Chapter 626 Antheena's Madness

"Miss Murphy, I always have a strong hatred for people who bite the hand that feeds them. I've saved your life, so I'm gonna kill you… so that we're even," said Antheena. Then, she raised her hand, aimed her Desert Eagle at Veronica, and fired at her.

At the sight of this, the bodyguard immediately stepped forward to shield Veronica with his body. "Watch out, Mrs. Kings!"

In the nick of time, Veronica shoved the bodyguard away with all her might and fell to the ground with him to dodge the bullet. However, as soon as she fell over, she saw the other bodyguard getting shot with no ability to fight back. The bodyguard collapsed, whereas the other two dodged the bullet by quickly hiding behind a big tree.

Lying prostrate in the thorny bushes, she aimed her gun at Antheena and her men and fired a few shots with quick precision, taking down two of the mercenaries.

The bodyguard who had fallen over with her quickly fought back by shooting the mercenaries. He said in a whisper, "Run, Mrs. Kings. We'll be hanging on here."

"Okay." Not daring to keep on fighting, Veronica hurriedly crawled away on her belly.
