

Her Billionaire 734

Chapter 734 Stick Up for Her

When the time came, it would be a piece of cake for Jayden and Shawn to kick Veronica out of the company. Skyler watched on as Jayden and Shawn were blatantly berating Shirley, and he couldn't help but feel annoyance surging within him. He glared at Shirley and snapped, "Don't you want to say something?"

D*mn it! Why do you become a dumb pushover when you are facing other people, but you are so hot-tempered when you are with me?! You only dare to be cocky and arrogant when you're with me, don't you?!

Shirley pouted slightly at his tone. Then, she turned to glare at Shawn and Jayden. "I'm here because of Miss Murphy's order. It's not up to you to decide whether I should stay or leave!"

Jayden and Shawn froze in disbelief. Apparently, they didn't expect Shirley to disregard Skyler.

"Hey, do you know who you offended? He is the son of the Robins Family, one of The Four Big Families of Bloomstead! So if you want to ruin your reputation, be my guest, but don't drag us into your mess!"

Shawn trembled in fear. "You're fired! Do you hear me?! You're fired! No one can help you this time." "Yes!" Jayden echoed.
