

Chapter 2441

A loud sound echoed in the next moment.

After everyone's shocked gaze, Aki was immediately sent flying by Harvey's slap.

However arrogant Aki was, he was no match against Harvey's slap.

Whatever title, killer move, and Bushido Spirit he had, all collapsed in front of Harvey's slap.

Bang!

Aki slammed onto the ground when his shortsword slipped out of his hand. A black palm print was quite apparent on the side of his face.

Before Aki even came back to his senses, Harvey took a step forward and slapped him across his face again.

Aki was sent flying while he screamed in pain.

Slap!

"Aren't you the young lord of the Kitagawa Clan?!"

"Didn't you say that you're a disciple of the Shinkage Way?!"

"What's with that Whirlwind Slash from yours?!"

"Weren't you trying to squash any humiliation coming your way?!"

Harvey spoke while he constantly swung his palm across Aki's face. Aki was grunting in pain while his face was turning purple.

Slap!

"So what if I humiliate you?!"

"Some Islanders even dare show off on our turf?!"

"

"Did your father not tell you to behave yourself?!"

"You think you're king just because you practice martial arts?! You think you're invincible or something?!"

"Do you even have the right?!"

Aki was bleeding all over the place while his face was completely swollen. Grunts of pain could be heard from him without pause.

He was a legendary top talent from the Island Nations, who was well versed in literature and martial arts. He was also a disciple of the Shinkage Way.

He sliced a boulder in half before, and he also did the same to a fly in a single cut.

He was absolutely confident that he was invincible among the younger generation.

But in front of Harvey, he was completely beaten down like a dead dog. He had no strength to fight back at all.

Most importantly, Harvey was just casually swinging his palm around. There was no special move at all. Every single slap seemed so casual and straightforward.

And it was this simple movement that completely enraged Aki.

He could accept someone defeating him with killer moves...

But he had no idea how to talk back or fight back against some normal slaps.

"Come, you so-called top talent of the Island Nations. You tell me."

"What exactly is Bushido Spirit?"

Harvey swung his palm forward once again.

Bushido Spirit was just some joke in front of absolute power.

Under the gaze of the dumbfounded crowd, Harvey kept slapping Aki without pausing. This made Aki's face completely swollen and crushed his spirit.

Bang!

Aki was sent flying by another slap before smashing into the wall.

He slunk to the floor slowly. He struggled on the ground for a long while before finally mustering the strength to get up.

Aki furiously glared at Harvey while gritting his teeth.

"Harvey York..."

Harvey took a step forward and calmly raised his palm.

Aki immediately kneeled in front of Harvey before he swung his palm forward.

There was the legendary move.

Aki kneeled with his body up straight with a meek smile on his swollen face.

He was truly scared.

Chapter 2442

“Please give me a chance, Sir York.”

Aki begged with a confused look on his face.

Compared to the self-righteous Aki from before, he was completely humbled then.

The women kneeling on the ground covered their mouths with all their might, trying their hardest not to scream.

They already knew that the person in front of them was a God of War...

But after they saw Aki who they regarded highly kneel because he had no other choice, they collapsed.

“Give you a chance?”

Harvey squinted slightly.

“Fine. For the sake of your esteemed Bushido Spirit, I’ll give you one more chance.”

“All of you, break one of your arms and get out of here.”

“Of course, you can try resisting if you don’t want to do this, but when that happens, I’ll have to break both arms.”

Harvey showed no expression while he said those words, but it was enough to make the prideful Islanders shiver in fear while their faces lost all color.

“I’ll give you all one minute.”

Yoana took a step forward and counted down while looking at her watch.

“Sixty. Fifty-nine...”

Aki trembled after hearing Harvey’s words.

He could kneel. He could even crawl his way out of the place...

But he could never muster up the strength to break his arm.

After all, this was his ticket to rise to power.

Aki straightened his back and hesitated for a while before gritting his teeth.

“Sir York. I know that you’re a God of War. You’re basically invincible. But please, give me a way out of this.”

“I’m the young lord of the Kitagawa Clan, and I’m being supported by the Shinkage Way. I know a few princes and princesses from the Island Nations’ royal family!”

“If you let me go, I’ll remember this favor!”

“But if you cripple me, you’ll provoke enemies that you didn’t even need to in the first place!”

“Please think this through, Sir York!”

“Us people from the Island Nation will always repay the favor!”

“If you give me a way out, I’ll remember it forever!”

“And if you cripple me, I’ll do just the same!”

“I can’t do anything to you right now since you beat me down, but it doesn’t mean that I can’t do anything to you after a year, or even ten years later!”

“There’s a saying from you people here. ‘Revenge is best served cold’!”

“If you do cripple me, you’ll have what’s coming to you in the future! You’ll drag Yoana down with you too!”

Even though Aki was as swollen while blood seeped out of his mouth, he was still trying to

bargain with Harvey.

Naturally, he still hasn't realized that he meant nothing to him.

He was planning to trample on the God of War with power, authority, and connections once he got out of the place.

Only Kinoshita knew that a God of War would have unimaginable influence as well...

"Lord Kitagawa-" Kinoshita said instinctively.

"Shut up, you filth!"

Aki gritted his teeth while he straightened his body.

"Sensei was the one that assigned you to be my personal bodyguard, but you're just too weak!"

In Aki's eyes, he only had to kneel because Kinoshita was powerless.

It was natural for someone young like Aki to not be able to defeat a God of War...

But even Kinoshita couldn't beat him. He didn't even have the courage to fight back.

'Shouldn't he be using all his might to kill Harvey so I can get out of here alive?!

'Tch! Some filth this is!'

Chapter 2443

After screaming at Kinoshita, Aki had a grim look on his face.

“I did offend you tonight Sir York, but slapped me the entire time. You got your reputation back!”

“I don’t have to pursue the matter any further, but I hope you’d do the same and bury the hatchet!”

“When you leave this place, I’ll stand!”

Aki looked at Harvey sternly as if he was negotiating.

“From now on, we’ll go our separate ways as if we’ve never met! How does that sound?”

Aki felt that he was already quite lenient. He was fine with letting Harvey go after being slapped

multiple times.

He believed Harvey knew that they would see each other again.

He thought that Harvey would know the idea of helping others to help himself...

He was sure that Harvey would let bygones be bygones.

Harvey burst out laughing.

“Forget it.”

“I’m already kneeling here! What else do you want?!”

Aki gritted his teeth.

“It doesn’t mean anything just because you slapped me a few times! Don’t try to get greedy! I won’t be able to do anything against you if we really go against each other...”

“But don’t forget that you’re not alone! I can’t touch you, but I can definitely deal with your friends and family!”

“Trust me. We don’t have a lot of things in the Kitagawa Clan, but we do have soldiers who are ready to lay down their lives for the greater good!”

“Are you threatening me?”

Harvey chuckled while he wiped his hands with some tissues.

“I changed my mind...”

After hearing Harvey’s words, Aki felt extremely smug. He was sure that his threats were pretty effective...

“I want both of your arms.”

With just Harvey’s words, the Islanders fell into utter despair.

Yoana took another step forward.

“Ten seconds. Nine. Eight...”

Bang!

Aki stood up furiously; he couldn't keep kneeling any longer.

“You wouldn't dare break my arms after humiliating me like that!”

“Let me tell you something! I...”

Crack!

Right at this moment, Kinoshita, who had been kneeling the entire time, stood up and grabbed Aki's two wrists.

Then, with a powerful twist, bones could be heard cracking instantly.

“Arghhhh!”

Aki wailed like a pig before rolling on the ground.

The Islanders became sluggish. When they saw Harvey's eyes, their hearts were filled with fear.

'He's crippled!'

'Aki's arms are broken!'

The words he said, the threats he made, and the promises he gave to regain his reputation all meant nothing.

Thump!

Kinoshita wasted no time and kneeled on the ground once again.

"We're in the wrong tonight, Sir York. I did what you asked and broke both of Aki's arms!" he quietly exclaimed.

"I guarantee you that he won't be able to eat with his hands from now on."

“Are you satisfied with this statement, Sir York?”

Harvey showed no emotion when he threw his tissue at Kinoshita’s face.

“Did you not hear what I said? I want both of everyone’s arms!”

Kinoshita’s eyes frantically twitched while the corner of his mouth moved instinctively.

“I understand!” he then said with his head lowered.

In just a moment, cries of pain could be heard all over the place. Kinoshita had crippled everyone there.

Chapter 2444

“Arghhhh!”

Cries of pain were heard like pigs to the slaughter.

The inspectors were utterly terrified after seeing the sight.

They didn't know who Harvey was, but they knew that he was one of Yoana's men.

Nobody thought that the recently established Dragon Palace's branch would be this overbearing.

Crack!

After crippling every Islander present, Kinoshita then crippled himself after.

He was quite the character as not a single cry could be heard from him. Cold sweat was

dripping down his back while his face had lost all color.

He then trembled while kneeling in front of Harvey. In the cries of countless people there, he quietly asked, "Sir York, are you satisfied with this?"

"Not bad. Now this is what I call Bushido Spirit."

"Remember this. When you see us in future, yield when you have to. If you need to kneel, then kneel," Harvey said without giving a straight answer.

"Thank you for your compliments."

Kinoshita could only pretend to not understand Harvey's sarcasm and accepted his praise.

Harvey sighed quietly. He wanted an excuse to dispose of these people to prevent further trouble...

But he never thought that Kinoshita would be this humble. Harvey felt a little hesitant to take action because of this.

After squinting for a while, Harvey calmly said, “Take your people and get out of here.”

“Let this be a lesson for you. When you see me or my men in the future, walk away.”

“Don’t try to take revenge, and don’t try to provoke me either.”

“If not, I wouldn’t mind destroying the Kitagawa Clan and the Shinkage Way with it.”

“As you wish,” Kinoshita replied, full of fear.

“If you can’t remember who I am, you can ask Akio Yashiro too. After all, I even killed off his last disciple. Why would I be scared of Aki?”

Kinoshita trembled after hearing Akio’s name. He finally recognized Harvey!

‘Mordu’s Longmen branch leader, Harvey York!’

‘The man that kicked the Shindan Way out of Mordu single-handedly, and the same person that killed Sakura Miyamoto’s man!’

It was said that Akio himself was training on top of Mount Fuji. He even announced that he would visit Mordu and cut Harvey in half.

Kinoshita didn’t even realize that he and his people were provoking such a powerful character until then...

Kinoshita’s eyes frantically twitched at this moment. Harvey dared to go against Akio himself, so why would he be scared of someone lesser?

“Right. There’s another thing that I should tell you. Don’t even try going against the people around me, and don’t threaten me with Yoana.”

“If you do, I’ll make your lives a living hell. Understand?”

“Understood,” Kinoshita said while his entire body trembled.

“I really hope you do.”

Harvey reached his hand out and tapped Kinoshita’s face lightly.

“If you still don’t understand, I’ll make sure you do next time.”

Kinoshita let out a huge sigh before shifting his gaze toward Purple Sparrow.

“We have nothing to say for our punishment, Sir York!” he quietly exclaimed.

“But there is something that I must make clear.”

“Lord Kitagawa only took advantage of the woman because she was the one that got close

and started to flirt with him.”

“If not, he wouldn’t even bat an eye to some ordinary woman with heavy makeup, no matter how beautiful she may be.”

Naturally, Kinoshita wasn’t stupid either. He knew that he was being used by someone along with everybody else.

He decided to come clean then. On one hand, this would serve as a statement to Harvey, and on another hand, this was an act of revenge.

Harvey glanced at Purple Sparrow emotionlessly.

Purple Sparrow frantically changed expression before instinctively trying to run.

“If she escapes, you all die.”

Before Harvey even said anything, Yoana immediately gave the order.
