

Chapter 1051: How Serious Is It?

Lu Heting pinched his eyebrows. "That's why we still have to investigate."

He had already arranged for someone to investigate. There were very few clues left behind from what had happened 20 years ago.

At that time, surveillance cameras were not popular.

Moreover, Feng Ze's parents had both passed away.

"What's there to investigate? Mom wouldn't have done such a thing!"

Lu Heting said calmly, "Only by investigating can you clear her name and what you want can be realized."

Lu Weijian was speechless. He admitted that his brother's words made sense, but he couldn't get over it. Apart from his brother, Madam Lu was the closest person to him. How could he believe that she had done such a thing?

He said, "She had no reason to do that."

Lu Heting did not say anything else. He could only believe in the evidence. He had always done things based on reason, not emotion.

It was because feelings could not solve these problems.

Lu Weijian knew that he could not persuade his brother, so he turned around and left.

Lu Heting put his hands on Su Bei's shoulders. "Don't be affected by Lu Weijian. Don't make yourself suffer."

He was referring to the matter of her forgiving Madam Lu.

"Okay." Su Bei nodded lightly. She had nothing else to say.

It had rained last night. The air was very fresh. Someone had mowed the lawn outside the window, and the air was filled with the unique fragrance of grass.

There were still water droplets on the leaves. The sun was shining brightly in the sky, bringing with it the heat of noon.

Then, Gu Xifeng walked into the hospital.

When Su Bei saw him, her expression became a little brighter. "Third Brother! I haven't seen you in a long time. What are you busy with?"

Gu Xifeng knocked on her forehead. "Are you feeling better?"

"It's not a big deal," Su Bei said with a smile.

"What are you talking about? Why would you have fainted if you were fine." Gu Xifeng pouted.

Su Bei thought that he was just here to visit her and it was not convenient for him to disturb Lu Heting's work. She said to Gu Xifeng, "Why don't we talk outside?"

Seeing that she was protecting Lu Heting, Gu Xifeng could not help but shake his head.

He pursed his lips and said, "I'm actually here to talk to the two of you. There's something I need to tell you."

Lu Heting, who was sitting amidst the pile of documents, looked up when he heard that. He knew that Gu Xifeng had something important to say.

Although this man looked very calm, the glint in his eyes proved that what he wanted to say was very important.

Lu Heting pointed at the chair in front of him and gestured for him to sit down.

Su Bei also found a seat and sat down.

The sunlight outside the window was dazzling. Gu Xifeng said, "Feng Ze is sick. I didn't dare to confirm it before, but now, I can make a judgment."

Su Bei knew him very well. When he was speaking, he would subconsciously touch his fingers.

At this moment, he was continuously touching his fingers. It seemed that Feng Ze's illness was very serious.

Although Su Bei had not accepted Feng Ze's pursuit, it did not mean that she had no feelings for him at all. It was an indescribable feeling, similar to the feelings between relatives.

"What's wrong with him? How serious is it?" Su Bei asked subconsciously.

After asking, she seemed to feel Lu Heting's gaze on her. She tilted her head to look at him and reached her hand out to him.

Lu Heting held the woman's hand. His heart trembled slightly before calming down. The little bit of jealousy also dissipated as he held her hand.

Chapter 1052: Several Souls In One Body

Gu Xifeng seemed to not know how to define whether it was serious or not. He hesitated for a moment before saying, "He has multiple personalities. As for how many he has, I and the other doctors have yet to come to a conclusion."

Su Bei's mouth fell open slightly. She was indeed surprised by this.

Having multiple personalities was a psychological disorder. It was a disease where there were personality characteristics of two or more 'characters'.

These different 'characters' each had their own habits, way of thinking, living environment, and understanding of themselves. They would take turns to dominate a person's actions. It was as if there were several souls in the same body.

The emergence of multiple personalities was mostly related to the abuse the person suffered when they were young.

Thinking of the video that Lu Heting had mentioned previously, Feng Ze's parents were killed in front of him. He had experienced a huge trauma, so he had multiple personalities.

At the thought of this, Su Bei's heart ached. She had actually sensed the difference in Feng Ze a long time ago, but because of her fear, she never thought about the reason. Instead, she kept avoiding Feng Ze and never thought of helping him.

Lu Heting never expected such an outcome. He looked up at Gu Xifeng seriously.

Gu Xifeng continued, "As far as we know, he has a very cute but autistic personality, a cold-blooded killer personality, and the other is a capable businessman. We can't confirm the rest for now."

Su Bei recalled the time she bumped into him in the parking lot. He did look very cute and gentle. He was as harmless as a child. At that time, Su Bei was especially terrified. However, she did not expect that he was just one of Feng Ze's multiple personalities.

"Little Fifth Sister, you should have some impression of this, right?" Gu Xifeng asked Su Bei.

Su Bei could indeed make the connection. Sometimes, when Feng Ze was quiet, he was especially clear and calm. He would often remain silent and sit alone. It was as if the entire world had nothing to do with him.

The reason why the people from the underworld were afraid of him was probably that his bloodthirsty side was always displayed in front of those people.

As for earning money... The Feng Ze that Su Bei knew had always invested in everything to earn money. There was no doubt about that.

Lu Heting remembered the time when he saved Su Bei at the border. Those thugs who lived outside the law weren't even afraid of the police. However, when they saw Feng Ze's face, they all avoided him.

"I'm sorry," Su Bei said in a low voice. "If I had realized that he had such a problem earlier, I would have told you earlier..."

She recalled that time when Feng Ze had forcefully kissed her. Just because of that, she had developed a terrifying prejudice against him and refused to have any more contact with him. She would always avoid him.

At that time, he must have been taken over by another personality, right?

She was too careless and immediately made a verdict. Otherwise, his illness would definitely have been discovered earlier.

"You don't have to apologize. I didn't come to look for you to have you apologize. Moreover, ordinary people won't understand this kind of illness, so they won't easily associate it with that. Even I was suspicious for a long time before I started to look into his situation."

Chapter 1053: It Was Not Certain They Were Without Hatred

“How is he now?” Su Bei asked.

Gu Xifeng said, “His main personality has always been able to control his body, but it’s hard to say. Do you remember that in the past, every time he came to look for you, he would be inexplicably injured? Previously, I thought that he was injured by someone because those wounds were too strange. It was impossible for him to have injured himself.

“Now, I know that it’s probably because some of his personalities like you, while others stop him from looking for you. That’s why his body is injured from repeated struggles.

“That’s also probably why he let you get snatched away by others even after knowing you for so long.”

When Gu Xifeng said this, he did feel a little regretful. Everyone liked Su Bei. Who did not want to see Feng Ze and Su Bei together? If that happened, they would not have to stay away from anyone, nor did they have to get involved in the battles involving Lu Group.

However, Feng Ze could not get her. Everyone could only wish Su Bei and Lu Heting well.

Now that he thought about it, he realized that Feng Ze had ruined his own chance.

“So now, it’s his main personality that wants revenge?” Lu Heting asked bluntly.

“Yes,” Gu Xifeng said. This was also the most difficult part of it all. The hatred his main personality possessed had already reached its peak and was very difficult to eliminate.

Moreover, it was not certain that his other personalities did not carry the same hatred. They might be even wilder. After all, Gu Xifeng only knew about his main personality and did not know much about his other personalities.

According to Gu Xifeng’s investigation and understanding, Madam Lu had probably really done such a thing.

He looked at Lu Heting. “Feng Ze’s memory has always been surprisingly good. He can completely replicate the scenes he has seen with his brush strokes. It’ll be no different from what you see in surveillance footage. Therefore, it’s hard for me to believe that he made the video with just his imagination...”

“But that can’t be used as evidence,” Lu Heting said.

Lu Heting could not convict his mother with just this video.

Gu Xifeng could understand his feelings and said, “Go ahead and investigate. I’ll try my best to persuade Feng Ze.”

Even if it were not for Su Bei, Gu Xifeng had never liked to see Feng Ze’s arrogant demeanor in doing business and bloodthirsty behavior. It was probably because he was a kind doctor, so Gu Xifeng had always respected life.

After Gu Xifeng left, Lu Heting’s mood darkened.

Su Bei's mood was a little messed up by this matter even though what Gu Xifeng said made sense. It was difficult for ordinary people to distinguish a person's illness, let alone such a complicated psychological illness.

However, she still felt that she had made too many mistakes and should have done better.

...

Madam Lu was not doing well. Lu Weijian was guarding her.

Lu Heting took the time to go over again.

Su Bei followed him.

However, when they reached the door of the ward, Lu Heting still could not bear to let her go over. He asked her to wait outside first.

When Lu Heting walked in, the usually graceful and exquisite Madam Lu's face was sallow. Her hair was disheveled as she muttered, "It wasn't me, it wasn't me. I didn't..."

"It's okay, Mom. It's okay. It's not you. We all know it's not you." Lu Weijian was comforting her.

Madam Lu only shook her head and did not listen to Lu Weijian's persuasion at all. She looked confused and grabbed Lu Weijian's hand tightly.

Chapter 1054: Can't Be Made Out To Be A Good Person

"Brother." Lu Weijian tilted his head to look at Lu Heting. "Grandpa and Grandma came too, but Mom's condition isn't good."

Lu Heting strode over. When Madam Lu saw her son, she looked even more panicked. "Heting, it wasn't me."

"I'm investigating," Lu Heting said in a low voice. "Rest well."

Hearing Lu Heting's words, Madam Lu's expression finally calmed down a little. However, Lu Heting's words were too rational. He had to investigate it before she believed him. Madam Lu broke down even more.

She knew that it was Lu Heting's usual way of doing things, but she was still upset.

Madam Lu also knew in her heart that because of Su Bei, her relationship with her son could not be resolved anytime soon.

This matter had nothing to do with Su Bei. Feng Ze's true hatred was directed at her. She was the culprit behind the current crisis.

"Weijian, take good care of Mom," Lu Heting said.

Madam Lu's mind went from clear to a little blank. She said, "It wasn't me..."

Her thoughts were sometimes clear and sometimes not.

...

After Su Bei's condition improved, she returned to the production team.

That child had been receiving treatment. It was said that Wang Juntang had already come up with a detailed plan. He could undergo surgery when his body was suitable.

She met Qiao Mei at Di Xing Media Company.

Qiao Mei smiled and said, "Why don't you rest for a few more days? Even Director He isn't rushing you."

"I've rested well. It's about time I come back."

"Su Bei, you should've released the news. It would've benefited your image a lot, but Manager Li refused. I heard it was your idea?"

Su Bei was slightly stunned and knew that this was Lu Heting's idea.

She understood Lu Heting's meaning too. A good person could not build themselves a good image. After setting up a good image, one's morals would be judged by everyone at any time. Everyone would be demanding. It was better not to make oneself out to be a good person.

Of course, Qiao Mei's idea was not wrong either. It was just that Qiao Mei's idea valued short-term effects.

Lu Heting valued Su Bei's life.

"It's my idea. I just want to keep a low profile and continue filming. Moreover, that child's condition isn't good. If news gets out, many people might disturb him. It won't be good for him when he's trying to recuperate."

Qiao Mei agreed. "Alright, I'll suppress this matter. Continue filming."

Su Bei smiled brightly. She silently processed her emotions, and everything returned to normal. She did not want her bad mood to spread.

Moreover, the theme of Boxer was to show one's courage and fearlessness.

...

In the next few days, the situation began to return to normal.

Madam Lu's health had recovered a little. She had recovered from her breakdown and was clear-headed at times. She had light makeup on, and her hair was tied up. The effects of the breakdown from a few days ago could no longer be seen on her slightly haggard face.

Lu Heting also achieved a preliminary victory in his counterattack against Feng Ze. His businesses broke through Feng Ze's suppression and made progress in various fields and countries, but he had yet to achieve an overwhelming victory.

Su Bei's filming progressed quite quickly.

He Xuyan was still sizing her up with his dark eyes and a condescending expression. His harshness did not change, but when Su Bei spoke to him, he would get a little emotional. He no longer tilted his head and looked as though he was confronting a stranger.

Chapter 1055: Deserved Punishment

However, the matter was far from over.

Madam Lu asked Feng Ze out again.

Because Madam Lu's mood had improved and her body was fine, Lu Weijian no longer followed her everywhere.

Moreover, Madam Lu had made an appointment to meet Feng Ze. She did not inform anyone and went behind Lu Heting's and Lu Weijian's backs.

Feng Ze had accepted the invitation. He had a faint smile on his face. He was still as cold and polite as before. When he saw Madam Lu, he greeted, "Aunt Qing."

It felt as though his hatred was from the previous century and the two of them were good friends.

"Feng Ze, I've thought it through. I was the one who did it. I'll bear the responsibility alone. I'll go to the police station and surrender myself to confess my mistake. As for you, now that you've taken revenge, don't look for trouble with Lu Heting anymore." Madam Lu carried her bag on her wrist and looked quite magnanimous.

During the few days when Madam Lu was in the hospital, those memories surged into her mind and haunted her. Although it was difficult for her to remember what she had done and there was no reason for her to do those things, she could not lie to herself. This video had touched the depths of her heart too deeply, making her unable to calm down.

It was not until she thought it through and realized that she should take responsibility that she calmed down.

"So?" Feng Ze asked lightly, his smile widening.

"I'll bear the legal responsibility. Heting will also be criticized for having a murderer as his mother, and Lu Group will be greatly affected. What you want will be fulfilled."

Feng Ze nodded lightly. "You're right. However, this is too simple."

"I'll receive the punishment I deserve. I'll spend the rest of my life in prison. Isn't that enough?" Moreover, she would lose all her dignity and reputation.

To a rich woman, Madam Lu's actions meant that she would lose everything.

This was worse than killing her.

She was used to being high and mighty. Lu Group had always been the best. When the time came, many people would laugh at her. She would forever live in the whispers of everyone.

This was the worst punishment.

Feng Ze chuckled. "That's right. If you're left without your reputation and status, it's indeed not enough for you to be criticized. It's Lu Heting, Su Bei, Da Bao, and Gun Gun who'll be taking the blame for you, not you yourself."

“You’ll live a carefree life in prison. You can stay in a single room and get all the satisfaction you want. Apart from not being able to come out, everything about your life won’t be much different from when you were the high and mighty Madam Lu.

“You’ll live a very carefree life and be especially calm. You’ll think that you’ve shouldered all the responsibility and that you’re so great, so you can let yourself sleep peacefully. Just because you’re being punished by the law, you’ll think that you won’t have to feel guilty or repent. You’ll even be touched by your own actions. Do you still hope for me to forgive you?”

His voice mimicked Madam Lu’s tone perfectly.

When Madam Lu heard this, she knew that he was right. If she turned herself in, she would be able to seek relief and salvation. She would not have to suffer from nightmares.

However, what else could she do?

What else could she do?

Madam Lu’s choice was the best she could think of.

“Then what do you want me to do? Apologize with my life?” Madam Lu asked!

Even if she turned herself in, she had to wait for the police to verify the truth. Was Feng Ze going to sentence her to death now?

Chapter 1056: Crash Into Both

Feng Ze curled his lips into a smile. “That’s not necessary. However, you have to experience the pain you’re putting me through.”

“What do you want me to do?” Madam Lu’s expression changed drastically.

With a glance from Feng Ze, someone immediately went forward and grabbed Madam Lu. They brought her to the parking lot downstairs and stuffed her into the driver’s seat of a car.

Madam Lu placed her hands on the steering wheel and retracted them as if she had been electrocuted. After this incident, she knew that she could not drive anymore.

She asked in shock, “What do you want me to do?”

Feng Ze knocked on the car window gently and said casually, “Lu Heting’s and Lu Weijian’s cars will be coming here later. After they get out of the car, you have a chance to choose. Crash into one of them.”

“...” Fear flashed across Madam Lu’s eyes.

However, she quickly calmed down. “What if I don’t?”

“It’s okay. If you don’t choose to crash into one of them, my men will crash into both of them. I’ll let them both die in front of you at the same time. You’ll experience the scene in the video. Aren’t you looking forward to it?” Feng Ze smiled casually.

“You!” Madam Lu gritted her teeth. “Do you think it’s so easy for you to crash into them? Are you underestimating my sons? You think they won’t have any defense skills?”

Feng Ze leaned lazily against the back of the chair. "As the saying goes, 'A random punch can kill an old master'. No matter how skilled one is in martial arts, one will still be afraid of a kitchen knife. As the saying goes, 'If you're willing to sacrifice yourself to drag the emperor down, even if you can't kill him today, you'll still be able to do it tomorrow.' As the saying goes, 'Even a drop of water can pierce through a rock eventually...' What do you think of these sayings?"

Madam Lu was terrified when she heard that. From her interaction with Feng Ze, she understood that this young man was not afraid of death at all. He was only filled with hatred.

He would do anything for revenge.

Lu Heting could be wary, but how could he be wary of the fact that Feng Ze had been scheming every day just for revenge?

Seeing her expression, Feng Ze knew that she was afraid. He smiled and said, "Then choose. Lu Heting or Lu Weijian? It's a little difficult to choose, huh? One is your biological son, while the other is a good son. I'll give you a few minutes to consider it."

Madam Lu's fingers trembled. How could she make a choice? Lu Heting was her biological son, so there was no need to elaborate.

How could she kill him?

Lu Weijian was the child she raised. Although they were not biological mother and son, Lu Weijian had a good character and was especially attached to her. He was always around her. Madam Lu had long treated Lu Weijian as her biological son.

Feng Ze wanted to rip her heart out and make her feel pain. Madam Lu could not place her hands on the steering wheel, but she was forced to.

Feng Ze did not say anything. He sat silently at the side and looked at Madam Lu calmly with a faint smile.

Madam Lu's fingers trembled, causing her entire body to tremble violently.

Feng Ze gently clicked on the video. It was playing the abstract animation of the car crash. A voice echoed in Madam Lu's ears as the scene unfolded in front of her.

"Choose one and I won't pursue this matter anymore," Feng Ze said lightly, throwing Madam Lu's heart into chaos again.

Chapter 1057: The Demon In Her Heart

Then, Feng Ze got out of the car and left with light footsteps. The video was still playing, and so was the audio.

Feng Ze got into another car and left Madam Lu alone in the earlier car.

Madam Lu pulled the car door open and realized that it had been locked. She could only stay here.

She reached out to press the button to turn off the video that was playing. Unfortunately, it was impossible.

The video kept replaying in front of her eyes. She was forced to make a decision.

She could close her eyes, but she could not stop the sound from entering her ears. Hence, the images in her mind kept replaying.

“Choose one and I won’t pursue this matter anymore.”

These words seemed to be filled with magic, tempting Madam Lu to follow along Feng Ze’s arrangements.

...

On the other hand, Lu Heting’s car had slowly driven into the underground parking lot.

Su Bei was filming, and he had a lot of work to do recently. Hence, he did not pick her up personally. He only arranged for someone to drive her home.

After several days and nights of meetings and work, he was feeling a little tired. He did not even pick up Da Bao and Gun Gun. It was not safe for him to drive in his state. It was fine if he was alone in the car, but he could not ignore Da Bao and Gun Gun’s safety.

Lu Weijian had gone to pick up Da Bao and Gun Gun. They should be here soon.

Sure enough, at the other entrance, Lu Weijian came back while humming a tune. He drove Da Bao and Gun Gun leisurely to the entrance and was slowly walking over.

Recently, the situation was developing in a good direction. Lu Weijian was quite relaxed.

Initially, Lu Heting did not arrange for him to pick up the children. However, when he came back from the company, he deliberately took a detour and picked up his two nephews. He even asked others not to tell Lu Heting that he was here for a free meal.

In the car, Madam Lu was being forced to make an extreme decision. Feng Ze only gave her two choices.

However, how could she not know that both these choices would ruin her life even more tragically?

However, the demon in her heart broke through everything and ran out. If she had to choose, she could only choose Lu Weijian.

Even though they had been in a mother-son relationship for many years, Lu Heting was still her biological son. Moreover, Lu Heting was the one who was most likely to be able to turn things around after something happened.

Madam Lu’s eyes turned red. After finding her target, there was no rationality in her eyes anymore. She started the engine and stared at Lu Weijian’s car.

As Lu Weijian did not stay here, he did not have a fixed parking space. This neighborhood was under Lu Heting’s name, so Lu Weijian usually parked anywhere he liked.

Moreover, because there were very few residents in this building, there were very few cars parked here. Most of the spots were empty.

Lu Weijian chose the widest spot and drove the car in. He then opened the car door and got out.

The demon in Madam Lu's heart rushed out at this time. She had already chosen Lu Weijian. Seeing him get out of the car, the car quickly started and drove toward him.

Lu Heting had just parked his car when he felt that the atmosphere in the parking lot was not right.

It was just his intuition. He could not tell what was wrong. Perhaps it was just because he had been too tired these few days.

Chapter 1058: Two Children

Even so, Lu Heting quickly got out of the car and looked around the entire parking lot, trying to find if something was amiss.

At this moment, Madam Lu's car had already started moving toward Lu Weijian.

Although Lu Heting had already realized that something was wrong, it was too late. He immediately got into the car and started it, planning to stop the car that had lost control.

However, he was still a step too late. The car was rushing toward Lu Weijian like a wild horse.

Lu Weijian, on the other hand, was unaware of the danger. He had earphones in his ears and was listening to music leisurely.

He opened the car door and carried Gun Gun and Da Bao.

At this moment, Madam Lu had regained a trace of rationality. She saw Da Bao and Gun Gun in Lu Weijian's arms. If the car rushed over, she would not only hit Lu Weijian but also the two children!

Unfortunately, she could not step on the brakes anymore. Besides, she had long lost control of herself as well. She had broken down. She wanted to turn the steering wheel to avoid Lu Weijian, but the car was no longer under her control at this speed.

Bang!

Bang!

Bang!

Three loud collisions sounded one after another.

Lu Weijian, who was carrying Da Bao and Gun Gun, looked back and saw three cars crashing into each other. The scene was very tragic. The accident happened less than two meters away from him.

Damn!

Lu Weijian shouted in fear and hurriedly hugged Da Bao and Gun Gun while leaving the scene of the accident.

When Madam Lu could not control the car and was about to crash into Lu Weijian, Feng Ze was in the car and saw Lu Weijian carrying Da Bao and Gun Gun.

He did not have any time to think or react. He drove straight toward Madam Lu's car and slammed into it. With an even stronger force than hers, he forced Madam Lu's car out of the designated route. Hence, Madam Lu's car crashed into the wall of the parking lot instead.

That explained the first two bangs.

The third bang was from Lu Heting's car. When he realized that Madam Lu's car was about to hit Lu Weijian, he chose the only way to quickly stop it. He wanted to hit the car and drive it off-course.

His car crashed into Madam Lu's car at the same time as Feng Ze's.

Feng Ze did not expect that Lu Heting would realize that something had happened. Lu Heting drove over at the same time as him and stopped Madam Lu's car.

Lu Heting was really a good person. Feng Ze was full of admiration for him.

The violent impact made Feng Ze's head hurt. He took a deep breath, turned the steering wheel, and left the scene of the accident!

Lu Heting was not prepared enough. He drove the car without even putting on his seatbelt, so the impact he received was a little stronger than Feng Ze's.

The airbag hit his face hard.

He was dizzy for a moment and could only watch helplessly as the other car disappeared from his sight. He could see Feng Ze's faint figure in the driver's seat.

Only then did Lu Weijian realize that one of the cars was Lu Heting's.

He hurriedly got Da Bao to call the police while he rushed over.

Two minutes ago, Da Bao had already called the police and the ambulance. At that time, Lu Weijian was still busy celebrating his survival and looking at the complicated situation with a dumbfounded expression.

Chapter 1059: Making Mistakes Again

"Brother! Brother!" Lu Weijian opened Lu Heting's car door.

Lu Heting got out of the car with his long legs. He had a bruise on his face. His body swayed a little before he stabilized himself.

Lu Weijian could not help but rejoice. Fortunately, his brother was driving a high-end luxury car today. There was no problem with the car's safety features.

Although the collision was very tragic, it seemed like his brother would be fine.

"Carry Da Bao and Gun Gun away." Lu Heting had long noticed that the car that had lost control was aiming for Lu Weijian. Maybe it was also targeting the two children.

Lu Weijian, this silly and sweet man, thought that it was an accident.

Lu Weijian hurriedly went to carry Da Bao and Gun Gun. Although Da Bao was unwilling, he could tell the seriousness of the matter. In order to not cause trouble for Lu Heting and Su Bei, he endured it.

After all, he was still so young.

Lu Heting pulled open the door of the car that went out of control. When he saw his mother's face, he was slightly shocked, but he instantly understood what had happened.

"Mom?!?!!" Lu Weijian was also shocked.

"Take the children upstairs. Leave this to me." Lu Heting had already guessed what Feng Ze forced Madam Lu to do.

"Brother, what's going on? Why is Mom like this? How did you guys crash just now?"

The events had happened behind Lu Weijian's back. He had no idea what was going on.

Lu Heting knew very well that at the critical moment, Madam Lu chose Lu Weijian... How sad would his younger brother be if he found out?

Hence, he did not want Lu Weijian to know about this and sent him off. "I'll leave Da Bao and Gun Gun to you. Just let me handle the matter, okay?"

"Okay, okay. I'll leave right away." Seeing that Lu Heting was agitated, Lu Weijian didn't dare to stay here anymore. He turned around as he walked. "Brother, tell me if anything happens to Mom! I'm very worried!"

The police and ambulance arrived soon.

Lu Heting knew what was going on, so he made immediate arrangements.

The surveillance footage was not leaked and only reported to the police.

Fortunately, Madam Lu's situation was not serious. After all, the cars involved in this accident were good cars. There was nothing to say about their safety. It was just that Madam Lu might be troubled by her emotions.

Lu Heting called Lu Weijian and told him that their mother was fine. What happened today was just an accident. He claimed that it was because he was too tired, so when he entered the parking lot, he didn't see the car in front. Hence, he bumped into Madam Lu.

Lu Weijian did not ask further. After all, he had zero information about the situation.

When Madam Lu woke up, Lu Heting was by her bed.

She opened her weak eyes and sat up when she saw Lu Heting. "Heting, how's Weijian? Where's Da Bao and Gun Gun?"

Before Lu Heting could answer, tears welled up in her eyes.

Had something happened? She could not remember at all. At the last moment, she was so dizzy and could only remember a loud collision.

Madam Lu's body went weak from fright as she sobbed.

"They're fine. Feng Ze and I crashed into your car at the same time," Lu Heting said.

Only then did Madam Lu have the strength to cry even harder.

She knew that she was wrong and had repeatedly made mistakes.

Chapter 1060: Why Do I Need To Be Handsome?

Madam Lu was too ashamed to face her son. She felt ashamed and did not even dare to raise her head to look at Lu Heting.

Lu Heting said calmly, "You chose Weijian."

Hearing that, Madam Lu knew that Lu Heting already knew everything.

She was pleased with her son's ability, but she also felt guilty toward Lu Weijian.

She nearly caused a big mistake and hurt Da Bao and Gun Gun.

"You don't have to tell Weijian about this. He had his back facing us and didn't know anything." Lu Heting was protecting both Madam Lu and Lu Weijian.

Since one was a loving mother while the other was a good son, Lu Heting did not want to ruin their relationship.

Madam Lu cried and said, "I'm sorry, I'm sorry."

"I'll arrange for someone to protect you. I won't let Feng Ze get close to you again," Lu Heting said. "Rest first."

Only then did Madam Lu raise her eyes to size up her son's back view. His back view was so firm and tall that it was as though this man could deal with anything.

She nearly made another mistake. If she had really hurt Lu Weijian, what would Lu Heting do?

If she had really hurt Da Bao and Gun Gun, what would Lu Heting do?

He would probably have to bear much more than she.

...

When Lu Heting walked out of the ward, his footsteps became a little unsteady.

Fear welled up in his heart.

He could not bear the thought of losing Lu Weijian, Da Bao, or Gun Gun.

He sat on the wooden chair in the long corridor of the hospital and panted softly for a moment.

At this moment, a figure flew toward him.

Smelling that fragrance, Lu Heting opened his arms and caught the person. He placed her on his lap and hugged her.

It was Su Bei. When she heard that something had happened to Lu Heting, she rushed over from the production team. Although she heard that he was fine, her heart still beat very fast. It was not until she was hugged by him that her wildly beating heart slowly calmed down.

Lu Heting hugged her tightly as if he was afraid of losing something.

Su Bei also wrapped her arms around his neck and hugged him tightly.

"It's okay," Lu Heting whispered gently after a long time.

Su Bei held his face and found that it was full of scratches. Her heart ached. "And you still say that you're fine? It's been a few hours, but you haven't gotten anyone to treat these wounds. You won't be as handsome anymore if you have scars."

"I'm not single. Why do I need to be handsome?"

"For me!" Su Bei took out the medicine from her bag. Fortunately, she had instructed someone in the hospital to prescribe a bottle of medicine. As soon as she got out of the car, the medicine was in her hands. "Be careful or I'll fall in love with someone else."

Lu Heting's laughter rang out softly. Like a loyal dog, he obediently stretched his face out to her.

After Su Bei was done treating the wounds on his face, she asked, "What exactly happened? How did your car collide with Mom's?"

"Who was so quick to have told you that?"

"Don't blame them. If I ask Lu Hang, how would he dare to ignore me?" Su Bei really wanted to know the truth.

Lu Heting did not want her to worry, but he knew that hiding it from her was not a long-term solution.

Only then did he tell her what had happened. When Su Bei heard about Da Bao and Gun Gun, her face instantly turned pale.

"It's okay. Da Bao and Gun Gun are fine. Feng Ze and I stopped Mom's car at the same time." Lu Heting pulled her hand over and rubbed it gently to relax her.
