Shu Li was a name derived from a poem. Shu represented grain, while Li meant lush and flourishing. Most people never heard of the words Shu Li, but many people would have heard the lines of this poem.

Lu Shu thought that the person who came up with this name for a girl must have been really depressed...

He looked at the gender twice to confirm it before heaving a sigh of relief. It was good that she was a girl, or it would be an extremely arduous experience to sit beside a cross-dresser for the next 9 days.

Although Lu Shu respected the decision of cross-dressers, he really couldn't accept it in his heart.

228 COME, LET'S HARM EACH OTHER

The tour guide laughed along the way, "We're about to arrive at Kumbum monastery, which is located on lotus hill in the Southwestern part of Rusal town in Yuzhong country of Qinghai province. It is one of the six monasteries of the Gelu sect of Tibetan Buddhism in China. It is not merely a temple, as Kumbum monastery is also the highest Buddhist institute in Qingzhou."

Lu Shu pondered for a moment. He suddenly thought of a question when he heard this. Were there practitioners at Kumbum monastery?!

In truth, he had never seen great religious practitioners and he wondered if he would chance upon one here.

Just then, a momentary disturbance erupted from one of the front rows. Lu Shu turned his gaze over only to see Yuan Liangtuo standing up in the middle of the aisle scratching his back profusely as if it was extremely itchy.

He was scratching as he removed his shirt. Lu Xiaoyu looked at Lu Shu with suspicion, "Did you do it?"

229 THE GOLDEN SIGH

Li Dian also knew in his heart. He was afraid that these daoyuan students would kill him. Since they expressed their hostility towards him, Li Dian could only keep his eye on Yuan Liangtuo.

He thought, as long as I'm looking at you, there's nothing you can do to me! Hahaha, I'm so smart!

As Yuan Liangtuo and his company followed the tour guide into the Kumbum monastery, his girlfriend Yuan Li whispered, "That weird uncle keeps staring at you..."

Upon the warning, Yuan Liangtuo turned his head and came into eye contact with Li Dian...

"From Yuan Liangtuo's distress, +299!"

"Let's ignore him, this person has a mental problem," Yuan Liangtuo had no energy left to deal with this as he and his friends quickened their pace. However, Li Dian followed suit and quickened his pace too!

There wasn't a need for Li Dian to look Yuan Liangtuo in his eyes as long as he was looking towards his direction.

230 I DON'T NEED ANYONE'S HELP

"Lu Shu, was that a good or bad guy just now?" Lu Xiaoyu didn't understand.

Lu Shu thought for a moment, "I really can't judge. The only thing I can confirm is that he's not the same as us."

"Lu Shu," Lu Xiaoyu stated righteously, "You'll be done for if you're the same as him!"

Lu Shu couldn't help but look back as he walked out of the golden temple. He felt as if those beasts sculptures on the corners of the roof had an inexplicable hostility towards him. But why so?

He always had a clear conscience. Even if he really did some stuff, it was only to provoke others.

He never stole or robbed, and counted on his own efforts to feed Lu Xiaoyu and himself. The past 17 years, no matter how tough they were, came without any of your help.

And you guys... what right do you have to be so hostile towards me?

If he was really embroiled in deep trouble, he still wouldn't need anyone to save him.
