

HC Chapter 241

It's nearing the end of the school day.

The kindergarten children were all carrying their school bags and waiting for their parents to pick them up and take them home.

Yu Jiao was keeping order and did not hear the phone vibrate.

Just then, the head teacher walked in, "Ye Jingzhan, Ye Yinyin, your dad is here to pick you up."

Ye Jingzhan's eyebrows furiously folded.

Ye Yinyin quickly followed suit and twisted her head.

"Director Zou" Yu Jiao hurriedly walked over and lowered his voice, "Ye Jingzhan and Ye Yinyin don't have a father, they are a single parent family"

Director Zou was stunned, "No way, their father is waiting outside."

Yu Jiao scratched her chin.

She vaguely remembered Ye Jingzhan's mommy saying that the two children didn't have a father.

How did this sudden appearance of a father

"Director Zou, let me hold the two children and go out to take a look."

Yu Jiao held one in each of her left and right hands.

Ye Jingzhan frowned tightly.

He dutifully followed out, just to see who was claiming to be their father.

Ye Yinyin, on the other hand, had a faint glow floating under her eyes.

Her glazed eyes had starlight shining in them, with leaps and joys

Yu Jiao had spent a lot of time with the two children and easily sensed the little girl's emotions.

She said gently, "Little Yinyin, do you really want to see daddy?"

Ye Yinyin did not say anything, but the look in her eyes was enough to say everything.

Yu Jiao let out a sigh.

It seemed that the child's parents were divorced.

I guess the one who was the father was too busy and could only visit the child once in a few months

For just a few minutes, Yu Jiao brainstormed a big drama.

Director Zou led a group of people towards the school entrance.

Ye Yunla sat in the car and called several times in a row but no one answered.

When she looked up, she saw Yu Jiao holding the two children, walking step by step towards Chen Tianqian's car.

And Chen Tianqian was standing against the car, his eyes almost glued to the two children.

Ye Yunla's heart froze.

She pushed open the car door and walked down, waving her hand, "Teacher Yu, this way."

As soon as she spoke, everyone's eyes turned over.

Yu Jiao looked at Chen Tianqian, then at Ye Yunla, before holding the two children's hands and turning in a different direction.

"Ye Jingzhan, Ye Yinyin, I'll send you to Mummy's side."

Teacher Yu Jiao had made a clear distinction that mummy was the guardian of the children and she should leave them with mummy.

As for whether Mummy let the child see Daddy or not, it was not something she could interfere with.

"Thank you, Teacher Yu."

Ye Yunla thanked Yu Jiao before taking the two children by the hand and quickly walking towards the car.

Little Yinyin looked around but did not see the figure she imagined, and her eyes were tinged with a little disappointment

Ye Jingzhan's eyes were tightly narrowed, and he did not move a muscle as he surveyed the man standing not far away.

He knew very well that just now teacher Yu Jiao and director Zou were taking him and his sister to meet this man

This man, whom he had never seen before, why would he claim to be his and Little Yinyin's father?

Their father was clearly Fu Beijue

A million thoughts flashed through Ye Jingzhan's mind.

Ye Yunla was in a hurry to get into the car and did not notice his emotions as she pulled open the door and was about to carry the child up.

HC Chapter 242

Behind him, there came the man's unhurried voice.

"Miss Ye, why are you in such a hurry to leave?"

Chen Tianqian walked over step by step.

Ye Yunla only felt a poisonous snake crawl up from her ankle, creepy.

She whispered softly, "Jing'er, take your sister into the car and close the door, Mummy has some business to attend to."

Ye Jingzhan obediently helped Little Yinyin into the car, he raised his hand and took a picture of Chen Tianqian before he closed the door behind him.

Ye Yunla took a deep breath and turned around.

She said coldly, "Mr. Chen is it, go over and have a few words."

She took a few steps towards the side, she didn't want Jing'er to hear what she and this man were chatting about.

This man was too unpleasant to be Jing'er and Little Yinyin's father.

Chen Tianqian swept a glance at the two children sitting in the car.

The boy was well-behaved, the girl was pretty and cute.

These were his children!

It was unbelievable!

Ye Yunla's deeds could be found with a casual search on the internet.

This woman had been imprisoned by the Ye family for eight months after having sex with him.

In other words, it was impossible for her to give birth to another man, and this pair of dragon and phoenix fetuses, were his seed!

"Knowing that my surname is Chen, it seems that you have also checked me out." Chen Tianqian let out a laugh, "You secretly gave birth to my seed and hid it from me for five years, you didn't think I would come looking for you, did you?"

Ye Yunla hooked her lips and smiled coldly, "Who said the two children were yours?"

"If they're mine, we'll know if we do a paternity test." Chen Tianqian lit a cigarette, "Once I get the paternity test report, I will be able to get custody of the two children. This pair of dragon and phoenix babies, I want them for sure!"

Ye Yunla's face was wrapped in a layer of cold frost.

The paternity report was a certificate recognised by the court.

Once Chen Tianqian got hold of the paternity report, there was bound to be a lawsuit to fight.

She pursed her scarlet lips and said with a single word: "You are dreaming!"

Chen Tianqian's face also turned cold: "It seems that you want to file a lawsuit, fine, then find a lawyer, I don't believe that I, Chen Tianqian, can't even get my own seed back!"

After he finished, he threw his cigarette on the ground and threw his hands away.

Ye Yunla clenched her fists in anger.

The other party was raging, she must not sit back and wait for death.

She calmed herself down before turning around and pulling open the car door to get into the car.

She had just fastened her seat belt when Ye Jingzhan's voice rang out from the back seat, "Mummy, who was that uncle just now?"

Ye Yunla's hand paused for a moment and said with carelessness, "A business partner, nothing to care about."

Ye Jingzhan pursed his lips and continued to ask, "But why did he claim to be my sister and I's father?"

Ye Yunla's heart sank for a moment.

She quickly thought of something to say and said indifferently, "He has been courting me and wants to be your stepfather, and I don't agree, so he came to the school to approach you, trying to win the goodwill of your siblings first. Jing'er, remember what this man looks like, from now on when you see this man, you have to stay away from him and never say a word to him."

If their father had been an open and honest man, she would never have done things so badly.

Chen Tianqian was too scum to be a husband, too unworthy to be a father, and even more unworthy to be in front of the children's eyes

Even if the children need their father's love again, she will not compromise by allowing such a morally corrupt man to appear in the children's life circle

The three of them in the car, mother and son, each with their own thoughts.

When they arrived home, Ye Yunla was cooking in the kitchen, Little Yinyin was practicing the piano, and Ye Jingzhan sneaked into his room.

He transferred the photos he had just taken into his computer and after a little searching, a full page of news appeared

He frowned and looked at each news item carefully

Suddenly, his eyes fell on a news item from five years ago

"Congratulations to the Tianqian Group in the capital and the Emperor Hotel in Haicheng for reaching a cooperation, the president of the Tianqian Group, Chen, is invited to stay in the Emperor's Premium Presidential Suite"

That day was also Mummy's 18th Bar Mitzvah

HC Chapter 243

Ye Jingzhan scrolled his mouse and clicked in every news item.

The news broadly portrayed Chen Tianqian as a three-good entrepreneur who loved his wife and children.

Five years ago, the Emperor Hotel, that night

This man, again, claimed to be his and Little Yinyin's father

Could it be that he was mistaken?

Ye Jingzhan, who had always been extremely smart, fell into a deep self-doubt.

If I had known, I should have had the paternity test done last time

The daylight in late autumn came late, and when Ye Yunla got up, it was already seven thirty.

The room was dimly lit, and she pulled the curtains open, which allowed the thin daylight to shine in.

She stood on the balcony and called Yu Jiao.

"Teacher Yu, that man yesterday is not Ye Jingzhan and Ye Yinyin's father, if he goes to the kindergarten next time, make sure you don't let him touch the two children."

Yu Jiao naturally agreed to do so.

Ye Yunla let out a sigh of relief.

Next, it was time to find a lawyer.

There was no way she would admit defeat in this battle.

She took a deep breath of the cold late autumn air before she started washing up.

When she came downstairs, the two children were already up and Ye Jingzhan was combing little Yinyin's hair, the two twisted braids falling down from the left and right sides, making the little girl look serene and dignified.

Ye Yunla smiled gently, "Jing'er, when did you learn to braid your hair?"

Ye Jingzhan was a little embarrassed, "I watched the tutorial yesterday and tried it out today and found it quite easy."

Ye Yunla stroked her son's head.

Her Jing'er.

He was such a light in her life.

If Jing'er and Little Yinyin were snatched away, it would be like ripping out her heart

After mother and son packed up, Ye Yunla sent the two children off to kindergarten while she drove to Xie's Group.

After Xie's Group's smart products were launched, they received high praise from the market, and countless channel companies came to pick up the goods. Now the factory is working night shifts every day and is busy as usual, and Xie's Group's share price has started to grow slowly, becoming a strong dark horse in the stock market.

This project, in which Ye Yunla had a technical stake, had also received a lot of dividends during this period.

She walked straight into the lobby and took the lift to the top floor. She had just gotten off the lift when she saw the one person she least expected to see.

“Yo, isn’t this our number one beauty in Haicheng?”

Xie Siqi had just come down from another lift when she saw Ye Yunla.

Ye Yunla was wearing light make-up, a white shirt and jeans, and a pair of black high heels, and at first glance, she was just casually dressed up.

But even if she was casually dressed up, she was still stunningly beautiful.

Xie Siqi’s eyes turned red with jealousy, and she spoke with a thorn in her side: “Didn’t you hook up with Fu Beijue of the Fu Group, why do you still have time to come and hang around our Xie Group?”

Ye Yunla looked at her coldly, “What do you mean?”

“What are you pretending for? Everyone knows about the night before last when you and Fu Beijue got off the cruise ship and went to a room, right?” Xie Siqi rolled her eyes, “Although it wasn’t written in the news, but who in the circle doesn’t know about it? Fu Beijue is the man that all the women in Hai Cheng want to marry the most, you’ve really found a treasure.”

HC Chapter 244

Ye Yunla faintly hooked her lips: “The man that the women in all of Haicheng want to marry the most, so you also want to marry Fu Beijue? Well, I wonder how cousin’s husband would react if he heard cousin say this in person.”

Xie Siqi’s face instantly darkened, “Don’t start rumours here!”

“If cousin can start a rumour, why can’t I?” Ye Yunla laughed lightly, “It’s just a matter of adding a few words of jealousy.”

Xie Siqi was so angry that she almost fell backwards.

When she saw that someone in the group said that Ye Yunla had hooked up with Fu Beijue, and there were photos to prove it, she was so angry that she was about to spit out the blood in her heart.

Which woman in Haicheng hadn’t fantasized about becoming Mrs. Fu, and she was certainly no exception.

However, she knows how much she has, so she only dares to fantasize

If her husband knew that she dared to think about another man, he would probably find a few more girls to give her a hard time

The actual fact is that you will be able to find out more about the actual situation and also the fact that you will be able to find out more about the actual situation.

The gossip in the circle, she does not care.

Because there was simply too much news about her, if she were to take every piece of news to heart, then she would have to die of anger.

“LaLa, what brings you here?”

Xie Zhirui stood up and personally poured her a glass of water.

Ye Yunla sat on the sofa and casually asked a few questions about the products, then the topic changed and pretended to ask unintentionally, “Cousin, when I talked to you earlier, I think you said that you had a classmate who opened a law firm after returning from studying abroad, right?”

Xie Zhirui nodded, “He owns the largest law firm in Haicheng, what’s wrong?”

“Didn’t I open a studio, I want to find a lawyer consultant, can I ask cousin to introduce us to each other?” Ye Yunla bowed her head and took a sip of tea.

Regarding the matter of custody of the two children, she didn’t want anyone from the Xie family to know for the time being.

Grandma was old, and she didn’t want her grandmother to worry about this crap anymore.

Xie Zhirui mused, “He’s the founder of the law firm and the most qualified lawyer in the firm, he’s so busy every day that he doesn’t see the end of the road, I’ll call and ask if he has time to meet together.”

Ye Yunla smiled and said, “Then I’ll trouble cousin.”

Xie Zhirui clicked on his mobile phone, found the number and dialed it: “Old classmate, how are you these days, are you busy?”

There was no telling what was said over there, Xie Zhirui raised an eyebrow, “There are actually people from the capital looking for you as a lawyer’s advisor, the scope of your firm’s business is getting broader and broader”

Hearing these words, Ye Yunla’s heart inexplicably sank.

She knew it wasn’t polite for others to interject on the phone, but she still couldn’t resist speaking up, “Cousin, ask your classmate, that client of his in the capital, is his name Chen Tianqian?”

Xie Zhirui repeated the words and then twisted his head, “Lara, he said yes.”

Ye Yunla clenched the water cup in her hand and slowly said, “Cousin, I was going to file a lawsuit against Chen Tianqian, but I didn’t expect him to be one step ahead of me.”

Xie Zhirui’s classmate heard her words and could only say apologetically, “I had already signed a contract with Mr. Chen half an hour ago, he had already paid the two million dollar consultancy fee, it was impossible for our firm to tear up the contract” If only I had been called half an hour earlier, I would definitely not have signed this order”

Ye Yunla shook her head gently.

Xie Zhirui hung up the phone after speaking to his classmate a few more times.

He frowned and said, “Yara, I know other lawyers, let me introduce you to another one.”

Ye Yunla pursed her lips and said, “I want a better lawyer than this classmate of yours, is there one in Haicheng?”

Xie Zhirui was silent.

This classmate of his had returned from his overseas studies, hustled around for talent and set up one of the largest law firms, the firm had only been established for five or six years and had already leapt to become the number one law firm in Haicheng, the best lawyers in Haicheng were here and his classmate was the best one in the law firm.

HC Chapter 245

Ye Yunla put down her glass of water.

Since the best lawyer in Hai Cheng had already been signed by Chen Tian Qian, she would go and find the best lawyer in the capital.

As long as there was money, there was nothing that couldn't be done.

Ye Yunla knew nothing about the circle of lawyers, so she found the number of a law firm on the internet and called it up for advice.

"..... What, the other side has asked Huang Huan to be their defence lawyer? Then I'm sorry, none of the lawyers in our firm can survive three rounds under Huang Huan, please hire someone else"

Huang Huan, that is Xie Zhirui's college classmate.

Ye Yunla asked indifferently, "Then there is no one in the circle who can be more powerful than Huang Huan?"

"Of course not! He is the pride of the legal profession, only in his early twenties and he has formed the largest law firm in Haicheng, I am his fan Oh, if I had to pick one person to compare with Huang Huan, it would be Li Snap You know Li Snap, the lawyer who used to be on the Rule of Law Channel I'm afraid that only Li Snap can beat Huang Huan"

Ye Yunla's eyes lit up for a moment, "How can you hire Lawyer Li?"

"You don't really want to hire Li Snap, he's eccentric and only takes on cases he's interested in, his family is rich and doesn't make money off of it, he only takes on two cases a year, and only takes on the kind of dogged ethical cases of powerful families, especially odd"

The other party was a lawyer and was particularly talkative, Ye Yunla interrupted him in time, thanked him and then hung up the phone straight away.

She typed the word Li Snap into her computer.

Several pages of information instantly appeared, with the media using the words legal lord, the pride of the sky, the three-inch tongue, the gold medal lawyer and various other powerful words to describe the man, and the only word used to describe his personality was eccentric.

The cases he is not interested in, he won't even take them for a few hundred million dollars.

The cases that he is interested in, he is willing to pay backwards to help with the lawsuit.

But this person is, indeed, good enough.

If she could get Li Snap to be her lawyer, she wouldn't be afraid that her two children would be snatched away.

Ye Yunla entered a private group, dived in for a while, and then acquired a very crucial piece of information.

It turned out that Li Snap had opened a law firm in Haicheng, and because Li Snap was not based here, the firm was not well known and was of the lukewarm, starving kind.

Tomorrow morning at 9am, Li Snap will come to this firm for his annual briefing.

The next morning, Ye Yunla drove to the entrance of the law firm.

Unexpectedly, a large group of people were waiting here.

"I must see Barrister Lai today, as long as he steps in, he can definitely help me win my case."

"Make way, I came here first, I have to see Barrister Lai first too!"

"Get out of the way, all of you! Barrister Lai's consultancy fee is hundreds of thousands of dollars an hour, can you afford it? If you can't afford it, step aside!"

"....."

A group of people were shouting in front of the law firm.

Before long, a car pulled up in front of the law firm, and before the door opened, dozens of bodyguards came out of the building in a fishy line to protect the area.

A man in a grey suit emerged from the car, wearing glasses and looking quite civilised, but the eyes behind the lenses carried a sharp light, as if no movement could escape those eyes.

HC Chapter 246

Ye Yunla was squeezed into the crowd and had no chance to move upwards.

There were simply too many people.

It was impossible to see Li Snap in this way, let alone ask him to help with the lawsuit?

Ye Yunla just watched as Li entered the building, unable to even meet him.

As she was trying to figure out what to do, her phone rang in her pocket, and she scanned it to see an unfamiliar number from the capital.

She pursed her lips and put the call through.

"Miss Ye, I've found the most famous Huang lawyer in Haicheng to help me with my lawsuit, so if you have anything to do in the future, you can speak to my lawyer directly." Chen Tianqian's voice came from the other end of the phone, "By the way, Lawyer Huang said that parents have visitation rights to their children, which means that I have the right to visit my sons and daughters at any time, tomorrow I will go to the kindergarten to pick up the two children and let you know in advance."

Ye Yunla gripped her phone, her chest heaving violently with anger.

This Chen Tianqian was determined to steal the children from her!

No matter what, she had to see Li Snap.

She sneered, "Haicheng is not the capital, Mr. Chen is most okay with knowing the law and breaking it, if my child is missing, I will call the police and you, the first suspect."

"Miss Ye, why do you need to be tit-for-tat with me?" Chen Tianqian said in a good-natured voice, "I've got Lawyer Huang, there's no way you can win against me, which means that as soon as the trial starts, the judge will definitely award me custody of the two children, and I will take the children back to the capital and let them live a normal life"

"You're dreaming!"

Ye Yunla gritted her teeth, her voice laced with great anger.

"There are other ways to do this matter" Chen Tianqian said in a slow voice, "The two children were raised by you, and it would indeed be rather cruel of me to just take away your custody. If we both stay together, the two children will have a father and they will grow up in a normal family environment to have a happy childhood, don't you think so?"

Ye Yunla was all exasperated, "Together? You tell me, how can we be together?"

Chen Tianqian thought she was moved and hastily added, "I'll buy you a house in Haicheng, you and the children will live there, and after I clear this matter with my family, I'll marry you and the two children will also be on the Chen family tree"

Ye Yunla snorted, "Mr. Chen, ask lawyer Huang, how many years is the sentence for bigamy?"

"It seems that Miss Ye has checked all my ancestors, yes, I did get married, but you can divorce afterwards." Chen Tianqian said indifferently, "You also know that divorce is rather troublesome for a wealthy family like ours, it may take a few years, you should just give in for these few years, when I have settled things in the capital, I will definitely marry you into the family"

Ye Yunla only felt sick.

She couldn't listen any further and hung up the phone directly, which wasn't enough, she deleted and blacked out the call again.

As soon as she thought that she was ruined by such a man five years ago, she hated to kill him.

She convinced herself over and over again to calm down before she could suppress her anger.

She stood at the entrance of the building and waited for a long time, many people were waiting at the entrance for the lawsuit, the crowd was three layers deep, a huge crowd.

She waited until five in the afternoon, but Snap didn't come out.

The others could continue to keep watch and wait, but Ye Yunla was going to pick up her children from kindergarten.

It seemed that we had to find another way

Ye Yunla could only leave for the time being to go to kindergarten.

Ye Jingzhan sat in the back seat, he felt keenly that Mummy didn't seem to be in a good mood

HC Chapter 247

The car drove smoothly and soon arrived at the doorstep of the house.

Ye Yunla pushed open the car door and got out, walking to the back seat and carrying the two children down.

"Auntie Yunara, you're finally back."

A soft and sticky voice rang out behind her.

Ye Yunla turned around to see a cool kid in a denim outfit darting towards her, zipping into her arms like a little meatball.

"Little Ling Ling, what brings you here?"

Fu Ziling hugged Ye Yunara's neck and said in a muffled voice, "I'm so hungry, I'm starving, I want to eat the noodles cooked by Auntie Yunara"

Ye Yunla had a bit of a headache, "You're not sneaking out behind your daddy's back again, are you?"

"No, really not!" Fu Ziling shook his head frantically, "I told daddy about it and only after daddy agreed did I come over!"

Auntie Yunla had said that if he ever dared to sneak out of the house again, she would never see him again, a statement he remembered very well.

At this moment, a young bodyguard of about twenty years old came over, "Hello Miss Ye, I am the young master's personal bodyguard, my name is Yao Hui, Mr. ordered me to escort the young master over and explained that he would be sent home in an hour."

Only then was Ye Yunla relieved, "Okay, then go inside first."

The group pushed the door open and went inside, she explained again, "Jing'er, take little Yinyin and little Lingling and play with them for a while, the meal will be ready soon."

Ye Jingzhan pursed his lips and nodded lightly.

Although this fellow Fu Zi Ling was annoying and clingy, one had to admit that this fellow genuinely liked his sister.

As long as someone was genuinely good to his sister, he couldn't hate them.

However, when Ye Jingzhan looked up again, he noticed that Little Yinyin's mood seemed a little off.

On that pretty face was an appalling coldness.

Every time Fu Ziling came over, that coldness became even more appalling

But Fu Ziling didn't notice it at all.

Sister Yinyin didn't like to talk in the first place, so it was normal to ignore him

"Wow, Yinyin sister, is this the toy you usually play with, this puzzle looks so difficult, it's all the same colour, I can't tell where to put it"

Fu Ziling took the puzzle and drummed on it.

Little Yinyin's white and tender root-like arms reached over and snatched the puzzle away, throwing it into the box and closing it, her face full of frost.

Fu Ziling picked up another block: "Wow, where did you get these blocks? I've never seen them before, they look like fun.

Little Yinyin lowered her eyebrows and stuffed the blocks into the cupboard.

Fu Ziling picked his little brain, "Yinyin sister, the teacher said to share the toys oh"

Ye Jingzhan walked over with a toy box and said indifferently, "Inside here are blocks and puzzles, you can play with them as you wish."

Fu Ziling hurriedly dumped out the toys in the box.

This was a toy that Ye Jingzhan had played with when he was more than two years old, and it was just right for Fu Ziling to play with it. He was having fun playing with it, asking Ye Jingzhan for advice from time to time.

Ye Jingzhan had a book on his lap, answering Fu Ziling's questions in a casual manner, while at the same time, looking at his sister with a little concern.

Little Yinyin's world was very small, and there were only a few scattered people in it. Fu Ziling had easily entered his sister's world, so why did she have to expel this person again?

He was with his sister every moment of every day, what was going on that he didn't know about?

Ye Yunla watched the living room as she cooked.

The three children were sitting on the crawling mat like three soft glutinous rice balls, looking extraordinarily warm and harmonious.

HC Chapter 248

Her heart, which had been a little agitated, was strangely at peace.

The meal was soon ready.

Fried eggs with tomatoes, fried meat with chillies, chicken wings with cola, stir-fried vegetables and winter melon and pork ribs soup, a large table was laid out.

Yao Hui, a bodyguard, refused to come to the table and instead went out of the house and stood guard in the courtyard.

Ye Yunla knew that the Fu family had rules, so she didn't force herself.

The four people, one big and three small, sat down at the table.

“Wow, it smells so good, I’ve never smelt anything that smells so good, it must be super unbeatable!” Fu Ziling took an exaggeratedly deep breath, his face full of enjoyment.

Ye Yunla lost her smile and said, “Eat more if it’s delicious.”

“Then I’ll be polite!”

Fu Ziling picked up his chopsticks and couldn’t wait to clip a chicken wing.

He took a bite, the smooth and tender chicken meat blended with the taste of cola, light and sweet but not greasy, it was the best food in the world right.

He muttered his little mouth and said vaguely as he ate, “Cola chicken wings are so delicious I want to come to Auntie Yunara’s house for dinner everyday from now on, um, so happy, it’s so delicious”

Little Yinyin’s head was buried in the rice bowl as she ate furiously.

The moment Fu Ziling was talking, she had already eaten three cola chicken wings.

Ye Jingzhan gave her another one before she started eating.

As she watched the three children sweep away the food, Ye Yunla’s heart was overflowing with a very strong sense of satisfaction.

Just as the meal was finished, Yao Hui pushed the door in, “Young master, the hour is up, we have to go back.”

Fu Ziling’s originally happy mood instantly sank, he beamed, “I don’t want to go back”

Yao Hui respectfully said, “Sir said that if young master misses the appointment this time, next time he won’t be allowed to come to Miss Ye’s house.”

“Just the last ten minutes okay, I’ll play for another ten minutes” Fu Ziling stretched out ten fingers, “If daddy asks, just say there was a traffic jam on the road”

Yao Hui simply had a headache.

Even housekeeper Qiao could not control this young master, he could not control it even more.

He said helplessly, “Just the last ten minutes, then.”

Ten minutes later –

“Oops, wait a little longer, we’ll go back when I’ve finished this puzzle!”

Fu Ziling was lying on the crawling mat, frowning, scratching his head every now and then, asking about Ye Jingzhan every now and then, playing very seriously.

Yao Hui looked at the puzzle, which was less than a tenth of the size, and finally understood why Butler Qiao had to send him on this errand.

He walked over and tried to persuade, “Young master, it’s almost eight o’clock now, and sir has said that you must be home by eight thirty”

“It’s not eight thirty yet, let’s talk about it when we get to eight thirty.”

Fu Ziling said without looking back, and then continued to indulge in the sea of puzzles.

Ye Yunla was in the kitchen washing dishes, she wiped her hands and came out, saying gently, “Little Ling Ling, since you made a deal with daddy, you must keep it, otherwise next time your daddy will definitely not agree to you coming back to my place, are you saying you don’t want to come back next time?”

Fu Ziling lifted his head and flattened his mouth in aggression, “I just want to stay with Auntie Yunara But I’ve been here for so long and Auntie Yunara has been in the kitchen, I haven’t spent ten minutes with you

Ye Yunla’s heart softened.

She was about to speak when she saw a bright light come on in the courtyard, and it was a car driving in.

HC Chapter 249

Fu Ziling swept a glance at the door and his little face turned white with fright.

He hurriedly jumped into Ye Yunara’s arms and said nervously, “Auntie Yunara, it’s daddy coming, he’s coming to take me back!”

Ye Yunla lifted her wrist and glanced at the time, it was still ten minutes before half past eight, how could this man come to arrest someone so soon?

As she was thinking, the villa’s doorbell rang.

Ye Yunla got up and went to open the door.

The air was as cold as water on a late autumn night, and Fu Beijue carried the chill of the autumn night on his body.

He stood at the entrance door for a while before he stepped in.

Fu Ziling said nervously and pretending to be calm: “Daddy, I was just about to go home when you came

Fu Beijue said indifferently, “If I hadn’t come, you would have been here for at least another two hours.”

Fu Ziling spat out his tongue.

Daddy simply knew him too well, in fact, he was trying to spend the night here with Aunt Yunara.

“Mr. Fu, I’m the one who left little Ling Ling to play a little longer.” Ye Yunla opened her mouth to round up the situation, “It’s getting late, hurry up and take the child back.”

Fu Beijue nodded his head.

He swept his gaze and landed on the pink dumpling sitting on the crawling mat.

The little dumpling was looking at him with big eyes, and when she saw his gaze sweep over, the darkness under the little girl’s eyes instantly blossomed into brilliance.

She took a small doll rabbit in her hand, stomped over and stuffed the rabbit into Fu Beiji's hand.

The rabbit's fur was so soft that it made Fu Beiji's heart soften as well.

He squatted down and added some low softness to his cold face: "Little Yinyin, you haven't said hello to me today."

He knew that after that day, Little Yinyin had never spoken again.

That "daddy", when I think back on it now, is as distant as a dream

"Come on, call out to Uncle Fu."

The first thing you need to do is to look at her seriously and slowly guide her.

Little Yinyin opened her little pink lips, again and again, for a long time, before finally making another sound –

"Daddy, earth."

There was that sound again.

I don't know why, but Fu Beiji's heart was overflowing with a strange sense of satisfaction.

"Little Yinyin, call out for Uncle Fu." Ye Yunla squatted down and corrected, "He's Uncle Fu, not daddy."

"It's okay to call out for daddy!" Fu Ziling blinked his big eyes, "Sister Yinyin and I are best friends, my daddy is Yinyin's sister's daddy, Yinyin's sister's mummy, can I be mummy too"

Before the two adults could react to the profound meaning of these words, little Yinyin's face suddenly went cold.

I don't know what the little girl thought of, those eyes swept past Fu Ziling's body, then turned around violently and stomped upstairs.

"Sister Yinyin, wait for me, why did you run away?"

Fu Ziling hurriedly followed.

Ye Jingzhan did not move and stopped his way, saying indifferently, "Sister should be going to the washroom, what are you doing following a boy?"

Fu Ziling scratched his chin, "Why do I feel like sister Yinyin is suddenly unhappy?"

Ye Jingzhan gave him a sidelong glance.

It's been more than an hour, and this guy Fu Ziling can finally see that his sister is unhappy, so he's not so stupid as to be hopelessly stupid

The two children were standing at the entrance of the stairs talking.

The atmosphere between the two adults, however, was extraordinarily odd.

Ye Yunla said with some embarrassment, "Sorry Mr. Fu, little Yinyin should have heard little Lingling call you that, so she followed suit, I will correct her and will never let this happen again"

Fu Beijiu spoke blandly: "Little Yinyin at this age, the child most desires fatherly love, has Miss Ye ever thought of finding a father for her child?"

This question, then, is a bit involved in privacy.

But their own daughters, pulling others to shout father, people ask this question, is not too excessive.

HC Chapter 250

Ye Yunla said in a slow voice, "I really didn't think about finding a father for my children because I always felt that what a father could give them, I could also give."

"Does Miss Ye think too highly of herself?" Fu Beijiu's voice was a little deep, "There are some things that a mother can never give."

Ye Yunla pursed her scarlet lips.

She raised her clear, cold eyes and asked in a slow voice, "What about Mr. Fu, why didn't you ever think of giving Fu Ziling a sound family?"

Fu Beijiu's eyebrows were tinged with a cold sinking.

A trace of coldness penetrated his thin lips as he said indifferently, "Because there is no need."

If he married a woman he didn't love for the sake of his children, then he was afraid that the rest of his life would be unsettled.

Ye Yunla curled her lips and smiled.

She found that she and Fu Beijue were quite similar in some ways.

She didn't want to condemn herself to marry a man with no feelings for the sake of her children.

And this man, too, would not marry Fu Zi Ling's own mother for the sake of his children.

"Buzzing--"

The vibrating sound of a mobile phone interrupted the two people's conversation.

Fu Beijue took the phone out of his pocket, he scanned the caller ID and the corners of his mouth curled up slightly.

Ye Yunla was only less than two steps away from him, and as she raised her eyebrows slightly, she saw the two words on the phone's screen.

Primus Lai.

Primus Lai?!

She froze for a moment before she responded.

She lifted her clear eyes and looked in the direction of Fu Beijiu.

After Fu Beijiu picked up the phone, he didn't avoid it and casually chatted with the other party.

“When did you return to Haicheng?”

“At nine o’clock in the evening, inviting me to dinner? Barrister Li, can you show some sincerity?”

“I’m very busy, I’m not available.”

He hung up the phone straight away.

Ye Yunla pursed her lips.

Barrister Li, that should be Li Snap.

Hearing this tone, Fu Beijue and Li Snap should be very familiar with each other.

If she asked for Fu Beijue’s help, would this man agree?

But now, there was no other way out.

Ye Yunla walked over and asked in a slow voice, “Mr. Fu, if I may ask, was the person you just spoke to on the phone the famous barrister, Primus Lai?”

Fu Beijiu nodded: “It’s him, do you know him?”

“I don’t know him, I’ve heard people talk about him.” Ye Yunla pursed her lips, “I would like to hire Mr. Li as my lawyer’s advisor, I wonder if Mr. Fu can introduce me to Mr. Li?”

Fu Beijue raised his eyebrows, “Since you’ve heard of him, you should know that he doesn’t take on commercial cases and doesn’t work as a legal advisor for any company.”

Ye Yunla was silent for a moment before saying, “I want to fight for the custody of my two children, and Lawyer Li seems to be very experienced in this area.”

Fu Beijue narrowed his eyes.

He lowered his brows and looked at the woman in front of him, her face as pink and white as porcelain, her thin lips as sweet as cherry blossoms.

On that cold, pretty face, there was more than a little unease and anxiety that did not belong to her.

He said in a slow voice, “Who is the father of your child?”

Ye Yunla glanced at Ye Jingzhan in the distance to make sure her son couldn’t hear her before she whispered, “The president of the Tianqian Group in the capital, Chen Tianqian.”

In Fu Beijue’s mind, a figure immediately came to mind.

The man who had grabbed Ye Yunla’s wrist on the cruise that day was Chen Tianqian.
