### Chapter 782 Eleanor Ledger

Considering Liam's silence, it was clear that he was unconscious. At that moment, everyone in attendance was shocked upon witnessing the scene.

Even Matthew, who had always been composed and levelheaded in the face of danger, looked at Xavier with shock and bewilderment. Although one could be selfish and easily jealous when in love with someone, he was still dismayed when he saw how Xavier cared for Veronica.

In the past, when Antheena hunted down Veronica in Primrose Residence, it was Xavier who protected Veronica and saved her life. Matthew would forever remember this and deeply knew that he owed Skyler a huge favor.

"Who dared to harm Liam?! Guards, investigate this matter thoroughly!" Eleanor bellowed sternly and then pointed at Matthew. "And you! How dare you hurt the Prince of the Hidden Clan! Guards, lock him up!"
