

Chapter 56

Lilian Yates' face darkened when she saw Harvey York entering the house. "You trash, why do you spend so long buying something? Do you think you are going to have a baby? Didn't you know that Senior Zimmer has sent someone over to take you and Mandy there?"

Listening to Lilian's insults and her darkened face, Harvey knew that the cooperation between the Zimmer family and the York Enterprise must have fallen apart. The Zimmer family might have been shaming Mandy Zimmer again. Otherwise, Lilian would not look so awful.

Mandy was also worried at the moment. She immediately sat in Harvey's Porsche when she saw Harvey come back. She did not even have time to drink the milk tea. Harvey did not say much and quickly started the car.

Soon, Harvey, Mandy, and Lilian came to the

Zimmer Villa.

At this moment, Senior Zimmer had already summoned those who had a right to say in the Zimmer family.

Everyone's faces were filled with anger and dissatisfaction. Zack Zimmer had already told them about the fake contract that Mandy had brought back recently in the afternoon. Her rubbish husband even helped her fake it. Mandy's family must be driven out this time. Only then they could calm their anger.

Soon, Mandy walked into the lobby of the villa. Their faces were strange when they looked at her pretty face. Their faces were even sullen when they saw Harvey walking behind her.

It was all because of this useless son-in-law. Otherwise, how would the Zimmer family end up like this?

Falsification of contracts could be a serious offense, and it would even affect the business's reputation

in the future. This was why Senior Zimmer was so angry.

Zack who was sitting next to Senior Zimmer stood up without waiting for Mandy to speak. He sneered at Mandy and said, “Mandy, you are too shameless! You brought a fake contract to deceive Senior Zimmer. Moreover, you are the reason why I was kicked out of York Enterprise today. You’re such a disgrace for the Zimmer family! You have to explain this matter today, otherwise, you will not be a part of the Zimmer family anymore!”

Zack was acting tough. He was indeed very miserable today. He initially wanted to be credited for doing a great job, but not only did he not obtain any benefits, he was also humiliated for no reason.

Mandy was taken aback for a moment. She never thought that the contract of York Enterprise might be fake. She panicked a little at this moment. She said, “How is it possible? The contract was handed to me by Miss Xavier. How could it be fake?”

“Then you should explain why I was being kicked

out today. Don't tell me that York Enterprise only recognizes you!" Zack sneered again and again.

"This..." Mandy was a little speechless for a while. She was already irritated when she was getting robbed of the credit. Now, she was wrongly accused by Zack, her eyes were red and filled with grievance.

Zack sneered, again and again, not giving her a chance to speak at all. He then said coldly, "The reputation of the Zimmer family is ruined because of your fake contract. Maybe we can't even do business in the future. If I were you, I would hand over the advertising company obediently and leave with your useless husband!"

Mandy did not look at Zack. Instead, she bit her lips and looked at Senior Zimmer. She said, "Grandfather, you know me. I would never do such a thing..."

Zack was already laughing before Senior Zimmer had spoken. He sneered, "Mandy, are you begging for mercy now? I'm telling you. We are very

generous for not letting you compensate for the damages of the Zimmer family after such a big thing happened. Don't be so ungrateful!"

Speaking of this, Zack then looked at Senior Zimmer and said, "Grandfather, I think they must be expelled from the Zimmer family. Otherwise, the Zimmer family's business reputation will be damaged. Who will want to do business with us in the future? We can't ruin the entire Zimmer family just because of her!"

Everyone else nodded in agreement as soon as this statement came out. Everyone would have benefited a lot if they got the investment from York Enterprise. However, because of this, many people were angry and had nowhere to vent out their anger.

Senior Zimmer took a deep look at Mandy. He then said after a while. "Alright, let's do that. Starting today, your family will be removed from the Zimmer family, and you will no longer be a member of the Zimmer family."

"Grandfather..." Mandy aggrieved. She wanted to

explain, but did not know how to explain.

Lilian was completely stunned. She almost grovelled. She said sadly, “Old man, even if Mandy has done something wrong, you can’t expel our family. We are your relatives!”

Chapter 57

Senior Zimmer looked at her coldly and did not bother to explain. Mandy Zimmer was born as a girl and she was not loved. Now, she had caused such big trouble. Expelling them was already doing them a big favor.

Just when both Mandy and Lilian Yates looked helpless and were feeling confused, Harvey York, who was initially watching at the side, suddenly stood up slowly and said with a smile. “Senior Zimmer, I think you are being unfair.”

What?

Unfair?

Hahahaha!

Several people could not help laughing out at this moment in the originally tense meeting room.

Harvey was really funny. What kind of occasion was

this? Did he—a live-in son-in-law have the right to speak? Saying that Senior Zimmer was unfair? Was he stupid? Did he think that this was a soap opera?

Senior Zimmer was a man of his words. He always did what he had decided to do. How dare this useless live-in son-in-law lecture him?

At this moment, everyone was looking at Harvey as if they were looking at a lunatic.

“What did you say?” Senior Zimmer slightly frowned. He stared at Harvey unhappily.

Harvey said every word coldly at the moment, “The incident about the contract has not been thoroughly investigated. You said that it was a fake contract and put the blame on my wife. You are even trying to get back the company which is under her name and driving us out from the Zimmer family. Why don’t you take this matter more seriously?”

Senior Zimmer sneered and stared at Harvey. “So, you are saying that I fail to see the truth and have

wrongly accused Mandy. And now, you—the live-in son-in-law is teaching me a lesson?”

Harvey rightly nodded, making Senior Zimmer shiver with anger.

At this time, Zack Zimmer who was on the side could no longer hold back. He slammed the table and cursed. “Who do you think you are? We are having a meeting here. When did you have the right to speak and even tell us what to do?”

Harvey raised his head and looked at Zack coldly. He said, “I’m just asking Senior Zimmer to look into the matter clearly before concluding. Do you feel guilty? Could it be that you are the one who messed it up? And now, you are trying to blame someone else?”

“Bulls*it!” Zack swore instantly. He wanted to give Harvey a big slap in the face. However, he was suddenly a little scared when thinking about how he was being abused during the Don incident last time. He was afraid at this moment. He dared not to step

forward. He just stared at Harvey with a sullen expression.

Harvey still looked at Zack coldly and said, “If it wasn’t you, why are you being so worked up?”

Zack was twitching in unrelenting anger. He said, “Harvey, you are slandering me! Believe it or not, I will find someone to kill you!”

Chapter 58

Harvey York smiled. “Zack, don’t think that no one knows what you have done...”

“What do you know? What will a cleaner like you know?” Zack Zimmer yelled. “Grandfather, this guy here is trying to mess with me. Hurry up and ask someone to drive him out!”

Meanwhile, Senior Zimmer also said coldly, “Harvey, I’m giving you a chance because you are considered half a member of the Zimmer family. Now, kneel and apologize to Zack. Otherwise, don’t blame me for being rude.”

Senior Zimmer did not even look at Harvey when he said this.

He firmly believed that the investment was revoked due to contract fraud. He did not think of other possibilities.

The members of the Zimmer family were all

gloating while they saw the old man speaking like this.

“Kneel! Live-in son-in-law! Kneel obediently! We might help you beg for mercy!”

“Zack, let him kneel. If he doesn’t kneel today, he won’t be able to get out of this house!”

“Yeah, he’s just trash. He is even telling us what to do. Who does he think he is? A detective?”

At the same time, Lilian Yates who was at the side spoke anxiously, “Harvey, hurry up and apologize to Senior Zimmer. You’re causing more harm than good. I shouldn’t have brought you here!”

Mandy Zimmer was also a little anxious. She said, “Harvey, don’t talk nonsense...”

Mandy was very desperate at this moment. She initially thought her husband had finally made a little progress. However, he was still not good enough. Could he not see that Senior Zimmer was mad? He even accused Zack at a critical moment

without any proof. Did he think he was cool like this?

Lilian's eyes were even colder. He was useless. It was true that he drove a Panamera. So? He's just a driver. He was still worthless trash!

The situation earlier was very unfavorable for Mandy's family. Now, Harvey was making it worse and it was even more troublesome.

Lilian knew that she could not take action at this moment. Otherwise, she wanted to slap Harvey in the face again.

However, only Harvey remained calm while the others were mocking at the moment as if he did not care about other people's attitudes. He certainly did not have any intention to kneel. Instead, he looked at Senior Zimmer coldly.

Chapter 59

Senior Zimmer sneered and said, “Call some security guards. He has to kneel today. Even if he refuses to, he still has to kneel!”

Someone immediately took out their phone and called in several security guards of the Zimmer family who was standing by at the door. Those security guards were about to take action.

“What’s the rush?! You don’t even give me time to say something. Are you really that afraid of me?” Harvey York smiled. He then picked up Mandy Zimmer’s phone the next moment and opened an app to search for something. After that, he played a video on the huge television in the hall.

“Today’s news, the incident in York Enterprise that went viral on the internet in the afternoon has made new progress before the deadline. An insider disclosed that this gentleman was kicked out of York Enterprise because he was sexually harassing

the company's employee in the reception room! The company did not come forward to clarify the matter to protect their employee. However, they said that they reserve the right to report to the police. Everyone, please watch the video..."

Soon, the image on the screen changed, and it happened to be the security footage of the reception room of York Enterprise.

On the screen, Zack Zimmer was molesting the little girl at the front desk with a wretched look, and he was soon stopped by Yvonne Xavier. Then, it was changed to the footage of Zack being dragged out of the company gate by two security guards.

At this point, the video stopped abruptly. The entire screen went black, but everyone present was stunned.

Although the picture was a bit vague, everyone was from the Zimmer family, so they were very familiar with each other. Thus, even if the picture was a bit unclear, they could already recognize that person.

That person with obscene behavior in York Enterprise looked a lot like Zack who acted all so tough just now.

“This...what the hell is going on?” Although Senior Zimmer was senile, he still saw clearly what was going on. He was also very confused at this moment.

Harvey did not answer him. He just slightly smiled and glanced at Zack.

At this moment, Zack was shivering and his face turned pale.

He thought he was able to get away with it when he first saw the video. However, when he continued to watch, he was sure that he was the person in the video.

At this moment, Zack was on the verge of break down. He did not even know that he was already viral on the internet!

This was too much for him. If York Enterprise called the police, his life would be completely ruined.

He would be charged as a molester. Then, he would not be able to go anywhere!

Harvey smiled and continued, “This video was already trending on the internet this afternoon. I just thought that it seemed a bit familiar, and did not think too much about it. But I heard that York Enterprise had terminated the collaboration with us —the Zimmer family. I have a hypothesis. I don’t know if you want to listen to it...”

Senior Zimmer’s face darkened and said coldly, “Say it!”

“Senior Zimmer, you should feel for others. If a third-class or fourth-class family came to ask for cooperation with us but molested one of our female employees in the Zimmer family. Will you still cooperate with them?” Harvey said with a smile.

Although Senior Zimmer was sullen, he still said coldly, “No.”

“Isn’t this matter solved?” Harvey shrugged. “My

wife finally negotiated the contract, but some people took the credit, and even went to the company to molest one of the female employees. Maybe the female employee was the CEO's girlfriend..."

Harvey felt a little guilty while theorizing this. He glanced at Mandy and saw her immersed in her thoughts. He then continued. "So, how exactly did this contract mess up? Isn't the answer very clear?"

Zack's expression changed. He glared at Harvey fiercely. He gritted his teeth and said, "Harvey, you better think about the consequences of what you say! Showing a video casually and saying that it was me, and even say that the collaboration with York Enterprise was terminated because of me! You have to understand what is the consequence of slandering me!"

At this moment, Zack's look was extremely menacing.

Meanwhile, Senior Zimmer said solemnly, "Zack is

right. This matter is not trivial. Harvey, where did you get this video from?! Did you find someone to make it because you wanted to help your wife?”

At this moment, even with the evidence, Senior Zimmer still refused to believe that the investment was being canceled due to his good grandson molesting a girl at the front desk.

The members of the Zimmer family looked at each other. Someone said after a while, “That’s right. The picture is very vague. Although it looks a bit like Zack, it may not be him!”

Chapter 60

“Yes, Zack is young and rich. He can get any woman he wants easily. He doesn’t have to do such a thing!”

“Harvey, did you make this video to help your wife get rid of her responsibility?”

“If this is the case, then we certainly underestimated you!”

These members of the Zimmer family did not have much trust in Harvey. Hence, when they saw Senior Zimmer siding with Zack Zimmer, they also took his side instantly.

“You’re asking for it...” Harvey York sneered. He then glanced at Mandy Zimmer who was a little dazed at the moment, and said, “Honey, do you have Miss Xavier’s number?”

“Huh? Yes, she gave me her business card before.” Mandy unconsciously said.

“Then it’s easy. I’ll call Miss Xavier in front of everyone and ask why she didn’t cooperate with us. Then we’ll get to know the answer!” Harvey prompted.

“Okay!” Mandy’s eyes lit up. She had never thought of this before.

At this moment, Zack’s face was even paler. He shouted. “Mandy! It’s a major embarrassment for the Zimmer family this time! Do you still want to humiliate yourself? You can accept such insults, but we—the Zimmer family can’t!”

Mandy glanced at Harvey.

Harvey smiled and said, “If you were to be punished for the rest of your life for something that you didn’t do, then would you stop making this call?!”

“Harvey, how dare you still interfere with the Zimmer family’s affairs? I’m gonna kill you!” Zack could no longer hold back this time. He rushed over and kicked toward the direction where Harvey was

standing.

Crack!

Harvey immediately kicked Zack's knee in the next moment. This wealthy young man who was only good at gambling and drinking could only scream and fell to the ground. He then wailed loudly.

“Harvey! How dare you!”

“You've gone too far!”

The people around were speaking out against Harvey, but his kick had frightened them, even the security guards were a little bit afraid to step forward.
