

Her Destined Alpha chapter 54

Mirrors and Heat
RAYHAN

In a flash , I had her pinned against the wall not far from the shattered doors . ” Wrong move , kitten . ” I rasped , trapping her hands against the wall . My burning gaze fell to her lips and down to her breasts , which were sticking out even more . Her scent intoxicated me , our noses brushed and she moaned softly , her heart hammering . ” Oh actually ... I think it was the perfect move .

” She murmured , leaning forward and crushing her lips against mine . Pleasure rushed south and I throbbed hard . Letting go of her hands , I reached down , slipping my hand into the slit of her skirt and pulling it up roughly just as she snaked her arm around my neck , the other massaging my already hardening dick .

” Fuck . ” I growled , kissing her harder and rougher . The pent – up anger that was bursting inside of me fuelling my hungry kisses . She moaned against my lips , the scent of her arousal making me throb hard . The pants I was wearing were suddenly painfully tight . I pulled away , breathing fast as I looked down at her . ” I don’t want to hurt you ... ” I whispered huskily , looking at her with pure carnal hunger . ” I think we can both agree that I am not so easy to break , Rayhan .

You made love to me the other night ... but tonight ... I want you to fuck me ... Don’t hold back . ” She murmured , massaging my shaft . ” I can do that . ” I growled . Fuck I didn’t care about where we were or anything else . All I wanted was to relish in what my mate was tempting me with . I ripped off her lacy underwear , massaging her pussy . She moaned , her nails digging into my shoulders , sending a blissful wave of pleasure through me .

I shoved two fingers into her soaking core as she whimpered and moaned against me . ” Oh fuck Rayhan . ” She moaned , gyrating her body against my hand . I pulled down her dress from her breasts , making her gasp as the net fabric in the centre tore at my move , but I didn’t care , devouring her perfect tits . Kissing her hard as I squeezed her breasts , loving the way they felt . So fucking perfect . She fought for dominance ,

but I was an Alpha and there was no way I was going to relinquish control . She cried out when I twisted her nipple , breaking away from her lush lips . I kissed her neck , sucking hard . She cried out , her hands making quick work of my belt and my zipper . The sweet taste of blood told me I had drawn some , but she didn’t seem to care .

She had just about freed my dick from the confines of my pants . when she rested her head back against the wall , moaning as pleasure coursed through her , I delivered a sharp tap to her left breast , making her gasp , before rubbing her hard nipple . Her sexy moans were making me want to fuck her right now . I crouched down , pushing her dress up and lifting one of her legs over my shoulder , my fingers still buried in her pussy as I fucked her with them hard and fast . I took her clit in my mouth , making her moan loudly .

" Oh , fuck Rayhan . " I swirled my tongue around it ; her scent , her taste , the feel of her pussy , everything was fucking heaven . " Oh god that's it . God this feels so good . " She whimpered . Grinding her body sensually against my hand , I thrust my fingers in her faster . Feeling her nearing . " Oh , Rayhan ! Fuck baby ! I'm so close .

" She gasped , one hand tangled in my hair , the other holding her dress up away from my face , as she looked down at me with lust coated eyes . I sucked on her clit , forcing a third finger i n just as her orgasm tore through her body . She cried out , clamping a hand over her mouth as pleasure rushed through her . Her body trembled from the after shocks of her orgasm .

I pulled my fingers out , reaching up and slipping them into her mouth . " You taste fucking good , don't you agree , kitten ? " I murmured , my eyes fixed on her as she tried to get her breath back , sucking on my fingers slowly ..

Her cheeks heated up as she looked down a t me and nodded slowly . I smirked , squeezing her ass from under her dress before plunging my tongue into her care , making her whimper . I assaulted her with my tongue , licking up her juices before I moved back , ready to fuck her when she pushed me back , dropping to her knees and wrapping her hand around my dick . " You don't need to . " I murmured , despite how fucking hot she looked on her knees .

Her hands looked tiny in comparison to m y cock , and the urge to see what she looked like with it down her throat was tempting . " How about if I want to ? " She asked , sticking her tongue out as she licked the tip . I throbbed hard , fuck she was perfect . Her hands cupped my balls , and her other hand wrapped around my dick as she took the tip in her mouth . " Fuck kitten . " I grabbed a hand full of her hair , thrusting into her . She moaned against it as I began fucking her pretty little mouth .

There was just something so fucking good about seeing her like this , the look in her orbs . The hunger that consumed those eyes of hers ... I couldn't focus anymore . The pleasure that was rocking my body was taking control . I groaned , feeling my pleasure building . " Just like that baby ... " I muttered before feeling my release nearing .

She fondled my balls and I was about to pull out when she shook her head slightly , sucking hard on my dick . I sped up , bucking against her when my orgasm ripped through me like a fucking tsunami . I pulled out , groaning in pleasure whilst bracing my hand against the wall as I caught my breath . My eyes fixed on my naughty little kitten as she licked the tip o f my dick . I throbbed hard . Fuck I was ready to fuck her all night I pulled her up , kissing her hard on the lips . The taste of me still lingered , before tangling my hand in her hair that I had completely ruined . One thing was clear , neither of us was going to go back to that hall .

" Now be a good girl and turn around . " I commanded . She traced a finger along my lips , a small smile crossing hers . " As you wish , Alpha ... " Fuck , she was a temptress ... She turned around , placing her hands on the wall as I grabbed her skirt , tearing it off . She gasped , her head turning to stare a t me from over her

shoulder , but a single slap to the ass made her turn away . I tossed the skirt aside , smirking . Now , this was more like it ... “

Rayhan , how are we going to leave ... ” I leaned over her , wrapping a hand around her throat and tugging on her ear , sucking teasingly . ” Let’s not worry about that kitten . ” I murmured . Grabbing her breast from behind , I kissed her neck , sucking hard . I glanced to the left where a long mirror hung on the wall and moved us in front of it , I wanted to see what she looked like when I fucked her from behind . She whimpered , pressing herself against me .

I grabbed her hips , crouching slightly and pressing my dick between her ass cheeks as I rubbed myself there . She let out a wanton moan , wriggling her ass . Our eyes locked in the mirror and she bit her lip as her eyes ran over her body .. ” What do you want , kitten ? ” I asked sexily , reaching around , I rubbed her clit . Her cheeks burned as she watched in the mirror , her heart pounding . ” Fuck me . Now . ” She murmured , her entire body reacting to my touch . Fuck ...

” As you wish , kitten . ” I gripped my dick , pressing against her vagina . Thrusting in , she tensed , gasping as I stretched her out slowly before I was fully in , only to pull out and ram into her again . She cried out as I began fucking her hard and fast , her entire body moving with every hard thrust , her chest pressed against the mirror as I drilled her faster . The pleasure that consumed me was like a drug , pulling me into the depths of pleasure and desire . An addiction I was high on ... I grabbed her ass and spanked her before massaging it . The red marks I left on her smooth , glistening skin only made me harder .

The only marks I wanted on her were those I made , those that gave her pleasure ... ” Fuck Rayhan ... ” She moaned . The sound of her horny voice was really getting to me . I cupped one of her thighs , lifting it up , my eyes fixed on her pussy as I drove into her . Fucking her roughly , thrusting right in , to the hilt . ” Ouch fuck ! ” I could feel her insides wrapping around me . I fitted perfectly in her tight little pussy , made just for me . ” That’s it my little kitten , let me hear how fucking good I make you feel .

” I murmured , lifting her up completely , my hands cupping her thighs as I spread her legs , wanting to see how she looked spread open for me . She gasped , one of her hands grabbing onto mine , but she weighed nothing . Her other hand was braced on the wall in front . Her head was tilted back slightly , her breathless moans were music to my ears , and the sound of our skin meeting along with the smell of sex in the air was perfect . ” Eyes on the mirror kitten , look at how fucking sexy you look taking that cock like a good little girl .

” I murmured sexily . Her eyes fluttered open , her flushed cheeks and sore – lips only adding to how seductive she looked . Her tits bounced with every thrust . Her eyes were fixed on the mirror as she watched us fuck . ” Perfection isn’t it . ” I said , watching her lick her lips as I slowed down , pulling out only to thrust straight up again .

” This ... ” She blushed , and she didn’t need to say it , she enjoyed it . ” Now ... I want you to lick that finger of yours and play with yourself . ” I growled . She looked at me in the mirror , before reaching up and slipping her finger into my mouth . I sucked on it , licking the tip before letting go . She bit her lip , sliding

her finger down and rubbing her clit . Fuck ... I throbbed hard watching her , the pleasure only heightening . Her eyes were half – closed , but she kept her gaze fixed on the mirror .

” Pound me harder , baby ” She whimpered , I smirked , obliging to her request as I sped up , fucking her harder . Feeling myself nearing , I held out , wanting her to come first . She was close , I could see it . Her face looked the picture of pure euphoria , her finger moving fast on her clit , her core clenching around me .

Her loud moans filled the room . ” I ... nh ... ” She mumbled incoherently . Fuck ! ” Her orgasm tore through her and I pulled out , my cum shooting over the mirror in front of us . ” That was ... ” She breathed , ” Hot . ” 11 She turned towards me , and I claimed her lips in a passionate kiss . Yeah , I couldn't agree more . That was hot . Really hot ...

DELSANRA

There was something so hot in acting so dirty . I relished it . It awoke something in me , and I wanted more , so much more . Watching him fuck me in front of the mirror . The way his bulging cock thrust into me was hot ... I was aching from the intense pounding and could barely walk . I had gathered my torn skirt , wiping the mirror as best as I could before grabbing my torn panties . After wrapping the skirt around me , Rayhan gave me his jacket and we had left through the shattered door . He had led us swiftly to his car . His hair was half out of his bun and mine was a mess .

My neck was covered in hickeys and my dress was destroyed . Luckily , we were able to head to his grandfather's mansion without any disturbances . We were let inside by one of the omegas , Rayhan was supporting my weight fully . My legs felt like jelly even now . We were then shown to our rooms . The woman was very professional , if seeing me in such a state shocked her , she didn't let on and led us to a gorgeous room .

It was a Victorian – style mansion , and the décor of the rooms was similar to the exterior of the house . A large wooden oak bed stood in the centre of the room with navy bedding and the rest of the wardrobes were made of the same wood . Our stuff was already set to the side of the room and Rayhan locked the door before pulling me into his arms . I let the skirt that I had just been holding around my waist fall and wrapped my arms around his neck .

” Shall I run us a bath ? ” I asked softly . A small smirk crossed his lips as he nodded . ” How about you sit down , and I'll run us a bath . ” He said , kissing my lips . Sparks rushed through me , but I resisted moaning . He lifted me bridal style , carrying me to the bathroom before placing me on the edge of the tub and beginning to run the bath , taking his phone from his pockets and placing it on the counter before taking his waistcoat and shirt off . I dragged my eyes away from him , knowing that if I didn't , I'd be wanting round two ... I looked around the cosy bathroom with its wooden floors and counter , vintage – style tub and sink . It was lovely . ” Mind getting my smaller bag ? Raihana packed me some toiletries .

There's bath stuff in it . " I said . I was really excited to use this stuff . " Sure , kitten . " I didn't miss the frown at the mention of Raihana . I would talk to him about that too , once we were in the tub , because I knew he needed to talk about it . He returned with my bag . Crouching down , he unzipped it holding it open for me so I could prowl around in it . I looked up into his soft grey eyes , my heart skipping a beat . I gave him a gentle smile ,

he treated me so well ... I don't know if I will ever get used to it . I leaned forward , still clutching his suit jacket around me , and kissed his lips softly . " Thank you . " I said , taking out the stunning toiletry bag . I looked at the titles on all the mini travel size bottles and was about to take the bubble bath when I looked at the bath bomb ,

Raihana had gone on about how amazing they are . " Lush bath bombs ... typical . " Rayhan said , staring at the glittery gold ball that I had unwrapped . " So pretty ... Raihana said to just drop it in the water ... " I said , tossing it in . He looked at me and stared at it . " It has glitter . You do know you're supposed to use those things when you're alone . " He said , almost pouting . I raised an eyebrow . " Oh ? Well , I guess I'll just bathe alone then . " I stood up , letting the jacket slide off before taking off the remnants of my red dress that no longer even covered my ass . I smiled slightly as I felt his gaze glued to me .

I had loved that dress ... but the sex was worth it ... I got in as Rayhan undressed . " I don't think so , kitten . I'll deal with ten kilos of glitter if it means bathing with you . " He said . I could feel his gaze on me as I tested the water then turned it off . He got in , lifting me in with him and sat down , turning me and pulling me against his chest . I smiled watching the bath bomb fizz around , spreading glitter and a goldy colour in the water .

I took my pins out of t my hair . slowly , relishing in his hold and the hot water soothing my lower region . Very aware of his dick against my ass . " Rayhan ... Why did you get so angry ? " I asked softly . I felt his anger rising , so I adjusted my position slightly , shifting so I could look a t him . He looked down at me and clenched his jaw . " He shouldn't have gone after Raihana . " He said quietly . " True , but Raihana doesn't seem the type t o be pushed into anything ...

Don't you think it was consensual ? " I asked softly . He frowned deeply , staring ahead at the glittering water . Sighing and looking down at me . " She seemed upset when you hurt him too " I said , placing my hand on his upper arm , caressing it slowly . *** ** " Raihana dislikes Chris , or always has . " Come on Rayhan , don't they say there's only a fine line between love and hate ? Maybe she's always found him appealing but was just jealous because of his antics ?

" He had told me about his friends and about Chris's love for sexual escapades . He looked down at me and nodded . " Fuck , you might be right . He did say he backed out ... Maybe that explains Raihana's anger towards him as of late because she didn't get what she wanted and Raihana loves to get what she wants ... "

He trailed off as if the realisation had just dawned on him . I smiled , kissing his chest . I didn't need to say anything more . I wasn't blaming Raihana , but I know she is a woman who knew what she wants . " You and Chris should talk it out ... "

I said , running my finger down his arm , tracing the pattern of his tribal tattoo on his upper arm . " You are lucky to have such amazing people in your life . " " Oh yeah ? None that come anywhere close to you . So , I agree , I am super lucky . " He kissed my nose before giving me one of those delicious smirks of his . " And I'm lucky to have you . " I said softly .

" So how did it go with Mom ? " My smile vanished and I looked down at the water . " Delsanra ? " He said , the concern clear in his voice . " I may have mentioned witches and it got a little tense . " I sighed . " She'll come around . " He said , wrapping his arms around me tightly . I nodded , closing my eyes as I leant into him . I hoped so ...

Her Destined Alpha chapter 55

Clarification

DELSANRA

The following day , we found out that . Chris had gone back to the pack . Maria had heard some of what had happened and told Chris to head home . Raihana had avoided Rayhan like the plague , and due to that , I didn't get to see her much . Rayhan had taught me how to use the phone he had gotten me , so I was able to text her and she texted back so frequently that it kind of felt like she was right here anyway and she would text me to come to her room to get ready .

She made sure I was all dolled up for every event , and when I wasn't with Rayhan , she was next to me like a protective sister , keeping me away from all the she – wolves who were giving me looks . One thing that was no secret was that Rayhan was very sought after . On the day of the wedding , Rayhan had managed to pull Raihana into his arms , hugging her and apologising for his behaviour .

After a good scolding , she had forgiven him , telling him it wasn't her he needed to apologise to . I knew it threw him to realise his sister may have feelings for his friend , but he had simply nodded . There had been one occasion where I had seen my nails change , during sex , and I knew from the way Rayhan looked at me that he noticed the change too .

He didn't seem bothered by it , but it scared me , there was something wrong with me . There was also a time when I could hear a conversation that he couldn't , another thing that piqued my curiosity . Why was my hearing so heightened ? We had returned last night and headed straight to bed . Today was the first day back home , in the privacy of the Rossi palace , as I liked to call it . The first time we

would be alone completely as a family and the day that Rayhan is going to tell his dad about me .

I was beyond nervous ; I had barely been able to eat breakfast , and although everyone was talking , I couldn't really focus . Alpha Rafael had told Rayhan to show me around the pack . Rayhan had wanted to do it anyway , so we set out soon after breakfast and he introduced me to some o f the pack members we passed , who were very welcoming and polite .

He showed me the training grounds , the library , the hospital , the gym , the playground , the pool , the apartments , some of the houses from outside and so on . It was like a mini village . We hadn't even covered it all , yet we had been on the go for over three hours . So many people wanted to meet me ,

I was offered a number of treats and gifts . Rayhan got someone to take the stuff back home for us . The love was overwhelming , and it scared me that it was all too good to be true ... to last ... will these same people who were looking at me with excitement and adoration change their minds when m y truth came out ? Raihana had accompanied us as well , and we were now heading to the packhouse where most single wolves who didn't have their own places lived . We went through a side entrance that went straight to the Alpha's work office . Knocking on the door , I looked at Raihana , who gave me a small smile .

" Come on in . " Alpha Rafael's voice came . " It's going to be ok . " Rayhan said , kissing my lips as Raihana led the way inside . " Ah , have you three been around the pack grounds ? Tell me , Ana , how did you find i t ? " He asked , smiling warmly . " It's lovely , everyone's so welcoming and sweet . " I replied , tugging on the three quarter sleeves of my top .

Rayhan took a seat and pulled me onto his lap , Raihana smirked , taking the other seat . My cheeks burned , his dad was right there ! But after the teasing we got from his cousin and dad about disappearing from the party the other night , I think I should be used to it . " And they should be . Everyone is so happy Rayhan has found his Luna , and such a lovely , down – to – earth young woman at that ! " " You mean most are happy , so many girls are probably crying . " Raihana remarked .

I felt a flair of possessiveness and leaned into my Alpha , wrapping my arm around his broad shoulders , making Rayhan smirk in satisfaction whilst his father chuckled . " Well , that is bound to happen , but they will learn to love their Luna too . " He said . I doubted that , but it was fine . " Well , there's something we need to tell you . " Rayhan said , caressing my waist . " What is it ? " Alpha Rafael asked concerned , as he rested his elbows on the table .

" I know about Raihana . " Rayhan started . His father's smile vanished , he looked at his son and sighed heavily . " I see ... I wanted to tell you anyway . I'm assuming Ana knows too ? Your mother mentioned that Ana told her that not all witches are bad . " He smiled at me , and I looked at Rayhan , who gave me a small nod . I had told him I wanted to tell his father myself . " Well ... Raihana may not be the only witch in this pack . My name is Delsanra Diana Silver , and I am a witch . " I said , my heart thundering despite my voice being steadfast .

He looked at me in shock , before realisation seemed to settle . " Delsanra ... the witch who " " " Yes , the one Endora and the rogues kept captive , the one I thought died that day

Rayhan said , the pain in his voice so obvious despite doing his best to mask it . Ever since he had marked me , the emotions I felt from him were so much stronger than my usual witch senses picked up before . Alpha Rafael stood up and walked around the desk . His heart was racing and the frown on his face made me nervous , but there was no anger or confusion from him . Simply sadness , guilt and understanding . He perched at the edge of his desk and reached over , taking my hands and giving me a sad smile . " I have heard from Marcel about your treatment ...

He often felt guilty for not being able to stop it . Endora – our mother – had him under her control most of the time . Unlike me , he isn't immune to spells that influence the mind . I am sorry , for everything our mother put you through . As her son , I know my apology is nothing compared to what you have been through . He gave my hands a gentle squeeze and I felt my chest tighten with the emotions that filled the room . Mine , Rayhan's , Raihana's and Alpha Rafael's .

He didn't need to apologise to me for something he never even did , but here he was doing it anyway , and I could feel the sincerity and pain from within him . " I

know an apology won't take away that trauma, abuse or nightmares, but know that I will always be here for you if you ever need me. Welcome to the family, Delsanra." I struggled to fight back the tears that were welling in my eyes. How was I so lucky to have found such an amazing pack? I nodded, braving myself to speak.

"Thank you, Alpha." "I hope you start seeing me as more than just the Alpha, one day I will hold hope that you will call me dad." He said, his smile wrinkling the edge of his eyes, tugging me off Rayhan's lap as he stood up. I looked up at him, and for the first time in my life, I felt like I had a parent. I couldn't explain the feelings inside of me, but the warmth, love and promise that held nothing but truth and sincerity made the tears spill. "Papa Raf." I whispered as he wrapped his arms around my shoulders tightly. I locked my arms around his waist, feeling the tears streaming down my cheeks. "Perfect."

"His warm reply came. No one had ever wanted me. My biological father didn't want me. No adult wanted anything to do with me. I was just a reject, an omen, bad luck ... That sudden thought, made my heart thunder. What if I brought ill will to these people? No ... I wouldn't, I was not evil. He massaged my back gently, and I realised it was the first time I was getting a hug from a caring elder.

I moved away and he placed his hand on my shoulders, giving me a gentle smile. "Now that's better. I always wanted another daughter!" He reached behind me and picked up a tissue. I took it, thanking him, before Rayhan gripped my waist, tugging me back onto his muscular thigh. Raihana sniffed, fanning her face.

"Guys, seriously, you lot are getting me emotional!" She exclaimed. "I'm surprised you're not jealous about sharing dad." Rayhan teased her, and she rolled her eyes. "We can all agree that Dad has enough love in him to share with the entire country." She said, despite standing up and giving her dad a hug, a pout on her face.

We all ended up laughing whilst Raihana rolled her eyes. "Hey, I am not jealous!" "Mhmm, I'm sure." Rayhan mocked her before looking at me. I smiled at him, and he wiped a stray tear away, cupping my cheek and kissing me softly. I hugged him tightly, closing my eyes. I would be the best daughter, mate and sister to them all. I may be considered darkness by most, but I had a heart, a heart that had love to give and yearned to receive. This was my family, and I will always protect them.

" Ok , so now that I know about Delsanra's truth , I think we need to do something about your mother ... We will tell her about Raihana first . " Papa Raf said . Raihana scrunched her nose . " Sounds like a plan , I'm tired of hiding . " She said . " Dad ! You need to let Del and I study the grimoires . You know , learning t o control our abilities is important . " " She is right . " I added . " I'm sure you all have been studying the books you stole from my vault . "

He replied nonchalantly , making his children look at him sharply . He raised an eyebrow . " I think it's time I reminded you all , that I am the first Rossi ... as you and Al love to proclaim . " He said with amusement looking at Rayhan . " Wow ... " Raihana murmured , whilst Rayhan just seemed surprised . " I saw Raihana and Chris break into that vault ... I have hidden cameras , but I thought to let it be ... " " Umm ... " Raihana just looked floored . " Actually , that was because Delsanra was

kidnapped and I had to break into the coven of England , I asked Raihana to help . " Rayhan said , seriously looking at his father , who appeared shocked . It seemed the first Rossi wasn't expecting that , and I suppressed a giggle . " That ... that was risky , and you didn't think to inform me ? Rayhan ! " " Dad , chill . I'm fine . Besides , we're out .

Uncle Al also knows about her . " " And how did he react ? " " He was fine . Says maybe this is what I need to do ... to fix this conflict between our kind ... " Despite his words , I could sense the struggle he was feeling . " Fix the conflict ? " I asked . " I don't know about that , but above all I need to guarantee your safety . Secondly , every single witch or werewolf who has hurt shall pay . " His voice was ice you : cold , his dad looked at him with concern but said nothing . " You girls can use the underground training ground for practice . Raihana , I'm assuming Delsanra knows more than you ,

so please let her lead . H Raihana nodded . Her excitement to learn was obvious , I gave her a small smile . " And when do you want to have your Alpha ceremony ? You have found your Luna . " Papa Raf asked Rayhan . " " Not yet ... If you want me to run the pack , I will do it unofficially . " Rayhan replied . There's some stuff I need to take care of first .

" " Perfect . " His dad replied with a nod . I knew it was because of me , I didn't want to be Luna until the pack knew my reality ... The men fell silent , but I could tell they were mind – linking . Rafael smiled and gave a nod to Rayhan , who

stood up , his hands leaving my waist as he stretched , a move that made my core throb as he teasingly showed off the bottom of his stomach and that perfect V that showed off his well – groomed pepper of hair that dipped into the belt of his jeans I looked away quickly , not wanting anyone to catch me drinking up how gorgeous my mate was .

" Shall we get going ? " He asked me , smirking cockily , I knew he had caught me . " Yes , unless you want to stay here for the entire day ? Go ahead , I'll head back with Raihana . " I stated , trying not to show my embarrassment , spinning around and walking to the door . He chuckled as he followed , " I'll drop you off home before I head out t o handle something . " I nodded , smiling when he leaned over and opened the door for me . I smiled up at him , leading the way out . RAYHAN After walking Delsanra home and knowing Raihana would keep her company , I decided to go talk to Chris ...

I hadn't seen him since everything , and it felt weird . We had never ever argued like this , and he didn't even defend himself against me . If I could forgive Raihana , then there was no reason why I shouldn't do the same for Chris . I found out he was in one of the gyms working out , and I was glad it was empty . He was working out on one of the lifting machines ,

I walked over , pulling off my own top . I did a few stretches before sitting down at the one next to him . Lying back , I gripped the weights and began doing my own lifts . Neither of us spoke , and for a moment , it just felt like old times working out together . Although I had been away for a few years for my Alpha training , we had stayed in touch , and whenever I was back for a visit , it was like I had never left . " Why Raihana ? " I asked suddenly , without even thinking .

He paused , mid – lift , before carrying on . " I don't want broken bones again , so I'm not going to answer that . " His cocky reply came . I turned my head towards him , my eyes flashing in annoyance . " Did you forget who she was ? " I asked . " For a moment , yeah " His reply was quiet . " What you did was wrong . You were told t o guard her ... not to cross certain lines .

" I said , now sitting up . He did the same , turning and looking at me , unwrapping the bandages he had wrapped around his hands . " I know that , although you may not have heard , I fucking stopped . It was hard , but I did it when I realised what I was doing . " H e said quietly . " She was angry and she- " He frowned deeply as I looked up at him .

" Care to share ? " " She basically was pissed off with me and we were arguing ... Then yeah , shit happened . I lost control and she's no angel . " . " He said , clearly not wanting to tell me exactly what happened , whatever it was that he was hiding , he was covering for Raihana . Yeah , I know that . Heck Ri ... It took two , even I know that ... " I get that . But she is not one of your one night funs , Chris . She can't be . " I said quietly .

" Yeah , I know . She'll probably find her mate at the next mating ceremony or some shit . " He muttered . Was he actually affected by that ? I mean , h e didn't care if a she – wolf found her mate . " Probably . Are you going to attend the next one ? " " No . " He said quietly , looking at his hands . " Happy with your one – nighters ? " I remarked .

He gave me a cold glare , hris piercing green eyes meeting mine . " Those don't really seem so fucking appealing anymore . " He muttered . Those words surprised me , but I wondered if there was more to it with Raihana ? Was it wrong to restrict them if that was the case ? I guess I'll keep an eye o n them ... If there was more to it and they wanted to pursue it , I wouldn't stand in their way . Chris never did relationships , and if Raihana meant more to him , then who was I to stop them ? I just didn't want him hurt , if the blood moon came and

Raihana found her mate ... Nor did I want him to hurt her ... " I'm sorry for hitting you , I shouldn't have lost it . " I said , looking him directly i n the eye . " Yeah , you shouldn't have . It was a dick move but I don't blame you , man . " Chris said , giving me a smirk . " She is your sister , after all . ' " Yeah . " I said , giving him a small smile .

I was glad we'd sorted our crap out . " Tonight , we need to meet the girls and have a movie night or something . Del might like it too . 11 " Yeah ... If it's ok , mind if I call Raihana ? She and Delsanra are getting pretty close . " " That's your call , and if she wants to , I don't have an issue with it . " He said . I didn't reply , lying back down on the bench . Yeah , I'll ask her ... I wasn't going t o let my ego get in the way of ruining any o f my relationships .

Her Destined Alpha chapter 56

Spells & Dreams

DELSANRA

It was the following day , and I was spending some time with Raihana . We read through the grimoires , but I made sure we started with simple spells . I was also

teaching her how controlling emotions and channelling them would help . I wasn't able to do many spells thanks to the seal on my powers . We were now currently taking a break ; Rayhan had been here up until twenty minutes ago when he left as he had some Alpha work to attend to , I was fiddling with my new phone that I loved .

I'd never really had one , and the ones I knew how to use were so much more basic than this . Raihana had even downloaded music for me and set up some social media accounts . I had taken several pictures with Rayhan . He was currently the wallpaper on my phone , his arm around me as I kissed his neck whilst he was looking at the screen with a sexy grin on his face . " So , I was thinking ... " Raihana spoke , bringing me out of my thoughts .

" Hmm ? " " You said your powers are sealed , right ? And the spell is strong ? " " Yes ... but maybe these books have the answers . " I sighed , placing my phone down . We were both sitting cross – legged on the stone floor . It was cold down here , but it was clear it didn't affect Raihana as much as it did me . " Would you need a strong witch to unseal it ?

" She asked . I frowned , probably ... 11 " I guess . " Would I be able to do it ? " She asked suddenly . I looked up sharply . " It's dangerous , not to mention a very complex spell . " " 1 " And from what I've read , strong spells take blood , don't they ? The spell on you was dark magic , right ? " She questioned softly .

I looked at her . We both had our cloaking spells off so I could sense she was a very strong witch , furthermore , she was also very smart and quick – witted . Orice she was trained , she would be a force to reckon with . " Yes , it was dark magic , but worse ... She used her own blood – a strong witch's blood- and it took her time to compress it all ... She made sure the spell was unbreakable . " I whispered . I was beginning to give up hope I'd ever have this seal broken ...

But I wouldn't mind , being with Rayhan made up for it ... I just ... Deep down , I wish I wasn't confined by it either . " I am her blood . " Raihana murmured , almost as if saying it out loud made it real . I looked up , narrowing my eyes at her . " What are you implying ? " " I think I may be the one to be able to break this spell . I just know , I had this dream ... I looked at her sharply , my heart thundering . Dreams

A witch having a dream could be more than that ... " What was this dream about ? " I asked calmly , despite the way my stomach was twisting . " I was performing an unsealing spell . Like , I remember it so clearly now ... and you're there in the centre of it . To start with , this dream has always been a haze , but lately the words of the spell , the symbols , the crystals , herbs ... You ... Everything is clear .

" Care to share the spell and symbols ? " I asked , the sudden feeling that had filled me was worrying me even more . " One sec , let me draw it ... " She said , grabbing her phone . She clicked the phone pen out and began drawing something on the screen . " The spell was ... " She closed her eyes , humming the words as she held the phone out to me to check the diagram she had used . With each chilling word that left her lips , along with the diagram before me , my heart felt fluttery and the urge to be sick consumed me .

This was no unsealing spell " Ok , what's wrong ? " Raihana asked nervously , clearly worried about my reaction . I looked up at her , gripping the phone tightly . " It's not an unsealing spell , Ri ... This is a forbidden spell ... A spell that I myself contacted the first witch of the past to get . Endora wanted it , because she wanted to resurrect the first witch . This spell is ... " I whispered . The phone was limp in my lap , and I struggled to tell her the next part .

" Del , don't scare me ... How do I know this spell ? What does it mean ? Is ... Wait , no ! Is it Endora who is somehow contacting me ? H " I think so ... but not only that ... the spell she's showing you is a soul transfer ... and it's clear she wants my body as her host . " I said quietly . I stood up , my heart thumping , the fear of Endora returning chilling me to the core . " Whoa ! " Raihana exclaimed , jumping away from the grimoires .

" Hey relax , it's just her trying to reach this world ... You're the one who inherited her powers somewhat , she will have that link with you " 1 " Fuck no ! I don't want any contact with her ! She was an evil woman ! Did she really think I'd do that ? I swear if she was alive , I'd kill her ! " She growled . I watched her aura swirl around her , a hybrid ...

" I know how we can seal her off from contacting you , but- " " But first , we need to find a way to unseal your powers . " She finished quietly . I didn't want to put that pressure on her But the fact that Endora had that link to her was dangerous . The influence could be dangerous and it alarmed me . She had been able to show her this entire spell . How strong was the connection already ? " Please don't tell Rayhan , please . " She said , now placing a hand on my arm before looking down . " I've been so protected all my life ; I don't want them to get even more paranoid than they already are .

I looked at her , I couldn't hide something like this from Rayhan . This was worrying *** " Please , Delsanra . " She pleaded , worry and fear in her eyes . " Look , we will look for a spell to unseal your powers , and then when we have it , we can get rid of Endora even being able to contact me . " 11 " It's dangerous ... Raihana I don't think we should hide this .

I mean , Endora ... she's ... she's not someone to trifle with . If she's trying to find a way back , then we should be scared and ready . " " Del ! I won't do anything she says . I swear , I will consult you on everything , I'm strong . " " I know , but Endora has ways ... If she manipulates you or somehow blackmails you , she might- " " So , you think I can actually be manipulated ? " She scoffed . " Bitch please , she's got nothing on me . I'm Raihana Rossi , not her granddaughter but my father's daughter . " 11 She spun towards me , raising her eyebrows expectantly . I sighed .

" Fine ... I won't tell Rayhan , but you have got to promise me , everything you dream of , you will tell me . Please Raihana . " " " Chill , I will . " She said giving my arm a comforting squeeze , but it did nothing to calm the storm I was feeling inside . Promise me you won't tell anyone in my family . " She was asking for an oath " Ok , I won't . " I said , giving her a small smile . If I wanted her to trust me , then I needed to show her .

But I couldn't rely on Raihana's words alone , I needed to contact someone who would be able to help us . We were two untrained witches , with powers stronger than most of our kind , and I was sure that with the right training we could destroy the entire council of elders at the coven if we wanted . However , we were untrained ... It took years for a witch to practise control I looked at the grimoires . We were young witches who were given powerful spell books ...

A dangerous combination ... Yes , we needed help , and I would find it , somehow , " Shall we continue looking for an unsealing spell ? " " We could do , but I doubt it will be in these books . Endora destroyed any proof o f that spell . " I said with a wry smile . She sighed , sitting down once again . " Ok , at least we can try to learn some other useful stuff .

" " Maybe we can see if we can find a solution to why you can't shift . " I suggested . " Hmm , Dad looked through these books , but he found nothing . As a hybrid , I should be able to , right ? " I nodded . " Yes , from what I know , there is nothing stopping you unless there's something blocking it . But what that could be , I have no idea . " I sighed , pursing my lips . It would take time , but we'd get to the bottom of this .

RAYHAN I was sitting at my laptop , looking at Marcel having just given him a list of rogues I wanted to question . I had been with the girls as they practised small spells earlier , but this was something I couldn't put off any longer . " I ... What's the reason behind it ? " He asked , frowning deeply . " Certain crimes they've committed in the past . I just want to see which of them did i t willingly and which ones were forced into it by Endora . " His brows furrowed as he looked at me sharply . " First of all , why ? If you expect me to hand my members over for questioning o n something you're not even going to clarify , then it's not happening . " He growled . " Alejandro gave us a fresh start and they have abided by the rules of this system that you privileged wolves have always gotten . Do remember rogues lived for survival . Yes , they made mistakes , but they are trying . "

get that , but at the same time , these men hurt my mate . " I said , my eyes blazing as I stared sharply at the screen . " I get that they were given a new life , but they deserve to be punished for their crimes . Look , let's put it like this , either allow me to trial them , or I come and d o it myself . The choice is yours , Marcel . " you a His eyes flashed as he slammed his hand o n his desk . "

" Don't disrespect me , kid . " He growled . I get that you're hurt , but I am doing my best to keep these wolves together , it isn't easy when they were not raised in

the same pack . Their lifestyle was so different , I am fucking trying , and if you just parade in and cause chaos , it's going to undo everything I've done . It's a shame we are all kept on file like criminals , but I only agreed because Alejandro said these files wouldn't get out of his hands . " " These files were only given to me because this involves my mate , Marcel . Tell me , if it was your mate , wouldn't you move heaven and earth to get her the justice she deserved ? " I said quietly , despite the anger I was feeling .

He sighed and massaged his temples . He went quiet , trying to contain his anger . " Fine ... But at least tell me the crimes and who exactly is your mate , because I did not allow my men to hurt anyone . The only person who they may have harmed was the young witch under Endora's watch . " The guilt in his voice clarified that he felt regret for his actions . I stayed silent , staring at him as his frown vanished , replaced by complete shock . " The girl is your mate ? But ... She died , didn't she ?

" He asked in disbelief . " No , but she's been through hell and back . " I replied , running my fingers through my hair . He fell silent , frowning deeply as he pondered on the revelation . " I ... Very well . That child was always on my mind ... She went through so much and I let it be . " I knew he was under Endora's watch , but I wanted to know about his men too ... The guilt that radiated off of him told me that ever should have . Delsanra had suffered more than anyone

" You may come down to my pack , bring her along if she wants ... I don't want it to trigger the pain though If this will help her heal , then so be it . What are you asked . thinking of in terms of punishment ? " He " Those who were compelled to do as Endora wished and felt guilt afterwards will get a lashing . Those who felt no guilt even after the spell was lifted will be thrown in prison and I will deal with them personally . " " And those who did it willingly ? " He asked quietly . I smirked . " Rayhan's special . " I said with a cold wink . He nodded . " I'll send you the date and time . "

I said before ending the video call . I sat back , resting my elbow on the arm of my chair , spinning my chair side to side slowly and combing my fingers through my goatee . I hated that I was going to . subject Delsanra to those memories , but ultimately it would grant her closure . Speaking of my kitten , I missed her . Getting up , I decided to head back home . Tonight , Dad was going to tell Mom about Raihana too . He was nervous and I didn't blame him .

Even I wasn't sure how Mom was going to take this ... I came home to find Delsanra in our bedroom . She was sitting cross – legged on the bed skimming

through one of the math books I had gotten her . The basics were pretty self – explanatory , but she needed to learn them before going further . She was a fast learner , although she did look a little upset when she stared at the books that were directed at young kids , saying she really was lacking , but I had made sure she didn't think like that again . She was lost in thought and only looked up when the door shut behind me . " Hey what's up ? " I asked walking over to her . I dropped onto the bed next to her ,

my goatee . I hated that I was going to . subject Delsanra to those memories , but ultimately it would grant her closure . Speaking of my kitten , I missed her . Getting up , I decided to head back home . Tonight , Dad was going to tell Mom about Raihana too . He was nervous and I didn't blame him . Even I wasn't sure how Mom was going to take this ...

I came home to find Delsanra in our bedroom . She was sitting cross – legged on the bed skimming through one of the math books I had gotten her . The basics were pretty self – explanatory , but she needed to learn them before going further . She was a fast learner , although she did look a little upset when she stared at the books that were directed at young kids , saying she really was lacking , but I had made sure she didn't think like that again . She was lost in thought and only looked up when the door shut behind me . " Hey what's up ? " I asked walking over to her . I dropped onto the bed next to her ,

propped up on one elbow , cupping the back of her neck and pulling her down into a deep kiss . She kissed me back , dropping the math book and climbing on top of me , sending a rush of pleasure down south . I shifted onto my back , deepening the kiss , not letting up until she gasped for air .

Her core pressed against my stomach and fuck , I just wished there was no clothing between us . " What's on your mind ? " I asked , slipping her top up slightly and caressing her waist . She shook her head . " Not much ... We were looking for something to explain why Raihana can't shift without it causing her excruciating pain . That isn't normal for hybrids . " She said thoughtfully . " I doubt spell – books would hold those answers . " I said , relishing in the way she tensed as my fingers grazed her smooth skin , not missing the way she bit back a sigh . " No , but the coven would . "

I frowned , " You want to go back there ? " I asked . " I don't know if I want to go back there , but we do need answers . Maybe I can try searching for a witch that doesn't belong to the coven . " " There was a witch that helped Uncle Al give us some answers ... Janaina or something . " I pondered . She frowned , "

The name doesn't sound familiar , but if that was her given name then I might be able to locate her , maybe she could help u " S. " She hates our kind , but it's worth a try . You are a witch after all . " I said , looking u p into her gorgeous blue eyes . She was fucking radiant , from the way her skin was glowing under the sunshine to the brilliant white of her hair . I ran my fingers through the strands . " You're beyond fucking divine , kitten . " I murmured . " In your eyes , and that's all that matters .

" She replied . Leaning down , she kissed m e softly . A soft moan escaped her lips when I ran my tongue along them . A knock on the door disturbed us and I felt a flash of irritation . " Busy here . " I growled . " Oh , sorry ! " Mom's voice came . Delsanra's eyes flew open , about to jump off when I grabbed her hips . I don't think s 0 .

" You're not going anywhere , kitten . I'm not done . " I said huskily .. " Baby , that was your mom . " She hissed . " And ? I just got back , and I want to spend time with my kitten . " I murmured , pulling her close and burying my nose in her neck , kissing her there sensually . She moaned softly , her fingers grazing m y chest . Fuck , she was so hot ... I flipped us in a flash , straddling her and she gasped . " Rayhan ! " She whimpered , despite the fact that her arousal was swirling around me clearly showing me she was turned o n , it was driving me crazy .

" I'll be quick , kitten , and I'll try going easy so you can at least walk to dinner tonight . " I growled sucking hard on her neck . " Sounds like a plan , " She said , biting her lip softly . Her eyes changed to that same reddish gold , the outline appearing darker and her lips deepening in colour , looking fuller .

A change that I was seeing more often . Although it made me wonder what she was , I didn't really care . Her arms locked around my neck and I kissed her hungrily , not caring about the slight change in her scent either , it only drove m e crazier and made my dick instantly hard . Regardless of what this change in her was , she was still my mate , one that I fucking loved .
