

HC Chapter 871

He glanced at the caller ID, it was a call from Blake, his eyes narrowed as he put the phone through.

“Boss, half an hour ago Fu Nanchuan managed to escape, but has been captured by us.”

Fu Beijiu’s eyes glowed: “Keep an eye on him, don’t give him any chance of escaping!”

“Boss, don’t worry, I’ve allocated ten more men to guard the basement, he won’t be able to escape even if he has uncanny skills.”

After hanging up the phone, Fu Beijiu’s brow was still tightly furrowed.

Ye Yunla’s hand stroked his brow and said softly, “Beijue, it’s okay, everything will be solved”

Fu Beijue patted her back and said in a low, soft voice, “Then let’s go home first, the children’s side needs an excuse too.”

The two of them discussed how to convince the children on the road, and the car slowly arrived at the entrance of the Fu family villa.

The children had already returned and were talking to Mrs. Fu in the living room.

When they saw Ye Yunla and Fu Beijiu walk in side by side, several children immediately gathered around them.

Fu Ziling chattered, “Mummy, shouldn’t you be at home getting some rest, why are you out again?”

Little Yinyin cocked her head and said, “Daddy, you promised us that you would take care of Mummy, you didn’t keep your word.”

“Mommy, why did you go out in your pajamas?” Ye Jingzhan asked with a frown.

Fu Ziyun’s brow also furrowed, “And there are slippers on your feet.”

The slippers, were shoes from the trunk of the car, which Fu Beijue had found and given to Ye Yunla to put on temporarily.

She laughed and said, “Your daddy went for a walk with me and didn’t go far, so he went out in his pajamas and slippers.

Mrs. Fu, who was sitting on the sofa, frowned.

Two hours ago, LaLa and Beijue had suddenly argued in the bedroom, followed by LaLa driving away in anger, and Beijue had immediately chased after her.

For a moment, she thought it was Fu Nanchuan who had returned.

Because, it was only when Fu Nanchuan was around that LaLa’s emotions would suddenly get out of control

However, when she saw Fu Beijiu walk in, Mrs. Fu knew that she had overthought it, was it because she was too hung up on Nanchuan during this period of time

The first time I heard the word “mum,” she was a bit stunned.

Ever since Beijue had returned from abroad, he had never called her mother again, even Lara, he only called her Madam

She suppressed the complicated emotions in her heart and spoke, “Bei Jue, just say what you have to say, I’m listening.”

“Lara and I are planning to move out for a month.” Fu Beijue spoke in a light voice, “The children will have to trouble Mum to look after them for a while.”

Mrs. Fu froze violently, her lips trembling a little: “Beijue, if If you don’t want to see me, I can move out, no need for this”

“Mom, that’s not what we meant.” Ye Yunla curled her lips and spoke, “I’m recently running for the heir of the Zhuang Group, there’s something wrong with the project of the resort, I have to go and live near the project site, Beijue is not at ease, he has to go with me.”

HC Chapter 872

Just a short while ago, Ye Yunla had called her Madam, but today she had taken the initiative to call out to her mother.

Mrs. Fu’s heart, which had been hanging in her throat for a long time, finally settled at this moment.

She knew very well that as long as Beijue and Yara were still willing to call her mother, then it meant that that matter should be considered to be over.

“LaLa, don’t worry about going to work, leave the children to me.” Mrs. Fu answered down.

“Mummy, I don’t want to be separated from you!” Fu Ziling jumped onto Ye Yunla’s body and threw her arms around her neck, “Mummy, I just want to live with you, please!”

Little Yinyin also shook the hem of Ye Yunla’s shirt and pouted, “Mommy, I’ve never been apart from you before, I can’t let you go Mommy, don’t move out, okay”

Although Fu Ziyun and Ye Jingzhan did not say anything, the two of them had the same reluctance in their eyes.

Ye Yunla’s eyes had a hint of doubt in addition to reluctance.

He and his sister had never been separated from their mommy, and when she was at her busiest at work, she had always taken the two of them with her.

But now – in fact, Zhuang’s group’s projects should be okay, so Mummy wouldn’t have to move out specially for work

Could it be to enjoy the world as a couple?

If that was the case, it seemed to make sense.

“Mommy will come back to see you all every day.” Ye Yunla stroked the heads of the few children, “Now, go upstairs and help me pack, will you?”

“Don’t” Fu Ziling flattened his little mouth, “I want to live with mummy, I don’t want to be separated from mummy”

Little Yinyin followed suit, “Mommy, let me live with you, I’ll be good and not make a fuss”

Ye Yunla’s heart felt sour.

I thought life would be peaceful from now on, but who knew that something like this would happen

If she could recover within a month, it would be a perfect solution, but if not, her reunion with her children would be extended indefinitely

“Little Ling Ling, Little Yinyin, Ziyang, Jing’er, Mummy loves you all” Ye Yunla forced a gentle smile, “After the work is done, Mommy will move back immediately, it’s only a month, it’ll be over soon.”

“Mommy, I love you too.” Fu Ziling leaned against her reluctantly, “I love you the most, so I don’t want to part with you.”

Little Yinyin grabbed her sleeve, “Mommy, I love you too”

The child’s voices converged into a buzzing background sound in her ears

Ye Yunla jerked her body upright.

This feeling was just too familiar.

Almost the next second, a mechanical woman’s voice came into her head-

“Leave them!”

“Leave them!”

Ye Yunla pinched her palm to death, her voice low: “Beijue, quick, take me upstairs.”

Fu Beijue picked her up horizontally and darted upstairs, then quickly locked the door to her room.

As soon as the door closed, Ye Yunla opened her mouth and bit down on his arm

The few children downstairs looked at each other in disbelief.

Fu Ziling dully opened his lips, “I seem to have made mummy angry again, what should I do”

HC Chapter 873

Little Yinyin was on the verge of tears, “Is Mommy never going to like me again, woo woo”

Ye Jingzhan hurriedly hugged his sister into his arms, “Mommy is not angry, she should suddenly have something to take care of.”

“The matter of Zhuang’s group’s succession campaign is very important to mommy.” Fu Ziyang spoke in a light voice, “Mummy must have a reason for moving out, so Fu Ziling, you should stop messing around.”

Fu Ziling twisted his fingers, torn and reluctant: “Okay, I know I’m wrong, I’m going to apologise to Mummy.”

Ye Jingzhan pursed his lips, “Let mummy calm down first.”

“Your daddy and mommy are just moving to live near the project site, it’s not like they’re going to another city and country, if you miss daddy and mommy, grandma can send you there anytime, it’s not a big deal.” Mrs. Fu smiled and said, “Little Ling Ling, stop crying, you’re causing your sister to cry with you, wipe your tears.”

Fu Ziling nodded and wiped her tears haphazardly.

Little Yinyin’s emotions also gradually calmed down.

After about twenty minutes, the door to the master bedroom on the first floor was pulled open and Ye Yunla stood by the railing, “Didn’t we agree to help me pack my bags, why aren’t you guys up here?”

Fu Ziling stomped upstairs and said cautiously, “Mummy, you’re not angry anymore?”

“When am I angry, I’m just joking with you guys.” Ye Yunla smiled, “Your eyes are all red, did you just cry, you’re a man, you can’t cry anymore, okay?”

Fu Ziling nodded vigorously, “Yes, I will! After mommy and daddy move out, I will definitely protect my sister!”

“Good, then I’ll give you a reward when mummy moves back.”

Ye Yunla smiled easily and led the four children into the master bedroom.

Ye Jingzhan’s nose twitched and his brows knitted, “Why do I seem to smell blood?”

Fu Ziyang also wrinkled his brows, “It is the smell of blood.”

Fu Beijiu put his suit jacket on, his left arm hanging slightly, obviously something different, but the children didn’t notice.

He spoke in a light voice: “The chef is killing the fish, it’s the smell of the fish’s blood that’s being blown up by the wind.”

With this explanation, the children did not take it seriously.

Ye Yunla took her suitcase out and said with a smile, “Little Yan Yan, you help me choose some coats, both coats and down coats. Little Ling Ling, you go and help me sort out my high heels, five or six pairs will be enough. Jing’er, you help me pick out some dresses, I may have to attend a celebration party then. Little Yinyin, how about you, just help mummy sort out the make-up supplies

Ye Yunla quickly assigned jobs to all the several children, then she started to help Fu Beijiu pack his clothes.

“Mummy is so excessive.” Fu Zi Ling grunted, “We help Mommy pack, Mommy helps Daddy pack, and Daddy doesn’t have to do anything while he sits. Mummy really does love daddy the most, we few are just an accident.”

The corners of Lord Fu Bei’s lips curled up slightly as he smiled softly, “You are indeed an accident, and the most wonderful accident.”

Without these children, he and LaLa would have been two parallel lines that would never have intersected

The luggage was quickly packed, and the twilight outside was sinking.

Even though Fu Ziling had convinced himself to accept this, he was still a little reluctant: “Mommy, can’t we move out in the morning?”

Ye Yunla bent down and said gently, “There are still a few people in charge waiting for me to go to a meeting, so I have to leave today.”

She looked at Fu Ziyan, “You’re the older brother, you must help Grandma take care of your siblings, and remember to call your daddy if anything happens.”

Ye Jingzhan pursed his lips, “Can’t you call mummy?”

“There’s too much going on over at Zhuang’s, I might be in meetings all the time, you guys just contact daddy, daddy will pass it on to me.”

Ye Yunla barked and barked, before she and Fu Beijue dragged their suitcases out of Fu’s villa.

HC Chapter 874

There is indeed a residence of the Fu family near the resort project site.

It was a large sea view leap-frog villa located halfway up the hill, usually tended by someone, and the yard was vibrant.

As soon as the car stopped, Ye Yunla turned her head to look at the man’s chest, her voice low and slow: “Is there really no need to call a doctor to come and take a look?”

“A small injury, nothing major.” Fu Beijue gently stroked the broken hair in front of her forehead, “You get a good night’s sleep tonight, tomorrow there are a few master programmers coming over, I’ll have them try to destroy the program inside you.”

Ye Yunla’s lips twitched and she didn’t say anything.

She was in this business, and she knew very well that there was no way to destroy the program without getting the original program data.

But she couldn’t bear to let Fu Beijue down.

Let’s just try it.

What else could be done?

At seven o'clock the next morning, there was a commotion from downstairs.

When Ye Yunla got dressed and went downstairs, she saw that Fu Beijue was talking to three or four programmers.

She sat obediently beside Fu Beijiu, and she answered whatever those programmers asked her

Her body was hooked up to a quantum sensor wire and a slight electric current ran through her body, tossing and turning for the whole morning

"Sorry Mr Fu, we can't find the original chip

This bio-chip is made from the cell membranes of plants and animals and can be absorbed and assimilated by the blood, the chip in young lady's body has already fused with the blood, we are not able to destroy it"

Fu Beijiu's face instantly sank, he took a deep breath and slowly said, "Generally speaking, what kind of person can destroy a bio-chip?"

"The manufacturer who produces and manufactures such chips." The programmer said carefully, "As long as the manufacturer the chip belongs to is found, the destruction process can be turned off in the background"

Fu Beijiu's thinly cut lips tensed, his jawbone sharp as a knife.

Isabel had been shot by him and died a miserable death

If he had known this day would come, he would never have killed Isabel

But in this world, there was no medicine for regret.

"It's been hard for you guys." Fu Beijiu looked at the few trembling programmers, "I'll send someone to send you back."

After the programmers left, the villa quietened down.

Ye Yunla leaned against Fu Beijue's chest and said softly, "Beijue, this matter cannot be rushed, take your time"

She was a hacker, she was also trying to figure out how to break into the manufacturer's backend, as long as she controlled the backend data, everything would be fine

Fu Beijue patted her back, his voice relaxed, "Isabel's maid will arrive in Haicheng today, I will go over there personally to interrogate later, I should be able to ask who the manufacturer is."

No sooner had he said that than the call came from his mobile phone.

"Boss, we've arrived in Haicheng, where are we going now?"

Fu Beijue gave an address and told people to go directly to the villa over here.

Ye Yunla casually picked up a book and smiled, "You take your time interrogating downstairs, I'm a bit sleepy, I'll take a nap while reading a book."

Fu Beijue nodded and personally escorted her upstairs before gently closing the door to her room.

As soon as the door closed, the man's eyebrows tightened, and between his brows were several deep creases.

For the first time, he hated himself for being so incompetent.

He couldn't even save the woman he loved the most

The first time I heard a knock on the door outside the villa, two black-clad bodyguards came in through the door with a maid.

The maid was like a frightened bird, her whole body trembling, and as soon as she entered, she hugged Lord Fu Bei's trouser leg, unable to stop begging for mercy: "Lord Terry Bei, I was wrong I beg you to let me live Miss Isabel is dead and I am nothing, I will never do evil again, please let me go"

Fu Beijiu shrugged her off in disgust and stamped his foot on the back of her hand.

HC Chapter 875

His hawkish eyes fell on the maid's head like a sharp blade, "Tell me honestly, who is the supplier of the biochip that the Grand Elder purchased?"

"I don't know, how could I possibly know this" The maid shook her head, shivering, "I only heard from Miss that the Grand Elder's arms, food, oil, and chip suppliers all have at least three or four, just afraid of being monopolized by one"

Fu Beijue's eyes narrowed.

This was indeed like the Grand Elder's style.

With three or four suppliers, a problem with any one of them would not affect the big picture.

He said coldly, "If you can't tell me the name of the chip supplier today, then I will put this little thing into your body."

In his hand, he held a small crystal chip.

The maid's face turned pale with fear.

This kind of thing, she was too familiar with it, whenever Miss wanted to control someone, she would order her to put this little thing into that person's veins.

Then soon, the person who usually fought against Miss would be completely changed, and whatever command Miss gave, the person would do it.

When the lady gets tired of playing with it, she will issue a command for the person with the chip implanted to commit suicide

If she was implanted with such a thing, it would be the end of her life

"No" The maid shuddered and shrank into a ball, "I said, I said"

She wracked her brain and said the name of the chip supplier, "Shura Bio That's the only one I remember, because that's the last time Miss asked me to go to Shura Bio to get the chips"

Shura!

Fu Beijiu's eyebrows tightened sharply.

This was the pronoun on Fu Nanchuan's black internet and the name of Fu Nanchuan's biochip company, Shura Bio.

If the supplier of the chip was Fu Nanchuan, then

Fu Beijiu kicked at the maid at his feet and said coldly, "If I find out that you have lied in one word, you know what will happen, put her in the basement!"

"Yes!"

The two bodyguards dragged the maid who kept begging for mercy as she cried down.

At this moment, the first floor.

Ye Yunla was lying on her bed reading a book, every time she read a book, she would feel drowsy, and today was no different.

As she watched, a sudden stabbing pain shot through the right side of her face.

She sat up violently, and just then a voice appeared in her head.

This time, it was not a mechanical female voice, but a somewhat familiar male voice

She didn't have the mental energy to tell whose voice it was, because the voice carried no room for doubt and propelled her step by step towards the balcony.

"Smash the balcony window, use the chair, the computer, the water glass anything you have around you, smash the window, smash it immediately!"

That voice carried a deadly magic that made Ye Yunla unable to control her actions.

She picked up the chair at her feet and smashed it viciously.

"Bang!"

The huge floor-to-ceiling window broke a hole and shattered all over with a loud bang, the pieces falling sparsely into the courtyard on the ground floor.

Almost simultaneously, Fu Beijue kicked the door to the room open, rushed over with a single arrow step, and wrapped the woman standing by the floor-to-ceiling window tightly into his arms.

"Lara, Lara Don't do anything stupid, I'm here, I'm with you"

HC Chapter 876

The window was smashed and the cold winter wind whistled in.

Ye Yunla burrowed into the man's arms, her voice muffled, "It's cold"

Fu Beijue picked her up horizontally and went to the second bedroom next door.

Just as he set Ye Yunla down, he froze, “Lara, you

This time, it was surprising that Yara did not freak out, surprisingly did not struggle to leave his embrace, but instead her tone was calm as she told him that she was cold

“Beijue, I still remember what just happened.” Ye Yunla was also slightly stunned, “A man’s voice rang in my head and told me to smash the floor-to-ceiling window, Previously, it was a mechanical woman’s voice, which should be the intelligent robot that comes with the system, But this time, this man’s voice was not quite like a robot, and it sounded, it seemed a bit familiar”

Fu Beijue’s eyebrows sank.

He had read many reports on biochips, and he knew very well about this aspect.

The robot sent out commands, which was a function that came with the chip program.

But this time it had turned into a man’s voice, which meant that someone was issuing commands.

But Isabel was dead, so who could issue commands

“Buzz off!”

Just then, Fu Beijiu’s phone vibrated and he glanced at the caller ID, it was Blake.

“Boss, Fu Nanchuan has requested to speak to you.”

Duke Fu’s eyebrows were cold and sullen to the core, he glanced at Ye Yunla who was in deep thought, his voice condensed, “Put him on the phone.”

“My good brother, I thought you wouldn’t talk to me on the phone.” Fu Nanchuan’s voice was lazy, with a hint of evil, “Let me guess what you’re doing, Well, I guess it’s with Ye Yunla.”

Fu Beijue’s eyes narrowed, “If you have nothing important to say, then hang up.”

“What’s the rush?” Fu Nanchuan laughed lightly, “Let me keep guessing what you two were doing just now, was Ye Yunla standing by the window and smashing a whole side of it”

Fu Beijiu jerked to his feet, incredulity in his eyes.

Ye Yunla’s gaze also swept over, and although she couldn’t really hear, she still heard clearly what Fu Nanchuan meant.

She pursed her scarlet lips and slowly walked over to Fu Beijiu, listening carefully to the voice on the other end of the phone

“Good brother, do you really think that because I’m locked up in this airtight basement, I don’t know any information?” Fu Nanchuan let out a loud laugh, “As long as I have a breath left in me, I will not let you two live in peace, Ye Yunla, I guess you must be listening to the phone as well, listen to me, you have played me for a fool, I will make you pay a thousand times more!”

After saying that, the phone was directly hung up.

Fu Beijiu squeezed the phone to death, sparks of fire burning up in the depths of his eyes as they rolled in a hurricane.

Ye Yunla's hand gently held his arm, and the hurricane under his eyes instantly dispersed.

"Beijue, that voice in my head just now, it was Fu Nanchuan." Ye Yunla slowly said, "He should have learned through some channel that I was implanted with a bio-chip, it just so happens that this chip is produced by his company, and he obtained the backstage data, which allowed him to issue instructions And the instructions he issued were random, I don't know what will happen to me next"

Fu Beijiu took hold of her cold fingertips, "If he can issue commands, it means he has the vehicle to issue them in his hands"

He sneered, "I'll ask Blake to find it."

A light lit up in Ye Yunla's dark eyes.

How could she have been stupid enough to not even think about going up there, thanks to her being in this business.

Any instructions, they needed a carrier to be transmitted.

As long as Fu Nanchuan no longer had a carrier to transmit orders, then she wouldn't be tormented by Fu Nanchuan.

And maybe, she can even find the background program so that she can destroy the biochip

HC Chapter 877

Fu Beiji's voice eased, "LaLa, don't be afraid, now that you know it's Fu Nanchuan, everything will be fine, just be patient and wait."

After he finished speaking, he called Blake.

In less than half an hour, Blake's call came back, "Boss, we found it, it's an earring, the earring is a message transmitter."

"Go through the fastest channel and send it over." Fu Beijiu ordered coldly.

But even if it was the fastest channel, it would still take at least two days.

Ye Yunla stayed in the villa for the past two days, not going anywhere, and Fu Beijue didn't go out either, just keeping her company in silence.

She leaned back on the sofa and read a book while the TV was on, while Fu Beijiu was in the kitchen cooking.

Looking at the man's somewhat clumsy figure, the corners of Ye Yunla's mouth curved up

This man who never enters the kitchen, for her sake, has slowly learned to cook and cook below Although the taste is not perfect, but she likes to eat what he cooks.

"Chuang's group discovers rare large oil field"

The TV suddenly began to play news about Zhuang's, and Ye Yunla's attention was turned.

"This is a rare oil field that is rarely seen in Hai Cheng in a hundred years, and the extraction volume is huge Zhuang's share price has climbed day after day, and its market value has reached its peak"

Seeing this, Ye Yunla's brow furrowed.

Such a large oil field, which happened to be discovered during the appraisal period, was feared to add a heavy mark to the performance.

The resort was afraid that it would have to continue to put in some more effort if it wanted to win the oil field project.

With all the matters of Laxing Technology Company wrapped up by Fu Beijue, Ye Yunla happened to have nothing to do, she took the resort project out and carefully mulled over

Just at this time, her mobile phone vibrated.

It was a call from Zhuang Shen, who thought it should be related to this matter.

She didn't even think about it and put the phone through, but the voice of Elder Zhuang came out of the phone, "Come back."

Ye Yunla froze for a moment, "Back where?"

"The Zhuang family." Elder Zhuang said in a light voice, "Come back within half an hour."

With that, Zhuang Shen took the phone over, "Yara, don't be in a hurry, drive slowly, it doesn't matter if you're an hour late."

Ye Yunla sensed keenly what was happening, she said in a light voice, "Okay, I'll be right over."

She closed the file, put on her slippers and went upstairs to change her clothes.

When she changed and came downstairs with light make-up on, Fu Beijue had already prepared two dishes and a soup and placed them on the dining table.

"LaLa, where are you going?"

Ye Yunla smiled faintly, "My father called to ask me to go there, I think it's about the heir, I'll go there after I've eaten."

She sat down at the table, tasted a bite of the dish and both brightly said, "Beijue, this is only the third dish you've cooked over here, isn't it? This tastes really superb."

Fu Beijue gave her a bowl of soup, "Eat slowly, don't be in a hurry."

Ye Yunla drank up the bowl of soup in one gulp.

Sometimes one had to admit that some people were gifted at everything they did, even cooking, they learned faster than others.

She used to think that her children's high IQ was inherited from herself, but today she realised that this man's talent in all aspects was many times better than hers.

HC Chapter 878

“LaLa, wait for a moment, I’ll send you over after I’ve washed the dishes.”

Fu Beijue tied his apron, put the dishes on the dining table into the sink and carefully washed them up.

Ye Yunla sat at the dining table, her hand propped up on her chin, her gaze slightly fascinated as she looked at the man’s back

His figure was slender and straight, his back was magnificent and tall, his body was in the golden ratio, and his two long legs wrapped in western trousers were just a bit anticlimactic

Her throat was suddenly a little dry, and she was surprised to have thoughts of that.

After moving here, the two of them had always slept in separate rooms, and even when they sat together they didn’t dare to kiss, at most they would just hug and touch

Mainly because they were afraid of triggering the chip command in her body

When Fu Beijiu turned his head back, he met her infatuated gaze, and the knot in his throat suddenly rolled heavily.

He pushed down the sudden rise of lust and said in a dull voice, “Don’t look at me like that.”

Ye Yunla’s face flushed and she hurriedly pulled her gaze back.

This man had already endured hard enough, she couldn’t invite him again

Fu Beijue drove the car out, Ye Yunla got into the passenger seat, and the two of them went to the Zhuang family together.

“Beijue, you’ve been with me these past few days, the company is probably deserted, you go over and take care of Fu’s work, come and pick me up at Zhuang’s house in an hour.” As she got out of the car, Ye Yunla said with a smile.

Fu Beijue had wanted to accompany her inside, but looking at her like this, he knew she wouldn’t agree.

He said helplessly, “Fine, then I’ll come over in an hour.”

After Ye Yunla walked into the Zhuang family villa, Fu Beijiu did not leave, he parked his car on the road not far from the Zhuang family, then took out his laptop and began to deal with company matters.

The Zhuang family.

Master Zhuang was sitting at his desk with a cold and angry face.

Zhuang Yuan crossed her legs with a sneer on her face: “To win, you really do whatever you can, but you can’t blame her, who let her grow up in exile without anyone to properly teach her what is right and wrong. It’s good that this matter is only known to us Zhuang family members themselves for the time being, so it won’t be a joke.”

“Auntie, this matter has not yet been determined who did it, are you not being too biased in saying so?” Zhuang Mingfeng spoke nonchalantly, “It’s better not to speak nonsense about things without evidence.”

Zhuang Yuan laughed coldly, “Dad, you see what kind of child Ming Feng has become? An illegitimate child is an illegitimate child, no matter how much you climb up the ladder, you can’t change the nature of an illegitimate child, in short, you can’t get on stage! If Ming Feng continues to follow Ye Yunla’s lead, there’s no telling what he’ll become!”

“Zhuang Yuan, watch your words!” Zhuang Shen called out to her by name, “My son and daughter’s education doesn’t need you to interfere.”

Yue Yinghan said indignantly, “My mother is Ming Feng’s own aunt, how come she can’t interfere, uncle, you just trust Ye Yunla too much, that’s why

“That’s enough!”

Elder Zhuang spoke coldly, interrupting the argument between the two parties.

His old man’s cloudy eyes looked faintly at the few people in front of him, “Everything will be known when Lara comes over.”

“Heh!” Yue Ying Han muttered in a lowered voice, “How could she possibly admit that she stole money from the company

“What’s all the talk about, so lively?”

Ye Yunla walked in with a calm face, the corners of her mouth slightly hooked up with a faint smile.

Her smile was like an ice flower blooming in winter, with a chill to it, yet so beautiful and gorgeous that one could not take their eyes off it.

A touch of jealousy grew under Yue Yinghan’s eyes.

HC Chapter 879

Obviously this little bitch has two extra scars on her face, what makes her still so beautiful

“Grandfather, father, aunt.”

Ye Yunla had a smile on her lips as she greeted everyone present.

Zhuang Mingfeng opened his mouth and called out, “Sister.”

“Even a bastard daughter of mine knows to greet elders and relatives older than herself after meeting them, how come cousin doesn’t seem to know this etiquette?” Ye Yunla curled her lips and smiled lightly, “Cousin sister has aunt, her own mother, to personally teach her, and she is so impolite, if she grew up alone like me, there is no telling what she would become.”

Zhuang Yuan’s eyebrows went cold with anger.

What she had just said, this little bitch had actually returned it intact.

That is to say, after Ye Yunla arrived at Zhuang's house, she stood outside the door for a while before entering.

What a deep-hearted bitch!

"Don't be angry, aunt." Ye Yunla smiled, "Cousin sister is my own cousin even if she doesn't know how to behave, I will teach cousin sister to pay more attention to this aspect of etiquette in the future."

"Who asked you to teach, you are an illegitimate daughter, what qualifications do you have to teach me?" Yue Ying Han exploded instantly.

"Han'er, call cousin." Elder Zhuang said coldly, "You are the eldest miss of the Yue family, the cousin of the Zhuang family, this point of etiquette is not understood?"

Yue Ying Han's internal organs exploded with anger.

She didn't know how to behave, she just didn't want to greet this bitch Ye Yunla!

But grandpa had given the word, so she had no choice but to obey.

Yue Ying Han reluctantly shouted out to her cousin.

Ye Yunla hooked her lips and smiled, "So can we get down to business now?"

Yue Yinghan instantly came to battle as she sneered, "Cousin, why don't you first explain where the money for the resort project came from?"

Ye Yunla narrowed her eyes, "Why do I need to explain this matter to you?"

"It's not to explain to Han'er, it's to explain to the old man." Zhuang Yuan spoke in a light voice, "There is a sum of two billion in the resort's accounts, one billion of which was allocated by the company's finance department, the company needs an explanation as to how the other one billion came about."

Ye Yunla's eyes flashed.

The call for her to come over was for this matter?

Because the project had not yet been handed over to the company for operation, the investment in the project had not been reported for the time being, but even if it had not been reported, it was not a big deal, was it worth making such a fuss over such a small matter?

"Sister, it's that the petrochemical project's account is suddenly missing one billion, and Auntie suspects that it's been diverted by us." Zhuang Mingfeng lowered his voice and said.

Ye Yunla suddenly smiled.

She hooked her lips and her eyes flowed, "Auntie, your project's public accounts were diverted, you should be looking for your people to pursue the blame, how come you found me?"

"We were transferred a billion, and you have an extra is a billion, who are you looking for if not you?" Yue Ying Han gritted her teeth, "Private transfers of public accounts are against the law, if you don't want to go to court then spit out the one billion."

Ye Yunla looked at Elder Zhuang, "Grandpa, do you also suspect that I did it?"

Master Zhuang said in a light voice: "The company is already pursuing this matter internally, but there are no results yet. If you can produce evidence to prove that you had nothing to do with this matter, it would naturally be best."

Ye Yunla looked at Zhuang Shen: "What about you, do you think this matter is related to me?"

"Yara, of course I believe you." Zhuang Shen said firmly, "I know what kind of person you are, there is no way you would do such a thing."

HC Chapter 880

Ye Yunla smiled again.

Her smile finally spread into the bottom of her eyes with a bit of wantonness.

She hooked her lips and spoke in a slow voice, "That one billion was an investment I pulled in, and it has nothing to do with the petrochemical project."

"You say it has nothing to do with it?" Yue Yinghan said aggressively, "One billion is not a small amount, there are not more than ten companies in the whole of Haicheng that can take out one billion to invest in a project at once, so tell me, who gave you such a large investment?"

One billion was indeed not a small amount.

Don't look at the fact that those shares are worth billions at the drop of a hat, but the truth is, who would actually sell the shares into cash money?

"Luckily I have all the various documents and information for the resort project with me, otherwise this tub of dirty water wouldn't really be washed clean." Ye Yunla shook her head with a faint smile and took out a document from her bag and placed it in front of Elder Zhuang, "This is the investment contract for the project, I haven't had time to file it yet, is there anything wrong with it for Grandpa to see?"

Master Zhuang picked up the document and froze for a moment, "The investor, the Fu Group?"

Ye Yunla nodded, "The largest investor in the resort project is indeed the Fu Group, in addition to the first phase of investment, the subsequent investment Fu will also add"

"Impossible!" Yue Yinghan's eyes widened, "Aren't you and Fu Beijue divorced, how could he possibly invest so much money in you?"

Ye Yunla's gaze swept away slightly coldly, "Who told you that we are divorced?"

"Isn't that what it says on the news? Even if we're not divorced, we're on the verge of divorce!" Yue Yinghan said, "Besides, Fu Beijue has another woman outside, would he really give up one billion for you? This contract must be a fake, a fake certificate that you used to hoodwink grandpa"

Master Zhuang closed the document and said coldly, "This document is true, the one billion was indeed invested by Fu's group. Zhuang Yuan, for anything in the future, don't make a scene in front of me until you have proof."

He had really thought that it was LaLa who had transferred the public money, and had forced Zhuang Shen to call LaLa and ask her to come over immediately.

Thinking about what he had done, Elder Zhuang blushed a little, "Yara, it was grandfather's fault for calling you over without checking this matter, grandfather apologizes to you."

Ye Yunla said unconcernedly, "Grandpa should still have someone check the company's finance department, this time a billion dollars was transferred without a word, I'm afraid there is something wrong within the company."

As she said that, she even gave Zhuang Yuan a meaningful glance.

Zhuang Yuan was so angry that she almost didn't vomit blood, she was about to speak when her phone vibrated, it was someone from the company calling, "Mr. Zhuang, we found out that it was a small accountant who took advantage of the loopholes in the company's financial system and transferred one billion to an overseas account"

"Okay, I get it!"

Zhuang Yuan hung up the phone indignantly.

"Why has something as big as a loophole in the company's financial system not been dealt with?" Elder Zhuang said coldly and angrily, "At the shareholders' meeting a month ago, someone mentioned this matter, Zhuang Yuan, and you didn't take it seriously?"

"Dad, there are so many things going on in the company, how can I be too busy?" Zhuang Yuan put on an aggrieved look, "The money in the company's account is missing, I am also very anxious, I will call the police to recover this account"

I thought it was Ye Yunla who had transferred the public accounts, but to my surprise, it was her own dereliction of duty.

Zhuang Yuan's breath couldn't go up or down, and her whole body was a little tense.

"Every fund of the company has a place to go, since it was the petrochemical project itself that lost the investment money, then let Han'er go and pull in the investment herself." Zhuang Shen said coldly, "Han'er is so good, I'm sure there will be a way."

Yue Ying Han's lips were trembling with anger, but Zhuang Yuan didn't say anything, so she didn't dare to be the first to speak up.

"I will give the company an explanation for this matter." Zhuang Yuan said coldly, "This time it was me who wronged LaLa without getting the facts right, it was me as an aunt who did wrong, LaLa, can you accept my apology?"

Ye Yunla smiled, "You apologise first, then I'll see if I accept it."

Zhuang Yuan choked in anger again.
