First Date – DELSANRA

I had just about gotten to say goodbye to the king and queen when Rayhan whisked me away . Not once did his hand leave me , constantly caressing my thigh or holding my hand . He had told me at least seven times that I looked good , he really had a wide range of words to use ; sexy , beautiful , ravishing ... B y the seventh time , I had to tell him to stop because it was really making my cheeks burn .

We had driven through the country roads and stopped at the edge of a woody area . I didn't ask questions , but my curiosity was piqued . The way Kiara had dressed me , I had been rather nervous about going to some posh restaurant ... but out here ? He held my hand , leading me through the trees until I saw a stunning , luxurious cabin , illuminated by the lights that were lit inside . I blinked , I had not been expecting him to bring me to a cabin in the middle of the woods ...

" I thought you might prefer something a little low key rather than a fancy restaurant ... " " Oh , definitely ! " I said , then looked down , " I'm a little overdressed , huh ? " " Not at all . " He said , kissing my hand softly .

" You look- " " I know . " I said , laughing slightly . You've told me a hundred times already . " " I don't think it was a hundred . " He remarked , leading me to the villa . The door was unlocked , and we stepped inside . My heart skipped a beat as I stared at the entire entrance hall , candles were lit up smelling of orchids and vanilla .

There was a scatter of white petals littering the floor and a few huge bouquets of flowers . Rayhan reached into one , selected a single orchid and held it out to me . " Your scent has hints of orchids . " He said . I looked up from the flower , surprised . " Really ? Being a werewolf with such a scent must be weird , right ... " I said , tucking my hair behind my ear as he led me through the hall and out towards the back . " Not really , it's useful , especially when it means tracking down our mates .

" He winked at me , and I shook my head . He opened the doors that led to the back . There on the wooden porch was a table for two set up , complete with a white cloth , decorated with candles and flowers . Laden with dishes , that were clearly steaming , and wine . I'm guessing Rayhan had mind linked someone to tell them when we'd get here . Behind the table , the outdoor fireplace was blazing brightly , whilst soft music was playing in the background .

Around the edge of the porch , lanterns stood , casting a gorgeous glow on the area . My heart skipped another beat as I realised this was for me ... " Is it ok ? " He asked . I smiled , gripping the sleeve of his leather jacket . " Ok ? Seriously ? I love it . " I whispered , tiptoeing to kiss his cheek . Thanks to the killer high heels I was able to reach pretty well . " Good , because I'm not really a pro at this stuff , " " Really ? One would think you are .

" I said as he held out the chair for me and I sat down , sighing softly when he kissed my lips before taking off his jacket and sitting down himself . My chair was closer to the fire and the warmth hit my skin , warming me . Rayhan pulled his chair next to mine , before glancing at me .

" I think Raihana and I have only done this sort of thing for Mom on Mother's Day . Apart from that , nope . " I smiled . " So , no girlfriends ? " " Depends , I mean , back in preschool I had a different one daily . " He replied with a wink . I rolled my eyes . " Oh , I'm so jealous of them . " I said sarcastically , making him smile .

" As I said , I like you jealous . " He whispered , I leaned over and he met me halfway kissing my lips passionately , his hand cupping the back of my neck . I moved back , placing my forehead down gently , trying to calm my racing heart . " Let's tuck in before it gets cold , " I nodded and began helping myself to the food .

There were several dishes , ranging from a grilled platter of chicken , kebabs , lamb chops , wings and fish . Then some fries , flatbread , different curries and pizza . My mouth watered as I took a bite of the chicken . It was as divine as it looked and smelled so good . I moaned softly . Oh , how I loved food ... I opened my eyes , feeling his intense gaze on me , and raised my eyebrows as I looked at my sexy Alpha , who was clearly admiring me . Did he not realise he was so much better than I was ? " Aren't you going to eat ? " I asked . His eyes ran over me and he smirked .

" Don't . " I said , placing my finger to his lips . My heart was thudding . Right now , the way I felt ... I was tempted to climb into his lap and ask him to mark and make love to me at this very moment ... He kissed my fingertip , his hand closing around my wrist . " Alright . " He said . I tugged free , taking a piece of chicken and holding it to his lips ..

He bit into it , his lips grazing my fingertip , sending tingles through me . Thanks . " He sat back and began eating , much to my relief . His one hand constantly caressing my cheek , my arm or my leg . I don't know if I'd ever get used to the amount of adoration he had for me , but I would cherish it ... I just hope I can give him everything he could ever want . (Latest Chapters uploaded everyday on <https://novelheart.com/>)

We chatted a little bit more about his parents , his dad seemed like a lovely person , his friends , his sister . I could tell he was close to his parents and sister . It was sweet , I had never known a loving family so hearing about his , I was a little envious and wished I could one day call them my own . One huge difference between my kind and his was ; werewolves were in packs for a reason , I could tell just by listening to him that his pack meant a lot to him .

Then there was my kind , who only used family members for their abilities . Sadly , men were mainly pawns to impregnate women from the older witch's family . The stronger the family the male was from , the more the oldest families wanted them . There was just power and how beneficial you were to the coven .

Yes , I couldn't forget all the werewolves who had hurt me but I was learning that they were just a small number compared to the majority . We had finished

our food and were onto our dessert , which had been set to the side when Rayhan sat back , taking out a small box from his jacket pocket . It was a simple sleek white box with the words VRAI written on it . " I thought a small present for our first official date would be fitting . " He said , opening the box .

Sat inside on a velvet cushion was a gold bracelet set with clear stones . It dazzled brighter than any piece of jewellery I had ever seen ... It was beautiful ... He took it out of the box , unlatching the clasp before taking my hand with the other , smoothly slipping it around my wrist .

It was slightly heavier than I was expecting too , but I absolutely loved it , watching as he clasped it shut . " Thank you ... it's ... really beautiful . " I whispered softly . My first ever proper gift from someone I loved ... My eyes stung but I forced a smile onto my face . " Hey , I thought you'd like it ? Just please tell me those are female tears of happiness . " He joked with a wink . " They are ... I just ... it's beautiful . " I said , moving my wrist and admiring the sparkle .

" I've never owned anything so shiny before . " His sexy chuckle made my eyes snap to him , and I squinted my eyes suspiciously . " What are you laughing at ? "

" You really are a kitten , they tend to like shiny things too . " He winked . I rolled my eyes , but despite that , I , couldn't stop the smile from gracing my face . " Well , you fell for a kitten then . "

" Without a doubt ... " His eyes ran over my face , his knuckles caressing my cheek . Goddess , you're beautiful . " " Rayhan ! Stop it ! That's too many compliments in one day ! You know if I sat here and went on about how handsome you were I'm sure you'll get tired of it . " " Oh yeah ? Try me .

I don't think I'd mind my girl telling me exactly how hot she finds me . " " Really ? " I sat forward , rest my elbow on the table and crossed my legs . " So you wouldn't mind that I think you're a life size yum yum ? One that I just want to taste every inch off , knowing that you're utterly delicious ... sexy ... handsome ... and all mine . " My heart skipped a beat as I watched his eyes darken , and I smiled slightly .

" Want me to carry on ? " I whispered , He reached forward , turning my chair and trapping my legs between his . " If you want me to take you right here ... " He countered . Oh , the idea wasn't bad ... I knew I wanted him ... and there was nothing holding me back ... He smirked cockily , kissing my neck before leaning back in his seat .

" I know you haven't had the life you deserved , but what do you want to do if given the chance ? " He asked me , drinking some wine . " What do you mean ? " I asked , " Studying ? Dreams ? Anything really ? " My stomach fluttered nervously , I had never ever thought of it . Why was it relevant now ? mean , " What's the point of thinking about it ?

I I'm nineteen without even the basic education a ten - year - old would have . " I frowned , looking down at my plate ... That's right ... What exactly was Rayhan's education ? .. I mean , I was just lacking so much compared to him He reached

over , taking hold of my chin and forcing me to look at him . " It's never too late to follow your dreams .

You're only nineteen , your life is ahead of you kitten . If you had the chance , what would you do ? " I ate some fries slowly , pondering on his question . What would I do ? Easy . I looked up at him . " I would want to work with children who have suffered trauma ... those who have gone through a lot . " I said , trying to keep the pain from my eyes .

His eyes softened , as he caressed my cheek . " A child psychologist ? It sounds perfect . Once everything settles down , I can hire a tutor to get you caught up with your basic education , then you can go on to study in college and university . " He said , taking me by surprise .

" Why ? " I asked , confused , nibbling on a piece of grilled fish . " Kitten , although I want to keep you all for myself , I want you to live your life to the fullest too . If that includes becoming something , then I'll be by your side supporting you . " Isn't it a Luna's job to have children and spend her time taking care of the pack ? " I asked .

He smirked raising his eyebrows suggestively . " Don't tell me you want to make babies right now ... " " I didn't say that ! " I blushed , glaring at him . " I mean , we can practice the art , but I don't think I want kids so soon ... I'd rather spend some years with just you ... There's so much of this world I want to show you , so many things to do , places to go , experiences to have ... There's no rush to have kids , kitten . " He gave me one of his sexy smiles , his hand caressing my cheek , and I realised in other words ; he wants me to live the life I had been stripped of .

His gorgeous grey eyes , rimmed with those thick lashes gazed into mine and I realised there was no man on earth that could ever compare to the one before me . I stood up , not caring where my confidence came from and sat sideways on his lap , pressing my lips against his plush ones ... RAYHAN The moment her lips met mine ,

I could barely focus on anything else . My hand wrapped around her waist pulling her against me , my other hand ran up her thigh , slipping her dress up slightly as I took control of the kiss . Our lips moved in sync , she sucked on my bottom lip , making me growl against her lips . She didn't even realise how much of a fucking temptress she was . The scent of her arousal was strong in the air , I was becoming tempted to knock everything off the table and take her right here ... She broke away gasping , her pouty lips only looking even more tempting . " You're a temptation , kitten ... "

I rasped , throbbing against her thigh . She ran her fingers through my hair , her eyes dark with lust . " Good . " She whispered , kissing me once again , her nails scraping down my chest . Since the moment I had laid eyes on her tonight , I just couldn't stop thinking about how gorgeous she looked . The gap at the front of her dress teasingly showed me her cleavage . The way she pressed her legs together at times ... the way that pout lingered on her plump lips .

Goddess , this woman had me under her spell , and I didn't mind one bit . My lips grazed against her neck , kissing her hungrily . Fuck , I needed to take this slow ...

But it was hard . The temptation , the desire , the pure incinerating need for her was consuming me completely . My eyes flashed , my hand tangling in her hair . I buried my head in her hair , trying to regain my composure . She cupped my face , turning my chin up and kissing me before looking into my eyes .

" Don't hold back . I trust you , Rayhan ... Make me yours . " She whispered . Her heart was thundering , her eyes full of love and vulnerability . She was trusting me , and I knew that no matter how dangerous my desires were , I'd never hurt her ... " I want you to make love to me without holding back .

" She whispered , her lips grazing my ear , sending a shiver of delicious heat through me . Her words destroyed all my self – restraint . She was right ... I didn't need to hold back ; she was my mate , and above all , she trusted me

" She begged breathlessly . " Soon , kitten ... " I whispered , grabbing her hips . I flipped her over , devouring her plump ass with my eyes .

I tapped it lightly , making her whimper . The jiggle of her ass made me deliver another sharp , playful tap . It was at that moment when I looked up that I realised her back was void of the majority of her scars . My heart thudded and I ran my fingers down her back . Save for a few thin scars , her back was smooth She turned her head and gave me the tiniest of smiles . " The fact that you didn't notice it sooner shows you found me beautiful either way .

Admiring her ass and pussy before I bent down and licked her between her ass cheeks and all the way to her clit , the taste of her sweet juices , making me groan . " Fuck kitten " I murmured . The orgasm that had torn through me left me dizzy . It was more than the previous orgasms he had given me , the intensity had taken me to a new high . My cheeks burned as I looked at the .. sculpture of perfection before me . Every breath he took made his chest move , his abs ... his defined Adonis belt , and his large cock that even I knew was much larger than average . Hell ... he was ... big ... I looked up at him , running my hand over his hardened balls and his dick .

I nodded , I could handle pain , I had dealt with pain all my life ...

He wrapped his arms around me , stroking my back and I guided him to my entrance . Slowly , I pressed down , biting my lip as the sharp stabbing pain rushed through me . " Fuck me , Rayhan ... " I whispered , snaking my arms around his neck . He looked into my eyes , a small frown on his handsome face , and gave me a small nod .

He grabbed my hips as he began thrusting up into me . The pain was immense , but I wanted it . I met his thrusts , my chest bouncing , capturing Rayhan's attention . His hold on my hips was tight as he fucked me faster . The only sounds in the room were our sighs and moans of pleasure , the sound of our bodies meeting and our heavy breathing .

A thin sheen of sweat coated our bodies as he pounded into me , and soon the pain was just a dull reminder compared to the scorching intense pleasure that was rocking my body . The horny moans that left my lips were unrecognisable to me , and when Rayhan sucked on my nipples , I cried out , my nails digging into his shoulders .

He pulled away after a few moments . Slowing down as if relishing the pleasure o f each thrust . Every thrust made me gasp . He was huge and my entire body felt stretched out by his girth . Each thrust was hitting a spot inside of me that drove me crazy . " Baby ... " I whimpered . " You're beautiful . " He murmured , claiming my lips once again , but this time the kiss wasn't dominating , simply deep and sensual . It lasted for a few moments before he began kissing me along my jaw and neck .

I sighed softly , arching my neck , feeling him groan against the junction between my neck and shoulder . My heart skipped a beat , knowing what was coming next . He moved back , kissing my lips tenderly , I looked into his eyes , giving him the smallest of smiles . He caressed my face with the pad of his thumb .

My core throbbed as I felt that pressure inside of me heightening . Each painstakingly slow thrust was driving me crazy , and I wanted to find the release that he was refusing to give me . His teeth elongated ; his eyes , now a dazzling green , his fingers tangling in my hair as he tugged my head to the side .

I closed my eyes when his lips met my neck , he licked and sucked the spot , making me moan loudly . " I love you . " He whispered , sending my heart soaring at the deep intensity of his words . But before I could even reply , his canines pierced my skin . The sharp stinging pain made my eyes fly open , but it was only for a second , followed by a stream of sparks that ripped through me .

At the same time , he thrust into me sharply , the combined sensations sending me over the edge , and my orgasm tore through me with immense pleasure . My vision darkened and I saw white spots , my entire body spasming from the pure euphoric pleasure inflicted upon it .

I barely registered when he lifted me off his dick , coming all over my stomach and thighs . A sexy moan escaping his lips . It was at that moment , I felt a burning pain across my back , and I screamed out loudly .

It was as if shards of smashed glass were being scraped down my back , my legs , my arms ... I gasped , not able to breathe from the pain . I could no longer focus on anything .

The immensely painful sensation flowed through my entire body , and then , it was gone , as if it had never happened . " What the ... " Rayhan murmured . I couldn't even keep my eyes open , before I could even reply , I felt my vision darkening . The last thing I heard was Rayhan shouting my name , as he caught my body from falling backwards , and then , my world went black ...

" He murmured , hissing when I rubbed myself harder , his tip hitting my clit , causing me to moan . He grabbed the back of my head , kissing me hard , his other hand kneading my ass .

" I moaned , looking into his " I want you . eyes , brushing back his curls . He pulled me closer , kissing me . At the same time , he guided himself to my entrance , rubbing his large cock along my slit making me moan with need . " This will hurt . " He murmured kissing my neck . I nodded , I could handle pain , I had dealt with pain all my life ...

He wrapped his arms around me , stroking my back and I guided him to my entrance . Slowly , I pressed down , biting my lip as the sharp stabbing pain rushed through me . I didn't want it slow ... the pain would go Closing my eyes , I slammed myself down on him . " Fuck ! " He groaned , in surprise and pleasure .

I cried out as the pain ripped through me , feeling a light gush and knowing my hymen had broken . I opened my eyes that stung with tears , looking into his blazing green ones . " Fuck me , Rayhan ... " I whispered , snaking my arms around his neck . He looked into my eyes , a small frown on his handsome face , and gave me a small nod .

He grabbed my hips as he began thrusting up into me . The pain was immense , but I wanted it . I met his thrusts , my chest bouncing , capturing Rayhan's attention . His hold on my hips was tight as he fucked me faster . The only sounds in the room were our sighs and moans of pleasure , the sound of our bodies meeting and our heavy breathing .

A thin sheen of sweat coated our bodies as he pounded into me , and soon the pain was just a dull reminder compared to the scorching intense pleasure that was rocking my body . The horny moans that left my lips were unrecognisable to me , and when Rayhan sucked on my nipples , I cried out , my nails digging into his shoulders .

He pulled away after a few moments . Slowing down as if relishing the pleasure of each thrust . Every thrust made me gasp . He was huge and my entire body felt stretched out by his girth . Each thrust was hitting a spot inside of me that drove me crazy . " Baby ... " I whimpered . " You're beautiful . " He murmured , claiming my lips once again , but this time the kiss wasn't dominating , simply deep and sensual . It lasted for a few moments before he began kissing me along my jaw and neck .

I sighed softly , arching my neck , feeling him groan against the junction between my neck and shoulder . My heart skipped a beat , knowing what was coming next . He moved back , kissing my lips tenderly , I looked into his eyes , giving him the smallest of smiles . He caressed my face with the pad of his thumb .

My core throbbed as I felt that pressure inside of me heightening . Each painstakingly slow thrust was driving me crazy , and I wanted to find the release that he was refusing to give me . His teeth elongated ; his eyes , now a dazzling green , his fingers tangling in my hair as he tugged my head to the side .

I closed my eyes when his lips met my neck , he licked and sucked the spot , making me moan loudly . " I love you . " He whispered , sending my heart soaring at the deep intensity of his words . But before I could even reply , his canines pierced my skin . The sharp stinging pain made my eyes fly open , but it was only for a second , followed by a stream of sparks that ripped through me .

At the same time , he thrust into me sharply , the combined sensations sending me over the edge , and my orgasm tore through me with immense pleasure . My vision darkened and I saw white spots , my entire body spasming from the pure euphoric pleasure inflicted upon it .

I barely registered when he lifted me off his dick , coming all over my stomach and thighs . A sexy moan escaping his lips . It was at that moment , I felt a burning pain across my back , and I screamed out loudly .

It was as if shards of smashed glass were being scraped down my back , m y legs , my arms ... I gasped , not able to breathe from the pain . I could no longer focus on anything .

The immensely painful sensation flowed through my entire body , and then , it was gone , as if it had never happened . " What the ... " Rayhan murmured . I couldn't even keep my eyes open , before I could even reply , I felt my vision darkening . The last thing I heard was Rayhan shouting my name , as he caught my body from falling backwards , and then , my world went black ...

Heading Home – RAYHAN

Sex with Delsanra was like nothing I've ever experienced before , mind – blowingly , hot and perfect didn't cut it . Loving someone and making love to them was on another level ... The way she felt , the way she reacted to me , the way she made me feel . The throbbing desire that had consumed me in her presence was quelled , but only for a few seconds because with her , it was never enough .

The moment I sank my teeth into her neck as I made love to her nice and slow , I felt the bond strengthen like electrifying sparks sizzling back into place a thousand times stronger than before , thanks to the completion of the bond . A surge of sparks coursed through me and her moans sounded like music to my ears , her walls contracting around my dick tightly . Fuck , she was more than I could ever have dreamt of . Her orgasm ripped through her and I groaned .

I extracted my teeth and pulled her off as my own release rushed through me , the haze of pleasure that consumed me was fucking divine . The way strings of my cum ran down her stomach and thighs only made me want to fuck her all over again . Suddenly something changed , her eyes blazed a deep reddish gold , a glowing surge of power surrounded her and for a second , she tensed . " What the ... ? " She was in pain . I could sense it through the bond .

Worry and panic filling me . I looked her over , not knowing what to do , cupping her face just as her eyes fluttered shut and she fell backwards . " Delsanra ! " I caught her with one hand , my other cupping her face in panic . But she didn't respond . Her eyes fluttered shut and she fell unconscious , the surge of power around her vanishing " Fuck ... " "

I lay her on the bed , looking her over . What happened ? Her breathing was steady , and she wasn't in any pain any longer . What was that ? Her body glistened and she looked a vision of pure erotic beauty . Something about the blood and cum that stained her legs only added to how sensual she looked .

I don't know what happened , but at least she was ok now ... I gathered some of the bed sheet up , wiping the blood and cum off her , before wiping myself clean with it . Lifting her , I pulled the top sheet off , rolling it up I tossed it aside before slipping her into the blanket . I inhaled her deeply . Her scent had changed , mixed with mine , and there was something else , something deep and seductive that made my dick harden . I jerked back . Fuck was that the effect of the mate bond ? I'm totally screwed ... I pulled her into my arms , not able to stop the smile that refused to leave my face .

My beautiful mate ... Heck , she looked even more gorgeous than before . Her flushed , glowing cheeks , her plump lips , even plumper from all the kissing . I moved her hair away from her neck , my heart thudding as I looked at my mark upon her . It was just appearing but I couldn't make it out ... I licked it softly , hoping by tomorrow it would be healed . I kissed her there softly , before pulling her into my chest , wrapping my arms around her completely .

Heck , kitten ... I'm so happy you accepted me .

DELSANRA

I awoke to a dull ache between my thighs and something hard poking my lower stomach . Everything seemed louder and the sound of Rayhan's heartbeat was a pleasant hum to my ears .

The smell of sex , blood and his intoxicating scent filled my nose . Last night returned to me , and my cheeks flushed . Rayhan had marked me , and we had made love ... I touched my neck to feel the smoothness . Was I healed already ? I knew witches healed faster than humans , and when a werewolf marked his mate she would inherit some of their abilities . It made sense ... I wanted to see it , but I also didn't want to leave his arms . I was very aware of what the hard , thick thing between us was . With a burning rush of heat , I also realised we weren't dressed ... " Relax , kitten ...

" He murmured , his hand running up my ass , his fingers slipping between my ass cheeks making my breath hitch . " I'm relaxed ... " I whispered . His presence was wrapping around me , and my core was aching for him . The attraction that I had thought was so strong was tenfold more . His lips crushed against mine as he kissed me deeply . I kissed him back , not caring about how wet I felt , our tongues playing sensually with each other . We broke apart after a moment , and I looked at him breathlessly . " Last night , what happened ? " He asked , looking down at me concerned . " I don't know ...

I felt a sudden surge of pain and then something shattering , then nothing . " I replied . He frowned , " It was strange I saw like a glowing aura around you , do you think maybe marking you unleashed your powers ? " He asked , I didn't miss the slice of hope in his eyes . I tugged away , my own heart skipping a beat as I closed my eyes , whispering a spell . I felt the same tug in my chest that I felt every time I pulled at my sealed powers . No , they were still sealed ...

Yet I felt different . I sighed , opening my eyes , " No ... My powers are still sealed . " I remarked . " But I feel stronger , guess that's the bond right ? " " Probably . " He said , reaching over . He brushed my hair back , his eyes falling to my neck . " Beautiful ... " " I want to see it , " I said , touching my neck . " One sec . " He sat up , leaning for something on the ground . The sudden loss of his touch made me feel empty . My heart thundered . Was this what it would feel like every time we were apart ? He turned back to me , his phone in hand as he caressed my cheek . " I'm never leaving you , kitten .

" I didn't say anything . " I said with a pout , as he took a picture of my neck . " I can kind of sense what you're thinking . " He smirked . I frowned . " That's a wolfie thing ? " " Kind of . " He winked as he held the phone out to me . I took it , my heart skipping a beat as I looked at the screen nervously . It was not what I was expecting .

There was a full moon , surrounded by flames . One could mistake it for the sun , but it was clearly a moon . In front of the moon was a silhouette of a wolf , its fur a deep navy black , littered with stars and a small moon ... just like the night sky ... " What do you think ? " He asked softly . My eyes snapped up towards him and I smiled slightly . " It's ... beautiful , like you . " He smiled and I blushed . " Uh , I mean ... Like your wolf , your wolf is beautiful ... " " Either way it's cool . "

He said , pulling me into his lap . " I don't know how , but you look a thousand times more beautiful ... if that's even possible . I smiled , locking my arms around his neck and kissing him . I didn't care about the future . All I cared about was that no matter what , I had him ... CHRIS It was the following day , and Rayhan had mind linked that he was on his way back .

He and Delsanra had stopped at one of the family holiday homes not far from pack grounds . I didn't know how I'd be able to face him or Raihana . Not after yesterday ... When I left her room , I had felt her powers and rushed inside , knocking her unconscious . But I wasn't the only one who had felt the surge of power . I had instantly mind linked Lola to get her ass over to handle Raihana , who I had tucked into her sheets . Blake had rushed inside the mansion ,

asking what it was . Although I brushed it off , he didn't seem to believe me .

(FLASHBACK)

" What was that ?! " He asked , rushing up the stairs just as I closed Raihana's door . " Nothing , " " I felt something , Chris . Is Raihana ok !? How could you leave her alone when something is fucking off ! " He growled pushing the door open . His eyes scanned the room fervently before he stepped back , running a hand through his hair . " Something still isn't right ... " " I felt it too , but it's gone and the warriors are just scanning the area . Just calm down , Blake .

" I replied moodily . " Don't tell me to calm down . " He growled , " Watch who you're talking to . " I growled back , my eyes flashing . He was about to say something when his gaze flicked to my neck , my clothes and my hair . Fuck , I probably smelt of her ... His eyes flashed before he slammed me against the door . " What did you do ?! " He hissed , pressing his arm against my throat . " Nothing . " I shot back , shoving him off and throwing him to the ground .

A murderous growl made both of us turn to see Lola standing there . Right now , her rank may be lower than mine as she hasn't taken the position from her father , but she was still the future Beta of this pack . Making both of us stop our fucking spat . " We felt something across the entire pack premises and you two are being asshats ?! " She growled . She looked at me before pushing us both away from each other and entering Raihana's bedroom .

" I'm going to tell the Alpha . " Blake snapped . " I'll do it . " I growled , " I'm the fucking Delta . " " I will . " Lola snapped with irritation . I knew I'd have to talk to her . Even if I couldn't tell her the truth , I could kind of explain this crap . " Well , I wonder what he'd think knowing what you were fucking up to . "

" Or that you're just fucking jealous that you didn't get there first , " I growled . He tensed and I felt a flare of anger . So , I was fucking right ... I scoffed , feeling irritated that he saw her like that . About to say more , I stopped . What could I say ? It wasn't like she was mine ... " Stay the fuck away from her . " I hissed . " Don't tell me what to do . I'm sure Alpha Rayhan would love to know that his best friend has been messing around with his sister at the first chance he got . " He muttered venomously .

My eyes flashed , and I slammed him against the wall in a rage . He wasn't wrong ... I had fucked up ... big fucking time " Stay out of my way Blake , or I swear I " I growled , walking off . won't forgive you . "

(END OF FLASHBACK)

I sighed , yeah I messed up ... Raihana had organised a small party to welcome Delsanra and it seemed like the girls expected me there . The only problem : I had been avoiding Raihana since yesterday ... We should never have gone there ... the pent up emotions between us had just gotten out of control . " Chris ! Seriously , can you make yourself useful ? Rayhan will be here in the next fifteen minutes , can you please grab the food that we ordered ? James said they just took it from the delivery guy .

" " Then get him to deliver it here , I'm not a delivery boy Lola . " I shot back . She gave me a sceptical look . ' Don't push it , Chris , I still need to talk to you ... The state you were in yesterday , and the marks on Raihana's neck ... You fucked up big time . ' She mind linked me . ' It takes two . ' I shot back coldly . ' But we all know your antics . She can't be one of your escapades . Ever . ' ' I fucking know . ' I walked off , I'd rather get this damn delivery than face Lola and Raihana ...

I fucked up big time , and this time around , even my best friend wouldn't be on my side .

DELSANRA

Darkness had fallen and we had left the gorgeous cabin , but Rayhan had told me it belonged to his family and we could return at any time . I would miss it and it was going to forever remain a special place in my heart ...

This was where I was marked and as Rayhan called it , ' mated . ' I think it was going to take me time to get used to the werewolf terminology of things . My head rested on Rayhan's shoulder as he drove across the borders of pack territory . Strangely , I could sense the heartbeats and the rush of blood from passing guards .

I had to shake my head to clear my senses a few times. so I made sure my spell was still in place , for now , I was going to pretend to be human . I just hoped no one saw through me like the king . I was dressed in an off – shoulder purple top that clung to me like a second skin , and a pair of dark grey skinny jeans . It was clear the queen loved clothes that showed off one's figure , and in this case , my figure that Rayhan drank up every chance he got .

And I won't deny that I liked it . The way he looked at me had him losing his self – control and watching his eyes flash from green to grey was rather fascinating . The only pieces of jewellery I was wearing were the bracelet that Rayhan had put on me yesterday and a pair of studs that Kiara had picked out . " It's going to be ok . " Rayhan said , making my stomach flutter at the sound of his voice . Oh god , this bond has amplified everything .

" I know , it's still nerve – wracking . " " Tonight , it's just Chris , Lola , Rose and Raihana . You've met the other three , I'm sure you and Raihana will have enough in common . " He gave me a wink , leaning down and kissing my lips . I couldn't stop the moan that escaped my lips , not caring that he was driving ,

I didn't want to part from his lips . He forced himself back , looking at the road before quickly stealing another kiss . " We're here .

His words sent my stomach into a knot of frenzy , and I looked up at the ... " Wow , what is that ? " I paled . " That is our home kitten . " He chuckled , parking the car . I couldn't speak , staring up at the luxurious palace before me . It was by far the biggest , most gorgeous , magical building I had ever seen , and suddenly I just felt so small and unworthy .

Now I understood what Kiara had meant ... The Lycan Kings ' home was modest in comparison to the marble palace before me , with its balconies , pillars , fountains and the waterfall that cascaded down one of the walls . Oh hell ... I suddenly felt even smaller ...

Scorched – RAYHAN

I watched her stare up at the mansion , not even noticing when I stepped out of the car and walked around , opening the door for her . She blinked , her heart thudding as she took my hand . " Welcome home , kitten . " I said softly . I didn't

wait for her reply . Gripping her waist , I pushed her up against the car , kissing her passionately . She relaxed into my touch and kissed me back with a deep incinerating passion . I throbbed hard and forced myself back .

Fuck I needed to get used to this or every time I touch her , I'll be supporting a hard on ... I kissed her neck , making her breath hitch before I slipped my hand around her waist and led the way inside , mind linking one of the omegas to take the luggage upstairs . The moment we stepped inside , a sprinkle of confetti covered us . .

" Surprise ! " I heard the girls shout before they all jumped forward . " Delsanra ... I'm Raihana , Rayhan's younger sister , and the smarter , hotter and sexier sibling . " Raihana said , pulling Delsanra into her arms . Delsanra hugged her back , and I hoped that she'd feel better knowing that there were people who knew her real identity and wanted her here . " Nice to meet you , Raihana . Thank you for helping me . " Delsanra said , moving back and looking at the taller Raihana .

My mate really was a tiny kitten . Lola and Rose met her with a hug , and Raihana hugged me tightly . " So glad that you're both home ! " " Me too . " I said quietly . " Oh my god ! That mark is gorgeous !!! " Rose exclaimed , " Babe look ! " She turned Delsanra gently , so Lola could take a look . " It's nice , but I couldn't really expect any . less from our future Alpha . " Lola replied with a smirk , kissing Rose's cheek .

" Glad you're finally back . " Chris said , Welcome to the Black Storm Pack , Luna Delsanra , Might I add that you somehow look even more ravishing than before ? I guess a night with my man here does that . Raihana rolled her eyes . Chris winked at Delsanra , who smiled back , blushing lightly . I couldn't deny that I loved how she gorgeous she looked .

" Ok enough talking ! Let's party ! We have food and drinks and an entire list of Rayhan's most embarrassing moments ever ! " Raihana said . " I don't really have any embarrassing moments . " I remarked , pulling Delsanra close . I just needed that contact . " Baby albums , you in the nude ? Remember two - year - old Rayhan ? " Raihana chipped in snidely . " Why haven't I seen this ? " Chris asked , before he tensed . I didn't miss the thud of Raihana's heart and the way the tension settled between them .

I sighed inwardly , so they hadn't solved their differences ... It was two hours later , Raihana and Delsanra were actually drunk ... Yes , we all drank , but it was clear that although Raihana had a wolf , even if it was suppressed , she still had less of a tolerance to normal alcohol . I drank some more , watching both women giggling as they sat next to each other .

They had gotten plenty of food , drinks and a welcome home cake . Delsanra had slowly relaxed , and I could tell her and Raihana would get on great . Raihana was always pretty sheltered and spent a lot of her time away from the other kids her age , and Delsanra never had the time to make friends . I was sure they would make a great pair .

" I love your eyes . " Delsanra was now saying , patting Raihana's knee . " Oh , thanks ! I love your hair . " Raihana cooed , trying to pat Delsanra's hair only for her to miss and pat the air beside her . head instead . " Ok ... they are super drunk . " Rose said , smiling from where she was snuggled in Lola's arms . " It's kind of amusing " Lola grinnel . " So , what's the plan .. ? " Chris asked , quietly looking at me . He had been quieter through the evening , and he seemed to avoid looking at Delsanra too . .

I knew I needed to talk to him . " Well , I have some things I'm working o n , including getting to the bottom of the werewolves who hurt her after she survived that fall ... So for now , I'm just going to get more information on that . There's still a lot to do , but I do need Dad and Mom to know about her ... After that , w e will summon the members of the Sanguie pack who hurt her ... Then there are the witches , I am not done with them . " I said quietly . " " There was a small incident here too ...

" Chris said quietly , looking at his hands . Lola and Rose tensed too , and I frowned . " Oh , that bracelet is beautiful So sparkly . " Raihana giggled , admiring Delsanra's wrist . " My baby gave it to me What's his name again .. ? " " Umm I don't know hun , what's his name ? " Raihana asked , pouting . " Oooh yes !

The yum – yum ... Yes Ray – Ray the yum – yum with a sexy bum " She giggled , covering her mouth , looking so adorable . Lola chuckled , snapping a picture of the drunk women beside us , but I simply kissed Delsanra's hand before turning back to them . " What issue ? " I asked . " Raihana got upset ... because of me . And her powers kind of surged and everyone felt it ... I did tell your Dad , who just said to cover it but I don't think Blake fell for up ... it .

He kept on saying something was up ... " Chris muttered . I felt his irritation at the mention of Blake . I sighed . " Damn ... She needs to be careful . What happened between you two anyway ? " I asked . Raihana suddenly jolted up . Her eyes flashed as she glared at Chris . " I hate him ... he hurt me . "

Her eyes were filled with hurt , and I couldn't deny that m y anger at the thought of anyone hurting my little sister flared inside of me . My aura raged around me as I turned my gaze to Chris . " Ok ... I'm getting her to bed ... " Rose said , standing up instantly . Ever the diffuser of situations . I needed to know though . " Let's sleep on it . " Lola said firmly . Delsanra shifted , now turning towards me and wrapping her arms around my arm , closing her eyes .

The tension in the room was strong , and I looked at Lola for answers . " It's between you , Chris and Raihana . I would say the three of you need to sit down and have this talk . " She said , standing up . " Look , today Delsanra has come home . Let's not end it with more . worry . Let's go to bed with our mates , and Chris , I'm sure you have someone lined u nright ? " Lola said .

He gave a small smirk . " Sure , that's the best part of the day . " He remarked . But I could tell his heart wasn't in it . " We'll speak tomorrow . " I said , frowning . " Tomorrow ... You do know you need to go to the Ahmar Qamar Pack ? Your mom knows you're back and wants you , Raihana and Delsanra to go there as soon a s possible . .

On a second note What name is Delsanra going to use ? " Chris asked , standing up . " Delaina ? " Lola added helpfully . I shook my head , I didn't want to have her even change her identity ... But Delsanra was a name some had heard ... " Ana ... She went by that before . " I said , gently lifting my mate's body into my arms . I tried not to look at her breasts before carrying her upstairs into my room . I opened the door , stopping in my tracks at the changes made .

The room that had been rather minimal before now had several new touches ; from the diffuser that was filling the room with scented soothing oil , to the lamps that were set around the room and the vanity table with the huge surround full of jewellery and makeup ... I carried her to the bed , raising an eyebrow at the box of chocolates that sat on the side and a pack of condoms ... I placed Delsanra down , looking at the small card with Raihana's writing . BE SAFE Seriously ...

I picked up one of the squares of the extra – large condoms and tossed it down . She was crazy , but it was good to be home ... I looked down at my sleeping mate and hoped soon all our problems would be solved ... It was the following day , and as Chris had said , Mom was expecting us there tonight . Five messages and two calls from her confirmed that .

Today was one of the biggest events before the actual wedding , and she wanted to introduce her new daughter to the world , as she put it . Raihana and Delsanra both woke up with huge hangovers and were in bed past noon . I had gone to training .

The pack were happy to see me back and , although many wanted to see my mate , I told them once we were back from the wedding they would get to meet her . I didn't want to overwhelm her . I managed to get Chris alone , but as Lola said , it was better . We needed to discuss the issue with both him and Raihana present .

I took the time to summon Lola instead and lay down all the plans along with the information that I had found . It gave them both something to do whilst I was gone . We would be back in a few days anyway .

There was a knock on my office door , and I looked up . " Enter . " The door opened and Blake stepped inside . He lowered his head politely . " I do apologise for this , but is it possible for me to take a few days off from guarding Raihana ... " Chris frowned .

" What exactly is the reason ? " I asked . I really needed Chris here , and if Blake cancelled , Dad would expect Chris to come ... Although it was the pack of Mom's family , there would be plenty of others there , and well , Raihana was the princess of the pack . " Tomorrow was a special day for me and my mate

" The flash of pain in his eyes made my own heart twist with guilt . " I'm sorry ... That's fine , take it off . I'll handle it . " I said . He gave me a grateful nod . " Thank you , Alpha . " He left the room , and Chris scoffed . " Bullshit She passed away a few years ago ... It's funny that he wants this time of year off this year only . " " Who knows , he might have taken last year off ... Come on Chris , don't be like that . " Lola reprimanded , shaking her head .

" True , and this will be a full – on event . Maybe the couples , the merriment and stuff , might just be tough on him . " I said , running my fingers through my hair , " I don't trust him . " Chris remarked . " You two have never gotten on . " Lola stood up , stretching . " Suck it up , you're on guard duty ... " " 1 She looked at him and I was sure they had just mind linked . I didn't question it , simply frowning slightly as I thought of Blake . I could relate a lot more to him now ... Losing one's mate fuck , just the thought hurt .

" Well , you better go pack . It seems like you're coming with . " I said to Chris . " Cool ... " He said sighing . I really needed to speak to him and Raihana ... DELSANRA I was in the bathroom , splashing my face with water , I couldn't deny the panic I was feeling at the thought of everyone seeing me .

Meeting Rayhan's mother , I was scared , I won't deny it . I just didn't want him to get hurt if she didn't like me ... I had stopped by downstairs for a glass of water when I had heard the Omegas whispering in the kitchen . I was surprised that I could hear them from so far away , they were in an entirely different room with the door shut .

How good was werewolf hearing ? I was surprised at how much I could hear despite not being a werewolf . " The new Luna is extremely beautiful , but I wonder if Luna Maria will like her . She is human ... And she has always said her son will have a strong Luna ... " Their voices echoed in my head repeatedly , and I closed my eyes , trying not to let those words get to me .

Everything seemed to zone out and I could hear my breathing . Calm down , Del ... Breathe ... " I think the Luna will accept her ; she loves Rayhan dearly . " " That or she just won't show Rayhan her dislike . .

I clutched my head ; I had hurried back upstairs , but their voices had followed . Was this normal ? How could I hear them in this huge , vast building ? I opened my eyes , gasping as I saw the flames that surrounded me .

Licking every inch of the marble walls . The heat in the room was burning hot , but it didn't affect me . I looked at the mirror , gasping at my reflection . My blue eyes glowed a deep reddish – orange , the outline of my eyes dark black as I wore a thick layer of eyeliner . But it was the sharp teeth in my mouth that made my blood run cold .

I gasped , stumbling away from the reflection that was staring back at me . Despite the fear on my face , there was something more ... Something dark ... The way my deep cherry lips seemed to curl upwards , that intense fire in my eyes ... What was this ? What's going on ? The flames were only getting hotter , and I ran my hand through my hair . Freezing when I looked at my hands , my nails were longer and sharper . No ... no ! What was this ? Stop !

I looked at the flames that were only growing . " Delsanra ?! Are you ok ?! " The moment the door swung open , Rayhan stood there staring at me and then at the flames . The confusion clear in his blazing green eyes , he rushed through the flames , pulling me into his arms . I gasped when his touch sent a shock through me .

Sparks and calmness rushed through me , and I felt soothed . " Hey ... Calm down ... reign it in kitten , deep breaths and focus . " He whispered . I did as he said and calmed myself , feeling the heat vanish from around us , but the smell of charred wood , metal and smoke lingered . I opened my eyes , turning my head , and looked in the mirror .

My blue eyes stared back at me , full of fear and confusion ... I didn't get it ... This , whatever that was , was not from inside of me . I didn't even feel it ... It was not my powers ... " There's something really wrong with me Rayhan ... That wasn't me ... " I whispered . He cupped my face , frowning . " What do you mean ? " " I'm not using my powers ...

There are voices in my head ... I know that werewolf hearing is amazing , but why can I hear the omegas all the way up here from the kitchen ? Am I turning into one ? " " Hey , we'll figure this out ... I don't think that's anything you got from me ...

The extent would have been just a slight increase in your hearing ... even I can't hear the omegas through a closed door , our walls are soundproof and we can't really turn people into werewolves . " He said softly , kissing my forehead . " Look , something happened last night when I marked and we will figure it out . " you ,

" I ... look what I've done ... " I said , pulling and looking around the ruined away bathroom . Strangely there was no smoke , just a burnt bathroom ... I was a danger to be around ... All I was doing was destroying everything ...

" Hey ... Calm down ... This is really no big deal . We're werewolves ; destroying , burning and wrecking stuff is normal . I will get Lola to get someone to sort this out . When we come back , it'll be perfect . Come on , kitten it's going to be ok . " He said , cupping my face and kissing me deeply . My mind calmed down and I clutched his shirt , kissing him back . .

He lifted me up , his hands cupping my thighs as I kissed him faster , my core throbbing . But before we could get any further , we heard a knock on the bedroom door . " Guys ! Shall we go ?! We will need to get ready once we get there too ! " Raihana called . I pulled away , gasping and quickly jumped down . " We should go . " I said , hurrying to the door only for him to grab my wrist and spin me back into his arms . " We will , relax . Everything will be ok . " He said firmly .

The confidence in his tone made me want to believe it . Had he not seen my eyes and teeth ? Taking a deep breath , I looked up at him . " Rayhan ... did you see me ? " I whispered . He raised an eyebrow , amused . " Kitten , I have fangs , eyes that change colour , heck I can turn into a huge wolf ... Why would gorgeous eyes , some sexy little fangs and claws on my kitty , alarm me ?

" I didn't know if I should be insulted or not . I pouted as I glared up at him . " I looked kind of creepy actually . " I stated , looking at my acrylic nails that now looked the same as before ... How odd ... I swore it seemed like they had grown and turned darker . Weird ... " Come on , my feisty little snowflake , let's get this party over with so I can enjoy some of this . " He said , slapping my ass and

making me jump . " Rayhan ! " I blushed . " You mean yum yum ... Last night you referred to me as Ray Ray Yum – Yum with a sexy bum . " He started laughing .

Despite the way the sound of his voice made my stomach erupt with butterflies , his words mortified me . Oh hell , did I actually say that ? Major cringe ! He winked as he slid his arm around my waist , still chuckling as I refused to embarrass myself further , allowing him to lead me out of the bathroom ... I took a deep breath ... Luna Maria , my next challenge ... and needless to say , I was terrified .
