

Chapter 2767

“It’s Vince.”

Selena didn’t even hesitate when she answered.

“Out of the entire family, he’s the only person who has the right to take action against me. He can also find the opportunity to do so without alerting me.”

“I just don’t know why he wants me dead so quickly.”

“After all, I’ll officially be his mother soon.”

Harvey shrugged.

“That’s why I told you he has no right to rise to power.”

“We can’t be so sure,” Selena replied calmly.

“After all, me investigating the incident ten

years ago will definitely affect the interests of many.”

“Vince isn’t the only one. Many others will want me dead.”

“It’s a shame. Even if they hate me to the core, they’re also afraid of me. They’d never dare come at me.”

“Whether they like it or not, I’m the current lady of the house right now.”

“The second most powerful figure within the entire family.”

“Out of so many people, there are only a few that would dare go against me.”

“Vince is definitely the bravest of them all.”

Harvey chuckled, amused.

“Judging from this, is it fair to deduce that Vince was the one who did it ten years ago?”

Selena frowned for some time, deep in thought.

“Vince was only around fourteen. Can a kid like that be this calculating?”

“Even though this incident is deeply connected with him, I believe someone else is pulling the strings.”

“For example, Cory from the head house.”

“Lexie from the fifth house.”

“They might have even joined forces with the fourth house. This is entirely possible.”

Harvey sighed and rubbed his temples.

“This isn’t a big thing to me.”

“But from your words, it seems the entire family is your enemy!”

Selena shook her head.

“If we consider what happened ten years ago, the person who did it wouldn’t dare take action again to provoke me.”

“If they do anything willy-nilly, they’ll only expose themselves.”

“There’s only one possible suspect.”

“And that’s Vince.”

However, Selena’s gaze was filled with pity.

“After all, he’s already gone mad in his attempts to take the position as the head of the family.”

“He will not stop until his enemies are all dealt with. He hates it the most when people meddle in his affairs.”

Harvey squinted his eyes at his cup of tea. He stayed like that for a long time before finally speaking again.

“It’s a shame there’s no proof now that the waitress is dead...”

“Anyone who’s related to her probably won’t give us anything useful. If that isn’t the case, then Vince can get a huge slap in the face!”

“Vince is definitely the perpetrator, but there’s no way we can get anything out of him,” Selena said calmly.

“At least, not for now.”

“For people like him, he’ll have someone else do the job for him as long as he drops the right hint.”

“Maybe not. We can make plans to know his every move if we want,” Harvey said just as calmly.

“For example, if we tell the whole world about the assassin that tried to kill the lady of the Yorks

...”

“I’m sure there’ll be a surprise waiting for us down the road.”

Selena revealed a profound look on her face at Harvey’s words.

Chapter 2768

At Victoria Harbor, Vince's phone suddenly rang as soon as he sat in his office.

His expression changed repeatedly after he picked up the call. After some time, a horrible expression settled on his face.

“What’s going on? Did the assassination fail as well?” Lexie said, frowning.

Vince’s face darkened in an instant.

“Not just that, but the killer from the House of Phantoms was caught alive too.”

“I was informed that the killer’s unconscious right now. They haven’t got anything out just yet.”

“Selena already gave Lord York a call, so he’ll dispatch a few interrogation experts.”

“If anything goes according to their plan, they’ll connect the dots to us sooner or later.”

“Even if there’s no solid proof, it’ll affect my plans badly.”

“The rumors might just stop me from rising to power.”

Vince couldn’t help but rub his temples in displeasure. He never expected things would become this troublesome.

His plans to kill Harvey failed. On top of that, Selena was still alive as well.

At this moment, he was questioning his own strength and power.

Lexie was horrified to hear Vince’s words.

“Vince, we need the killer dead no matter what!” she exclaimed coldly.

“Even if that can’t happen, that killer needs to be with us!”

“If not, we’ll be in big trouble!”

“I know.”

Vince sighed before standing up, then paced around the hall while crossing his arms. After a long while, he opened a safe that held an encrypted phone.

After entering the password and verifying both his fingerprints and iris, a number was immediately dialed.

“What is it?”

A severe voice could be heard from the other side of the phone.

“I just got word. The killer Madam York hired from the House of Phantoms failed.”

“I need you to bring the killer back for questioning.”

“I don’t want anybody to smear my name using this incident.”

The other side of the phone was silent for a brief moment.

“Remember, Vince. This is the last time you’ll order me around as the young lord of the Yorks.”

“I’ll do whatever it takes to help you.”

“But after this, if you’re still not the new head of the family...”

“We’re done.”

A cold expression flashed on Vince’s face.

Nevertheless, he replied with a warm tone.

“Don’t worry, Julian.”

“I won’t do anything to hurt you.”

...

Dusk was soon approaching. Rain poured down from the gloomy sky, turning the already annoying weather into more of a nuisance.

The bleak autumn wind signaled the coming of winter.

Right at this moment, the entrance of the Yorks’ garden villa was filled with close to twenty Toyota Alphards in woodland colors. The cars revved their engines, the sound reverberating loudly in the air.

A group of men with loaded firearms kicked the car doors open from the inside and jumped out menacingly.

They were the strongest trump card belonging to the Yorks of Hong Kong, the Sentries of York!

The bodyguards posted around the garden villa exchanged glances. Upon seeing the new arrivals, they immediately gave up the idea of blocking the armed men's path.

The Sentries of York had an extraordinary status within the family, after all.

<https://t.me/HarveyYorkEnglish>

Chapter 2769

The so-called Sentries of York was quite similar to a law enforcement agency within the Yorks of Hong Kong. Or rather, it was an organization that focused on violence.

Not only was it in charge of protecting the important figures within the family, but it was also responsible for dealing with the dangers within the family's inner circle.

Simply put, the Sentries of York are in charge of doing proper jobs...

But they also had to do all the dirty work.

To maintain the organization's combat strength, every single member would have to fight on battlefields outside the country's borders for half a year.

They were highly dangerous, with every single

one of them possessing unimaginable strength. Ordinary bodyguards of the Yorks could never come close to them.

A fierce-looking man with slickback hair and clad in a white suit led about fifty Sentries of York to the entrance of the villa.

Harvey, who had never left since the morning, stood in front of the gate and watched them with eyes filled with great interest.

He wanted to wait for Vince to show up, but the latter never did. Instead, the peerless sniper of the Yorks, Julian, was here.

Harvey glanced at Julian's hand calmly as he recalled Dean's praise for Julian.

Looking at the calluses on such a tender-looking hand, Harvey's interest in the so-called peerless sniper grew tenfold.

Selena's personal King of Arms, Abel, walked

toward the entrance and glared coldly at Julian.

“Third Young Lord York, am I right?”

“You have some nerve coming here right now!”

Julian opened his black umbrella and glanced back with interested eyes.

“When did a servant get the right to talk big in front of me?!”

“Since you know who I am, then you should know that I’m in charge of the Sentries of York as well as with the safety of all higher ups within the family!”

“I received reports that someone from the House of Phantoms tried to assassinate Lady Judd. The safety of the family’s higher ups is at stake! Our reputation might be tarnished because of this incident.”

“As such, the Sentries of York will take away the

suspect.”

“When we’re done with the interrogation, you can do whatever you want with her. We’ll give Lady Judd a detailed report afterwards.”

“You may be the lady’s personal King of Arms, Abel, but you have no right to speak right now.”

“I, Julian, have special permission to take action before making necessary reports.”

“If anyone tries to stop me, they’ll be sleeping six feet under!”

“I hope you know your place, Abel. Don’t meddle in my business and slow me down!”

Several men took a step forward, firearms in hand.

Some of them shoved Selena’s bodyguards away before rubbing their palms together, ready to grab the suspect from inside the building.

Abel's head was pointed by at least three different firearms.

Clearly, his head would be blown off if he made any sudden moves.

A horrid expression settled on Abel's face. He may be a King of Arms and Selena's number one subordinate, but...

He had no right to speak in Julian's presence.

Julian tapped Abel's face mockingly upon seeing Abel's submissive attitude, as if satisfied by the latter's humility.

Then, he took a step forward and entered the building.

Chapter 2770

However, Harvey stood right in front of the entrance and blocked Julian's path.

Julian glared coldly at Harvey, frowning.

"I don't care who you are."

"I don't care where you come from, either."

"Good dogs don't bite."

"Now move!"

Harvey didn't get angry even after hearing Julian's arrogant tone. He glanced at Julian with a faint smile, full of interest.

"You don't know who I am?"

"You're the one who stopped Dean from killing your master Akio behind the Taiping Mountain's forbidden area, right?"

“You’re clearly his servant, judging from how you prevented Akio from dying.”

“And now you pretend you don’t know me?”

“Is there a point to all this charade?”

Julian grew utterly enraged at Harvey’s taunts.

“Shut up!”

Julian only took action and helped Akio to repay a favor to Vince, similar to what he was doing right now.

Alas, he never imagined he would be thoroughly exposed by Harvey after trying so hard to conceal his identity.

It was Julian’s first time meeting Harvey, but he was already quite intimidated by Harvey.

As expected from the man who caused such a big trouble for both Vince and Lexie.

“Of course I know you. You’re Head York, the man who only rose to power by sleeping with other women!”

“But let me tell you something, Harvey.”

“Just because you’re from Longmen, doesn’t mean that I can’t do anything to you!”

“We’re in Hong Kong right now. This is our turf!”

“If you think you can show off to the Yorks with that meager identity of yours...”

“You’re dead wrong!”

“Here, we call the shots!”

“Your title as the head of the Law Enforcement of Longmen means nothing to me.”

“I trample on many young masters and princes here every single month!”

“If I want you dead, it won’t be hard for me!”

Julian sized up Harvey before he spat coldly, “But ... I didn’t touch you for Lady Judd’s sake! This is her territory, after all.”

“Psh. So you do know that.”

“Then... You know she’s the wife of the lord, don’t you?”

A disdainful smile graced Harvey’s lips.

“Then, tell me. What do you think you’re doing right now? Aren’t you disrespecting your superiors? How conceited can you get? Don’t you have any sense of right and wrong?”

“Being the one in charge of the Sentinels of York, you must be pretty impressive to treat Lady Judd of all people in such a manner!”

“We know you’re here to take the suspect.”

“But those who don't might just think you're here on a mission to kill Lady Judd...”

“Am I wrong, Julian?”

“Shut the f*ck up, Harvey!” Julian snarled, his face dark with anger.

“Who do you think you are?!”

“Do you think you have the right to speak here?!”

Harvey chuckled.

“I have no say in how you people operate...”

“But when the killer went for Lady Judd, she came for me as well.”

“As the head of the Law Enforcement of Longmen, I'm only borrowing a place from Lady Judd to question the suspect, who also tried to assassinate a higher up from Longmen.”

“This doesn’t have anything to do with your family now, does it?”

“By all means, you may take the suspect away.”

“Of course, only after Longmen’s done with her ...”

“Then, we’ll hand her to you.”

“I hope you’ll understand, Chief York.”

“You...”

“Do you have a death wish?!”

Julian didn’t expect Harvey to instantly try to frame him then and there. He was livid.
