

# Her Destined Alpha By Moonlight Muse

## Chapter 84

His Pain DELSANRA I was whisked around by Rose and Raihana , meeting different people . But I just wanted to sit in the corner and play with Dante and Azura Rayne . They were so cute . I was curious as to why Rayhan had abruptly turned and left , but Raihana assured me that he'd be back soon . " So pwetty . "

Dante said , now holding my hand , I looked down at him , wondering if he saw my demon form . I know he held a lot of power , a power that was suppressed by an amulet given to Kiara and the king by Janaina , but I did wonder if he could see my real form way before we even knew of it . 11 " Thank you , my little handsome prince . " I replied . He gave me a small smile , while holding my hand tightly . " Oh , Rayhan would be so jealous . " Raihana laughed . I didn't miss how her eyes kept flittering to Chris .

Just then , Alpha Marcel approached us . " Delsanra . " He said , smiling slightly . " Alpha Marcel . " " Marcel is fine . Congratulations on everything you have accomplished . " He said . " Thank you , " I said , brushing my hair back . " Did Leo not come ? I don't see him . " He frowned , and I could sense worry from him . " Ah no , you know how young boys just want to play , and they hate these types of parties . He didn't want to come . " He said nonchalantly . I nodded , but there was only partial truth in his reply . I wondered what it was , but his next words made me forget everything . " But I brought someone else , a surprise for you ... " He stepped aside and I looked at the woman before me . It took me a few seconds to realise what it was ... " Jo ... "

" Del ... " We weren't really friends , but I had been in the cells next to her as she began forming into a wendigo , the only person I could call somewhat a friend . She closed the gap between us and hugged me tightly . " I am so so so glad you are alive . " She whispered , I hugged her back . Were there really people who wanted me alive before I met Rayhan ? " I never got to thank you for everything you did for me ... Your support when I was drowning in fear of turning into a Wendigo ... " 11 She moved back and took my hands much to Dante's annoyance . " I'm glad you are safe . " I said to her . She nodded . " Alpha Marcel told me you were actually asking about me . " She said , smiling happily . Her gaze flickered to my neck . " The mark of Alpha Rayhan Rossi ... He is a heartthrob . " I looked at her , surprised , and I couldn't help but wonder if it was awe or envy .

" You're mated ... " I said not missing the mark that was on show from her strapless black dress . " I am , but that doesn't mean I can't admire the Alpha who is known to be a heartthrob , " she said , smiling . I smiled , feeling a little possessive of my yum yum . " He is ... " I said . " I'm glad , you deserved the best . " She said proudly . I smiled . " Can we exchange numbers ? " " Yes ! " She said , reaching into her dress from the top and taking her phone out , making Dante blink as he tilted his head . We exchanged numbers before I made sure to thank Alpha Marcel for his kind gesture . We didn't get to chat for long as more people came over to greet me . It was a short while later , and I was curious where Rayhan was ... I needed to find him . Excusing myself from the rest , I began searching for him . I asked a few people , mostly those who looked approachable .

A few girls were giving me envious looks , so I decided to avoid asking the entire female population . Finally , I was directed around the side , and I soon picked up on him and the king talking . The music faded away as I made my way towards them . heart ached at Rayhan's words , and I stopped in my tracks ... I don't know what memories Magdalene had probed in my mind , but whatever he had seen was affecting him . My heart ached at that , and I stayed back , masking my presence , but his next words made me unable to stop myself . " I don't want her to know how I feel . She's been through so much , I don't want to add to her burden . " He said from where he was sitting , head lowered , his hair curtaining his face . My heart broke seeing him like that . He was so strong in front of me . But my pain caused him pain . " It's not a burden .

" I said , stepping out from around the side of the mansion . Both men turned and looked at me , but my eyes were on my Alpha . " Kitten . " He said , standing up to his full height , God , he was gorgeous . Yet when I was in pain . Why was he suffering so much at my cost ? " Yum yum . " I replied blushing lightly , realising I had just said that in front of his uncle , who snickered . " I'll leave you two to it . " He said standing up . I looked at them both standing there , thinking once upon a time I would have run for the hills if I saw these two deadly men standing here , but now ... now I knew that they won't hurt me . The king walked towards me , stopping in front of me . He looked down at me . " You're a brave one , spitfire , and we will get revenge on all those fuckers who hurt you . " He said quietly .

I didn't know how to respond , and so I simply settled for a nod . He didn't seem phased , I could sense his pain , and it still shocked me . How could they all be so loving ? Because this was my family , they considered me family . " That's our promise to you . " He added , gripping the back of my head . He pulled me closer and placed a kiss on top of my head , much to my surprise . I looked up at him , and he gave me a small smirk .

" Now go cheer up your yum yum ." He mocked , snickering . I smiled at that . " Well , you're a burrito ... " " I said , his smirk vanished and it was now my turn to smirk . " A fucking what ? " " A burrito . " I said , walking past him and towards Rayhan . " The fuck ... " The king grumbled as Rayhan chuckled .. " Be proud , " He said as I reached him , our eyes met and he pulled me into his arms .

" Yeah ... don't go saying that shit to " The king muttered before he anyone . walked off , leaving the two of us alone . I inhaled Rayban's scent , before looking up at him . " Don't be sad , and don't try to hide your emotions from me , Rayhan ... I'm stronger than 11 " You're stronger than everyone . I know , I just don't want to bring you down . You've been through so much it fucking hurts . " He said , his eyes held so many emotions that I felt like crying myself . My pain was his pain ... and I could see it .

" Rayhan , I'm happy , being with you makes all my pain mean nothing , and I'm sorry that you had to see all that . " " Fuck kitten , don't apologise . In a way , I'm glad I did . The extent to what you've been through , at the hands of werewolves ... It's a miracle you even gave me a chance . " He said . I tiptoed and he leant down , allowing me to kiss him , kissing me back softly yet passionately . " I think the food was very tempting , so I

had to stick around for it . " I said with a small pout . He smiled sexily , " Oh yeah ? Then how about we go get some more food to keep you happy ? " " Sounds good . " I said as he lifted me bridal style . " I can walk ! " " I never said you couldn't . " " Rayhan ! I think my thong is on show . " I mumbled , trying to pull my dress down fruitlessly . His eyes flashed green and I blushed . " Oh yeah ? Maybe I should take a look . " " Rayhan !

" He chuckled , walking back around the house , the music once again becoming louder . " Don't worry , I'll place you down before we get to the gathering . So what do you want to eat first ? " " My yum yum .... " I said without thinking . Our eyes met , green against blue , our hearts racing before I hugged him tightly . " I'm serious . You don't need to always be strong around me . Rayhan ... If something is upsetting you ... Please share it with me . " I said softly . He touched his forehead to mine . " I promise I will . My baby girl is strong and I'm so fucking proud of the woman you are . My heart swelled at his words , and for a moment , I was proud that I had remained strong despite everything that I had gone through ...
