

## Chapter 2955

“Is he a King of Arms? A God of War, maybe?!”

The leading knight of the Round Table changed his expression frantically after seeing his men drop dead one after another.

He swiftly threw away his cigar before slashing his way forward.

He unleashed the same Holy Cross Slash, but it was way stronger compared to the ordinary Knights Templars' slash.

Clang!

The unknown man swung his sword, snapping the knight's sword in half in an instant.

Pffft!

While the knight was stung with disbelief, the man thrust forward and jabbed his sword into the knight's throat.

A horrified gurgle could be heard from the knight.

His identity in The Empire was quite immense . He had been undefeated for most of his life, but now, he was killed in an instant without any remorse...

Filled with resentment and disbelief , the knight fell to the ground paralyzed.

Xynthia quietly looked through the gaps of her fingers while covering her face. She had been doing quite well within Mordu's entertainment industry, so she naturally knew who a lot of the major figures were.

After seeing the man's face, Xynthia froze.

"The God of War, Travis Hunt?"

"Why is he here?"

Mandy was stunned. It seemed extremely unreal that a God of War would come out of his way to save her...

And yet, it happened.

A thought came to Mandy's mind.

'Was it Harvey?!'

It was a shame. Before Mandy could even ask, several people clad in white suddenly appeared.

"Who's trying to cause harm in the middle of the day?!"

Thunk, thunk, thunk!

Silver spears thrust right into the ground, wobbling all over the place.

Travis took a quick glance at the newly arrived men before leaving.

He had orders from Harvey, who had requested him to protect Mandy and her family in secret.

But because of his special identity, he had to keep himself hidden.

After making sure that Mandy and the rest of the Zimmers were safe, he was already planning to leave.

Before he could, however, several people rushed forward to surround him. Some even pulled out their firearms before pulling the trigger relentlessly.

Clang, clang, clang!

Travis calmly swung his sword, deflecting every single bullet that came his way.

“The Bauer family...?” Travis muttered quietly.

A hint of disdain could be heard in his tone.

He then wasted no time disappearing from the scene.

The people chasing him stopped in their tracks when they saw a man in a white shirt approaching them steadily.

He was elegant and charming ; exuding an unspeakable aura of a true elite.

Even while walking past a sea of bodies and people , he still looked extremely dashing.

That man was none other than the young master of the Bauer family, Joseph Bauer himself!

Lilian was utterly exhilarated to see Joseph’s face.

**“Young Master Bauer! It’s Young Master Bauer! We’re saved!”**

**Lilian unlocked the doors before stumbling excitedly toward Joseph.**

**“You’re too kind! I can’t believe you brought your men with you to save me!”**

**“How can I ever repay you?!”**

**“You’re flattering me, Auntie Yates.”**

**Joseph approached Lilian before lifting her up, a warm smile playing on his lips.**

**“You’re my elder. It’s only natural to keep you safe.”**

## **Chapter 2956**

**“Good boy! What a good boy!”**

Lilian Yates seemed quite happy while sizing up Joseph Bauer. After thinking of the luxurious gift that Joseph gave previously, Lilian was more and more satisfied with her future son-in-law.

She immediately pulled Mandy Zimmer out of the car.

**“To show you our appreciation, I’ve decided to go to Flutwell with you and my daughter.”**

**“Of course. I’ll look forward to it...”**

Joseph’s eyes lit up instantly. After getting word that the Knights of the Round Table were planning to assassinate Mandy, he came here as quickly as possible.

As he expected, this was an opportunity.

**“Come! Protect CEO Zimmer and her family!**

**“From now on, they’re important guests of mine!**

**“Whoever tries to lay a finger on my important guests will die without their bodies intact!”**

Mandy did not even have the strength left to let out a sigh. She wanted to decline Joseph’s so-called invitation, but she could not even utter a single word at that moment.

**After all, Joseph did bring his men to help her.**

**Where was Harvey York then?**

**Xynthia Zimmer carefully walked beside Mandy and pulled the corner of her sister's shirt.**

**"I think Brother - In - Law was the one who summoned the God of War here, Sister," whispered Xynthia.**

**Mandy froze. She was just about to say something...**

**But Lilian could not help but chuckle coldly after hearing Xynthia's words.**

**"You actually think that b\*stard sent a God of War to protect us?!"**

**"Are you out of your mind?! Why would you even believe such a thing?!"**

**"That b\*stard has no right to order a God of War around!"**

**"If I guess correctly, Young Master Bauer must've called the God of War over.**

**"He's a discreet man. He doesn't want anyone to know that he has connections with Travis Hunt. That's why all this happened.**

**"Can't you tell they were putting up a show just now?"**

**"Why would the God of War leave without saying a word if that wasn't the case?"**

Lilian was showing a righteous look on her face.

“But...”

Xynthia wanted to say something...

“No buts! I’m obviously right!”

Lilian’s arrogance was clearly showing as she burst out in anger.

“I’m your mother! Why would I even lie to you?!”

“In any case, since Young Master Bauer was willing to come all this way to save us, it means he’s quite fond of your sister.

“My daughter’s finally marrying into a wealthy family!”

Lilian was so happy that she had forgotten about Harvey and the crisis she had recently gone through.

She forced a smile before slowly walking toward Joseph, just about to call him her excellent son-in-law.

“The Empire’s Knights of the Round Table took eighteen members of the Knights Templar to Mordu?”

“They attacked Mandy’s convoy...”

“And Travis showed up in the nick of time.

“Then, Joseph came soon after?”

Half an hour later, Harvey was reading the documents on his laptop inside the Mordu Casino-Palace.

Then, he looked at Edwin Mendoza, standing by his side.

“Is my wife and the others alright?”

“They’re completely fine, Sir York.

“I heard Mordu People’s Hospital sent a few people to assess the situation. Everyone’s under a little shock, but they’re mostly unscathed.”

After being in charge of Mordu Casino-Palace, Edwin was no longer just some rich playboy who could fight. He was on his way to becoming an upperclassman who had control over everything.

## Chapter 2957

After listening to Edwin Mendoza , Harvey York nodded lightly before looking at his documents again.

“So, what’s up with this Joseph Bauer guy?”

After scrolling through the phone for a moment , Edwin then softly replied, “Joseph Bauer is the thirteenth descendant of the Bauer family, one of the top ten families of Country H. Everyone calls him the Thirteenth Young Master Bauer.

“It’s also said that he’s one of the top candidates to become the head of his family.

“There are two other candidates besides him, the eldest young master, Jeff Bauer, and the seventh young master, Harold Bauer.”

Harvey frowned.

“That’s it?”

“Of course not. Throughout history, the head of the Bauer family always assumed another identity, the master of Longmen,” replied Edwin.

“It’s the same for this generation as well.

“Simply put, no matter who rises to power, other than becoming the head of the family, they’ll also be sitting on

the Longmen's throne.

"That's why these young masters had constantly been fighting in Flutwell for this position for the past couple of years.

"Jeff has support from the Elder Group and the Law Enforcement of Longmen. It's said that half of Longmen's branch leaders are also standing beside him.

"Of course, you're not included."

"Harold, on the other hand, has the most support within the entire family. It's said that the old lady of the family's quite fond of him too.

"Safe to say that these two people have both halves of Flutwell for themselves. It's hard to know who's going to win since they're both on par with each other."

Harvey frowned.

"What about Joseph? What gives him the right to rise to power?"

"Business," Edwin quietly replied.

"You should know that Flutwell is a special place. It's located on high ground. It had been extremely desolate in the past, and it only flourished after the founding of Country H.

"But even with the country's support, Flutwell's economy was still subpar. The place was focused on

tourism at that time.

“About six years ago, Joseph came out of nowhere and integrated most of Flutwell’s medium and small-sized businesses to form an alliance.

“With this alliance, Joseph dominated Flutwell’s business as a whole.

“Then, Joseph’s alliance unintentionally struck a small gold mine, skyrocketing the alliance’s strength in just a single night!

“And from that moment onward, the entirety of Flutwell was cheering for Joseph’s rise to power.

“With the support of small and middle-sized families, Joseph was fully prepared to go against Jeff and Harold!

“After all, anyone can buy talented people under their belt with enough money. Naturally, Joseph was able to stand his ground in Flutwell...”

“What does all this have to do with me?”

Edwin bitterly chuckled.

“It’s not significant, but yes, you’re still involved.

“Joseph has always been an outcast. Even after his ascent, he still has no power to extend his reach outside Flutwell.

“That’s why he’s been trying to marry a woman from one of the top ten families.

**“But because of his identity, many top-rated families declined him.**

**“Recently, he bumped into your wife. Madam Yates is also pretty fond of him...”**

## **Chapter 2958**

Edwin Mendoza did not have to continue further. Harvey York knew exactly what was going to happen after that.

Lilian Yates knew that Joseph Bauer was filthy rich, and he was interested in Mandy Zimmer. Judging from Lilian's greed and narrow mind, since she thoroughly despised Harvey, she would do everything in her power to get Joseph and Mandy together.

"Did you contact Travis Hunt? How strong is Joseph?" Harvey asked another question after thinking about the situation.

Edwin bitterly chuckled.

"Commander Hunt said that he couldn't figure out Joseph, and he had quite a few Kings of Arms accompanying him at the moment.

"There was no hostility from him, so he left as soon as he was done with his job as you asked."

Harvey nodded. He did not want anyone to know that he had a connection with Travis.

But if he explained the situation to Mandy and the others, Lilian would think that Travis showed up with ill intent.

At this point, Lilian must have treated Joseph like her son-in-law.

**“Is there anything else?”**

**Harvey wanted to sip his cup of tea, but he instinctively set his cup down after feeling a little annoyed.**

**Edwin hesitated for a bit.**

**“According to Mordu’s news, Joseph is now in discussions with the ninth branch of the Jean family about the development of his gold mine.**

**“We don’t know how far they’ve gone into the project ...**

**“But Joseph did invite Madam Yates and Mrs. Zimmer to have a look at Flutwell.”**

**Harvey calmly smiled.**

**“My dear mother -in -law is still this braindead ? There are no free meals in this world. How doesn’t she know this simple fact?**

**“She’s already seeing that man as her ideal son -in -law just because of her Hermes bag and a few free meals?**

**“People like Joseph are only being this gentle and polite because of the Jean family.**

**“Once he gets to his territory, Lilian won’t even have time to regret her decision...”**

**Clearly , Harvey knew about young masters and princes like those all too well.**

**“Should we try to stop her, Sir York?**

“This has nothing to do with me. She can kill herself on her own,” replied Harvey calmly.

Then, Harvey’s phone violently rang all of a sudden.

A quiet voice echoed from the other side of the phone.

“You’re still awake, Brother-In-Law?”

“Did you know?! It got so dangerous today! Sister and I almost got killed by a bunch of madmen in suits...”

“You have to avenge us, Brother-In-Law!”

“If you do, I’ll give you anything you want!”

“I got it.”

Harvey immediately cut off Xynthia Zimmer before changing to another subject.

“When are you guys heading to Flutwell?”

Xynthia sighed.

“After a week if we’re quick, but judging from my sister’s mood, I think she doesn’t want to go.

“Why don’t you call her instead?”

“The divorce talk hit her pretty hard. Just talk to her. It’ll pass if you do...”

“She definitely won’t go if you tell her not to.

“Of course, if you’re going to divorce her, is it fine if I

become your side chick?!”

Harvey's eyes twitched frantically.

“You know nothing, you damn brat!” exclaimed Harvey.

After chatting with Xynthia and telling her to climb the ranks within Kaizen Group so she could become a top celebrity...

Harvey managed to get her to sleep.

He then dialed Mandy's number after that.

After quite a few beeps, the call finally got through.

“Hello?”
