

HC Chapter 231

Night falls.

Ye Xueying was lying on the big bed in the hotel, full of complications.

All this today, not what she wanted to happen, but it just happened so naturally.

If Fu Beijiu knew, how could she still be Mrs. Fu

At her side, a naked arm reached over: "What are you thinking about?"

Ye Xueying pursed her lips: "Today this matter, not allowed to tell anyone, only I know you know"

Zuo Lin Lan's gaze flickered: "Okay, I'll listen to you on all counts"

Ye Xue Ying let out a sigh of relief.

Fortunately, this man knew what he was talking about, otherwise she would have had to go through a lot of trouble.

"Buzzing"

There was a phone vibrating.

Zuo Lin Lan hurriedly picked up his own phone, he scanned the caller ID and his face changed drastically, "I'll go answer a call."

He rushed into the bathroom with his bare body, and locked the door behind him.

Ye Xue Ying narrowed her eyes.

What kind of phone call, and to answer it behind her back?

As she was thinking about it, another phone vibrated and she fished it out from under her pillow, she scanned the caller ID, an unfamiliar call.

She didn't want to answer it, but there was nothing going on, so she pressed the answer button.

"I didn't expect that after five years, Miss Ye's number could still be reached, it seems that Miss Ye is a long-suffering person."

Ye Xue Ying snapped to attention.

This voice, why was it so familiar?

She pressed her brow and searched her mind hard for the owner of this voice.

When there was no response from her side for half a day, the person on the phone couldn't help himself and reminded, "Five years ago, Emperor Hotel, has Second Miss Ye forgotten?"

"You're Chen Tianqian, Mr. Chen?"

Ye Xue Ying was filled with consternation.

Five years ago, this Mr. Chen came to Haicheng on a business trip and happened to have some cooperation with Ye's Group.

That day her mother and Mr. Chen attended a dinner party together, just as Ye Yunla went to deliver something to her mother and was bumped into by Chen Tianqian.

Her mother told her that Chen Tianqian was interested in Ye Yunla.

So, the mother-daughter duo plotted a perfect game.

The night of Ye Yunla's 18th Bar Mitzvah, they sent Ye Yunla to Chen Tianqian's bed.

Only, she still hasn't figured out why the child Ye Yunla later gave birth to was Fu Beiji's bloodline

"Back then, when I asked you where the girl was, you said that the girl was dead." Chen Tianqian said coldly, "But tonight, I ran into her, and she is still as beautiful and beautiful as she was five years ago. Second Miss Ye, I can promise you anything, but you must, once again, send that girl to my bed."

Ye Xue Ying's brows lowered.

Five years ago Ye Yunla was nothing, and she had laid hands on Ye Yunla with ease.

But now, that little bitch Ye Yunla wasn't so easy to deal with anymore, and to send Ye Yunla to Chen Tianqian's bed would be harder than climbing to the top.

She bit her lip and slowly said, "Mr. Chen, there's something that I don't know if I should tell you."

She paused and continued, "The girl you slept with five years ago is my own sister, her name is Ye Yunla, she disappeared for four years and we always thought she was dead. But not long ago she came back alive, with two more children by her side, I suddenly felt that the two children beside her seemed to look a bit similar to Mr. Chen, maybe, are of Mr. Chen's bloodline"

"Is that true?"

"Of course it's true, how could I lie to you?" Ye Xueying hooked her lips, "Mr. Chen please wait patiently for a few days, I will check the specific information of the two children and send it to you, then you can go find the children yourself."

"I'm going back to the capital in three days, it's best to give me news within three days."

Ye Xue Ying nodded her head gladly.

She didn't know who the real father of those two little feral children was.

But it did not stop her from planting the matter on Chen Tianqian's head.

The Chen family was a circle of power over in the capital, and was considered a large family, the Chen family would never allow their own bloodline to stray outside.

If Chen Tianqian was determined to steal the child from Ye Yunla, it would be enough to give Ye Yunla a headache.

If Chen Tianqian is determined to steal the child from Ye Yunla, it will be enough to give her a headache. In this way, Ye Yunla will no longer be involved with Fu Beijiu.

HC Chapter 232

Ye Yunla's body followed the fire, her face, neck and chest were all flushed with an abnormal flush.

Fu Beijue hurriedly poured her a glass of cold water: "Drink it quickly."

Ye Yunla drank all the water in one gulp, but her throat was still dry and hoarse, and the fire in her body was burning brighter and brighter.

She unconsciously tugged at her collar, revealing the snow-white spring light

Fu Beijue parted his eyes.

He collected his eyebrows, turned around and walked out of the private room, kicked open the door of the next room and raised his hand to grab Sun Yan's collar.

"Where's the antidote?"

Sun Yan was startled.

Pretending to be calm, he said, "The antidote is the man, if you fuck her, she'll be fine"

"Shameless!"

Fu Beijue punched him in the face.

Then picking up his collar again, he said, word by word, gritting his teeth, "Is there anything else besides this solution?"

Sun Yan swallowed a mouthful of cold air: "No, no more"

Fu Beijiu kicked him away and folded his body to leave the private room.

"You've overplayed your hand this time!" Wang Changqing had palpitations, "I've never seen Beijue lose his temper so much."

Sun Yan slumped on the sofa, "It's too hard to be a brother, before I was beaten up by Ye Yunla, now I'm being beaten up by Fu Beijue, in the future when they're together, won't I have to be doubled up by both men and women"

He silently lit a wax for himself.

Wang Changqing sent him a pair of white eyes, too lazy to say anything else.

The temperature in the next booth, meanwhile, continued to rise.

Ye Yunla felt like a fish stranded on the beach.

She pulled open her collar, hoping that the cold air would come in and wrap her up, so that she would feel better.

But the private room was closed, not at all airy, and she was panting and holding her body up, teetering on the edge of life and death

The first thing you need to do is to get a good idea of what you are doing.

The words of Sun Yan kept echoing in his mind.

But he couldn't do it.

One night five years ago.

He had been plied with alcohol by Sun Yan, and that night, something uncontrollable had happened.

He slept with Ye Xueying.

It was the thing he regretted the most in his life, and the thing he hated to remember.

In his world view, men and women should be based on love in order to be entangled and entangled with each other.

Not by some kind of drug.

But!

It was because of him that Ye Yunla had been set up by Sun Yan.

He was obliged to help her.

Fu Beijue stepped away and slowly walked to the bedside.

The man's scent came over him.

A familiar scent.

Like the smell of sea salt

With strong hormones

Ye Yunla shuddered.

That night five years ago had come crashing down on her like a nightmare.

In a daze, it was as if she saw that man coming towards her.

Like a hungry wolf, he pinned her to the bed, and no matter how much she resisted and struggled, she could not escape. That man, without mercy, took her

She was only eighteen years old

Her fantasies of a better future were all ruined that night.

She was forced to grow up, forced to be strong, forced to take on all the things she shouldn't

HC Chapter 233

Fu Beijiu went to the bathroom and wrung out a wet towel and came over.

He stood by the bed, leaned down and whispered, "I'll cool you down."

His hand reached over and the hormonal scent became even more intense.

Ye Yunla's pupils tightened violently.

Her body curled up and kept shrinking into the corner of the bed.

She picked up a pillow and threw it over, saying in terror, "Don't you come over, don't you touch me Get out, you get out, don't touch me"

Her eyes were filled with lust, yet filled with panic.

Fu Beijue pursed his lips, "I won't touch you, I just want to make you feel better."

The sound of his voice made Ye Yunla wake up a little.

It was Fu Beijue!

Not the demon from five years ago!

Her voice trembled as she said, "Mr. Fu Can you, take me to, to the hospital"

Fu Beijue wrinkled his brow in some chagrin.

How could he forget that it was still possible to go to the hospital.

He had actually been misled by that unreliable bastard Sun Yan.

He took his own suit off and said in a deep voice, "Put it on, I'll carry you down to the cruise first."

Ye Yunla reached out to take the suit over.

But her arms were half-strong, and the clothes fell onto the bed just as they landed in her hands.

She shook her hand, but she couldn't grab the suit.

"I'll do it."

Fu Beijue had just bent over when Ye Yunla shrank back in horror.

The smell of this man's body always brought back horrible memories of her five years ago

If she hadn't just met the demon from five years ago, she would almost have thought that Fu Beijue was the same person from five years ago

"I won't touch you, don't be afraid."

Fu Beijue's voice was low, soft and cold, with a strange magical power.

Ye Yunla gradually relaxed.

The man wrapped his arm around her shoulders and rested his suit jacket on her back.

Then he picked her up in a horizontal embrace.

Fu Beijue hugged her and walked out with big steps.

Although Ye Yunla's face was hidden in the suit jacket, it still attracted the attention of countless people.

"The woman Mr. Fu is holding in his arms, it can't be Ye Yunla, can it?"

"The person in the purple dress can only be Ye Yunla, she's such a demon, she can actually hook Mr. Fu's heart."

"Where is Mr. Fu going to carry her this time?"

"Where else can we go, to a room!"

"My heart is broken!"

"My dreams are shattered"

As countless women watched, Fu Beijue carried Ye Yunla to the car.

She was placed on the back seat, her body curled into a ball, her whole body shaking, her sanity festering a little.

"Buzz!"

Suddenly, her mobile phone vibrated.

She fumbled the phone out, desperately trying to hold her eyelids together before she saw the name on the caller ID.

Her whole body was instantly mostly awake.

She propped herself up by holding on to her seat belt and slowly said, "Mr. Fu, can you answer the phone for me? Just say I'm going to the bathroom and it's inconvenient."

She looked like this, her voice was hoarse as hell, if Jing'er heard her, she would be worried.

She didn't want Jing'er to worry.

Fu Beijue gripped the steering wheel and said indifferently, "Your son is so smart, do you think he will believe my words?"

Ye Yunla gripped her phone tightly.

Yes.

Jing'er was so smart.

If she let Fu Beijue answer the phone, it would in turn make Jing'er even more suspicious.

She took a deep breath and bit the tip of her tongue to death before putting the call through: "Hey, Jing'er, I'm a little busy over here"

HC Chapter 234

"Mummy, why do you sound so strange?"

“I just ate something spicy and my throat is a little dry, so I’ll stop talking and call you back later.”

“Okay mommy.”

Hanging up the phone, Ye Yunla slumped straight onto the sofa.

The tip of her tongue, was bitten out, and the taste of blood spread in her mouth.

Fu Beijue looked at her in the rearview mirror, and suddenly some slight pain spread thinly in her heart.

The heart hurts a little.

Is it the feeling of heartache?

He drove in silence and sped the car to the highest speed.

Ten minutes later, the car stopped at the entrance of the hospital, and at this moment, Ye Yunla had already lost consciousness, a trace of blood running down between her lips.

She was already beautiful, and this trace of blood added a bit more charm to her whole person.

It was as if Fu Beijue was under some kind of compulsion.

When he bent down to pick her up, he inadvertently brushed her lips and kissed that trace of blood into his own.

The fishy sweet blood.

It made a certain emotion in his heart ferment quickly.

The weed buried at the bottom of his heart grew into a huge tree in an instant.

Ye Yunla was sent to the emergency room to have her stomach pumped.

Fu Beijue stood in the corridor with a dark look under his eyes.

He had lived for over twenty years and had never cared about anyone.

The first person he cared about was the two children who fell from the sky

But those two children were related to him by blood, so it was only right that he cared about them.

But what about Ye Yunla?

Why did he feel some kind of affection for her?

It wasn’t a passing interest.

Nor was it an impulse.

Where did this affection come from, and why was it so strong

Fu Beijue sat outside the emergency room for half an hour before Ye Yunla was brought out.

The nurse pushed Ye Yunla into the ward, gave her fluids and injections, and explained, "She can only drink water when she wakes up, and then prepare food like thin porridge and noodles for her twelve hours later."

Fu Beijue nodded, "Is she staying in the hospital tonight?"

"Overdose of medication, needs to stay in hospital for a full night of fluids, should be discharged tomorrow morning."

"I understand, thank you doctor."

After the doctor went out, the ward was quiet and only the sound of the medicine dripping could be heard.

Fu Beijue sat by the hospital bed and covered Ye Yunla with the blanket before he brought her phone over.

He found Ye Jingzhan's number and dialed it directly.

"Hello, mummy, are you back?" On the other end of the phone, Ye Jingzhan's well-behaved voice came out.

"It's me."

Fu Beijue had just uttered two words when he felt the breath on the other end of the phone lag for a moment.

He continued to speak, "Your mommy can't go back tonight, so I'll have housekeeper Qiao go over to take care of you and Little Yinyin."

Originally, he thought he could send Ye Yunla home with just an injection.

Who knew that there would be fluids after the stomach wash and that the woman was still in a coma.

Ye Jingzhan would call sooner or later to ask about it, so it was better to just show his hand.

That boy was too smart, his IQ was certainly not lower than Fu Ziyang's, and there was no need to beat around the bush when talking to a smart person.

Fu Beijue's voice was faint: "Your mommy had a little accident, she is being infused in the hospital, don't worry, and don't tell Little Yinyin."

"What kind of accident?"

Ye Jingzhan's voice was much colder and deeper.

If other children had heard that something had happened to their mommy, they would have cried out in anxiety.

But Ye Jingzhan was different, he was so calm that he didn't even look like a four year old.

"He drank a glass of wine by mistake and is in the hospital to have his stomach pumped." Fu Beijue told the truth, "This is a misunderstanding, tomorrow morning, I will send your mommy back unharmed."

Ye Jingzhan slowly squeezed his five fingers tightly.

He glanced at Little Yinyin who was leaning on the sofa and yawning continuously, his voice fuming, "Thank you Uncle Fu, there's no need to send Grandpa Qiao over, I can take care of my sister."

HC Chapter 235

Ye Jingzhan hung up the phone and walked over with a calm face.

"Sister, I'll take you to wash up."

Little Yinyin obediently held out her hand and allowed her brother to lead her upstairs.

Ye Jingzhan helped Little Yinyin brush her teeth and wash her face, put the water on for her and let her soak herself in the bath, the towel was hanging by the door, so she could reach out and grab it.

Five minutes later, Little Yinyin came out of the bath.

Her skin was glowing white, as if she had just taken a milk bath, and her eyes were as clear and transparent as if they had been washed with water.

Ye Jingzhan walked over to her and wiped her hair.

The little girl sat on the edge of the bed, her head slowly lowered like a chicken pecking rice, and she fell asleep in no time.

She lay down on the bed, and Ye Jingzhan covered her with the blanket and turned off the light before tiptoeing out of the room.

As soon as he returned to his room, the calmness on his face disappeared, replaced by coldness and anxiety.

If his sister hadn't needed someone to stay with, he would have rushed to the hospital in a heartbeat by now.

His long, slender fingers crackled on the keyboard and he soon pulled up the hospital's surveillance

He finally breathed a sigh of relief when he saw that Ye Yunla had only been sent to have her stomach pumped.

His gaze fell on Fu Beijue's face in the surveillance, and his heart was filled with mixed emotions.

This was his and Little Yinyin's biological father; Little Yinyin had a strong attachment to this man, and he had longed for a father's love.

If only this man didn't have other children how much better it would be, he could let Mummy stay with this man.

Unfortunately –

Ye Jingzhan's eyes were full of disappointment.

He sat on the balcony with his notebook in his arms, his look serious and focused under the dim warm light.

The day dawned.

Ye Yunla slowly opened her eyes.

There were no lights on in the ward, the light was hazy, and for a moment she didn't even react to where she was when she opened her eyes.

"You're awake?"

A familiar, low voice rang out next to her ear.

Ye Yunla was instantly mostly awake.

Memories of last night instantly flooded her mind and she sat up straight with a jerk.

Other than being a little weak, there was no discomfort anywhere else, and her tense nerves instantly loosened.

"Where is this?"

As soon as she opened her mouth, she realised that her voice was hoarse as hell.

Fu Beijue poured her a glass of water and handed it over, "You've been in the hospital all night, I'll have the doctor come over later to check you out, and you can be discharged if you're fine."

Ye Yunla was startled again.

Not returning all night.

Then Jing'er must be going crazy with anxiety.

She lifted the covers and got out of bed.

As if he knew what she was thinking, the man's tone rang out without urgency, "I've told that boy Ye Jingzhan about your situation, he knows you're in the hospital."

Ye Yunla paused, pursed her lips and said, "Thank you."

Thank you to the man who not only didn't touch her in that situation yesterday, but also brought her to the hospital.

Thank you to this man for staying with her in the hospital all night.

Thank you also to this man for giving Jing'er an explanation

"You saved Fu Ziling, I saved you, it's considered even." Fu Beijue got up and said indifferently, "I'll go call the doctor."

Ye Yunla stared at his face.

The mood was a little complicated.

HC Chapter 236

No matter when he met this man, he always had a clear and handsome look, but now, a light ring of scruff actually emerged from his lips.

They didn't have much of a friendship, they were just partners, and it was surprising that he would stay with her in the hospital all night.

As she was thinking about it, Fu Beijiu had already walked out of the ward with his long legs.

Ye Yunla withdrew her eyes and took out her mobile phone to call Ye Jingzhan.

"Hello, Mummy, you're awake?"

Ye Jingzhan's good and calm voice came from the other end of the phone, sounding nothing out of the ordinary.

Ye Yunla curled her lips and said gently, "I'll be discharged from the hospital later, you wait for me at home for half an hour, I'll take you to the kindergarten."

"Mummy, you lie down in the hospital for a little longer, I'll just take my sister to kindergarten." Ye Jingzhan said obediently, "Take the number 13 bus to kindergarten, get off after five stops, it only takes ten minutes, don't worry about it mummy."

Ye Yunla's heart sighed.

If she hadn't been too busy, if she hadn't been an incompetent mother, how could Jing'er have been so understanding

With two children born without a father and her busy schedule, Jing'er and Little Yinyin had indeed had an unfortunate childhood compared to other children

Suddenly!

Ye Yunla's mind went back to that middle-aged man she had met last night on the cruise ship!

That man who could tell exactly what happened that night five years ago, the same man who ruined her five years ago!

That beast!

That demon!

Five years later, she met him again, and he wanted to do the same thing again!

Ye Yunla closed her eyes and slowly said, "Jing'er, take your sister and be careful, I'll come and pick you up tonight."

Hanging up the phone, her face was cold and thorough.

She had to find out who the person who had ruined her was

Ye Jingzhan held little Yinyin and got on the No. 13 bus.

The two children, one noble like a prince from a fairy tale, the other like a young princess from a wealthy family who ran away from home.

As soon as the two got on the bus, they attracted the attention of countless passengers.

An older man came over with sweets: "Children, are you two alone, where are your mother and father?"

Ye Jingzhan held his sister's hand tightly and said coldly, "What's the point of asking that?"

"You are so young, it's dangerous to go out alone in the car, where are you going, can uncle take you there?"

The older man handed over the candy in his hand, then raised his arm and suddenly reached towards little Yinyin's white and tender face.

Ye Jingzhan took Little Yinyin's hand and dodged it, his eyes were boundlessly sharp: "Dare you touch my sister?"

The older man was stiffly startled by the chill that came out of his eyes.

"I'm just worried that you two kids are being cheated, it's like a good intention"

The older man cursed and sat back down.

Ye Jingzhan had a chill in his eyes.

My sister is too pretty, there are always this and that kind of people hitting on my sister

The good thing is that the sister does not have any perception of her surroundings, a pair of big glazed eyes staring blankly out of the window.

Five stops later, the kindergarten arrived.

Ye Jingzhan took little Yinyin off the bus and entered the kindergarten.

"Little Ye Jingzhan, little Ye Yinyin, you came to kindergarten by yourselves today, why are you so great?" Teacher Yu Jiao led the two children inside and said as she walked, "In the future, if your mommy doesn't have time to send you over, just call your teacher and she will pick you up."

Yu Jiao is so fond of these two little ones that she is willing to pick them up for free every day

The three students and teachers just disappeared in front of the kindergarten, a sports car stopped, the car door pushed open, Ye Xueying walked down.

She walked straight in and went into the head teacher's office.

When Fu Ziling's admission and withdrawal procedures were all done by her personally, the head teacher knew she had a close relationship with the Fu family and hastily welcomed her with respect.

HC Chapter 237

"Miss Ye, what brings you here?"

The head teacher diligently poured a cup of water for Ye Xueying.

Ye Xue Ying lowered her eyebrows and said with a high and cold posture, "I came over to check the dossiers of two students."

The head teacher froze: "The school rules state that all information on students needs to be kept confidential and cannot be passed out"

"Mr. Fu intends to let Fu Ziling come back to school again, but needs to examine the qualifications of the class, I am just taking it to Mr. Fu to have a look, it won't be passed on, the head teacher doesn't need to worry about this." Ye Xueying said indifferently, "Besides, Fu's group has a big family, there is no use in asking for your kindergarten students' information."

Hearing these words, the teaching director was delighted.

The young master of the Fu family, Fu Ziling, had attended the kindergarten for half a year, and the Fu family had invested at least thirty million dollars in the kindergarten.

Now that Fu Ziling had withdrawn from the school, the kindergarten was instantly missing a great wealthy person.

If Fu Ziling returns to school, the Fu family will definitely invest in the kindergarten again

This is a great thing!

Thinking of this, the head teacher hurriedly brought over the information of the children in the class.

Ye Xue Ying swept a glance, this was Fu Ziling's previous class, and she knew all the children in the class.

She spoke indifferently, "Bring over the list of all the small and medium classes, Mr. Fu wants to choose the best one."

The head teacher turned around and brought all the lists over.

Ye Xue Ying's eyes swiftly swept over the rosters, and finally, her gaze landed on Class 9.

Ye Jingzhan.

Ye Yinyin.

These were Ye Yunla's two little wild sons.

The corners of Ye Xueying's mouth curled into a cold smile as she extended her finger and said carelessly, "I want to see the details of these two students."

The head teacher had the investment money on her mind, so naturally, whatever she said was what she would do.

So he went back to the archives and finally turned up the sheets he had filled out during registration.

Ye Xueying took the two sheets and carefully looked at every line on them.

The year of birth on the first line froze her in her tracks!

God!

Why were the birth years of these two little bastards exactly the same as Fu Zi Ling Fu Zi Yan!

Those two wild children, especially the girl, looked to be just over three years old! How could they actually be almost four and a half years old!

Ye Xueying raised her eyes with difficulty and slowly asked, "Is it possible that the kindergarten children's ages were falsified?"

"There may be falsifications in other areas, but ages are not generally falsified." The head teacher said, "The children's ages are a month apart and there will be a big difference in their behaviour and language, the kindergarten teachers will be able to see that at a glance"

"I know."

Ye Xueying slowly walked out of the kindergarten, her whole head somewhat heavy.

If Ye Jingzhan and Ye Yinyin were also four years old and were also born that night Then that meant that night, that bitch, Ye Yunara, had given birth to quadruplets!

First there were two sons!

Then a pair of dragon and phoenix babies!

Four children!

Quadruplets!

No wonder Ye Yunla's belly is so big

So it was four children

Ye Xueying stood on the street, letting the cold wind blow her hair around.

Her mind kept coming back to that night four years ago, after Ye Yunla had given birth to two children, she had locked the door to the warehouse and left, and set a fire.

HC Chapter 238

The door to the warehouse was locked and there was a roaring fire outside.

This all allowed Ye Yunla to escape.

It turned out that there were two more children in existence. Ye Yunla must have wanted to protect the two children to survive the desperate situation

Why did she stop waiting four years ago?

If she had cut off the grass, she wouldn't be facing a tricky situation today

Ye Xueying was dying of a headache.

She had never dreamed that quadruplets would exist

"Buzz off!"

Just then, her mobile phone vibrated sharply.

She scanned the caller ID, Chen Tianqian.

Her troubled and complicated mind instantly calmed down, with Chen Tianqian around, there was still room for this matter to be reversed.

“Mr. Chen, what a coincidence that your call came, I just got the information of those two children.” Ye Xueying coldly hooked her lips and smiled, “They were born at the end of summer four years ago, counting the time, that night Mr. Chen should have let Ye Yunla conceive, and it was still a dragon and phoenix fetus”

Chen Tianqian was first pleased, then calmed down: “I ran into that woman yesterday, she was drunk and still didn’t know what man she would tangle with all night Five years ago she slept with me, she may have slept with others too, those two children may not be mine”

Ye Xueying smiled lightly, “Mr. Chen, Ye Yunla is the eldest Miss of our Ye family, the day after she had sex with you at her eighteenth Bar Mitzvah, she was put into storage by my father and didn’t leave the house for eight months, may I ask how she had sex with another man? What happened to her afterwards I don’t know, but I am sure that the two children, are Mr. Chen’s seeds!”

“Two children, the brother’s name is Ye Jingzhan and the sister’s name is Ye Yinyin, both look beautiful, they are studying at Golden Sun Kindergarten, school ends at 5:30 pm, Mr. Chen can come and wait at the entrance of the kindergarten, when you see the two children, you will know that I am not lying.”

.....

The entrance to LaStar Technology.

It was a communal office building, with two or three companies on the same floor.

In the communal corridor stood an upright figure, walking around impatiently and anxiously.

Several people from Guo’s head office were gathered around the reception desk looking surreptitiously and talking.

“Wow, this man is so handsome, who is this?”

“I don’t know, looks a bit familiar, like I’ve seen him somewhere before.”

“Holy shit! Isn’t this Sun Er Shao, one of the four playboys of Haicheng, why has Sun Er Shao come to our company?”

Mr. Guo’s secretary’s eyes widened and he hurriedly went to Mr. Guo to report, “Mr. Guo, Mr. Sun Er Shao, who we had asked out several times before, has personally come to our door!”

Mr. Guo stood up straight, “Is that true?”

“Of course it’s true! I see Mr. Sun’s picture in the entertainment newspapers every day, how could I be wrong? Mr. Guo, I’ve already prepared the project information, let’s hurry up and invite Mr. Sun in.”

General Guo was excited.

For a small company like theirs, it was difficult to work with Sun’s group.

The only reason they had been lucky enough to get a phone call from Mr Sun was because the distant niece of an employee's cousin's uncle had been in love with Mr Sun for two days.

The phone number was obtained, but it would only be answered once in ten times, and it was hard to get through, but it was impossible to make a meeting.

Originally, Mr Guo had given up, after all, the Sun Group was not something that a small company like theirs could climb high on.

But now!

The second youngest Sun had actually come to the door in person!

Mr. Guo was overjoyed: "Go, go, go, go and invite Mr. Sun!"

The secretary led Mr. Guo outside.

Sun Yan was still lingering at the door, he had come here on purpose to apologize for his sins today.

If Ye Yunla didn't forgive him, Fu Beijue wouldn't give him a good look

He did that, but not to help his brother cook the rice early, but he didn't expect to be almost beaten to death

HC Chapter 239

"I'm sorry to welcome you here, Mr Sun, please come inside."

Chief Guo came over with a smile, his face respectful and humble.

Sun Yan was a little confused as he looked at the group of people who had suddenly gathered around him.

He was the general manager of Sun's Group, and that whole building was Sun's, and there was also a whole floor that was his office.

So he thought that the people who had gathered around were also people from the Lara Star Technology Company.

That woman Ye Yunla's employees, he didn't quite dare to offend.

He nodded very good-naturedly, "Has she come to the company already?"

When he asked this, Mr. Guo was also confused.

She?

Him?

Who?

Could it be that he was asking if the distant niece of the uncle of the employee's cousin had arrived yet?

Guo gave his secretary a frantic wink.

The secretary received the signal and turned back to the company, ready to tell that employee to hurry up and contact the girl to come over

Just at that moment, the lift door on this floor opened.

Ye Yunla stepped on her high heels and walked out into the corridor.

As soon as she appeared, the secretary was startled.

Young Sun's philandering was famous all over town, he would change girlfriends in three to five days, and each girlfriend was a superb beauty.

The company next door had the most beautiful girl in the city, Mr. Ye!

If Mr Sun saw Mr Ye, he would definitely be cut off!

Thinking of this, the secretary hurriedly walked over towards Ye Yunla: "Mr. Ye, can you please go around from there, our company has a very important client"

Ye Yunla had dealt with Mr. Guo, who was bright and cheerful and still got along quite well.

She nodded blandly, "Okay."

She then intended to go back around to her own company from there.

Just as she turned around, the sound of footsteps rang out behind her.

Sun Yan rushed over with an arrow step, "Miss Ye, you ran away when you saw me, still angry about yesterday?"

Ye Yunla slowly turned her head and saw Sun Yan's face.

Her eyes narrowed up.

Sun Yan's back chilled at her gaze and he dryly touched his nose, "I was wrong yesterday, I shouldn't have done that ridiculous thing Look at my face, I was beaten up, there is also a big black bruise on my leg, I was beaten up particularly badly, just forgive me"

Hearing Second Young Master Sun speak to Ye Yunla in such a tone, the secretary at the side stared with wide eyes.

The high and mighty Second Young Master Sun was actually begging for forgiveness with Ye Yunla?

What was this situation?

Wasn't Second Young Master Sun here to see General Manager Guo?

Mr. Guo on the other side was also confused!

Young Sun had been hanging around in front of their company for so long, but it turned out that he hadn't come to look for him?

From the looks of it, did Second Young Sun know General Manager Ye very well?

Step by step, General Manager Guo slowly moved over, he saw if he could take the opportunity to get a few words together

However!

Before Mr Guo could get over there!

“Bang!”

There was a loud bang.

“Ah!”

A miserable scream.

Sun Yan, who stood at a height of one meter eight, was just thrown heavily to the ground, startling the dust on the ground.

Everyone in the corridor was dumbfounded.

Ye Yunla clapped her hands and said coldly, “Don’t come and mess with me in the future.”

After she finished, she pushed open the glass door and entered the company.

HC Chapter 240

Sun Yan held his back and huffed in pain.

Although he had expected this, he still felt shocked when he was lifted up and dropped to the ground

He was really too miserable

“Second young master Sun, are you alright?” Chief Guo hurriedly went over and helped the man up, “This waist must be broken, I have safflower oil in my office, let me go and rub it for you.”

Hearing that his waist was broken, Sun Yan’s face turned black with anger: “Your waist is the one that’s broken, your whole family’s waist is broken! If Ye Yunla dares to treat me like this, I’m not finished with her!”

The last sentence was purely to get back

He stood up with difficulty holding his back and limped into the lift

Mr. Guo said blankly, “What the hell is going on here?”

“General Guo, did you see, just now General Ye dropped Second Young Sun on the floor, and Second Young Sun is very angry!” The secretary said with a serious face, “Besides being a playboy, Sun’s second youngest is also a mongrel, no one who offends him has anything good to eat, Mr. Ye is finished! I’m sure that Lara Star Technology will not survive tomorrow.”

“Is that so?”

Mr Guo was full of suspicion.

Why did he feel that Sun Er Shao was acting like a grandson in front of Mr. Ye

.....

Ye Yunla sat down on her office chair and opened her computer to find the information of last night's cruise party.

She searched out the list of guests who had participated in the party, then lined up the photos one by one and finally found the man.

Chen Tianqian!

She narrowed her eyes and typed in this person's name in the search bar.

There was a lot of information on the internet about Chen Tianqian – the CEO of Tianqian Group, 34 years old, married with a child and a ten year old son.

Tianqian Group, a company that does electronic processing, is quite famous, because it is opened in the capital, it is considered a power in the capital circle, and has an advantage when cooperating with foreign companies, this time Chen Tianqian came to Haicheng, just to pull in investment

The name of the capital circle of influence is very useful, and many investors in Haicheng have been attracted there

Ye Yunla's lips were tightly pursed.

Five years ago, Chen Tianqian was twenty-nine years old, and at that time, he already had a wife and his son was five years old.

But this man, in Hai Cheng, possessed a young girl who was only eighteen years old and ruined that young girl's life

Just such a person, actually still in front of the media to create a good husband, good father persona, won the netizens a praise.

Ye Yunla only felt disgusted.

She closed the webpage, her mind in a tangle of complications.

For the past few years, she had purposely avoided talking about the children's biological father, and whenever Jing'er asked, she had also avoided talking about it.

But now, Chen Tianqian had appeared.

If Chen Tianqian found out about the existence of the two children

She didn't dare to imagine such a terrible consequence.

For some reason, a strong feeling of unease surfaced in Ye Yunla's heart.

Before it was time for school to end, she drove to the kindergarten. She parked her car opposite the kindergarten and waited quietly.

Ten minutes before the end of school, a black business car entered her field of vision.

Her eyes swept over to see the driver of this car get out, walk to the back seat and pull open the door at the back.

A middle-aged man in a suit stepped down.

As soon as she saw the man's face, Ye Yunla's entire body was struck by lightning.

Chen Tianqian!

She was still struggling to find out about this man during the day, and this man had appeared.

Why had he come to the kindergarten!

Did he know about the children's existence?

Ye Yunla was trembling all over.

The nightmare from five years ago, the one that had suddenly appeared before her eyes, had terrified her entire being.

She took a deep breath and tried to calm down her emotions.

Five years ago, she was an eighteen-year-old girl, and it made sense to fear everything.

But now, she was twenty-three and the mother of two children, and she could no longer be so afraid.

No matter what Chen Tianqian's intentions were, she would rise to the occasion.

No matter what happened, she would protect her two children.

Ye Yunla took out her mobile phone and called Yu Jiao.
