## Jimin's POV

Her whole life, she had been extremely careful. I wondered why, until one day I saw her reading a book about Angels. It was our rules. I had to be careful. She had almost seen me the other day. She was in the library picking up books to read. I had accidentally knocked over several books. "Hello?" She had called out. I quickly hid somewhere. "Someone knocked over the books and didn't even bother to pick them up. How impolite. Ooh, this looks interesting." She muttered as she picked up the books. She keeps one in her hand "Bite vs Bark." She whispered. She gasps and smiles. "It's a reader insert! I love these!" She whisper shouts.

"Vampires and Werewolves are sworn enemies. Their pack leaders hate each other's guts. (Yn) leads the Vampires also known as Bite. Taehyung leads the Werewolves also known as Bark. The Bite-Bark rivalry has been going on for generations. No one even remembers the origin of the feud. What happens when Taehyung and (Yn) get lost and have to work together to find their way back home to their own packs? What if on the way they find out the origin of the feud? What if.... They find out they're the key to ending it all?" She read aloud. She takes the book and goes to borrow it. "Excuse me." She says. The librarian turns around. I hold back a laugh as I see Yoongi. I've talked to him a few times as I keep an eye on (Yn). "Hmm?" He hums. "I'd like to check this book out." She says handing him the book. He checks it out to her. "Have you seen my friend Khloe? I don't want to leave without her." She asks him. His face turns a slight pink. Awe, Yoongi has a crush on Khloe. "I think she's looking for a book at the back." He responded. Not long later, Khloe calls quietly for (Yn). "(Yn), check out this book. It's called A er Hours. It looks creepy, and it's a reader insert (I know two shameless self promos if you have a problem, leave... I'm joking please don't leave I don't wanna be lonely)!" Khloe says excitedly. "What is the description?" (Yn) asked. "(Yn) and BTS work in an old shop with a library. It used to be a mansion that someone lived in, but was turned into a shop a er the previous owners le . There was a mysterious sign that said "Leave before eleven... Or last till sunrise." They had always le around ten thirty. They had lost track of time one day, it was eleven fi een... When they tried to leave they couldn't get out.... The doors had locked.... All on their own....

"Y-Yoongi... What's going on?"

"I... Don't know but I don't like it..."

"Has anyone seen Jin?"" She read. "That's funny, Yoongi's name is in here." Khloe says with a laugh. "You should check it out. It looks awesome." (Yn) suggests. Khloe nods and goes to check it out. Then they leave, I carefully keep my distance and follow behind them. Acting casual.

## Your POV

I felt like I was being watched, but if my guardian angel was watching me that was probably why. It takes all of my strength everyday not to try and talk to him. But I know if I do he'll be punished. Khloe always wonders who her guardian angel is, but she also feels the way I do. She doesn't want them puns hues because of breaking the rules. "Well, I should go home. I'll probably spend the rest of the day reading this. I'll see you at the co ee house tomorrow." I tell her as I start to walk away. "Wait, I can't make it tomorrow. I have a really big college math test tomorrow. I'm so sorry." She responds. "It's fine, I'll see you when I can. Wish me luck." I say with a smile. "Good luck on your performance. You'll do great, just like you always do." Khloe says before walking o . "I hope so." I muttered before going home.
