

Chapter 1021: Obedient Kitten

??

How many artistes would be willing to entertain He Xuyan?

Only Su Bei!

Since she was already giving it a try, she would come back again in three days!

When Su Bei left, Xiao Bai ran over enthusiastically. "Su Bei, how's the situation?"

"I'll have the second round in three days," Su Bei said. She would call it the second round for now, because she could not classify He Xuyan's actions.

"You can do it!" Xiao Bai cheered her on.

Su Bei guessed that He Xuyan probably felt that she was too slender and did not have enough strength for boxing. This was indeed a problem. Although she had a lot of activities during the supermodel period and maintained a strong training volume, she still looked delicate.

To showcase the strength of a female boxer, professional training was required.

Su Bei immediately made a call and consulted a gym. She planned to make a surprise attack.

After contacting the gym, she drove straight to the city.

After parking the car at the mall where the gym was located, Su Bei got out of the car with her bag and was about to head toward the elevator when she saw a familiar figure.

With her sharp sixth sense, she immediately sensed that the man was Feng Ze, the person she was most afraid to see. Su Bei quickly leaned against the car and hid.

She had heard that Feng Ze had been active in the country recently. Although she hadn't seen him much, she felt a little pressured.

As expected, a figure flashed in front of her. It was Feng Ze's figure. He was calm, noble, arrogant, and distant. It was the kind of aura that Su Bei feared.

When he walked in Su Bei's direction, Su Bei was so nervous that she held her breath. However, when he approached, Su Bei suddenly realized that she had recognized the wrong person. Feng Ze's face was not as distant and cold as usual. Instead, it was soft and cute.

Su Bei had never seen that kind of cuteness on a man's face in real life. She had only seen such cuteness on this man's face. His long eyelashes fluttered, revealing an innocent smile in his eyes and a faint smile on his lips.

He was like a tiger who had suddenly become an obedient kitten after being pacified. He was also like a little kitten that had yet to be weaned. He looked especially gentle, so gentle that it was scary.

Su Bei was momentarily shocked. What the hell?

He looked just like Feng Ze, but at the same time, not at all.

His face was just like Feng Ze's face, but his expression didn't seem like his.

In an instant, Su Bei suspected that Feng Ze had a triplet brother.

Before she knew it, the man had already left.

Su Bei quickly sent Feng Feifei a WeChat message to confirm. [Are you triplets?]

[I don't know. You know I grew up in an orphanage.]

[Is Feng Ze in S Country?] Su Bei asked.

[Why? Are you concerned about him? What are your plans?]

Su Bei knew that she wouldn't be able to get anything out of her, so she stopped. [No, I'm only concerned about you. Have you become prettier recently?]

Seeing that the lookalike had entered the shopping mall, Su Bei quickly got into the car and did not plan to go to the gym anymore.

The scene before her still left her with a lingering fear, and she was unable to snap out of it. She did not dare to go to the mall for fear of running into that man again.

How would she dare to approach a smiling tiger?

She wouldn't.

Su Bei did not dare!

Su Bei got into the car, started the engine, and left. Hence, she didn't see that after Feng Ze entered the mall, the person who stepped forward was Madam Lu.

Chapter 1022: Aren't You Going To Praise Me?

?

Madam Lu was no longer as arrogant as before. Instead, she smiled and said, "Feng Ze, come here. I've been waiting for you."

"Aunt Qing." The smile on Feng Ze's face was gentle and polite, and his greeting was extremely intimate. He walked forward, and like any gentle junior, he held onto Madam Lu's arm.

If Su Bei saw this scene, she would definitely be shocked.

Fortunately, she had already driven off in time.

In the car, she was still wondering if that man was the decisive Feng Ze she knew. Was it the Feng Ze who had struck fear into the hearts of both America and the underworld?

When she got home, she washed her face with cold water and forgot about this matter.

She did not go to the gym and instead downloaded videos to learn.

When Lu Heting returned, he saw Su Bei standing in front of the computer while drenched in sweat. He leaned against the door and looked at her thin arms and legs. Her foundation was pretty good, but she lacked strength.

She was wearing a professional gym outfit. Her shoulders were straight, and her clothes were bunched up at her waist. Her long legs were also straight.

Su Bei had learned from Feng Feifei before and had a foundation in martial arts. It was just that her strength was insufficient, making her seem a little weak. However, in reality, her strength was enough to deal with ordinary people. It was just that there was still a gap between her strength and the skills that He Xuyan wanted to show on camera.

Lu Heting had seen enough. He walked up to Su Bei and helped her by her waist. "It's not bad. Do you still want to train?"

"I have to practice. Director He has very strict requirements. If I'm really chosen, I'll have to practice a lot more." Su Bei did not dare to be negligent. As a model, she had to do her best. Of course, it was the same for being an actress.

"Then I'll practice with you." Lu Heting reached out to hold her hand.

Su Bei had always known that he had good stamina, but she had never seen him fight before. If she asked him to spar with her, she would immediately realize that he was more powerful than she had imagined.

This man was full of talent.

Even though Su Bei had trained for a long time, she did not improve much. Under Lu Heting's tutelage, she improved greatly.

"It really works!" Su Bei felt a huge change.

"Strength training is a long-term thing. I'm just helping you to quickly overcome this hurdle first."

Su Bei nodded. "Then I'll properly learn from you."

"Aren't you going to praise me?" Lu Heting's eyes held a faint smile as he looked at Su Bei's obviously smiling eyes.

His gaze landed on her red lips.

"Lu Heting, you're so good. You must have heard a lot of praises since you were young, right?" Su Bei saw through his intentions and purposely did not respond.

Lu Heting wrapped his arms around her waist. "Other people's praises are different from yours, don't you know that?"

Su Bei smiled and left a kiss on his lips.

She completely forgot about Feng Ze.

...

Knowing that Su Bei had chosen this tough role, the other female artistes in Di Xing Media Company were relieved.

From the looks of it, Su Bei's resources weren't that good. Everyone had only forgotten about the sensational news of Mr. Lu and Mr. Weijian attending Su Bei's signing ceremony.

Su Bei chose the script for 'Boxer'. Jia Shiyun immediately encouraged the other female artistes to accept the remaining two scripts.

With her current status, she wouldn't go so far as to accept teen romance movies like 'Basketball Baby', but the role was very suitable for someone like Jia Jia.

Chapter 1023: Dress Up Like This

Youth romance movies did not have high requirements when it came to acting skills. As long as the guy was handsome and the girl was beautiful, the movie would be considered a half-success. Jia Jia was young and beautiful, so naturally, the director was satisfied.

With Jia Shiyun as the guarantor, the movie soon confirmed Jia Jia's role.

Three days later, the official announcement was released and filming would begin soon.

In terms of time, they were ahead of Su Bei.

Jia Shiyun and Su Bei had always had a grudge against each other. This time, Su Bei had signed a contract with Di Xing Media Company and snatched the ceremony that should have been for her. Even though Li Qisheng had specially organized a birthday party for Jia Shiyun that night, compared to the commotion caused by Su Bei signing the contract on that day, the birthday party at night seemed a little too boring. Jia Shiyun would not let Su Bei have another chance at stealing her spotlight.

...

In the blink of an eye, three days passed. Su Bei once again went to look for He Xuyan.

He Xuyan was as lazy as ever. His hands were in his pockets, and he had a lollipop in his mouth as he looked at Su Bei with his dark eyes.

Su Bei had come prepared this time, so she was naturally more into the character than the last time. Her dressing was more casual because the female lead was an old unwanted woman in the movie. She was average and had not achieved anything, so Su Bei specially chose a large set of clothes that did not fit her.

She had casually tied her hair up.

As for her makeup, she even used a deep foundation to change her skin tone. It covered her delicate and fair skin, making her look just like her character.

He Xuyan glanced at her, obviously not expecting her to be willing to give up her beauty and dress like this.

"Director He, is the promise from three days ago still valid? If I punch you and you waver, can we film?"

“Give me a punch first,” He Xuyan said lazily.

Su Bei could not be bothered to argue with him. After standing firm, she threw a punch. Lu Heting had said that training strength was a long-term thing, but there were tricks when it came to punching and utilizing the body. As long as she used the proper methods, it was not impossible for her to improve greatly in the short term.

Therefore, Su Bei’s punch was completely different from the last time. The last time she punched, He Xuyan did not even move his eyebrows. This time, he took half a step back and frowned. Clearly, he was hurt by Su Bei.

Su Bei retracted her fist. Actually, she also felt a slight pain. A man’s muscles and bones were really deadly.

“Director He, can I come tomorrow?” Su Bei asked with a hint of excitement. With that smile, she brightened up. There was a huge gap between her true character and the role she played. But when it came down to it, she was able to perfectly go into character.

He Xuyan looked up at Su Bei’s smile. “Who said that?”

“...” Su Bei recalled that he had indeed not mentioned it the last time. He had only told her to try again three days later. “Director He, since I’ve already made up my mind to act in this film, then just tell me what other tests there are.”

At most, she would just try again!

“We’ll start filming immediately! In five minutes!” He Xuyan said as he walked away with his lollipop in his mouth.

“...” Su Bei could no longer maintain the determined look on her face. ‘Director He, can you learn how to speak normally?’

He Xuyan was such a person. When he couldn’t find a suitable candidate, he would rather delay things for half a year and let the funding go to waste. The staff members were waiting in boredom, but he wouldn’t start filming or compromise.

Chapter 1024: Lost At The Start

Once they had decided on an actress, they were about to make their move. The entire production team had been on standby for a long time. When they heard that filming was finally about to start, they were all excited. All of them rubbed their palms together, eager to get into work mode.

They had been waiting for too long!

Su Bei filmed for the whole day and only managed to find time to send the news to Qiao Mei and Lu Heting when work ended at night.

Qiao Mei was surprised. Su Bei could actually handle He Xuyan?

Previously, whether it was Di Xing Media Company or other companies, they had recommended many people to He Xuyan, but he had rejected them all. Now, he had taken a liking to Su Bei!

Qiao Mei was surprised but also told Su Bei to work hard.

She could see that Su Bei was a promising talent. Her only shortcoming was that she was too stunningly beautiful. Being beautiful in the entertainment industry was a matter of course, but it was easy to walk down the wrong path.

Besides, lust was the root of everything.

Only talent could make people loyal to their choices.

Lu Heting received the message, and his lips curled into a faint smile. However, it disappeared after a moment. The filming this time was a test of stamina and energy. There were also quite a lot of fighting scenes. It was even more challenging than the previous historical movie. He wasn't worried that Su Bei wouldn't be able to take it, but his heart ached.

Lu He Ting had already learned about He Xuyan. He was a drama addict and had extremely strict requirements during filming. It seemed like he needed to take some time out to learn more about this man.

Su Bei was fine and did not have much to worry about. When she was a model, she had a lot of work to do and relied a lot on her stamina. Previously, some of the clothes she wore on stage weighed dozens of kilograms. Although she only went on stage for a short one to two minutes, she often wore them for a few hours backstage because it was inconvenient to take them off. She was already used to heavy work.

The official announcement for 'Boxer' did not attract much attention.

Firstly, Su Bei's current situation was too low-profile. She didn't even hype up the news about her contract signing ceremony with Di Xing Media Company and only gave a simple statement.

Secondly, He Xuyan had only directed one movie before this. It was a high-quality movie, and some loyal fans were still talking about it. However, it had been a few years since then, so it wasn't popular enough.

Thirdly, this kind of plot was not commonly talked about among young people, and everyone was not familiar with it. Hence, it did not cause too much of a stir.

Only Su Bei's loyal fans and He Xuyan's few fans reposted the news.

Since He Xuyan's loyal fans were all elites in society, they had high expectations for the quality of the movie. Knowing that the female lead was Su Bei, everyone felt uneasy and did not think He Xuyan should have made that choice.

Su Bei's face was beautiful and moving. She was a flower among humans. How could it be so easy for her to show the true nature of society, which was what He Xuyan wanted to depict in the movie?

Even the insiders were not optimistic about this movie. Naturally, regular people did not pay much attention to the movie.

Instead, the announcement of Jia Jia's involvement in 'Basketball Baby' attracted a lot of attention.

Basketball was a popular sport, and the basketball players who everyone liked to see all had good figures and looks. This kind of movie wouldn't be bad, and it would easily attract people to watch it.

So it seemed that Su Bei had lost right at the start.

Su Bei did not think so, however. She worked mainly to earn money to support her children, so as long as it was not against the law or against her conscience, she would accept it.

Chapter 1025: Repaying Him

It was different now. She did not need to rely on her work to earn money. She had the freedom to make her own choices.

In that case, why not choose something that she truly liked so that she could leave behind something memorable in her life?

She was only worried that Qiao Mei would be dragged down by her.

However, before she could look for Qiao Mei, Qiao Mei called her first.

“Su Bei, don’t worry about anything and just focus on filming. Who can say who’s the final winner until we reach the end? At the very least, I have confidence in you and He Xuyan.”

With Qiao Mei’s words, Su Bei felt more at ease.

The filming that followed was indeed tough. He Xuyan’s requirements were very high. Although Su Bei’s foundation was not bad, she was not a professional boxer, after all. It was inevitable that she could not perform as well.

Hence, she had to film during the day and train her movements and posture at night. She was exhausted every day.

In the past few days, Su Bei would already be asleep when Lu Heting came out of the shower.

He lowered his head and sniffed her fragrant hair. He shook his head and laughed. Was she going to choose a movie over her husband?

Although he had some complaints in his heart, her actions were very honest. He resigned himself to his fate and helped her check if there were any bruises on her body. When he saw them, he applied medicine to them and massaged them, unwilling to see scars on her body.

From another perspective, her physical fitness would improve greatly after filming this movie. In the future, would she be able to repay him even more?

...

On Feng Ze’s end, he was getting closer to Madam Lu.

Madam Lu was very satisfied with this junior and said to him, “Come over tomorrow and I’ll hand over the company to you.”

“Thank you, Aunt Qing.” Feng Ze nodded politely with a harmless smile on his face.

Madam Lu smiled and said, “It should’ve been yours in the first place. When I took over everything from your parents, I already had this plan in mind. However, I didn’t manage to find you at that time, so I had no choice but to manage it myself. It’s good that you’re back now.”

Feng Ze was still smiling, but there was a hint of sarcasm in his eyes.

He would finally be taking his parents' belongings back.

Initially, he thought that it would take some effort, but Madam Lu was handing it to him directly.

Even though it was slightly unexpected, it didn't reduce Feng Ze's hatred toward her. Did she think if she returned the company, she could pretend that nothing had happened?

He said goodbye to Madam Lu and walked out with Gu Xifeng.

"Boss, Madam Lu seems to be very sincere. I've seen all the documents she gave me. She did indeed give you all the control rights and shares of the company," Gu Xifeng said.

Feng Ze did not reply. Gu Xifeng glanced at him and continued, "Furthermore, Madam Lu didn't use your parents' company to subsidize the Lu family. All these years, she has been managing the company independently. It's doing well too. This company is relatively independent of everything that Lu Heting has."

Feng Ze looked up. "What are you trying to say?"

"I'm wondering if what happened back then was a misunderstanding..." Gu Xifeng said in a low voice. After he finished speaking, he felt the pressure around him decreasing.

Obviously, Feng Ze didn't think it was an accident.

Although he was young at that time, he clearly remembered how that car had lost control and crashed into his father's car. He also clearly remembered that his parents had already climbed out of the overturned car, but the car opposite them still refused to let them go and directly crashed into them again.

Chapter 1026: The Love Of Her Life

How old was he then? Maybe three or four.

Although he was old enough to remember things, he was unable to do anything in the situation back then.

He could only watch his father's body be sent flying like a kite. He could only watch his mother spit out blood as she looked at the woman driving the car. "Han Qingwan? Han Qingwan, why did you do that?"

Yes, it was Han Qingwan, who was also known as Madam Lu.

His mother had held him in her arms, still whispering that name. Han Qingwan. Han Qingwan.

Hence, Feng Ze had never forgotten that name, Han Qingwan.

The moment he closed his eyes, he would see blood, and it blocked his vision. It was as if his eyes were already soaked in blood.

He did not mention this matter to anyone, not even Feng Feifei.

However, the sight of blood lingered in his mind forever.

Every day he spent in the orphanage was accompanied by the sight of blood. Only the time he spent with Su Bei was different. Her eyes were wide open, and her face was soft and cute. When she handed him the candy in her hand, he didn't dream of blood that night.

Feng Ze had already checked the information. Back then, Han Qingwan and his mother were best friends. It was possible that the two of them had fallen in love with the same man, and that was Feng Ze's father. Because in the information he received, he had seen the love letter that Han Qingwan had written to his father.

Perhaps it was because of this reason, or perhaps it was because of the Feng family's huge family business, that Han Qingwan was so vicious.

The truth of the matter could not be verified, but Feng Ze would never forget Han Qingwan's vicious expression as she sat in the car. It did not matter that her face was filled with love now.

Feng Ze didn't mind Gu Xifeng speaking up for Madam Lu, because Gu Xifeng had never seen the blood bath from back then. He did not see how his father had flown out like a piece of paper before falling to the ground, almost breaking into pieces.

Feng Ze was back now. Apart from taking back the company that Madam Lu had been controlling, he also wanted Madam Lu to experience the feeling of losing the love of her life.

The love of Madam Lu's life was Lu Heting.

Forget about Lu Weijian. He wasn't Madam Lu's biological son. He was just the second young master of the Lu family.

Gu Xifeng saw that Feng Ze's expression was getting darker and darker. He said with a cold expression, "But Da Bao..."

Since it concerned Su Bei and Da Bao, should he proceed with his plan?

Feng Ze's voice turned colder. "Didn't Su Bei and Da Bao still survive in those years without Lu Heting?"

If not for that misdiagnosis, Su Bei and Da Bao would still have stayed in America like before. They would not have thought of Lu Heting or come back.

She and Da Bao had never really needed Lu Heting. It was like that in the past, so it would be the same in the future too.

Gu Zifeng thought to himself, 'That's different. Everything is different now.'

But knowing that saying it would not change anything, he could only keep his mouth shut.

The next day, Madam Lu prepared all the documents.

For more than 20 years, she had been guarding this huge company for her best friend. She had done her best and did not dare to waste a single moment. Finally, she had found her best friend's child.

Initially, she thought that something had happened to the two children, but she did not receive any concrete news from the police.

Hence, she could only investigate while waiting.

Chapter 1027: The Right To Be A Husband

And now, the child had finally appeared before her. That child looked cold and distant, but who knew that he was so likable and had a good personality? Madam Lu was finally relieved.

Giving the company in her hand to that child could be considered as comforting her best friend's and her husband's soul in heaven.

Without reservation, Madam Lu handed everything to Feng Ze.

...

Su Bei's scenes progressed very quickly. Although He Xuyan had strict requirements and wanted every scene to be perfect, Su Bei's acting skills improved exceptionally quickly. At the start, she had made many mistakes. But under He Xuyan's critique, she was slowly able to improve.

Sometimes, after a scene was filmed, Su Bei hoped that he could point out some flaws. However, He Xuyan would watch the scene for a long time before saying with a lollipop in his mouth, "Pass! Prepare for the next scene!"

After the filming of the drama scenes, all that was left were the fighting and training scenes.

According to the script, the female lead's training would be held in the suburbs, so these scenes had to be filmed separately in the suburbs.

Su Bei packed her things while Gun Gun hugged her leg unwillingly.

"I'll be back soon. At most, it'll only be six or seven days."

Gun Gun looked at her and nodded obediently. "Okay."

Su Bei suddenly remembered that the Feng Ze she saw that day was also this obedient. He was so innocent that he didn't look like Feng Ze at all. He was like an ignorant child. Would Gun Gun grow up to be like Feng Ze?

At the thought of this, she quickly stopped her unrealistic thoughts.

Da Bao could not bear for Su Bei to leave, but he knew how to control himself. He pulled Gun Gun away and said, "Let's go over there to play."

They should give Su Bei and Lu Heting some time.

Lu Heting reached out to put her luggage away and said, "Then I'll come over once every three days."

"Actually, there's no need to go through so much trouble. It'll take six to seven days, no longer than ten days. I'll definitely be back." Su Bei's heart ached at the thought of him going back and forth to visit her. He was usually quite busy, so it was not unbearable to part with him for a few days.

Lu Heting looked down at her. "Then how can I guarantee my rights as a husband?"

"..." Su Bei raised her face. "Then I'll bring you along."

“I’ll get Lu Hang to customize a large suitcase.”

Seeing that he was serious, Su Bei quickly pulled him back and reached out to hook his neck. “Okay, come visit me every three days. I’ll wait for you if you come.”

“I hope that when I come, I won’t see you injured.” Lu Heting planted a light kiss on the tip of her nose. Actually, going once every three days was already considered a long interval for Lu Heting.

If he didn’t have his two sons to accompany him, he would have gone there once a day.

The journey was a little far, but it was not difficult.

...

After Su Bei left, something big happened in the capital city.

After Feng Ze got the company that Madam Lu had given him, he combined it with his own vast investment and formed a super large corporation.

The company that Madam Lu managed was so big because of Lu Heting’s secret efforts. Hence, the development there was very fast and stable. They were also very familiar with the operations of Lu Group.

Chapter 1028: Become Enemies

As a result, Feng Ze used his current corporation to stop Lu Group from collaborating with overseas companies and cut off large amounts of their investments and projects.

Madam Lu had never thought that things would turn out like this. She tried calling Feng Ze again but to no avail.

Lu Group was the economic lifeline of S Country. Under such circumstances, the foundation of the entire country’s economy would naturally be shaken.

The situation became extremely critical.

Madam Lu panicked.

Sitting in the living room of the Lu family’s old residence, Madam Lu looked at Old Master Lu and Old Madam Lu with tears in her eyes. “That company has nothing to do with Heting. It belonged entirely to the Feng family. I really didn’t expect Feng Ze to repay kindness with ingratitude and cause such a mess.”

The two elderly’s heads were full of silver hair as they frowned, deep in thought.

Lu Weijian asked, “More importantly, there’s no enmity between us. Why is Feng Ze doing this?”

“I don’t have a clue either. Back then, his parents passed away in a car accident, and I had no choice but to take over that company to manage it. There weren’t any profits involved in this, so I just handed it over to him like it was nothing. Who knew that he would turn around and use that company to deal with Heting?”

Lu Weijian suddenly thought of a possibility. “Ah, is it because Feng Ze likes Sister-in-law...”

He found out about this when he was with Lin Yu. Now, he blurted it out.

Lu Heting stopped him. "Lu Weijian!"

Weijian quickly retreated, realizing that he had said something wrong.

However, the casual remark had already caught the attention of the listeners. Madam Lu said, "What? What did you say? Feng Ze likes Su Bei? Is that why he's going against Heting and even turned against me?"

She couldn't contact Feng Ze now, so she didn't know the truth.

However, due to her best friend, she had a very good impression of Feng Ze. Moreover, she was aware of the fact that he was displaced all these years and didn't have any protection. Hence, she naturally thought that he wouldn't do anything bad.

If Su Bei was really involved, then she truly was a femme fatale.

Lu Heting could tell what Madam Lu was thinking. His voice was stern as he said, "It has nothing to do with Su Bei. This matter does not involve Su Bei."

On the surface, Madam Lu didn't say anything, but she was certain of it in her heart. Su Bei hadn't been in the country in the past few years. She had heard that she was in America. Feng Ze was also in America. Perhaps there was some dispute between the two. Maybe Su Bei had betrayed Feng Ze, which led to the current situation.

At the end of the day, Madam Lu was prejudiced against Su Bei, so she would rather it be because of Su Bei than her best friend's son being cruel and ungrateful.

"Only Feng Ze knows what exactly is going on. There's nothing going on between him and Su Bei. Don't involve Su Bei in this matter," Lu Heting said this and turned to leave. There were still many things waiting for him to handle in the company.

Lu Weijian chimed in, "Mom, I was just casually speaking. If Feng Ze really had something going on with Sis-in-law, he wouldn't have waited until now to make a move. Anyway, don't overthink it. My brother is here."

He felt a lingering fear. After creating such a huge mess, he wondered how Big Brother would punish him.

Chapter 1029: Won't Come Over To See Her For Now

Ever since Lu Heting took over Lu Group, he had encountered all sorts of storms.

However, there were only two major crises.

He had successfully resolved the first crisis after turning the tide around.

The second time was this time.

Feng Ze had taken over the company that Madam Lu had been in charge of all these years and which Lu Heting had personally helped. Feng Ze was using this opportunity to attack Lu Heting, which was equivalent to using Lu Heting's fist to hit him.

There was no need to elaborate on the power behind it.

When Lu Group encountered such a crisis, their share price naturally reflected the struggle. The price fell and was forcefully pushed up by Lu Heting before falling again like a roller coaster.

Lu Weijian knew that he had said something wrong, so he came to Lu Heting to apologize.

Lu Heting sat in a large office chair, leaning against the back of it without moving. His expression was frozen.

Lu Weijian would rather his older brother scold him or kick him a few times than see him like this.

"Brother, I was wrong. I shouldn't have gossiped, especially in front of the elders..." Lu Weijian stood in front of Lu Heting obediently.

Lu Heting seemed to be deep in thought. He didn't respond and didn't bother to look at him.

Lu Group's crisis had started to grow bigger, causing the companies related to Lu Group to suffer huge pressure.

S Country's current economic situation was chaotic and terrible.

...

Su Bei's scenes became more difficult to film.

He Xuyan's training requirements for her had already reached the high standards of professional boxers. Even the male actors in the same industry could not take it anymore, but Su Bei's training never stopped.

"Director He, why don't you let Su Bei rest for a while?" The male actor saw the weight Su Bei was carrying and couldn't help but ask.

Everyone could no longer bear to watch.

"That's the amount of training she needs."

"But she's still an artiste, not a boxer..." the actors argued.

He Xuyan sucked on his lollipop and said in a low voice, "That's why she's the main character and you guys can only act as supporting actors."

The light in his dark eyes was filled with mockery.

The male actors' faces turned red. If He Xuyan weren't the director, he would have been punched.

Su Bei gritted her teeth and endured it without saying a word. Her strength had increased, and her physical strength had multiplied.

However, the only thing was that she would get sunburnt. Even so, her skin would become as fair and translucent as a baby's skin again the next day.

Due to the extensive training, Su Bei did not even realize that Lu Heting had not come to visit her even after three days. Su Bei did not find it strange as she did not even calculate the time.

A day later, Lu Heting called to tell her that he was busy and would not be visiting her for the time being. They would only meet when she returned.

Su Bei had no objections and only reminded him to take care of his body no matter how busy he was. She then put down his phone and fell asleep.

The advantage of being busy was that she had no problems falling asleep every night. She had no time to chat or watch the news, so she didn't even notice what was happening to Lu Group.

As for the others, they lived under He Xuyan's strict standards every day and did not dare to gossip about the news. Besides, 'Boxer' was not invested by Lu Group. Even if someone saw the news, they would not have the chance to talk about it.

Chapter 1030: If You Can Really Do It

Madam Lu felt like she was sitting on pins and needles.

No matter what the cause of this matter was, it was all her fault.

It was because the Feng family's company belonged to her best friend. Lu Heting had never cared about who she wanted to give it to. He only wanted to help her.

Who knew that it would cause such a huge crisis in the blink of an eye?

Madam Lu finally contacted Feng Ze.

The moment the call connected, her breathing quickened. She asked, "Feng Ze, why are you doing this?"

A calm male voice sounded from the other side. "Boss is very busy now. Please call back in a few minutes."

Madam Lu had no choice but to wait patiently for a few more minutes. On the other hand, Feng Ze was merely drawing with his head lowered. On the snow-white paper, he had casually sketched out an exaggerated and abstract image of a person with a ghostly and terrifying aura.

The call went through again. Feng Ze's voice was still gentle and polite. "Aunt Qing."

This time, Madam Lu was at a loss for words. She was extremely frustrated.

It was as if Feng Ze wasn't the one behind all this.

"Feng Ze, do you know what's been going on recently? Why are you doing this? I gave you the company, so why are you biting the hand that fed you?"

Feng Ze was still casually drawing on the paper, but his voice was noble and cold. "Is that so? Aunt Qing, don't you know why?"

“Of course, I don’t know! I’ve never had any grudges with you. All these years, I’ve been helping to manage the Feng family’s company. Although I did it willingly, I still gave it back to you in the end.”
Madam Lu was furious.

After a long while, she finally calmed down and said in a gentler tone, “Feng Ze, can we have a proper talk about this?”

The tip of Feng Ze’s pen snapped on the piece of paper, leaving a deep scratch on it. From the looks of it, not only did Han Qingwan not reflect on her actions, but she also did not have any remorse in her heart. In fact, she did not even have the slightest intention to admit her mistake.

Feng Ze’s eyes were bloodshot, and he had lost all interest in talking.

Madam Lu had said all she wanted to say, but there was only Feng Ze’s calm breathing on the other end of the line. He didn’t even explain himself.

Madam Lu didn’t want to mention Su Bei. Lu Heting had repeatedly told her not to mention Su Bei.

However, she could no longer hold it in and said, “Is it because of Su Bei?”

“Heh.” Feng Ze laughed lightly. He was full of mockery. She didn’t even dare admit what she had done, yet now she wanted to push the blame on Su Bei?

Madam Lu thought that she had hit the nail on the head and said, “Okay. If it’s really because of Su Bei, then will you be satisfied if I make Su Bei leave Lu Heting? Will you be able to stop when you achieve your goal?”

“If you can really do it...” Feng Ze said calmly. He knew that this was something she couldn’t do, so he didn’t think that Madam Lu’s words represented any sincerity.

He didn’t even bother to remind Madam Lu of what she had done.

Could it be that only pain was permanent in one’s mind?

What about such a vicious crime? Was it so easy to forget about it?

Feng Ze hung up and threw the drawing into the fire.

Gu Xifeng watched from the side, and a trace of worry flashed past his eyes.

After Madam Lu ended her call, she hurried out.
