

HC Chapter 251

Ye Yunla squeezed her fingers a little uneasily.

In order to win over Li Snap, she had sort of revealed her unpleasant past in its entirety.

She had said so much in the hope that Fu Beijue could help her introduce Li Snap.

As long as Li Snap was willing to help her with the lawsuit, she would definitely be able to keep the custody of her two children.

Fu Beiji's black eyes had a bit of cold stars.

He had always known that she had two children, but had never associated her with a certain man.

At this moment, when he suddenly heard her talk about the children's father, he suddenly realized that in order to have two children, he had to have had a relationship with a certain man.

Just the thought of her having a past affair with another man five years ago

Just the thought that she had given birth to two children for another man

layer after layer of depression floated over the tip of his heart, pounding on him like a raging ocean wave, suffocating him a little.

Why he felt this way, he did not know.

All he knew was that he was uncomfortable.

How could such a cute and beautiful little Yinyin be Chen Tianqian's daughter?

How could Ye Jingzhan, who was so smart and dark, be Chen Tianqian's son?

Little Yinyin called him a daddy, it should be his daughter only

Thinking of this, Fu Beijue jerked awake.

Was he out of his mind to exist with such a terrible thought.

"Mr. Fu?"

Seeing that he didn't say anything, Ye Yunla shouted out.

She swallowed a mouthful of air and slowly said, "If it's really inconvenient for Mr. Fu, then forget it."

"There's no inconvenience." Fu Beijue faintly curled his lips, "I was just thinking, why should I help you?"

If he said that, it meant that this matter could still be talked about, and Ye Yunla's taut heartstrings finally loosened.

She curled her lips and smiled, "If Mr. Fu has any conditions, just mention them, as long as I can do it, I won't refuse."

Fu Beiji twiddled his fingers.

What conditions?

Nothing.

He was just very uncomfortable at the thought of her and Chen Tianqian having a lifelong involvement.

He suddenly felt that he was being a bit unreasonable.

He raised his eyebrows and saw Fu Ziling.

Fu Ziling was talking to Ye Jingzhan with his little brain picked.

When Ye Jingzhan casually said something, the boy frowned and thought for a long time, looking like his IQ was in arrears.

Fu Beijue pursed his lips and spoke, "Fu Ziling likes your cooking a lot."

Ye Yunla's eyes lit up, "Does Mr. Fu mean that if I can take care of little Ling Ling's three meals a day, I'll be willing to help introduce lawyer Li?"

Looking at the radiant light in her eyes, Fu Beijue froze for a moment.

He spoke again, "Just go to Fu's house every night and cook a dinner for Fu Ziling."

Ye Yunla frowned, "But I still have to take care of Jing'er and Little Yinyin"

"Bring the two children to the Fu family together." Fu Beijue said in a light voice, "After you finish dinner at Fu's house, you can come back with the children."

Ye Yunla pondered for a few seconds.

It didn't seem like much to go to Fu's house to make dinner.

Taking the children to dinner at Fu's house, it didn't seem like much either.

It was just that she might deal with Fu Beijue more often in the future, and it would be easier to meet Ye Xueying as well.

HC Chapter 252

Ye Xueying was a poisonous snake that would take a bite if she wasn't careful.

Ye Yunla spoke, "It's better to let Little Ling Ling eat at my house, I'm used to using my kitchen."

Fu Beijue stared at her and said indifferently, "What is this concern of yours?"

Ye Yunla knew that this man was smart and couldn't hide anything from him.

She simply didn't hide it and said directly, "Last time I met Ye Xueying at Fu's house, she almost hurt Little Yinyin, so I didn't dare to take any more risks."

Fu Beijue suddenly curled his lips.

He bowed his head slightly and slowly said, "Why do I feel as if you are jealous?"

Ye Yunla's eyes instantly widened and rounded, "Don't be ridiculous, who's jealous, which one of your eyes saw that I was jealous?"

"Good, you're not jealous."

Fu Beijiu shrugged his shoulders.

Ye Yunla: "....."

She really wasn't jealous! Why should she be jealous! Wasn't this man too self-absorbed too!

If she didn't have to beg him, she would have kicked both their father and son out long ago!

"Don't worry, Ye Xueying won't come to the Fu family anymore." Fu Beijiu said with a straight face, "I have explained to Housekeeper Qiao that she is not allowed to set foot in the Fu family in the future."

Ye Yunla was a little surprised.

This man, actually so desperate?

There was Ye Xue Ying's dress and Ye Xue Ying's piano in the Fu family villa, and to say that she could be kicked out?

But thinking about it, it was understandable.

Ye Xueying threw Fu Ziling a slap, how could a man like Fu Beijiu tolerate others hurting his own son

If it had been her, she would have probably slapped Ye Xueying in the face ten times over.

Thinking of this, Ye Yunla was a little more relieved: "Okay, then I'll go to Fu's house every night to cook a dinner from now on."

Fu Beijue nodded: "Good, then tomorrow at three o'clock in the afternoon, I'll take you to see Li Snap."

The two had just agreed when Fu Ziling came over on his short legs, "Daddy, you talk to Auntie Yunla for a bit longer, I'll go upstairs and play with sister Yinyin for a while"

"Now it's time to go home." Fu Beijiu said indifferently.

The little one's face drooped, "It's only been an hour or so, I haven't had enough, Auntie Yunara, I can't let you go, I don't want to leave you, woo woo"

Ye Yunla picked him up and smiled, "I will come to your house tomorrow night, are you happy?"

Fu Ziling's eyes widened, "Really, Auntie Yunara will you really go to my house, don't lie to me"

"I made a deal with your daddy, I'll go to your house every night from now on and cook you a dinner."

"Wow, great, I'm so happy!" Fu Ziling cheered up and danced around with his hands in joy.

"Good boy, go back to bed early, we'll see you tomorrow."

Ye Yunla walked over with him in her arms and tucked him into Fu Beijue's arms.

Impatient with holding him, Fu Beijue picked him up by his collar and threw him to the ground.

The night was deep, Fu Ziling took Fu Beijiu's hand and left with one step and three steps back.

Ye Jingzhan walked over slowly: "Mummy, why do you want to go to Fu Ziling's house to cook for him later?"

Ye Yunla had long thought of something to say and bent down and said gently, "Fu Ziling is a picky eater, he's actually the same age as you, but he's several pounds thinner than you, which is caused by not eating every day. His daddy and I are business partners, so I agreed to go over and cook dinner for him for a while and raise him a few pounds of meat back."

Ye Jingzhan lowered his eyes.

He was just standing over the stairs, and although he was talking to Fu Ziling, his afterglow glanced in Mummy's direction from time to time.

He noticed that Mummy and Fu Beijue were discussing a very serious topic, he thought it was something about work, so he didn't pay attention to it.

He always felt that Mummy seemed to be hiding something from him.

But it was fine to go to Fu's house to cook, and he could just find a chance to get Fu Beijiu's hair.

This time, no matter what, he would have to do a paternity test

HC Chapter 253

At three in the afternoon, Ye Yunla drove to the entrance of the office building she had visited yesterday.

Today the entrance to this building was very clean, not overrun by people, only two security guards were guarding the entrance.

She had just parked the car when a black car pulled up beside her car, the door pushed open and Fu Beijue stepped out of the car.

Ye Yunla loosened her seat belt and followed her out of the car.

The two of them walked shoulder to shoulder towards the office building, and there was no one to stop them.

Fu Beijiu took the lift and arrived at the door of an office in a familiar way, he raised his hand and knocked, then directly pushed the door of the office open.

"You actually came over to me in person, I thought you were playing a trick on me!" The man sitting on the office chair stood up, and before he could say the words that followed, he saw Ye Yunla behind Fu Beijiu and said with some surprise, "When did you find such a beautiful female secretary?"

Fu Beijiu said coldly, "Not a secretary."

Ye Yunla curled her lips and smiled as she stepped forward, "Hello Lawyer Li, I'm Ye Yunla, and I'm a business partner with Mr. Fu."

Li Snap pushed his glasses, his sharp eyes crossed Ye Yunla, then looked at Fu Beijiu: "Just a business partner?"

With his intuition as a lawyer, these two people were definitely not just a simple partnership.

Fu Beijue gave him a cold look.

When he was studying abroad, he was evicted by his landlord and was desperate to find a way out.

Fu Beijue's family is well-off and he lives in a three-storey villa, so he has been stuck with him ever since.

When he returned from school, he wanted to repay the favour he had received.

The two of them have never had a proper meal alone since they returned from studying abroad

"The two of them have never had a proper meal alone since they returned from studying abroad. The two of them had never had a chance to eat alone after returning from studying abroad.

Li Snap's eyes immediately lit up: "Say, hurry up and say."

After so many years, he was hoping that Duke Fu Beiji would ask him for a favor, he couldn't wait to pay off the debt he owed back then

The first thing you need to do is to get a good idea of what you are doing.

Seeing this stance, Li Snap understood instantly.

He looked at Ye Yunla with a little more scrutiny.

Back then, when he was studying abroad, Fu Beijue was made the genius senior in the school, and countless schoolgirls wanted to move up to him.

But until Fu Beijue graduated and returned home, no female student had ever had the pleasure of appearing by Fu Beijue's side

This guy, it seems, especially does not like women to appear around, back then he even suspected that Fu Beijue had some special fetish

This time when he saw Ye Yunla, he realized that it wasn't that this guy didn't like women, but that those women in the past didn't grow to his aesthetic point

"Mr. Li."

Ye Yunla saw that Li Snap had been sizing her up and smiled as she interrupted the other man's scrutiny.

She smiled and spoke, "I would like to ask Mr. Lai to keep custody of the children for me."

Primus Lai: "???"

He was startled for a moment, "Miss Ye, you have children?"

HC Chapter 254

“I have a son and a daughter who are four years old.” Ye Yunla gave a truthful account, “I raised the children alone for four years, and now the children’s father is looking for them, and the other party wants custody back, do I have any chance of winning?”

Li Snap suppressed his consternation with difficulty.

He had thought that there was something between Fu Beijiu and this Miss Ye Looks like it was a wasted expectation

He pushed up his glasses, finally remembering that he was still a lawyer, and said with a straight face, “Miss Ye tell me more about this matter, about the two children, about the father of the children, and about your current situation in raising the children”

Ye Yunla nodded and sat down across from Li Snap.

“Five years ago, because of an accident, I had a relationship with the children’s father, and eight months later, I gave birth early and then took the children abroad. In those four years, I raised both children alone, the children’s father never showed up and never gave a penny for their support, and the two children did not know their father.”

“The man’s name is Chen Tianqian, an entrepreneur, the market value of the Tianqian Group is around five billion”

Li Snap used a fountain pen to quickly take notes, not far away, Fu Beijue was holding a teacup, a dark aura floating around his eyebrows.

Ye Yunla spoke out all the information she knew.

“That is to say, the child’s father is a successful entrepreneur with a rich family and, to outsiders, he has a harmonious family.” Li Prim concluded, “You, Miss Ye, on the other hand, although you also have a substantial family fortune, have always been single and the children have always lived in a single-parent household.”

He pushed up his glasses and continued, “There is a high chance that the judge will award custody of the children to their father out of consideration for their psychologically healthy development.”

Ye Yunla’s fingers tightened, “Even if the other party has not put any effort or money into the children over the years, the law will still favour him?”

Li Snap nodded: “If the other party was aware of the children and did not take responsibility, the court would certainly not favour him, but from Miss Ye’s elaboration, I can roughly understand that the two children, were born to Miss Ye without the children’s father’s knowledge, right?”

Ye Yunla pursed her lips.

The moment she learned that she was pregnant, she had also thought about aborting the children.

But after lying on the operating table, she suddenly couldn’t let it go, and she defiantly tumbled off the table and escaped.

She would rather have been imprisoned herself than lose the child in her womb

She had expected this day to come, but never imagined that it would come so early.

The two children were only four years old, she couldn't lose Jing'er and little Yinyin

Ye Yunla's throat was dry: "Even with Attorney Li's help, there is no way to turn the situation around?"

Li Snap said slowly: "Although I have a high success rate in lawsuits and a certain chance of turning the situation around, I assume you want to win 100 percent."

Ye Yunla nodded her head.

If she didn't want to win 100 per cent, why would she have bothered to come over to see Li Snap?

"There is a way that will give Miss Ye 100 per cent custody." Li Snap spoke in a slow voice.

A light emerged in Ye Yunla's eyes, "Please tell me clearly, Mr. Li."

"Miss Ye is the mother of the children and has taken care of them alone for four years, the two children will definitely choose to follow their mother, if Miss Ye can find a father for the children, the court will definitely retain Miss Ye's custody."

Hearing Li Snap's words, Ye Yunla's face changed violently.

She could do anything for the children, except marriage.

There was no way she could just find a man to marry.

"A fake marriage is also a marriage, and you can do the divorce after the lawsuit." Li Prim said indifferently, "Of course, if Miss Ye strongly rejects this proposal, just forget I said anything, I will try my best to help Miss Ye win the lawsuit."

HC Chapter 255

Ye Yunla had been at the lawyer's office for over an hour.

After talking to Li Snap, she realised that the situation was not as optimistic as she had thought.

Chen Tianqian was the biological father of the children, and she had given birth to them in secret, and the court would definitely favour Chen Tianqian on this point.

Moreover, Chen Tianqian's outward image as a good father and husband with a very stable family was very favourable to the lawsuit.

She, on the other hand, was all alone, working and taking care of her children, and there was too much negligence.

If she were the judge, she might have awarded the two children to Chen Tianqian without knowing the inside story.

The only way out now seems to be to find a man to marry.

As long as she had a stable family relationship, all of Chen Tianqian's advantages would be gone.

With an even playing field, her chances of winning are much better.

“If there is a stable relationship between a man and a woman, the judge will also consider it at his discretion.” Li Prim said again in a slow voice, “Even if this case were to go to trial, it would still be at least a month away, so Miss Ye should not rush yet.”

Ye Yunla nodded and spoke again, “Today Chen Tianqian will take his lawyer to pick up the two children from the kindergarten, what reason could I have to stop him from meeting the children?”

She didn’t want the two children to know that they had such an unpleasant father.

It was obviously more unacceptable to have a father with a corrupt character than to have no father at all.

Li Snap swept a glance at Fu Beijue, who was sitting not far away.

He had been talking with Ye Yunla for over an hour, and Fu Beijue had been sitting on the side for over an hour.

Yesterday he had asked this guy to dinner, and this guy said he was busy and didn’t have time.

Such a busy guy, yet he was bored and waited here for so long.

It seemed that this Miss Ye was a very important person to Fu Beijue.

Then, he couldn’t just deal with it.

Li Snap pushed his glasses and said, “It’s just right for me to meet this Mr. Chen, I’m Miss Ye’s defence lawyer, so after you meet Chen Tianqian’s lawyer, leave anything you say to me.”

Ye Yunla was very grateful, “Thank you, Lawyer Li.”

Li Prim gathered up the documents on his desk and got up, “Let’s go together then.”

Fu Beijiu also stood up obediently, and the three of them headed out together.

Ye Yunla drove over, and Fu Beijue also drove, and Li Snap directly got into Fu Beijue’s car, “Miss Ye, you drive ahead and lead the way.”

Ye Yunla nodded her head.

She started the engine and took the lead on the road.

Li Snap sat in the passenger seat, lazily leaning back in his seat, a far cry from the polished barrister in front of people.

He said with a wink, “Fu Beijue, do you have something against this Miss Ye?”

Fu Beijue looked ahead without squinting: “Do you want to be thrown out of the car by me?”

“Hey, I’ll be honest, Miss Ye is actually quite pitiful, a girl who has brought up two children alone, and has barely seen the light of day, only to have the children’s father come to her door.” Li Snap shook his head, “This lawsuit actually I also do not have a full grasp, can only find a way to persuade Miss Ye to hurry up and find a boyfriend, preferably the kind of rich and powerful boyfriend

The company’s main business is to provide a wide range of products and services to the public.

The company's main business is to provide a wide range of products and services to the market.

Fu Beijue's eyes were like blades: "What a lot of nonsense."

HC Chapter 256

He slammed down on the accelerator, his hand on the steering wheel, and made a violent tail swing.

"Hey, you're crazy!" Li Prim hastily grabbed the handle, "This is the main road, you drive slower, slower, ahhhh!!!"

The car sped towards the front and soon overtook Ye Yunla's car.

Ye Yunla frowned.

What's the point of driving so fast, it's not even time to go to kindergarten

And the speed limit on this road, is this a rush to give performance to the traffic police?

Golden Sun Kindergarten.

A black car was parked in front of the school and Yu Jiao was surrounded by several people, bargaining with the person in front of him under great pressure.

"Mr. Chen, even if you are Ye Jingzhan and Ye Yinyin's real father, you can't see them now, we have to take responsibility for the children's guardianship." Yu Jiao took a deep breath and spoke, "If Mr. Chen must see the children, then contact Ye Jingzhan's mother, as long as Yinyin's mother agrees, I will immediately take the children out."

Chen Tianqian took a step back, allowing the lawyer to step forward.

Huang Huan said indifferently, "The law states that parents have visitation rights, and no one can deprive a child's parents of their visitation rights. The school teacher prevented Mr. Chen from visiting his child, this is a violation of at least three acts, if our recording is exposed, this kindergarten of yours will be condemned from all sides, this is all still light, if the police are called, this teacher will be taken away by the police to be investigated"

Yu Jiao's face went white.

She was also just a young girl in her early twenties, when had she ever seen such a show.

But she remembered the phone call Ye Yunla had made to her, and no matter what, there was no way she would hand over her two children to this man

Huang Huan continued, "If Teacher Yu has to stop a father from visiting his children, then we will have to resort to extraordinary measures"

He beckoned and the two bodyguards behind him came over.

Yu Jiao was so scared that his legs were shaking.

Just then, a black-faced car jerked to a halt in front of the kindergarten.

The car door pushed open and Fu Beijue was the first to get down, he was dressed in a black suit and had a cold aura about him.

As soon as he saw Fu Beijiu, Chen Tianqian's face changed.

That day on the cruise ship, it was Fu Beijue who took away Ye Yunla, Ye Yunla must have hooked up with someone from the Fu family, that's why she didn't want to return to the Chen family with her child

Huang Huan is from Haicheng and naturally knows Fu Beijue, he sulked and surveyed Fu Beijue, not speaking for the moment.

He would only remain silent until the situation was clear.

At this point, Li Prim finally slowed down and got out of the car, holding the door.

He had almost thrown up after the wild ride over.

Only when he saw a group of people standing over there did he force down the discomfort in his heart, and after straightening his back, he became the cool and inviolable Barrister Lai again.

He walked over and pushed up his glasses, and behind the white lenses were a pair of sharp eyes.

Huang Huan was startled and hurriedly reached over, "Is that Lawyer Li?"

Li Prim said indifferently, "Are you Mr. Chen Tianqian's defence lawyer, Huang Huan?"

Huang Huan nodded: "Yes, I am in charge of Mr. Chen's case for the time being Uh, how would lawyer Li know about"

No way, it's not what he thought it was

Lai Snap was his idol, and he had been guided by Lai Snap to a large extent in becoming a lawyer.

If he and Lai Snap were to face each other in court, he wouldn't stand a half chance of winning

HC Chapter 257

"Hello, I am Ms. Ye Yunla's defense lawyer, Li Snap, the case regarding the custody of Ms. Ye's two children will be solely under my charge from now on, in the future, regarding matters in this regard, please ask Mr. Chen and Mr. Huang to contact me directly."

HC Chapter 258

Ye Yunla sincerely said, "Lawyer Li, thank you"

"There's no need to thank me, you'd better thank Beijue, if he hadn't approached me, I wouldn't have been able to fight this kind of lawsuit." Li Snap lifted his wrist and glanced at his watch, "I still have things to do, I'll leave now, Miss Ye, keep in touch anytime."

Li Snap walked over to Fu Beijue and patted his shoulder, "I'll take your car first, you cherish this opportunity."

Before Fu Beijue could say anything, he took away the keys and drove away.

It was a little after five in the evening, the late autumn sky was haloed with an orange-yellow evening sun, falling like golden light on the tiles of the kindergarten's outer wall, reflecting a charming glow.

Ye Yunla stood at the entrance of the kindergarten and said softly, "Mr. Fu, thank you."

Fu Beijue tilted his head slightly sideways, his black eyes falling on her body.

She had a characteristically tilted face, and under the light of the setting sun, a golden glow enveloped her entire body.

She wore a pair of pearl earrings, the warm glow reflecting on the side of her face, making her appear gentle and charming.

Fu Beijue pursed his lips and said, "All these years, have you had a hard time?"

Ye Yunla froze for a moment.

Earlier in Li Snap's office, she had recounted all her unpleasant past, telling it clearly, and had not avoided this man.

She thought that he would pretend that he hadn't heard her.

Unexpectedly, he would ask about it.

Her gaze swept towards the kindergarten and she slowly spoke, "Hard work is only one ten-thousandth of the life in the past few years, more is happiness and joy, Jing'er and Little Yinyin, are the most wonderful gifts given to me by the heavens."

A hint of tenderness that even he didn't notice surfaced at the bottom of Fu Beijue's eyes.

"Jingle bells—"

Just then, the kindergarten's school bell rang.

The originally quiet school was suddenly filled with people, and the joyful laughter of children was everywhere.

"Mr. Fu, you stand here for a while, I'll go get the children."

Ye Yunla had just taken a step when, behind her, the sound of leather shoes buckling on the ground rang out. She turned her head back and saw that Fu Beijue had followed her.

The man's lips held an extremely faint smile, "I'll go over with you."

Ye Yunla did not refuse.

The two walked side by side towards the entrance of the kindergarten.

Yu Jiao led the children to the hall and caught a glimpse of the two people in the crowd.

She felt that this handsome gentleman was more like Ye Jingzhan and Ye Yinyin's father than that Mr. Chen

"Ye Jingzhan, Ye Yinyin, your mommy is here, come home."

Yu Jiao held the children's hands and walked to the door.

Ye Yunla thanked her very sincerely, "Teacher Yu, thank you for not letting the two children see irrelevant people"

Yu Jiao smiled shyly, "This is what I should do, Yinyin's mother should not say thank you again"

Ye Yunla said a few more words to Yu Jiao before leading the children into the car, while Fu Beijue, too, sat in the passenger seat very naturally.

When Ye Yunla was putting on her seat belt, she suddenly remembered a question

When Li Snap left just now, why didn't Fu Beijue follow along

This man stayed behind for what, just to accompany her to pick up the child?

However, seeing the corner of little Yinyin's lips curled up, Ye Yunla felt that it was actually not bad for this man to stay

HC Chapter 259

Ye Yunla drove the car to the Fu family villa.

Today Fu Beijiu had brought her to meet Li Snap, then she must also keep her appointment and come over to cook for Fu Ziling.

She walked into the Fu family villa holding the two children, followed by Fu Beiji at her side

The sunset light shone right on the faces of the four people in the group.

Butler Qiao had the feeling that this was a family of four

And that boy's features, and Mr. even half a dozen similar, a rough look, but also some like the eldest young master

If he didn't know that this was Miss Ye's son, he almost thought that there were three young masters in their Fu family

Butler Qiao pushed down the shock in his heart and said with a smile, "Young Master Ye, Miss Yinyin, we meet again."

When Fu Ziling was hospitalized before, Housekeeper Qiao had gotten to know these two children.

Although Miss Yinyin didn't like to talk, he couldn't help the little girl looking cute and wearing a pink dress, just like a soft glutinous rice ball.

He couldn't wait for the gentleman to hurry up and have another daughter down, she would definitely be as cute and pretty as Miss Yum Yum.

"Housekeeper Qiao, you can call me Jing'er, just call my sister Little Yinyin." Ye Jingzhan said good-naturedly.

Butler Qiao touched his face and squatted in front of little Yinyin and said, "Miss Yinyin, Grandpa Qiao can carry you in, there are many desserts prepared in the house, there is chocolate black forest cake and strawberry flavored ice cream"

The little girl's eyes lit up with a light.

Butler Qiao took the opportunity to pick her up, and she did not refuse, obediently following inside.

Ye Yunla was a little surprised: "Little Yinyin actually doesn't reject Housekeeper Qiao?"

"Fu Zi Ling is so stubborn, Housekeeper Qiao has long since mastered the secret of coaxing children." Fu Beijue explained from the side, "Hearing that you were coming over today, Housekeeper Qiao had been preparing early in the morning."

Ye Yunla nodded and walked in.

Just as she reached the entrance to the foyer, the maid brought over a pair of pink ladies' slippers, which had just been bought at first glance.

Fu Beijue said indifferently, "You have to come often in the future, I had the maid prepare a pair."

Ye Yunla raised her eyes to look at Little Yinyin who was not far away, the little girl had a pair of little rabbit plush slippers on her feet instead.

Ye Jingzhan, on the other hand, had a pair of grey slippers without any pattern, which suited his personality.

Ye Yunla spoke softly, "I'm bothering you guys."

"It's mostly a bother to you, Fu Ziling is a picky eater and the Fu family changes the chef on average every seven days, if I didn't really have no other choice, I wouldn't have opened up to you about this." Fu Beijue explained in a soft voice.

He led her into the kitchen.

The kitchen was huge, and the place where the ingredients were laid out was all fresh and varied, no less than a small vegetable market.

The cooks stood at the side, looking as if they were waiting for orders.

Ye Yunla walked in, glanced at the ingredients and said in a slow voice, "You all rest, I'll do it."

The cooks respectfully said, "Just tell Miss Ye what to cook, we are responsible for washing and cutting the vegetables and preparing them."

The kitchen got busy in an orderly manner.

Fu Beijue stood at the kitchen door, his gaze always following Ye Yunla's figure.

Suddenly he felt that there was nothing wrong with having an extra woman in the house

He leaned against the kitchen doorway and just kept watching until Ye Jingzhan walked over.

"Uncle Fu, can I ask you a few questions?"

Ye Jingzhan tugged on the hem of his shirt.

Fu Beijiu came back to his senses, he swept a glance at the book in Ye Jingzhan's hand, "You still have research on music?"

Ye Jingzhan was holding a piano pentatonic book.

This was something that Ye Xueying had bought back when she was practicing piano at Fu's house before, and it was casually placed on the bookshelf.

HC Chapter 260

"Little Yinyin has been learning the piano recently, so I followed and studied it." Ye Jingzhan frowned, "But there are a few points here that I didn't understand, I wonder if Mr. Fu knows how to play the piano?"

When Fu Beijue was only five or six years old, he had learned the piano, only to put it aside later when he wasn't interested.

But there was never much pressure on him to read such books.

He took Ye Jingzhan's book over and sat down directly on the sofa, asking in a slow voice, "Where can't you read?"

Ye Jingzhan walked up to his side and sat down on the sofa as well.

The two people were very close to each other.

Fu Beijue was a little slightly surprised.

Previously, when he was at the Ye family, Ye Jingzhan had always kept a distance from him, and there was always a certain hostility implied in the way this child looked at him.

But now, this child was actually so close to him.

Did he accept him?

Fu Beijue slightly curved his lips and said in a light voice: "This is the most basic piano pentameter, each note represents"

He spoke eloquently.

While Ye Jingzhan's eyes slowly swept towards his shoulders.

This black suit was very neat and tidy, not a trace of dust could be seen.

It took Ye Jingzhan quite a while before he finally saw a short piece of black hair on his collar.

At the end of the black hair, there was still a hair follicle.

Ye Jingzhan raised his hand without moving and said indifferently, "Uncle Fu, there is dust on you."

He reached out his hand and patted it.

Fu Beijue didn't notice the difference as he handed over the five lines, "Do you understand when I explain it like this?"

"Thank you Uncle Fu, I understand."

Ye Jingzhan picked up the book and continued flipping through it, very much immersed in it.

Fu Beijue stared at his side face, somehow he always felt that this child was becoming more and more similar to Fu Ziyan.

At the side, Little Yinyin was eating a big bite of cake.

Butler Qiao placed all the snacks in front of the little girl and watched with a smile as she ate: "Miss Yinyin, slow down, don't choke There is also ice cream here, after you have a few bites of cake, come and have some ice cream, it's delicious, the young master likes this kind of ice cream the most"

As he was saying that, Fu Ziling stomped down from upstairs.

Fu Ziling had heard Ye Yunla's voice a long time ago, but he was still in class and the teacher was blocking the door to keep him from coming down, so he was in a hurry.

In the end he finished two maths problems on fire before the teacher finally let him off the hook.

"Sister Yinyin, I miss you so much"

Fu Ziling flew over and hugged Little Yinyin's neck.

Every time they met before, he would hug Little Yinyin

This time, however, the little girl pushed him away without mercy.

Fu Ziling had just rushed down from the stairs, he didn't stand still, and when he was pushed by Little Yinyin, he fell to the ground so unawares.

Little Yinyin didn't expect that she would fall with a casual push.

She got up violently and wanted to go over and help Fu Ziling up, but suddenly she didn't know what came to her mind and sat back down, lowering her head and continuing to eat the cake.

"Sister Yinyin, don't you like me anymore?" Fu Ziling sat on the floor and tilted her head up in aggression, "You clearly weren't like this before, why do you suddenly not like me anymore, what did I do wrong?"

Last time at Yunla's aunt's house, Yinyin's sister had rejected him, he thought it was because Yinyin was in a bad mood and didn't take it seriously.

But today, Yinyin sister actually made a move on him
