

Before You Read

Hello everyone and welcome to one of my many books. I just wanted to point out a couple things before we got started.

Firstly, this book and the majority of my others are all first drafts that have been posted here for free. I write because I love it and I love sharing it with people here. However, I can't please everyone, not every book is going to hit you right, not every character is going to be one you can relate to. If you don't like it, don't read it. I make mistakes, I try my hand at different character personalities and don't always get it right. I'm just here to have fun and if you enjoy it then great!

Secondly, I do take my writing seriously. As I said before I put my first drafts here for free, but I am aggressively pursuing publishing contracts on several of my books. I would recommend reading my completed works as soon as possible as two have already been published and another book has been signed.

My works are all fiction. I love creating little worlds that sometimes don't look or feel like the world we live in. However, if you have tidbits of info that could make my work more real or interesting please feel free to share them! I love learning from you all.

On the point of commenting, my books are not the place to have heated conversation about controversial topics. Everyone has an opinion, I understand that and I have more than a couple opinions myself. But reading is an escape for people and if I find your comments offensive and hurtful I will delete them.

My werewolf books are all connected, though none of them are direct sequels. My works follow a line of royals, skipping generations or taking complete overshoots. All of my works can be read as standalones, but if you like this book you may like other as well. For a complete, in order list, head to my profile or direct message me.

Lastly, I am always here for anyone who needs someone to talk to. I might take a while to reply, but I promise I will try to get back to you if you need a shoulder to lean on and a listening ear.
