

HC Chapter 1001

Rong Yunyang closed the car door with a bang and quickly walked towards the little girl.

The little girl heard the sound and looked back, those big, dark eyes emitting a glazed light, reflecting Rong Yunyang's figure.

"Auntie, do you know how to get to the Golden Sun Orphanage?"

The little girl's voice was soft and sticky, like the sweetest milk sugar rolled in shredded coconut, sweet, yet not cloying.

Rong Yunyan's heart instantly melted into a puddle of water as she squatted down and said gently, "Of course I know, can auntie take you to the Golden Sun Orphanage?"

The little girl nodded graciously, "Thank you, Auntie!"

Rong Yunyan's heart softened and she couldn't resist picking the little girl up, putting the child carefully into the back seat of the car and carefully fastening the seat belt before asking softly, "Little one, why did you leave the orphanage alone?"

"Gogo said she wanted to eat candyfloss and gave me two dollars to come out and help buy candyfloss back." The little girl blinked and said, "Auntie, can we go buy cotton candy before we go back to the orphanage?"

Rong Yun dye held the steering wheel and smiled, "Of course you can, but you are still too young to come out to buy candyfloss by yourself in the future."

"But sister Guoguo wants to eat them so badly." The little girl twisted her fingers, "Sister Gogo even said that I could have a lick too."

Rong Yunyang's heart suddenly sank.

Such a cute little girl, why was she abandoned in the orphanage, even to take a bite of candyfloss, she had to rub against the other children

She looked at the child sitting behind her through the rearview mirror, and her heart felt as bad as a pinprick.

The little girl did not feel the least bit sorry for herself, blinking her grape-like eyes and saying, "Auntie, you are so gentle, even more gentle than the head gardener's mother, I like you very much."

Rong Yunyang smiled gently and said, "I like you too, what's your name?"

"My name is Little Grapes, because my eyes look like grapes, so Mother Gardener gave me that name, but-" the little girl sucked in her saliva, "I have never eaten grapes"

Rong Yun dye's fingers tightened.

In all the years she could remember, she had never dealt with such a small child, and she didn't know if all children were this cute, but she had really fallen into such a pair of grape-like, watery eyes

She had a sudden urge to adopt this child.

But she clearly knew that women who were not married could not adopt orphans

“Little Grapes, Auntie will take you to the shopping mall, buy whatever you like.”

She stopped the car in front of the nearest supermarket.

Little Grapes’ eyes shone brightly, “Auntie, I just need a marshmallow, sister Gogo is still waiting for me to go back.”

“It’s okay, auntie will drive you back later, it will be quick.” Rong Yunyang took her soft little hand and walked into the supermarket. She basically bought everything that children needed, and after a casual stroll, she bought a whole shopping cart full of things.

Little Grapes had a bitter face: “Auntie, I really don’t need so many things, the orphanage has everything.”

If they really had everything, how could they not have eaten grapes until they were over three years old?

HC Chapter 1002

Rong Yunyang suppressed the sourness in her heart and said with a smile, “Auntie sent you back with gifts for the other children, so consider these as gifts!”

Little Grapes nodded vigorously, “Thank you, Auntie!”

Rong Yunyang drove her all the way to the entrance of the orphanage.

It was a medium-sized orphanage in Yuncheng, rather shabby two houses, painted yellow and blue for children, many children were playing in the yard.

“Mother gardener, I’m back!”

Little Grapes pushed open the car door and rushed out, jumping into the arms of a woman in her forties.

“Little Grapes, you are so disobedient, where have you been all by yourself, do you know that everyone is frantic!” The head gardener deliberately lectured with a stern face, “If you do it again, you’ll see how I’ll punish you!”

Little Grapes spat out her tongue and turned her head to look at a five or six-year-old girl standing behind the director, “Sister Guoguo, I’ve bought you candyfloss.”

She turned her head and took a pink marshmallow from Rong Yunyan’s hand and handed it over.

Only then did the head gardener notice that someone had sent Little Grapes back and hurriedly walked over to her, “Thank you for making the trip to send Little Grapes back, this child is usually very obedient, and I don’t know why she sneaked out alone today.”

Rong Yunyang tenderly looked at the little girl’s figure: “She said she wanted to buy candyfloss for sister Gogo, and walked half of Yuncheng by herself with two dollars in her pocket

Before her words could fall, she saw the four or five year old Gogo suddenly slap over and slap the back of the little grape’s hand.

The pink marshmallow fell to the ground, staining it with many dusty grass clippings.

“Who told you to come back so soon!” Gogo’s emotions instantly crumbled and a light of indignation came out of those childish eyes.

Before the head gardener could react, Rong Yunyang rushed over in a single stride, hugged the little grapes who almost cried out into her arms and looked at the little girl in front of her with cold eyes, “Gogo, right, little grapes snuck out to buy candyfloss for you on purpose, and this is how you thank her?”

“Humph!”

Guoguo turned her head and ran away.

“That child!” The head gardener sighed, “These two kids used to be quite close, I really don’t know how Gogo’s temper is getting worse and worse”

Teardrops seeped out from under Little Grape’s eyes, “Sister Gogo said, I stole the likes of the head gardener’s mother, so she doesn’t like me, I wanted to make my sister like me, so I agreed to buy marshmallows for her, Why did I buy the marshmallows and Gogo-san still didn’t like me, Woo woo woo”

The little girl cried sadly.

Rong Yun dye’s heart was breaking, she sank a breath and said slowly, “Little grape, you are not chocolate or ice cream, how can you make everyone like it? If Sister Gogo doesn’t like you, aren’t there many other children, it’s enough that everyone likes you.”

The head gardener suddenly slapped her thigh: “I finally know why this girl Gogo suddenly tricked Little Grapes out, there will be a couple coming to see the children at the orphanage later, they want to adopt a girl, I think this girl Guo Guo has already known about this, because she knows that she is not as pretty as Little Grapes, so this is why she has set Little Grapes away”

Rong Yunyang only felt shuddering.

A girl who was only four or five years old could have such a deep heart.

Was it her nature, or had she gradually learned such tactics in the superior environment of the orphanage

If one day, Little Grapes becomes like this, it is like throwing a beautiful jade or jewel on the ground and smashing it

HC Chapter 1003

Rong Yunyang brought many snacks and toys that children like and the orphanage children were jumping and dancing with joy.

After dropping the little grapes off, she should have left.

But looking at the little girl’s glazed eyes, she suddenly felt reluctant to leave.

In half an hour there would be a couple coming to adopt the baby, and since the little grapes were so cute, there was a good chance that they would be adopted.

She was curious to know which couple would be the parents of little Grapes.

“Auntie Rong, can you spend more time with me?”

Little Grapes hooked her sleeve around Rong Yunyang’s and said pitifully.

Rong Yunyang picked her up: “Of course you can.”

Not far away, in the corner, there was a four-year-old child hiding, it was Gogo who had just left in anger.

In the past, she had been everyone’s favourite child at the orphanage, but as Little Grapes grew up day by day, everyone’s eyes fell on her.

Some of the uncles and aunts who came to the orphanage to offer their love and care were the first to give Little Grapes anything tasty and fun.

Every time a couple came to adopt a child, they were eager to take Little Grapes home with them.

But these couples all wanted to adopt boys, so for all these years, although she was jealous of Little Grapes, she never did anything too much.

Until yesterday, when she heard the mother of the head gardener say that the remaining boys at the orphanage were all physically handicapped, but one couple wanted to adopt a healthy child, so only a girl could be chosen.

She knew her chance had come.

So early in the morning, she tricked Little Grapes out, but now the couple who had adopted the child hadn’t even arrived yet, and Little Grapes was back.

And brought back such a beautiful and gentle aunt.

Seeing Rong Yunyang and Little Grapes hugging and talking intimately together, Guo Guo’s jealous eyes were almost dripping with water.

She came out from the corner and beckoned, “Little Grapes, come over here for a moment, I’ll apologise to you.”

Little Grapes hurriedly jumped off Rong Yunyang’s body, “Auntie Rong, I’ll go talk to sister Gogo, wait for me.”

As soon as she reached the corner, Little Grapes was dragged in by Guoguo.

“You’re very proud of yourself now aren’t you?” Gogo tugged at Little Grapes’ collar and said through gritted teeth, “Today you will have a mother and father, you will soon be able to leave the orphanage, aren’t you very happy?”

Little Grapes’ eyes widened, “Sister Gogo, didn’t you say you wanted to apologise to me?”

“It should be you who apologises to me!” Gogo lowered her voice, “You’re taking away my mum and dad, you’re taking away the home that belongs to me, you’re the worst kid in the world!”

“No, no, I’m not!” Little Grapes took a step back, “I don’t want to leave the orphanage, I don’t want to leave my mother the head gardener, I don’t want to leave so many little friends

“You’re lying!”

Gogo yanked her hard.

The biggest dream of all the children in the orphanage was to have a mommy and daddy, the biggest hope was to have a home of their own.

“You’re scratching me.”

Little Grapes shrank back a little in fear.

Guoguo gave another tug and a necklace hanging around Little Grapes’ neck was torn and fell to the ground.

It was a jasper-colored jade pendant with a dark auspicious cloud engraved on it.

Guoguo immediately picked it up: “If you snatch my mum and dad, this is mine! If I am adopted, this jade pendant will be returned to you!”

After she finished speaking, she turned her head and walked away.

HC Chapter 1004

The little grapes opened their big eyes and tried to force back their tears.

“Buzz!”

Rong Yunyang’s mobile phone vibrated.

After she answered the phone, she came over to the little girl with great regret: “Auntie suddenly has some urgent matters to deal with, so I’ll go back first, Little Grapes, give a kiss to Auntie to say goodbye, okay?”

Little Grapes threw her arms around her neck, “Auntie, I can’t let you go.”

She held back her tears when Gogo snatched her beloved necklace, but as soon as she thought of Auntie Rong leaving, her golden beans rolled down one by one.

“Good girl, don’t cry, Auntie Rong will come to see you again.”

“But, but sister Gogo said I might be adopted by mummy and daddy today, then I will never see Auntie Rong again

“Auntie Rong will come back to ask the head gardener where your new home is, so she can still visit you.” Rong Yunyang smiled, “You are so good and so cute, if you cry again you will become ugly.”

The little girl sucked her nose and held back her tears.

Rong Yunyang stroked her head and left with one step and three steps back.

No sooner had she left than a couple on a motorbike pulled up in front of the orphanage.

They were a couple in their thirties, the man wooden and honest, the woman virtuous and dignified, and as soon as they entered, they were treated with great hospitality by the director.

It would be a perfect ending for all parties if the children of the orphanage could be successfully adopted.

The director was keen to make this happen and the couple did want to adopt a child back, the remaining boys at the orphanage either had congenital heart defects or were deaf and mute After looking around, the couple finally locked their eyes on the little grape.

“Uncle and aunt, you adopt me.” Guoguo bumped Little Grapes’ shoulder, squeezing her out of the way and being the first to step out herself, “My name is Guoguo, I’ll be four soon, I’m very good and obedient, I can sweep the floor, I can wash clothes, I can work, please take me with you.”

Her eyes widened and she squeezed out a few tears.

The honest, mute man called Fan Ton, who always listened to his wife, turned his head and asked, “Xiao Ling, what do you think of this girl?”

Zhou Xiaoling shook her head gently, “She’s too resourceful and has a lot of heart, we can’t control her.”

She swept around the group of children.

All the girls had smiles on their faces and were looking at her with expectant eyes.

Except for

That girl was about three years old, wearing a goose-yellow dress that made her skin look white and soft, and the little girl had her head down, trying to reduce her presence.

From this angle, you could just see the little girl’s long, thickly curled eyelashes, like a small fan.

“I like this little girl.”

Zhou Xiaoling pointed, and when she saw her husband nod, she beckoned, “Little friend, come here and let auntie have a look.”

Little Grapes lifted her head, hesitant and indecisive.

“Little Grapes, come on over! Auntie likes you!” The head gardener urged.

Most of the couples who had come to adopt children in the past few years wanted boys, and it had been two or three years since a girl had been successfully adopted from the orphanage.

If little Grapes was successfully adopted, it should attract many couples without children to come.

Isn’t the biggest dream of the orphanage director to give every child a happy and complete home?

Little Grapes didn’t even dare to look at Gogo and moved over step by step.

“Your name is Little Grapes is it, you are so pretty, can you show auntie around the orphanage?” Zhou Xiaoling asked gently as she knelt down, the director had said that if she wanted to adopt the child, she would let the child take a walk around the orphanage to develop a relationship.

HC Chapter 1005

“Auntie, are you trying to adopt me as your daughter?”

Little Grapes asked with wide eyes and a single word.

Zhou Xiaoling froze for a moment, then smiled gently, “So, are you willing?”

Little Grapes pointed to Gogo on the side, “Sister Gogo is better behaved and more understanding than me, will Uncle and Auntie adopt Sister Gogo?”

She knew that Sister Guoguo wanted a home too much, wanted to have a mother and father too much.

She could give this opportunity to Sister Gogo.

“Little Grapes, what are you talking about!” The head gardener was deliberately stern-faced, “Auntie Zhou likes you, it’s your luck that has arrived, how can you still push your luck out.”

Little Grapes bowed her head and twisted her fingers uneasily.

“Humph! You all don’t like me!”

Gogo shouted lowly in anger, turned her head and ran away.

Fan Ton could not help but think to himself that his wife’s words were indeed right, that girl called Guoguo had too much heart and a lot of hostility in her eyes They could not afford to raise such a child in an ordinary family like theirs.

“Little grapes, auntie likes you and only you, such likes cannot be let come and go oh.” Zhou Xiaoling gently stroked the little girl’s soft fluffy hair, “If you like auntie too, will you give auntie and uncle a daughter? You will have your own room, you will go to kindergarten with other children, and you will have lots and lots of toys Most importantly, you will have a mommy and daddy and a warm home.”

Little Grape’s eyes lit up, “Will I really have a home of my own?”

“Of course!”

Zhou Xiaoling’s smile became more and more gentle.

Fan Ton also knelt down, “As long as you are Uncle and Auntie’s daughter, we will give you the best of everything in the world.”

Little Grapes smiled up and then nodded vigorously, “Daddy, Mommy!”

“That’s wonderful!” The head gardener smiled and said, “Ms Zhou and Mr Fan will go with me to do the adoption formalities.”

As the adults went about their business, Little Grapes searched everywhere for Gogo.

“Are you looking for me because you want this?” Gogo held up the auspicious cloud jade pendant necklace in her hand, “You stole my mum and dad, I took your necklace, that’s fair!”

Little Grapes choked up and said, “Mother Gardener said this is what my real mum and dad left me, will you give it back to me? When I go home with mummy and daddy, I’ll buy lots of delicious and fun things to bring over to you.”

“If I had been adopted, would I still need you to buy me things?” Gogo shouted angrily, “You’re a thief! You stole my mummy and daddy! I hate you!”

She threw the auspicious cloud jade pendant as hard as she could.

A whole bunch of children were playing in the yard and scattered in a heap, and eventually it was picked up by who knows who.

“Little Grapes, the formalities are done, from now on, you’ll have a mother and a father.” Zhou Xiaoling took the little girl’s soft hands, “Ya, why are your eyes red, who bullied you?”

The little girl’s lips opened and she was about to speak, but she held back.

It was something her real mum and dad had left her, and if her new parents knew she was still thinking of her real parents, it would be very upsetting, right?

“I’m fine, I just can’t let go of Mama Gardener.”

Little Grapes said good-naturedly.

The head gardener said with a smile, “You are such a sweet little girl, go back with your mum and dad and come and see your mum when you have time, don’t forget.”

HC Chapter 1006

“I will remember!”

Little Grapes was carried by Zhou Xiaoling and placed in the middle of the electric cart, her eyes looking very reluctantly towards the orphanage where she had lived for over two years.

When she grew up and had the ability, she would definitely give each of the children here a home.

.....

Rong Yunyang’s car was parked in front of the company.

As soon as she entered, the assistant greeted her, “Mr. Rong, the assistant of the president of Fu’s group is here personally.”

Rong Yunyang nodded her head, because the assistant had just called to tell her that Zheng Bei had come, which was why she had to leave from the orphanage.

She also wondered if the little grapes had been successfully adopted

She waved the thought away for now and walked calmly into the office, she put down her purse and grabbed a document before heading to the meeting room.

Zheng Bei was originally sitting comfortably sipping coffee, once he heard the sound of high heels approaching from afar, he hurriedly stood up, slightly hanging his head and said very respectfully, "Miss Rong."

His such an attitude did not make Rong Yunyang feel anything.

After all, yesterday in Fu Beiji's suite, this assistant Zheng's attitude was even more respectful.

Rong Yunyang felt normal, but the assistant beside her was petrified throughout.

The Fu Group was the world's top multinational conglomerate, and Fu's president was the most admired presence wherever he went, and the special assistant by Mr. Fu's side, ostensibly an assistant, was actually in charge of many of the decision-making affairs of this large group It can be said that even when the mayor of Yuncheng meets Special Assistant Zheng, he needs to be courteous.

But it was such an assistant whose status had risen to a high level that when he saw their General Manager Rong, he actually lowered his head and was respectful to the extreme.

"General Manager Rong, this time I'm here because I want to talk to your company about a cooperation." Zheng Bei pushed a document over, "This is a new type of AI development project, if Mr. Rong thinks it's okay, we can negotiate further in depth."

Rong Yunyang waved her hand for her assistant to go out, before saying slowly, "You are Mr. Fu's assistant, and I will soon become his secretary, such a status of mine is not suitable to be a partner of Fu's group, right?"

"Miss Rong's company's several projects Mr. Fu personally went through, Mr. Fu admired Miss Rong's ability, that's why he asked me to come over to talk about cooperation." Zheng Bei opened his mouth, "The final profit will be split thirty-seven"

Rong Yunyang frowned.

If it was really according to this split ratio, then she could not earn much.

"Seven for you, three for Fu." Zheng Bei spoke unhurriedly, "If Miss Rong thinks it's still not working, Fu can take another step back."

Rong Yunyang wrapped her hands around her chest and looked at Zheng Bei in a good mood.

Fu's was the initiator of the project and should have taken the lion's share of the profits, but now she could back down to this step.

She was becoming more and more convinced of her intuition, that Mr. Fu, was here for her.

Step by step, carefully laid out to lure her to Haicheng and force her to give in.

But her, was it worth it?

Rong Yunyan's quiet gaze made Zheng Bei's scalp tingle a little.

Mr. Fu had asked him to negotiate this cooperation, no matter how big the profit was, but he found it difficult to accomplish this task.

The main thing is that the young lady is too intelligent and should have sensed that something was wrong

“That, Miss Rong” Zheng Bei coughed and said, “I know you should be very confused about Mr. Fu’s decision, I suggest you agree to cooperate and then go to Mr. Fu to ask him personally, I believe Mr. Fu will be happy to answer any questions you may have.”

HC Chapter 1007

After thinking for less than three seconds, Rong Yunyang signed the contract sharply.

In half a month’s time, she was going to work as a secretary for that man in Haicheng, and the profit from this project would be considered as a payment to her for her hard work.

Zheng Bei let out a huge sigh of relief, “Then Miss Rong, see you in half a month.”

Rong Yunyang smiled, “It shouldn’t take half a month, I’m going to attend the Internet Expo in Haicheng in two days.”

“That’s great.” Zheng Bei rose up with heartfelt joy, “You will be personally received by our Fu’s at that time.”

“Then let’s say thank you in advance.”

Rong Yunyang smiled as she sent Zheng Bei out.

Since the matter of being a secretary to Fu’s president was unavoidable, she had to first understand clearly in advance what kind of person that man really was.

Only by knowing herself and her opponent would she not put herself in a passive position.

Sea City.

The Fu family villa is located in a secluded halfway up the hill, standing on the balcony and looking out to sea, sitting at the entrance and enjoying the green sea.

In the living room someone is playing a gentle piano piece, quiet and beautiful.

The little girl in a white princess dress sat at the piano, her eyes slightly closed, her body swaying rhythmically to the tune.

“Big brother, do you feel that Yinyin has been a bit off these two days?” Fu Ziling closed the book in his hand and lowered his voice.

Fu Zi Yan nodded, “Yinyin has two more shows on her tour and she has cancelled them both.”

“Yinyin seems to be preoccupied.” Fu Jingzhan spoke slowly, “I asked her about it, but she didn’t want to talk about it.”

The rhythm of the piano piece suddenly became low and slow, as if the waves were lapping heavily on the rocks, making people’s moods inexplicably low as well.

Fu Ziling got up and walked over, “Sister, stop playing the piano and have a chat with your brothers.”

Fu Yinyin's fingers stopped and the music came to an abrupt halt.

She raised her head, her eyes permeated with a watery mist, dense with water, as if she would cry out in the next moment.

"Yinyin, what's wrong?"

Fu Ziling's hands and feet were in a hurry, and he hurriedly wiped Fu Yinyin's tears.

Fu Ziyang and Fu Jingzhan also came quickly, and the three boys surrounded their sister, each with worried anxiety on their faces.

"I'm fine" Fu Yinyin's voice was a little hoarse, "I just miss mummy"

The moment the word mommy came out, the living room fell silent, and the silence spread, almost suffocating Fu Ziling.

"It's all my fault" Fu Ziling's hand propped up his forehead, blocking out the emotions under his eyes, "That night four years ago, it was me crying out that scared Mommy, it was me who pissed Mommy off" Mummy disappeared for four years and never came back, Mummy didn't want us anymore"

"Second brother, don't talk nonsense." Fu Yin Yin interrupted, "There's no way Mommy didn't want us."

"But why hasn't Mommy come back for four years?" Fu Ziling had tears in his eyes, "If Mummy still loved us, if Mummy still wanted us, why didn't she come back to take a look" She didn't know that we were going crazy thinking about her? No, this can't be blamed on mommy, it's my fault, four years of that night, why did I"

Fu Yinyin gripped Fu Ziling's hand hard.

That night four years ago, Mummy stood in front of Er's bed with a fruit knife, Er cried out in fear and Mummy ran away in the middle of the night.

From then on, Mummy never came back.

So that night became a nightmare that he could never forget.

Er always felt that Mummy never came back because of what happened that night

HC Chapter 1008

"Second brother, it's nothing to do with you" Fu Yinyin hugged him, "It's not that Mummy won't come back, it's that Mummy doesn't have the means to come back"

Fu Jingzhan's eyes narrowed, "Yinyin, what do you mean by that?"

Fu YinYin raised her head and looked at the three brothers in front of her and said squarely, "Have you ever thought that it's actually because something happened to Mommy that she couldn't come back?"

"Impossible!" Fu Ziyang coldly denied, "There is no way that something could happen to Mummy, it's impossible!"

He would rather Mummy never come back than for something to happen to her He hoped that mommy was alive and well somewhere in the world

“Big brother, where are you going with this, I mean It’s possible that mommy has lost her memory.” Fu Yinyin pursed her pink lips, “Because of the memory loss, because of forgetting us, forgetting daddy, so mummy can’t find her way home”

Fu Jingzhan looked at her and said in a slow voice, “Yinyin, do you know something?”

“I”

Fu Yinyin was a little dumbfounded.

The results of the paternity test report hadn’t come out yet, and she didn’t know if the person she saw that day was her mommy.

Although she felt that it was 100%, what if it wasn’t?

In the past four years, they had been disappointed too many times. Every time someone said there was a person who looked like Mummy in any place, the four of them would rush there overnight, only to return disappointed every time.

She didn’t want to see her three brothers disappointed again.

When the results came back, she would surprise her brothers again!

“Daddy says there’s news, but it’s not certain yet.” Fu Yinyin twisted her fingers and said, “We’ve waited for four years, we don’t care to wait for a few more days.”

Fu Jingzhan nodded, “Yinyin, you’re tired too, go upstairs and rest.”

Fu Yinyin was afraid that her three brothers would see what was going on, so she hurriedly lifted her steps and went upstairs.

“No, I have to go to daddy and ask for clarification!” Fu Ziling took out his mobile phone and was about to call.

Fu Jingzhan pressed his hand, “Can’t you see, just now Yinyin was lying.”

When his sister lied, she would twist her fingers uneasily, this was a habit she had developed since she was a child, and she couldn’t change it.

“Why would Yinyin lie?” Fu Ziyan said with narrowed eyes, “If Mummy has news, she shouldn’t hide it from us.”

Fu Jingzhan said in a light voice, “Second brother, call Uncle Zheng and ask Daddy about his schedule for the next two days.”

Fu Ziling immediately nodded and did as he was told, and three minutes later, he came over and said, “Uncle Zheng said that Daddy is in Yuncheng on business for the next two days, but will be back soon.”

“Yinyin also went to Yuncheng two days ago.” Fu Ziyan frowned, “Could it be that Mummy is in Yuncheng?”

“There is that possibility!” A light appeared in Fu Jingzhan’s dark eyes, “I’ll send someone to Yuncheng to ask for information.”

As the day grew dark, the four children of the Fu family were unable to sleep.

Fu Ziling leaned on the sofa in his room, holding a simulated real-life AI intelligent robot in his arms.

“Mummy Mummy, sing me a children’s song.”

“Okay little Ling Ling, Mommy will sing you a song called ‘Only Mommy is Good in the World’.”

The robot’s voice was so gentle, exactly the same as the tone Ye Yunla once had.

The robot’s face, made of silicone, was the exact same smile as Ye Yunla’s, and it gently raised its arm, patting Fu Ziling’s back as the soothing children’s song echoed quietly in the room.

In front of the window in the next room, Fu Jingzhan stood quietly.

He wasn’t as naive as Fu Ziling and wouldn’t purposely find someone to make a robot that looked exactly like Mummy, but he also longed to hear Mummy’s voice, so every night he would stand here and quietly listen to Mummy sing a song

HC Chapter 1009

The plane swept through the clouds and landed at Haicheng Airport.

“Finally, we’re here!” Rong Himei was full of excitement, “Big brother, you can take me out for a stroll later, I heard there is a place in Hai Cheng”

“If you want to go shopping, you can go shopping yourself.” Rong Fang frowned, “First go to the flat to put your luggage, after packing, you love to do what you love.”

Rong Himei said unhappily, “My mother said for you to take good care of me, how can you leave me alone?”

Rong Fang gave her a look, “Yanyan and I are both here in Haicheng for business, what about you, what are you here for, don’t get in the way of our business.”

“Hmph!”

Rong Himei dragged her suitcase and took the lead in walking forward.

Rong Fang shook his head helplessly.

This cousin, who had always caused trouble since she was young, was not much better at causing trouble than Rong Zhe at all.

I really don’t know why second aunt would agree to let this cousin come to Haicheng with her.

She is already twenty-two years old, and adults must learn to take responsibility for themselves.

The Rong family had purchased a flat in Haicheng earlier in the year, with three bedrooms and a living room, so the three siblings could live there.

The flat was in the centre of Haicheng, and standing at the window opening one could see the charming and dazzling night view of Haicheng.

Sitting on the balcony, Rong Him Yew's eyes were full of awe.

She was a native of Yuncheng and had always felt that the Rong family was rich and powerful, considered a big family.

Only when she arrived at Hai Cheng did she realise that the Rong family was nothing at all. It could be said that any family at the bottom of Hai Cheng's ranking could step on the Rong family.

The Feng family, which was the number one family in Yuncheng at the beginning, is now completely inadequate in her eyes.

When she was about to say a few words, she saw Rong Yunyang taking out an evening dress from her suitcase and hanging it on a hanger to iron.

"Sister, why did you bring an evening dress here?"

Rong Yunyang said in a light voice: "There's a fair at seven o'clock in the evening and I've been invited."

"I've never been to a business dinner in Hai Cheng before, Sister, why don't you take me to see the world?" Rong Hengyu hurriedly came over, "Don't worry, I definitely won't embarrass you, just take me with you."

Rong Yunyang pulled out her entangled arm, "Next time, I'll take you to a charity dinner to see the world, but not today."

Tonight was a formal business party, bringing a burden would distract her.

"If you don't bring it, you don't bring it." Rong Himawari's eyes rolled, "I'll go out for a stroll on my own."

She turned and walked towards the living room, seeing the leather bag belonging to Rong Yunyang hanging on the wall, she surreptitiously rummaged through it and found an invitation.

If she wasn't going to be invited, then she would go secretly!

Even an adopted daughter could be invited to this kind of business party, so naturally she, the proper Miss Rong family, could also go.

Rong Xiyu tucked the invitation into her pocket and went back to her room to put on her make-up, humming a song.

Rong Yunyang ironed her dress and went back to her room to change into it.

It was a tight-fitting black silk gown with silver tassels that glittered in the light, like a sparkling lake or a broken galaxy.

She went out gracefully in her evening gown and took a taxi to the location of the party.

Four years later the internet smart industry has grown to an unprecedented level, attracting countless people to invest in the pursuit.

This is the biennial Internet Expo, where the industry's leading investors, technology pioneers and business giants Basically, they all came.

As soon as Rong Yunyang appeared at the entrance of the banquet hall, she attracted countless gazes.

With her stunning features, decadent makeup and stunning figure, she was a beautiful to the extreme landscape as she walked down the red carpet.

"When did Sea City get a big beauty like this?"

"Why do I feel like some big star is here, the beauty is really glorious, one can only sigh at oneself."

"If she was really a big star, there would have been reporters surrounding her long ago, okay? Maybe she's a foreigner, I've never seen her in Haicheng anyway."

HC Chapter 1010

"There is another beautiful woman in Hai Cheng, I don't know which male young master's heart will be seduced again"

Rong Yunyang had long been used to such gazes.

Every time she followed Bai Xiaoyu to a banquet in the past three years, she would always become the focus of men's gazes.

She didn't care about the emotions in those gazes, still calmly stepping on her high heels as she walked to the entrance of the banquet hall.

"This young lady, please show your invitation."

The waiter at the door said in a routine manner.

The sharp-eyed people around immediately came over, as long as they saw the invitation, they could guess the name of this gorgeous woman

The first thing you need to do is to get your own personalized copy.

She looked down and searched around in her bag again, but still couldn't find it.

The eyes of the people around her immediately changed.

"Coming to a dinner party without an invitation, you can't be the kind of woman who specialises in catching golden boys, can you?"

"Women nowadays don't really think that just because they look better, they can successfully marry a rich man and jump up the ladder, do they?"

"Who knows what these women are thinking"

"....."

The attendant at the door spoke hesitantly, "If you don't have an invitation, according to the rules, you can't enter the venue."

Rong Yunyang pulled back her lips and smiled, "It's alright, I'll make a phone call."

The organiser had invited her over, so if she called the person in charge, someone would naturally come out and take her in.

She had just taken a step back to the side.

There was a sudden commotion from the crowd.

"Oh my God!"

"Who did I see?"

"Fu Beijue, the president of the Fu Group, how long has it been since he's been in public!"

"I haven't seen him show up for three or four years, what's the deal today, how come he's here at a party like this?"

"Fu's has invested a lot in the internet intelligence industry over the past few years, it's not unusual for him to come to this expo!"

"....."

Amidst the various voices of the crowd, that figure was getting closer and closer.

Four or five bodyguards squeezed the crowd apart to make a path, and the man stepped on the red carpet, walking towards her step by step.

His hawk-like eyes shone with sharpness, and his aura spread out everywhere he went.

All those who were talking about him shut their mouths, and so, under all the attention, he walked in front of Rong Yunyan.

"She is my female companion." Fu Beijiu spoke coldly, seeing the waiter dumbfounded, he pursed his thin lips, "What, do I need to show an invitation too?"

Only then did the waiter respond, "Mr. Fu, please come inside."

The president of the Fu Group, this is a big person who cannot even be invited, how dare he ask for an invitation.

Fu Beijiu faintly glanced sideways, his cold voice inexplicably softened: "Miss Rong, let's go, go in together."

"Thank you, Mr. Fu, for relieving the situation."

Rong Yunyang smiled graciously and followed Fu Beijue towards the banquet hall.

Until the two figures disappeared at the entrance of the banquet hall, the crowd, which was as quiet as a chicken, suddenly burst out in chatter.

"Oh my, that woman and the president of the Fu Group know each other!"
