

HC Chapter 751

The café.

Yvonne and the Queen sat opposite each other, four children sitting at the next table laughing and playing with the childlike innocence of ordinary children.

“I envy you.” Queen Mavis sighed, “Four children in one child, the most important thing in life is solved

She only had one daughter, who was not educated well and disqualified from competing for the throne, if she had one more child, she would not have to worry about losing the power at all

“The princess is only seventeen this year, she is not yet an adult, there are still many possibilities in life.” Ye Yunla smiled and comforted, “As long as Her Majesty is willing to give it a chance, I’m sure the princess will grow up and become the next queen without any problems.”

“What’s the use of my willingness to give chances?” Mavis suddenly sighed, “The cabinet already has a proposal that if she fails to set an example as a princess by the age of eighteen, she will be directly disqualified from competing for the throne

Ye Yunla pursed her lips.

She was contemplating how to convince the Queen when the Queen handed her the handle.

She paused and said, “Regarding the infighting in the royal family, the media in China has actually reported on it, I think those in the cabinet are bullying the Queen for not having parents and her husband died too early, that’s why they dare to treat the Princess harshly

It’s normal for the princess, a teenage girl, to take a bit of a wrong turn, just because she is a princess and because her status poses a threat to many people, she then becomes a thorn in the side of many people.”

Mavis was a little stunned.

She had been in power for so many years, and only during the years when her husband was still alive could she discuss this with anyone with abandon; now it had been a long, long time since anyone had analysed her situation

The commoners in her country were not so bold, and the leading noblewomen in other countries did not deliberately talk about her private life

It was the first time that she had a feeling of being understood.

“Actually, what the princess is missing is a chance.” Ye Yunla lowered her voice, “Nowadays, the H land is in turmoil and a large number of civilians are pouring into the Y country, causing a great impact on social security, if the princess has something to offer in this area, it should make it impossible for those in the cabinet to pick a fight.”

The bitter smile on Mavis’ lips deepened, “Even I can’t do anything about this, so I’m afraid the princess is even more helpless.”

Ye Yunla looked around and saw that there were no customers in the cafe, even the waitress had gone to sit at the door and doze off, before she dared to bring out a document, “This is the internal information of the Black Party, Your Majesty will know what I mean by it with a glance.”

Mavis squared up and flipped the document over, only a page into it before she slammed it shut.

The Queen's sharp gaze fell on Ye Yunla's face, "You are from within the Black Party?"

"No." Ye Yunla said in a light voice, "I admit that I deliberately set up the meeting with Her Majesty today, but I also had to do so in order to make the meeting go more smoothly. Your Majesty, if during your reign, the Black Party submits to Y and your country's territory expands by at least a third, then you will be the queen with the most notable achievements in the last three hundred years, and at that point, will anyone dare to impeach the princess?"

Once again, Mavis was stunned.

If it was just to highlight her personal merits, she would have many, many concerns.

But if it was for the sake of her daughter

conquering the notorious Black Party and expanding her country's territory by a third

These two merits, placed on her daughter's head in any one of them, then her daughter would definitely be the first choice for the next queen

Mavis glanced at the document again for a long time before saying, "How am I supposed to trust you?"

Ye Yunla took out a seal from her bag and passed it over, "The Black Party had economic dealings with the Y before, and it was this seal that was used to sign, this was given to me by the Black Party chief himself, this object represents his sincerity."

"But why would the leader of the Black Party willingly give me his territory?" Mavis asked again.

HC Chapter 752

"Because, he is also just an ordinary person who wants to live an ordinary life." Ye Yunla said slowly, "Only when the Black Party is completely gone can he be completely free and have freedom."

Mavis pulled on the brim of her hat, "Good, then I'll trust you for now, when will you act?"

"The plan of action still needs to be discussed in person, in a few days Terry North should be sneaking out to meet with the Queen once, you will know then."

Mavis shredded the document a little and poured coffee over it to blur the writing before throwing the pieces in the trash.

When she had done so, Mavis got up and left in a low voice.

"Mummy, did it work?" Fu Ziling asked mysteriously as he walked over.

Ye Yunla stroked his head, "It should be considered a success, you were all great today, especially little Yinyin, you played the piano very well, and it was because you played so well that Mummy got the chance to treat the Queen to coffee, tell me, what do you want to eat tonight?"

Little Yinyin blinked her big eyes and said after some thought, "I want to eat roast pork."

Ye Yunla smiled, "The braised pork here is not authentic, Mummy will take you to the supermarket to buy pork and make you braised pork for dinner with her own hands."

Fu Ziling licked his lips, "Oooh wow, I haven't had roast pork for a long time, my mouth is watering."

"It's getting late, let's go shopping first."

Ye Yunla walked out of the cafe holding the four children.

She had just gotten into the car with the children in her arms and turned to walk to the driver's seat when she saw a familiar figure standing on the side of the wide road.

Her eyes narrowed sharply before she bent over and got into the car.

She looked through the car window, her eyes sinking a little, Yue Yinghan How did she come to Y?

"Mommy, what's wrong?"

Ye Jingzhan asked as he came forward.

Ye Yunla came back to her senses and said with a smile, "Nothing, let's go shopping for vegetables first."

She gave Yue Yinghan, who was standing by the roadside, another glance before driving to the supermarket. While the few children were shopping for snacks at the supermarket, she called Feng Chengyu over.

"Hey, Yara, how's the situation?"

Ye Yunla lowered her voice: "I saw Yue Yinghan on the streets of Y. Is she here to see you?"

"No way, I haven't had contact with her for centuries, she should be here on business Hold on, I have a call coming in on my phone" Feng Chengyu glanced at the caller ID and immediately cursed, "Fuck, it's really Yue Yinghan, she's calling me! Yara, you stay outside with the kids for now and wait for my message."

Feng Chengyu hung up on Ye Yunla and waited for a dozen seconds before slowly picking up Yue Yinghan's phone.

"You're in Y, right?" Yue Yinghan's voice came from the phone, "I'm here too, can we meet?"

Feng Chengyu said coldly, "Does it matter to me if you are in Y, why should I meet with you, if there is nothing else, I will hang up first."

HC Chapter 753

"Feng Chengyu, I know where you live!"

Yue Ying Han's voice was thick with resignation as she squeezed her phone tightly and spoke in one word.

"I'll be at your doorstep right away, wait for me."

Hearing these words, Feng Chengyu's forehead corners jumped with veins as he took a deep breath, "How did you know where I live?"

"Because I have been following all your movements, I also know that you have a woman and four children with you" Yue Yinghan's voice turned low and cold, "Ye Yunla is with you, isn't she?"

Feng Chengyu pinched his brow, "You sent someone to follow me?"

"That's not so much, I just checked your bank card spending information, then I found out that you were in Y. Then I found a few random people to ask around, and I knew who you had around you." Yue Ying Han laughed softly, "Fu Beijue is looking for Ye Yunla everywhere in China, but his new wife has eloped abroad with you, do you think that if Fu Beijue knew that Ye Yunla was staying at your home, what kind of fierce storm would your Feng Group suffer?"

Before Feng Chengyu could answer, she gladly said, "I'm at your door, open the door."

Feng Chengyu looked up and saw a taxi stop outside the villa, and Yue Yinghan, who was dressed up in a fancy dress, standing at the door.

A touch of depression built up on his face as he turned back and whispered, "Carl, Pete, put away all the toys in the living room, don't let anyone see them."

Knowing the seriousness of the matter, the two men quickly packed the toys into boxes and then hid the boxes behind the balcony curtains.

Only after the house was properly tidied up did Feng Chengyu step out of the front door and walk step by step to the villa door.

"What took you so long to open the door?" Yue Ying Han was a little dissatisfied, "I came to look for you on purpose, don't treat me like this."

Feng Chengyu's eyes were very grim.

He and Yue Yinghan had once been in love, and that relationship was Yue Yinghan's first love back then, so he didn't want to hurt her, which was why he had gotten Ye Yunla to pretend to be his girlfriend.

He defended her self-esteem, but this woman was shamelessly stalking her.

She even threatened him with Fu Beijiu.

Feng Chengyu propped his hand on the iron door and didn't open it, but coldly curled his lips and said, "You're sending me to sleep with you for thousands of miles?"

Yue Ying Han's face suddenly flushed and she pursed her red lips, "I'm not that unknowing."

"Heh, brazenly coming to a man, isn't that indiscretion?" Feng Chengyu's tone was thick with disgust, "Tell me, what exactly are you doing here?"

"I just want to see you for a while." Yue Yinghan mumbled, "Why can't you just see me?"

Feng Chengyu's eyelids flicked up, "Now that you've seen me, you can go."

Yue Yinghan's face froze, and her internal organs exploded with anger.

Her hand gripped the bars of the iron gate as she said coldly, "Ye Yunla is a married woman with so many children, I really don't know why you like her! I love you so much, I like you so much, why can't you be with me? Feng Cheng Yu, I will always love you and will treat you very, very well, let's try to be together, okay"

Hearing these words, Feng Cheng Yu only felt bored.

If every girlfriend he had ever dated came to pester him like this, then he wouldn't have to do anything all day.

He clapped his hands and was about to ask his bodyguards to drive Yue Yinghan away when Karl suddenly walked out of the house.

"Wow, where is this Oriental beauty from, how beautiful." Karl raised his hand and pressed the switch, opening the iron door of the villa. I will always love you and treat you well, let's try it out?"

"Get lost!" Yue Yinghan said with a face full of anger, "What kind of a person are you to be with me?"

HC Chapter 754

Karl's face changed and he sneered, "Then what are you, and who are you to force Feng Chengyu to be with you? Just because you love him and you will treat him well, does that mean he has to accept you as a person? Then doesn't a random man on the side of the road say he loves you and you feel disgusted? As disgusting as you are to me now, as disgusting as Feng Chengyu is to you, get lost!"

"Bang!"

Karl slammed the iron door shut with force.

Yue Ying Han was so angry that her whole body was about to explode, she kicked on the iron door, but made her toes fall off in pain.

She pointed at Feng Chengyu's nose and said, "I'll make you pay for what you did to me for Ye Yunla! I will let you know what will happen if you get mixed up with Ye Yunla!"

Feng Chengyu stared at her and said coldly, "Fine, then I'll wait."

After he finished, he turned around and walked into the villa, not holding back in the slightest from the people outside the door.

Karl said with some concern, "That domestic Fu Beijiu is also a bit capable, in case he really comes looking for him, I'm afraid it will be a lot of trouble."

"The real Fu Beijue is now the leader of the Black Party, and the Black Party is capable of no evil, so how could they be afraid of a Fu Nanchuan?" Feng Chengyu tensed her jaw, "It's just that Fu Beijue hasn't regained his memory yet, so these two brothers may not be able to fight."

Feng Cheng Yu took out her mobile phone to call Ye Yunla.

Outside the villa, Yue Ying Han was so angry that she almost died in place.

She didn't understand why she had come all this way to find this man and he wouldn't let her in at all.

If he was really willing to sleep with her, she wasn't unwilling, so why be so cruel to her

She was a girl, on the streets of a foreign country, wasn't he worried about her being in danger?

Yue Yinghan's tears fell in bunches, she raised her hand to wipe them clean haphazardly and gritted her teeth, "Fine, since you are heartless, then don't blame me for being unjust."

She took out her mobile phone and dialed a number.

At a country office less than three hours away from Y, Fu Nanchuan was standing in front of a floor-to-ceiling window, a cigarette between his fingertips.

A few men dressed in black stood behind him reporting.

"Boss, no sign of the young lady."

"Boss, the young lady may not be in this area, let's go to another country and take a look."

"Boss, Fu's Group has its annual high-level meeting this afternoon, you need to be there in person, do you need me to book a flight back to China?"

Fu Nanchuan slowly turned back, "The meeting is cancelled."

Before he found the woman, he didn't want to care about the affairs of the Fu Group.

He just didn't believe that one big living No, five big living people could evaporate from this world

Just then, his phone vibrated and it was an unfamiliar number from China.

Thinking it was a client, he hung up the phone straight away.

Just as he hung up, a message came in on his phone, "Mr. Fu, I know the whereabouts of Ye Yunla."

Fu Nanchuan's eyes narrowed and he called the number back directly, he coldly questioned, "Who are you?"

"I don't need to ask you who I am, Mr. Fu, aren't you looking around for Ye Yunla's whereabouts? She's hiding in Y with her four children, you can send someone to look for her."

HC Chapter 755

After a shopping spree at the supermarket, Ye Yunla and the children returned to the villa with a large bag.

The children sat in the living room watching cartoons, while Ye Yunla went to the kitchen to wash and chop vegetables and prepare them, Feng Chengyu also followed.

"I blew Yue Yinghan away." He said as he peeled the beans, "I'm sorry, Yara, I'm usually too careless with my spending, that's why I let Yue Yinghan find out my whereabouts, luckily she didn't meet you directly."

"Actually it doesn't matter if you meet up." Ye Yunla pursed her thin lips, "I just didn't want to get into trouble, so I avoided her. But if trouble came to me, I wouldn't refuse Yue Yinghan is not a brainless person, she will most likely contact Fu Nanchuan Fu Nanchuan has been fooled by me, I reckon he will come to me personally."

Feng Chengyu sneered, "If he dares to come, you and Fu Beijue will catch a turtle in a jar, just in time to take care of him."

Ye Yunla lowered her head to pick vegetables, her face was complicated.

Fu Beijue was now in a state of amnesia, and seeing someone who looked exactly like herself, it should be unlikely that she would lay a deadly hand on him.

And even if Fu Beijiu had recovered his memory, it was unlikely that he would take out his own brother.

This person Fu Nanchuan It's not really easy to solve.

I can only take one step and see what happens.

Seeing that she was in a complicated mood, Feng Chengyu changed the subject from good to bad: "How are you today?"

Ye Yunla curled her lips and smiled: "It went well, Queen Mavis has a daughter, children are a woman's soft spot, she is easily convinced. I'll go to Fu Beijiu tonight or tomorrow morning and convey the Queen's meaning to him."

Feng Chengyu shook his head disapprovingly, "The H-land realm is getting more and more chaotic, the Grand Elder's men have been lurking around, and there's a beef between you and Isabel, I'm afraid you'll be captured by Isabel before you even meet Fu Beijiu, just call and talk directly."

"These confidential matters cannot be conveyed by phone, there will be people listening in." Ye Yunla's face was heavy, no matter how dangerous the H-land was, she had to make the trip.

"Mummy, I can block the listening device." Ye Jingzhan stood in the kitchen doorway and said good-naturedly, "Wait for me for five minutes."

He turned and walked to the living room, holding out his laptop and crackling away at the keyboard as Fu Ziyan sat at the side to assist him.

Within five minutes, Ye Jingzhan raised a smiling face, "Mummy, call daddy, I promise, no one else will know the content of the call except me and big brother."

"I want to hear it too!" Fu Zi Ling padded over, "Daddy and Mommy must be very fleshy on the phone, hehehehehe."

Little Yinyin tilted her head and covered her mouth with a smile, "Will daddy say I love you?"

Ye Yunla: "....."

She was talking about business, how could she be numb.

She wiped the water from her hands and went to the balcony to make a call.

The call was quickly answered, "LaLa?"

"It's me." Ye Yunla quickly got to the point, "The mobile phone monitoring device has been blocked, so don't worry and listen to me. I met with the Queen today and she agreed to cooperate, tomorrow you can arrange for someone to meet with her."

“Wait for three days first.” Fu Beijue said slowly, “I will send someone to keep an eye on Queen Mervis during the three days, if she doesn’t contact another power again, it means she is trustworthy.”

Ye Yunla nodded, “Then you take care of everything, I have to cook, I’ll hang up now.”

“Yara ……” The man called out to her, his voice mixed with magnetism and low softness, “Don’t you have anything else to say to me apart from that?”

Hearing this tone of his speech, Ye Yunla felt her heart thumping.

She pretended to be calm and said, “What else do you want to say?”

“For example, did you miss me?”

A magnetic, husky voice came from the other end of the phone, as if it carried an electric current that struck straight to one’s heart.

The tips of Ye Yunla’s ears reddened silently, and she snorted lightly, “No.”

“But I miss you.”

As soon as Fu Beijiu’s voice fell, a startled cry came from the living room.

HC Chapter 756

Ye Yunla turned around and saw the four children plus the three adults, Feng Chengyu, Carl and Pete, gathered around the computer listening to the contents of their conversation.

Her face burst into red, “Don’t you say that, hang up and hang up.”

“Then I’ll come and see you tonight.” Fu Beijiu’s voice was dull, “LaLa, I miss you and want to see you ……”

Listening to these scalding words of love, Ye Yunla only felt her face flush.

She was afraid that she would die of cardiac arrest here, and hung up the phone in a hurry.

“Ah, why did you hang up?”

“Mommy, daddy hasn’t finished his words, why did you hang up the phone?”

Several children shouted up in the living room.

Ye Yunla took a deep breath and rubbed her face before walking into the living room, deliberately educating with a stern face, “No more eavesdropping on Mommy’s phone in the future.”

Little Yinyin tilted her head as if she had discovered a new world: “Mommy, your ears are so red and flushed.”

“Wow, is Mommy shy?” Fu Zi Ling asked, blinking his big eyes.

Fu Zi Yan nodded, “Daddy said he misses Mommy, Mommy must be shy.”

Ye Yunla: “……”

Do these brats know a little too much?

Ye Jingzhan asked nicely, "Is daddy coming over tonight?"

"Yes, daddy will come to see mummy." Little Yinyin covered her face and smiled excitedly, "Then I can see daddy too."

Fu Zi Ling twiddled her thumbs, "It's so nice to finally see daddy again."

Fu ZiYin coughed, "Didn't you guys hear Daddy say that he misses Mummy and has come to see her on purpose, so we'd better not go and be light bulbs."

Little Yinyin asked curiously, "Big brother, what does light bulb mean?"

"A light bulb is someone who gets in the way of daddy and mummy's love affair." Fu Ziyang explained.

"But we won't get in the way of daddy and mummy falling in love." Little Yinyin blinked her eyes pitifully, "I'll just hide in the corner and look at daddy."

A mist of water instantly rose to the bottom of the little girl's eyes.

Ye Yunla hurriedly squatted down and said gently, "Then tonight we will wait for daddy to come over together, okay?"

Little Yinyin and Fu Ziling jumped up in joy.

Ye Yunla also let out a sigh of relief.

Last time that man had sneaked into the room late at night and almost ate her dry on the spot.

With a few children with her tonight, that man should not dare to mess around again

The only thing is, after dark, Fu Beijue was late in showing up.

The four children who had been waiting excitedly before, one by one, slowly fell asleep on the sofa.

Ye Yunla was so helpless that she bent down and sent the children back to their rooms one by one.

It was already eleven o'clock at night, and except for Feng Chengyu, who was still playing games in his room, the whole villa fell into silence.

Ye Yunla went back to her room to wash up. She had just pushed open the door when she saw that the light in her room had been turned off at some point.

She frowned and fumbled with the switch on the wall.

Suddenly, her wrist was clamped by a huge force

HC Chapter 757

The bedroom was dark.

Ye Yunla smelled the strong scent of testosterone.

Her first reaction thought it was Fu Beijiu, but the strength of that grip on her wrist was so great that it almost crushed her wrist.

Whether it was the Fu Beijue before or after her memory loss, there was no way he would treat her so roughly.

Ye Yunla raised her foot and kicked the chair at the head of the bed over, but the man avoided it with precision.

The man in the darkness seemed enraged, directly tugging her by the wrist and throwing her onto the bed.

The tall figure pressed down.

“Ye Yunla, you are living a life of leisure, have you forgotten who I am long ago?”

A cold, low voice rang in her ears, causing Ye Yunla’s eyes to narrow violently.

She put her elbow against the man’s neck and said coldly, “You know, my kung fu is far superior to yours, don’t push me to the edge.”

“Is that so?”

Fu Nanchuan suddenly pulled out a black object from his pocket and pressed it against Ye Yunla’s brow, “So now you think, I still can’t beat you?”

The black object, the cold touch, the smell of death made Ye Yunla instantly understand what the object against her was.

She took advantage of the meager moonlight outside the window to stare coldly at Fu Nanchuan’s face that was so exquisite as to be tragic: “You came a long way to find me, you shouldn’t want to bring back a corpse, right?”

“Of course I can’t let you die, because, I haven’t fucked you yet.” Fu Nanchuan’s gun slowly slid down and picked open her collar, the black muzzle of the gun resting against her delicate collarbone, “Take it off for me!”

Ye Yunla’s face suddenly went cold: “Fu Nanchuan, do you know what you’re doing?”

“Of course I know.” Fu Nanchuan smiled fiercely, “You played me for a fool, used my specialness to you, and set me up step by step. Ye Yunla, you’re so clever, but your cleverness shouldn’t be used on me. Since you have moved me, then your body must also belong to me. My patience has long since run out in the time I’ve spent looking for you, so I’m going to count to three, and if you don’t take off your clothes, I’ll go to the next room, grab a random kid and shoot him.”

Ye Yunla gritted her teeth and looked at him, “How can you be so heartless when the child has the same blood in it as you do?”

“Heartless is a good word, I like it a lot.” Fu Nanchuan laughed coldly, “I just want to show you how heartless I really am.”

He suddenly got up and turned towards the door.

Ye Yunla bit her scarlet lower lip as she said, word for word, "Fine, I'll take it off."

"Shouldn't this have been done long ago?"

In the darkness, Fu Nanchuan stood against the wall, one pair of eyes falling on Ye Yunla who was sitting on the edge of the bed.

Without looking into Fu Nanchuan's eyes, she lowered her eyelids slightly and undid the buttons one by one, revealing the halter top inside.

The white camisole was particularly eye-catching in the darkness.

Fu Nanchuan's throat knot rolled heavily as he took a step towards the bed and clasped his hands around Ye Yunla's shoulders.

Ye Yunla pushed the revulsion in her heart down fiercely, the end of her eyes swept over a cold light, her afterimage looked towards the gun pinned to the man's waist, mentally calculating how she could snatch this gun over unnoticed

However, her eyes just swept over.

The first thing you need to do is to get a good idea of what you're doing. I won't kill you, but, I will kill your children, four children, four bullets, it's quite a relief."

Ye Yunla clenched the back slot of her teeth, "I have no intention of snatching your gun, do what you have to do and hurry up, don't wake up the others in the villa."

"Count on your good sense."

Fu Nanchuan gave her a gentle push and looked at her as she lay on the bed, not the least bit aggressive, and he was satisfied with that.

HC Chapter 758

He leaned down and opened his mouth to bite the woman's lips.

Ye Yunla dodged her head sideways, "Don't kiss me."

"What, too disgusting?" Fu Nanchuan broke her head, "Ye Yunla, the more you hate what I do, the more I have to do something to bore you, because only then will you remember me firmly and not always think of running away from me."

Ye Yunla stared at him, "Can you do this to Fu Beijue?"

"A dead man, dead is dead, so what if I'm sorry?" Fu Nanchuan said unconcernedly, "At times like this, don't mention a dead man."

Ye Yunla faintly lowered her eyes.

It seemed that Fu Nanchuan didn't even know about Fu Beijiu being alive.

Then, she could use this matter to make a big fuss

As she was thinking about it, Fu Nanchuan's head had already lowered, and was still a centimeter away from kissing her neck when the balcony window was suddenly pushed open.

The cold wind of the night poured in, causing the man leaning over Ye Yunla to jerk his head up.

Fu Nanchuan's pair of gloomy eyes looked over, only to see a man wearing a gold mask walk in from the balcony

Gold mask, black cloak Again, it was near the H-land boundary Fu Nanchuan was already someone who mixed in such places, he instantly understood over who this man in a golden mask was

"Terebei, help me!"

Ye Yunla put on her coat and lowered her voice to call for help.

Fu Beijue, who walked in, had a pair of eyes that were gloomy and cold to the extreme.

When he pushed open the balcony window and came in, he saw a man lying on top of Ye Yunla's body, and in that instant, he was filled with rage.

His first reaction was that he had been betrayed

However, as soon as Ye Yunla opened her mouth to call for help, he understood that it was his woman who was being coveted.

He coldly drew the gun at his waist, and before Fu Nanchuan could react, a bullet flew out from the silenced gun and directly hit Fu Nanchuan's right wrist.

Ye Yunla instantly smelt the smell of blood.

"Good, very good!" Fu Nanchuan could not even pull out his gun as he was hit by a bullet in his right hand, he hooked his lips and laughed fiercely, "Ye Yunla, you really have the ability to hook up with the leader of the Black Party so quickly, hehe, I underestimated you, wait for me!"

With a leap, he jumped from the balcony on the first floor and soon disappeared into the night.

The smell of smoke and blood still permeated the house.

Ye Yunla buttoned up her clothes and said with a palpitating heart, "Luckily you came just in time"

Otherwise the consequences would have been unthinkable.

There was absolutely no way she could let Fu Nanchuan have his way, then the consequence should be that both sides would be injured

It didn't matter that she was injured, the main thing was that she was afraid that the children would be worried.

She raised her head, but saw that the look of Fu Beijiu who walked in was very wrong, and she turned around and turned on the lights in the room.

The gold mask glowed brightly in the light.

He pursed his lips and said slowly, "That man just now looked very familiar."

Ye Yunla raised her eyes to look at him, "He is your twin brother, and he is the one who caused you to become like this."

"Then-" Fu Beijiu paused before asking hesitantly, "What is your relationship with him?"

HC Chapter 759

As soon as Fu Beijiu's words fell, the room fell silent, only the sound of the wind whistling outside the window blew by.

Ye Yunla looked at him and slowly said: "The day we got married, you disappeared, then he came back to the Fu family as you, he lived in your home, became your wife's husband, became the daddy of your children, took charge of your company You, on the other hand, were banished here, burdened with many things that should not have been yours to carry"

Her voice buzzed in Lord Fu Bei's ears, and fractured images suddenly emerged in his mind.

A scene of what had happened was like a walk in the park in his mind

Drops of cold sweat dripped down from his forehead

"Beijue, what's wrong with you?"

Ye Yunla hurriedly stepped forward and held his arm.

"The back of my head hurts" Fu Beijue closed his eyes, "Many memories have been suppressed, but I can't remember anything"

"If you can't remember, don't think about it" Ye Yunla hugged him and said softly, "You just need to remember that you are my husband, the father of my children, and you have a happy and complete family So, you must hurry up and get things cleaned up on this side of the H land so that our family can be reunited."

Fu Beijiu knew how painful the process of forcibly awakening his memory was, but he had to think about it.

He didn't want to meet the people he used to know again without knowing anything And maybe even misunderstand his wife

Watching him suffer, Ye Yunla's heart felt bad too.

She sighed and said, "Let's finish dealing with the Black Party first and then talk about Fu Nanchuan, he's at least not as hard to deal with as the Black Party."

"I'm sorry for your trouble."

Fu Beijue hugged the woman in his arms.

He had just fought with Fu Nanchuan, and his twin brother's body smelt of blood, and at first glance, he was someone who had blood on his hands.

He could not believe how on earth she, a weak woman, had managed to manoeuvre with Fu Nanchuan.

She had to maneuver around Fu Nanchuan, take care of four children, and find him in the cracks

He was so lucky to have a wife like that.

He lowered his head and kissed the woman's eyes, his thin lips slowly moving down to nibble on her scarlet lips

Ye Yunla responded to his passionate kiss.

The door suddenly opened a small crack.

"Quick, close your eyes!"

"Big brother, get out of the way, I haven't seen daddy yet?"

"Daddy and Mummy are kissing, children can't watch."

"No no, I want to see, wow, I see it, daddy mummy shy!"

Several children's voices came and Ye Yunla jerked out of the man's embrace, she turned her head and saw four children standing in the doorway, all covering their eyes with their hands but unable to resist peeking through the cracks of their fingers.

Ye Yunla's face was completely red.

How could she have forgotten to unlock the door just now?

I can't believe the children saw such a scene

"Huh, why isn't daddy mommy continuing?" Fu Zi Ling asked curiously, "We promise not to peek."

"Yes, no peeking." Little Yinyin followed in agreement, covering both eyes to death.

Ye Yunla coughed and said, "Why are you guys awake?"

"When we heard a movement in Mummy's room, we guessed it must be Daddy coming." Fu Ziyang replied, "Daddy and Mommy take your time, we'll go to our room first."

Little Yinyin was a little reluctant, "But daddy hasn't hugged me yet."

Fu Beijiū stared blankly at the four children in front of him, unable to come back to his senses for a long time.

HC Chapter 760

He had seen all four of these children before, but nowhere near the visual sensation of having all four of them in front of him at the same time.

He slowly came back to his senses, stood up and walked over, "I'm sorry, it's daddy's fault for not protecting you and your mummy."

"Oooooooooo, daddy big bad."

Little Yinyin jumped into Fu Beijue's arms and cried out of breath.

Fu Ziling also choked up, "Daddy, will you suddenly disappear again in the future?"

Duke Fu shook his head, "No, never again."

He would never put his wife and child in danger again

Fu Ziyuan's eyes were a little red: "Daddy, when are we going home?"

"When things are done over here, daddy will take you all home." Fu Beijiu fished with his big hand and swept all four children into his arms.

Ye Jingzhan struggled uncomfortably and said slowly, "Daddy, Mommy has suffered a lot, you have to treat Mommy better in the future."

Fu Beijue stroked his head, "That's for sure."

As she watched the five of them hugging together, the corners of Ye Yunla's eyes warmed slightly.

It was obviously a perfectly ordinary scene, so how could she be so easily moved?

Several children were woken up in the middle of the night and were sleepy again after making a fuss, so Fu Beijue carried one in each hand and walked twice to send the four children back to their rooms.

The night was getting deeper and deeper.

"I'm sorry LaLa, I have to go back." Fu Beijue hugged the woman in his arms, his voice was dull, "Give me seven more days about the Black Party, in these seven days, take good care of the children and don't go looking for me."

Ye Yunla nodded, "Then I'll wait for you for another seven days."

Fu Beijue planted a kiss on her forehead and leapt down from the balcony window, his tall and straight figure, quickly disappearing into the street.

Ye Yunla stared blankly at the dark night sky, silently praying in her heart that everything would go well.

Fu Beijue had just arrived at the entrance of the Black Party's core villa when he saw a man standing outside, constantly walking around.

He took a glance at the time, four o'clock in the morning, what did he want to come over at this hour?

He walked over step by step.

Hearing footsteps, the person at the door looked up sharply and said in a bit of disbelief, "Terry North, how did you get back from outside, where have you been?"

"Miss Isabel, do you think I am obliged to answer your question?"

The man's voice was wrapped in the wind chill of the early morning.

He spoke coldly, "Your father is in prison awaiting trial, and this is your way of going in to be with your father?"

Isabelle shivered.

A few days ago, when her father and the Second Elder were transporting arms and weapons, they were intercepted on the spot by Terebei and a fierce conflict broke out between the two parties.

It had ended with her father and the Second Elder being taken into custody.

Her father was too old to live in a dank prison, and she had to fish him out.

She couldn't sleep through the night, so she simply came here to keep watch.

If she put her posture low enough, Terebei would definitely be soft-hearted enough to let her father go
.....

"Terebei, that batch of arms was all purchased by the Second Elder and has nothing to do with my father." Isabel gritted her teeth and said, "If you let my father go, I can promise you any condition."

"What qualifications do you think, do you have to negotiate terms with me?" Terry North's eyebrows were tipped with coldness.

"When my father was imprisoned, all his men came under my name." Isabel gritted her teeth and said, "If you release my father, I will leave all these men at your disposal."
