

### Chapter 1081: Unsteady Footsteps

“My parents said that they haven’t seen you in a long time. They’ll treat you to dinner tonight.” Wang Juntang didn’t notice that Jia Shiyun’s expression was very ugly.

“Didn’t I already tell you about us breaking up?” Jia Shiyun only wanted to resolve the matter quickly.

Wang Juntang’s expression changed slightly. “But haven’t we always been fine? So why?”

“Juntang, the difference between you and me is getting bigger and bigger. It’s not the same relationship as before. I feel terrible being with you. Let’s split up,” Jia Shiyun said with a shrug.

“Are you in love with someone else?” he asked.

How could Jia Shiyun admit it?

“You spend too little time with me. In fact, you don’t even have time to send me flowers for many important moments in my life. Juntang, I’m tired.” Jia Shiyun pushed everything onto Wang Juntang.

When Wang Juntang walked out, his footsteps were still a little unsteady.

He almost did not notice the change in Jia Shiyun. In fact, he had always been preparing to get married.

He had asked Jia Shiyun what the reason was.

Jia Shiyun definitely wouldn’t tell him the real reason. She wouldn’t say that she’d gotten a better opportunity. She just blamed him for refusing to spend more time with her.

After Jia Shiyun spoke to him for a while, she used the excuse of being busy to chase him out.

Wang Juntang had always been in the medical field and was not good at socializing. He could only leave.

.....

When he came out, he bumped into Su Bei.

When Su Bei saw him, she immediately remembered that he had helped Gun Gun with the surgery. She smiled and greeted him, “Dr. Wang! You’re here to see your friend?”

“Yes. You’re here too?” Dr. Wang didn’t pay attention to the entertainment industry and didn’t know Su Bei’s identity as an actress.

“Yes, I work here. Dr. Wang, you don’t look very well.” Su Bei asked with concern, “Do you want to go in and find a place to sit and have a cup of coffee?”

Wang Juntang shook his head. Jia Shiyun had just told him not to go to Di Xing and cause trouble for her.

He wouldn’t go back again.

If it were anyone else, Su Bei wouldn’t have cared, but he was Gun Gun’s savior. Su Bei immediately became more concerned. “Did you encounter a problem? If you don’t mind, you can tell me about it. Perhaps there’s something I can help with.”

Wang Juntang was indeed very depressed. There was no one else he could speak to, so he told Su Bei, "My girlfriend said that I'm busy with work every day and don't accompany her enough. She wants to break up with me and cancel the engagement. Su Bei, you're in a relationship. Tell me, what should I do?"

"Then spend more time with her and talk with her. See if you can get her back. Women are like that. They're delicate and sensitive. They want more attention."

"Really?" Wang Juntang's eyes lit up.

"Yes. Well, there are important holidays and times that are important to a woman. You have to be there to make her feel that she's important to you. If necessary, it'd be good to send some flowers and gifts."

Wang Juntang immediately nodded. "I'll remember your words."

In the past, he did not have much time and was too engrossed in his research to pay much attention to Jia Shiyun's needs.

Her dream had always been to be an actress and to be an artist everyone liked. Hence, he did his best to help her in that regard.

#### **Chapter 1082: No One Is That Fearless Of Death**

After sending her to Di Xing Media Company and entrusting her to Lu Heting, Wang Juntang thought that he had done everything he could for her and fulfilled all her wishes. He then turned around and devoted himself to his medical research. Sometimes, he didn't even take it seriously when they didn't see each other for months.

Now that he thought about it, it was true that he hadn't done a good enough job.

Thinking of this, Wang Juntang turned around and left. Su Bei continued to ask, "Dr. Wang, what does your girlfriend like? Dr. Wang..."

Wang Juntang had already left in a hurry to prepare a gift for Jia Shiyun. He was also thinking about how he should accompany her.

Su Bei couldn't help but laugh and shake her head. Doctor Wang was really a typical doctor. He was very unfamiliar with relationships. She wondered if her words could help him.

'I hope he gets back together with his girlfriend soon.'

Initially, Su Bei had planned to ask him who his girlfriend was so that she could take care of her in the company. However, Wang Juntang had long disappeared, so Su Bei had no choice but to forget about it.

...

In the blink of an eye, it was the day of Venus Film Awards.

Basketball Baby was done screening as well.

On the other hand, because of Boxer's high box office records, the investors applied for an extended screening and received approval. It was still being shown in movie theaters.

As it was a rare grand event held in the middle of the year, there were a lot of celebrities who came that day. Big brands gathered, and the entire venue was filled with dazzling stars.

Many behind-the-scenes investors, bosses, and well-known screenwriters and producers were also among them.

.....

The most famous one among them was probably Lu Weijian. As a high-ranking member of Lu Group and the public spokesperson of the Lu family, his appearance could almost represent the Lu family's interest.

In particular, many people knew that Mr. Lu, the most powerful person in Lu Group, was young and said to be handsome enough to defeat any male celebrity in the entertainment industry. The public was even more interested in the Lu family.

Moreover, it was said that the person in charge was Lu Weijian's brother.

It was his elder brother... His age was enough to attract the attention of many people.

Especially since Lu Weijian was already so good-looking. How good-looking was Mr. Lu, then?

Many of the people present were discussing softly.

"I heard that Mr. Weijian is here with Mr. Lu today. I wonder if Mr. Lu will appear later?"

"I don't think so. Mr. Lu is so busy. Why would he have the time to come to such a place?"

"But it's said that Master Lu went to Di Xing Media Company last time. Many people saw him."

"I can testify to that. I've seen him."

"Tell me quickly. What does he look like?"

Everyone gossiped as they listened to a staff member of Di Xing Media Company say, "Mr. Lu is about 1.9 meters tall. He's simply invincible. When he came over, everyone held their breaths and didn't dare to speak at all. His aura seemed to want to crush all of us."

"Why didn't you guys take photos? We can't even fantasize when you describe him like that."

"Who would dare to take photos? At that time, everyone even forgot to take out their phones. Besides, it's not like you don't know that many people don't dare to take photos of Mr. Lu or leak them out. What if he doesn't want to be photographed? He's not a public figure. No one is that unafraid of death."

### **Chapter 1083: Invitation To The Top Floor**

"That's true."

Everyone looked amazed and agreed.

Jia Shiyun was dressed in a Chanel haute couture suit. She accepted the bombardment of the reporters' microphones and walked over.

When she heard everyone discussing Mr. Lu, joy flashed across her heart. She listened carefully to these words.

Mr. Lu was here today?

She felt herself getting closer to her goal.

At that moment, Tian Jinnuo walked over and whispered in her ear, "Shiyun, the hotel attendant just told me that a gentleman booked a high-end room on the top floor and wants to meet you there after the award ceremony."

"Top floor?" Jia couldn't hide her surprise.

Tian Jinnuo was also overjoyed. "That's right. This hotel belongs to Lu Group. The top floor has always been reserved for Mr. Lu and Mr. Weijian."

Jia Shiyun's heart raced. She hadn't expected the surprise to come so quickly.

"Did the attendant say anything else?" She wanted more clues to reassure herself and to remind herself how close she was to her goal.

Tian Jinnuo could not suppress her joy and said, "I knew that you'd want to know, so I asked around. The room booked is a honeymoon suite! The attendant said that just an hour ago, someone sent over 999 roses!"

In order to obtain this information, she even specially gave the attendant a huge sum of money.

.....

Jia Shiyun put a hand to her chest. "Okay, I understand."

Tian Jinnuo whispered, "Congratulations, Shiyun. You've been waiting for this day."

Jia Shiyun raised her eyebrows and smiled. Since she had already been invited to the top floor, the grand prize today would probably be hers to take as well.

"Sister Tian, arrange for the media to be notified as soon as possible..."

"Understood." Tian Jinnuo knew it was time to make arrangements.

Firstly, they had to announce Jia Shiyun winning an award.

Secondly, they also had to record Jia Shiyun going to the room on the top floor. Although it was impossible to record Mr. Lu, they needed to do it. After knowing that Jia Shiyun was with Mr. Lu, who in the industry would still go against Jia Shiyun in the future?

...

In the room on the top floor of the hotel, Wang Juntang had already arranged everything.

Jia Shiyun's reason for breaking up was that he wasn't romantic enough. He didn't accompany her enough and hadn't even given her a decent gift.

When he got home, he reflected deeply on himself. It occurred to him that today was the Venus Film Awards, so he needed to be by Jia Shiyun's side. Hence, he prepared a necklace and ordered 999 fresh roses. He arrived at the hotel beforehand.

In the end, all the hotel rooms were booked. Just as Wang Juntang was at a loss, he met Lu Heting and Su Bei.

Knowing that he needed a room to go on a date with his girlfriend, Lu Heting glanced at Su Bei and immediately gave his room to Wang Juntang.

Wang Juntang was especially grateful. He arranged everything and told the attendant to inform Jia Shiyun. It was because Jia Shiyun had already blocked Wang Juntang's number.

As for the details, Tian Jinnuo had asked the attendant, and he told the truth. The suite on the top floor was indeed prepared according to a honeymoon suite. Bright and dazzling roses had also been placed inside, forming a huge heart.

#### **Chapter 1084: How Good She Was On The Runway**

??

Everything was ready in the hotel room. He was just waiting for Jia Shiyun to come upstairs.

After giving the room to Wang Juntang, Lu Heting brought Su Bei to another room.

There were more than two rooms on the top floor of this hotel. Wang Juntang used one, and Lu Weijian used another as a temporary lounge. Lu Heting could choose another room.

Lu Heting booked a hotel room for Su Bei to change her clothes and rest.

After she entered the room, she opened the gift box that contained the gown.

A bright red gown appeared in front of her. It was exceptionally bright and dazzling.

Su Bei was born bright and flamboyant. This dress could be said to suit her very well.

She looked as if she liked it very much. She held the dress with a look of adoration.

"Go and try it on," Lu Heting said in a mellow voice.

He had personally chosen it for Su Bei and had long imagined what she would look like in it.

Su Bei went to the fitting room to change. When she came out, even though he had imagined it many times, Lu Heting was still stunned. His eyes flashed slightly. The red of her dress seemed to have turned into fragments that lingered in his eyes.

Su Bei's skin was fair, which was especially suitable for this color. It made her look fairer. Her shoulders and chest were slightly fairer than the rest of her body, but it made her look charming and delicate.

"You look good," Lu Heting whispered.

Su Bei's makeup was already done, but her lipstick had been wiped off by someone in the car just now. Now, there was no lipstick on her lips.

With her skin color and lip color, there was actually no need for lipstick.

However, the intensity of the light at the scene today would be very high, so lipstick was still necessary.

Su Bei took the lipstick. Lu Heting took it from her and personally applied it to her lips. Su Bei, who was standing in front of him, looked perfect.

Lu Heting's eyes flickered. He tilted his head and kissed Su Bei's lips.

"Done." He put down the lipstick.

Su Bei's face flushed even more. In the light, she seemed to sparkle.

Most of the artists had already arrived at the venue. Su Bei was a little late because she had given Wang Juntang a room. When she appeared, she attracted countless gazes.

She appeared with He Xuyan. According to how things worked at this award show, the celebrities would appear as part of the production team. He Xuyan was late as well, so it was normal for her to be a little late.

He Xuyan was a strange talent to begin with. It was normal for him to act irrationally.

He Xuyan was thin, and his dark eyes were darker than others. They looked especially deep. When he saw Su Bei, he raised his eyebrows. That harsh look appeared on his face again as if he was back on the set.

Dressed in a pure black suit, he walked over with Su Bei. Everyone's gaze landed on them.

Many people had been influenced by the movie Boxer recently. The Su Bei in their hearts had already become the seasoned and slightly rough Su Bei they saw on the big screen. They had long forgotten how good she was as a supermodel on the runway.

At this moment, Su Bei appeared in a red dress. Her entire body was so fair that not a single flaw could be found. Only then did people snap out of their daze. Su Bei was still Su Bei. Her being rough in the movie did not mean that it was her original self.

The reporters and fans surrounding the red carpet were almost going crazy.

### **Chapter 1085: You Two Share This Relationship**

??

"Su Bei's acting skills are really good. Look at her. She's so beautiful, but she changed her image in the movie. She's so beautiful but doesn't know it. She's really cute."

"Oh my God, I've already accepted Su Bei as a boxer. I didn't expect that I could still accept Su Bei in a red dress!"

"Momma mia! Su Bei, look at me!"

"Su Bei, you're forever our sweetheart!"

Su Bei looked in the direction where the cheers were the loudest. With a sweep of her eyes, she looked enchanting.

She sat at the front. As she was in the same company as Jia Shiyun, her seat was very close to her.

Jia Shiyun was wearing Chanel's haute couture suit tonight. She had a lot of her photos taken by the photographers just now. However, as soon as Su Bei sat down, everyone instinctively saw the stark contrast between the two.

Whether it was the texture of the custom-made clothes and the cutting, or Su Bei's aura and bearing as a supermodel, Su Bei defeated Jia Shiyun.

Jia Shiyun raised her head high. The news from Tian Jinnuo just now was the one keeping her confident. No one else wanted to sit too close to Su Bei as they were afraid that the comparison would be tragic. Even so, Jia Shiyun didn't cower and sat down confidently.

When these people saw the news tomorrow morning, they would know who was the hottest starlet here. They thought she had been defeated by Su Bei? It was still unknown who would defeat who!

Not long after Su Bei sat down, an unfamiliar woman sat down between her and Jia Shiyun.

No one else recognized her, but Su Bei did. It was Lin Wenyu.

Lin Wenyu was also wearing a high-end gown. She looked at Su Bei with a smile. "Su Bei, long time no see."

"It's been a long time. Is your seat here?" Su Bei asked with a smile. "If not, I'll have my agent arrange it for you."

"It's here," Lin Wenyu said. "My cousin arranged it for me. Right, Cousin?"

He Xuyan nodded slightly. Only then did Su Bei know that He Xuyan was Lin Wenyu's cousin. No wonder Lin Wenyu could come to today's event.

At the awards ceremony, the seats were relatively fixed. If one was not invited, one needed to have an acquaintance to be able to sit in the crowd.

It was all thanks to He Xuyan that Lin Wenyu could come.

"I didn't know you two had that kind of relationship." Su Bei smiled.

"Let's not talk about that. Anyway, when your movie was released, I saw it five times. I'm your loyal fan now." Lin Wenyu took out a notebook as if she was performing a magic trick. "Quick, give me your autograph."

Su Bei couldn't help but sign it for her.

She found it funny. He Xuyan was so cold and didn't seem to be related to Lin Wenyu at all. If he was as cute as Lin Wenyu, he wouldn't be so scary.

With Lin Wenyu here, Su Bei felt that time passed quickly. The long award ceremony was not boring.

The awards were presented one by one.

Lu Heting sat in the VIP area. The reporters could not enter this area, and the cameras wouldn't be able to pan over either.

As the awards were given out, he was dealing with his official duties. He would only look up when it had to do with Su Bei.

Currently, the things going on had nothing to do with Su Bei. However, when Boxer's nomination was announced and Su Bei was mentioned, Lu Heting immediately looked up.

### **Chapter 1086: Traces Of Him Everywhere**

??

He paid close attention to the scene.

Other times, he kept his head down as he dealt with work.

Finally, it was time for the Best Newcomer Award. Those who qualified for this award were newcomers who acted in a movie for the first time. There was no gender restriction.

There were a few actors and actresses who were very popular, but the movies they acted in were essentially aimed at winning awards for the literary genre. Therefore, the plots for these movies were slightly lacking. Their overall box office results were not high, affecting the popularity of the celebrities.

Therefore, Su Bei was the strongest contender for the Best Newcomer Award.

As expected, when the host read out the winner of the Best Newcomer Award, Lu Heting looked up. Everyone looked at Su Bei.

Sure enough, the host uttered Su Bei's name. "Congratulations, Su Bei, for winning the Best Newcomer Award. From the show to the film industry, from a supermodel to an actress, there are still countless possibilities for Su Bei. Let's congratulate Su Bei. She has shown us that she can constantly break through limits and challenge herself!"

There was no doubt that Su Bei would win this award.

But when she stood up, her palms were sweating. This was a recognition for her previous hard work. Standing on the stage, Su Bei couldn't see Lu Heting, but she could feel that he was looking at her.

There was warmth on her lips. It was the kiss Lu Heting had given her before she came. She stood on the stage. There was no sign of him here, but there were traces of him everywhere.

"Thank you to all those who support me. It's because of all of you that I'm fearless of all the paths ahead of me," Su Bei said seriously as she stood on the stage.

When she returned to her seat, her footsteps were still light. Lin Wenyu was even more excited than she was. She held the trophy for her and kept smiling.

Tian Jinnuo glanced at them and didn't take Su Bei's award seriously at all. It was just the Best Newcomer Award. Wasn't it because no one competed with Su Bei that she got it?

The real prize, the highest award for an actress, was always Best Actress.

And this award must belong to Jia Shiyun!

Next, a few other awards were presented. Boxer won Best Director. After receiving the award, He Xuyan said a word of thanks and didn't even blink as he left the stage.

However, everyone was especially tolerant of him. Especially because of his good looks, many female artists below the stage looked at He Xuyan with stars in their eyes. As an independent director, He Xuyan was not affected by capital. He only filmed what he wanted to film. He was beyond capital interference and had the greatest freedom. All of this made people envious of him.

As long as an actress was able to act in his works, it was regarded as one of the best opportunities in showbiz.

Unfortunately, his selection was too strict. So far, very few actresses had caught his eye.

This made the actresses look forward to him even more.

Just think about it. Even an inexperienced actor like Su Bei could win an award, obtain a good reputation, and achieve good box office sales. Wouldn't actresses like them, who already had a good foundation, improve further after his guidance?

"Director He is really handsome. If only I could work with him."

"I don't even want to be paid."

"Same here!"

"I just wonder if I'll have such an honor in my lifetime."

### **Chapter 1087: She's Worthy**

Lin Wenyu blinked at He Xuyan. "Cousin, can I go on your set?"

"Sure..." He Xuyan said evenly, "You'll stay backstage to carry boxes."

Lin Wenyu's face fell, and she pouted as she ignored him. Fortunately, she didn't really want to act in a movie. She had just asked casually. She stopped talking now.

Soon, the Best Actress Award would be presented.

The competition for the best actress award was very fierce. Among the current candidates, besides Su Bei and Jia Shiyun, there were three other actresses with outstanding acting skills. They were all very experienced in the entertainment industry.

The person with the greatest chance of winning was Jia Shiyun. This was because the movie she starred in last year was the highlight of Di Xing Media Company. At that time, Di Xing Media Company invested 300 million yuan in it. The box office sales were very high too. The entire production team and director were very impressive, which allowed Jia Shiyun to display her best acting skills.

Comparatively, the other three actresses' works were less popular.

There was a paradox in the movie market. Quality movies with ideological connotations were often not recognized by the public.

Many movies that were recognized by the public were relatively lacking in-depth and not recognized by awards or professionals.

This was an important reason why the works of the three actresses were relatively unpopular.

For example, Jia Shiyun's and Su Bei's movies could not only guarantee the reputation of the movies and gain the recognition of experts but they also yielded good box office results. This was very rare.

This time, Jia Shiyun had secretly used a lot of effort to win this award. For example, she had hyped herself up on the internet and cast various votes to show off her popularity.

In private, she tried to influence some insiders. These people wouldn't be bribed, but that didn't mean they wouldn't be influenced. They would also prefer hard-working celebrities, especially those from the older generation. They particularly valued the word 'hard-working'.

.....

Jia Shiyun had done a lot of work to please them.

They were relatively fair, but who could say that they had no preferences?

With preferences, things were much easier. This was what Jia Shiyun had done this time.

Indeed, this led to a long discussion before the winner was selected.

Now, it was time to announce the award on stage.

The host kept them in suspense. "So, who will win the Best Female Actress Award? Let's wait and see. For now, we'll welcome a long-time artist, Old Master Yan Xinshu, to present the award!"

Old Master Yan, who was in his 70s, walked onto the stage and was guided to the center by the host.

All eyes were now on the stage.

Lu Heting also stopped what he was doing. He didn't do anything to help Su Bei in private for Venus Film Awards even though he felt that she was worthy of the award.

However, Su Bei didn't like these things, so Lu Heting didn't do anything.

The Best Female Lead Award was the most prestigious award for female artists. It was much more important than the Best Newcomer Award.

The camera kept panning over the five candidates. Su Bei smiled brightly, and Lu Heting's smile widened slightly.

She wasn't expecting anything. This was her first movie that was released, so she really didn't expect anything.

Lin Wenyu pulled her arm and whispered, "Su Bei, I hope it's you."

"I don't expect anything," Su Bei said seriously.

**Chapter 1088: So I'm Not Dreaming**

He Xuyan said coldly, "You have no pursuit."

It dawned on her that he wasn't happy and thought she was looking down on his movie.

She just laughed and didn't explain further.

Old Master Yan had already read out a name on the stage, "Su Bei!"

Jia Shiyun had already loosened her grip and was about to go on stage, but she didn't expect to hear Su Bei's name!

Her face fell instantly.

She never expected it to be Su Bei!

In terms of popularity, she had always been far ahead.

Su Bei was also stunned. She didn't expect it to be her. It was He Xuyan who reminded her, "Aren't you going?"

Only then did she lift her dress and stand up, looking confused. When the camera caught her, everyone laughed kindly.

In fact, everyone in the industry could see that Su Bei's performance in the movie Boxer was superbly natural. No one could have made that character look so classic.

Su Bei was still too humble about her abilities.

On the stage, Yan Shuxin smiled happily. "I'm glad that a newcomer is able to endure suffering. For the sake of her acting career, she's willing to take things to extremes. Congratulations, Su Bei. You did it."

.....

It was because of the things Su Bei had shown in the movie and all the efforts that she put into the role that she was given the award.

Su Bei stood on the stage. Her red dress was a stark contrast to her restrained self in the movie.

She was indeed very surprised. When she took the trophy from Old Master Yan, she was still in disbelief. She smiled gently. "It's heavy. So I'm not dreaming."

They all laughed.

She finally spoke, "Thank you for giving me this trophy at Venus Film Awards. I'm still a newcomer and have a long way to go. I hope this award is just the beginning of my career. From now on, I'll work harder to pave the way for myself."

The applause was thunderous, and Su Bei's eyes sparkled.

She looked in the direction of where Lu Heting was. She knew he could see her. She smiled. To the others, she was facing the camera and greeting her fans.

Jia Shiyun's face was almost too dark.

She forced herself not to lose her composure in front of everyone.

Tian Jinnuo had been comforting her in a low voice, saying, "It's okay, Shiyun. It's just a mid-year award. This isn't the most prestigious award show."

However, this did not convince Jia Shiyun.

Although Venus Film Awards weren't the best award show in S Country, it represented the recognition of countless people. It was also a very fair award. The trophies here were what many people spent their lives chasing.

It was fine if she didn't get it, but Su Bei did... What right did Su Bei have?

Tian Jinnuo said in a low voice, "Maybe Mr. Lu just doesn't want you to be too high profile. Think about it. You'll still be meeting him in the hotel room later."

Only when she thought of the honeymoon suite on the top floor of the hotel could Jia Shiyun calm down a little. Yes, Mr. Lu was still waiting for her. If she was too high-profile and won the award, she wouldn't be able to escape from so many reporters later. It wouldn't be convenient for her to meet Mr. Lu.

All of this must have been arranged by Mr. Lu. She just had to accept it.

### **Chapter 1089: Thinking Of Retreating**

??

It was just a trophy. Compared to Mr. Lu, it was nothing. Jia Shiyun was very good at judging the situation, so she gradually calmed down.

After the award ceremony, Su Bei became the biggest winner of the night.

The entire crew of Boxer had also received supreme glory. With Su Bei winning two awards, they had once again consolidated their reputation.

On the other hand, Jia Shiyun, who had been promoting herself very well previously, gained nothing.

The reporters at the scene surrounded Su Bei. Everyone had a lot of questions for her.

However, Qiao Mei stopped them all. "Everyone, we agreed to be interviewed for half an hour. Now that half an hour is up, please give Su Bei some personal time."

Naturally, Su Bei wanted to go home with Lu Heting. Even though she had become an actress, she didn't want to be consumed by popularity. An actress should maintain a suitable degree of mystery.

Besides, she didn't want Lu Heting to wait any longer.

After her interview with the reporters backstage, she knew that she would be surrounded and blocked once she went out. Hence, she went to the bathroom to change her clothes. Soon, Su Bei, who was dressed in red, disappeared. Everyone only saw a thin young man walking out from backstage. He quickly disappeared in front of everyone.

Then the young man entered the hotel and disappeared.

A moment later, the young man appeared in front of Lu Heting, making the man smile again.

“Let’s go home.” Lu Heting took her hand.

“Have you forgotten that I’m playing the role of your bodyguard now?” Su Bei grinned. “If anyone sees you holding a man’s hand, I’m afraid it’ll make the headlines.”

Lu Heting rubbed the back of her hand with his thumb for a while before letting go reluctantly.

Just as she was about to leave, Lu Weijian ran over with a happy expression. “Sister Bei Bei, congratulations. I’m not late, am I? Am I the first to congratulate you?”

“You’re the 108th!” Su Bei said with a smile. “Thank you.”

“My Sister Bei Bei is amazing! As expected of the biological mother of my two nephews!” Lu Weijian exclaimed along the way. The atmosphere at the venue tonight made him very excited. Seeing his family member win two awards, he felt even more honored than Lu Heting as if he was the one who won the awards.

The reporters at the award venue received another piece of news. It was that Mr. Lu and a certain female celebrity with the surname J had met up. According to reliable sources, it was Jia Shiyun. She was having a private meeting on the top floor of the hotel.

Tian Jinnuo had released the news according to Jia Shiyun’s arrangements. Naturally, she wouldn’t let them really record her and Mr. Lu. However, just a small piece of evidence would be enough to make Jia Shiyun’s status rise a hundred times higher.

Especially since Jia Shiyun did not receive the expected award tonight, she had to rely on other things to increase her popularity. She had to confirm the matter with Mr. Lu and strengthen her precarious position.

This was because after the award was announced, Qiao Mei, who originally wanted to consider her for two good endorsements, had already started to approach Su Bei.

This circle was more realistic than any other.

When the reporters heard that it was news about Mr. Lu, they wanted to retreat.

However, when they heard that it was also related to a certain actress with the surname J, Jia Shiyun, they were really unwilling to give up such a great opportunity. After all, Jia Shiyun was a public figure and was a popular person in today’s award show. It was inevitable that reporters would follow her and take photos of public figures.

## **Chapter 1090: Wasn’t A Wasted Trip**

??

Therefore, the reporters rushed to the hotel and went straight to the top floor to capture first-hand news.

Of course, these reporters were already prepared. If Mr. Lu was angry, they could just delete the photos and news. After all, the law could not punish them for this.

However, if they missed such good news, they would probably miss their chance to be promoted, get a raise, and reach the peak of their lives.

They could not miss such an opportunity.

Therefore, these reporters swarmed up to the top floor.

They were stunned when they reached the top floor.

This was because the person who was walking toward them was Lu Weijian. There were two other people standing beside him. One of them was a young and handsome man, while the other was tall and straight. He glanced at everyone... His aura alone stunned the reporters!

The reporters with the cameras fell silent. They jostled each other but made no sound.

No one dared to continue taking photos.

“What are you doing here?” Lu Weijian frowned unhappily and asked.

This was the top floor. Usually, the security measures were very strict. Lu Heting always had many bodyguards around him. Not everyone could come up to the top floor.

However, Lu Heting and Su Bei knew the reason for this. It was because Wang Juntang was going to meet his girlfriend here today, so Lu Heting let Wang Juntang use the room on this floor. All the bodyguards were removed as well. It was all thanks to Wang Juntang that the reporters could come up here.

Otherwise, no matter how capable they were, it was impossible for them to come up here.

After being questioned by Lu Weijian, the reporters calmed down. They were afraid that the air would be quiet and suffocating. As long as someone broke this silence, everything would be fine.

A reporter immediately said, “Mr. Weijian and... Mr. Lu, can you accept an interview with us? I wonder what you think of today’s award show? I heard that Miss Jia Shiyun is also up here. Is the news true?”

They weren’t sure if the person beside Lu Weijian was Mr. Lu, but someone who could appear on the top floor and be with Lu Weijian was probably Mr. Lu.

A reporter boldly asked these questions. The other reporters listened quietly and extended their microphones in front of Lu Weijian and Lu Heting.

Su Bei was dressed in men’s clothes and was slightly behind. Her presence was very weak, so the reporters thought that she was just a bodyguard and didn’t care about her.

Lu Heting frowned and said, “Today’s award was very fair and just.”

He didn’t intend to speak, but Su Bei was the one who received the most attention in today’s award show. Naturally, he had to express his stance and protect his woman.

As soon as he spoke, he naturally admitted that he was Mr. Lu, the head of Lu Group. The reporters were all excited. They really didn’t expect Mr. Lu to speak today.

It really wasn’t a wasted trip to come up here.

Indeed, wealth came from danger. They got another piece of explosive news today.

Hearing Mr. Lu's reply, the reporter naturally wanted to know more. "Then is it true that you invited Miss Jia Shiyun to meet you on the top floor? Are you two in love? Do you have anything to respond to?"

These reporters had vaguely heard that Jia Shiyun had a backer, but they weren't sure.

After receiving the news today, they excitedly wanted to verify it. Since Mr. Lu was so easy to talk to, they naturally wouldn't let him off.
