

Chapter 1001: Looked Like Something Serious Had Happened

??

If she continued to sit still without doing anything, she might really have no chance of winning in the future.

However, even though Liao Xintong tried her best to bribe the paparazzi, she could not find out who Da Bao's mother was.

Moreover, she did not dare to alarm Lu Heting. The paparazzi she bought off were all quite expensive. She had spent a lot of money, but she did not manage to find anything.

What she did not know was that Lu Heting was already waiting to expose her true colors.

She was thinking about this at home when the Lu family's chauffeur suddenly rushed over and said, "Miss Liao, Mr. Lu wants to invite you over."

Mr. Lu? Liao Xintong was overjoyed and said, "I'll be right there."

"Mr. and Madam Liao, please come with us," the chauffeur said with a bow.

Liao Xintong's heart skipped a beat. What was it that was so urgent?

She did not dare to guess blindly and quickly got the butler to call her parents over.

She gave the chauffeur a red packet and said, "I wonder what Mr. Lu is looking for us for? If we have some information, perhaps we can prepare in advance. It's better to be prepared."

"I really don't know. I just know that Mr. Lu is quite anxious." The chauffeur was on Lu Heting's side, so of course, he would not tell the truth.

Moreover, he really did not know the truth.

"Is he happy or unhappy, then?"

The chauffeur said, "You're making things difficult for me. How would I dare to guess Mr. Lu's mood?"

Hearing this, Liao Xintong was relieved. Lu Heting was cold and difficult to approach. Even if she stood in front of him, she might not be able to tell what he was thinking.

It was no wonder that the chauffeur could not make out his mood either.

Mr. Liao was now someone with some dignity. He said, "It's okay even if we don't know the situation. Let's go over first. We're already familiar with the Lu family anyway. What's there to be afraid of?"

With that, the three of them got into the car.

Liao Xintong agreed with her father's words. She wondered if it was because of Gun Gun.

Mr. Lu only had an average impression of her, but he was the same with all other women. He was a man who couldn't tell what his likes and dislikes were when it came to women, so Liao Xintong still had an advantage over others.

Due to their intimate relationship, she was still a little confident in herself.

Mr. and Madam Liao were also wondering if something good was about to happen.

Previously, the Lu family's chauffeur would only bring Liao Xintong over. It had always been Liao Xintong who went. The two of them never had the right, but Old Master Lu had secretly given them a chance. It was enough for them to rise quickly in the capital.

The three of them came to the entrance of the Lu family's old residence.

Standing at the imposing door, Liao Xintong was calm. Mr. and Madam Liao did not think much of it just now, but now, they felt their legs go weak. After all, they were not officially in-laws. How could they not panic in front of the Lu family?

The butler came forward to welcome them. "Please come in."

Seeing that it was the butler who came to pick them up and not the servants, the three of them were more at ease.

They walked all the way into the living room. When they arrived, Mr. and Madam Liao were nervous again. Liao Xintong skillfully greeted, "Grandpa Lu, Grandma Lu, Aunt. Mr. Lu, you're here too?"

The four of them looked a little gloomy. It looked like something serious had happened.

"Aunt, what's going on? Is there anything I can do?" Liao Xintong only dared to ask Madam Lu, who had always been good to her.

Chapter 1002: Not Related

Madam Lu sighed and said, "That child, Gun Gun, suddenly fell sick. The doctor said that they might need a donor. We've already done the tests to check our compatibility, but none of us are eligible. I'm afraid you'll have to do it."

When Liao Xintong heard that, it was no wonder the atmosphere was so tense. It turned out that Gun Gun was sick.

However, this was also a good opportunity for her. Since Gun Gun was sick and the Lu family could not help out, they could only rely on the Liao family.

If she could really be a donor for Gun Gun this time, how could the Lu family not care about her? She and the Lu family would really be inseparable from Gun Gun!

She immediately said, "Aunt, let me do it! No matter what, Gun Gun's health is the most important. If I can be a match, I'm willing to donate any organ or have my blood drawn!"

Her thoughts were exactly what Mr. and Madam Liao thought. Gun Gun was their child, so how could they not care?

Mr. and Madam Liao immediately expressed their determination. "Yes, yes, yes. As long as we can save Gun Gun, everything will be fine. Let's get our blood tested now!"

The three of them did not hesitate at all. Instead, they fought to roll up their sleeves. Madam Lu looked at Lu Heting before saying, "If it's really a match, won't you regret it?"

"Of course not. Gun Gun is also a child of our family," Mr. Liao said immediately. He knew that this was a good opportunity. He had selfish motives, but he still had some love and care for Gun Gun. If it were not for the fact that the Lu family had always been unwilling to let them raise the child, they would have been willing to raise Gun Gun themselves. "Even if I have to risk my life, I have to save him!"

Madam Lu said, "Then come over. Let's have your blood drawn first."

The three of them were unafraid of death and could not wait for their bodies to be of some use.

The doctor came over and took a syringe of blood from each of them.

The three of them did not say anything and appeared very calm. They were also very worried about the child's situation.

Liao Xintong's face was pale as paper, but she was looking forward to it. It would be best if she could be a match. In that case, the situation would only get better.

They really did not want anything to happen to Gun Gun.

"When will the results be out? Do we need to take special care of our bodies?" Mr. Liao asked. "As long as we can help Gun Gun, we won't do anything or go anywhere during this period of time. We'll just stay in the hospital."

"No need!" Lu Heting, who had been silent all this while, spoke with a serious tone. He suppressed Mr. Liao's words.

Mr. Liao usually did not dare to speak to Lu Heting, but now, he raised his voice and said, "Mr. Lu, this concerns Gun Gun's health. Gun Gun is your biological son. We can't just sit idly by!"

"Yes, Gun Gun is my biological son, but what does he have to do with you?" Lu Heting glanced at the three of them indifferently.

Liao Xintong's eyes instantly became wet as she advised him in a low and gentle voice, "Mr. Lu, I know you've never liked Gun Gun's background. But now isn't the time to play games. It's better to prioritize Gun Gun's health. No matter what, we'll always be by Gun Gun's side. Please put down your prejudices so we can treat Gun Gun as soon as possible."

Lu Heting glanced at her indifferently. Lu Weijian, who ran in, said loudly on Lu Heting's behalf, "Gun Gun has nothing to do with you. Why do you need to show your loyalty here? I've already checked. Gun Gun is not related to any of you!"

Chapter 1003: The Last Step

"Huh? How could that be?" Liao Xintong was stunned when she heard this.

Mr. and Madam Liao were even more helpless as they stood rooted to the floor.

Lu Weijian walked over and said, "This is the report. Look at it yourself!"

The three of them trembled as they picked up the report and flipped to the last page seriously. They kept muttering, "How is this possible? How can this be? Gun Gun is a child of our Liao family..."

However, such words were completely unconvincing in the face of real evidence.

Liao Xintong lost her balance and almost fell.

"Mr. Weijian." Her voice turned dull from shock and despair. "But Gun Gun is really my sister's child..."

Mr. Liao glanced at Madam Liao, who immediately said, "Liao Qing is our child. It's absolutely true. You can't suspect that Liao Qing isn't your child."

"You don't have to suspect each other. Gun Gun has no blood ties with the three of you. This already proves that Gun Gun is not Liao Qing's child at all. Whatever you say now is a lie!"

Lu Weijian did not stand on ceremony with the three of them.

Liao Xintong's heart churned. She really did not expect things to turn out like this.

Now, not only was Gun Gun not a child of the Liao family but the Lu family had also been deceived by them. Would they suffer in their hands?

She immediately tried to explain to the Liao family, "Mr. Weijian, we really didn't know anything. At that time, my sister was in a car accident in America. She said that she had given birth to this child. My mother and I immediately rushed to America to bring the child back, but when the child was brought back, he was very sick. We had no choice but to send the child to the Lu family. All of this is true. We didn't lie at all. We really didn't lie. We're not liars..."

How could she care about claiming to have a relationship with Gun Gun now? The only thing she had to do now was make the Lu family believe that they had not been deceiving them.

The three people from the Liao family really did not know about this.

Lu Weijian said, "Regardless, the three of you don't have to show up here in the future anymore. Read the report carefully. As for the blood that you've always drawn here, you can take it and do the test again. Don't say that the Lu family went too far and lied to you with the fake report."

Liao Xintong and her parents were filled with despair. They never expected Mr. Lu to suddenly bring them here for this reason.

They were completely unaware of this matter.

"Alright. Liao Xintong, once you're done clarifying things, you can leave. As for Gun Gun, he's not sick at all. He's fine now," Lu Weijian said. "Butler, send them out!"

"Mr. Weijian, even though Gun Gun and I aren't related by blood, we've still been together for so many years. Mr. Weijian, I still want to see Gun Gun. I'll still be good to him in the future..." Liao Xintong said to Lu Weijian while crying.

Lu Heting was standing not far away. His cold aura made her not dare to beg him.

Lu Weijian was unmoved. Gun Gun would be fine without the Liao family, would he not?

Seeing that Lu Weijian did not give her a chance, Liao Xintong immediately turned to Madam Lu. "Aunt, I beg you. On account of my relationship with Gun Gun..."

She knew that without their agreement, this would be the last time she stepped foot into the Lu family!

Chapter 1004: It's Not A Bad Thing

How could she be willing to let all her efforts go to waste?

Madam Lu sighed and said, "Xintong, stop working so hard. Just leave."

"Aunt, I really love and care for Gun Gun. Please..."

Madam Lu said softly, "Do you know why Heting asked you to come over to get your blood drawn? At least you were willing to get your blood drawn and showed the intention of saving Gun Gun. That means you still have some conscience and truly didn't know about this matter. You didn't deceive the Lu family. Otherwise..."

Madam Lu did not finish her sentence.

Liao Xintong shuddered.

So, that was how it was. No wonder Lu Heting did not tell them the truth when he already knew it. He was just putting on an act to test them.

If the Liao family had hesitated at all when they drew their blood just now and if they had known about Gun Gun's identity, they would not just be chased out of the Lu family's old residence now.

If they had deceived the Lu family, Lu Heting would not stop at just destroying their family.

Lu Heting had already left them with enough dignity!

Lu Weijian asked her a few more questions and got her to tell him everything.

Liao Xintong knew that it was useless to beg anymore. After explaining everything, she walked out in despair like a zombie.

Mr. and Madam Liao were not any better. Their hair was messy, and their eyes were red. Their years of hope had turned into a dream!

After they walked out, the door of the Lu family's old residence was slammed shut behind them. This also closed off the last bit of thought they had of trying to cling to the Lu family!

Madam Lu sighed and said, "Sigh, we were too careless back then. We only investigated whether Gun Gun was Heting's son and didn't look into his ties with the Liao family. Who would have thought that the child brought back by the supposed mother's family was not the mother's at all?"

Old Madam Lu said, "It's not your fault. We didn't expect it either. It's just that we don't know who this child's biological mother is."

Lu Heting stood up and said, "I'll investigate it. Grandpa, Grandma, Mom, you must all be tired. Rest early."

Lu Weijian hurriedly followed Lu Heting and left.

Old Master Lu said, "At least it's confirmed that he's a child of our family. It's not a big problem. The Liao family isn't presentable, so it's not a bad thing that Gun Gun is not related to them."

Old Madam Lu and Madam Lu nodded secretly.

However, when Madam Lu thought of Su Bei, she felt a little troubled.

Why did she not listen to her advice and insist on staying in the entertainment industry? Were there any good people in that industry?

Lu Weijian got into the car with Lu Heting and said, "Brother, it looks like the three of them really didn't know anything. They hadn't been lying to us. According to Liao Xintong, Liao Qing took advantage of her position as a nurse to steal a few bottles of sperm cells that were left in the hospital back then and made test-tube babies. After she gave birth to Gun Gun in America, she got into a car accident. She couldn't bring Gun Gun back herself, so she got Liao Xintong and Madam Liao to bring the child back.

"She passed away very quickly. Liao Xintong and Madam Liao never thought that Gun Gun was not from the Liao family. However, Liao Qing is already dead. If we want to investigate Gun Gun's biological mother, we have to make a trip to America. Brother, are you sure you want to investigate?"

Lu Heting held the steering wheel and pursed his lips.

Chapter 1005: Not In His Life Plan

Gun Gun was not a child of the Liao family. This matter should end here.

However, he was indeed worried. If Gun Gun was not a child of the Liao family, who was his biological mother? He did not want to leave Su Bei with any future troubles, so he still planned to investigate.

His well-defined fingers gripped the steering wheel, his knuckles turning pale.

It was because he did not do a good job, which gave others a chance to take advantage of the situation. Because of this, Su Bei would have endless trouble in the future.

A child was not an object, and there were many things going on behind the scenes. Su Bei would probably be very concerned over this.

Lu Weijian asked, "Brother, are you going to investigate?"

"Yes." If there was the chance of any future troubles cropping up, he would nip them in the bud.

"Then about Sister-in-law..."

"You don't have to tell her for now." Lu Heting knew that Su Bei did not like Liao Xintong. Just because she liked Gun Gun did not mean that she would like Gun Gun's biological mother. Whoever showed up next would only increase her worries and not put her at ease at all.

Since that was the case, it would be better for her not to know just yet. Lu Heting would wait until Lu Weijian got the results of his investigation.

Lu Weijian nodded in understanding. "Alright, I won't tell Sister-in-law for now. As for Gun Gun, he doesn't like the Liao family anyway. He doesn't need to know about this, so there's no need for him to know."

Lu Heting held the steering wheel and sat in silence for a long time.

Lu Weijian said in a low voice, "I'm sorry, Brother. If it weren't for me..."

If he had not encouraged his eldest brother to do a pre-marital check-up, such a thing would not have happened. It was just that his original intention was to help his eldest brother delay the wedding date.

Back then, Old Madam Lu was seriously ill and wanted to see Lu Heting get married. She lay on the bed and held Lu Heting's hand, urging him weakly.

Lu Heting had promised his elders that he would get married as soon as possible to reassure Old Madam Lu, but marriage was clearly not part of his life plan.

Lu Heting had accepted the family's arrangements, but he was not interested in the marriage at all. Hence, Lu Weijian encouraged him to do a pre-marital check-up. As a result, the wedding date was delayed for a few days.

The pre-marital check-up included a sperm cell examination. Lu Heting's face darkened at that time. He did not want to do it, but he could not resist the temptation of delaying the marriage, so he still went for it.

However, he did not expect to meet a nurse like Liao Qing who stole sperm samples from the hospital.

After that, everyone in the hospital was investigated, and the person in charge was also replaced by someone Lu Group trusted.

"If it weren't for you, I wouldn't have met Su Bei." Lu Heting's voice was indifferent, but it was clear he was glad.

If he had not gone for a pre-marital check-up, he would've married the person his family arranged for him and wouldn't have met Su Bei on 20th May.

"That's true!" Lu Weijian was delighted. "Due to the pre-marital check-up, your wedding date was delayed for five to six days. Then, you met Sister-in-law and Grandma's illness was cured. That's killing two birds with one stone..."

However, Gun Gun's arrival was indeed very surprising.

Lu Weijian soon rushed to the United States to the hospital where Liao Xintong mentioned. He wanted to find out who Gun Gun's biological mother was.

However, this matter required time. It had been a few years since the incident. It was not easy to find evidence.

Chapter 1006: Triggered To Fight Back

Su Bei did not know that Lu Heting was investigating Gun Gun. Anyway, whatever Gun Gun's identity was, it did not affect her feelings for this little fellow.

At this moment, the outside world had already spread the news that Su Bei had offended Sheng Tang Entertainment and was about to be banned by the company.

The news that Su Bei had resigned from acting in Sheng Tang Entertainment's new movie spread like wildfire.

However, everyone thought about it carefully. Back then, the publicity for Sheng Tang Entertainment's new movie had always been focused on Su Huixian. Moreover, be it the opening ceremony or the interview, Su Huixian had many scenes and was a hot topic.

When they thought of Su Bei, it seemed she had been deliberately avoiding getting involved with this movie.

So, did Su Bei never really care about this movie from the beginning?

However, no matter what, the split between Su Bei and Sheng Tang Entertainment was real.

For a moment, the fans were extremely worried. They asked Su Bei about her situation repeatedly, wanting to know how her relationship with Sheng Tang was.

Yue Ze took this opportunity to announce the termination of Su Bei's contract with Sheng Tang Entertainment.

Su Bei reposted it.

[Su Bei has really offended Sheng Tang Entertainment. I didn't expect so many things to happen to her in such a short period of time.]

[It's not that I want to say this, but Sheng Tang Entertainment has always been very respectful toward female celebrities. They also protect their rights very much. Su Bei publicly terminated her contract and left. It's probably Su Bei's fault, right?]

[It's definitely Su Bei's fault. Su Bei must've done something, so Sheng Tang couldn't tolerate her anymore. The female celebrities in Sheng Tang Entertainment all have good reputations. Su Bei might just be a bad apple that ruined the entire basket.]

[To think that I used to like Su Bei so much. I'm really disappointed in her.]

It was no wonder that everyone would make such guesses and gossip about Su Bei.

In Tang Xinru's hands, Sheng Tang Entertainment had indeed protected and respected their female celebrities. They had built themselves a good reputation in the outside world.

However, Su Bei kept encountering problems. Those who did not know would definitely think that it was Su Bei's fault.

Fortunately, Tang Xinru posted a long Weibo post to speak up for Su Bei. She tried her best to say that there was nothing wrong with the collaboration between the two parties. Su Bei and Sheng Tang's

contract was terminated under normal circumstances. Su Bei's character was fine, and there was no conflict between the two parties.

Her statement suppressed the discussion about Su Bei.

Tang Xinru did this to protect Su Bei and save Tang Yue some dignity.

She was saving Tang Yue's and Sheng Tang's reputations.

However, when Su Bei found out that the insulting comments were all from the same source, she knew that this was undoubtedly done by Tang Yue.

Su Bei took into consideration Sheng Tang Entertainment's reputation and only settled the matter with Tang Yue internally when she left. Unexpectedly, Tang Yue did not even plan to let her leave in peace and even looked for people to slander her.

At the thought of this, Su Bei did not stand on ceremony anymore. She posted the surveillance footage of her and Du Luo in the company. She also shared the news to the paparazzi regarding how Tang Yue had deliberately chosen to use Su Huixian as the female lead in the movie to suppress her.

The paparazzi naturally wanted to create trouble after getting these things. They quickly released the news, causing the discussion to turn to Tang Yue.

Su Bei's fans were also triggered by these ugly things. They all asked Tang Yue to give them an explanation and ask Sheng Tang Entertainment to apologize to Su Bei.

Chapter 1007: No Matter The Outcome

The initially peaceful termination of the contract suddenly turned into a bloody battle.

Tang Yue did not have many fans, so how could she beat Su Bei's fans? She was scolded badly and could not work for days.

After Tang Xinru found out, she only said indifferently, "She asked for it."

Tang Yue returned home and complained, but Old Master Tang had long seen through her. He only said, "The fans are all irrational. You don't have to stoop to their level."

Tang Jianming had the intention to help but was helpless.

Lin Shulian, on the other hand, really felt sorry for Tang Yue. She complained about Su Bei and said, "Alright, Su Bei was indeed in the wrong. Fortunately, she has already left the company. You don't have to work with her anymore. Forget about the past."

Tang Yue bit her lip. Her mother's words made sense. No matter what the outcome of this conflict was, it would not be easy for Su Bei to find another company that was better than Sheng Tang Entertainment.

She would just wait to see Su Bei make a fool of herself!

What satisfied her the most was that Su Bei would no longer be in Sheng Tang. She would have fewer chances to return to the Tang family.

The things she wanted, the love of her parents and grandfather—were now hers again. She had once again become the little princess of the entire family. No one would snatch everything from her.

...

Su Bei had left Sheng Tang Entertainment and was about to publicize the news of her joining Di Xing Media Company.

The general manager, Li Qisheng, did not dare to be negligent. He had already begun making preparations a few days ago. He had to make all the necessary arrangements.

Moreover, the matter of Su Bei joining Di Xing Media Company was both grand and low-profile. It could not be announced in advance, so when everyone saw how busy Li Qisheng was, they only knew that he was preparing for an important event. However, they did not know the details.

Li Qisheng took a photo of the entire arrangement for Lu Heting to take a look at.

After looking at it seriously, Lu Heting pointed out two things and asked, “Who’s the manager assigned to Su Bei?”

“It’s Qiao Mei. She’s shrewish on the outside but gentle on the inside. She’s also a woman.” Li Qisheng had a headache when he was choosing Su Bei’s manager.

The male managers were all eliminated. Among the women, he had to choose one with tricks and who would be good to Su Bei. It was simply a headache.

“Alright.” Lu Heting agreed.

Since Su Bei was joining the company, he had to give her the best.

“The welcoming ceremony will be held tomorrow, so Mr. Lu...” Li Qisheng asked Lu Heting if he would be there.

“Yes,” Lu Heting said straightforwardly.

Li Qisheng immediately understood. Then, he would have to spend more effort on tomorrow’s arrangements. This was Mr. Lu’s first time coming to Di Xing Media Company!

This was a grand event! It was a good opportunity for Mr. Lu to see that Di Xing Media Company was doing well in his hands.

All these years, Lu Group had not placed much importance on the development of the entertainment industry. It was also dispensable for projects in the entertainment industry. If it were not for the fact that Lu Weijian liked to dabble in games and needed the support of the entertainment industry to provide him with support, Li Qisheng would not have been able to enjoy his current position.

Li Qisheng was elated when he thought of how much Mr. Lu valued Di Xing Media Company.

...

Su Bei was also making preparations at home. Due to her lack of popularity recently, there were basically no big brands who wanted to offer her clothes.

Chapter 1008: They're All Good-looking, But They're In the Way

Only Jin Xiu valued her as usual, but Su Bei had worn the cheongsam many times. Moreover, tomorrow was the signing ceremony, so wearing a cheongsam was not suitable.

Just as she was thinking about which outfit to wear, the door opened and she heard a servant shouting, "Young Master is back."

Because the expansion took place over two floors, the apartment unit was no longer the size of three bedrooms and one living room. Aunt Chen would not be able to handle everything by herself, so Lu Heting sent many servants over from Lu Hu International Villa, including the butler.

Therefore, Lu Hu International Villa was temporarily vacant. Lu Heting practically lived here.

He entered and handed his coat to the butler.

Su Bei's door was open, and she heard him coming up from downstairs. Following him were the footsteps of several people.

Su Bei looked around and saw him leading a few people upstairs. Those people put down their things and left respectfully.

Lu Heting walked toward Su Bei and saw that she was looking for clothes. She seemed to be troubled about the matter of her clothes, and his eyes sized her up.

In fact, Su Bei looked good in anything. She had a good figure and a small face. No matter what she wore, it would bring out the special characteristics of the clothes and give her a unique charm.

"What are you wearing tomorrow?" The man's voice was low. Actually, when he looked at her, he was thinking that clothes were actually quite a hindrance. He would rather she not wear them.

"I haven't chosen yet." Su Bei looked at the sets of clothes. "Which one do you think looks good?"

Lu Heting chuckled. "They're all good-looking, but they're in the way."

"I'm asking you something serious." Su Bei lightly hit him.

Lu Heting held her finger and caressed it gently. "Mrs. Lu, you're troubled over what to wear. It must be because I didn't do a good enough job and didn't buy enough clothes for you."

Su Bei laughed out loud. "If I don't have enough clothes, then other people must be really shabby. I just feel that everything is too luxurious and branded. They're not suitable for the occasion."

Ever since Lu Heting exposed his identity, he no longer held back in spending money on Su Bei. He picked out all the good clothes, jewelry, and other things for her as if to make up for all the things he couldn't do when he was still hiding his identity from her.

However, Su Bei's words made sense. She was just joining Di Xing Media Company, so she couldn't dress too extravagantly to avoid attracting too much attention.

So, Lu Heting turned around and opened the box that the few people had brought over. He took out the dress inside and placed it in front of Su Bei. "It's new. There's no brand, and it suits your style. Take a look."

Su Bei looked at it and saw that it was very exquisite. The colors were bright and eye-catching, and the tailoring was clean and neat. The design was also very novel, making people unable to bear to tear their eyes off it. Moreover, there were no labels or logos at all. Even if it was a little eye-catching, there was no need to worry about others speculating about the price or brand.

Lu Heting had considered all the things she wanted and was worried about.

"Then I'll try this light blue one first." Su Bei's eyes sparkled as she reached out to pick it up.

Lu Heting held her hand, his eyes reflecting the woman's beautiful face. "Let's do something else first."

...

Li Qisheng had arranged the welcome ceremony very grandly. It had already attracted many speculations and discussions from the employees of Di Xing Media Company.

Chapter 1009: Waiting For This Moment

Everyone did not know that this was a welcoming ceremony, so they were guessing what was going on.

"I wonder what they're celebrating? Manager Li is becoming more and more mysterious."

"That's right. This setup is really eye-catching. Did you guys see it? Even those roses were imported from overseas. I heard that they were flown over in the morning and sent over in luxury cars."

"Could it be to celebrate the Best Actor's new movie? But the celebration party was held last month."

Everyone discussed it animatedly, but they were still unable to figure it out.

However, there was a consensus: "Di Xing Media Company is becoming more and more valued by Lu Group. Have you guys realized that previously, the higher-ups didn't care about Di Xing Media Company at all? Now, whether it's Mr. Weijian or Mr. Lu, they're both asking about Di Xing Media Company."

"Therefore, everyone must seize this opportunity to perform well. This is a great opportunity for everyone to develop."

Everyone was discussing when someone suddenly said, "Hey, do you guys remember that today is Jia Shiyun's birthday?"

"Yes, that's right. If you didn't mention it, I would have forgotten. Today is Sister Shiyun's birthday. Could Manager Li have prepared this for Sister Shiyun?"

"That's possible. Speaking of which, Sister Shiyun is also one of the most highly regarded female celebrities in Di Xing Media Company. It's highly possible that the company wants to celebrate her birthday for her. It just so happens that she's free at this time of the year. It makes sense for her to spend some time in the company after being on production sets for so long."

Everyone nodded, thinking that they had guessed correctly.

Jia Shiyun sat in her office. Her manager, Tian Junnuo, had the same guess like everyone else. “Shiyun, today’s celebration is definitely for you. No wonder the place was decorated so extravagantly.”

Jia Shiyun had actually been thinking about this matter for a long time. In order to confirm her relationship with Mr. Lu, she had even called off the engagement with her own fiancé. Back then, she sent a text message to Wang Juntang about the breakup.

After seeing Wang Juntang, she confirmed this matter again until she was sure that Wang Juntang would not look for her anymore.

Actually, Wang Juntang could be considered a good candidate for a husband. However, he was still far from Mr. Lu.

Jia Shiyun’s heart was completely locked onto Mr. Lu.

Luckily, she hadn’t been waiting in vain. Li Qisheng had arranged such a luxurious event this time. She could tell that the company and Mr. Lu cared about her.

Jia Shiyun sat on the chair and smiled charmingly as she seriously touched up her makeup. “Go and find out who will be coming today.”

Tian Junnuo immediately went out to ask around.

Jia Shiyun’s heart was filled with longing as she looked at her own face in the mirror. Her face could still be considered youthful and in the prime of her youth. However, she couldn’t afford to wait too long. Women were always prone to aging.

So, how long did Mr. Lu want her to wait?

She believed that she had already passed Mr. Lu’s test. After being in the industry for so long, she had kept herself clean and worked hard. She had already done the best she could.

She had even broken off her engagement with Wang Juntang and was only waiting for him to take the final step.

But what was Mr. Lu thinking?

Just as she was thinking about this, Tian Junnuo rushed in enthusiastically and said, “Shiyun, Mr. Weijian is here. He’s looking at the venue with Manager Li.”

Chapter 1010: So Young And Capable

“Really?” Jia Shiyun’s face heated up. Lu Weijian had already given her enough face by coming over.

Even if Mr. Lu didn’t come today, her face would still be glowing.

After all, it had been so many years. When had Lu Group’s higher-ups ever attended anyone’s birthday party?

Tian Junnuo’s smile was sincere, and she was also happy with Jia Shiyun. Jia Shiyun was valued, and as her manager, she naturally felt proud as well.

In any case, this was a glorious and honorable matter. She believed that her career would also shine together with Jia Shiyun's.

Jia Shiyun couldn't stay in the office any longer. Since Lu Weijian had come, she had to receive him personally.

She said to Tian Jinnuo, "Let's go. Let's go take a look at Mr. Weijian and greet him."

If she wanted to join the Lu family in the future, she had to build a good relationship with Lu Weijian.

Lu Weijian and Li Qisheng were making the final arrangements. The former pointed at the things in the venue and said, "This isn't right. We need to change it. We need to rearrange this too."

When Li Qisheng heard him mention something, he immediately got people to fix it.

Since Mr. Lu was coming today, he didn't dare to neglect even the slightest detail.

"Welcome, Mr. Weijian. Pardon me for not coming out to meet you earlier." Jia Shiyun walked in with Tian Jinnuo. Her figure was graceful as she walked toward Lu Weijian.

Lu Weijian smiled. "Miss Jia, you must be joking. There'll be many chances in the future."

After all, Gun Gun's heart disease was cured by Wang Juntang, and Jia Shiyun was Wang Juntang's fiancée, so Lu Weijian was rather polite to her.

In the eyes of outsiders, the relationship between the two was extraordinary.

Meanwhile, Jia Shiyun was enjoying herself immensely. Lu Weijian's smile widened when he saw how casual and warm she was. "Mr. Weijian, why don't you have a cup of coffee? You've been working hard for a long time."

"It's fine. I'm doing what I should do. After all, my brother entrusted this task to me." Weijian smiled.

Now that Lu Heting and Su Bei had revealed their identities, Lu Weijian didn't have to hide the fact that Mr. Lu was his elder brother anymore.

"Elder brother?" Jia Shiyun's heart skipped a beat as she guessed something.

When Li Qisheng saw that Lu Weijian wasn't hiding anything from Jia Shiyun, he explained, "Mr. Lu is Mr. Weijian's elder brother. Mr. Lu is also coming over today."

These words were like a bomb that had exploded in her heart.

Mr. Lu was Mr. Weijian's elder brother?

Mr. Weijian's official information stated that he was about 24 years old. He was very young, so the man who was his elder brother must be very young as well.

Jia Shiyun quickly calculated Old Master Lu's age. Although there was no official information about his age, she had heard that he was probably in his early 70s. Therefore, Mr. Lu might not be more than 30 years old.

At the thought of this, Jia Shiyun was extremely excited. She quickly glanced at Tian Jinnuo, who seemed to be calculating this information as well. She also looked at Jia Shiyun eagerly, secretly rejoicing that Mr. Lu was such a young and promising man!

Furthermore, Mr. Lu was coming over today!

In other words, Jia Shiyun's beautiful dream was about to come true.

Lu Weijian looked at Jia Shiyun curiously. Why was this woman suddenly so excited?

Wait, that was right. Who wouldn't love a wise and powerful man like his elder brother? It was reasonable for this woman to be excited.
