

Chapter 2633

Edwin's eyes were twitching as he looked at Kaitlyn's smug face. His right hand was trembling, but in the end, he never swung it.

Or rather, he forced himself back with all his might.

Slap!

When Kaitlyn saw that Edwin was remaining still, she slapped him on the other side of his face.

“Filth! You're all bark and no show! You look impressive, but you can't even do anything!”

“You won't even fight back after getting hit by a woman!”

“Do you have no shame?!”

“Do you?!”

Edwin was completely humiliated by Kaitlyn.

‘Even when he’s one of the young masters of Las Vegas, he wouldn’t even fight back against me!’

‘How useless can he be?!’

‘At this point, he should just die!’

Edwin covered his face, blood beginning to seep out of his lips. He looked utterly miserable, presenting an extremely horrible sight.

The people watching burst out laughing and clinked their glasses in amusement as they delighted in the show. Some were even filming the entire thing with their phones.

A young master humiliated like this would definitely be a viral video if posted online!

“You’re crossing the line, Kaitlyn!” Leslie shouted, furious.

She was enraged, but she was helpless to do anything.

Kaitlyn's might and Louis's dominance made her understand that connections and power were not always useful.

True strength was the real decider.

Since Kaitlyn was far stronger than Edwin, he wouldn't dare fight back. He didn't even utter a single word despite all the humiliation he was forced to bear.

“You must be joking, Ms. Parson.”

“You're the lady of one of four top families here, and you're also the lady of the Yorks.”

“I wouldn't dare offend you, even if I have the courage of the gods.”

“Still, I do hope you show some respect for me.”

Edwin's gaze turned cold. He wasn't showing anger, nor was he afraid. He only rubbed on the palm print on his face, and did nothing else.

"I'm here to make peace not because I'm scared of you. I just think it's unnecessary to escalate certain matters to something even bigger."

"It'd be bad for everyone if things get worse."

"Besides, Ms. Johnson's identity is nothing short of ordinary. Branch Leader Johnson was taken away by the Law Enforcement of Longmen for questioning, so he won't be able to get himself involved in this situation right now."

"But once he's released, there will be big trouble the second he finds out that his dear granddaughter was kidnapped."

"For the sake of avoiding more conflict, I think you should hand Ms. Johnson to me."

“I can guarantee you, I’ll make Ms. Johnson forget this ever happened.”

“I’ll think of a way to make her give you Emerald House’s shares as well.”

“Are you satisfied with my conditions?”

Edwin completely humbled himself, as if Kaitlyn had completely won him over.

His only request was that she would release Irene and stop the situation from escalating further.

Edwin showed no emotion, and spoke eloquently. He kneeled before getting slapped in the face, but he also seemed a lot calmer.

Leslie was surprised to see that Edwin had turned into a completely different person.

Not any young master would have the tolerance to yield.

Harvey was impressed. If Edwin could be humbled to this point, then he would surely be a fierce fighter even if he was on the battlefield.

“Hand me the shares, you say?”

Right as Kaitlyn was about to leave, Edwin's words made her turn around. She narrowed her eyes at him, suspicious.

“Are you that confident that you'll be able to convince her?”

“That's a share worth hundreds and millions of dollars of interest every single year!”

Chapter 2634

“Besides, that’s the Johnson family’s share. Not yours! You don’t even have the right to decide for them!”

“Or are you saying that your master’s already too scared to come at us? Is that why he’s okay with such humiliating terms?”

Kaitlyn glared coldly at Edwin. Clearly, she wanted to see how he would react so she could proceed with her plan accordingly.

Yet, Edwin remained composed.

“Enough nonsense, Ms. Parson. I’ll ask you again: are you willing to accept the conditions or not?”

Kaitlyn got closer and sized up Edwin, before approaching him to whisper in his ear.

“Of course I’m willing to accept such good terms. But what a shame! I didn’t take Ms. Johnson away!”

“Even if I did... Since your master’s making such great efforts to save her, wouldn’t it be more fun if I just keep her here and watch the Johnson family part ways with him?”

“Your master thinks he can cause such a big commotion in Hong Kong and Las Vegas just because he’s a little smart and talented?”

“He’s being naïve!”

“He didn’t even come out and had you go in his place! He’s just filth!”

Kaitlyn’s eyes were cold. In fact, this entire performance was arranged specifically for Harvey.

But since Harvey didn’t show up, how could she

even make the so-called trade with Edwin?

In her eyes, Edwin alone didn't have the right to make a trade with her.

Edwin took a deep breath.

“So... You're saying that you won't show me any respect?”

“Of course, I have to.”

Kaitlyn walked up with a new glass of champagne.

“For your sake, I won't pursue you for your crime of kidnapping Rina.”

“Instead, let her go and pay a hundred and fifty million dollars to the Emerald Club as compensation. I'll let you off the hook after that.”

“Will you accept my conditions?”

“If not, I’ll keep you here right now.”

“You were the one who kidnapped one of ours in the first place. Your sister won’t be able to say anything if I detain you here!”

Helena then walked in, a warm smile on her face.

“I think you should accept her conditions, Young Master Mendoza.”

“We have quite a lot of footage of you. If you don’t accept them, my finger might slip and upload them by accident.”

“You might even become famous!”

“Oh my! You’ll go viral!”

The beautiful women all around burst out laughing after hearing Helena’s words.

Edwin continued speaking calmly despite his icy face, clearly trying to exert his last efforts.

“If you let Irene go, I’ll accept any condition.”

Splash!

Kaitlyn immediately splashed the champagne in her hand right into Edwin’s face.

“Hah! You’re still bargaining with me at this point?!”

“I’m giving you one last chance!”

“If you don’t let Rina go and pay up, you’ll be ending up six feet under!”

Furious, Kaitlyn’s eyes burned with icy flames. She then made a gesture to her subordinates.

“Take Young Master Mendoza down and give Yoana a call! Tell her to send Rina over.”

“Don’t forget the money as well!”

Several tall and strong bodyguards pounced

forward fiercely the moment Kaitlyn gave the order.

Edwin's expression worsened.

“Looks like you're dead set on going against me, huh?”

Chapter 2635

“So what if I am?”

“So what if I want to disrespect you?”

Kaitlyn strode back to her couch calmly before sinking in it, crossing her legs haughtily.

A faint smile hung on her lips as she looked at Edwin with a glare filled with contempt.

“Are you about to lash out after trying so hard to swallow all that humiliation?”

“Or are you going to hit me now?”

“Go on! Try it!”

“I’d love to see how you’ll do it!”

“You...”

Edwin was about to take a step forward when

orderly footsteps could be heard from behind.

Several uniformed people, armed to the teeth, surrounded the entire courtyard.

Yoana, who was dressed in the same uniform, emerged out of the crowd with grand steps.

“You dare touch someone from my family, Kaitlyn? Have you asked yourself this?”

“Can you bear the consequences for doing such a thing?!”

Yoana’s expression worsened when she got a glimpse of her brother’s swollen face and tattered clothes.

“Oh mt! Isn’t this the lady of the Mendoza family, Helm Yoana Mendoza herself?”

“What? You think you’re some hotshot now just because you have the Dragon Palace’s branch for a few days?”

“Are you a fool?”

“You dare cause trouble in my Emerald Club?”

“You dare challenge me, Kaitlyn Parson?!”

Kaitlyn rose, sneering contemptuously.

“Young Lord York isn’t able to deal with you himself because of Grandma York’s upcoming birthday!”

“Forget humbling yourself, you dare crawl out here and show off in front of me?!”

“You think you have authority just because you’re sitting in that position?!”

“Get out of here right now, or I’ll beat you up like I did to your brother!”

Louis laughed coldly.

“Stop embarrassing yourself with these

firearms, Yoana Mendoza!”

“These people have never seen blood their entire lives! Do they even know how to take off the safety of their guns?!”

“Stop showing off in front of us if they can’t even do something like that!”

‘Louis?!’

Yoana’s expression changed slightly after seeing that man.

She knew that Edwin had conflict with several people here. It was why she came here as soon as she could.

She didn’t realize that Harvey was here as well.

It was bad enough for Edwin to provoke Kaitlyn...

But Louis was here as well.

Kaitlyn and Louis represented two of four top

families in Hong Kong. If anything were to go wrong, even Hong Kong's Dragon Palace wouldn't be able to deal with the matter.

At this very moment, Yoana's gaze turned as cold as ice.

She took a deep breath, and narrowed her eyes in warning.

"Ms. Parson, Young Master Castro. Edwin's my brother, and also the successor of my family."

"I understand him more than anyone. He never takes advantage of anybody in his life."

"That's why I want to ask: what exactly did he do wrong for you to treat him this way?"

"If neither of you can give me a proper explanation, I'll make sure that the scores are settled in the future!"

Naturally, Yoana was prepared to take action

should anything go wrong.

Swoosh!

At this moment, Louis, who was sitting at the front, rushed forward and slapped Yoana's beautiful face.

Slap!

The slap echoed throughout the entire place.

Yoana didn't expect anyone to hit her. She was completely caught off guard.

A red palm print appeared on her pale face, glowing bright and painful.

“How dare you hit me, Louis?!”

Yoana's expression darkened at that instant.

Chapter 2636

Yoana's pretty face became ice-cold, and her deadly frown could freeze ice. Louis's slap had crossed her line.

She represented Hong Kong and Las Vegas' Dragon Palace branch, as well as Harvey's interests.

She would never allow herself to be slapped in the face that easily.

In retaliation, she whipped out her elegant firearm.

"You really think my title as helm is just for show, Louis?" she exclaimed, her voice an icy hiss.

"Do you think I won't kill you?"

At her behest, her subordinates leaned forward

with the safeties of their firearms off and aimed right at Louis.

However, this deterrence was clearly useless against Louis. He glanced at Yoana, fearless, and snarled, “You barged in Emerald Club and challenged Kaitlyn’s authority! Of course you need a slap in the face!”

“Let me tell you something, Yoana...”

“Your title might be able to scare most people, but it can’t scare me! You think you have the right to stand up for your brother?!”

“Dream on!”

“Looks like you’re ready to go all out against me,” Yoana said coldly.

Louis laughed.

“Do it, then! Gun me down!”

“If you can’t, I’ll turn your entire family into

slaves!”

Louis removed his jacket, revealing many more dark-colored grenades strapped on him.

If any one of those were set off, a lot of people would be caught in the explosion.

It was too dangerous!

The crowd gasped, frightened for their lives.

Several members of Dragon Palace’s branch instinctively moved forward with the bodyguards. Some were even trying to look for cover.

There was no other choice; this man was just too crazy!

Safe to say, Louis was a true maniac.

Even Kaitlyn’s eyes twitched frantically. At this moment, she deeply regretted dragging the war maniac back here.

With how Louis did things, he would actually bring everyone down with him the moment he got himself in trouble.

Edwin chuckled coldly and attempted to move forward, but was immediately stopped by his sister.

“Heh! What? Where’s all that courage now?”

“Didn’t you want me dead?!”

“Why’s everyone running away now?!”

Pride filled Louis’s smug face when he saw the entire crowd hesitating and staggering in fear. He felt like a champion who was looking down on the peasants with disdain.

“You’re all trash!”

“I can’t believe you dare cause trouble for Kaitlyn in the first place!”

“You dare show off in front of me with this?!”

“Let me tell you something: you’re not worthy!”

Edwin’s eyes twitched.

“You think you can hold us back like this after today?!”

“I’ll make sure to bring justice, sooner or later!”

“Justice?”

“Here! Catch this, then!”

Louis let out a wild, maniacal laugh before taking out a grenade and pretending like he was about to throw it.

“Boom!” he exclaimed, cackling madly.

Yoana, Leslie, Edwin and the members of Dragon Palace’s branch frantically stepped back, with some almost stumbling to the ground. It

was truly a wretched sight.

The wealthy had no courage to go against madmen who play with their lives without any regard.

Edwin, whose lower body had stiffened after kneeling for such a long time, let out an angry scream.

“You’re insane, Louis!”
