Chapter 589 Zac and Xavier's Ruse

After a pause, Xavier turned his head and looked at Troy.

"Troy has betrayed Matthew, so he will definitely be fired."

"That's interesting."

Zac was intrigued and waited for the man's explanation quietly.

"Last time in Castro, Matthew had sneaked into the castle for Veronica's sake, but he didn't inform Troy. Troy was then arrested

and tortured as a result, but he's gutsy. No matter how we tortured him, he never spilled any secrets. It was only when we

injected him with a special substance that we had him talking."
