

**Chapter 1061: Will Probably Give Up**

Su Bei's expression finally calmed down. She thought that since it was Feng Ze who did it, it must be because of Da Bao.

His feelings for Da Bao had always been sincere. He really treated Da Bao as his own child.

Lu Heting did not want to defend Madam Lu. Although she was forced, she did something irrational and almost hurt Da Bao and Gun Gun. That was a fact.

If Su Bei wanted to blame her, it was only right.

Su Bei closed her eyes and calmed herself down. Obviously, she could not be so magnanimous as to be understanding of Madam Lu's rash decision.

However, it seemed a little too much to pursue the matter with Madam Lu.

Lu Heting said in a low voice, "Su Bei, I'm sorry."

Su Bei was silent for a while before saying, "Let's go home first. I wonder if Da Bao and Gun Gun are scared?"

Only then did Lu Heting hug her and get into the car.

Seeing them come home together, Lu Weijian was finally relieved and asked, "Brother, what's going on? I was scared to death today."

"It's nothing much. After eating, you can pick a guest room to stay in," Lu Heting said.

"Brother, you're letting me stay here today? Hehe, it's rare for you to be so proactive." Lu Weijian's expression turned back to his usual carefree self. "By the way, how are you going to deal with Feng Ze's company tomorrow? Is there anything you want me to do?"

"There's no need. Feng Ze will probably give up."

"There's no need. Feng Ze will probably give up."

Lu Heting and Su Bei said the same thing in unison.

Lu Weijian was tortured by their display of love again. "Why? Wasn't he really insistent before? Could it be that my brother's counter-attack was too effective? I knew it, my brother is the best!"

Lu Heting and Su Bei both knew that since Feng Ze had already stopped Madam Lu today, he would not do anything for the time being.

No matter what the reason was, Feng Ze was not a bad person who killed without batting an eyelid.

...

As expected, the next morning, Gu Xifeng left a message to Su Bei saying that Feng Ze had already boarded the plane back to America.

He had also stopped cornering Lu Heting's company.

Lu Heting's counter-attack was already effective to begin with. Now that Feng Ze had stopped making things hard for Lu Group, nobody was going against Lu Heting now.

After Lu Group survived this battle, the entire economy of S Country began to recover.

Previously, there were still people who criticized Lu Group. Now, the reporters and chief editors who previously criticized Lu Group were so scared that they submitted their resignation letters and took the initiative to change careers even though Lu Heting would not even be bothered to pursue these small figures.

However, they still understood that if they stayed in this industry, their reputations would be tainted. They could forget about making a name for themselves in this industry. They might as well change careers as soon as possible so that they could still work hard.

...

Lu Weijian went to the hospital to visit Madam Lu. Madam Lu felt very guilty toward him, and her heart was filled with regret.

"Mom, rest well. The doctor said that you'll be fine soon. This is the mud cake I brought for you. It's your favorite. Try it!"

Lu Weijian took care of her with a smile.

Seeing Madam Lu suddenly cry, he hurriedly said, "Brother and Sister-in-law are really busy recently. Otherwise, they would've come to visit you long ago! Don't be sad!"

### **Chapter 1062: I'm Sorry**

Madam Lu said, "I'm not sad. They have their own things to do. It's a good thing. There's something here for you to see."

"What is it?" Lu Weijian took it curiously. It was Madam Lu's phone.

"It's the surveillance footage of the car accident that night," Madam Lu said.

Lu Weijian looked happy. "Oh, really? To be honest, I've been wanting to see it. Apparently, my brother was very heroic that night and it was as exciting as a TV show. But when I asked around, they said that this was evidence for the case, so they refused to show it to me. Even so, I really want to know what happened that night."

"Take a look at it, then. You'll find out what you want to know."

Lu Weijian quickly nodded, played the video, and watched it attentively.

In the video, Madam Lu's car was clearly heading toward him.

Then, Lu Heting and another car stopped Madam Lu's car. The three cars collided, but Lu Weijian, who was listening to music at the time, managed to avoid them.

Lu Weijian's expression suddenly became serious. Although he did not know the full story, how could he not know why Madam Lu's car was driving toward him?

The warmth and brilliance in his eyes shattered into pieces. They still shone brightly, but they were filled with confusion.

Gradually, tears welled up in his eyes.

Madam Lu's heart ached as she asked in a low voice, "Do you understand now?"

Lu Weijian's voice was hoarse. "Why?"

"Because Feng Ze asked me to choose between you and Heting. At that time, the demon was unleashed from my heart and it chose you. I'm sorry, Weijian. I've always said that I love you and treat you as my own son, but when I was really faced with something like that, I failed to keep my word."

Madam Lu's voice was filled with choking tears.

She knew that crying and apologizing was useless.

However, she still could not control her emotions.

Lu Weijian was silent, and his smile became forced.

His shoulders were slightly hunched. This scene pierced Madam Lu's heart.

However, it was already too late.

Although Lu Heting was helping her hide it from Lu Weijian, she still chose to confess her mistake regardless of whether Lu Weijian would forgive her or not.

"I'm sorry, Weijian." The word 'sorry' was especially pathetic, but Madam Lu could only say that.

Lu Weijian turned around and walked out. He was in a daze. When he felt someone standing in front of him, he looked up and saw Lu Heting's tall and slender figure.

"Brother." Lu Weijian's voice was low.

When Lu Heting saw him, he knew what was going on. His mother must have been honest with Lu Weijian and told him everything.

Lu Weijian had always been simple-minded. It was unknown if he could accept this.

"If you're tired, go back and rest." Lu Heting patted his shoulder.

"Okay." Lu Weijian nodded.

He took a few quick steps and walked past Lu Heting, escaping.

...

These days, Lu Weijian had been staying with Lu Heting.

No one was surprised that he was staying here.

However, Su Bei realized that he was especially depressed. He no longer laughed a lot like before.

She guessed that someone had told him the truth.

Su Bei went to ask Lu Heting about it.

Lu Heting rubbed his eyebrows and said, "My mother told him."

### **Chapter 1063: I'll Be Back Soon**

"No wonder." Su Bei understood where Lu Weijian's depressed emotions came from. He had been doted on by Madam Lu since he was young. At the critical moment, however, Madam Lu chose to hurt him to protect Lu Heting.

Although the outcome was not tragic, not everyone could accept Madam Lu's intention and thought process.

Most people would not be able to empathize with this pain nor understand it.

"Let him stay here for a few days," Lu Heting said.

"Okay." Su Bei expressed her understanding. With Da Bao and Gun Gun accompanying Lu Weijian, his mood should recover quickly.

The filming of Boxer was about to be completed in a few days. She became busy and did not have time to be bothered about Lu Weijian's mood.

The next few scenes were very difficult to shoot. The entire production team was under a lot of pressure.

The female character would be having her last boxing match in this scene. After a lot of training and hard work, she won many medals. After winning her last medal, she would achieve a grand slam.

However, in the last round, she was ambushed by the other party, and her leg was broken.

If this continued, she would suffer indescribable harm. If she gave up now, she would lose her medal and her opponent would win it. She would become a mere contestant who had no right to stand on the podium.

The audience below the stage stood up, cheering and looking at Su Bei's character in surprise.

Slowly, Su Bei stood up.

She chose to continue to defend her dignity as a boxer and her dignity as a medalist.

She fought back with all her might. In the end, she defeated her opponent and obtained a medal. She was also seriously injured because of this and could no longer appear in the boxing ring. She even lost her leg.

Su Bei stood on stage and completed this difficult scene. Her face was inevitably injured.

Her gaze was firm, and her face was covered in sweat. She waved her fists on the stage.

She represented the power of women and everyone who wanted to pursue opportunities.

“I’m not afraid of failure. I’m just afraid that I won’t have a chance.

“Many people at their deathbeds would say that they haven’t succeeded yet.”

These were the words of this role and Su Bei’s heart.

She had tried everything and succeeded.

“Cut!” When He Xuyan shouted this, it marked the end of all of Su Bei’s scenes in this movie.

Su Bei stood up from the floor with sweat and bruises all over her body. She took a deep breath.

“Alright, everything is done. Everything is okay!”

Following He Xuyan’s words, everyone cheered.

“Let’s have dinner together tonight!” the assistant director told He Xuyan.

He Xuyan was still strict, and everyone was quite afraid of him.

He was strict with Su Bei as well. Even when they were eating, he did not smile. Xiao Bai held Su Bei’s arm and said in a low voice, “If I didn’t know that he’s not even 30 years old, I would think that he’s already in his 70s or 80s. He keeps a straight face all day. It’s really scary.”

Su Bei glanced at He Xuyan and looked away.

As the movie was wrapped up, Su Bei did not have to wake up early to go to the set the next day. She had a good sleep.

When she woke up, she saw Lu Heting getting dressed and planning to go out.

Seeing that she had woken up, he turned around and planted a kiss on her forehead. “I’m going to the hospital. I’ll be back soon.”

#### **Chapter 1064: Indeed Take Courage**

“I’ll go too,” Su Bei said. She did not want to take the initiative to visit Madam Lu. After all, Madam Lu might not want to see her.

However, this was a critical time for Lu Heting. She wanted to do a good job as Lu Heting’s wife.

Lu Heting frowned but nodded in agreement.

Su Bei and Lu Heting appeared in the hospital together. She saw Lu Weijian running out of the hospital with an anxious expression. He went forward and grabbed Lu Heting’s hand. “Brother, go see Mom. I didn’t expect her to do this.”

“What’s the matter?” Lu Heting’s voice was filled with anxiety.

“She turned herself in to the police,” Lu Weijian said. “The police are here. Mom said that no matter what the consequences are, she’ll bear them herself. She said we have nothing to do with it and asked us not to care about her. She has already given us all her shares.”

Lu Heting strode toward Madam Lu’s ward.

Su Bei also followed.

As soon as she went over, she saw many people who looked like police officers standing at the door of the ward. When they saw Lu Heting, their expressions changed slightly.

Lu Heting said a few words in a low voice, and everyone moved aside to let Lu Heting and Lu Weijian in.

Su Bei did not follow them in. Instead, she stood at the door and waited. From where she was standing, she could see the scene inside and even hear the mother and sons’ conversation.

She glanced at Madam Lu. The usually graceful noblewoman was already extremely haggard. The wrinkles she did not have previously now adorned her face.

Su Bei sighed in her heart. It was just that she did not have any feelings for Madam Lu. Hence, this was the limit to her empathy.

When Madam Lu saw Lu Heting and Lu Weijian, she had already recovered her composure. Even though her face was full of wrinkles, she still looked like a noblewoman.

She said calmly, “You don’t have to persuade me. Whether I did such a thing or not, perhaps only the law can decide. I’m tired too. Let’s leave it to the professionals to do these things.”

Lu Heting said, “Alright, I agree.”

“Brother!” Lu Weijian did not understand.

Lu Heting looked at him. “The law will naturally exact justice. It can also free Mom from her psychological restraints.”

Madam Lu smiled when she heard that. She knew that Lu Heting had the same intentions as her, but he just did not say it.

Choosing such a method would give everyone peace of mind and give Feng Ze an explanation as well.

When Su Bei heard this at the door, she was stunned. Madam Lu had indeed done a fair job. With her identity, it was very difficult for her to calmly reveal what she had done to the police and accept the discussions of the world. Moreover, with her status, it was not difficult for her to escape punishment.

It would indeed take courage for her to come to such a decision.

Madam Lu looked at Lu Weijian and said, “Weijian, the only person I’m sorry to is you.”

Lu Weijian lowered his head and suddenly looked up. He said, “Mom, don’t say that. It’s reasonable for you to make such a choice. If my brother were injured and something happened to him, I wouldn’t be able to shoulder the responsibility of the Lu family and Lu Group. If something really happened to him, I

would have a headache. Besides, it's enough for me to know that you love me. Such a thing doesn't mean anything."

### **Chapter 1065: Freedom And Light**

Tears welled up in Madam Lu's eyes.

Lu Weijian said softly, "Even though I'm not the son you love the most, I'm still the son you love. I have no regrets.

"Moreover, I don't want anything to happen to my brother either."

When these words were said, the entire ward fell silent.

The gentle breeze of early summer gently blew past the leaves outside the window, producing a rustling sound that made one calm down.

Lu Weijian reached out to hold Madam Lu's arm. "Let me accompany you out, Mom."

When he said these words, he was very calm. He remembered that since he started learning how to speak, he had been following behind Madam Lu and Lu Heting. He had been by their sides since he was a toddler till now.

The memories of his growth quickly washed away the pain in his heart.

Sunlight shone in from the window and landed on Lu Weijian's shoulder.

He felt warmth and freedom. It was a freedom that was not bound by his own hatred.

Standing at the door and listening to these words, Su Bei looked at Lu Weijian in a new light. Someone who could reconcile with themselves like this must have a free and bright heart, right?

Madam Lu came out with her two sons. Su Bei walked away.

At this moment, although Madam Lu had retained her elegance, Su Bei was still the most unbearable person in her life. She definitely did not want to be seen by someone like Su Bei.

Hence, Su Bei only appeared again after Madam Lu left with the police.

Lu Heting watched Madam Lu leave. Lu Weijian's expression was full of worry, but he was magnanimous. The familiar Lu Weijian was back.

Lu Heting turned around and saw Su Bei standing not far away. He reached out to her and pulled her into his arms.

Lu Weijian's phone rang. He picked up the phone, said a few words, and immediately said to Lu Heting, "Brother, we have the results."

He was talking about the results of the DNA test.

This matter was done behind Su Bei's back. Lu Heting did not tell her that perhaps Gun Gun was Su Bei's son. Otherwise, if it turned out that Gun Gun was not, it would have given her false hope and filled her with regrets.

Hearing their words, Su Bei thought that it was about work, so she did not ask. She said, "If you're busy, I'll go home first. I'll take a taxi."

"No need. I'll send you back."

In any case, the results were out. Lu Heting was not in a rush.

He sent Su Bei home and said softly, "I'll go attend to some matters first. I'll rush back as soon as possible."

He watched Su Bei go up, and he only looked away when she disappeared from the elevator.

He was a little worried about the results. He was afraid that it was not what she had imagined.

Lu Heting suppressed his doubts and rushed to the hospital. Lu Weijian had already gone to get the test report.

The verification report was done by a trustworthy doctor, and the results were 100% accurate.

Lu Weijian ran over with the report and said, "Brother."

He had not seen the report himself and did not know what the outcome would be.

Of course, they all hoped that Gun Gun was Su Bei's child. Previously, there was Liao Xintong. Although she did not bring too much trouble to Su Bei, she was like a fly. She was annoying and had also become the barrier between Madam Lu and Su Bei.

### **Chapter 1066: Too Advanced For Either Of Them**

At the same time, he was also worried that the outcome would not be what they wanted.

Hence, Lu Weijian did not dare to look.

Lu Heting's fingers were half a beat slower than usual.

Finally, he took the document. It was a thin stack, but the weight of it felt heavy.

"Brother, why don't I tell you the results after looking at it?" Lu Weijian saw Lu Heting's complicated mood and suggested.

"I'll take a look at it myself." Lu Heting's voice was firm.

Lu Weijian stood still and waited for Lu Heting to read it. He was also extremely curious.

Previously, when Gun Gun was sent to the Lu family, there were actually many doubts. However, the three elders were too happy about his arrival. At that time, they didn't know about Su Bei at all, so no one would have thought to link them together.

If the two were really related, what exactly had happened?

Lu Heting finally opened the report and flipped to the last page. His gaze landed on the last line.

He saw the conclusion: [There is a biological mother-child relationship between the tester and the testee.]

Seeing Lu Heting's stunned expression, Lu Weijian could not help but snatch the report from him. He quickly took a look and was overjoyed. "Brother, it's true! It's true! Look, it's true!"

At this moment, apart from the joy of the mother and son reuniting, Lu Heting also felt heartache for Su Bei. Throughout these years, she had been enduring the pain of all this herself. Gun Gun's existence was undoubtedly the best gift for her.

Lu Weijian asked curiously, "But what's going on? How did such a thing happen to Gun Gun? Why doesn't Sister-in-law know anything about it?"

Lu Heting did not know the cause of the matter, so he had already gotten someone to check the hospital Gu Xifeng mentioned.

With so many clues, it would be much easier to investigate.

Lu Heting told this result to Gu Xifeng, who was also shocked!

He was the one who carried the child out for treatment. He was also the one who saw the accident and did not manage to save the child. How did this happen?

"I'm going back to the country immediately," he said over the phone.

At present, he had already returned to the United States with Feng Ze. When he heard about this, he immediately rushed to S Country.

Without concrete evidence, Lu Heting would not know how the Liao family got their hands on Gun Gun. Mr. Liao, Mrs. Liao, and Liao Xintong were completely confused about this as well.

The only person who knew the inside story, Liao Qing, had already passed away.

"Brother, should we tell Sister-in-law immediately?" Lu Weijian asked with a happy expression.

"Not for now. We'll talk about it when all the evidence has been gathered."

After receiving this report, Lu Heting felt much more relaxed. His tightly furrowed brows also relaxed.

Even Lu Weijian was no longer as gloomy as before.

When Lu Heting returned home, it was already late.

Opening the door, he went straight to the small three-bedroom area.

Even though they had already cleared the two floors and the entire house was as spacious as a villa, the mother and children still liked to stay in the three-room area when they had nothing to do.

It felt more like home there, and it was also a warm place for the family members to interact.

When Lu Heting went over, Gun Gun was lying on Su Bei and reading a picture book with her. Da Bao was playing games that were too advanced for either of them.

### **Chapter 1067: I'll Get Better**

Lu Heting was lost in thought for a moment. Gun Gun's temperament and appearance were both like Su Bei's. He was cute, exquisite, and always as bright as the sun—bringing light and warmth to everyone.

If Da Bao were the same as him, then Gun Gun was the same as Su Bei.

Sensing Lu Heting's presence, Su Bei and Gun Gun looked up at the same time with the same smile on their faces. "You're back?"

Lu Heting walked over and hugged the mother and son.

Da Bao had a look that said, 'If you want to hug me, I won't object. You're my daddy.'

Su Bei pulled him over and hugged him.

Da Bao's expression was that of willingness.

"Let me tell you a piece of good news. My movie Boxer is going to be released soon! It's set to be out in half a month." Su Bei smiled.

"Congratulations!" Lu Heting and Da Bao said in unison.

"I want to watch it!" Gun Gun immediately jumped up. "Can I watch it?"

Su Bei thought about it. There were no inappropriate scenes for children. This movie was not about romance but fighting. She did not know if he would be afraid.

"Will you be afraid?"

Gun Gun patted his chest. "Of course not. With Mommy around, why would I be afraid of anything?"

Su Bei smiled and rubbed his head.

When she entered the bedroom at night, Su Bei had just opened the door when the man pressed her against the door and kissed her.

Su Bei could feel that the man seemed to be exceptionally enthusiastic.

When she was let go, her face was red and she was panting. "Did something happen?"

"Why can't I just dote on my wife?" Lu Heting's voice was gentle and proud.

Su Bei smiled. "I keep feeling that you're especially different today..."

"How am I different?"

"It just seems like you're doing better than before..." Su Bei muttered. She also could not point out what exactly it was. It was just a feeling.

"I'll get better and better in the future." Lu Heting lowered his head and kissed her again.

...

Boxer was going to be released, so Su Bei would inevitably have roadshows in other cities.

The reason why this movie was released so quickly was that most of the scenes in this movie were shot live. It did not need much effort post-production.

He Xuyan was also a strict person. When filming, he would film in the day and start editing and polishing the scenes at night. He was meticulous with his work, so the follow-up work was very fast.

Unlike *Two Phoenixes*, which was still in post-production.

The screening of *Boxer* coincided with Jia Jia's *Basketball Baby*.

Jia Jia's movie was filmed earlier than Su Bei's. With Jia Shiyun's efforts to arrange and help, Di Xing Media Company had also invested in it. Hence, it was a very important piece of work and the production team had sufficient funds.

As for *Boxer*, it was just a movie that He Xuyan planned to shoot. Di Xing Media Company and Lu Group did not invest in it. Hence, He Xuyan could only bear the responsibility himself.

In addition, he had a strange temper and was very strict with people. His popularity was very average, so the two movies were very different right from the beginning.

In Qiao Mei's office.

She said to Su Bei, "Su Bei, we can only rely on you and Director He for this movie. Di Xing Media Company didn't invest in this, so even if they help you out on Weibo, they won't do much else."

#### **Chapter 1068: They'll Know What's Good**

"I understand. I'll try my best to attend all of the roadshows." Su Bei nodded.

"Jia Shiyun helped Jia Jia apply for ten million yuan in publicity funds, and Manager Li agreed." Qiao Mei had a headache thinking about this. Jia Shiyun had indeed gone too far.

However, Qiao Mei also knew that there were some matters in the company that she should not interfere in.

Su Bei thought of how Li Qisheng would always agree to Jia Shiyun's requests. She wondered what their relationship was.

However, Lu Weijian had always been in charge of Di Xing Media Company. Since he did not say anything, Su Bei naturally could not say anything. After all, in the past few years, others had done the same. Everything had always been calm.

When Su Bei came out of Qiao Mei's office, she saw Jia Shiyun distributing tickets to the employees of Di Xing Media Company. "I'll book the entire venue tonight. Please support Jia Jia. Everyone, please give us your support."

"Of course, *Basketball Baby* is so popular. The box office will definitely explode."

"Yeah, I saw the trailer. Jia Jia's performance is really good. Today is the first day of screening. The box office will definitely be over a hundred million yuan."

Jia Shiyun smiled and said, "It's all thanks to everyone. After all, this movie was invested in by our company. I hope everyone can support it."

Everyone was naturally enthusiastic. Indeed, if this movie made it big, everyone would have a lot to gain.

Su Bei could not help but smile. Of course, she also hoped that this movie would be a hit. After all, every cent this movie earned meant that Lu Heting would earn more.

Lu Heting's money was their joint asset, so she wanted Jia Jia to make it big as well.

When Jia Shiyun saw Su Bei standing at the side with a bright smile, she looked at Su Bei and said with a smile, "Su Bei, I heard that your movie will be released in two days. What a coincidence. You're going to be up against Jia Jia."

"Yes." Su Bei smiled. "I hope Basketball Baby can be a big success."

These were sincere words, but Jia Shiyun seemed to hear a trace of mockery. She smiled and said, "Su Bei, do you have so little confidence in yourself? You're already showing signs of admitting defeat before the competition even begins."

Su Bei's smile widened. "After all, Basketball Baby was invested in by the company. I naturally hope that it's a big success and the company will get good returns on their investment. As for my movie, I don't think it's on the same level as Jia Jia's movie, so I don't have to compare myself to her."

What she meant was that she did not take Jia Jia seriously at all.

Basketball Baby was a relaxed commercial movie. How could Su Bei compare to Jia Jia?

Seeing that she was so arrogant, Jia Shiyun said indifferently, "Then don't regret it when the time comes."

Su Bei turned around and left.

Coincidentally, she received a call from Lu Weijian. He was asking if she needed help with the release of her movie.

"I don't need it, but I've taken a look at Basketball Baby. It's not bad. It's very entertaining. I reckon it'll attract many young people to watch it. If you have the budget, you can invest a little more in it."

"What about you?" Lu Weijian asked.

"I'm confident in Director He, and I also believe that the audience needs good movies as well. They'll definitely be able to tell what's good. My movie wasn't invested in by Di Xing. If you arrange for me to receive funds, it'll be difficult to convince the public. It's better to allocate everything to 'Basketball Baby'."

### **Chapter 1069: No Movement At All**

Lu Weijian chuckled. "Sister-in-law, you're really good at business. You're helping my brother earn money."

Su Bei said, "That's because I'm confident in myself, okay?"

After hanging up the call with Su Bei, Lu Weijian added 30 million yuan to the budget for Basketball Baby.

When Li Qisheng was informed, he immediately informed Jia Shiyun.

Li Qisheng also muttered in his heart. Logically speaking, Su Bei was the legitimate young madam. Although Boxer was not produced by Di Xing Media Company, Mr. Lu could not just ignore it, right?

However, there was no movement from the higher-ups at all. They did not mention anything about giving Su Bei a sum of money or resources.

As it was against the rules, he could not allocate these resources without permission.

On the other hand, not only did Jia Shiyun receive the money she applied for previously, but Lu Weijian also took the initiative to increase the amount. He was simply nurturing this movie like it was his own son.

All of this was because of Jia Shiyun!

Could it be that the woman at home was not as alluring as the woman kept outside?

Li Qisheng had been quite uneasy the entire day. He was afraid that Su Bei would look for him to ask about the announcement. However, he would not be able to explain it even if he racked his brains.

He spent the entire day on tenterhooks. There were a few times when he saw Su Bei, but she always looked calm. She was either talking and laughing with Xiao Bai or discussing something with Qiao Mei. He did not know if she knew or not.

Li Qisheng was leaning toward her knowing about it. After all, Basketball Baby was dominating a lot of ad spaces online.

This was something that could only be done with money.

However, Su Bei did not do anything at all!

On the other hand, after Jia Shiyun received the news from Li Qisheng, she was like a proud peacock. When she walked, her footsteps were full of swagger.

Jia Jia and Tian Jinnuo were beside her. Seeing her happy face, they could not help but ask, "Shiyun, what exactly is going on? Why are you so happy?"

"Manager Li said that he increased the budget for Basketball Baby by 30 million yuan. The higher-ups personally called to arrange it." Jia Shiyun's heart was brimming with pride. From her hair to her toes, she exuded a proud aura.

Jia Jia cried out in surprise. She was so touched that she did not know how else to react. She immediately said, "Sister Shiyun, I have what I have today because of you. I originally had nothing in Di Xing Media Company, but for me to be able to get to where I am now, it was all because of you. All my achievements were because of your help."

“In the future, no matter what it is, I’ll do anything for you!”

She was really touched. No one had ever helped her like this.

Although she knew in her heart that Jia Shiyun did this to suppress Su Bei’s movie, what Jia Shiyun had given her was far more than what she gave her.

Moreover, in this circle, only those who were useful would be used, right?

Jia Shiyun did feel that she had contributed the most. Without her, Jia Jia was nothing.

She said indifferently, “I’ll remember your words. Do your best.”

At this moment, Jia Jia wished she could die for Jia Shiyun. She was touched and said, “I’ll definitely work hard!”

Basketball Baby and Boxer were both released that night.

### **Chapter 1070: Getting More And More Pampered**

Su Bei bought the tickets and sent a message to Lu Heting. [Mr. Lu, can you come and meet me tonight?]

Lu Heting replied quickly: [May I know who you are?]

[Lu! He! Ting!] Su Bei thought that he was doomed.

Lu Heting sent a laughing voice message. “Alright, I’ll come and pick you up.”

“No need, I’ll pick you up!” Su Bei said as she drove.

Lu Heting felt like he was getting more and more pampered. His expression relaxed, and his eyes were filled with affection.

When Lu Weijian rushed in, he saw his brother sitting at the table with a smug expression. He immediately stopped in his tracks.

Lu Heting looked at him coldly.

“Brother! The results from the American hospital are out. Do you want to take a look?”

Lu Heting immediately sat up straight and asked, “What did you find out?”

“We arranged for people to go over and ask all the doctors and nurses who worked in the hospital that year. We also contacted all the patients who came to the hospital that year. After watching the surveillance videos, we roughly know the whole story.”

“Speak!” Lu Heting’s expression was serious.

Lu Weijian began to tell him everything based on the information.

Liao Qing had probably stolen Lu Heting’s sperm from the hospital, but in order not to let others know that she stole Lu Heting’s sperm, she also stole the sperm of a few other men who did check-ups in the hospital. She then brought them to the United States.

It was also because of this that the Lu family did not expect someone to steal Lu Heting's sperm for this purpose.

In that hospital in the United States, Liao Xing extracted an egg and underwent IVF surgery. Her original intention was to give birth to Lu Heting's child and bring it back. She wanted to be rich and enjoy life in the upper class.

Unexpectedly, after her child was born, she suffered from serious congenital heart disease. That disease was not diagnosed during pregnancy and was only discovered after the child was born.

Hence, after the child was born, the child suffocated and could not be saved.

Liao Qing did not expect this outcome. She had tried her best to plan it out, but that was the outcome she got. She could not accept it and was utterly disheartened in the hospital.

At the same time, Gu Xifeng brought Su Bei's child, Gun Gun, to the same hospital for emergency treatment.

As Gu Xifeng knew that Su Bei was marrying Lu Heting and Gun Gun was Lu Heting's child, he had mentioned it in the hospital.

When he mentioned it, Liao Qing happened to hear it. She did not want all her efforts to go down the drain, but if she wanted to do IVF again, she had to stay in the United States for another year. She could no longer hide it from others, nor could she afford the high living expenses in the United States and the hospital fees.

Hence, she took the risk and exchanged her child with Gun Gun while Gu Xifeng was making preparations. She planned to use Gun Gun to return to the Lu family and pretend that he was the child she gave birth to.

As she had been in the hospital for a long time, many doctors and nurses were not on guard against her.

She left with Gun Gun, but everyone thought that she left the hospital with the remains of her child.

When Gu Xifeng was ready to treat Gun Gun, he was faced with Liao Qing's stillborn.
