

HC Chapter 941

Ye Jingzhan raised his dark eyes and said, "Mummy, I've found a few tourist destinations that are especially suitable for girls who like to stay at home to go over there, the main thing is that the trip is easy and not tiring at all"

The six members of the Fu family discussed where to go on their honeymoon trip, while the public opinion on the internet continued to fester.

It's been most of the day since the incident, and the major online media outlets are getting bolder and bolder as they try to re-post their reviews and see that Fu is not intervening anymore.

"Heh, this time, I'm going to make Ye Yunla's reputation fall apart!" Zhuang Yuan was lying on the hospital bed with cold anger between her brows, "Slap me, I'll make her never have the face to appear in front of the public again in her life!"

She was born the only young lady of the Zhuang family and later married the young master of the Yue family, becoming the envy of everyone in Hai Cheng as a noblewoman.

Although she suffered a bit after marrying, she later got divorced in time, went abroad for further studies, and when she returned home again, she successfully joined the Zhuang family to become the president of the Zhuang Group.

She has always stood tall and in a high position.

The first time she was ridiculed and talked about was the plagiarism incident a few months ago.

Because of Ye Yunla, she had become a joke in the mouths of many people in Hai Cheng.

That time, she wanted to smash Ye Yunla's face, but unfortunately, she never had the chance.

Now the opportunity had finally come.

Although this opportunity was bought with her own face, but that was precisely why it was more credible, wasn't it?

She is a model strong woman who has been bullied by her own niece like this, the netizens will definitely side with her unconditionally.

"Ye Yunla is now a bedbug that everyone shouts at." Yue Ying Han took a fruit knife and peeled an apple, "Later I'll get a few people to go to the entrance of the Fu family villa and make a scene, throw some rotten eggs and rotten vegetables or something, and if she dares to go out, have someone beat her up. If she dares to go out, have someone beat her up. It's the brainless netizens who did it anyway, so if we want to pursue responsibility, we can't."

Zhuang Yuan stopped in a light voice, "Now that public opinion is on our side, it's easy to get into trouble if you find someone to secretly find trouble, wait for now."

Yue Yinghan nodded obediently, "After Ye Yunla's fall, Zhuang Mingfeng is not enough to be feared, sooner or later I will snatch back the position of Zhuang's Group heir!"

"Buzz—"

Just then, Zhuang Yuan's mobile phone suddenly vibrated on her bed.

She thought it was a message from Zhuang Shen and didn't even glance at it, Yue Ying Han idly glanced at it and reminded, "Mom, it's an email."

As the president of the Zhuang Group, Zhuang Yuan had to deal with no less than a hundred emails throughout the day.

She picked up her phone and laughed lightly, "He removed me from the position of president in the morning, and now he wants me to handle work with illness, Zhuang's Group simply can't leave me"

She clicked on the email and her fingers suddenly froze.

Yue Yinghan handed over the peeled apple and said with a light hum, "Mom, you're just used to being a cow and horse, letting your uncle and grandfather keep bullying and oppressing you like this, if it were me, I wouldn't bother with the company's crap anymore Mum, why do you look so pale, what happened?"

Zhuang Yuan's face was already unpleasant, at this moment it was even paler to the extreme, her phone snapped and fell on the bed.

Yue Ying Han hurriedly put her head over to look, and when she did, her mind was blown!

The email was a five-minute long video, the first two minutes of which were Zhuang Yuan's ridiculous exploits in her twenties and the real reason why Zhuang Yuan got divorced in the first place

HC Chapter 942

"Mom, back in the day Wasn't it dad's drinking and domestic violence that got you divorced back then?"

Yue Yinghan asked with trembling lips.

It was knowing this reason clearly that for so many years, she had never agreed to meet with her own father.

She hated her father for domestic violence, for ruining the happy life of a family of three

But now, this video tells her that there was another reason for her parents' divorce It was because her mother had a lover outside the home that her father failed to control his emotions and beat up her mother. The scene of domestic violence was captured on the home surveillance and posted on the Internet, so her father became the one at fault and has never been forgiven by her

"Mom, tell me, is it true what this video says?"

The first time I saw it, I had to go back to the house. On the contrary, you Yue Yinghan, the next three minutes are all about your bad deeds at school! I sent you abroad to study, but you were a socialite at school, and this is how you repay my hard work?"

Yue Ying Han's face instantly went white.

After she had broken up with Feng Chengyu, she had been very self-indulgent for a while, basically changing boyfriends every three days and often hanging out in places like bars and nightclubs She was so beautiful that whenever she went to such places, countless men would hit on her and if they were good looking and generous, she would go to a room with the man

But this ridiculous period of time only lasted less than two months, so why are all these dark histories being dug up? And there is such a clear video In those last few minutes, there are photos of her drinking at a nightclub, a moving picture of her flirting with a man in public and being groped on the buttocks and assaulted, and a video of her being carried to a room by several men

If this five minute video was made public, she, and her mother, would be called out for depression by netizens!

“Mom Don’t ask me about that, hurry up and tell me, who sent this video?”

Zhuang Yuan collected her anger and pulled the email to the lowest level, followed by a sentence.

“Within three hours, if there is another person abusing Ye Yunla online, this video will be made public.”

“Bitch!” Zhuang Yuan almost smashed her phone on the ground.

The needle on the back of her hand ripped out because she moved too much, and blood spilled out, spraying Yue Ying Han’s face.

“Mom, it was this bitch Ye Yunla who did this!” Yue Yinghan wiped a bead of blood from her face, “She’s doing everything she can to turn public opinion around! Mum, we must not do what she wants!”

Zhuang Yuan was strangely calm, “And then just wait for this video to be made public?”

Waiting for the divorce from over ten years ago to be dug up, waiting for her to be lambasted by netizens as a slut and then scolded for having a mother like her daughter?

Waiting for her reputation to be tarnished in Haicheng, waiting for Han’er’s reputation to be tarnished, waiting for the two of them to never appear in the public eye again?

This video is like Zhuang Yuan’s seventh inch, making her unable to move.

She slowly closed her eyes: “Prepare for the live broadcast.”

As soon as Zhuang Yuan’s account went up, some sharp-eyed netizens went around calling out to their friends.

“Hurry! Zhuang Yuan is going to broadcast live again, and she’s probably going to shake out a series of black materials about Ye Yunla!”

“I just want to know how Ye Yunla hooked up with Fu Beijue, so give us a guide.”

“Just be beautiful, you stinky losers should think about it after you’ve got your whole face on.”

“Don’t distort the building, hurry up and see what Zhuang Yuan will say again.”

“.....”

The live broadcast started and Zhuang Yuan's face haggard a little more.

"Ye Yunla is really not human, this is her own aunt, how can she go down on her?"

"Ye Yunla didn't grow up in the Zhuang family, how could she have feelings for her own aunt, for the sake of the heirship, the two parties should have fallen out long ago."

"The gentry just don't have any affection to speak of, it's really sad and pathetic."

"....."

"Hello everyone, I'm Zhuang Yuan." Zhuang Yuan's voice was hoarse and her face was haggard as she slowly spoke, "I'm sorry to be taking up public resources again, this live broadcast, I'm trying to clarify one thing. In the morning, I told everyone that the injury on my face was caused by my niece, Ye Yunla, but it wasn't actually"

"What?"

"It wasn't Ye Yunla?"

"Then who could it be?"

HC Chapter 943

"....."

The netizens exploded once again.

Zhuang Yuan continued, "I was overtired and a little dizzy at the time, just as someone came over and assaulted me, and my first thought was that it was my niece, LaLa. Because I had an argument with La La in the conference room before the accident, I was unhappy about La La being awarded the heir to the Zhuang Group, which is why I insisted that she was behind it."

"But I have just asked for clarification, when an alcoholic barged into the company and knocked me out without saying a word This incident is the work of an alcoholic, has nothing to do with Ye Yunla, I hope the majority of netizens will not hurt innocent people again."

The netizens where unwilling to buy it.

"Ms Zhuang, wink if you've been kidnapped."

"It must have been Fu who paid to set Zhuang Yuan up, so they had to lie."

"The Fu family's energy is truly immeasurable."

"....."

Seeing these comments from netizens, the corners of Zhuang Yuan's mouth curled up into a smile if nothing else.

See, no matter how she explained, the netizens were on her side She was the most innocent one!

As she was about to turn off the live broadcast, Yue Yinghan bumped into her, "Mom, that person sent another email."

This time there was only one line.

“This apology is very insincere, it seems Ms Zhuang wants to make headlines again.”

Zhuang Yuan’s heart sank hard.

She had already pulled her face down to publicly clarify, and this little bitch Ye Yunla was still not satisfied!

She wanted to turn off the live broadcast in anger, but she knew that she couldn’t!

Or else!

All of her dark history with Han’er would be shaken out.

Zhuang Yuan’s fingers clenched tightly, the bruises on the back of her hands exposed.

She looked towards the live camera and said in a slow voice, “Lara is just a weak woman, she’s going to slap me and slap me to the ground, it’s an impossible move.”

“I’m 5’2”, and La La is about 5’5”, so anyone around you who is about the same height can try it out, it would actually be very difficult to slap me in the face.”

Once it came to professional data arguments, netizens were already half convinced.

Add to that the fact that someone did try it, and the tide instantly turned online.

“That’s right, it’s true that it’s hard for a short person to slap a tall person, let alone slap a person of similar size to the ground.”

“It seems that we did wrong Ye Yunla before!”

“The person in question has come out to clarify, what else do you guys suspect.”

“Give an apology to the person Ye Yunla

Just in this instant, the wind reversed.

Turning off the live broadcast, Zhuang Yuan was so angry that she almost smashed her phone.

She had been slapped by this bitch Ye Yunla, and her head had been knocked, so she had lost both face and face!

And then she had to come out and lie and clarify herself!

How dare you!

Killing people to kill their hearts! That’s what she’s doing!

“Pfft!”

Zhuang Yuan spat out a mouthful of blood in anger.

HC Chapter 944

The online outcry gradually died down.

The night was also slowly sinking.

Ye Yunla was leaning on the balcony with her laptop on her lap, she was writing the code for the company's new project

Every time she sank into her work, it was the most relaxing time for her.

"Woof woof woof!"

Outside the window, there was the sudden sound of a dog barking.

A dog barked, and many dogs in the surrounding area followed suit and barked furiously.

Ye Yunla pushed open the window, frowned and looked out, and saw that there were several wild dogs in the neighborhood at some point

The sound of barking dogs was getting louder and louder, as if adding a fire to her heart, her brow furrowed and she became even more annoyed.

She saw the fruit knife on the coffee table, went over and picked it up, and was about to throw it out when her fingers froze.

The dogs had only barked a few times and she wanted to kill them?

How could she have such a terrible thought

"Where did the wild dogs come from, you guys, get rid of the wild dogs!"

Housekeeper Qiao instructed the servants downstairs to get rid of the four or five stray dogs

Ye Yunla's ears finally cleared.

When Fu Beijue pushed open the door and entered, he saw Ye Yunla's brow wrinkled in deep folds, her gaze looking out the window with a cold sullenness.

His heart couldn't help but sink a little more.

He knew that those barking dogs must have made her emotionally agitated.

He walked over and said softly, "The moon is nice tonight, let me take you out for a drive."

Ye Yunla couldn't go on with her work, so she nodded and gathered her clothes, saying, "Yes, let's go out for a walk."

The children had already gone to bed and the two of them went out into the courtyard, holding hands.

The villa was located halfway up the hill, and just outside the entrance was a man-made park where, standing at the fence, they could see half of the city of the sea.

Starlight twinkled and neon lights spread throughout the city like mountains and rivers, the night scene in Hai Cheng was beautiful, a cosmopolitan city that never ends.

Ye Yunla's gaze was slightly dazed.

Her hand touched the fence and a strange thought suddenly came to her mind.

How aesthetically pleasing it would be to jump from here

“Lara, let’s go over there and take a look.”

Fu Beijue spoke up, interrupting her ruminations.

The two of them walked down the winding mountain road towards the bottom of the hill, this side was all rich and quiet and peaceful, with luxury cars moving around.

The man’s large hand took the woman’s small one and put her hand into the pocket of his coat.

The night was very windy, but Ye Yunla felt very warm.

She and Fu Beijue had hardly ever pressed the road like this, and it felt very good

Just at that moment.

A shrill voice cut through the night sky.

“Zhou Xianwu, how dare you hit me, how dare you hit me for this little bitch?”

The woman’s voice was tinged with anger and sadness.

Ye Yunla turned her head to look, and saw three people standing on the side of the road on the boulevard.

HC Chapter 945

The one who spoke was actually Xie Siqi.

This is what kind of bullshit fate, out for a walk in the middle of the night can meet.

Ye Yunla wanted to pretend she didn’t see it, but the argument over there had escalated into action

The company’s main business is to provide a wide range of products and services to its customers. Zhou Siqi, I’m telling you, I’ve put up with you for a long time! Don’t think that because you’re the Xie family’s eldest daughter, I have to give in to you! I was forced to marry you by my family, you really think I like you? Hahahaha!”

Another sultry dressed woman on the side also covered her mouth and laughed: “Miss Xie, you’ve lost your figure after giving birth, Brother Wu said it’s especially disgusting every time he lies in the same bed with you, and said that touching you is no different from touching himself

You can stay at home as your Mrs. Zhou, and I can help Brother Wu outside, so we don’t cross the river.”

Xie Siqi was so angry that the fire in her chest was rising.

She didn’t want to get a divorce because these sluts out there were so rampant!

She didn’t want to give up her position as the main wife, nor did she want to let these sluts enjoy the benefits!

But Zhou Xianwu was getting more and more outrageous, he used to just beat her at home, but now, he was actually slapping her in front of her mistress outside!

Xie Siqi was already furious and she rushed forward regardless of everything.

Zhou Xianwu looked at her with contempt and grabbed her by the hair: "Bitch, don't force me to make the relationship between the two families too ugly, if you still want to be Mrs Zhou, behave yourself!"

"You think I don't care about Mrs. Zhou, you think I care about you, you scum, go to hell!"

Xie Siqi opened her teeth and claws to fight with Zhou Xianwu.

But no matter how tough she was, she was only a woman, how could she compete with a man.

During the melee, she was slapped twice more.

Just as Zhou Xianwu was about to slap her again, a plain hand squeezed Zhou Xianwu's wrist coldly.

"Who's minding their own business here" Zhou Xianwu turned his head and suddenly froze, "Ye, Miss Ye"

He hurriedly withdrew his hand and immediately replaced it with a smiling face, "Isn't this fate, to run into Miss Ye in the middle of the night means that we are fated to each other, Miss Ye, why don't I treat you to a snack"

Before he could finish his words, he felt a chill on his neck.

When he looked up, he saw a man with an upright figure slowly walking over.

He was so frightened that he immediately gave a jolt, "Fu, Mr. Fu, why are you here too"

"Mr. Zhou is quite an eye-opener."

Fu Beijiu's words made Zhou Xianwu's face look a bit unpleasant.

He had made a move against his own wife and happened to be caught in the act, something that might tarnish his reputation if word got out.

Just as he was pondering how to make this matter ambiguous, the woman beside him suddenly introduced herself with interest, "Mr. Fu, I'm Yu Qian, I'm twenty-two years old, let's be friends"

Ye Yunla's cold eyes swept over diagonally.

She saw this woman pulling down her chest, and also saw this woman sending dark glances at Fu Beijiu

A nameless fire floated up from the bottom of her heart.

She raised her hand, just a fierce slap over.

"You, how dare you hit me!" The woman covered her face and her body tilted to the side.

Zhou Xianwu had been disgraced by Ye Yunla at the restaurant last time, and he had been scolded severely by Elder Zhou after the incident had gone too far.

And today, Ye Yunla was beating his woman in front of him again.

He instantly became angry: "Miss Ye, you are relying on the Fu family to back you up, so you don't put us people in your eyes, right?"

Xie Siqi on the other side could be said to have watched a good show.

She had wanted to hit this demonic bitch for a long time, but with Zhou Xianwu stopping her, she hadn't been able to get her way.

Today, when she saw this loud slap flung at Ye Yunla, she didn't know how painful it was, and coldly laughed, "You, this mistress, cuckolded you right in front of you, and tried to hook up with Mr. Fu, you deserved to be slapped, this slap is really good and wonderful, hahaha"

Zhou Xianwu did not dare to hit Ye Yunla, a cavity of anger on Xie Siqi's body, raised his leg is a kick over.

HC Chapter 946

Ye Yunla's eyes sank as she raised her foot and kicked Zhou Xianwu in the abdomen.

She was not trying to protect Xie Siqi, but she was not used to seeing such a scum who defended the mistress and bullied the main family.

She used ninety percent of her strength in this kick, and Zhou Xianwu's entire body was sent flying onto the road, and forced a car to stop.

"Ye, Ye Yunla You Where did I invite you to mess with you" Zhou Xianwu covered his chest, his face full of shock and anger, "The news was really right, you just have a propensity for violence, relying on the Fu family as your backstage, you beat people up at every turn"

The first thing you need to do is to make sure that you have the right amount of money.

He coldly hooked his lips, "Since you know that the Fu family is her backstage, then keep your mouth shut."

Zhou Xianwu was truly furious.

He could not stand up to Ye Yunla alone, and with the addition of Fu Beijue, he was no match.

He covered his chest and lay on the ground screaming.

Fu Beiji turned his eyes to look at Ye Yunla and saw her gaze slightly frozen, her fists clenched tightly.

He walked over with a sigh, "It's alright, let's go home."

He didn't feel that Yara had done wrong, there was no need to show mercy when dealing with a man like Zhou Xianwu!

"Yu Qian, quick, call me an ambulance!"

Zhou Xianwu was lying on the ground, he felt as if his ribs had been kicked off.

The mistress called Yu Qian walked over and said coldly, "You just offended Mr. Fu and the young lady of the Fu family, the Fu family won't let you go, let's stop here between us"

“You, you!” Zhou Xianwu was incredulous, “I did it for you

“Don’t say such things!” Yu Qian indifferently stared at him, “We were just a money deal before, you have offended the Fu family, you will definitely run out of money in the future, do you think, I will still follow you? Brother Wu, I’m going to leave now, take care of yourself.”

She twisted her waist and just swaggered away.

“Bitch! Rotten bitch!”

Zhou Xian Wu was so angry that he almost spat out a mouthful of air.

Xie Siqi watched a good show as she walked over and stepped on Zhou Xianwu’s thigh, bending down and laughing low, “You’ll have your day too! Zhou Xianwu, you will have your day too! Hahahaha!”

She had been bullied by Zhou Xianwu for so many years, this was the first time she felt like she had gotten her revenge!

Zhou Xianwu raised his hand to slap her across the face, but when he moved his chest, there was a tearing pain and he couldn’t even move!

He was finally sure that his ribs must have been broken by Ye Yunla’s kick.

He took a deep breath, “Call an ambulance, call an ambulance now!”

“Heh, do you think I would call an ambulance for you?” Xie Siqi patted his shocked face, “Zhou Xianwu, let’s get a divorce after you’re discharged from the hospital this time.”

She had already thought it through, such a marriage, don’t want it!

She stood up, turned around and walked away along the road step by step.

Zhou Xianwu was so angry that he almost fainted.

He turned his head to look at the luxury car that had been forced to stop: “Quick, call an ambulance for me!”

That person driving the car was also a resident of the neighborhood, so how could he not know Fu Beijue

HC Chapter 947

And the man in front of him was keeping a mistress and beating up his proper wife, such a scum bag was truly despicable!

So, the person driving the car started the engine and the car quickly disappeared into the main road.

Zhou Xianwu failed to catch his breath and almost died in place.

He lay on the ground for a dozen minutes before he was found by a roadside cleaner and taken to hospital.

It was deeper into the night.

Fu Beijue held Ye Yunla's cold hand as he walked along the winding mountain road.

It was only after a long time that Ye Yunla spoke, "Beijue, I find that I am increasingly unable to control my emotions, I'll go see a doctor tomorrow."

In fact, she had already seen a doctor many times and had taken a lot of medicine, but her symptoms had not eased in the slightest.

"LaLa, you are an empathetic girl, of course you can't control your emotions when you see a scene like this, I don't think you're wrong." Fu Beijiu's low soft voice rang out, "In the future, if something like this happens again, I still hope you will stand up for yourself."

Ye Yunla had a moment of consternation, "Wouldn't you think that I'm emotionally out of control and have violent tendencies? Aren't you afraid that one day I will swing my fist at you?"

As soon as she finished her words, she laughed bitterly to herself first.

When she had been manipulated by the biochip before, she had often bitten this man, and there were still teeth marks on the back of his hand, on his shoulder, and there on his chest.

This man wasn't afraid of being hurt by her at all

"Lara, no matter what personality you become, you are the one I love, and no matter what happens to you, I will be there for you, just like" Fu Beijiu's voice was even softer, "Just like when you took your four children abroad to find me over a month ago" You just with a slim hope, are able to find me in the sea of people. And how could I, holding you, having you so truly, have left you?"

A frightened heart of Ye Yunla gradually settled down.

After returning home, Fu Beijue held Ye Yunla for another night of lingering

The night was quiet, but the news on the internet started to ferment once again.

It had been less than three hours since Zhuang Yuan's clarification during the day, and Ye Yunla's three names were once again dominating the headlines.

Zhou Xianwu's ward was surrounded by countless reporters.

He did not ask the security guards to chase people away, but found a comfortable position to be interviewed by the reporters.

"Mr Zhou, may I ask if what you said is true?"

"Heh! There's surveillance on that road, check it out and you'll know if I'm lying." Zhou Xianwu covered his chest and said indignantly, "Ye Yunla is indeed violent, she kicked me off and I broke two ribs, there is an injury appraisal report to prove it, every word I said is true!"

"Then may I ask, why did Miss Ye strike at you?"

Zhou Xianwu bristled, "I won't say the exact reason, anyway, it's true that she did it, and it's also true that I was injured! Didn't Ms. Zhuang, the former CEO of the Zhuang Group, say this morning that Ye Yunla is most likely suffering from violent personality disorder and would dare to hit her own aunt, let

alone me, a passer-by! We at Zhou's are not a big company, so how dare we take on Fu's group hard
By tomorrow, my interview will definitely be harmonised If I suddenly come out and apologise
tomorrow, then it must be the Fu family who have found someone to threaten me"

Zhou Xianwu's interview spread to every corner of the country through the internet.

Most young people stayed up until two or three o'clock late at night before going to bed, and during this
night, this news and countless other hot searches about Ye Yunla were topped again and again.

Because of Ye Yunla's agitated mood, at night when she went to bed, Fu Beijue would turn off both of
their phones.

Nothing outside was as important as Yara's health.

So it was only the next morning that Fu Beijiu learned that last night's incident had made the news

He glanced at Ye Yunla, who was still sleeping, and walked gingerly to the study, where he saw Ye
Jingzhan sitting at his desk, his fingers swiping rapidly across the keyboard

HC Chapter 948

Ye Jingzhan was wearing plaid pajamas, his lazy and casual dress could not block the sharpness under his
eyes.

He pursed his lips and said in a cold voice, "The surveillance video has been hacked by me, but Zhou
Xianwu's interview has been retweeted more than ten million times, so it's hard to delete it
completely."

If he deleted one, hundreds of others could pop up at the same time, so it would be impossible to delete
them all.

Fu Beijiu walked over and said in a light voice: "Deleting the video is not the solution to this matter."

Ye Jingzhan nodded: "If mommy's illness is not cured, things like this will always happen, and one day
daddy you won't be able to keep your head above water."

Fu Beijue gave him a look.

It seemed that Jing'er still hadn't given up on the blood exchange therapy.

He pursed his lips, "Let's get this over with first."

He sat down at his desk and dialed out a few calls in quick succession.

"Zheng Bei, acquire Zhou's loose shares to twenty percent in three hours, don't care about the price
....."

"Master Zhou, I don't need to tell you that you should know what I'm calling for"

"Old Lady Xie"

The Xie family.

Old Lady Xie rarely watched entertainment news, and only after she received Fu Beijiu's call did she know that something big had happened.

No wonder Xie Siqi had returned to the Xie family for a sleepover in the middle of the night last night, it turned out that something like this had happened.

Just after hanging up the phone, Old Lady Xie saw Xie Siqi walking down from upstairs with a look of haste and helplessness.

Her old man's face turned cold: "Come here for me."

"Grandma" Xie Siqi walked over, "I still have a lot of things to take care of, I'll come back later to chat with grandma."

"You tell me, what matters do you have to deal with?" Old Lady Xie leaned back in her chair, a few moments of authority coming out of her cloudy eyes, "What exactly happened last night, tell me clearly!"

"I"

Xie Siqi lowered her head and bit her lower lip.

She only saw the news as soon as she got up this morning and swiped her phone.

Zhou Xianwu was seriously injured and hospitalized for an interview with reporters, and the matter of Ye Yunla's violent personality had once again sparked a discussion among netizens.

For four or five hours from the early hours of the morning, the news had overpowered the scandals of some popular celebrities and had been forcefully at the top of the hot search list.

"Fu Beijiu has just called me." Old Lady Xie said in a light voice, "The reason why LaLa made a move against Zhou Xianwu, her cousin's husband, is because you were bullied by Zhou Xianwu and his outside mistress" Now that LaLa is being verbally abused by the netizens, you know what to do, right?"

Xie Siqi pursed her lips, "I was supposed to go to the hospital to meet the reporters, even if you didn't say anything, grandma, I would have done it."

She really did hate Ye Yunla, she was not used to seeing Ye Yunla acting like she was above the world, and she was even more disgusted that Ye Yunla, who was clearly not surnamed Xie, had received all the favours from her grandmother

But, these were two different things.

HC Chapter 949

Ye Yunla helped her last night to take revenge, so today, she is obliged to help Ye Yunla to step in and explain herself.

The hospital where Zhou Xianwu was staying was surrounded by reporters.

It was only when Elder Zhou came over with his bodyguards that the reporters were finally chased away.

“Bastards!” Elder Zhou walked into the ward and slapped Zhou Xianwu’s face fiercely, “Do you know how much trouble you’ve caused?”

“Grandpa, my ribs are broken, you came to the hospital and didn’t ask me if I was in pain, but slapped me with your backhand, am I still your own grandson?” Zhou Xianwu said angrily, “The Zhou family won’t help me out, can’t I find my own way out?”

“That’s what you call a solution! The entire Zhou Clan is going bankrupt because of you!” Master Zhou slapped him again, “Immediately give an interview and apologise publicly, saying that you provoked the young grandmother of the Fu family first and that’s why you were beaten up by Fu Beijiu!”

“Heh! The surveillance cameras are clearly filming, it’s useless for me to lie and apologize!” Zhou Xianwu gritted his teeth and said.

“The surveillance on that road happened to break down last night and didn’t have time to repair it, and didn’t capture that scene on film.” Elder Zhou said after a slow breath, “Apologise, don’t go against the Fu family again, we can’t afford to play with the Zhou family.”

Zhou Xianwu was very reluctant, but forced to accept it due to Elder Zhou’s authority.

Just then, the bodyguard outside hurried in, “The young lady is being interviewed by the reporters at the hospital entrance.”

Master Zhou’s eyes narrowed, “What’s she doing here!”

“This bitch wouldn’t dare to talk nonsense!” Zhou Xianwu snorted coldly, “I cheated and played with women years ago, when did she ever make a scene in order to continue being the Zhou family’s young grandmother? Now that I’ve broken off my relationship with the woman outside, she will definitely speak up for me in front of the media in order to please me Moreover, her relationship with Ye Yunla is very poor, she can’t wait to go up and step on it at this time!”

Elder Zhou’s face changed, “Go and stop her from giving the interview!”

If this matter continued to deteriorate like this, the Zhou family and the Fu family would be at loggerheads!

Fu’s now had more than twenty percent of the Zhou Group’s loose shares, a slight move and the Zhou Group would be bankrupt in an instant.

“Master, the young lady doesn’t seem to be speaking for the Zhou family”

The bodyguard handed over the live video.

On the screen, Xie Siqi’s face was magnified and kept dropping tears.

“I am the eldest Miss of the Xie family and the third young lady of the Zhou family, many people envy me but don’t really know what kind of life I lead.”

“Since I married Zhou Xianwu, my life has been in deep water, and the year I got pregnant with my child, I found out for the first time that he was cheating on me. Because I was carrying the Zhou family’s bloodline, he restrained himself slightly for fear that I would get angry and go into premature labour.

But when the baby came, he had no scruples at all. He often brought women back to the Zhou family, mistresses and mistresses came into the house, and my in-laws never once accused him of anything

"I am afraid that my parents are worried, afraid that my elderly grandmother is angry because of my affairs, these things I dare not say to anyone, has been a person to suffer in silence. Maybe some people ask me why I don't get a divorce, when you become a mother you know how difficult it is to get a divorce when you have children, who wants their children to grow up in a sound family, who wants their children to have a father as well as a mother"

"I'm an ordinary woman, an ordinary mother, and I put up with it day in and day out for the sake of my children."

"But today, I really can't bear it anymore!"

Xie Siqi wiped her tears clean and her eyes became steely: "What happened last night finally made me understand that if I really loved my child, I should have cut myself off from such a man, I should have divorced decisively and left with my child!"

The reporter seized the keyword and pursued, "Third Young Lady Zhou, may I ask what exactly happened last night?"

"I was also present when Zhou Xianwu was beaten last night." Xie Siqi spoke slowly, "I heard that the nearby surveillance was broken, so let me restore the facts."

"I drove over there to meet with Lara, then I came across Zhou Xianwu hanging out on the road with his mistress. I am Zhou Xianwu's wife, and when I saw him flirting with the woman outside, I got angry, so I rushed over regardless

You see, I still have slap marks on my face from Zhou Xianwu's beating"

HC Chapter 950

"Zhou Xianwu likes to drink and is violent every time he drinks, and I have been beaten by him many times in the Zhou family. Every time he made a move on me, the rest of the Zhou family looked on coldly, and none of them protected me except my son, but last night

Lara shielded me." Xie Siqi let out a bitter smile, "I don't really have a good relationship with this cousin of mine, LaLa, but she was the first to stand up for me when I was being bullied."

"Zhou Xianwu beat up women, and even if he beat me up, he tried to take a swing at LaLa. In order to protect herself and also to protect me, LaLa was then forced to take on Zhou Xianwu."

"Zhou Xianwu, a big man, was kicked by a weak woman like LaLa and went flying down the road, and I reasonably suspected he was faking it. Probably to bite a piece of meat off the Fu family"

Ye Yunla had just woken up and saw Xie Siqi's live interview.

She was really a bit surprised that Xie Siqi had come forward to clarify for her.

After all, since she returned to China, every time she went to Xie's house, Xie Siqi had to say a few sour words, and she thought Xie Siqi would sit back and watch the tiger fight.

Ye Yunla put on her coat and walked out of the room, the crackling of the keyboard came from the study next door, she leaned against the doorway and watched as Ye Jingzhan kept deleting the news about her on the internet

Although there was Xie Siqu stepping in, the heat of this news was not suppressed.

Many netizens were blown out of the water.

“Yesterday morning Zhuang Yuan was beaten up and at night Zhou Xianwu was beaten up, and the person who beat them both up was the same person, Ye Yunla!”

“I think Ye Yunla is really violent, there’s a term for a violent personality, when emotions are irritated, they use violence to solve it.”

“I’m an employee next door at Rara Star Technology, a week ago their company had a meeting and Ye Yunla even got mad at the staff, the technical minister seemed to almost get beaten up and put in hospital.”

“Crap, that violent?”

“Does she have some kind of disease.”

“Pretty good looking, didn’t expect a personality flaw.”

“It must be especially scary to live with someone like that, sympathy for Fu Beijiu.”

“Sympathy for the four munchkins.”

“.....”

Ye Yunla stood in the corridor of the study, her heart suddenly a little empty.

She was constantly causing trouble, and Fu Beijue and a few children were constantly helping her out

Her life was still considered peaceful, but Fu Beijiu and the children’s lives were in chaos because of her

She lowered her eyebrows and headed downstairs.

“Mummy!”

Fu Ziyang called out to her.

“Daddy made breakfast with his own hands, come and eat it, Mommy.”

The corners of Ye Yunla’s mouth curled up into a smile, “Thank you little Yan Yan, where are little Ling Ling and little Yinyin, where did they go?”

“They went to the yard to build a snowman.”

Ye Yunla looked up and only then did she notice that it was actually snowing again outside.

The weather in early spring was warm at first but still cold, and when the snow fell, it looked like it was the dead of winter again.

Obviously the house was well heated, but Ye Yunla suddenly felt a little cold.

“Mummy, put on a thin blanket.”

Fu Ziyang brought a thin blanket and draped it over her back.

Ye Yunla stroked his head: “Recently, Mommy has been a bit neglectful of you Are you a bit scared of mummy?”
