

Chapter 246

Harvey touched the piano with his hands. He opened the lid of the piano with a soft bang. After that, he stretched his hands out to press on the keys softly.

He was only standing there casually, playing the piano with one hand, but the graceful melody started to echo around the large hall. With every movement of his fingers, the melody fluctuated between tones of excitement, melancholy, and deep sounds...

The smooth music was coupled with a perfect rhythm and the casual way it was played. While many of the people present knew little about music, they could faintly sense the way Harvey played the piano was so much better than Jamie's.

Nia's facial expression grew incredibly hideous. She felt like she was deeply humiliated. At first, she wanted to make use of her plot to show off how

exceptional Jamie was. It never occurred to her that Mandy's live-in husband knew how to play the piano too. He even exposed Jamie's fake act of playing the piano just now. Suddenly, shame and embarrassment overwhelmed Nia.

Then, the one song ended. Everyone was still immersed in the music, and its rhythm echoed in their minds. They couldn't recover their senses for quite some time.

“Is... this really the legendary live-in son-in-law?” One of the female classmates said in surprise. They ridiculed Harvey before, but Harvey's performance was beyond comparison when it came to their husbands.

“How? How is it possible for that worthless piece of trash?” Cecilia's body trembled slightly. She was filled with disbelief.

Angel's cute mouth parted open slightly. Surprise colored her face. It seemed like it was the first day she knew of Harvey.

Standing before them, Harvey seemed totally different from the worthless live-in son-in-law whom she knew. Although he was still quite poor and shabby, his disposition and dominance made him seem like a totally different person...

“I think playing with cotton candy is more or less something like this.” Harvey said lightly, appearing relaxed and nonchalant.

He did not play any particular song just now. He was only fooling around. Yet, even that kind of casual playing was tremendously better than Jamie's deliberate pretense.

Nia's face grew uglier by the second. Clearly, that worthless piece of trash had his own skill which he was particularly good at. If she had known earlier, she would not let Jamie put up such a show.

After all, the Ferrari parked at the door was more than enough to create a sense of jealousy in others. Now, she was deeply awkward and embarrassed.

“What are you so smug about? Who knows if you've

taken a loudspeaker with you too?” Nia gnashed her teeth and said.

“Did I take a loudspeaker with me too?” Harvey smiled faintly. “If that’s the case, are you admitting to the fact that your husband was faking it just now? Why did you do that? Did you want your classmates to be jealous of you?”

“You...” Nia gritted her teeth and pointed at Harvey.

“Unfortunately, you’re a woman. If not, I would have smashed this ashtray on your face right now.” Harvey seemed to have lost his interest. “I’m not interested to ask you to apologize to my wife now. It’s not necessary anymore.”

Having said that, Harvey then jumped off the platform and winked at Mandy. 2

Mandy was quite surprised. ‘Is that really my live-in husband? Why didn’t I know that he can play the piano?’

Although the others did not know it, Mandy noticed

something as she had learned how to play the piano since she was young. She could hear that there were a few difficult modifications of the keys and tones in Harvey's casual playing just now. If not, he wouldn't be able to produce such an effect.

Right now, she could not help be dazzled and infatuated by her own husband.

Harvey's casual movement was so much better than Jamie's fake playing.

After Harvey returned to his seat, Mandy could not help but ask him softly, "Harvey, when did you learn how to play the piano?"

"I don't know how to play it either..." Harvey appeared innocent. "I was just using the tactics of playing with the cotton candy while playing the piano just now."

Mandy could not help but rolled her eyes in a charming manner. But under such a circumstance, she felt that it was unsuitable for her to inquire about that more. Regardless, Harvey did not

embarrass her that day.

On the other hand, Nia trembled with anger. She suffered deeply, and even her makeup seemed to be slightly ruined. She had never been so humiliated in the gatherings before. It never occurred to her that the live-in son-in-law would be so daring as to embarrass her. He was incredibly bold!

“Sweetheart, don’t get angry at him. I’ll go and get some people from my uncle later. I’ll definitely ask them to beat him up viciously. I’ll even make the two of them kneel in front of you and apologize to you!” At that moment, Jamie appeared quite gloomy and cold. In fact, he was the most embarrassed person since his lie was exposed.

Just now, a lot of women looked at him just like how they were looking at a prince charming or a dream lover. They could not be obvious about it, but now they looked at him like they were enjoying his misfortunes now.

Nia gave a snort of disgust. A cold smile appeared

on her face. “Today, I want Mandy and that live-in son-in-law to be deeply humiliated!”

Jamie smiled and said, “Don’t worry. Don’t you know who my uncle is? Not just that couple, I’ll even make the two women who came with them suffer too.”

Chapter 247

Jamie smiled and left the hall. Soon, he reached Kane's office.

Kane was the heir of the Brookes in Niumhi, and he was also the biological son of the master of the Brookes.

He was a young man in his thirties. He was rather handsome, but he looked slightly pale and sickly. The Brookes had influence in both evil and righteous sides. Although they didn't have much influence among the gangsters, nobody dared to offend them because of Liam.

However, they were not very well informed. During the past few days, Liam had become Tyson's subordinate. The Brookes knew nothing of that. 2

"Uncle." Jamie entered the office and said respectfully.

"Here you are." Kane was playing with his female

secretary's exquisite face at that moment. He smiled.

He treated his nephew rather kindly. It was because his nephew knew how to please him.

Kane valued a person like Jamie highly, since Jamie could even be quite cruel toward his own people.

At that moment, he gestured to his female secretary, asking her to leave. He then smiled and asked, "Well, well. You even know that you have to come and pay me a visit."

"Uncle, you're being quite cordial. Since I'm here in the Hot Spring Villa, the first thing I need to do is to come and meet you." Jamie said respectfully.

"Alright. Does your wife like that car? If she likes that, I'll give the car to her then. If you're free, just remember to ask her to do it again..." Kane smiled wickedly and gave Jamie a hint.

Jamie was filled with surprise. 'If I drug my wife again, I'll be able to get a Ferrari. Is that so? It's not

a loss at all!’

“Uncle, if you really want to, go to my place and have a drink some day. I’ll arrange for it!” Jamie patted his chest. “If Nia knows that you’re so nice toward her, she’ll definitely be quite grateful toward you.”

“We’re a family. We don’t have to be so polite toward each other. When I become the master of the family, I’ll let you manage this Hot Spring Villa.” Kane said, smiling.

The profits of the Hot Spring Villa were extremely high. Its profit for each month was around a few ten thousand dollars. If Jamie had the chance to manage it, he would never have to worry about money anymore.

Jamie was excited. That was indeed some kind of big surprise. His uncle treated him so much better than his own father did.

“Uncle, you treat me so well. I’m so grateful to you that I don’t even know what to say now!” Jamie

said excitedly.

“You don’t have to thank me. That’s enough, tell me directly. Why did you come to me? Aren’t you at the gathering now? If nothing’s wrong, why did you come here?” Kane said with a faint smile.

“Uncle, you know me well.” Jamie appeared awkward. “Actually, it’s not that big of a deal. I want to borrow some people from you.”

“Women?” Kane frowned and said.

“No. I just need a few bodyguards or a few gangsters who are good at fighting!” Jamie appeared cold. He quickly told Kane what happened just now. He did not mention the important facts, and he only said what he wanted to say just to twist the facts around.

After Kane heard that, he sneered, “Who the hell is that? A live-in son-in-law! He humiliates his own kind, and he’s a worthless sack of trash. How dare he humiliate the daughter-in-law of the Brookes?”

“Uncle, they clearly know that you’re my uncle, but

they didn't show us any respect. That's why I came to you for help! So what if Nia and I were humiliated? But the important thing is we can't let you and the Brookes be humiliated!" Jamie said righteously.

"Alright, I know about it. You can leave first. Later, I'll ask some gangsters to come. They'll pay for this." Kane said with a dull gaze.

It was inappropriate to ask his bodyguards to do such a thing. He most probably needed to get some people from Liam.

Soon, Jamie returned to the hall with a smug smile.

Nia went to him swiftly. She then said softly, "How's it going? Will uncle be giving us a hand?"

"Not only is he going to help us, he also said just now that he'll give you the Ferrari. He even said that he'll let us manage the Hot Spring Villa in the future." Jamie smiled. "We were humiliated by the others. How could uncle stand by and watch that without doing anything? Just you wait for a good

show then...”

Hearing that, Nia became smug. She walked toward Harvey and Mandy in her high heels, making quite a loud noise on the floor. She then said coldly, “You’re screwed. Who asked you to offend me? My uncle is going to take it upon himself to do something about it later. Just you wait for the time to kneel down in front of me and beg for my mercy then! Don’t you know very well what you should and shouldn’t do?”

“One of you is an unwanted woman from the Zimmers, and the other of is a worthless live-in son-in-law. How dare you offend me! How bold of you to humiliate me! I’m going to make you suffer miserably for it! And you, you too! All of you will suffer terribly!”

Nia said, pointing at Angel and Cecilia arrogantly.

Chapter 248

During the meal, Harvey gave an excuse that he wanted to go to the washroom. He then went to make a call outside.

He knew a person like Nia well. She would never endure that kind of humiliation quietly. She even went to them deliberately and threatened them. Later, something might happen.

Harvey was not afraid of anything. But this was not his territory. If anything happened to Mandy, he would be filled with regret.

He was not familiar with the people from the Brookes, but there was someone who could suppress the Brookes well, and that was Liam.

Liam was now Tyson's subordinate. If he let Liam tackle that issue, it could be considered as a chance for him to compensate for the mistakes he had made.

It was quite the coincidence. Just when Harvey left the hall to make a call, a few gangsters entered the hall, cigarettes dangling at their lips.

Seeing them, Nia looked rather wicked and vicious. She said coldly to Jamie, “Although Mandy is married, that worthless piece of trash never even gets the chance to touch her fingers. That’s the reason why these sons of b*tches yearn for her so much, and they couldn’t forget about her. Do you think that we can ask these people to ruin her innocence? Let’s see how she can still be innocent and naive!”

“This...” Jamie was stunned. ‘Why didn’t I have the chance to take advantage of this?’

Having thought about that, Jamie said swiftly, “Mandy comes from the Zimmers. Although they are a second class family, we always bump into each other. Isn’t that bad?”

“Humph!” Nia sneered. “What’s not good about this? I want that b*tch to never be able to act smug

with me. Besides, do you think that the Brookes cared about the Zimmers?”

Jamie frowned slightly. Previously, the Brookes certainly didn't care about the Zimmers. It was different now. The Zimmers were responsible for the shopping centre project. The entire Niumhi knew this perfectly well. With such a stepping stone, the Zimmers might improve drastically and become a top class family in Niumhi. It was difficult to say whether Kane or the Brookes would be afraid of that.

Seeing that Jamie was hesitant, Nia was dissatisfied. “That's wonderful, Jamie! Your wife is being bullied, but you act like it's not a big deal. How could you endure this in silence? Could it be that you're no different than that worthless trash?”

“Who said that I'm just like the worthless trash?” Jamie appeared angry, and he was directly stimulated.

“If that's what my wife wants, then I'll act

accordingly!”

He immediately gestured to the gangsters directly.

At first, those gangsters came just to create a mess. When they received that signal, they grew excited. Clearly, they never thought that they would be able to gain such a great advantage. They would be able to enjoy themselves vehemently. That was a wonderful thing!

Those gangsters became quite eager, and they walked toward Mandy and the other two women.

“Beautiful ladies, you look quite lovely. Why are there no men here to keep you company? Don’t you feel rather cold and lonely? Why don’t my buddies and I keep you company, and drink with you? How about that?”

Chapter 249

“Wow! Your skin is so fair. Let me touch it and see how smooth it is!”

“Your little face is so pretty. I’d like to kiss it so d*mn much!”

“A beauty like you has no man by your side, what a great waste!”

The gangsters approached Mandy, Angel and Cecilia. They started to act imprudently, and they even drove the others out.

A lot of the people present were Mandy’s admirers. Seeing this, they became quite enraged.

“Who are you? Why can you come into this place? Don’t you know that we’ve reserved this entire place?”

“How could you harass our classmates imprudently! Do you want us to call the police?”

“That’s right. Get out of her immediately! We don’t welcome you here!”

...

A few male classmates said righteously. It was a chance for them to act like heroes and save their beauty. How could they miss it?

Bang!

The leader from among that group of gangsters stepped forward and slapped the male classmate who had just spoken. He then said coldly, “Who the hell are you? How bold of you to act so smug? Do you want to act like a hero and save the beauties?”

The male classmate who was slapped touched his face. He then said coldly, “How bold of you to slap me! You might not even know who brought us here! He’s Jamie from the Brookes. Let me give you some advice. Don’t create any trouble here!”

Jamie acted like he heard and saw nothing. He enjoyed his meal by himself.

That gangster kicked the male classmate, and he fell down on the floor. The gangster spat coldly, “What a stupid b*stard! Do you even know who the hell I am? Besides, we know very well that those who know how to act prudently and sensibly are...”

“Great men...” Another gangster continued.

“Yes, that’s right! He doesn’t even dare to act smug in front of me. How dare you talk nonsense here! Who the hell are you?”

Chapter 250

The body of the male classmate who had just been kicked couldn't stop twitching. He clutched his stomach, unable to stand up. The other gangsters stepped forward and each gave him a kick, until he grew weak and feeble.

The sight filled everyone with deep shock and fear. They glanced at Jamie and Nia, who appeared condescending, as if what had happened had nothing to do with them. The others could not help but frown.

Logically, both Jamie and Nia cared much about their pride and dignity. How could they allow others to ruin their occasion? Could it be that those gangsters were deliberately arranged by Nia and her husband?

“Nia, we're classmates. You don't have to be so cruel, don't you?” One of Mandy's admirers said angrily.

“Son of a b*tch! What do you mean? How is it related to me? Those b*tches attract all kinds of lascivious men. How does it concern me? Are you insane?” Nia stood up and shouted.

The problem was that the Hot Spring Villa belonged to the Brookes. Besides, Jamie was one of the Brookes as well. How could those gangsters act so boldly and make a mess in the Brookes' territory? How could they disrespect Jamie like this?

Although Nia spoke that way, everyone who was present understood it very well. This incident certainly had something to do with her.

Yet, many of them were unwilling to offend Nia. Except for a few male classmates who appeared angry, the others dared not say anything.

Even so, those male classmates did not dare to step forward too. One of them had just been beaten up, and he was now lying painfully on the floor.

“Mandy, where's Harvey? Why didn't he come

here?” Angel said in worry. Although she always claimed that Harvey was a worthless trash, in that critical moment, she could not help but wish that he was there with them.

The others would just abandon them, but that worthless trash would not stand idly by and do nothing.

Although Cecilia was trembling, she was still disdainful. “Does he even dare come? If he sees a scene like this, he’ll definitely be scared off his pants. Mandy, why don’t we bow down to Nia and apologize? Otherwise, something terrible will happen!”

“You want me to bow down to her? I’d rather die than do that! I don’t believe that they’ll actually kill me!” Angel said, gritting her teeth.

“I don’t think they’ll be so daring as to kill you. But what should you do if they ruin your innocence? Do you think that’s worth protecting your dignity?” Cecilia’s facial expression was extremely ugly. She

was a woman who wished to be married into a rich family. She protected her innocence well. If she was ruined by these gangsters today, how could she realize her wish?

Forget apologizing to Nia, Cecilia would be more than willing to kneel down too.

Mandy was nervous as well, but she forced herself to stay calm. She said, “Don’t worry, they won’t dare to act so rashly and recklessly. After all, I’m one of the Zimmers.”
