Chapter 2611

Kaitlyn Parson was boiling with anger at this moment.

After Queenie York was brought down by Dragon Cell, she was the current queen in Vince York's social circle.

Everyone knew that she had a good chance of being the lady of the Yorks of Hong Kong.

Her biggest threat would be the Maiden of the Five Virtues Temple, Teal Leithold herself...

But Maidens of the temple would rarely marry people outside.

That was why, after pondering over the situation, Kaitlyn figured that no one would be able to rob her of her position as the future lady of the Yorks.

https://t.me/HarveyYorkEnglish

Recently, she had been calling herself that both intentionally and unintentionally.

Even the social circle people saw the tide changing in her favor. That was why they were all pampering and respecting her at this moment.

Even Vince looked up to her. He would bring her along wherever he went.

Safe to say that no one would even dare to challenge Kaitlyn as of late...

But, someone like Harvey was actually bold enough to do otherwise.

If Harvey York were not crushed then, Kaitlyn would be utterly embarrassed if she stayed in Hong Kong and Las Vegas' social circle.

Her dignity and pride would be completely tarnished!

https://t.me/HarveyYorkEnglish

Along with Kaitlyn's scream, a dozen towering bodyguards rushed right out of the hallway in an instant.

Those people were not empty-handed anymore. Every single one of them brought weapons. Meanwhile, two bodyguards placed their hands on their waists. Clearly, they were carrying firearms as well.

"You better be careful, Ms. Johnson."

Harvey calmly took a step forward before pouncing toward the crowd.

He swung his palm forward and instantly sent a few bodyguards rolling on the ground.

The bodyguards covered their faces while coughing out blood before being forced to retreat.

Harvey walked forward indifferently and seized

https://t.me/HarveyYorkEnglish

a firearm from one of the bodyguards before taking the safety off and pulling the trigger.

Bang bang bang!!!

The rest of the bodyguards were lying on the ground, paralyzed. Blood filled the entire place while wails of pain could be heard.

In just ten seconds, those tall and strong people were all disabled...

Harvey took some tissues from the table and wiped his fingerprints off the firearm.

Then, he threw it to the table and casually glanced at Kaitlyn.

"Kneel. Apologize," said Harvey calmly.

"You!"

Kaitlyn took a step back after feeling Harvey's horrifying murderous aura. Clearly, she was also scared of being shot...

https://t.me/HarveyYorkEnglish

But after seeing Harvey's faint smile, Kaitlyn was boiling with anger.

Harvey could see her anger without a doubt. In his eyes, Kaitlyn was just some clown.

The thought came to Kaitlyn's mind. She could not help but get extremely infuriated then.

At the next moment, she furiously yelled, " Mabel Anderson, call Captain Bierstadt right now and tell him that someone's causing a ruckus in the Emerald House!"

She then glared coldly at Harvey.

"No matter how powerful and domineering you are, I don't believe that you'll go against the people of the Hong Kong Police Station!"

Kaitlyn was about to use Vince's connections, but she felt that it would be too embarrassing.

That was why she only used the Parson family's

https://t.me/HarveyYorkEnglish

https://t.me/HarveyYorkEnglish

that.

"Don't worry, Ms. Johnson. I won't cross the line."

Harvey merely showed a warm smile toward Irene.

"Some people just need a few slaps on their face so they know where they stand!

"We need to show them how terrifying their enemies are by giving them a little pain!"

At this point, Harvey knew full well that his only choices were to squash Kaitlyn entirely or give up Morgan Johnson's indecisive alliance.

Crushing Kaitlyn could make Morgan stand by Harvey's side no matter what.

That was why he knew exactly what to do at this moment.

Not to mention that Kaitlyn was the one who

https://t.me/HarveyYorkEnglish

showed up on her own. If he did not do anything to her, there would not be a point for her in causing such a big commotion.

"Stop pretending already, Harvey!

"You can fight...

"But, so what?!"

"Your fists don't mean anything in this day and age!

"Let me tell you. If I'm getting punished by Young Lord York, I'll make sure you stay dead today!"

Kaitlyn was utterly arrogant while talking to Harvey. She thought that he was just a failure trying to act tough.

Mabel Anderson and the others were glaring at Harvey like he was some sort of idiot.

Death was closing on his doorstep, yet he was

https://t.me/HarveyYorkEnglish

still being so conceited.

'He'll know the meaning of death when Kaitlyn's people show up...'

Those people did not believe that Harvey could take down Kaitlyn.

The identity of the Parson family's lady or the lady of the Yorks was enough for her to flaunt her so-called tremendous strength.

Irene did not say another word after seeing the sight.

Since Harvey was ready to see things through, she did not even try to stop him then.

She took out her phone and forwarded a text swiftly.

Vrooom!

Before long, ten police sports cars with three different blaring lights showed up in front of the

https://t.me/Harvey (or English

Emerald House.

The guests inside were perplexed. They did not expect anyone to mobilize the Outer Ring Police Station's forces this early in the morning.

The man leading the group was none other than Captain Austin Bierstadt, a very well-known officer in both the government and underground of Hong Kong.

It was said that the people who were taken away by him suffered great losses even if they managed to survive.

https://t.me/HarveyYorkEnglish

Chapter 2613

Austin Bierstadt took his subordinates with him before they strode to the second floor of the Emerald House.

He shoved the bustling crowd aside and came toward Kaitlyn Parson with a fierce expression.

“Who dares to cause a commotion here in the Emerald House?! How dare they disrespect you?!” said Austin with a righteous expression.

“What a joke!

“How dare they?!

“Don’t they know that you’re the queen of Hong Kong herself?!”

Austin felt as if his skin was literally being torn off at this moment. He coldly glared at his surroundings.

https://t.me/HarveyYorkEnglish

"Tell me who it is, and I'll teach them a good lesson about the laws of Hong Kong!"

Rupert Howell trembled as he moved to Harvey's side.

"Give up, Sir York!" he quietly exclaimed.

"Austin's a fighter for the Parson family! He owns the outer ring! He can do anything he pleases here!

"A character like him surely has connections with the government and underworld alike, maybe even the military force!

"Along with his unreasonable attitude, even the rich heirs are scared of him!

"That's why you must tread carefully! If you really can't handle him, you should give up!"

Harvey smiled.

https://t.me/HarveyYorkEnglish

"I see. Interesting!"

Looking at Austin, who brought an entire team of tall and strong inspectors with real weapons, Kaitlyn instantly regained her prideful attitude.

"Perfect timing, Austin!" said Kaitlyn calmly.

"Ms. Johnson here is being deceived by her kept man! With Ms. Johnson's support, he dared to cause such a big stir here! He even used a firearm just now!

"Look how my bodyguards all turned out after trying to stop him?!

"Hurry and arrest him! You should just punish him according to the law!

"Don't just charge him heavily because I was the one who called you, but you can't let him off the hook because of Ms. Johnson's influence either!

"Deal with him as you should!

https://t.me/HarveyYorkEnglish

"As people of the upper social circle, we should preserve the officers' reputation and the government's dignity and law!

"Punish him as you will, and handle it swiftly!"

Kaitlyn acted as if she was the king of the world at this moment. Not only was she blatantly insulting Harvey, but she was also instructing Austin on how to do his job.

Her overbearing attitude was unsurpassable at this moment.

Mabel Anderson and the others realized the hidden meaning behind Kaitlyn's words. They started to speak up, blaming Harvey for being unreasonable and attempting to murder someone in public, breaking Hong Kong's law.

"That's him! Not only did he hit me, he even caused a huge uproar here!"

https://t.me/HarveyYorkEnglish

"Right! He's the one who made Ms. Parson's bodyguards like this! They were only trying to reason with him, but he shot them immediately!"

"He also doesn't care about the laws, publicly using firearms here in Hong Kong!"

"You should just take him into custody, Captain Bierstadt!"

"Yeah! Let the locals know that Hong Kong is a lawful society!"

"I can't believe this! Not only did he hit Ms. Parson, he even used a firearm to commit murder in broad daylight?"

"Do laws even matter to him at this point?!"

"Us officers will take half of the responsibility to protect Hong Kong's safety!"

"I'll handle this situation immediately!"

https://t.me/HarveyYorkEnglish

After Austin was done talking, he took big steps toward Harvey before furiously glaring at him.

He pulled out his firearm from the waist and took off its safety before aiming it right toward Harvey's temple.

"Kneel!"

Austin's arrogance and dominance had wholly consumed him at that moment.

https://t.me/HarveyYorkEnglish

Chapter 2614

Slap!

Harvey York instantly swung his backhand across Austin Bierstadt's face.

Austin was utterly stunned. He could not fathom what had just happened.

His firearm was right on Harvey's head, but he still dared to hit back...

Was Austin being unclear?

Or did Harvey still not know his place?

Without a second thought, Austin screamed, " Look closely! I am the captain of the Outer Ring Police Station, Austin Bierstadt!

"You're suspected of breaking the laws of Hong Kong! According to the law, I can gun you down on the spot!

https://t.me/HarveyYorkEnglish

"If you don't want to die, then kneel!"

Slap!

Harvey calmly slapped Austin in the face once again.

The slap sounded crisper than the last. The crowd turned downright sluggish after that.

They were all left in utter disbelief.

Kaitlyn Parson, especially, could not believe what was happening in front of her eyes.

Nobody could guess where Harvey got his courage from...

Austin's firearm was fully loaded and pointed right toward Harvey's temple.

If Austin were to pull the trigger out of impulse, Harvey would have died then and there!

https://t.me/HarveyYorkEnglish

The people in traditional clothing were all perplexed. Even characters like them would never be this arrogant. They would simply give up when met with situations like these...

But still, Harvey remained as arrogant as ever!

This was unbelievable!

"You hit me?!

"You dare hit me?!

"And you even did it twice?!"

Austin was boiling with anger after seeing such a ridiculous sight in front of him.

"You think I won't pull the trigger?!" he screamed furiously.

"You must have a death wish or something!"

He pointed the barrel of his gun toward Harvey's

https://t.me/HarveyYorkEnglish

thigh, thinking of showing him some force and letting him know that Austin would not take humiliation lightly.

That way, the dignity of Hong Kong's laws could be restored.

Clack!

The moment Austin pulled the trigger, he realized that a fork was stuck on the firing pin. There was no way for him to make the shot at all.

Slap!

After jamming Austin's firearm, Harvey slapped him across the face once again.

The slap was firm, enough to make Austin stumble backward while dropping his firearm.

Bang!

A bullet flew right through the ceiling after the firearm landed on the ground.

https://t.me/HarveyforEnglish

The sound completely shocked the entire crowd.

Kaitlyn, Mabel Anderson, and the others were stunned. They just could not believe how domineering Harvey was...

But they felt ecstatic soon after.

The more arrogantly Harvey behaved, the higher the price he would have to pay after.

'Soon, he'll know the meaning of death...'

Not only were there people carrying firearms, but Austin was also backed up by the law. There was no way he would ever let Harvey off the hook.

As expected, Austin was boiling with anger out of humiliation.

"Open fire! Shoot right now!" he furiously screamed while pointing at Harvey.

https://t.me/HarveyYorkEnglish

"Kill him!

"I'll take full responsibility!"

As the Outer Ring Police Station captain, he had always been dealing with wealthy heirs.

Because of his persistence and the support from the Parson family, he had never met anyone who would dare to flagrantly disrespect him.

Of course, he would not provoke people in the upper social circle like Vince York.

But ordinary wealthy heirs were no match against him.

Austin Bierstadt was not just here for show.

https://t.me/HarveyYorkEnglish

Chapter 2615

Austin Bierstadt could always do as he pleased in the outer ring. He brought a group of people with him who held firearms, but not only did he fail in suppressing the man from Country H, he even took a few slaps across his face! He was showing utter disbelief on his completely swollen face at this moment.

This was unforgivable!

If Austin did not show his full strength to redeem his pride, how could he ever forgive himself?!

How was he going to give Kaitlyn Parson a fair statement then?!

The group of fighters took a step forward and took off the safeties of their guns instantly, about to pull the trigger.

https://t.me/HarveyYorkEnglish

Harvey York pulled some tissues on the table and wiped his hand at this moment.

"You're Austin. Correct?" asked Harvey calmly.

"I don't blame you for standing up for another person.

"But before you die, you should probably know the person who slapped you.

"I'll allow you to call Leslie Clarke right now.

"You can decide whether you want to fight me after...

"See if you're willing to cross me for this woman!"

"You damn bastard!"

"How dare you call out Ms. Clarke's name like that?!"

https://t.me/HarveyYorkEnglish

Austin was utterly enraged after hearing Harvey's words.

"A nobody like you dares to challenge me?!

"You're telling me to call Ms. Clarke?! Do you even have the right for that?!"

Austin's standing was still a little too low, so he did not know what Harvey represented in Hong Kong recently.

Harvey calmly dialed a number before throwing a phone right in front of Austin.

"Come! Tell Leslie that you're about to gun Harvey down right now."

Austin did not care much, but his expression suddenly changed after glancing at the phone number.

It was Leslie's number!

https://t.me/HarveyYorkEnglish

She was not the first-in-command of the Hong Kong Police Station, but everyone knew that her father was Hong Kong's first-in-command!

Leslie's status was immensely high even in the Hong Kong Police Station.

Not many people had her phone number either...

But Harvey did.

Austin's expression kept changing at this moment.

Beep beep beep!

A distant tone could be heard from the other side of the phone at that moment.

"Hey."

Austin's body shuddered, and he instinctively took the phone to the corner of the room before answering.

https://t.me/HarveyYorkEnglish

After hanging up the phone, his face immediately darkened.

Kaitlyn could not help but frown.

“Captain Bierstadt, what are you doing?! Take him out now!

“Shoot him!”

“I’m sorry, Sir York! We didn’t know!

“We totally misjudged you!”

Austin completely ignored Kaitlyn and slapped himself twice in the face.

Compared to the rage and arrogance from before, Austin was only filled with fear at that time.

Leslie only said one thing, Harvey was her father ’s sworn brother. No matter what, he would always stand beside him.

https://t.me/HarveyYorkEnglish

That was enough.

No matter what identity and status Harvey had, Toby Clarke alone made Austin realize that he simply could never go against Harvey.

Compared to Kaitlyn, he knew that Toby was a lot more terrifying.

After all, Toby was a government official.

If Austin went against the Parson family, he would be in big trouble...

But if he were to offend the Clarke family, he would not even have a life to worry about anymore...

"It's a misunderstanding! It's all just a misunderstanding! Please forgive me, Sir York!"

Austin respectfully looked at Harvey before shifting his gaze toward Kaitlyn.

https://t.me/HarveyYorkEnglish

"Ms. Parson, the governor said that this is a personal matter. Since that's the case, the police station will not be further involved."

https://t.me/HarveyYorkEnglish

Chapter 2616

Austin Bierstadt waved his hand before Kaitlyn Parson could even speak.

"We're leaving!"

Dozens of inspectors from the Outer Ring Police Station frantically left the Heavenly Box without saying another word.

They came with such oppressive force, but it was such a pitiful sight when they fled.

Rupert Howell and the others were utterly shocked.

Even Mabel Anderson and the people around her were in utter disbelief. They were left speechless at that moment.

'Where did this man come from?'

'A simple phone call was enough to make Austin

https://t.me/HarveyYorkEnglish

crawl out of here? He didn't even bat an eye at Kaitlyn!'

Kaitlyn's expression slightly changed before she shrieked, "Get back here, Captain Bierstadt!

"Explain yourself!

"I'll make your life a living Hell if you don't!"

Austin hurried out of the place as if he did not hear any of Kaitlyn's words. Before long, he was already gone.

"I don't think he's good enough, Ms. Parson.

"Why don't you call another person instead?"

With a faint smile, Harvey calmly walked toward Kaitlyn, who was still outraged by the humiliation.

"Why don't you get Hong Kong's second-in-command of yours here? You can call Vince here too. Perhaps get his entire family to come with

https://t.me/HarveyYorkEnglish

him.

"I don't mind giving you some more time.

"I can wait.

"Please!"

Harvey respectfully threw a phone before Kaitlyn.

The bright screen was glaring at Kaitlyn, making her eyes twitch frantically.

"You bastard!"

Kaitlyn wanted to slap Harvey in the face so badly...

Right after she raised her hand, she resentfully held back immediately...

After experiencing the matter, she fully understood...

https://t.me/HarveyYorkEnglish

A man like Harvey was as stubborn as he could be.

If the lady of the Parson family could not intimidate him...

The Yorks of Hong Kong would not be able to do anything different either...

If Kaitlyn were to take action, that man would surely slap her across the face again.

She was utterly embarrassed that night.

But if Harvey continued, her elegant face would have been twisted by the end of it all.

After seeing Kaitlyn, who was gritting her teeth without any strength to say another word, Harvey walked forward. He reached out and tapped her on the face.

“I know you’re angry! I know you’re resentful!

https://t.me/HarveyYorkEnglish

“But, I know that you won’t bring the cavalry here, right?

“If your Young Lord York knows that you can’t take me down, you won’t be able to stay beside him any longer!

“No matter how anguished you are, you’d have to swallow it!

“I can leave you be, but only if you apologize.

“Do it while I’m still in a good mood. If not, you won’t even get a second chance after you kneel. Got it?”

Kaitlyn’s eyes frantically twitched. She kept feeling the urge to slap Harvey in the face, but she managed to hold herself back every single time.

She was the top lady in Hong Kong and Las Vegas ’ upper social circle.

https://t.me/HarveyYorkEnglish

Why would she even care about someone like Irene Johnson?

She would be terribly anguished if she were to lower her head for someone like that.

But if she did not, Harvey would surely chase her till the ends of the earth.

As for bringing her father and Vince here...

Kaitlyn knew full well that if she did, not only would they fail to suppress Harvey, she would have no chance to survive in her social circle any longer.

Some pride just was unredeemable after being lost...

And some things could not be undone once they were carried out.

https://t.me/HarveyYorkEnglish
