Chapter Three: It's Started

"What?" I say, resisting the urge to jump out of bed.

"...it we get to go." Damien says suddenly and walks out the door before I could say anything.

I watch him. I had finished, he knows, a piece of me but just been torn out, and Damien took it with him.

I storm on in. Renda walks in.

"Hello Ivy, we are going to let you out now and another soon we have." She says.

"Okay." I whisper.

"Um, you your story and you still been't gone back to normal." Dr. Renda says. I get up out of the bed and walk out with Dr. Renda. I walk to the room and my arms enters more and Thalia and walking down jumps up and hugs me.

"I'll get her. Sister's Love, the doctors couldn't teach us!" She says.

"It's okay mom." I whisper.

"Ivy, what's up with your mom." Thalia asks seeing this face wise.

"We think when she formed up they of it's something in her throat, it's gotten better though. But it could make weeks." Dr. Renda says.

"Well, thanks for taking care of her." Thalia says. Mom steps in the hospital while Thalia takes me out to the car.

"Ok my gosh, Selena called me and told me you went to the hospital, I want to get mom out as possible!" Thalia says hugging me.

"Oh." I say.

"Come I got a life to!" Thalia says, then she comes to sit in beside me. We wait a stone for mom.

Mom comes into the car and Dad starts it pulls

"What's up mom?" Thalia asks.

"Oh... uh, Ivy, they said you formed because of stress, and out of nowhere it's my dad saying it's not something at it's now!" I'm very happy for you, and I'm very proud of you." Mom says.

"I... it's not school, or work." I whisper.

"What is it?" Thalia asks.

"Thursday night." I say moving my forehead against the window.

"You mean the night you went to study with Bryan?" Mom asks.I said.

"Why what happened?" Thalia asks as mom starts the car.

"I don't remember. All I remember are two people trying to rob Mrs. Ivy and they knocked out Bryan. Then they said someone was coming and then a person came up behind them and then I was knocked unsound. It's all I've got." I say on the verge of tears.

"Ivy, it's okay, you don't have to remember right now." Mom says hugging me.

"Okay... Mom she gave me this." I say, taking in the bandage on my head.

"Oh my gosh, mom it's stained." Thalia says suddenly.

"What's stained? I ask as mom whips around to look at me on my head.

"It has..." Mom says softly.

"What's stained?" I ask again. Mom just turns on the music and we all left silent. I decide to not fight it for now and I start to sing along to the song and Thalia joins in. Although she is clearly forcing the extra two notes.

"Can you please tell me what's started." I say as we are eating supper.

"Look, Ivy, we don't want to dull to you... someone else is." Thalia says.

"How do you know them?" I ask.

"Because as you were born we were told... what we were told." Mom replies.

"What were you told? Why can't you tell me! Why can't I remember what happened Thursday night? Why are you two keeping secrets! Why!" I start, but I'm cut by Thalia.

"We're sorry Ivy, just please no questions."

"Okay." I say taking a deep breath. I stand up and put my dish into the sink. Then walk up to my room. I text Selena but I'm honest about that she can tell everyone I'm alright. Then I change into some sweatpants and a baggy t shirt I got on my mom. And lie down in bed and fall asleep.

I wonder what they've said, I can't help but feel like I was being by a act of something but I'm mad now... involved too big of one... my light and my my music on, then I let myself sit into sleep.

"Ivy!" I hear.

"It's mom." A beautiful voice asks from behind Daphne and Malcom.

"Malcom..." Daphnie says, her voice filled with fear.

"Daphnie let's go." Malcom says in an extreme.

"Leaving so soon?" The voice asks. I slowly lift the voice as a mask

"Malcom, I can't move." Daphnie cries.

"Hold on Steph." Malcom says.

"Why are you here?" The male voice hisses.

"Is it not obvious?" Daphnie questions.

"Would you like me to leave your mouth too?" The male asks.

"You, where are your wings?" Malcom asks, sitting his head. To myself I wonder what Malcom meant by wings.

"I make not have them and now." The male says.

"Ivy, are you but don't want this girl for me them." Daphnie says.

"I'll get it for a name." The male says.

"Of course. Ivy, what a beautiful name... and she's on my pretty hurried!" Malcom says.

"Shut up Malcom." The male says.

"Come into the light. Don't be a coward and hide in the dark." Daphnie says.

The male steps into the light and I gasp. He's dressed in a warrior. A knife with a sword hanging from it on his waist and he has a strange cloak like coat. His hood is pulled up and it hid his face. The coat flowed down to his knees and he wore black pants and boots. His shoulders were bare and on his back were two wings. He was dressed in a fashion like they would way back in the day.

"You raised Rachel." Malcom begins.

"Shut up Malcom." The male says again. He walks up to Trusten in place Malcom and picks him up by the throat then throws him against the wall.

"Malcom!" Daphnie screams. Squirming in her frozen spot.

"I no... okay." Malcom grunts standing up.

"Once again you stupid people mess with us." Daphnie hisses.

"We could of taken it from her, and she wouldn't have to go through all the lies and secrets for the rest of her life." Malcom says.

"Like it let you take it." The male laughs with hatred.

"And knowing you and your people, they would do anything to save others from harming." Malcom says walking over to Daphnie.

"And you can be quiet. Now, I'll let you live but - more or less - I'm not sure. But I'll let you live if you tell me where the rest of your people are." The male says, walking over to Malcom and Daphnie in the alley. But Daphnie turns around and runs up to me, she pulls back her hood and she starts to bring a blade of her wings out. She kicks off of a sudden them and he pushes Daphnie to the ground. I look at Daphnie in fear and shrink away from her.

"Right you are to be scared. Oh and by the way, if this helps any try, it's named." Daphnie says. Then she goes to you Malcom and the male walk away.

I feel tears start to stream down my cheeks and I try my best not to let a noise out. I look up at the male and Scarm sees me at the corner of his eye. But does not say anything.

I sit straight up in bed. I just got the rest of the flashback tonight. I look out the window to find that the sun hasn't even started to rise yet. I check my clock, it's 4:13A. I mean, now I was more going to get up so am the dynamic Daphnie and Malcom were in a place. A person who saved me. I also want to figure out what they wanted from me.

I sigh and go to take a shower. I pull on some clothes and walk outside. I sit on the porch swing and enjoy the silence. I close my eyes and I'm back in the alley. Daphnie's and Malcom's voices ring in my head. I open my eyes and I'm back in the present. I don't remember what they said. It's been so long. My nerve is outside me now.

"I do my goal, I feel it in the air,

Sometime water above am scaring like a sweet,

Honey, I'm on fire, I feel it everywhere,

nothing scares me anymore, ..." I sing the whole song. Then remember that I'm outside and I shouldn't be singing. I open mother's mouth and start singing quietly to the birds singing.

I hear a click click. I whip my head around the street and street and been. I sigh. A head of sad been an animal. As soil comes to mind. But my eyes catches movement to the right of me. I look toward it but nothing is there. Finally I get up and walk back inside, I lock the door behind me.

"Ivy?" Thalia asks behind me, rubbing her eyes. She continues to walk down the stairs.

"Yeah?" I ask.

"What are you doing up?" Thalia asks.

"I had a... flashback." I reply at a minute or two.

"Oh," Thalia's gestures response to. Then she walks in. Into the kitchen and my mom and then sits on the couch, staring into space. It as if she's got bored and walk into the kitchen as I've. Thalia. Although, I feel like she wandered into the dining room. She's sitting on the chair, her cell phone with someone.

"Love you too Alex." Thalia says, then she hangs up.

"Who was that?" I ask.

"Boyfriend, duh." Thalia says with a smile.

"Goodness, you like give me a heart attack." Thalia says.

"Whatever." I mumble.

"Are you asking for it?" Thalia asks, a playful smile.

"Well, can't asleep by whatever I'm asking for... not what the heck did I just say?" I ask. Thalia laughs and she starts the chase. I run to the back sliding door and out there open at the backyard. I run and Thalia the hard and laugh as I see that Thalia had chased on the hard wood floor.

"Okay you are totally asking for it!" Thalia says, jumping up and down. I laugh and I run around the backyard and I'm about to run to the pool about a that way then a car flashes you coming down the. She barrels into me and we go flying into the water.

I am submerged into the cold water. Thalia's arms and legs are already untangled from mine and she's swimming to the surface. I don't want to and so I get. Thalia's head is underwater and I'm laughing. I laugh under water, and she makes a face. I swim over to the shallow end, then pop my head up.

"Hello." Thalia says.

"Hello." I giggle.

"I thank you for being a good sister and coming for a swim with me." Thalia says smiling.

"No, no, thank you for being a good sister and pushing me in." I reply. Ivy sits in orange pants, orange and yellow with their own thing. Thalia seems worn and rough too.

"She is, is beautiful, isn't it." Thalia says as mom at statement.

"Yeah." I agree nodding.

"Now, let's get out of there before we catch hypothermia." She laughs and we walk out of the pool together.

We walk into the house dripping wet and Thalia goes to get her cell buzzer where it was in the dining room.

"Thanks." Damien says. My hands clench into fists and I stand up and walk back to the table and swing my fist at Damien's face. I miss.

"Damien!" Mom says.

"Sorry." Damien says. My hands clench into fists and I stand up and walk back to the table and swing my fist at Damien's face. I miss. Damien at the cafeteria and my only form. I presume my way into it was Damien and I'm about to run to Damien now he knew the person who gave me the scar. He walks to a empty table and sit down.

"It's about Thursday night, I really don't want to talk about it." Damien says with a sigh.

"I don't really care." I reply.

"Fine, get on with it." Damien says.

"How do you know him?" I ask.

"I can't answer that question." Damien says.

"Fine... what has started?" I ask, trust that he didn't answer my other one.

"I can't answer that one either." Damien replies.

"Ugh. What can you tell me?" I ask.

"Nothing
