### Chapter 301 This Time, It Was Finally possible

“Do you still remember that I’m your husband?” Samir curled his lips and gently pinched the woman’s soft little face. “You know that I’m your husband, but you still pretend not to know me and make up an identity of Xu Rong to leave me?” Alora’s heart froze slightly. The woman was silent for a while before she took a deep breath and turned around. She gently held the man’s face and kissed his lips.

“I was wrong.”

“We’re even.”

The woman’s actions made Samir smile.

Sometimes, he had to admit that Alora was very good at acting cute. She secretly escaped and left him, making him unable to find her anywhere. She even changed her name and pretended to be ugly, making him unable to recognize her... There were so many things, and she wanted to cancel it with just a kiss? However, it had to be said that she really understood him very well. He just fell for her trick. “Alright, we’re even.”

The man curled his lips and hugged her tightly in his arms. The two of them spent a long time in the hotel room. Only when Mingzhong called did Alora and Samir reluctantly part. One went back to the martial arts school and the other went to the company. When Alora arrived at the martial arts school, the outside of the martial arts school was still the same as yesterday, surrounded by people led by Dylan. Dylan held a loudspeaker and said righteously, “Let Xu Rong come out!”

“Let her make it clear. Why can’t Chen Dandan and her family be found?”

“Were they killed by her?” “I want to find Chen Dandan!” “Xu Rong, come out and explain. Come out and pay with your life!”

Alora frowned. She took a deep breath, put one hand in her pocket, and gracefully separated the crowd to walk in, then stood in front of Dylan

“What? You want me to take responsibility for Chen Dandan and her family again?”

The woman’s words made Dylan and the others turn their heads towards the source of the sound.

“Alright, you actually hid from us and came back from outside!” Dylan glared angrily at Alora. “Hand over my girlfriend, Chen Dandan, and her family!” “If you don’t hand them over, I will let the police arrest you!”

“Let the police arrest me?” Alora smiled. “What about the crime?”

Dylan snorted coldly. “Of course the crime is to murder Chen Jianhua and Chen Dandan’s family!” “Murder?” “Who told you that I murdered Chen Dandan’s family?”

Alora said coldly. “Who told you that Chen Dandan and her family were already dead?” With one hand in her pocket, she arrogantly and coldly looked at Dylan. “You can call the police.”

“But, if Chen Dandan and her family are not dead, you will be slandering me.” Her confident appearance made Dylan slightly frown, and his confidence was slightly lacking.

“You...”

“It must be you!”

“If not for you...”

Dylan frowned and hesitated for a while. “In short, it must be you!”

He went to the hospital early this morning to find Chen Dandan, but he could not find her anywhere.

When he went to Chen Dandan's house to find her, he found a few people who blocked her door and said that they wanted to kill her to avenge Director Xu.

Thinking of this, Dylan narrowed his eyes. Other than Xu Rong in front of him, who else could be Director Xu? Although he did not have solid evidence to prove that Chen Dandan was killed by Xu Rong's people, all the evidence pointed to Xu Rong!

"Xu Rong, there's no need to find excuses!" The man snorted.

"I've already called the police!"

"Is that so?"

Alora took out her phone from her pocket and dialed a number.

She was making a video call, and the person on the other side of the line could clearly see what happened on her side. The people on the other side of the line was the one Dylan had said that Xu Rong had murdered, Chen Dandan and her family! "Hello."

On the other side of the line, Chen Dandan, who was lying on the bed, picked up the phone with a pale face. When she saw Dylan, her face twisted. "Dylan?"

"I already broke up with you. Why did you call me?" Chen Dandan frowned.

Dylan instantly widened his eyes. He looked at the woman in the video call in disbelief.

This was really Chen Dandan.

He looked at Chen Dandan's face in a daze. "Dear, you..." "You are not dead?"

Chen Dandan frowned.

"You really want me to die, don't you?" "I almost died! But I was lucky and didn't die!"

After saying that, she glared at Dylan, "Are you still messing around in front of the Rongdao Martial Arts School?"

"I warn you, hurry up and take your people away!"

"Director Xu Rong is the best person in the world!"

"If not for her, I would have died last night!"

The woman's words stunned Dylan.

He looked at Chen Dandan in a daze.

"But..."

But he called Chen Jianhua yesterday. Chen Jianhua asked him to come and cause trouble for Xu Rong if he had nothing to do... "Yes."

Chen Jianhua, who was on the other side of the line, sighed, "Dylan, stop messing around." "If not for Director Xu, our family of three would have died last night!"

Dylan was completely stunned.

After talking to Dylan, Chen Dandan and Chen Jianhua turned to look at Alora at the same time.

"Director Xu, thank you."

"You were slandered by our family, but you helped us without regard for the past..."

"We really have no way to repay you!" Alora nodded lightly and hung up the phone.

After the call ended, in the ward on the other side of the line, a large hand directly took away the phone in Chen Dandan's hand.

"Mr. Chapman, we spoke to Director Xu as you instructed."

Mingzhong glanced coldly at the family of three in front of him, with a cold smile on his lips.

"I won't hit you."

After saying that, the man turned and left.

Chen Jianhua's forehead was covered with fine beads of sweat.

When Mingzhong closed the door, he heaved a sigh of relief and hugged his wife and daughter tightly.

Last night, their family of three had experienced too much.

First, they were given money as a reward by the people sent by Joseph, and then they were assassinated, almost losing their lives. At the critical moment, it was Samir's people who rushed in and pulled their family of three back from the edge of death.

Originally, they thought that they were finally out of danger, but as soon as dawn came, two Mr. Chapman came here.

First, Justin beat up their family of three, then Mingzhong forced them to apologize to that ugly monster, Xu Rong...

Mingzhong also said that if they did not apologize, he would also beat them up.

And his skills were much better than that of Justin just now...

Chen Jianhua was scared out of his wits and just did as Mingzhong said.

"It is finally okay this time, right..."

The man closed his eyes, feeling endless regret in his heart.

They just shouldn't get involved in Xu Rong's matter!

"How is it?"

After hanging up the phone, Alora elegantly looked at Dylan in front of her. The smile on his face was full of ridicule.

Dylan's face first turned to red, and then white.

The people around him also began to mutter.

"It turns out that they have already broken up, and there are so many things." "It turns out that Chen Dandan is fine. He is the one who created rumors here." "Fortunately, we did not call the police. Otherwise, we'll become his accomplices..."

The crowd discussed and scattered like birds.

Dylan sat helplessly on the ground.

"Dylan."

Alora squatted down and looked at Dylan with a smile. "When you used to chase me in school, I didn't realize that you were so shameless."

### Chapter 302 The Two Brothers Were Taken Away

Dylan looked at Alora in shock. "You..."

How could Xu Rong say such a thing? She also graduated from their school?

Looking at the man's confused and shocked face, Alora could not help but sneer.

"Can't you tell?"

In front of him, she took out the makeup remover from her bag and removed the special makeup on her face.

The ugly scars and birthmark faded away, revealing a fair and pretty face. Dylan was stunned on the spot as if he was struck by lightning. After a long time, Alora, who finally revealed her true face, took a deep breath of fresh air and looked at Dylan's face indifferently.

"Dylan, do you understand now?" "You have always said that you are very familiar with me, so I don't bear to expose you." "But you are getting more and more

excessive each time.” “Do you really think that everyone can be deceived by you if I don’t speak?”

The woman’s words made Dylan’s face turn white. Someone secretly took out his mobile phone to take a video and post it on the Internet. The news that Xu Rong was Alora instantly exploded the Internet. The video of Xu Rong removing her make-up and turning into Alora was a hit on the internet and became a hot topic today. Those who had previously cursed Samir for being a scumbag because Samir had pursued Xu Rong were all dumbfounded.

So...

So Xu Rong was Alora. It turned out that the person Samir liked and the person he pursued had always been his real wife, Alora!

“Sir.”

In the president’s office of Rowan Group, Mathias showed Samir the news on the Internet.

“The internet is now polarized.” “Some people say that your relationship with your wife is more solid than gold. Rich people really know how to play.” “The other group... think that Madam is pretending to deceive the public, treating others as fools...” “Do you want to get rid of the bad remarks about Madam?”

Samir was looking down at the documents. Hearing Mathias’ words, the man raised his head. “Why do you want to get rid of it?”

“Because... it’s not good for Madam.” The man laughed. “It’s not bad to let these people talk more.” He closed the folder and said, “In this way, if there is a problem between us next time, she will hesitate when she chooses to escape like this.” Mathias paused for a while before understanding the meaning of Samir’s words. “This move of yours... is to use other people’s hands to remind Madam?” “Brilliant, truly brilliant!” Mathias hurriedly flattered him.

“Only you can think of such a wonderful method!”

Samir frowned and glanced at him coldly. “Alright, stop flattering me.”

“I asked you to find out where Joseph is living now. Have you found it?”

“I found it! At the mention of Joseph, Mathias quickly put away his sioppy look and became serious. “The last place his cell phone signal appeared was in the woods on the outskirts of town.” “Our people have investigated. Many years ago, there was a small wooden house left by the forest keeper. The living facilities were all available and could accommodate both Joseph and Nancy.” “But the forest is too big and the trees are very lush. We asked the forest keeper. But because the forest changed too much, he could not determine the location of the small wooden house...” After that, Mathias sighed, “We dare not act rashly. We are afraid that we will alarm Joseph and he will escape.” “So we can only send two or three experienced people to pretend to go on an adventure and check bit by bit.” “Tell them to be careful.” Samir rubbed the space between his eyebrows. Joseph used to be a mercenary and was familiar with all kinds of harsh and extreme environments. Without good technology, it was impossible not to alarm him. It was not easy for him to wait for Joseph to take the initiative to take action and find clues about him. If Joseph found out that he gave himself away this time, the consequences would be unimaginable.

Mathias nodded. Just as he was about to say something, his phone rang.

Looking at the number on the phone, Mathias’ eyes lit up with joy! “Sir, it was those

people.” “There must be news of Joseph!”

After that, he picked up the phone excitedly. “Hello?”

“Hello.”

The voice on the other side of the line was not from the person he had sent over, but a cold and deep male voice.

“Mathias, right?” The man laughed in a low voice. “Samir asked you to find me, and you sent these trash?” Joseph’s words made Mathias suck in a breath of cold air, and his face instantly turned pale. He lowered his voice, “Mr. Rowan.” “Why are you being so polite to me?” “Tell Samir that he has angered me.” Joseph chuckled. “The consequences are unimaginable.”

He hung up the phone coldly.

The moment the phone was hung up, Mathias’ WeChat rang.

He frowned and opened it. The message was from the phone Joseph had just called him.

It was several photos.

In the photo, it was the three people sent by Mathias. Their eyes were wide open and they died with grievances. The corpse was bloody. Mathias was so shocked that he almost threw his phone out. After a long time, he finally came back to his senses. He clenched his phone and gnashed his teeth. “Joseph... is really ruthless!” These three people were just hired by Mathias with money. They were not Joseph’s enemies, nor were they Samir’s subordinates. Joseph had actually used such a cruel method to kill these three people! It could be seen that there was no humanity left in his heart.

Looking at Mathias gnashing his teeth, Samir was much calmer.

“Take good care of the family members of these three people.” He picked up the teacup and took a sip. “Joseph is indeed ruthless, but in the past, he would not kill a stranger like this.”

“His current behavior...”

The man narrowed his eyes. “It proves that he is anxious.”

“These three people died for you and me. He can’t do anything to you and me, so he can only vent his anger on these three people.”

When Samir’s voice fell, Mathias was shocked and his face turned pale.

“In other words...”

“If I were caught by Joseph, would I also die like this?” he stuttered.

“No.”

“It will be worse than the three of them.” Samir shook his head.

As the two of them were talking, Samir’s phone rang.

It was Stella calling.

Samir frowned slightly. The little girl was different from Steve and James. She grew up not by his side since she was a child, and she always had Leo as her father in her heart. Therefore, after returning to his side, she had never been very intimate with him. Why did she suddenly take the initiative to call him? After hesitating for a moment, the man picked up the phone. “Daddy.”

On the other side of the line, Stella’s voice sounded a little tearful.

“Brother Steve and Brother James... were taken away by Second Uncle!” “Second Uncle?” Samir frowned. “It’s your second brother, Joseph!”

“He’s so fierce. Brother Steve and Brother James have been taken away by him. What should we do?”

### Chapter 303 You Guys Have Inherited Me

Samir tightened his grip on his phone. “Don’t panic.” He frowned and comforted Stella softly. “Did you call your mommy?”

“No.”

Stella, who was on the other side of the line, shook her head and said in a tearful voice, “Do you want me to call Mommy now?” “I’ll call now...”

“No need.”

Samir took a deep breath and said, “I’ll ask Mathias to pick her up.” After saying that, the man frowned and ordered Mathias to pick up Alora. He frowned and said. “Where are you now?” “I am at home.” Stella paused. “Have you had breakfast?” Samir nodded. Stella, “...” The little girl bit her lip and said in a tearful voice, “Daddy, the life and death of my two brothers are uncertain. How can you ask me about eating at such a dangerous time?”

“Do you care about the safety of my two brothers?” “No.”

“Have you learned how to act after being by Leo’s side for a long time?” Samir smiled indifferently. The man’s voice was indifferent. “If the situation of Steve and James is really as urgent as you just said, would you just call me?”

His words made Stella slightly silent.

The little girl sniffed, and the sobbing in her voice dissipated. She spoke with a straight face, “Then daddy, what do you think I should do if the situation is really very urgent?”

Samir smiled.

“At least, not lying on the sofa at home and calling me.”

Stella, “...”

The little girl directly sat up from the sofa and looked around with a frown.

There was no surveillance in the living room.

In other words, even if there were surveillance cameras in the living room, with her and Steve’s sensitivity to electronic products, it was impossible for them to not notice. Both of them could be considered top-notch hackers!

But if not for the surveillance cameras...

How did Samir know what she was doing now? “Of course there is a surveillance camera.”

Samir glanced at the small window on his mobile phone, with a faint smile on his lips.

Stella curled her lips, and suddenly like a deflated ball, she directly sat down on the sofa. “Daddy, who did you get to set up the surveillance for you?”

“What?”

“Next time, I want to compete with him!” This technology was too amazing. She and her big brother did not notice it at all!

“Then when we have time, let him get to know you guys.” Samir smiled.

“Yes”

Stella nodded. After a while, she took a deep breath, “But daddy, my two brothers were indeed taken away by second uncle.” “Although they are not in any danger for the time

being, if second uncle really wants to attack them, they can't resist, right?"

"That's why we have to determine their location before we can rescue them," Samir said with a nod. "There should be a special signal communication system between you and Steve, right?" "Can you see where he is now?" The man's words stunned Stella. After a while, the little girl's weak voice sounded.

"Daddy, how did you know?" Samir sneered and sat back on the leather seat. He turned on the computer and said lightly, "Both of you like hacking so much and can attack each other. How can you have no other way to contact each other?" "Do you know why both of you are good at hacking?" the man pressed the speaker button and placed his hands on the keyboard. "Daddy, do you mean..." Stella, who was on the other side of the line, was silent for a moment. "I installed the surveillance camera in the living room." The man took a deep breath. "Go upstairs now and send the software you contacted with Steve."

Stella came back to her senses and nodded repeatedly. The little girl went up the stairs, sending the software on the computer while sniffing. "Just now, my two brothers and I were having breakfast. Second Uncle broke in. He said he wanted to kill us and asked us to follow him." "He has a knife in his hand. Even the bodyguards at home can't beat him." "The second brother talked to him for a long time before he felt that I was a girl and it was troublesome when I keep crying, so he didn't take me away." After that, the little girl sighed, "Although eldest brother has been sending me messages to say that they are fine, I am still very worried." "Second uncle looks kind and always talks to us with a smile, but I can see that he is in a bad mood and wants to vent his anger on us." Samir frowned. As he listened to his daughter, he opened the software sent by Stella and quickly located Joseph. He was now leading Steve and James in the direction of the forest. The man narrowed his eyes and closed the computer. "Stella, let's not talk about it for now." "Daddy is going to save your brothers." On the other side of the line, Stella was shocked speechless. "Daddy, you already know the positions of my brothers?"

Her contact with Steve was rather special, and the method of decoding was also very complicated. At the beginning, she had joked with Steve that there would not be a third person in the world who could decipher the code between them.

But now, before she could tell Daddy how to decode it, Daddy already knew where her brothers were?

"It's child's play." Samir smiled faintly and said goodbye to Stella before hanging up the phone. When the man came downstairs, Alora had already been brought over by Mathias' people.

"How are Steve and James?"

As soon as she entered, Alora found that Samir not only did not directly go to save them but also slowly walked out of the elevator. She was immediately angry.

She directly walked forward and grabbed Samir's sleeve. "What time is it? You are still dawdling!"

Joseph took Steve and James away, and he was still slow here!

"Are you so worried about the child?" Samir smiled and looked at her face indifferently.

"What do you mean?" Alora frowned and glanced back at him unhappily. "I gave birth to Steve and James. Do you think I'm worried about them?" The man listened to the voice translated from the code in his earphone and smiled. "So you were not worried about

them after leaving them for more than a month?”

Samir's words made Alora subconsciously frown.

“Aren't you protecting them?”

She admitted that she had chosen to leave without saying a word and disguised herself as another person. It was wrong, and she did not consider the three children.

But the current situation was so urgent that she did not want to discuss this with Samir at all!

The most important thing now was how to save Steve and James from Joseph?

Yet this man was asking her this kind of question at this time. Was he trying to quarrel or did he not understand how dangerous Joseph was?

Samir curled his lips and looked at Alora's anxious face which was sweating. The corners of her lips curled up slightly.

“Now, I am still protecting them. There is no hurry.”

## Happy Mommy Happy Daddy Chapter 304

### Chapter 304 The Love of Young People

Alora sucked in a breath of cold air.

What was wrong with Samir today?

Was his brain squeezed by a door or kicked by a donkey?

Now that Steve and James were already in the hands of Joseph, how could he say such words?

The woman rolled her eyes.

“If you really protected them, would they be captured by Joseph now?”

She took a deep breath and shook off the man's arm. “If you don't want to save them, I'll go myself!” After that, the woman strode directly to the door of Rowan Group. Samir clearly saw that outside the huge glass door, Justin and Mingzhong, the two old men, were anxiously waiting there, constantly looking inside the door. Alora ran over and said something to the two of them. The two of them sighed and looked up at him unhappily.

The man sighed. The reason why he was not in a hurry was that Steve was talking to him in his headphones. “Daddy, Second Uncle said that he already knows that the book I am reading has a mechanism to send signals.” “He said that since we have already contacted you, he will tell you that his target is you and has nothing to do with us.”

Samir narrowed his eyes, lowered his voice and replied with a voice message, “What else did he say?”

“He said...”

“For so many years, he hates you the most.” “He wants to fight you openly before he dies.”

The news in the earphone made Samir's eyes darken. “Tell him that as long as he doesn't hurt the two of you, not to mention once, I will accompany him even ten times.”

The man talked to Steve for a while. After making sure that Steve and James were fine, the man took a deep breath and walked out of Rowan Group's building. When he received Stella's call, he thought that he had to rescue the two little guys urgently, so he anxiously asked Mathias people to bring Alora over. Now that he had confirmed that Steve and James were fine, Alora and Justin, who had been arguing outside the door, gave him a headache. The man took a deep breath and stepped out of the door.

Outside the company building, Justin and Mingzhong were talking badly about him in front of Alora. Justin snorted coldly, "I knew this kid was unreliable! Even a tiger would not eat its children. The children are so dangerous, but he is so carefree!"

"It seems that the safety of the children is not important to him at all!"

"He doesn't even like the children of you two. It can be seen that in his eyes, you are even less important!"

"Listen to dad. Find a chance to divorce him. Don't pester him anymore!" "Maybe Samir has his own plans? Can you stop causing trouble here?" Mingzhong rubbed his eyebrows helplessly.

"The most important task right now is to find where my two little grandsons are!"

"Why are you still arranging for Alora to get a divorce?" "I was just saying it casually!"

Justin glared at him. "Anyway, we don't know anything about my little grandsons right now. Rather than being anxious here, it's better to scold Samir more!" Mingzhong said, "But other than making Alora more upset, you are useless." As Alora listened to the argument between the two of them, she suddenly had a headache. These two middle-aged men had been arguing since the first day they came back with her. They had been arguing all the time...

She knew that the two of them had grown up together since they were young. They had a good relationship, and they could quarrel in the morning and make up at night. If they didn't know, they would think that there was something wrong with her family. "Can you two be a little quieter?" The woman facepalmed. Only then did Justin and Mingzhong look at each other and turn around with their hands crossed over their chest. Looking at this scene, Samir couldn't help but sigh and push open the door to go out. "You don't have to worry. Steve and James have me." After saying that, he raised his hand and gently patted Alora's shoulder. "You can wait here with your fathers. I will go with Mathias to save them." "You are so busy. Do you really have time to save your children?" Alora coldly rolled her eyes at him. Samir heard the ridicule in her voice. The man smiled and said in a faint voice, "I have my reasons." "But I can promise you that I will bring them back safely." "Trust me, okay?" He looked at Alora with his bottomless eyes. Alora looked at his eyes, and her heart inexplicably began to thump again. She had to admit that this man had a pair of eyes that could completely capture her soul. Every time he looked at Alora with this kind of gaze, Alora had a feeling that she would sink into him for the rest of her life and could not escape. She bit her lips, and her unyielding attitude finally softened. "You... can you really bring them back safely?" "Yes."

The man nodded lightly. "The reason why I was not in a hurry to look for Steve and James is that I know that Stella has their contact information. I can confirm that they are not injured."

"On the other hand..."

"Although Joseph did a lot of things that he shouldn't have done and hated me, he watched Steve and James grow up." He sighed.

"When I was young, Steve liked Joseph the most." "Joseph once said that Steve was very similar to him. Although he was a nephew, in his eyes, he was his own son."

"Although I'm not sure if his words are true or false, I believe that he won't hurt them casually."

Under Alora's shocked gaze, the man smiled faintly. "He kidnapped Steve and James,

but his target was actually me.”

“He wanted me to submit to him.”

Perhaps, he also wanted his life.

However, Samir did not say the second half of his sentence. Alora looked into his eyes and was silent for a moment. Finally, she reached out to hold him. “Why didn’t you say so earlier?”

She almost thought that in his heart, the child and her were no longer important. “You didn’t listen to my explanation either.” The man curled his lips and smiled helplessly. Then, he leaned over and kissed her on the forehead. “I promise that Steve and James will come back safely.” Alora bit her lip and nodded silently. At this point, she had no other choice but to believe in him. Steve and James were in Joseph’s hands. If Joseph was targeting Samir... Then no matter how hard she tried, there was nothing she could do. “Be good. Go home with Stella and wait for us to come back in peace.” The man kissed Alora on the forehead again and turned to leave. Alora stood in place and watched the man leave. Her heart seemed to be gently pulled by a pair of invisible hands.

It hurt a little, and she didn’t know what to do.

She didn’t know why, but she felt that Samir’s words just now were a little farewell.

Who was he saying goodbye to?

Why did he say goodbye? Could it be that after he went this time, he would... Alora did not dare to think about it. Seeing that his daughter’s face was getting paler and paler, Mingzhong frowned and strode to Alora’s side. He raised his hand and patted her back. “What are you worried?” Alora nodded. Of course, she was not at ease.

Since Joseph could kidnap Steve and James, it was to let Samir walk into the trap himself.

Then, wouldn’t Samir’s departure... lead to disaster? “If you don’t feel at ease, chase after him!” “Rather than staying here and letting your imagination run wild, why don’t you come along?” Justin glared at her. His words instantly jolted Alora awake. She immediately turned around and flew to Justin’s car. She opened the door and started the car. The black car shot out like an arrow and chased in the direction that Samir had left. “The love of young men is indeed touching.” Mingzhong looked in the direction where Alora left and could not help but sigh. “Your love is also touching.” Justin glanced at him coldly. “It doesn’t matter if it’s you and Ruyan Liu, or... that woman and Mason.” Hearing Justin mention Samir’s biological father, Mason, Mingzhong couldn’t help but frown. “Do you still remember Cora?”

“Of course I remember. The woman who killed Mason and didn’t get Mason’s heart.”

Justin nodded. “What’s wrong?”

“Cora’s code name is K.” Mingzhong narrowed his eyes.

“The organization that sponsored Joseph and caused me and Alora to lose our memories, its code name is also K. Don’t you think it’s a coincidence?”

“Could it be...” Justin widened his eyes.
