

HC Chapter 661

The news on the internet intensified.

A small video of Yeh Yunla and Catherine arguing in the lobby went viral.

The picture of the president of the Fu Group standing in front of Catherine blocking the frenzy of reporters has been retweeted more than a billion times.

The number of comments was growing at a rate of thousands per second.

“Crap! It’s true that a third party interfered and caused the divorce!”

“The first wife fell to the ground, but Fu Beijue actually protected the third party first, it’s true that the third party is the true love.”

“Ye Yunla, the number one beauty in Haicheng, where exactly did she lose, why did she have to be swept away by her husband after one month of marriage?”

“Maybe the character is too strong, so that the husband had to find a woman outside”

“The victim guilt theory above can take a break, cheating must die, mistress must die! Whatever the fault of the rightful wife is, it’s no reason to cheat and have an affair!”

“The mistress’ name is Catherine, a famous psychiatrist whose clinic is on the first floor of the Eastern Road building!”

“The mistress has destroyed my marriage, ruined my family and harmed my children, I hate mistresses most in my life, Catherine will die!”

“.....”

Immediately afterwards, the news of Catherine’s clinic being smashed made it to the real-time hot search.

Ye Yunla held her phone, hooking her lips and sneering, “If Catherine doesn’t leave Haicheng, then news like this will play out every few days.”

Fu Nanchuan’s face was gloomy to the core.

He was good at handling interpersonal relationships in the mall, but he didn’t know how to handle the hook-ups of two women at all.

One was Catherine who had been with him for so many years.

One was his own brother’s wife, Of course, he had to admit that this woman carried weight in his mind.

“I have seen how crazy Catherine is, one day she will make a scene at the Fu family villa, and if she makes a scene in front of the children, then I will have to go out on a limb.” Ye Yunla said in a cold voice, “You only have one way out now, tell Catherine to get the hell out of Haicheng and never come back.”

Fu Nanchuan gritted his teeth, “You think she’ll listen to me?”

“She loves you, she will more or less listen to what you say.” Ye Yunla said, “In short, I don’t want to see Catherine in Haicheng again, you’re on your own.”

She finished her sentence, turned around and left.

Once outside, Ye Yunla’s body relaxed.

She looked up at the blinding sunlight, her face filled with a bitter smile, it was really tiring to live in the middle of acting every day.

Beijue, where the hell are you?

If you were still alive, why didn’t you come to me, why didn’t you come to meet the children?

Or are you really dead?

“Buzzing—”

The vibration of her mobile phone pulled Ye Yunla out of her sadness.

She glanced at the caller ID, it was an unfamiliar number, perhaps a business client, and she adjusted her emotions to put the call through.

“Miss Ye is it?”

A familiar voice came from the other end of the phone.

A figure emerged in Ye Yunla’s mind, “Mr. Zhuang?”

“It’s really Miss Ye, I thought I had the wrong number.” Zhuang Shen breathed a sigh of relief, “I would like to treat Miss Ye to an afternoon tea, I wonder if Miss Ye has time?”

Ye Yunla raised her wrist and glanced at the time, “Sorry Mr. Zhuang, I’m very busy.”

“Then Do you need my help?” Zhuang Shen spoke cautiously, “I just saw the news and realised that you might be in a bit of trouble Don’t get me wrong, I just feel quite close to you and want to help you out.”

HC Chapter 662

“Thank you, Mr. Zhuang, I can handle it myself.”

Ye Yunla hung up the phone straight away.

She drove back to Lara Star Technology, and instead of taking care of work, she logged onto the Darknet with her offshore account.

There were all sorts of people on the black net, most of them were capable people, she found a few organisations that frequented the chaotic land and spent huge amounts of money to get them to help search for Fu Beijue

The only way to make a person disappear unnoticed would be to be in those few places.

Whether alive or dead, she had to know where Fu Beijiu had gone

Ye Yunla had been busy at the company all afternoon, and was only then ready to leave work.

She actually didn't want to go back to Fu's house, without Fu Beijue, without the four children, it could only be considered a place to stay.

But she still needed to deal with Fu Nanchuan, she had to go back.

Ye Yunla dawdled in the office for a while before driving back to the Fu family villa.

Just as she got out of the car, she heard a familiar voice.

Then, four soft and sticky children darted towards her in a race to be the first.

"Mummy, you're finally back, I missed you so much!" Fu Ziling darted over.

"Mommy, I want a hug, I missed you so much" Little Yinyin grabbed Ye Yunla's arm and climbed up.

Fu Zi Yan raised his eyes and said with a complicated gaze, "Mommy, you seem to have lost weight"

"Mummy"

Ye Jingzhan's lips opened, unable to say a complete sentence for a long time.

He saw the news today first, and he really didn't expect that that man would actually have such a big impact on mommy.

"Why are you guys back?"

Ye Yunla gave a hug to this and touched that, her heart was full of softness.

The next second, her heart lifted.

There was a demon living in the Fu family villa, and a few children coming back was like a sheep entering a tiger's mouth.

"Lara, don't think about coaxing the children." Feng Chengyu came from behind, his face heavy, "They are only four years old, but their IQ is similar to that of a ten year old, they know everything they should know."

"Mummy, daddy is a big bad egg!" Fu Zi Ling gritted his teeth and said, "When Daddy comes back, I'm going to teach him a good lesson for Mummy!"

Fu Ziyan tensed his thin lips and said, "I really didn't expect daddy to be such a person, Mommy, whatever decision you make, I will support you."

Little Yinyin choked up and said, "Daddy is bad, bad, I don't like daddy anymore"

"Mommy, I support your divorce." Ye Jingzhan said faintly, "My sister and I will always be by Mommy's side."

The tip of Ye Yunla's nose suddenly sank.

The children cursed their daddy, but what about the fact that their daddy had long since disappeared

And this was something that she could never tell her children.

“This is a matter between adults, so don’t worry about it.” Ye Yunla took a deep breath and said, “Mommy and daddy still have some things to take care of between them, will you guys go stay with Uncle Feng at that villa before today?”

She didn’t dare let the children stay here, she was really afraid that Fu Nanchuan would lose his heart and strike at the children

“I want to stay with mommy.” Ye Jingzhan said firmly, “No matter what happens, I want to stay with mommy.”

He took Ye Yunla’s hand, stubbornly unwilling to let go.

“Yara, things have come to such a head, do you still have illusions?” Feng Chengyu said coldly and soberly, “There is only one way out for you now, and that is a clean divorce. As for the custody of the children, even if the court gives the children to the Fu family, so what? They are so old, they can live with whoever they want, who can stop them?”

HC Chapter 663

As night falls, the lights in the cottage courtyard come on one by one.

The children’s eyes reflected the bright lights and there was her figure in the glow.

Ye Yunla’s heart was soft.

If the children were allowed to leave now, they would definitely not go.

But staying with the Fu family was too dangerous.

She pursed her lips and said at once: “It’s not time for a divorce yet, but it’s really not possible to live in the Fu house anymore, so I’ll go upstairs and pack my things, and we’ll move out tonight.”

As soon as she walked into the villa, she was stopped in her tracks by Mrs. Fu.

All day long, Mrs. Fu had been on pins and needles, her heart felt like it had been thrown into a frying pan, and only she knew what it was like.

She had seen the news on the internet and all sorts of divorce rumours flying around, and before she could digest it, the four children returned.

It was not a good thing to have the children back at a time like this.

She knew best what her eldest son was, who ten years ago had four lives on his hands, but ended up letting his own father take his place and shoot him

Sending her own brother out of the country to die a tragic death ten years later

Things have come to this point, there is no guarantee that Nanchuan will not do something to the four children in order to keep the secret

“Lara, I have a house in the suburbs, no one knows that it is my property, you and the children can live there first

Just as Mrs. Fu finished her words, Ye Yunla revealed a cold smile, "Do you think that I will still believe you?"

Jointly Fu Nanchuan had deceived her, if she hadn't detected the hints, I'm afraid she would have been persuaded by Mrs. Fu to have another child with Fu Nanchuan.

"Lara, the four children are my own grandchildren, the bloodline that Lord Bei left in the world, how could I possibly harm a few children?" Mrs. Fu lowered her voice and advised, "Nanchuan has an extreme personality, he may threaten you with compromise with the children, you"

"Since you know he has an extreme personality, why did you let him appear to me and the children?" Ye Yunla lost her voice, "If you hadn't secretly helped dock, Fu Beijue would never have been assassinated by Fu Nanchuan! Madam Fu, if Fu Beijue really dies, then I will never forgive you, and the children will never forgive you as a grandmother when they know the truth!"

She shook off Madam Fu's hand and went straight upstairs to pack her things.

Mrs Fu's legs went weak and she fell onto the sofa

Why on earth did things come to this point, why

She covered her face and burst into tears.

The four children outside heard the sound and rushed around.

"Grandma, what's wrong with you, why are you crying?"

"Grandma don't cry, let me help you wipe your tears."

"Does grandma hurt somewhere, let me blow you"

Instead, Mrs Fu cried even more, such lovely children would spit on her when they knew the truth

If she hadn't met secretly with Nanchuan time and time again, if she hadn't arranged for Nanchuan to enter the wedding venue, things would never have come to this point

When Ye Yunla finished packing her bags and came downstairs, she saw little Yinyin nestled in Madam Fu's arms and little Lingling lying on Madam Fu's shoulder

Her face went cold and she said indifferently, "Let's go."

"Bye Grandma."

The few children waved obediently at Madam Fu, then followed Ye Yunla out of the villa's door.

Feng Chengyu had long since driven the car and parked it at the door, and he helped carry the two large suitcases into the trunk

However, just at that moment –

A black luxury car slowly drove over and stopped in front of the villa.

Fu Nanchuan pushed open the car door and got down, a pair of dark, cold eyes sweeping over everyone's faces.

“It’s quite lively today.”

He hooked his lips up, an evil smile amplifying on his face.

HC Chapter 664

Little Yinyin was about to take a step and pounce over to call out for Daddy when she was startled by such a smile from him.

How could Daddy have changed so frighteningly after not seeing him for a few days?

She twisted her head and hid in Ye Yunla’s arms.

Fu Nanchuan copied his pockets with one hand, his black leather shoes stepping on the marble floor as he walked towards Ye Yunla step by step.

Before he could even get close, he was blocked by three children.

“You’re not allowed to bully mummy!” Fu Zi Ling said through clenched teeth as he opened his arms wide.

Fu Ziyang pursed his thin lips and said word for word, “Daddy, is it true what happened on the news today?”

“Whether it’s true or not, mommy has been aggrieved.” Ye Jingzhan spoke flatly, “A place where mommy is aggrieved, there’s no need to stay.”

Fu Nanchuan’s tongue rested gangly against his upper jaw and he sneered, “Does it matter to you three what the adults do?”

He raised his hand and threw Fu Ziling aside, then proceeded to pick up Fu Ziyang and Ye Jingzhan’s collars

“Stop it!”

Feng Chengyu walked over after putting the boxes away, a face cold and sullen to the core.

He stood in front of Ye Yunla and the four children, his gaze locking with Fu Nanchuan.

At the beginning, he was sure that this man was in love with Yara, which was why he chose to let go of her, and he sincerely wished Yara happiness.

But it had only been a month, thirty days, and this man was having an affair.

The woman he had loved for four years, his heart trampled on, was pitied and pitied and even mocked by countless people in Haicheng

Ye Yunla, the number one beauty in Haicheng, was proud even when she was at her most wretched, but now, she has become the object of pity.

And all of this was because of this man in front of her!

Looking at Feng Chengyu, who was full of anger, Fu Nanchuan snorted, “Bringing home wild men, Ye Yunla, are you qualified to accuse me?”

Ye Yunla shielded her four children behind her and said coldly, "When you get rid of Catherine, I'll move back, Little Yan Yan, take your younger siblings to the car!"

Fu Ziyang swept a glance at Fu Nanchuan and led his younger siblings to climb into the back seat of the car.

Ye Yunla gave Feng Chengyu a push and said indifferently, "You get in first too."

Feng Chengyu gave Fu Nanchuan a fierce glare before getting into the car and sitting in the driver's seat.

"You haven't even gotten a divorce yet, and now you're going to double up with a wild man." Fu Nanchuan grabbed Ye Yunla's chin, "Have you asked my opinion on moving out?"

Ye Yunla coldly turned her head to the side, avoiding his grip.

She took a step back, her eyebrows clear and cold: "I've said it's all because of Catherine, as soon as she leaves Haicheng, I'll move back immediately."

She turned around and got into the passenger seat, saying coldly, "Drive."

Feng Chengyu stepped on the accelerator and the car sped away.

Fu Nanchuan viciously kicked over, and the large potted plant at the entrance of the villa shattered with a bang.

He took out his mobile phone and coldly ordered, "Find some people, take Catherine and get out of Haicheng, go anywhere, just don't bother me again!"

After hanging up the phone, Fu Nanchuan looked even more agitated and depressed.

He found that ever since he had confronted this woman, Ye Yunla, he was always losing ground.

First, he promised her to transfer her shares, followed by promising her to tell Catherine to get out of Haicheng

This woman is asking for more and more, and he always unconsciously goes along with her wishes

Catherine was right, he was mad.

HC Chapter 665

News of the Fu family once again dominated the headlines.

"Fu family young lady Ye Yunla moves out of Fu family villa overnight, divorce in stone!"

"Married for a month in a fiery divorce, how will the huge property of the Fu family be divided?"

"Will Junior Catherine become the next Young Lady of the Fu Family?"

"....."

The related news snowballed on the internet.

The two parties involved did not make any response.

After being reunited with her children, Ye Yunla finally got a good night's sleep.

When she got up in the morning, she was so refreshed that she pushed open the door to her room and went downstairs to hear the children's laughter.

How long it had been since she had heard laughter, which made her whole body relax.

"Good morning, Mummy."

The four children greeted in a neat and unified manner.

Little Lingling and Little Yinyin were still heartless, and Fu Ziyang and Ye Jingzhan had worry in their eyes.

Ye Yunla walked over and smiled gently, "You guys rest for two days to get jet lagged first, then start normal classes."

"School again" Fu Ziling collapsed with a small face, "I hate going to kindergarten, it's no fun at all."

Fu Ziyang pursed his lips, "Mommy, I have a lot of company things delayed when I'm out of the country these days, can I finish my company things first before going to school?"

Ye Yunla knew that this was Fu Beijue's high demand for Fu Ziyang.

Because Ziyang was the eldest and the future heir to the Fu Group, he had been exposed to all kinds of company matters, big and small, since he was three years old.

It was just that the road that Fu Beijue had paved was not going to go smoothly.

She curled her lips with a bitter smile and said, "Of course you can, if you encounter problems at work, you can always call Mummy for help."

"Jing'er is very smart, no matter what problems I encounter, Jing'er will be able to give me an optimal solution." Fu Ziyang continued, "Jing'er's company has recently taken a big order and also needs to take time to deal with it, so Jing'er and I will be out of school for now, right?"

Hearing these words, Ye Jingzhan gave Fu Ziyang a look.

It didn't matter if he went to school or not, even if he was at school anyway, he had been dealing with work-related matters.

But to be able to go to school openly and honestly, he naturally begged for it.

Ye Yunla's heart sank once again.

This company, the meeting gift that Fu Beijue gave to Jing'er

The company is still there, but the person is gone

She pulled up the corners of her lips and smiled, "Good."

"Ooooooooooooo, daddy is too biased!" Fuziling cried, "Even if big brother has a company, why does Jing'er have one too! Jing'er is younger than me, so why does he have it and I don't! Eccentric, daddy is eccentric!"

“Second brother, I don’t have one either!” Little Yinyin wiped his tears and said, “If we don’t have a company, we don’t have to deal with work, we can go out and play together after kindergarten, how happy we are!”

Fu Zi Ling grunted in exasperation, “Working every day will make you lose your hair, and when big brother Jing’er becomes a little bald in the future, let’s see who still likes them.”

Fu Zi Yan: “.....”

Ye Jingzhan: “.....”

Ye Yunla couldn’t help but laugh out loud too.

Time with the children was always the most relaxing.

While she was talking to the children, she turned on her phone and started to read the news.

Because Fu’s Group was one of the largest conglomerates, the matter between her and Fu Nanchuan had been all over the place.

HC Chapter 666

Her moving out of the Fu villa seems to have further solidified the rumours of their divorce.

Next, she didn’t need to do anything more, just wait for Catherine to mess herself up

“Children, mummy is going to the company to take care of work, you be good and wait for me at home, I will come back and cook for you in the evening.”

Ye Yunla gave each child a kiss on the cheek before driving out the door.

As soon as she left, Fu Ziyang took Ye Jingzhan upstairs and the two of them spent the morning locked up in the study.

Ye Yunla’s car had just driven into the work building when she was blocked by a group of reporters.

Countless microphones and cameras surrounded her.

“Young Madam Fu, someone has filmed you moving out of the Fu family, is this true?”

“Madam Fu, have you and Mr. Fu already started preparing for a divorce?”

“Young Madam Fu, what do you think about the division of property and the custody of the children?”

“Young Madam Fu,”

Countless questions flew over like snowflakes.

These people didn’t dare to mess with the president of the Fu Group, but they weren’t afraid of Ye Yunla, a soft woman.

As long as they could interview valuable news, they could earn countless traffic

Ye Yunla took off her sunglasses, her long hair brushed behind her ears as she said in a clear voice: “There is no divorce, let alone a division of property custody.”

When she said this, all the reporters present froze.

The transfer of shares in the Fu Group, Ye Yunla moving out of the Fu family, and that third party causing trouble, there were countless signs proving that there was already a divorce, okay?

A burly reporter was the first to react and blocked Ye Yunla's way: "If there is no divorce, then why did Young Madam Fu move out of the Fu family with her children?"

Ye Yunla's cold eyes glowed sharply: "Do I need to tell you about what's going on between husband and wife? Get out of the way."

Her last two words were as sharp as a cold knife.

The burly man, who weighed a hundred and eighty, was shaken to the side and made way.

After Ye Yunla entered, the big man rubbed the back of his head.

Such a tough woman, how on earth did she get pushed to the ground by junior Catherine yesterday

Ye Yunla entered the office unhindered.

"Mr Ye, what brings you here?" Tan Jing had an anxious look on her face, "The reporters downstairs didn't give you a hard time, did they?"

"They couldn't stop it." Ye Yunla smiled, "Bring all of the company's contractual projects for the past few months to my office."

She entered the office, took off her sunglasses and began to deal with work matters.

These few days and Fu Nanchuan around, the company has delayed a lot of things, several cases of preliminary proposals have not been submitted

Just as she got busy, Tan Jing knocked on the office door, "Mr. Ye, just now Mr. Zhou's secretary called and said that he had to go to a meeting over at Yelitos this afternoon."

Ye Yunla frowned: "Didn't we have a proposal review meeting last time, what is it for this time?"

"They didn't say what the meeting was about, but the secretary repeatedly instructed that this meeting was important." Tan Jing paused for a moment and said, "Now there are reporters everywhere outside, why don't I go to the meeting at Yelitos instead of Mr Ye."

Those reporters were indeed pestering and could chase a question countless times, Ye Yunla had no desire to deal with the reporters, she nodded and said, "Okay, you go over there first, and call me anytime if there is anything important."

Yelitos Building.

The meeting room.

Zhuang Yuan took a sip of tea and smiled elegantly, "If this matter is done, Mr Zhou will make a lot of money."

“No matter how much we earn, it will be 50/50 for us.” Mr Zhou faintly stared, “But are you really sure about getting Mr Ye to sign the contract?”

“She doesn’t even have the Fu family as her backer anymore, what is she afraid of?” Yue Yingliang laughed coldly, “She used to suppress me because of the Fu family, but now, she can’t help it!”

HC Chapter 667

Tan Jing was guided by her secretary to the meeting room.

When the door opened, she expected the conference table to be filled with participants, but she didn’t expect there to be only three people.

Her brow knitted, she always felt that something was not right about this.

“Who are you, and where is Ye Yunla?”

Yue Ying Han stood up and coldly questioned.

Tan Jing took a deep breath and spoke, “I’m Tan Jing, Mr. Ye’s assistant, this time I’m attending the meeting in Mr. Ye’s place.”

“Heh, this is because you know you’ve become a street rat, so you don’t dare to come out and meet people?” Yue Ying Han sneered and taunted, “I thought she was so capable, without the Fu family, a paper tiger!”

“Sit down.” Zhuang Yuan said coldly, “How can you sneer and mock, how can you have the grace of a lady of the family?”

Yue Ying Han grunted and took a seat in her position.

General Manager Zhou coughed and said lightly, “Since Assistant Tan is here, then let’s get down to business.”

As soon as Tan Jing sat down, General Manager Zhou pushed over a document, “This is the approval from above for our chip design this time, you can take a look.”

Tan Jing turned a page and her face changed, she quickly read through the next few pages and said incredulously, “This is nonsense, there is no way that our company’s chip design has these loopholes, this is a deliberate planting of evidence.”

“Assistant Tan, this is the conclusion reached by the above after scientific tests, this chip designed by your company, Lara Star Technology, led by your company, is able to steal customers’ private information and listen to their call chat records” Mr Zhou said with a serious face, “Once this report is submitted to the police, your company will be prosecuted.”

Tan Jing looked at the bright red seal on the document, it was indeed an official document with a definite conclusion.

But they had done internal tests and there was absolutely nothing wrong with the chip, which meant that the Yelitos Group had colluded with the official

“If you want to put this matter to rest, then you will be compensated at ten times the original commission.” President Zhou blandly knocked on the table, “This kind of thing that affects the company’s reputation, our group doesn’t want to make a big deal out of it, if we can settle it privately, let’s leave some face to each other.”

“Ten times compensation? Several hundred million, do you really think that our company’s money comes from the wind?” Tan Jing’s voice was a little unsteady as she pointed at the few people in front of her and said through clenched teeth, “I do suspect that this incident of the chip being censored and flawed was a setup designed by General Manager Zhou and General Manager Zhuang! Last time, Mr. Zhuang suffered a loss at the hands of our Mr. Ye, so he wanted to seek justice for himself. The Zhuang Group has always been open and honest, I really didn’t expect that Mr. Zhuang would actually come up with this” for his own personal gain

“Pah!”

A fierce slap was slapped on Tan Jing’s face.

Yue Yinghan shook off his somewhat numb right hand and said coldly, “What are you, and how dare you point your finger at my mother’s nose and speak?”

Tan Jing covered her hot cheek, her face full of disbelief.

She had never expected that these few people would actually dare to make a move.

In a society governed by law, in broad daylight, she had actually been slapped.

“Assistant Tan, go back and tell your General Manager Ye, either compensate ten times the breach of contract, or see you in court.” Zhuang Yuan threw the compensation package over and said indifferently, “Someone, send Assistant Tan out.”

The two bodyguards at the entrance of the meeting room came in and forcefully invited Tan Jing out.

Tan Jing’s eyes swept over the three people in the conference room with anger and angrily flung her hands away.

“As the saying goes, even if you beat a dog, you have to look at the master, Han’er you shouldn’t be so impulsive.” Chief Zhou said with some disapproval.

“What is Uncle Zhou afraid of, her master is Ye Yunla, but Ye Yunla is nothing now!” Yue Ying Han mocked, “A month ago she married into the Fu family and became the young grandmother of the Fu family with boundless glory, at that time she probably didn’t expect that she would be swept away as an abandoned woman just a month later, right? A person who goes against the Fu family won’t be able to get along in Hai Cheng in the future, we don’t need to be afraid of her.”

HC Chapter 668

Zhuang Yuan’s fingers tapped on the desktop and said in a light voice, “She is currently just preparing for a divorce and still has a stake in Fu’s group in her hands, she should be able to get it out by asking her for compensation at this time, any later and she may not be able to squeeze anything of value out of it.”

“Ten times the compensation, close to five hundred million.” Yue Ying Han smiled up, “With this huge profit, there shouldn’t be much objection for me to become the heir of the Zhuang Group.”

Zhuang Yuan smiled gratefully, “This road has already been paved for you, just walk down it smoothly. Next, I will ask Mr. Zhou to find a good match for you, a strong husband’s family will enable you to stand firm in the Zhuang Group”

Yue Ying Han’s smiling face instantly fell.

She only had Feng Chengyu in her heart, she couldn’t look at any other men

Tan Jing’s entire body was muddled when she returned to the Lara Star Technology Company.

She washed her face in the bathroom to cover up the fingerprints on her face before knocking on the door of Ye Yunla’s office.

“Mr. Ye, I’m back.”

Ye Yunla was reviewing the project documents and didn’t have time to look up, but she felt that something was wrong with Tan Jing’s voice.

She closed the file and raised her eyes, her eyes suddenly narrowing, “What’s wrong with your face?”

“No, nothing.” Tan Jing stammered, “I’d better talk to Mr. Ye about today’s meeting”

The slap marks on Tan Jing’s face became more and more clear as she got closer.

Her eyes glowed cold: “Who hit you?”

Tan Jing hung her head low, blaming herself to death.

Mr. Ye was deeply involved in the divorce fiasco these two days, she went to the meeting instead of Mr. Ye and actually managed to cause trouble

As Mr. Ye’s assistant, she was really too useless

Ye Yunla pursed her lips and pulled the document out of her arms.

After reading only one page, she was exasperated.

She had taken away the results of the chip she had spent days designing, and actually turned around and falsely accused her of stealing the privacy of her client, and what was even more ridiculous was that she had even asked for ten times the amount of compensation.

The Yelitos Group was really shameless!

However, although Mr. Zhou was shameless, he could not possibly make a move against a woman like Tan Jing.

Ye Yunla’s eyes narrowed: “People from the Zhuang Group were also present today?”

“General Manager Zhuang and Miss Yue are both present.” Tan Jing said indignantly, “This is clearly a deliberate planting of evidence by them! Although this test document is officially issued, it doesn’t mean

that our chips are really faulty. Mr. Ye, I think we can go through the legal process and let the court appoint a third party to re-test

“Was the person who did it Zhuang Yuan or Yue Ying Han?” Ye Yunla faintly interrupted her words.

Tan Jing fell silent for a long time before she said, “It was Miss Yue.”

As soon as her words left her mouth, Ye Yunla walked out of the office, striding towards the outside of the company.

Tan Jing was so frightened that she hurriedly chased her out, “Mr. Ye, where are you going, there are reporters outside

HC Chapter 669

Ye Yunla walked outside the company in big strides, leaving Tan Jing far behind.

There were dark forces behind Fu Nanchuan, and she didn't dare to make a rash move, so she had to hold her breath and surround herself with Fu Nanchuan.

But the Zhuang family –

She really didn't mind going head to head with the Zhuang family.

As soon as Ye Yunla went out, the long-awaited reporters once again gathered around.

Without waiting for the reporters to ask her questions, she pulled out a microphone and said coldly, “Wait here, I'll come back later to announce something big.”

She threw the microphone back, pulled open the car door and got in.

By the time the crowd of reporters came back to their senses, her car had already disappeared into the road in front of the office building.

Zhuang's Group.

Every month at 3pm on this day, the senior management of the group met in the conference room to deploy the business direction for the next month.

Master Zhuang is the chairman of the company and sits on top of the main seat. On his left hand side is Zhuang Yuan, who is also the president of the company and manages all affairs.

On Zhuang's right hand side is Zhuang Shen, who has no clear position in the company and whose only shares were transferred to Zhuang Mingfeng's name not long ago.

Although Zhuang Mingfeng is the only child of this generation of the Zhuang family, the shares he holds are not as many as Yue Yinghan's cousin.

The company had long since started to take sides, and some extremely discerning chairmen had long since expressed their hearts to Zhuang Yuan, after all, as long as Zhuang Yuan was the company's president, then Yue Yinghan would have a great possibility of becoming the next heir.

“Grandpa, this time the project with Yelitos is going very well, a conservative estimate is that it will make a profit of at least 200 million.” Yue Yinghan stood up and reported on the progress of her project, “After this project is over, Yelitos will also have new projects to carry out, I have already reached a preliminary cooperation intention with Mr Zhou

Listening to her methodical report, Elder Zhuang was very satisfied: “Han’er’s progress is very obvious, very good.”

After saying that, Elder Zhuang turned his head, “Feng’er, how is the project in your hands going?”

Zhuang Mingfeng stood up and said with a flat face, “The project has been underway for less than a month, it is currently in the preparation stage, and the exact profit is still being estimated.”

Elder Zhuang nodded indifferently.

Yue Yinghan smiled smugly.

Her project had likewise only been underway for a month or so, but she was already able to visually estimate a profit of at least two hundred million.

In this competition, she had won without a fight.

She would win the position of heir to the Zhuang family.

Zhuang Yuan spoke up at the right time: “Dad, Han’er is very good, but she doesn’t have a clear position in the Zhuang Group, and her work is not always so righteous. In order not to let people underneath her despise her, I want to arrange a position of project general manager for Han’er.”

General manager of a project was already considered a high-level position.

It was actually very inappropriate for a girl in her early twenties to take up such an important position as soon as she joined the company.

But Master Zhuang knew that sooner or later, the Zhuang family would have to be handed over to the younger generation, and it didn’t make much difference if it was a day early or a day late.

Of course he wants to hand over the company to someone from the Zhuang family, but his own son Zhuang Shen has no interest in running the company, and his grandson Zhuang Mingfeng does not see any talent for business for the time being

The company’s performance is getting brighter and brighter.

The project’s general manager position to experience some, in the future to better sit in the position of the heir

The old man looked at Zhuang Shen and Zhuang Mingfeng with disappointment, and was about to speak when a commotion suddenly came from the entrance of the conference room.

HC Chapter 670

“Mr. Ye, you can’t go in, this is the meeting room of the Zhuang Group, please stop

The door of the meeting room was suddenly opened.

The crowd looked up in unison and saw the leading lady who had been frequenting the news headlines for the past two days suddenly appearing in front of them.

Ignoring the dismayed gazes of the crowd, Ye Yunla walked straight in on her high heels.

She walked straight towards Yue Yinghan and raised her hand to grab Yue Yinghan's collar.

"What are you doing Let go of me!"

Yue Ying Han was sitting nicely and was suddenly grabbed up, she screamed in fright.

Ye Yunla closed her five fingers against Yue Yinghan's back waist, she used a deft force against a certain acupuncture point and pressed down fiercely.

"Ah It hurts, it hurts like hell!"

Yue Ying Han's knees went weak and he fell straight to his knees, sweating profusely from the pain, as if he had been heavily tortured.

"Ye Yunla! What have you done to my daughter!"

Zhuang Yuan was furious, she helped Yue Ying Han sit on a chair and coldly ordered, "Security, arrest her!"

"Hold on."

Zhuang Shen spoke coldly, striding over to block Ye Yunla's body.

"Big brother, what are you doing?" Zhuang Yuan laughed in exasperation, "Han'er is about to be killed by her, and you still want to defend an outsider, do you?"

Everyone in the office was frozen as such a situation suddenly occurred.

The crowd couldn't understand with their toes why the news heroine would suddenly rush in and beat up the future heir to their Zhuang's group.

"It's a misunderstanding." Zhuang Shen shielded Ye Yunla and said in a consultative tone, "I see that Han'er isn't hurt either, let's forget about this matter."

Yue Ying Han couldn't believe it, "Uncle, I can't even lift my back, my body is all soft, just because I'm not hurt doesn't mean I'm fine! This bitch Ye Yunla rushed in and made a move on me, I want to report her for malicious injury!"

With that, she took out her phone and was about to call.

Zhuang Shen's eyes were cold and he was about to go over and grab the phone when Ye Yunla let out a laugh.

She walked out from behind Zhuang Shen and threw the document she had brought with her on the table, "Mr. Zhuang, Miss Yue, you know this document, right?"

Zhuang Yuan's eyes narrowed up.

She really didn't expect that Ye Yunla, who was deep in a divorce storm, would actually have the heart to personally come and deal with such matters.

The value of Fu's Group's equity was close to ten billion, wouldn't it be easy to come up with five hundred million to compensate, so why would she come to her door to make a fool of herself?

"This document is approved from above, if the document is made public, Lara Star Technology Company will no longer want to hang around in this circle." Zhuang Yuan said coldly, "Letting you compensate is out of a win-win perspective, it seems that Mr. Ye doesn't understand Mr. Zhou's painstaking efforts."

"Win-win?" Ye Yunla hooked her lips and smiled, "Then make this document public on the internet and let the netizens evaluate and assess whether it is Ye Lithos who is lionizing or my company, Lara Star Technology, who is not doing its job."

"And!" Her gaze was sharp, "Countless reporters are lining up to interview me, what do you think will happen to your Zhuang Group if I spread the news that the president of the Zhuang Group is colluding with President Ye Litos Zhou? And, the contents of this document are all fake, but there is an official seal at the end, so it might even implicate the people above"

"Mr. Zhuang, those who want to plunder money from me will end up losing layers of skin themselves." Ye Yunla laughed lightly, "I will hold a press conference in the evening, so please watch."

She coldly swept her eyes at the office, turned around and left.

She came suddenly and left quickly, leaving the people in the office staring at each other for a long time.
