Chapter 101 Miss Van, I Like You

Truett's face suddenly turned pale.

Why did Leo suddenly appear out of nowhere?

He stared at Leo and leaned over with a sullen face. "Leo, I have no enmity with you. But why would you want to get involved in the matter between me and my ex-girlfriend?" Although Truett tried to lower his voice as much as possible, there were still many reporters present who heard him.

In an instant, more than a dozen cameras were aimed at Truett and Leo.

Leo smiled faintly and calmly looked at the cameras. "Mr. Uriel said just now that Alora is his ex-girlfriend," he said elegantly.

"Since she is not the current one, then everyone has the opportunity to pursue her."

After that, he smiled and slowly walked to Alora. He extended his hand towards Alora very gentlemanly. "Miss Van, I like you."

"Are you willing to give me this chance to pursue you?" Alora looked at the man in front of her and did not know what to do for a moment.

Although she was rejecting him from the bottom of her heart, Leo was after all a famous figure in the entertainment circle. It will be hard for Leo if she rejected him.

After all, he was here to help her out, so it was not good for Alora to do such a thing.

Taking a deep breath, she looked at Leo and smiled. "This is my honor." She did not put her hand on Leo's hand, nor did she respond to him directly. Instead, she gave such an ambiguous answer.

On one hand, she avoided contact with each other, and also avoided the embarrassment that will happen afterward.

On the other hand, she had just coldly refused Truett's courtship, and now she was telling Leo that she was honored, clearly expressing her standpoint.

For a moment, the dressing room was in an uproar.

"Then, Miss Van, do I have the honor of sending you back?"

As he spoke, Leo glanced coldly at Truett who was standing not far away. "There are too many unrelated people here. I am afraid that there will be annoying people following you." Alora paused for a long time before nodding hesitantly.

Leo escorted Alora and Anne out of the dressing room like a knight.

Along the way, the reporters followed silently. Occasionally, they asked Leo a few questions, but no one dared to come up and ask straightly. After all, a person like Leo could do what he wanted to do without any scruples and say what he wanted to say.

Just like what he said, in this Banyan City's entertainment circle, he was the sky.

If he was unhappy, even reporters would lose their jobs!

However, there were a few reporters who still did not give up.

"Mr. Leo, you have been in the entertainment industry for so many years and have never been involved in any scandals. Now that you suddenly show such a good impression of Alora, are you determined to be with her?" "This is not something you should be concerned about." Leo continued to look ahead indifferently, walking elegantly

"I am indeed loyal to Miss Van, but whether we can be together depends on Miss Van."

"Mr. Leo, is there any woman in the entire Banyan City who can resist your charm?" the

reporter smiled.

“Since you are dead set on it, then Miss Van is yours!”

Leo stopped in his tracks.

He turned around and looked at the reporter with a frown. “All women like me?”

“Where did you get this conclusion from?”

“This is a public fact!” the reporter smiled.

“Miss, do you like Leo?” the reporter asked, raising his hand to drag Anne over.

Anne was excited about the fact that she could stand beside Leo.

When the reporter dragged her over, she didn’t even think about it. “I like him!”

“I like Leo the most!”

“Mr. Leo, look, this is public opinion.” The reporter looked at Leo proudly.

Alora was amused by the reporter’s actions.

She stopped and wanted to wait for Anne.

But what she did not expect was that when she stopped, Leo also stopped.

The man kept the same pace as her. The reporter took a picture of Leo’s gentle side.

Alora held Anne’s hand and wanted to get to the parking lot as soon as possible.

However, just as she came out of the set, she saw the Maserati parked by the roadside.

The rear window of the black Maserati was very low. From her angle, she could vaguely see the profile of the man who was working.

He actually came to pick her up again!

Alora, who had just been tangled up with Leo, was instantly excited! “Mr. Leo, I should go.” She turned to look at Leo with eyes full of joy.

“My family is here to pick me up!” Leo frowned coldly. When his gaze came into contact with the black Maserati, his gaze became even colder. But he still nodded gently to Alora, “Go.” “Thank you, Mr. Leo!”

The woman picked up her backpack and ran away.

However, not long after, she stopped.

The woman looked up at Anne, who was standing not far away from Leo with a red face. “I’ll have to trouble Mr. Leo to send my best friend home!”

“Have a safe journey,” Leo said with a slight frown.

“Thank you!”

The woman said loudly. She opened the car door and got in. The black Maserati drove away in front of everyone.

Leo stood in the middle of the group of reporters and watched the car drive further and further away. His eyes gradually dimmed.

In Alora’s eyes, there seemed to be only her husband. As soon as the car appeared, her whole person was instantly radiant.

—
—
—

He looked at the car until it turned into a black dot. Only then did he look away. The reporters in front of him had already dispersed, leaving only Anne, whose eyes were filled with worship. Only then did he remember that Alora had just asked him to send her best friend home. The man frowned slightly and beckoned his assistant to come over.

“Send this lady home.”

In the back seat of the car, Samir was really working. The man was wearing black

trousers and a white shirt.

The sleeves of the shirt were rolled up, revealing his strong forearm.

At this moment, the man's big hand was tapping on the keyboard. After the car door was closed for a long time, the car started again, and the man calmly put down his hand. "Why are there so many people?" "No, it's nothing." Alora took out her phone with a red face. Fortunately, the news about her and Truett had not been spread online. It could also be said that not many people on the Internet would pay attention to Truett. Alora flipped through the news headlines and sighed in her heart. A month ago, Truett was the best candidate for this year's Golden Ox Award to be the best actor. But now... things were different. As she thought of this, her fingers involuntarily drew downward.

"Miss Van, I like you."

"Are you willing to give me this opportunity to pursue you?" Leo's voice came from the phone.

In an instant, the air in the car cooled down.

Chapter 102 Stella of true love of LM

Alora's phone was snatched away by the man.

At this time, the picture on the phone happened to be played about Alora in front of many reporters saying, "It is my honor."

A certain man's face instantly darkened like a dark rainy sky.

Alora pursed her lips. "Um, I can explain..."

Samir glanced at her, stretched out his long arm, and directly pulled the woman's petite body into his arms. The man's thin lips gently kissed her neck, and the warm breath sprayed on her collarbone, making Alora feel dizzy for a moment.

Her face was red and she did not dare to look at his bottomless eyes. "I was just..."

The woman tried to make her voice more serious, but Samir's next move made her unable to continue to calm down.

He opened his mouth and kissed her round earlobe.

The warm and ambiguous touch made Alora speechless for a moment. Her mind was so blank that she almost forgot what she wanted to say. After a long while, she finally found her voice. "I just said these words. It was a expedient plan."

"Leo and I are not related, but he is willing to come out and help me when I am entangled by Truett. I can't not give him any face in front of so many reporters."

After speaking, she carefully kissed Samir's face: "And I really did not promise him. I just said that it is my honor."

"Actually, this is not a response."

"Don't be angry." The woman's clear eyes looked at Samir's face seriously.

Her soft and tender attitude made Samir unable to say more serious words.

The man looked at her for a long time before he raised his hand and gently pinched her cheek. "When did I get angry?"

Alora was stunned and turned to look at his face. "You... aren't angry?"

"I just feel that I might have a sense of crisis in the future," Samir said with a faint smile, kissing her on the face.

“He is an interesting opponent.” he said as he reached out his slender hand to comb her hair.

Alora’s hanging heart finally fell to the ground.

“I think you don’t have to treat Leo as an opponent.” the woman said with a smile.

“I think he should not be interested in me. The reason why he said that before should be because of his sense of justice.”

“After all, I will cooperate with him to film in the future. That’s why he helped me like this.”

“You don’t understand men.” Samir lightly smiled.

He could see Leo’s eyes in the video just now.

It was not a look of helping ordinary friends. Alora pursed her lips and did not speak again.

Soon, the car arrived at Rowan family’s villa.

When Alora went upstairs and went back to her room, she passed by the children’s room and subconsciously looked inside.

In the half-closed door, Steve was sitting in front of the computer, her small hands tapping the keyboard quickly.

Meanwhile, James was looking at the tablet computer, constantly moving his hands on the that.

She stood at the door and looked at it for a long time. In the end, she did not push the door open and enter.

After a while, she returned to her room.

When she took out her phone again to look at it, the rumors about her and Leo on the Internet had been deleted.

At this time, her phone rang. It was Leo calling. The woman frowned and picked it up.

“Your husband didn’t say anything, did he?”

“There are all kinds of news on the Internet. I’m afraid he will misunderstand,” Leo said directly on the other side of the line.

“He didn’t misunderstand.”

“My husband is very understanding,” Alora interrupted him as soon as Leo finished speaking.

“That’s good.”

Leo was obviously choked by her words.

“I didn’t expect your husband to handle things so quickly,” he said with a smile. “I thought that those news and videos would be posted online for at least two to three hours. I didn’t expect that it would be solved in less than an hour.”

“He is still too sensitive. If you want to stay in this circle in the future, this kind of hype can’t be avoided.”

“These things are not handled by my husband. He understands my work very well.”

Alora took a deep breath.

“Although I may have a high chance of continuing to stay in this circle in the future, I will try to avoid this hype.”

“When necessary, I will announce the fact that I am already married.”

“So, Leo, don’t help me in this kind of thing in the future. I have my own plans.” The woman’s words were crisp and clear. On the other side of the line, Leo who had always been invincible in the entertainment circle did not expect that he was directly rejected by

a newcomer like Alora.

“You are very different.”

On the other side of the line, Leo smiled faintly, and there was a bit of praise in his eyes for Alora.

It had to be known that in this entertainment industry, many women wanted to use their relationship to climb to a high position.

Today, this opportunity to hype up with him was something that no one could ask for even if they wanted to.

“Uncle Leo, do you think what I said is right?”

On the sofa in front of him, Stella, who was wearing a white muslin dress, chewed on a lollipop as she spoke proudly, “The woman I like is definitely different from others.”

After she finished speaking, she smiled and extended her hand towards Leo. “Give me the money, you lost!”

The tall and straight man smiled helplessly. He walked over gracefully and handed her a few paper money. “It’s rare for you to win once. You should thank her.”

“When she becomes my mother in the future, I will have plenty of time to thank her!”

“Uncle Leo, do you like her?” Stella raised her head proudly. “What do you think?” Leo narrowed his eyes slightly. “I think you already like her!” “Uncle Leo, didn’t you say that no difficulty could stump you?” Stella smiled and grabbed Leo’s arm. “Do you have confidence in snatching someone else’s wife?”

“...” Leo.

He had lived so long, and prided himself on being upright, he had never done anything bad. Yet now, he was going to be a third party under the pressure of this little girl?

“Actually, there are many women who are suitable to be your mother.” “I just think that we are fated!”

“I don’t care. If you lose, you have to listen to me!” Stella pursed her lips. Her bet with Leo this time, in addition to the hundreds of dollars she got, there were also the terms that demanded Leo to pursue Alora. The man had a headache. He originally wanted to play with her, but he didn’t expect this little girl to take it seriously. “Why do you look so reluctant? You obviously like her!” Stella curled her lips and went upstairs. Sitting in a small chair, the little girl turned on the computer and logged into her Weibo account, “Stella with true love of LM ” She began to post her edited videos about Leo and Alora. Suddenly, her computer began to lose control. Her first reaction was that the computer was poisoned. The little girl hurriedly began to crack it. “Wow!”

Inside Rowan family’s villa, James looked at Steve’s computer in shock. “Brother, this person can actually unlock your control over her computer. He is an expert!” “Noisy.” Steve frowned. His fingers continued to dance on the keyboard, and he began a second duel with the person on the other end of the computer. In this one hour, he had already dealt with almost all the gossip news about Alora and Leo on the Internet, but only this account of “Stella of true love of LM”, he could not delete the remarks she sent.

Therefore, he must see today who the person who kept making songs for his mother was!

Happy Mommy Happy Daddy Chapter 103

Chapter 103 She Is Not a Good Person

The atmosphere in the children's room in the Rowan family's villa was exceptionally tense.

James carefully placed a glass of water beside Steve. "Brother, don't be nervous. The other party might be a very old person. Because he has a lot of experience, it is normal that you can't beat him."

"After all, we are only five years old. We have unlimited potential!"

The young boy's words made Steve frown. "Who said I can't beat him?" He stared at the scene in the computer, and a cold smile appeared on his lips. Just now, he was just testing the other party's background. It was undeniable that the person opposite him was indeed an expert, much stronger than all the opponents Steve had encountered before.

But that was all. Compared to Steve... he still had a long way to go! Steve snorted and typed the latest code into the computer. His fingers were moving rapidly.

In Leo's Yunshui Villa, Stella's computer involuntarily flickered.

She looked at the computer in shock. How could.

She was known as the little Princess of hackers. But she was actually defeated!

She hurriedly placed her hand on the keyboard again and began typing codes.

However, it was useless.

The computer was still out of control.

In fact, the computer had begun to activate the recording equipment and cameras of the computer without permission! Stella secretly cursed. The other party wanted to know her information! At the critical moment, she took out the mask on the side and put it on her head, and also turned on the voice changer.

Thus, on Steve's computer, a "little boy" wearing a mask and speaking with a hoarse voice appeared.

At this time, the little boy was wearing an ugly mask.

The ugliness was comparable to the one that James had used to scare Alora.

"Who are you?" The little boy asked in a hoarse voice.

Steve thought he was seeing things.

The other party was actually... a little boy who was about his age, wearing a mask?

Although he was using a voice changer to make his own voice very strange, that small hand and small body gave him away!

Steve was shocked speechless. In this world, other than him, there was another person who could do coding to perfection at such a young age?

"I am your father!"

James also used his voice changer and said coldly, "I warn you, don't continue to spread rumors!" "Don't think that you can do whatever you want just because you know a little bit of hacking!" "There's always someone with better skills than you!"

Stella couldn't see the face of the other side of the computer, but from the sound of the voice... it should be an old person.

"You're so proud to bully a kid?" she snorted.

"I'm only five years old. I've already tied with you. What's there to be proud of?"

"Also, I want Alora and Leo to get together. Even if you can manage my account and hack into my computer, you can't control my desire for them to be together!"

"Old man, you'd better give up! Alora will definitely be Leo's wife. I won't have it any

other way!”

With that, she angrily pulled out the computer’s power.

In Rowan family’s villa, James looked at Steve’s face in a daze. “Brother, he is so arrogant!”

“It doesn’t matter.”

Steve narrowed his eyes slightly. “I have already locked onto his IP address. It won’t take long to find out his real address.”

“I’m monitoring his online account at any time. If he dares to do bad things, we have plenty of ways to deal with him.”

“Yes!” James slapped his forehead.

“Anyway, he is not old. When the time comes, I will put on the clothes to scare him!” Since Alora married in, the set of clothes he used to scare people had not been used much. He was worried that he would not have the chance to wear it again!

“What a psycho.” Steve glanced at him indifferently.

“??”

“Bro!”

“You were the one who chose the clothes for me!”

“You also chose the mask for me! You also chose the clothes for me!”

“You wrote all the lines for me! The two of us are clearly in cahoots. Why do you call me a psycho!”

Steve rolled his eyes.

“In cahoots?”

The next second, the young boy directly put a thick dictionary on the bookshelf into James’ arms. “Finish reading this in a week.”

“Why?” James asked with a bitter face.

“Because you are uncultured.” “I am only five years old!” James pursed his lips and said confidently.

“A five-year-old child isn’t supposed to be cultured!”

Steve rolled his eyes at him and did not continue to pay attention to him. Instead, he lay back on the small bed and stared at the ceiling in a daze.

For some reason, the brat in the computer screen just now kept appearing in front of his eyes.

He had finally met his opponent. The corners of his lips curved into a devilish smile. The hacker boy today was the second person he had been interested in besides Alora during this period of time.

Since the little guy kept denying defeat, then he would use his strength to crush him until he surrendered!

“Woo!”

In Cloud Villa, Stella sat on the sofa and cried sadly.

“What’s wrong?” Leo rubbed her little head.

“I lost!” “I’m not happy!” “Uncle Leo, the teachers you found for me are not good at all!”

“They all say that I am a genius, but today I was casually hacked by others!”

“I was almost seen by them!”

“I am so sad!” The little girl cried.

“I am not a genius!” Leo sighed helplessly. “Then how about I find you more teachers?”

“But the ones you found last time were already top-notch!”

The more she spoke, the sadder she became. "I really failed today. Now I am completely controlled!" "Why is Auntie Van' hacker so powerful" "The person who defeated you today was Alora's person?" Leo frowned.

"Yes!"

"The one who dealt with the online news for her in the afternoon," Stella sobbed. A complicated light flashed in Leo's eyes, and then he smiled. "Don't cry. Uncle Leo will find you a better teacher."

"Really?"

Stella wiped her tears and asked while sobbing.

The next day, Alora read the script at home and began to prepare for Purple City's shoot. In the evening, the chief director of White Hair called her and said that he wanted to hold the celebratory feast that had not been held yesterday. And today was also Sherry's final day of the film as well, so they could get together. Alora had no reason to refuse. In the evening, after preparing dinner for James and Steve, she packed up and left. The banquet was held at the Spring Hotel.

When Alora arrived at the entrance of the Spring Hotel, she got out of the car and met Elena, who was getting out of the car with several women and preparing to enter the hotel. Among the women who were with Elena, Alora clearly saw Nancy. How could they know each other? When Alora looked at Nancy, Nancy also noticed her. The woman smiled faintly and raised her hand to greet Alora warmly. "Long time no see," she said. "As soon as Nancy opened her mouth, Elena's attention was instantly attracted to her. She turned to look at Alora, and her face immediately became cold. "Miss Billings, ignore her. She is not a good person!"

Chapter 104 Don't Live in Fantasy

Nancy smiled faintly. She did not object to Elena's words. Instead, she glanced at Alora. "Coming here so late at night... You have a date?"

"It's a dinner party for the crew." Alora nodded.

"Dinner party. I see."

Nancy glanced at Alora and smiled meaningfully. "Then you have to protect yourself. If you get drunk, bad things might happen."

The sarcasm and hostility in her words were clearly heard by Alora.

"Don't worry, Miss Billings. I have a good relationship with the colleagues in the crew."

The woman smiled. "Moreover, I have been in Film City for so many years. I have never heard of anyone having an accident during a dinner party. Miss Billings probably has watched too many films and television dramas to have such thoughts."

"However, these shows are all imaginary work by the writers."

"As a person, it's better not to live in fantasy. Don't you think so? Miss Fiancée."

After saying that, she stepped into the hotel with cold eyes. Looking at the woman's back as she entered the room, Elena glared at her fiercely and turned to look at Nancy attentively. "Miss Billings, don't lower yourself to the same level as this kind of woman."

Nancy looked at the direction that Alora left in and narrowed his eyes.

Miss Fiancée?

Don't live in fantasy? Today, Samir had just sent someone to tell her to stop living in

fantasy. And now Alora said this too!

This woman was doing this on purpose, right?

Was she declaring war on her?

“Miss Billings?”

Seeing that Nancy was standing still, Elena pursed her lips and carefully said, “Well... we should go in now.” “Elena.”

Nancy narrowed her eyes slightly and turned to look at Elena’s face. “Do you think what Alora just said is right?”

Elena looked at her blankly.

“Do you also think that nothing will happen during the dinner?” The woman’s lips curled into a cold smile.

Elena was stunned for a long time before she reacted. “I understand!”

“I will arrange it right away!”

After saying that, Elena directly took her phone and went to the corner to make a phone call.

Nancy lightly adjusted her scarf and gracefully entered the hotel.

Sometimes, you don’t need to kill with your own knife.

When Alora arrived at the dining room, everyone was already there. Sherry was sitting in the middle of the crowd drinking. “Come, I am in a good mood today. Let’s drink!”

In the middle of the crowd, Sherry held a glass of wine with a big smile on her face. “Oh right, I am the best actress now. You can’t take a picture of me drinking and put it online. Do you hear me?”

“If I see things online tomorrow, I won’t spare you guys!”

“Come, drink!” she laughed.

The moment Alora entered the room, she saw Sherry pouring herself a glass of wine.

“How much did you drink?” the woman asked with a frown.

“Not much!”

“Only three bottles!” Sherry smiled and extended a finger towards Alora.

Three bottles...

“Don’t drink anymore,” Alora said as she looked at the empty bottles in front of Sherry.

“Alora, don’t ruin the fun,” the chief director said as he moved closer.

“Sherry said that she would be on leave for a period of time after filming, so she wanted to drink a few more cups.” “Why did you stop her?”

“Do you really think she’s happy?” Alora asked coldly.

The moment she entered, she could tell that Sherry was forcing a smile.

Although she was smiling, Alora could clearly see the sadness and bitterness in her eyes.

Perhaps Sherry’s acting was too good. The chief director nodded. “Of course, she’s just very happy.”

After saying that, he looked at the person beside him inexplicably. “Do you think Sherry is unhappy?”

“Of course I am happy!”

“Yes!”

“Don’t stop me!” Sherry also pushed Alora away.

“Let me drink!”

After saying that, she even picked up the bottle and began to pour alcohol into her

stomach.

Alora looked at her and felt a little distressed. In fact, she and Sherry were not particularly familiar with each other. The only interaction was when Alexander asked Sherry to take care of her.

They were actually not even friends, so Alora had no idea what had happened to Sherry.

However, Sherry was the actress she admired the most. Seeing her like this made her feel sad.

Thinking of this, the woman snatched the wine from Sherry's hand and began to send a message to Alexander. Sherry and Alexander had such a good relationship. If she didn't know what happened to Sherry, Alexander would definitely know!

"Alexander, Sherry is drinking a lot. Do you know what happened?"

After sending the message, she received a reply from Alexander not long after.

"I do not know. It has nothing to do with me."

"But isn't she your friend? I'm not familiar with her. I don't want to offend her."

"Don't worry about her if you're not familiar with her. Let her be!"

The reply made Alora frown.

She vaguely felt that the matter of Sherry being in a bad mood had something to do with Alexander. Before she could send another message to Alexander, Sherry had already opened another bottle. Alora had no time to care about Alexander and could only rush over to snatch Sherry's wine. "Don't drink anymore!"

"I want to drink!"

"Who are you? Why do you care about me!?" Sherry pouted. After saying that, she turned to look at the chief director. "This woman is so annoying!"

"Tell her to get lost!"

The chief director was a little embarrassed. After all, Alora's identity was not simple. However, he could not afford to offend Sherry. "Tell her to get lost!" "If she doesn't leave, I will leave!" Sherry leaned against the chair and began to act shamelessly. "If I leave, no one can have me in his films in the future!" The head director pursed his lips. There was nothing he could do. He could not lose the chance to cooperate with a big star like Sherry for the sake of a newcomer like Alora.

"Alora."

The director took a deep breath, "I don't know what happened to Sherry either... She was the one who suggested to invite you, but..."

"Why don't you go back first?" Alora frowned and looked up at Sherry. At the same time, Sherry raised her head and the two women looked at each other. "I don't want to see anyone related to the Rowan family. Get lost!" Sherry sneered. "Alora..." the chief director looked troubled. "I can go."

Alora took a deep breath and looked at the head director seriously. "Take good care of her."

"Don't let her hurt herself."

"I will! I will!" the head director nodded. The woman sighed and got up to leave. When she went out, she saw Elena standing in a corner at the end of the corridor, talking to a few men. She was too far away to hear clearly and was not interested. The woman took a deep breath and went straight into the elevator to go downstairs. "Remember, it's in the private room of that crew." At the end of the corridor, Elena stuffed the money into

the hands of two men. "That woman is the main actor, the most beautiful one in that private room. Do you understand?" "Don't worry!" The two men nodded. After saying that, they turned around and went to the private room. Elena stood where she was and looked coldly at the backs of the two men. There were many people in the crew, so it was too easy to sneak in. Alora, you don't believe there would be accidents? Well, I will make you believe.

Happy Mommy Happy Daddy Chapter 105

Chapter 105 Today Is My Birthday

Alora came out of the hotel and was about to take a taxi home when a black BMW stopped in front of her.

The car window was rolled down. The driver was Leo's manager, whom Alora had seen before. "Miss Van."

"Someone is looking for you," the manager smiled at her.

"Leo?" Alora frowned.

"No."

"Then who is it?"

"You'll know when you get there."

Alora didn't understand, but she still got in the car.

The agent turned left and right and drove the car to Cloud Villa.

"Please go in."

He opened the car door very gentlemanly, "The person is already waiting for you inside." Alora pursed his lips and looked up at the villa in front of him. "This is... Cloud Villa?" Cloud Villa was the famous celebrity villa area of Banyan City.

There were all kinds of famous people and celebrities in the entertainment industry living in the villa area. The security measures were very perfect. The celebrities could do whatever they wanted in the villa area without worrying about being photographed by paparazzi.

So...

"Is this Leo's residence?" Alora asked, pursing her lips.

"Yes."

"But Mr. Leo is not here today. Someone else is looking for you," the manager said with a faint smile.

Someone else?

Leo's girlfriend?

Because of the scandal between her and Leo, she wanted to settle the score with her?

The woman knocked on the door of the villa in confusion.

"Coming!"

A crisp child's voice came from inside the villa.

Alora paused slightly, and the little girl who liked to wear a white dress instantly appeared in front of her.

Her?

"Aunt Van!"

The door opened. Stella, who was wearing a pink nightgown, rushed out and hugged Alora's leg. "I miss you so much!"

It really was her!

Alora squatted down excitedly and hugged the little girl in her arms. "You were the one looking for me?"

"Yes!" Stella pursed her lips and smiled as she held Alora's finger. "Today is my birthday!"

Alora paused and turned to look inside the villa.

Sure enough, there was a big cake in the dining room.

"Happy birthday!"

"I didn't know it was your birthday, and I didn't prepare a gift for you. Tell me what you want!" Alora quickly pinched her little face.

Stella pursed her lips, and her clear eyes stared fixedly at Alora's face.

After a while, the little girl opened her mouth. "I want you to be my mother for the whole night, is that okay?"

Alora was stunned. "Is it that simple?" she asked, looking at the little girl in front of her.

"Yes!"

"Actually, it doesn't need to be the whole night. You can just accompany me to eat cake and play games. Then you can tell me stories and lull me to sleep."

"I follow a regular schedule. I will naturally fall asleep when it's time."

As she spoke, she took a serious look at the time. "It's already past seven. I'll sleep at nine."

"It won't take up too much of your time!"

The little girl's sensible words made Alora's heart ache.

She pursed her lips, carried her into the villa, and led her to sit at the dining table.

When she got closer, she saw that the cake was made very delicately. There were many flower designs. In the middle of the flowers sat a little girl wearing a white skirt.

There was a line of words in front of the little girl: Stella, Five Years Old.

Alora sighed lightly.

Steve and James were five years old.

Stella was also five years old.

If not for the fact that the three of them had no connection, she would really think that they were triplets.

After all, they were the same age and were all good kids. She sat next to Stella and sang a birthday song for her. She accompanied her to blow the candles and cut the cake for her.

"Thank you, mom!"

Stella took the cake that Alora handed over and sweetly called out to her.

The girl's voice gave Alora a moment of fright.

It was not that she had never been a mother for other children.

However, the feeling she got from Steve and James calling her mommy was completely different.

At this moment, she even felt that giving birth to a daughter for Samir... actually seemed to be a good idea.

"Mom, I'm going to eat!"

Stella smiled and began to eat the cake.

Alora sat next to her and accompanied her to eat cake and watch anime while taking out her phone to send a message to James.

“Something happened at the celebration party. I’m not there anymore.”

“I’m celebrating a birthday with a little girl. Your daddy and I met her before. I will accompany her until 9:30 at most!” “Tell your daddy that I can’t find his contact information!”

James frowned and forwarded the message to Samir. “Daddy, why does Mommy not have your number?”

On the other side of the line, Samir was silent for a long time.

After a while, he took out his mobile phone and sent a message to Alora. “Where are you?”.

IJ Wuy On this side, a message from “Darling” appeared on Alora’s mobile phone.

The woman frowned slightly. Was Anne going to act again?

She took a deep breath and replied quickly, “I’m busy, baby. Don’t worry about me. You should sleep early.”

Samir, “...”

She clearly knew that this was him. Why did she say that she did not have his contact information? “Are you at Cloud Villa?”

The man was silent for a long time and sent her a message.

The little girl he met last time was probably the adopted daughter of Leo.

Because he was afraid that similar things would happen again, Samir had asked someone to check Leo’s schedule before. He was recording variety shows all night.

So now, Alora should be accompanying that little girl in Cloud Villa’s company.

On the other side of the line, Alora was stunned. How did Anne know that she was in Cloud Villa?

After a while, she understood. Anne had told her brother that her boyfriend was a big star. Shouldn’t a big star live in Cloud Villa? So she took a deep breath and replied, “Yes, I am in Cloud Villa.”

“T’ll pick you up.” To pick her up?

Alora pursed her lips. This was going a little bit far...

Not to mention that Anne and her brother could not enter a place like Cloud Villa, even if they entered, they could not find her! Wouldn’t they be exposed the moment they found her?

The woman hesitated for a long time. “This... is not too good, right?”

“It’s perfectly good.”

“I’ll be there soon,” said Samir.

She looked at her phone with mixed feelings. She really wanted to call Anne to ask what was going on.

But she did not dare.

Because Anne said that as long as she used this number to contact her, it must be because her brother was by her side. “Mom, be more attentive.”

Stella pursed her lips unhappily and reminded her in a low voice.

“Sorry, my friend is looking for me.” Alora quickly came back to her senses and smiled a little embarrassedly Just as she was about to put down her phone and continue watching anime with Stella, her phone rang.

The caller ID on the screen was Anne.

Why did she call her at this time?

“Didn’t you say that we can’t make calls when your brother is by your side?” Alora frowned. Why did she call her then?

“My brother is not here.” Anne was confused.

“I did say that I wanted you to pretend to be my boyfriend to lie to my brother, but my brother had something to do later, so he didn’t come to Banyan City.” “What about the message you sent me?” “I didn’t use that number to send you any message.” Alora, “... ”

“How is that possible!?”

“Why would I lie to you?”

“But Alora, now is not the time to talk about this!” Anne pouted.

“Weren’t you going to the party tonight? I wanted to congratulate you, but I didn’t find you. But guess what I saw?” “I saw Sherry go with the three men drunk. The three men looked particularly wretched!”

Alora was stunned.

“You said that Sherry left with three men?” she asked. “Yes, she was carried away by them.” “No matter what, Sherry is still the best actress. How can she be so casual? Is she not afraid of being photographed by the paparazzi?” Anne sighed.

Happy Mommy Happy Daddy Chapter 106

Chapter 106 What Happened to Sherry?

Alora’s hand that was holding the phone trembled slightly.

“You said that Sherry was carried away by three men?” she asked. “Yes.”

“Why are you so surprised?” Anne asked in a confused voice. “I heard that those who have been in the entertainment industry for a long time are very open. After all, Sherry is the best actress and has been in the industry for so many years. In fact, I am not surprised at all...” “But Alora, where are you?” Anne asked as she walked out of the hotel.

“You should be the star tonight.”

“Anne, listen up. Immediately, call the police.” Alora took a deep breath.

“Tell the police everything you just saw.”

Alora’s voice trembled, and her heart trembled. “Sherry would not do such a thing.” “She seems to be in a bad mood tonight and drank a lot of wine.” “I am not there because she drove me away. She was not in a good state. Those three people are definitely not her friends!”

On the other side of the line, Anne was silent.

“Alora, you can’t call the police.” After a while, she bit her lips.

“Sherry is the best actress, a public figure. If it’s really like what you said, the police will only affect her image in the future.”

Anne took a deep breath. “How about this? Ask your Mr. Rowan first if he can find a way to help. Find out Sherry’s current location. She just left not long ago.”

“Okay.” “You’re right,” Alora said as she pinched her phone.

She had been too flustered just now.

If the police came out, they would indeed alert the media. At that time, even if Sherry was innocent, the media would still make a big fuss about it.

“Then, Anne, check Sherry’s company phone number. Find Sherry’s agent or assistant

and ask them to deal with it as soon as possible!”

“And I’ll call Samir now!”

After saying that, Alora hung up the phone directly. Although she knew that looking for Samir now was the best way..

However, she still could not find the contact details of this man. She curled her lips and felt extremely anxious. Didn’t Samir save her number in her phone last time? Why didn’t she have it?

In a moment of desperation, she had no choice but to call Alexander.

On the other side of the line, Alexander seemed to be drinking.

“Aunt, is there something you need me for?” The man sounded drunk, and there was also the sound of men and women laughing in the background. Alora took a deep breath. “Alexander, I don’t care what happened between you and Sherry, but what I want to tell you right now is.”

“Sherry drank a lot of wine in Spring Hotel just now. I don’t know how much she drank, but she had definitely drunk three bottles of strong wine on the table. She was still drinking when I left.”

“It has nothing to do with me.” The voice of Alexander on the other side of the line suddenly became cold. “But it has something to do with me!”

“Sherry is my friend!” Alora gritted her teeth and her voice became angry.

“If she is in danger, I will be worried and want to help. You are my nephew. Why don’t you help me?”

“What’s wrong with Sherry?”

“Someone saw that she was drunk and was carried away by three unfriendly-looking men.” Alora gritted her teeth and said, “You should know better than me whether Sherry is a woman who will mess around or not.”

“Got it.”

“Spring Hotel, right? I’ll take people to look for her now.” Alexander said coldly. After that, he hung up the phone directly.

After receiving such a reply from Alexander, Alora heaved a long sigh of relief, and she finally relaxed a little.

She knew that although Alexander had always been tough, he was still a friend of Sherry after all. He would not watch Sherry fall into danger.

“What’s wrong?”

When Alora finally hung up the phone, Stella in front of her widened her eyes and looked at Alora.

The little girl knew the situation was serious.

According to Alora’s expression and what she had just said, something bad must have happened.

The woman took a deep breath, “Stella, Aunt Van... Mom has a friend who is in danger. Mom has to deal with it.”

She had not forgotten that she had promised to be Stella’s mother tonight.

“Mom’s friend is my friend.”

Stella took a deep breath, took out her phone from the side, and dialed a number.

“All of you, come here.”

“Uncle Leo has arranged a guard team for me. These people are very powerful, or they can help you.”

Alora looked at her in shock. Just as she was about to say something, the door of the villa was opened.

“Little Princess!”

“This is Aunt Van. She has a friend who is in danger. Please help her.” Stella raised her little finger and pointed at Alora.

The man in the lead nodded and turned to look at Alora. “Miss Van, may I ask who your friend is? What is the problem now? What do you need us to do?”

Alora was shocked by this scene.

She looked at those people in shock. “You...”

“Please rest assured.”

Probably seeing through Alora’s doubts, the man in the lead cleared his throat. “We have been working as special forces and mercenaries before.” “My companions are the champions who survived the rain of bullets. Please do not doubt our abilities.”

Alora was so shocked that a whole egg could be stuffed into her mouth. Le... was he really just an award-winning actor?

If these people in front of her were as powerful as they said... then Leo’s identity was definitely not simple! Thinking of this, she pursed her lips and turned to look at Stella.

“They are so powerful, then what do you usually... make them do?”

“Play with me.”

“Move things for me and help me carry my bag. When I’m in a good mood, I sing or dance, and they can be my audience.” Stella shrugged.

Alora, “... ”

What a waste of talent...

However, the woman coughed lightly and looked up at the man in the lead. “Actually, I have already found someone to look for my friend. I don’t need you to help me.”

“If you are really that strong, I hope that one or two people can help me.”

“But it has to be kept a secret.”

“Don’t worry,” the man in the lead nodded.

After that, he found two men in the crowd and dismissed the rest of the people. After Alora assigned them a task, the man in the lead smiled. “Miss Van, may I ask if you have been abroad?” The woman frowned and shook her head. “What’s wrong?”

“Nothing.”

“I just feel that you are a little similar to a missus I knew before.”

Happy Mommy Happy Daddy Chapter 107

Chapter 107 Alexander Would Not Let Anything Happen to Her

“Maybe we just look alike.”

Alora did not take this man’s words to heart. Her mind was full of Sherry’s safety.

“Time to look for her.”

Seeing that Alora did not intend to continue to talk about this topic with him, the man tactfully turned and left with the other two people.

“Brother Zack, who do you think that young lady looks like?”

The three of them left Cloud Villa, and someone asked curiously.

The man called Brother Zack narrowed his eyes slightly, “I used to be a bodyguard for a big family in Europe for a period of time.”

“She looks very similar to the lady from that family.”

“However...”

“What?”

“It’s nothing. Let’s get to work.”

After the bodyguards left, Stella sighed lightly. She knew that Alora definitely no longer had the mood to accompany her to watch anime and tell her stories.

She yawned and pretended to be tired as she stretched. “Mom, it’s about time. I’m going to sleep.”

“I see that you are in a bad mood. Why don’t you stop telling me stories? Go find your friend first.”

She jumped down from the sofa and held Alora’s hand with a smile. “Zack Burr is very powerful. He will tell you the location of Auntie Sherry in less than ten minutes. Don’t worry.”

“I’m very happy tonight. Go find her.” Alora pursed her lips. She could tell that Stella was forcing a smile. But now... she really couldn’t pretend that nothing had happened.

“Sorry...”

The woman raised her hand and pinched Stella’s chubby little face. “Aunt Van owes you one. Next time, I will continue to be your mother, okay?”

“Okay!”

The little fellow smiled and nodded. “This is your words. It’s a promise!”

Alora felt sad about how sensible and obedient Stella was.

She thought of Steve and James.

The two children in her family were also very sensible.

The children were all so good at an age when they should be naughty and annoying.

The woman squatted down and gently kissed Stella on the forehead. “Then Aunt Van will go first.”

“Is it okay for you to stay at home alone?”

“No problem!” “Uncle Leo is very busy with work. He often doesn’t go home for a few days. I am used to it!” Stella waved her hand indifferently.

“Good night!”

After saying that, the little girl turned around and went upstairs.

From an angle that Alora could not see, two drops of tears rolled down from the corners of her eyes.

Sure enough, she did not have the chance to have such a good mother.

Even when she lied to her about her birthday, something would still happen to stop her.

Standing where she was, Alora looked at Stella’s back, and a trace of grief inexplicably welled up in her heart.

“Stella.”

She pursed her lips and called out to her.

“Is there anything else, Aunt Van?” the little girl stopped.

“Your Uncle Leo is right.”

“Your parents must still be in a corner of the world waiting for you to come home.”

“You will find them.” “I believe so too,” Stella said as she closed her eyes. “It’s very dark outside. Aunt Van, you have to be careful!” After that, she trotted all the way into the bedroom.

Watching the little girl disappear from her sight, Alora sighed and then turned to leave

the villa.

At night, Cloud Villa was quiet, and there was no one on the road

After coming out of the villa, Alora was a little desperate.

Cloud Villa was in a high-end villa area, so the taxi could not get in at all.

If she wanted to go out, she could only walk to the gate and take a taxi.

However, Leo's villa was too far from the gate. She walked for almost ten minutes and did not get there.

At the tenth minute, she received a call from Zack Burr.

"Miss Van, we have tracked down your friend's cell phone signal." "They are heading towards the east side of the city. We are urgently tracking them."

"But it is very strange. They seem to be circling around Banyan City. I suspect that the other party is deliberately using her cell phone signal as bait. She may not be in the car anymore." "There are a few roads that are not monitored. I don't know if they got out of the car. Other than the mobile phone, is there any other information?" The words of Zack Burr on the other side of the line caused Alora to instantly stiffen up.

She was separated from her cell phone.

There was no surveillance.

It seemed almost hopeless!

She bit her lip. "You catch up with the car, pull out the people in the car, and ask them where Sherry has gone!"

"We caught up. And there are already people doing it."

"I plan to follow them to check the surroundings of the surveillance zone, but the range is too big. We can only try our best."

"The people should also be here to save your friend. We can cooperate with them."

"Thank you for your hard work," Alora said, biting her lip.

"You are a friend of Stella, so you are our friend."

Zack Burr hung up the phone:

A moment later, Alora received a photo from Zack Burr. In the photo, Alexander grabbed a man by the collar and pressed him to the ground.

The woman closed her eyes. Tonight was destined to be a sleepless night. "Get in."

Just as she was feeling helpless and helpless, a black Maserati stopped beside her.

The car door opened, revealing Samir's familiar and handsome face.

"Why are you here..." Alora was stunned. "I said I would pick you up."

"Let's go," the man said with a faint smile.

Alora pursed her lips and got into the car.

The moment the car door closed, the man pulled her into his arms. "Alexander just called. I heard about Sherry."

"The butler has already sent someone to help." After that, he raised his hand and pinched Alora's face. "Don't worry." Alora raised her head and stared at his face. "I shouldn't have left." If she hadn't listened to Sherry and the chief director and left, when Sherry was in trouble, she would have asked someone to help immediately. Now the situation was bad. No one could find Sherry. "It's not your fault." "She will be fine." The man pulled her into his arms.

"I promise." The familiar aura on Samir and his firm voice made Alora's heart feel like it had been hit by something. "Although I am not really close to her," she said, clutching

Samir's shirt. "But she has always been the actress I like."

"It was also her who took the initiative to ask me to be her substitute when I was bullied by Celia and

Truett..."

"I don't want anything to happen to her."

"She should have a better future..."

The woman's trembling voice and tears made Samir's heart stop. "Don't worry." The man pursed his lips. "Alexander won't let anything happen to her."

Happy Mommy Happy Daddy Chapter 108

Chapter 108 I Probably Know Who Did It

Samir did not bring Alora home, but took her directly to the east of the city.

There was only one man and a few mannequins in the van with Sherry's mobile phone. When Alora and Samir arrived, the man had been beaten black and blue by Alexander and was being watched by several bodyguards.

Alexander himself had already taken people to find Sherry. "Mr. Rowan."

Seeing that Samir had brought Alora over, the bodyguard who was guarding hurriedly came over. "He won't say anything."

"Young Master Alexander wanted to ask him about Miss Sherry's location, but he didn't say anything."

"After beating him up like this, he still didn't say anything."

Hearing the bodyguard's words, Alora subconsciously glanced at the man.

His face was covered in black and blood, and his clothes were ragged.

But this face...

Alora frowned and walked closer to take a closer look.

Suddenly, she remembered the scene she saw in Spring Hotel.

Wasn't this man one of the two who spoke to Elena at the end of the corridor?

At this moment, Alora felt that all the blood in her body began to boil. She trembled as she walked in front of the man. "Was it Elena who instructed you?"

"I don't know what you're talking about." The man looked at Alora coldly.

Alora clenched her fists tightly.

She closed her eyes and everything that happened in Spring Hotel appeared in front of her.

At the door, she met Elena and Nancy.

Nancy sneered and warned her that there would be an accident.

Later, she sneered at Nancy and entered the door. Then, she was chased out of the room by Sherry.

Then, she saw that Elena was talking to this man.

In the end, the drunk Sherry was taken away. Elena's flattering attitude towards Nancy... Alora shivered.

Elena and Nancy only knew that it was her celebratory party. They didn't know Sherry was also there.

So those people took Sherry away.

What if she had not been driven away by Sherry?

Then who would be the one in danger now?

This terrifying discovery stunned Alora.

She thought that Nancy and Elena were only trying to scare her, but she did not expect that... they actually dared to do such a thing!

And Sherry was implicated!

Their real target was actually her!

Thinking of this, Alora turned her head and grabbed Samir's hand with a tear-stained face. "We must find

Sherry."

"I must not let anything happen to Sherry." Otherwise, she would feel guilty for the rest of her life! Sherry had blocked the disaster for her! "Nothing will happen," said Samir as he held her hand.

However, even though he said that, he was actually not confident in his heart.

Sherry was beautiful and so drunk...

Just as Alora was crying in Samir's arms, the bodyguards here received the news that they had found her! The bodyguard excitedly reported to Samir, "Mr. Rowan, they found her in an abandoned factory!" "Shall we go now?"

Samir nodded and carried Alora directly into the car.

The car turned around and ran far away. Finally, it went to a deserted abandoned factory. The factory was dilapidated and old, and there was rust everywhere.

As soon as the car stopped, Alora couldn't wait to run in.

However, the scene in the factory stunned her instantly, and she couldn't say a word.

The whole factory was filled with the smell of blood. Several middle-aged men in disheveled clothes were pressed to the ground by bodyguards.

Sherry was held in Alexander's arms, covered in blood.

Her ruined body was wrapped in Alexander's coat, but even so, she could clearly see Sherry's long legs covered in blood.

Alora's legs went soft, and she almost fell to the ground.

Fortunately, Samir supported her from behind.

Even Samir, who was calm and collected, was shocked by the scene in front of him.

After a while, the man said in a low voice, "How is she?"

"She fainted."

"The ambulance is on the way." Alexander hugged Sherry and stroked her bruised face.

"I'm not sure about her injuries. I don't dare to move her casually."

"It's all my fault." His voice trembled. "I shouldn't have quarreled with her."

Alora wanted to say something, but she couldn't say a word.

Something really happened to Sherry. This was too big of a shock to her...

Samir hugged Alora and did not know what to say for a moment.

After a while, the man turned to look at the people who were pressed to the ground.

"Cut them."

The bodyguards looked at each other and instantly understood what Samir meant.

"Spare me!"

The few middle-aged men who were pressed to the ground began to wail,

"Someone told us that we could do whatever we want! That's why we came!"

"Yes, that person also said that this woman is just a small actress! She said we could do anything to her!"

"We haven't had time to play with her yet. We just had some fun with knives and whips

and stuff!”

“We can compensate! I still need to have children in the future!”

“I don’t have a child yet!”

The wails of several people made Alexander frown even more. “Do as Uncle Samir says. Cut them!”

“Yes!”

The bodyguards responded and dragged the few people away.

Not long after, the screams of men could be heard from outside.

“I think I know who did it.” Alora bit her lips.

The Van family house.

Elena was happy tonight and drank a little too much.

Before returning home, she also received a message from the man, saying that everything was going well. The woman she wanted to deal with had been thrown into the abandoned factory and received by a group of middle-aged men. Elena lay on the bed, her head full of alcohol.

“Hahahahaha!”

Looking at the ceiling, she laughed excitedly.

Finally!

Finally!

She had finally taught Alora a lesson!

How dare she take Mr. Rowan!

How dare she not know her place! Even if Mr. Rowan did not care that she had given birth before, so what?

He didn’t care that she had been pregnant before.

But what about after tonight?

After tonight, Alora would be a dirty, used and torn shoe!

No man could accept this kind of woman! He would divorce her!

At that time

“Bang bang bang!”

Even when Elena began to think about the happy future of her and Samir, there was a rough knock on the door downstairs.

“Who is it?”

“It’s so late. Can’t we talk about it tomorrow?” Victoria asked impatiently. When the door opened, Victoria was stunned by the scene outside.

Happy Mommy Happy Daddy Chapter 109

Chapter 109 Why Should I Help Her?

Under the bright moonlight, a group of tall and strong bodyguards stood outside the Van family house, blocking the moonlight outside.

With the light from the room, Victoria saw the tall and straight figure standing in the crowd at a glance.

It was Samir Rowan!

Victoria was so excited that she couldn’t control herself.

She smiled politely and looked up at Samir. “Mr. Rowan, it’s so late...”

“I’m here for Elena.”

Samir did not waste words and went straight to the point.

Victoria immediately beamed with joy.

Sure enough!

Elena's charm was unstoppable. How could Alora compare with her Elena?

And to look for her at such an hour, other than wanting to sleep with her, he could have no other purpose! Thinking of this, Victoria quickly made way excitedly, "You go in and wait first. Elena just washed up and went to bed. I will go and call her up."

"Okay."

Samir paused and stepped into the door. Behind him, the bodyguards followed him in.

The tall and straight man sat down on the sofa and crossed his long legs elegantly. "Let her out."

"Yes, yes, yes!"

Victoria excitedly lifted her legs and went upstairs.

"Don't tell her that I'm the one looking for her."

mwa

When Victoria ran to the first step, the man warned her coldly.

"I know, I know!"

Mr. Rowan definitely wanted to give Elena a surprise!

Victoria understood easily.

Young people like surprises!

In the bedroom upstairs, Elena was still proudly sending a message to Nancy. "Miss Billings, after tonight, Alora will no longer be a threat!"

As soon as she sent the message, Victoria's urgent knocking sounded outside the door.

"Elena, are you asleep?"

Elena frowned and quickly put away her phone to open the door.

At this time, her phone vibrated.

Elena ignored it and continued to look up at Victoria.

So she did not see the message from Nancy. "You idiot, you caught the wrong person!"

"Someone's looking for you!" Victoria grabbed Elena's hand, "There's a guest looking for you!" "A very distinguished guest!" "Come downstairs with me!" Victoria winked at her. "Wait."

Elena frowned and looked down at the thin nightgown she was wearing. "I'll change my clothes..."

"For what? This dress is just right!" "He came to see you so late. Don't you know what he wants?" Victoria glared at her. Elena paused and did not insist on going back to change. "Who is it?"

"You will know when you go downstairs!"

Victoria pushed Elena down the stairs. "Don't let him wait too long!"

Coming down from upstairs, Elena immediately saw the distinguished man sitting on the sofa.

Samir Rowan!!!

Why would he come to her at this time?

A bad feeling welled up in her heart...

Almost instinctively, Elena took a step back.

Her intuition told her that the reason Samir came to find her was definitely not what Victoria thought!

The man on the sofa saw her.

“Miss Van.”

“Come with me,” Samir said coldly.

Elena bit her lips and subconsciously wanted to run away, but before she could run a few steps, Samir’s bodyguard had already caught her.

The woman was dragged to Samir by two bodyguards.

“It seems that you know why I came to you.” The deep voice of the man on the sofa carried a dignity that was difficult to ignore.

“I don’t know what you are talking about, Mr. Rowan.” Elena raised her head. “You’ve been cuckolded. But you can’t blame it on me, can you?” “Alora is a promiscuous woman. Didn’t you already know?” “Didn’t you personally delete the video and photos? I thought you didn’t care!”

She sneered and deliberately said all the words she thought were a perfect disguise.

On the one hand, she belittled Alora’s personality.

On the other hand, she also provoked Samir in this way.

However, what Elena did not expect was that after she said this, Samir was not angry.

He just fiddled with the teacup on the coffee table with a playful smile, and the corners of his lips were cold and sarcastic. “I have not said my purpose of coming here. Why did Miss Van tell me so much?”

“You knew that something would happen to Alora tonight, right?”

“Mr. Rowan, why are you accusing me?” Elena rolled her eyes.

“It’s just that someone saw that Alora was taken away by three men at the hotel tonight.”

“I was only imagining what would happen.” “Mr. Rowan came to me so late at night. So I thought you were here to blame me for it.”

“I am, indeed.” Samir lightly picked up the teacup and took a sip. He looked up at his watch. “It’s about time.” As soon as he finished speaking, the shrill siren sounded outside the Van family house.

“You called the police?” Elena widened her eyes. “I didn’t call the police. It was the Thunder Agency that called the police.”

The Thunder Agency was the agency that Sherry was in. Alexander was the biggest secret shareholder.

Elena was stunned.

Even if she was not from the entertainment industry, she had heard of the Thunder Agency.

As the most influential celebrity agency in the entertainment industry, Thunder produced a group of influential artists.

Sherry, the best actress, was the best representative of them.

However, what did such a company have to do with Alora?

“You might not know yet,” the man stood up gracefully from the sofa.

“The woman you destroyed tonight is not Alora, but Sherry.” “How is this possible...!”

Elena looked up in shock.

The next second, the police rushed in. “Miss Van, you are suspected of planning a kidnapping case. Please come with us.” In front of Victoria’s shocked eyes, the cold handcuffs handcuffed Elena’s wrists. Elena, who was wearing a pink pajamas, was taken away by the police just like that. She didn’t even have time to change her clothes.

When the siren faded away, Victoria, who was inside the Van family house, came back to her senses.

She quickly rushed to Samir's side, "Mr. Rowan, what is going on?"

"What..."

"She will spend the rest of her life in prison." The man stood up and glanced coldly at Victoria's anxious face. "Thank you for your hospitality." "Van family's tea is really not tasty, and I will not come again."

After that, he left with his bodyguard.

Victoria was stunned for a second, and then she understood what Samir meant.

She rushed up again and stretched out her arms to block Samir. "Mr. Rowan, there must be a misunderstanding!" "You have to help Elena!"

"Why should I help her?" "Because..."

Victoria bit her lips, knowing that Samir was really not interested in Elena.

"Because you are Alora's husband, and I am Alora's mother!"

"Let Alora come to see me! I have raised her for more than twenty years, and she will agree to my request!" "I thought you settled all the debts when she married me?" Samir paused slightly.

Happy Mommy Happy Daddy Chapter 110

Chapter 110 I Want to Marry Sherry

At Banyan City Central Hospital. Alora sat on a bench, anxiously staring at the "Emergency" sign. On the side, Sherry's assistant Henry was squatting on the ground, constantly grabbing his hair with his fingers. "I shouldn't have let her."

"She said she wanted to give me a break this afternoon. I should have felt that something was wrong with her..."

"But I was only thinking about the date with my girlfriend tonight..." "I will never forgive myself in this life..."

This tall and big man actually had a sobbing tone in his voice. Alora pursed her lips and patted his shoulder. "Sherry will be fine."

"It's all my fault."

"I shouldn't have let her go out today. I shouldn't have let her look for Alexander. I shouldn't have..." Henry buried his head in his arms.

He seemed to realize something in the middle of his sentence. He looked up at Alexander who was standing by the window in the distance and didn't say anything.

Alora pursed her lips.

From the beginning, she had guessed that Sherry's bad mood must have something to do with Alexander.

However, she had not known Alexander and Sherry for a long time, and she did not understand their relationship, so it was not good for her to say anything.

Soon, the elevator arrived.

The tall man came down from the elevator, walked slowly to Alora and sat down. He raised his hand and pulled her into his arms.

"Have you dealt with her?"

The woman raised her head and asked in a muffled voice.

“Yes.”

“I saw her being taken away by the police car with my own eyes.” Samir nodded lightly. If the person who was injured tonight was Alora, Samir would directly make Elena pay with her life.

But the one who was hurt tonight was Sherry. Although the relationship between Sherry and Alexander was not ordinary, she was not the Rowan family’s member. Samir didn’t want to do anything illegal for her.

Moreover, Sherry had her company and her family behind her. Sending Elena to the police station was the best way now.

“Yes.” Alora closed her eyes and helplessly buried her head in Samir’s arms.

Previously, she wanted to follow Samir to Van family, but Samir stopped her.

He said that Sherry might come out soon. When she came out, there must be a female friend around her.

Alora listened to Samir and waited here.

But now an hour had passed. Samir had already come back, but Sherry still did not come out.

Could it be that she... Did something really happen?

“Uncle.”

In the distance, Alexander, who had been staring blankly at the window, calmly turned around.

“Help me,” the man said, looking at Samir firmly.

“I want to marry Sherry.”

His words silenced the entire corridor in an instant.

“Have you decided?” asked Samir, frowning.

“I’ve decided.”

“I’ll take the responsibility.” Alexander’s usually sloppy face was rarely filled with seriousness.

“My ass!”

Henry, who was sitting on the ground, directly stood up and rushed to Alexander. He punched him hard in the face. “Without you, would Sherry become like this?”

“The biggest mistake of Sherry is knowing you!”

“You are a god of plague!”

The more he scolded, the angrier he became, and he punched again. “What Sherry needs now is a person who loves her!”

“You don’t love her at all. You marry her just to make you feel at ease, but what about Sherry?”

“She was harmed by you to this extent. If you marry her out of guilt, she will continue to suffer!” “Alexander, you son of a b*tch!”

Both of Henry’s fists landed squarely on Alexander’s face.

Alexander did not dodge either. He stood where he was and received the two fists.

After a while, the man raised his head and looked at Henry indifferently. The corners of his lips raised into a smile. “Go on.”

Henry angrily punched again.

Alexander was forced back a few steps.

However, he still had a provocative smile on his face.

“Again!”

"That's enough." Samir coldly stopped him. "Stop fighting." Alora also rushed forward to pull Henry back. Henry glared fiercely at Alexander and sat back down on the bench. Not long after, the door of the emergency room opened. "We tried our best," the doctor said as he shook his head.

"But the damage and fright she received were too great. In addition, she herself did not have any will to live. She is still in a coma."

"Maybe she will wake up in a while. Maybe she will never wake up."

The doctor's words made Alora feel as if she had been struck by lightning, unable to move.

How could it be...

How could Sherry not have the will to live?

She was so beautiful.

She won the best actress award two years in a row. She was the hottest actress in the entertainment circle.

She still had a bright future.

How could...

"I got it."

Alexander took a deep breath and entered the emergency room. He pushed Sherry out with the other doctors and nurses and walked towards the ward.

The blood on Sherry's face had been wiped clean and the wound was covered with gauze.

She was lying quietly as if she had just fallen asleep.

Looking at her pale face, Alora finally burst into tears. If she had not left tonight, would Sherry be fine? If she had not met Elena and Nancy at the door, would everything be different? "Slap!" Beside her, Henry gave himself a hard slap.

He raised his hand and was about to slap the other side. Samir grabbed his hand in a timely manner. "What you should do now is not to blame yourself." "What you need to do now is to go to the company to make a decision." "Do you want to announce her situation or hide it? How to deal with work? When will you contact her family? You need to help her with all this." "It's not that she won't wake up ever. Since you want to help, then help her deal with all the business."

"Don't let her see everything in a mess when she wakes up."

Henry looked at Samir's face in a daze.

After a while, the man nodded fiercely and turned to leave.

Looking at the back of Henry, Alora bit her lips tightly.

She turned her head and looked helplessly at Samir's face. "I should have been the one to get hurt tonight..."

Samir sighed helplessly and pulled her into his arms. "This is not your fault." "You didn't know what would happen. You couldn't control other people." "If you were the one who was hurt, Sherry would blame himself too."

The man took a deep breath. "Come back to the old house with me tomorrow." "Since Alexander wants to be responsible, I will help him." "But... does Alexander like Sherry?" Alora pursed her lips. "It's enough that Sherry likes Alexander."

"Since Alexander took the initiative to say that he wants to marry her, it doesn't matter whether he likes her or not."
