

HC Chapter 101

Ye Yunla rushed to the ROCK bar and pushed open the door of the booth to enter, and saw Feng Chengyu tied up and thrown on the floor.

“Little LaLa, you’re finally here

Feng Chengyu squirmed over like a caterpillar.

Then, he was kicked to the side by a man in black.

The man in black walked over with a cigarette in his mouth, “Did you bring the money?”

Ye Yunla threw the box in her hand over, “Five million, not a penny less.”

The man in black threw the case into the hands of his brothers behind him and asked them to inspect the goods, a group of people inspected the goods for a full ten minutes before calling it a day.

Ye Yunla tugged Feng Chengyu’s collar and headed out of the private room.

“Little Yara, I was wrong, don’t be angry, I’ll never come to this kind of place to play again

“Angry with you? Heh, do I have that much time on my hands?” Ye Yunla pushed him hard, “I’m warning you, next time you encounter something like this, don’t call me!”

Such a big living man, all of twenty-five years old, actually being jumped by someone fairy, who would believe it if it was said out loud?

It wasn’t because this douchebag was horny, or else how would he have jumped into someone else’s trap?

When Ye Yunla looked at him now, she only felt dirty in every way, she gritted her teeth and said, “Counting the cost of lost wages, you’ll pay me back a total of six million.”

She finished her sentence and left.

Feng Chengyu stumbled and stumbled to follow her.

He was the youngest master of the Feng family, and it was also the first time he had been jumped by an immortal, and his internal organs were aching with anger.

But seeing that Ye Yunla was angry, he couldn’t care less about cursing those who had pitched him, and hurriedly and quickly chased after him.

But he had been drinking and had been beaten up, so when he took a quick step he became unsteady and then stumbled and fell to the ground, causing a large group of people around him to laugh.

Ye Yunla was simply furious.

Being surrounded by so many people, she felt that she had lost her face to the Pacific Ocean.

She walked over and kicked Feng Chengyu in the buttocks: “Get up, quick!”

Feng Chengyu covered his knee and said pitifully, “Little Lara, I can’t walk anymore, come and help me.”

Ye Yunla swept a glance at him, there were still scratches and hickeys from the woman on her neck, she was really afraid of getting her hands dirty.

She said without good humour, "Fine, you love to lose face, just continue to stay here."

With a cold face, she continued to walk outside.

But suddenly, she felt a strong gaze on her.

She followed the gaze.

She was instantly dumbfounded.

It was actually Fu Beijiu and his group.

Such a humiliating scene had actually been seen by this group of people.

Ye Yunla cursed Feng Chengyu again in her heart!

She thought that she should go over and say hello to Fu Beijiu and the others, after all, they had just become business partners today.

But before she could even take a step, Feng Chengyu got up from the ground and hung on to her.

"Little Lara, I really don't have the strength anymore, help me up, I'll pay you six million dollars for it or not"

His face was very unpleasant and he seemed to be really very uncomfortable.

Although Ye Yunla disliked him, she didn't want him to be unwell.

After she nodded at Fu Beijiu across the air, she led Feng Chengyu towards the outside of the bar.

The two figures quickly disappeared at the door.

HC Chapter 102

Sun Yan downed a glass of wine, his face full of regret.

Wang Changqing stared at him, "What do you want to say, better take it easy."

He said, giving Fu Beijue a meaningful glance.

"The man who was just with Ye Yunla you may not know, but I've heard his fancy name a lot." Sun Yan shook his head and said, "He is from M, a typical rich second generation, nicknamed the Prince of Love, the women around him are never the same. In front of this Young Master Feng, I, Sun Er Shao, wouldn't dare to call myself a playboy."

Wang Changqing looked unconvinced, "There's actually someone more flamboyant than you?"

"This woman Ye Yunla is so hard to mess with, but she still fell into Feng Chengyu's hands." Sun Yan sighed, "It's a pity that such a beautiful woman is matched with Feng Cheng Yu. The owner of the bar just said that a rich young man was jumped by an immortal, and it seems to be Feng Cheng Yu, so you can imagine what kind of goods this young master Feng is."

Fu Beijiu swept his eyebrows coldly: "Who told you that she fell into Feng Chengyu's hands?"

"Isn't that obvious?" Sun Yan said, "Two people going out together in an embrace must be lovers."

Fu Beijue's face went cold: "There's no way she'd look at someone like that."

He had come to drink tonight, originally to relieve his boredom.

But seeing that scene just now made his mood even worse.

He threw back his neck and poured down another glass of wine.

Sun Yan and Wang Changqing couldn't help but look at each other, this was using wine to dispel his sorrow?

"Hey, Bei Jue, you're not in love with Ye Yunla, are you?" Sun Yan lowered his voice and asked.

In their circle, it was normal to have fun.

Which woman one was interested in today, one might change the object tomorrow.

For example, he was indeed interested in Ye Yunla, but if Ye Yunla didn't give a damn about him, he could immediately change his date.

But Fu Beijue...

After knowing each other for so long, it was the first time I saw this guy interested in women.

"Beijue, if you really like Ye Yunla, brother I'll help you chase her down." Sun Yan patted his chest, "With me around, that Feng Cheng Yu's step aside."

Fu Beijiu's thin lips coldly threw down a sentence, "If you want to be a stepfather to someone, just go after them."

Sun Yan cut out a cry.

This guy, he obviously had a tough mouth!

He clinked his glass with Wang Changqing and said with deliberate gusto, "Changqing, do you think Ye Yunla's family is a daughter or a son, if it's a daughter it would be great, if I chase after her, wouldn't that be one more sweet little darling? Why, even for this, I have to step up my efforts to outdo Feng Chengyu."

With every word he said, Fu Beijue's face darkened.

.....

Ye Yunla finally brought Feng Chengyu home after wasting nine oxen and two tigers of effort.

She threw the person on the sofa and didn't want to care anymore.

But Feng Chengyu tugged on her wrist and begged pitifully, "Little Lara, I'm so sick, feed me some hot water Get some more hot water to wipe me off, I'm so dizzy"

Ye Yunla really wanted to throw him out.

But when she thought that this guy didn't know many people in Haicheng, she had to resign herself to fetching water.

Ye Jingzhan came down from upstairs and at a glance saw the woman's hickeys on Feng Chengyu's body and the strong smell of pungent perfume.

His eyes narrowed and he asked, "Uncle Feng, what happened?"

"Little Jing'er, I'm so miserable!" Feng Chengyu cried, "I got drunk, was set up for an immortal jump, and was beaten up"

Ye Jingzhan, no matter how smart and precocious he was, still had a blind spot of knowledge that he didn't understand.

He frowned and said, "What's a fairy jump?"

"Feng Chengyu, shut up, don't teach my son a bad lesson!" Ye Yunla walked over and threw a hot towel at Feng Chengyu's face.

Ye Jingzhan took a step back and typed in the three words Immortal Jump on his smartwatch.

Then, his face grimaced down to the naked eye.

HC Chapter 103

From the time Ye Jingzhan understood, Feng Chengyu was the person in their circle of life.

Sometimes when Mummy was busy with her life, Uncle Feng would come over to take them to school and would often take them out to play.

Many of the neighbours around misunderstood Uncle Feng as their father.

He knew that sooner or later they would return home, so he didn't dare to think too much about it.

But a few days ago, Uncle Feng suddenly appeared in their world, and he thought, if Uncle Feng could marry Mummy, then wouldn't there be one more person to protect Mummy?

But now, all the fantasies were shattered.

Uncle Feng had actually had that kind of affair with another woman, and even asked Mummy to go over there to relieve himself.

Ye Jingzhan regretted very much that he had called Feng Chengyu a daddy that day.

He walked up and said indifferently, "Mummy, you go and get busy, I'll rub Uncle Feng's body."

Although Ye Yunla disliked Feng Chengyu, she did not want to let her son do such a thing.

As she wrung out the towel, she said, "It's getting late, hurry up and get some rest."

"Mummy, my sister just shouted that she was hungry, go and order a bowl of noodles for my sister, leave this to me."

Ye Jingzhan said without moving.

Obviously, Little Yinyin's needs always came first.

Ye Yunla threw down the towel and went to the kitchen.

Ye Jingzhan picked up the towel and pressed it heavily on Feng Chengyu's face.

Feng Chengyu had been drinking and had already fallen asleep drunk, but he was smothered by this towel and was mostly awake.

"Little Jing'er, what are you doing, you almost suffocated me, do you know that?"

Ye Jingzhan said calmly, "Uncle Feng, you've been in Haicheng for three days, let's go back to M tomorrow."

Underneath this calm face of his, there were emotions that Feng Chengyu could not understand.

He pressed his stuffy brain and said unhappily, "Jing'er, your mother didn't even kick me out, what are you doing?"

"If you stay in Haicheng, you'll only cause trouble for Mummy, Mummy has to work and take care of me and my sister, it's already hard enough."

"I'm wrong Jing'er" Feng Chengyu instantly conceded, "Tonight was an accident, I promise, it will never happen again! Good Jing'er, didn't you even call me daddy, don't worry, I will take up the responsibility of being a daddy and protect you guys!"

"I called you daddy because I really wanted Uncle Feng to be a daddy to me and my sister, but Uncle Feng, you let me down too much." Ye Jingzhan's face was still covered with calmness, "If you are not worthy of mummy, then you are not qualified to be my and Yinyin's daddy either, you can leave tomorrow morning."

Feng Chengyu's entire body froze.

Although he had often joked about marrying Ye Yunla and often said that he wanted to be the father of his two children, both he and Ye Yunla knew in their hearts that he had always been joking.

He had never thought that Jing'er would take it seriously.

If Jing'er had taken it seriously, then little Yinyin should have taken it seriously too.

In other words, the two children had looked forward to becoming a family with him.

But he had messed it up himself.

Feng Chengyu's wine had completely sobered up.

Four years ago, he had met the lonely and helpless Ye Yunla on the streets of M. The first time he had seen her, he had fallen in love with her.

But this woman's heart was made of stone, and he could not cover it up in any way.

Moreover, Ye Yunla felt that he had ill intentions and always ignored him.

Only later, after he finally had a girlfriend, did she reluctantly include him in her circle of life.

He kept trying to live in her world in such a clumsy way.

He had destroyed every possibility of being with her in order to paralyse her.

“Jing’er.” Feng Chengyu let out a bitter laugh, “I really don’t deserve your mummy, I know that better than anyone.”

He hadn’t thought of being worthy of her either.

HC Chapter 104

As long as he could be in her life.

But now, Jingles offered to let him go.

“I’ll buy the earliest flight to leave tomorrow.” Feng Chengyu pulled the blanket over his face, “I’m tired, go to sleep.”

Ye Jingzhan silently carried the water basin into the bathroom.

He felt guilty and self-condemned, and his small face had unease written all over it.

No matter what, Uncle Feng had lent a helping hand to Mummy when she was in distress, yet he wanted to drive Uncle Feng away.

Wasn’t he being too selfish?

.....

Early the next morning, when Ye Yunla went downstairs to make breakfast, the sofa was empty.

And there was a note on the dining room table, “Little Yara, my father summoned, I’ll go back first, see you next time.”

The corner of Ye Yunla’s mouth tugged.

Although Feng Chengyu was a rich second generation, this guy acted unreliably and his bank card had been frozen long ago.

Yesterday, he had forcibly returned her six million dollars, and I was afraid that the Feng family had been alerted long ago.

The Feng family summoning him back was also within her expectation.

“Mummy, has Uncle Feng left?”

Ye Jingzhan asked softly as he walked downstairs holding little Yinyin.

Ye Yunla looked back and was startled: “Jing’er, what’s wrong with you, why are the dark circles under your eyes so frightening?”

Ye Jingzhan rubbed his eyes, “There were mosquitoes last night, they kept buzzing and kept waking me up.”

“I’ll go and spray some medicine later.” Ye Yunla rubbed his hair, “You two hurry up and eat breakfast, then go to kindergarten.”

Ye Jingzhan was full of preoccupations, and as he nibbled on his bread, he asked, “Mummy, did Uncle Feng say anything to you before he left?”

“That guy runs around the world all year round, it’s a rare thing for him to stay in Haicheng for three days.” Ye Yunla said indifferently, “If you miss him, give him a call in a few days, he should fly over to see you.”

Ye Jingzhan shook his head, “No, I’m just asking.”

After breakfast, Ye Yunla drove the two children to the kindergarten.

Meanwhile, Ye Xue Ying took the car to Golden Sun Kindergarten.

Fu Ziling’s kindergarten teacher had called her and asked her to go to the school to pick up all of Fu Ziling’s books, clothes and toys.

She hadn’t wanted to make the trip, but had to come in person in order to repair her relationship with the two children.

She picked up her things from the teacher’s office and had just got into her car when she saw a red sports car parked in front of the kindergarten.

She had a red sports car of her own and couldn’t help but look at it twice.

Then, she saw Ye Yunla walking down with a child in her hand.

It was a girl.

White and soft-looking, pink and charming, she looked exactly the same as Ye Yunla when she was a child!

Ye Xue Ying’s eyes jawed wide!

Even without any evidence, she could conclude that this girl, must be Ye Yunla’s daughter!

This little girl, who looked three or four years old.

Could it be that immediately after Ye Yunla left the country four years ago, she had hooked up with some man again and had given birth to this little wild child?

Ye Xue Ying’s gaze clouded over.

She was about to take a closer look when the kindergarten’s school bus suddenly stopped at the entrance, blocking her view.

By the time the bus drove away, Ye Yunla’s figure had long since disappeared.

Ye Xueying even wondered if she had been mistaken.

HC Chapter 105

Ye Xue Ying took Fu Zi Ling's things and went straight to the Fu family.

As soon as she got out of the car, she saw Fu Zi Yan walking out with a condensed face.

"Zi Yan."

Ye Xue Ying greeted her with big steps.

"Mother." Fu Zi Yan greeted politely, "Ziling is in the bedroom, mother had better not go up to the first floor."

Where there was Fu Zi Ling, Ye Xue Ying was not to go if she could.

Because that young master had never put her in the bottom of his eyes, there was no way she would go and make a fool of herself.

Ye Xue Ying handed the things in her hand to housekeeper Qiao and said softly, "Zi Yan, I have something I want to ask you for a favour."

Fu Ziyan pursed his lips, "Please speak."

"Zi Yan, I know your father has given you quite a few people, can you ask those people to help me look into Ye Yunla" Ye Xueying sighed with a sad expression, "Now Ye Yunla is the third largest shareholder of Ye Group, her every word and action affects Ye's share price" But I saw a little girl shouting for her mother this morning" She's not married yet, how can she have a child"

Fu Ziyan narrowed his eyes, "Mother wants me to check Ye Yunla's privacy?"

"Her privacy is closely related to Ye's group, find out before it's too late your grandfather can also prepare before it's too late." Ye Xueying sighed quietly, "I know this matter has made things difficult for you, forget it, I'll just send someone to check it out myself"

"Okay, I'll check for you."

Fu Ziyan nodded blandly.

"You guys are going too far!" Fu Zi Ling suddenly came downstairs, glaring at the two people in front of him with a face full of anger, "What does it have to do with you guys whether Auntie Yunla is married or not, whether she has children or not? It's against the law for you to snoop on other people's privacy in private! I'm going to have Uncle Police take you away, you bad witch!"

He rushed over in anger and gave Ye Xueying a strong push.

Ye Xueying stumbled back a step in her high heels, she held onto the railing to steady her body and said in a shocked voice, "Little Ling Ling, what did you just call Ye Yunla?"

Auntie Yunara?

Had she misheard?

Little Ling Ling was such a naughty and mischievous child, she had always shouted at her, either calling her a bad woman or a big witch

But now, little Ling Ling actually called Ye Yunla aunt

Ye Xueying's face was full of disbelief, she squatted down and pressed Fu Ziling's shoulders hard: "When did you meet Ye Yunla? She has ulterior motives for the Ye family, she came back this time just to get back at me! You are my son, the child I gave birth to in October, she approached you to get back at me! Little Ling Ling, come to your senses, don't be fooled by this bitch Ye Yunla!"

"You're the bitch!"

Fu Ziling pushed him away with force.

This time, he used all the strength in his body, and Ye Xue Ying was caught off guard, and his whole body fell backwards.

"Fu Ziling, what are you doing?!"

Fu Zi Yan shouted angrily.

Calling his own mother a bitch and doing it to his own mother, how had his brother become like this?

"Fu Ziling, on the count of three, help your mother up."

"I won't!" Fu Ziling raised his chin stubbornly, "If you want to set up Auntie Yunla, then you are my enemies! I'll never care about you guys again! Hmph!"

He turned around and stomped upstairs.

Ye Xue Ying's heart felt as if it was being pinched, and trepidation struck in all directions.

Ye Yunla, this little bitch, had only just returned to China, and she had managed to make Fu Ziling turn into this way for her

Is this the blood tie between biological mother and son?

Ye Xue Ying raised her head, her lips trembling as she spoke, "Zi Yan, have you, have you seen Ye Yunla?"

Fu Ziling's dark eyes narrowed: "Mother, are you afraid? Can you tell me what you are afraid of?"

HC Chapter 106

"I"

Ye Xueying grabbed her collar.

Of course she was afraid!

She was afraid that Ye Yunla knew the true identities of the Fu family's two young masters!

She was afraid that the Fu family would know everything that had happened four years ago!

She was afraid of all the beautiful dreams that had been shattered over the past four years

Ye Xue Ying bit her lower lip and used all her strength to suppress her fear and anxiety.

“Zi Yan I’m scared” She stepped forward and took hold of Fu Ziling’s tiny hand, “Although Ye Yunla and I are half-sisters, the grudge between us is too deep to be resolved She will not rest easily this time when she returns to China, she will definitely get at you two brothers”

She lowered her eyes and slowly continued, “I asked you to look into the matter of Ye Yunla’s child because I wanted to hold Ye Yunla’s hand so that she wouldn’t dare to mess around Who knew that little Ling Ling would misunderstand me like this. I’m not sure if I’m going to be able to do this. You and little Ling Ling are Fu’s children, Ye Yunla should not dare to lay a hand on you, it’s my worry for nothing, I’ll leave now”

She raised her hand and stroked Fu Ziyang’s hair, turned and walked out.

Fu Ziyang pursed his lips.

He thought of the first moment he saw Ye Yunla that day.

It was like someone who had never seen snow before, seeing heavy snow falling for the first time, full of surprise.

But what followed was a biting coldness.

Even he could develop such a strong feeling for Ye Yunla, and it went without saying for Fu Ziling.

Fu Ziling was a bit stupid and would definitely step into Ye Yunla’s trap.

He had to get that woman to reveal her true colors between the time Fu Ziling fell into it.

.....

Ye Yunla had a busy day and went to pick up her children from kindergarten at the end of the day.

The road conditions were good today, no traffic jams, and she arrived at the kindergarten entrance five minutes early.

She sat in the driver’s seat and waited, but suddenly saw a sneaky person hiding behind a large banyan tree in front of the kindergarten.

She squinted her eyes for a few seconds and her eyebrows sank sharply.

It was Ye Xueying!

What was this woman doing in the kindergarten?

Could it be that Ye Xue Ying knew about the existence of Little Jing’er and Little Yinyin?

Ye Yunla’s eyebrows held a sharp edge as she pushed open the car door and stepped down.

She slammed the car door shut with force, making a loud thud.

Ye Xue Ying was already weak when she hid behind a tree, and when she heard the loud noise she subconsciously looked over and collided exactly with Ye Yunla’s eyes.

“Xue’er, what are you doing here?”

Ye Yunla's voice was gentle, but the light of her eyes was like a sharp blade.

Ye Xue Ying walked out with strong composure, the corners of her mouth curled into a smile, "Passing by, taking a look around."

"Really?" Ye Yunla sneered, "Then have you finished looking around?"

Ye Xueying slowly approached, she flicked her red-stained nails and suddenly sneered, "No wonder she didn't come back after five years abroad without a word, it turns out that she was bringing her child Tsk, just four years ago you gave birth to twin dead babies and then immediately seamlessly linked to a pregnancy with a daughter, Ye Yunara ah Ye Yunara, you say how can you be so slutty?"

Ye Yunla smiled instead of being angry, "Is that why you came to the nursery today?"

"Hehe, I just want everyone to see clearly how slutty the number one beauty of Hai Cheng is." Ye Xue Ying was full of ridicule, if word got out that Ye Yunla had given birth to another wild child, then the No.1 beauty of Hai Cheng would definitely become the biggest joke in town

HC Chapter 107

Just then, the kindergarten bell rang.

School was out.

A group of four and five year olds ran out of the school happily.

Ye Xueying lifted her finger and sneered, "Your daughter is out, she looks exactly like you when you were a child."

She sounded like she had seen little Yinyin countless times

"How those two sons of mine died four years ago has always been engraved in my heart, and one day, I will make you pay in blood." Ye Yunla grabbed Ye Xueying's collar, "If you dare to lay a hand on my daughter again, I will scrape the flesh off your body piece by piece!"

The hatred in her eyes was too thick, as if an endless fire was burning.

Ye Xue Ying's heart clenched for a moment.

She forced herself to be calm and said, "I am your own sister and the child's own sister-in-law, so how could I lay hands on her?"

She broke away from Ye Yunla's hand and took a step back, saying coldly, "I didn't prepare a meeting gift this time, so I won't say hello to your daughter, goodbye!"

After she finished speaking, she turned around and left.

She had only come here today for one purpose, and that was to confirm whether Ye Yunla really had a daughter.

Since this matter had been nailed down, there was nothing left to hold on to.

Ye Xueying drove away.

If she had been half a minute later, she would have seen Ye Jingzhan, who had come running over quickly.

Then she would have found out that the child also called Ye Yunla his mother.

What's more, she could have discovered that Ye Jingzhan and Fu Ziyang looked seven or eight percent similar

"Mommy, what's happening?"

Ye Jingzhan asked as he looked at Ye Yunla with an anxious face.

If there hadn't been too many children surrounding him and his sister just now, he would have rushed over to protect his mummy.

Ye Yunla smiled gently, "I ran into an acquaintance and had a chat, it's okay, let's go home."

Ye Jingzhan pursed his lips and couldn't resist speaking, "Mummy, that person just now was Ye Xueying, right?"

Ye Yunla fell silent.

Jing'er had been smart since he was young, she really couldn't hide anything from him.

She led the two children to the car and said slowly, "No matter what Ye Xueying wants to do, Mummy will protect you, don't be afraid."

Ye Jingzhan spoke, "The car that followed us last time was also Ye Xueying, right?"

Ye Yunla pretended to smile easily: "Last time was a misunderstanding, Little Jing'er, you're only four years old, so don't worry about adult matters."

Ye Jingzhan was very sensible and did not speak again.

Since mommy didn't want him to worry, then he would obediently listen to mommy's words.

There was no reaction from little Yinyin to the conversation between the two of them.

The pretty little girl leaned against the window, her pair of grape-like watery eyes staring out of the window.

This was the entrance to the kindergarten, and there were many cars, and Ye Yunla's car was driving very slowly.

Little Yinyin's eyes were suddenly drawn to a scene on the roadside.

A pug suddenly broke free from its harness and ran wildly everywhere, a little girl was so scared that she cried out.

"Baby, don't be afraid, daddy will protect you"

A man stepped forward and picked the little girl up.

The little girl's arms wrapped around the man's neck and broke into tears, "Daddy is a big hero, I'm not afraid of anything with daddy protecting me!"

The two of them walked away laughing.

Little Yinyin lay on the window, her two eyes filled with loss.

"Daddy"

She murmured softly.

The sound was small and tiny.

"Sister, did you just speak?"

Ye Jingzhan had good hearing and he turned his head to look at Little Yinyin.

HC Chapter 108

He found that his sister's face was wooden and her eyes were not very bright.

The sound of "Daddy" just now was like a hallucination that he had created out of thin air.

Little Yinyin had never even called her mommy, how could she call her daddy

He heard it wrong

After dinner, Ye Yunla helped little Yinyin take a bath and clean up, and put the little girl to bed.

Once Jing'er was three and understood, she didn't need to intervene in these matters. After settling little Yinyin, she returned to her study to continue working.

Her studio was in the preparatory stage, yet she already had two projects on her hands, one was the daily maintenance and subsequent update of Xie's group's smart products, and the other was the pre-design preparation for the A-F project

The latter project requires a lot of manpower, and she really doesn't know how to recruit, so it seems she can only ask her cousin for help

This busy, busy until late at night twelve o'clock.

Ye Yunla propped herself up and prepared to go wash up.

Suddenly –

"Ahhhhh-

A shriek came from Xiao Yingyin's room.

Ye Yunla violently pushed open the door of the next room and saw Little Yinyin rolling around in bed with a face full of pain.

"Yinyin, what's wrong with you, Mummy is here"

She rushed in and took the little girl into her arms.

She lowered her head and kept kissing the teardrops on Little Yum Yum's face, and it was only after ten minutes that Little Yum Yum finally calmed down.

"Mummy, did sister have a nightmare again?"

Ye Jingzhan stood in the doorway of the room, a face mostly shrouded in darkness.

Ye Yunla helped Little Yinyin cover up and walked out of the room, saying softly, "She hasn't had a nightmare in over a year, did something happen in kindergarten today?"

Two years ago when Little Yinyin had just turned two, she was at her busiest at work.

So she sent her two children to a childcare centre, but who knew that the teachers at that centre didn't have the slightest bit of professionalism.

After only three days in the nursery, Yinyin had nightmares for six months.

She was lucky to get Yinyin back in time, otherwise the consequences would have been unthinkable.

After that time, she never dared to send her children to school again

But today, Little Yinyin is having nightmares again. Could it be that this kindergarten that her first cousin helped her find is not working either?

"Mommy, the kindergarten is very good, teacher Yu likes sister, the children also like to be friends with sister, no one teases sister." Ye Jingzhan pursed his lips and said, "I think that my sister should have been scared."

Ye Yunla reacted, "You mean, frightened by Ye Xueying?"

Today when the children were dismissed from school, she was grabbing Ye Xueying by the collar, who had a grim look on her face.

Little Yinyin was born prematurely, her body was thin and she was particularly timid.

She shouldn't have gotten into a fight with Ye Xueying in front of the kindergarten.

Ye Yunla regretted a little as she sighed, "It was mummy's negligence, I'm sorry."

"Mummy, I should be the one to say sorry, if only I had blocked my sister's eyes in time."

Ye Jingzhan lowered his head with a self-condemned look.

Ye Yunla's heart was soft.

That night, she hugged Ye Jingzhan and slept in little Yinyin's cot all night.

Mother and son slept well together.

When she woke up, Ye Yinyin looked normal, except for her eyes which were a little swollen, she could not be seen to have cried last night.

Ye Yunla took the two children to the kindergarten and saw them follow their teacher into the classroom before she left.

The kindergarten had to do morning exercises in the morning, and the teacher of class 9, Yu Jiao, told all the children to gather.

When it was time for the head count, Yu Jiao was not so sure: "Where are Ye Jingzhan and Ye Yinyin, where did they go?"

The class leader raised his hand, "Teacher, Ye Yinyin disappeared half an hour ago, Ye Jingzhan went to look for his sister."

"What? Ye Yinyin has disappeared?"

Yu Jiao's face went white and she couldn't even stand up.

HC Chapter 109

The street was filled with traffic.

Ye Jingzhan looked anxiously to his left and right, and finally, he saw a little girl in a pink dress.

It was Little Yinyin!

He rushed towards her with a single bound.

Who knew that a sports car would come flying past him?

When the car drove away, Little Yinyin's figure disappeared.

Ye Jingzhan's head was sweating with anxiety.

When he came to the kindergarten this morning, he felt that something was wrong with his sister.

He pulled his sister and talked for a long, long time, but she didn't even react halfway.

Then he went to the toilet and when he came out again, his sister was gone.

If Mummy knew that his sister was missing from nursery, she would go crazy.

He had to get his sister back before Mummy knew!

Ye Jingzhan took a deep breath as he continued to walk along the road, looking for people shop by shop
.....

And at that moment, Little Yinyin got on a bus.

She was following a woman with a child onto the bus, and sat again next to the woman, who had a boy in her arms who kept sneaking glances at her.

She stared ahead without looking away, her pretty face devoid of any emotion.

After several sets of passengers got on and off the bus, Ye Yinyin finally got off at a station.

She went down alone, and the passengers on the bus hurriedly said, "Big sister, your daughter went down alone, why don't you go after her!"

The woman holding the child was shocked, "That's not my child!"

She was just wondering how such a beautiful child could not even have an adult with her.

“Huh? Not your family’s? Whose family is it then? It’s too careless of an adult to go out alone with such a pretty girl.”

“This child looks just over three years old, she’s too bold to ride the bus alone!”

“The little girl didn’t cry or make a fuss, so maybe she really did go out alone.”

“This little girl is quite smart

As the people on the bus talked, the car slowly drove away.

Ye Yinyin stood on the street, identifying directions left and right, then walked south for ten minutes before finally stopping at the entrance of a magnificent building.

It was a landmark building in Haicheng, the Fu Building.

The outer walls of the building were inlaid with glass, reflecting the skyscrapers of the entire city and looking majestic and inviolable.

Ye Yinyin stood at the entrance, and when she saw the four words Fu’s Mansion, this was when she decisively walked inside.

“This is not a playground, children are not allowed in!”

The security guard guarding the door dutifully blocked the entrance.

Ye Yinyin looked up at the security guard and bent down to get in under the guard’s arm.

“Hey! I said you can’t go in!”

The guard reached out and grabbed her by the back of the collar.

Ye YinYin struggled hard.

But how could she, a four-year-old girl, break free from a grown man’s grasp?

“There’s a playground fifty metres to the right of the door, that’s where you should go!”

The security guard picked up Ye Yinyin and threw her out.

Who expected, Ye Yinyin once again bent down and charged towards the building.

The security guard simply had a headache.

If it wasn’t for the good looks of this little girl, he would have done it already.

He chased after her with great strides.

But the little girl specifically ran towards a crowded place, and even, got under a table.

“Hey, I say again, come out!”

The guard leaned over the edge of the table and stared at Ye Yinyin and yelled.

The little girl hugged the foot of the table and glared warily.

HC Chapter 110

“Team Yu, what’s going on?”

Assistant Zheng came downstairs to do his work, and saw the always tall and imposing security team leader, Team Yu, lying on the floor, looking a bit ridiculous indeed.

Team Yu touched his nose, “A little girl broke in and hid under the table, what do you think, Assistant Zheng?”

Assistant Zheng swept a glance under the table, as the tablecloth had been lifted by Team Yu, this angle was just right to see the little girl’s wide-eyed eyes.

Those eyes were full of caution, as well as fear and anxiety.

Although the light under the table was dim, it was still clear that this was a white, soft and cute little girl.

Assistant Zheng’s heart melted in half as he spoke, “This child looks to be just over three years old, and her parents should be nearby. Don’t scare the child, take it to the rest room and wait for the parents to come and claim it.”

Team Yu responded and went under the table to hold the little girl.

Ye Yinyin looked at the hand that reached out, terrified and full of fear, she let go of the corner of the table and turned around and ran.

“Hey, don’t run!”

By the time Team Yu got out from under the table, Ye Yinyin’s figure had already disappeared into the lobby.

Assistant Zheng swept a glance and took the documents upstairs.

He had too many things to deal with every day, and a child didn’t attract too much of his attention.

He entered the president’s office with the documents and was about to report on his work when he heard that Fu Beijue was on the phone.

“Sneaking out again?”

“Send a few more people to find

As soon as Assistant Zheng heard this, he knew that it must be the young master of the Fu family who had run out again.

He saw Fu Beijiu hang up the phone, pinching his eyebrows with a cold and sullen face.

This was a sign of a mountain rain coming.

Assistant Zheng’s heart and liver trembled.

The content of the work he was about to report was not good news, and when he opened his mouth later, he would definitely be scolded by Mr. Fu.

Even if Mr. Fu didn't scold him, the cold air would be enough for him to suffer.

He swallowed and said with a dry smile, "Mr. Fu, don't worry too much, children nowadays are very smart, the young master is four years old, he won't get lost."

Fu Beijiu's voice was low and cold: "I do hope he is lost."

Every word was wrapped in frost, and Assistant Zheng felt like he was in the middle of a cold winter month, his feet and neck were cold.

He continued dryly, "I just went downstairs to get the documents and saw a little girl with no adult following her, running into Fu's building alone, the security guards had a headache"

"Is anyone able to barge into Fu's building now?" Fu Beijue's voice was even colder, "Next time you see a small child come in, throw it out directly!"

Assistant Zheng simply wanted to cry.

He had brought up the matter of the little girl because he wanted to lighten the mood, but he didn't expect Mr. Fu to get even angrier.

Resigned to his fate, he flipped open the file and began to report on the project

At ten in the morning, Fu Beijiu was going to inspect the factory.

A group of people flanked him as he came out of the lift and walked out in big strides.

The security guards at the entrance of Fu's building straightened their backs and saluted in unison to greet him: "Mr. Fu!"

Fu Beijiu's face was expressionless and his aura was so outwardly exuberant that one dared not look straight at him.

Assistant Zheng quickly went to pull the door of the back seat.

Just at that moment –

A pink glutinous rice ball rushed out from the flower bed and ran straight to Fu Beijiu.

She hugged Fu Beijiu's thigh

There was a moment of silence on the scene.

After the silence, there was Assistant Zheng's somewhat broken voice: "Team Yu, quick, take this child away!"

Team Yu was scared to death.

Hadn't this little girl run away long ago, why was she hiding in the flower bed?

Moreover, she was actually so bold as to hug Mr. Fu's thigh!

What a treacherous thing to do!

Team Yu fiercely walked over and picked up Ye Yinyin's back collar.
