

Chapter 1191: Strange?

??

When he thought about how Lu Heting was still living under the protection of his father, and how his children could take care of themselves, Lu Yaode was very gratified and deeply felt that his choice back then was not wrong.

Lu Yaode reminded his daughter, "When we return to S Country this time, we'll inherit the entire Lu Group in the future. Take your brother with you and build a good network."

'Of course. Don't you worry, Dad, I'll take care of everything.'

...

The person Lu Tianci had arranged drove a luxury car and delivered the invitation Lu Tianqing to the specified person.

Lu Tianqing and Lu Tianci had always been ambitious. They were never satisfied with simple interpersonal relationships.

Since they had returned to S Country, they had to take back everything that should've belonged to them for the past 20 years.

As long as they could take advantage of their connections, they would not reject getting acquainted with anyone.

When Tang Yue and Sheng Xiaotang received the banquet invitation, they could not believe their eyes.

Although their families were from the capital and considered reputable, it was a pity that they were still far from becoming a top-notch wealthy family.

Lu Group? First lady? They were all unimaginable existences to them.

...

After cooperating with Lu Tianci, they had received an invitation to attend a top-notch prestigious event.

Sheng Xiaotang quickly asked around. "The president's wife, the Lin family, and many people of similar status to her will be attending that day. Even Mrs. Lu from Lu Group wasn't invited."

Tang Yue smiled. "In other words, we've already surpassed Lu Group."

"You can say that. Therefore, this banquet is very important to us." Sheng Xiaotang did not mind helping Tang Yue.

Firstly, Tang Yue would not snatch Lu Tianci from her. Secondly, Tang Yue was more or less related to the Lin family. She could see her bright future.

The two of them discussed for a while, looking forward to the upcoming event tomorrow.

...

When Su Bei received Lin Wenyu's call, she was on a break from the event.

"Come to a banquet? For what?" Su Bei had no interest in banquets outside of work.

"Do you remember the last time you helped my mother fix her bracelet? At that time, a rich lady was very interested in the matter. She thought that the craftsmanship was superb and said she wanted to see you. It even caught the attention of the president's wife."

"You know that I didn't fix it. You've met Feng Cheng."

Lin Wenyu smiled. "Of course, I know that. But Feng Cheng doesn't like to meet people at all. Besides, there won't be many men present. This is just a ladies' dinner party. Come on, I haven't seen you in a long time."

"Okay, okay, okay. I'll come over." Su Bei couldn't stand Lin Wenyu's soft pleading and agreed.

As it happened, she had nothing to do tomorrow.

When she went back that night, she mentioned this to Lu Heting.

Lu Heting raised his eyebrows. "The president's wife is easy to get along with. Since your friend invited you, you can go over."

"You've met the president's wife, huh?"

"Yes, I met her while I was having dinner with the president."

"You've even had dinner with the president?"

Lu Heting said, "Isn't that normal?"

"I'm not surprised. You sure live up to your reputation. Nothing you do is strange."

The man chuckled softly. "I helped him when he had some problems. But I haven't introduced you to the people at the presidential palace, so you'll go as yourself this time."

Chapter 1192: Daughter Of A Prestigious Family

??

"..." Lu Heting had even helped the president before!!!

Su Bei thought to herself that the man she had married was really amazing.

Because of Lu Heting's words, Su Bei, who was originally worried about such a big banquet, suddenly relaxed.

Hearing Lu Heting mention the presidential palace as if it was just another place, she would just treat it as a visit.

Therefore, the next night, Su Bei did not deliberately dress up for the banquet. She only chose a dress suitable for the banquet according to her style and put on a thin layer of makeup before taking a taxi.

Because of the level of the banquet that night, the place where the banquet was held was a very quiet but unique garden club.

However, this garden clubhouse was actually hidden in a bustling place in the city. A winding path separated the lively and quiet areas, forming two completely different worlds.

When Su Bei arrived, she realized that Lu Heting had brought her here before. Thinking of this, she felt more familiar. Her remaining nervousness disappeared.

As she got out, she ran into a super-luxury car pulling up alongside.

After the car stopped, a bodyguard got out and went to the backseat to open the door. A well-dressed Sheng Xiaotang appeared.

Sheng Xiaotang helped the bodyguard out of the car in her high heels. When she saw Su Bei, she couldn't help but smile. "What a coincidence, Su Bei. Are you here for dinner?"

...

Because the garden club was up the mountain through that path, most people who went to the garden club parked their cars here.

Only a small number of people with special status could drive into the garden club.

In fact, the last time Su Bei followed Lu Heting to the garden club for a meal, their car went straight in.

However, this time, Su Bei didn't want to reveal her relationship with Lu Heting, so she chose to have the car park here and walk up.

Down the mountain was just a bustling restaurant.

Sheng Xiaotang naturally thought that Su Bei was here to eat at the foot of the mountain.

Su Bei also smiled. "Yes, what a coincidence. I didn't expect you to come here to eat too."

Sheng Xiaotang's smile was a little disdainful. Although they were both female artists, she had never thought that she was the same kind of person as Su Bei because she was the daughter of a prestigious family!

Su Bei wanted to be on the same level as her? Impossible!

Sheng Xiaotang smiled to hide her disdain. "Then I wish you a pleasant meal."

With that, she walked straight to her destination while escorted by a large group of bodyguards.

Su Bei glanced at the time on her phone. She was still waiting for Lin Wenyu to come over.

Lin Wenyu was an intern doctor and had a lot of things to do. She was supposed to have come earlier, but she had already delayed it twice.

This was the third time. "Su Bei, I'm sorry. I need another half an hour. There's an emergency and the patient is bleeding profusely..."

She was called away before she could finish speaking.

Bored, Su Bei touched the jade bracelet on her wrist. She didn't mind waiting a little longer.

Anyway, it was not fun to go up alone.

She thought of the jade bracelet that Han Qingwan had given her the last time she saw Da Bao.

After that, Han Qingwan made it clear that she didn't like Su Bei, so Su Bei didn't wear the jade bracelet.

This time, because Su Bei empathized with Han Qingwan, she took it out and put it on.

Chapter 1193: Can You Afford It?

??

Why make things difficult between fellow women?

Su Bei was waiting when a car came up ahead.

Seeing the familiar car worth hundreds of thousands, Su Bei's eyes twitched slightly. Could it be the one she was thinking of?

As expected, when the car drove over, she saw clearly that it was He Xuyan. His dark eyes seemed deep and distant.

The last time Su Bei filmed his movie, she was afraid whenever she saw him. His extremely high requirements for her physical fitness was just too demanding and shocking.

Still, she had to say hello.

Speaking of which, she had relied on her physical fitness that she attained from training under Director He to survive during this period.

Su Bei was about to greet him when another very luxurious and eye-catching luxury car followed in.

At this moment, there were cars parked everywhere. The body of the luxury car was especially big, and it looked like a behemoth the moment it entered. It would definitely struggle in this packed parking lot.

Before Su Bei could say hello, the luxury car and He Xuyan's car scraped past each other.

He Xuyan stopped the car. His dark eyes narrowed as he opened the door and got out.

...

The person in the luxury car also got out. It was Tang Yue.

Tang Yue clearly did not recognize He Xuyan. As soon as she got out of the car, her expression turned ugly. "What happened?"

"I'm sorry, Miss. When we came in, the car in front of us was looking for an empty parking spot and we accidentally scratched each other," the driver said fearfully.

Actually, Tang Yue was not someone who would pursue these kinds of matters. Normally, she would not be bothered with such a small matter.

But today was different. For this banquet, she had specially arranged for this car to send her over.

This luxury car was worth tens of millions. It was an engagement gift from the Du family and Du Jinghao when they got engaged. It meant a lot to her.

That was one thing, but the most important thing was that she was very superstitious. She hated any twists and turns when there was something important. Previously, she had suffered at Su Bei's hands. Now, she was especially afraid that she would be delayed because of a small matter.

So when she got out of the car, her tone was extremely bad. "How did the person in the car in front drive? Are they blind?"

Hearing this, He Xuyan rolled his eyes and said unhurriedly, "If it's my fault, I'll compensate you."

"You'll compensate me?" Tang Yue glanced at He Xuyan's car that cost more than hundreds of thousands of yuan, and her tone became even worse. "Can you afford to compensate me? Do you know that the spare parts of my car have to be custom-made in Italy? How are you going to compensate me?"

He Xuyan: "..."

After Tang Yue said these words, she was done venting her emotions. She did not want to argue with this poor brat anymore. She said, "Forget it, forget it. I'll just take it as though I'm unlucky. I don't want you to compensate me. Let's go."

"Miss, we haven't determined who's in the wrong yet. How do you know that I'll definitely have to compensate you? What if it's you who should compensate me?" He Xuyan stuffed a hand into his pocket and asked.

Tang Yue couldn't be bothered with him anymore. She took the wallet from the bodyguard's hand and took out a wad of money. She slapped it on He Xuyan's cheap suit and said, "Is this enough?"

He Xuyan took the money. Tang Yue thought that she had encountered a scammer today and cursed her bad luck!

She turned to the car and told the bodyguard to choose another spot to park.

He Xuyan put the stack of money in his pocket and pouted. He got into the car and found a spot before parking the car.

Chapter 1194: It's Better Not To Know

??

Su Bei watched this scene and felt that Director He was really well-mannered. He didn't even scold Tang Yue.

She stepped forward to greet him anyway. "Director He!"

"Hello." He Xuyan was as cold as ever.

"You came here to participate in the garden club dinner?"

He Xuyan looked up and asked, "How do you know?"

"Me too. And you're Lin Wenyu's cousin. She invited me, so I guess you were invited by her too."

He Xuyan nodded.

Su Bei suddenly thought of something and muttered to herself, "That's strange. You're Lin Wenyu's cousin, so Tang Yue is also your cousin. How can she not know you?"

Tang Yue's mother, Lin Shulian, was a daughter of the Lin family. Logically speaking, Tang Yue should know He Xuyan.

"It's better if we don't know each other," he said without much emotion.

'Well, it's someone else's private business.' Su Bei stopped being curious.

...

"Are you coming with me?" He Xuyan asked.

"No, I'll wait for Wenyu to come." Su Bei didn't want to go with him. The fear of being overwhelmed was still there. She was already very brave to make small talk with him.

Hearing this, He Xuyan turned around and left, heading straight for the garden club on the mountain.

Just as Su Bei was about to return to the car to wait, Lin Wenyu sent her a WeChat voice message again. "Su Bei, this won't do anymore. You go first. Many cars were involved in the accident. I'm afraid I won't be able to go anytime soon. I'm really sorry..."

Well, Su Bei couldn't blame Lin Wenyu. She could understand.

Besides, it was not easy for doctors to save lives.

Su Bei put away her phone and walked toward the garden club without being followed.

...

After Sheng Xiaotang and Tang Yue arrived, Lu Tianqing and Lu Tianci also arrived.

Sheng Xiaotang and Tang Yue were usually like proud peacocks, but when they saw Lu Tianqing, they knew what exactly a proud peacock was. Even when Lu Tianqing was walking, her chin was raised high.

Her high heels made her look imposing. The colorful patterns on her body made her look like a vibrant flower.

Under such an aura, Sheng Xiaotang and Tang Yue looked nothing more like regular chickens. They were beautiful but lacking in aura.

However, when Lu Tianqing stood still, her tone was very understanding and gentle. "I heard that you two are friends with Tianci? Since you're here, let's go in together."

This made Sheng Xiaotang and Tang Yue feel flattered. They quickly followed her.

However, under Lu Tianqing's aura, the two of them instantly looked like lackeys.

But they had no complaints.

Who was Lu Tianqing? Not only was she a legitimate member of Lu Group, but she was also Lu Yaode's biological daughter and the daughter-in-law of He Consortium.

Sheng Xiaotang and Tang Yue admitted defeat.

Just her family background alone was enough to leave them in the dust.

After entering, Lu Tianqing went straight to the guests and chatted happily.

These guests were all names that Sheng Xiaotang and Tang Yue had heard from their parents, but this was the first time they had seen their real faces.

This was the first time Tang Yue had seen Qin Zufang and Lin Wenyu's mother.

Tang Yue was not familiar with her, but when Lu Tianqing arrived in front of Qin Zufang, she called out gently, "Aunt, we meet again!"

Qin Zufang smiled and said, "You're getting prettier and prettier."

The Lin family's ancestors came from a military family, which was different from the Lu family's business family. Therefore, they were different from the Lu family of the past.

Chapter 1195: Take Her And Leave Quickly

Qin Zufang didn't really care if Lu Yaode married a mistress or if the children were born to the mistress. Those were other people's family matters.

Lu Tianqing was invited to this banquet entirely because of her relationship with He Consortium.

Therefore, on the surface, Qin Zufang was protecting this relationship.

Seeing how Lu Tianqing was like a fish in water, Sheng Xiaotang and Tang Yue felt a little sour. However, after feeling sour, they regained their rationality and knew that she deserved it. Anyway, all of this had nothing to do with them.

However, the two of them still had ambitions. They were inferior to Lu Tianqing now, but they might not be inferior to her in the future.

As long as one had the heart, one could make some connections here.

With that thought, both of them felt more comfortable and actively socialized.

Lu Tianqing flitted around the venue like a butterfly before finally stopping. She went to the buffet area to drink something and rest her feet.

Sheng Xiaotang and Tang Yue followed her.

Tang Yue's bodyguard came over and whispered, "Eldest Miss, Second Miss is at the door."

"Su Bei?"

"Yes." The bodyguard was guarding the door. When he saw Su Bei, he thought he should tell Tang Yue.

After all, they were family, so the bodyguards did not dare to neglect any one of them.

.....

“Your cheap sister?” Sheng Xiaotang asked.

These words were meant to tease. Although Su Bei had returned to the Tang family, she rarely participated in the Tang family’s activities and did not stay in Sheng Tang Entertainment. Therefore, in the Tang family’s social events, the gentle and kind ones would say her name, while the slightly more narrow-minded ones would say that she was Tang Yue’s cheap sister.

Lu Tianqing couldn’t help but smile when she heard this. However, even if she smiled, she knew her limits. She continued to give off a kind feeling. She had been taught well by her mother.

But Tang Yue was annoyed. “Who knows if she’s really my sister?”

Sheng Xiaotang said, “Then she must have taken the wrong path. From the looks of it, she should have gone down the mountain to eat. Why did she come up the mountain?”

Tang Yue regained her senses and said to the bodyguard, “Take her and leave quickly.”

Everyone here was a big shot. Tang Yue really did not want Su Bei to embarrass herself here.

Although she didn’t want to admit that she was her younger sister, she still had to put on a show. If Su Bei embarrassed herself, what if someone mentioned that she was her younger sister? Wouldn’t she be embarrassed too?

The bodyguard nodded.

Su Bei stood at the door, waiting for the person Lin Wenyu had mentioned.

Lin Wenyu felt very sorry that she couldn’t come in time, so she said that she had arranged for a friend to pick Su Bei up and take care of her.

Hence, Su Bei stood at the door and waited.

When He Xuyan arrived at the garden club, someone immediately came forward. “Mr. He!”

As a member of He Consortium, He Xuyan’s appearance here immediately attracted attention. However, he had never been a high-profile person. He said, “I’m not here to attend the banquet. I’m just here to meet a friend. Don’t make a fuss.”

“Yes, yes, yes. We won’t make a fuss. Mr. He, what you’re most afraid of is being called back to inherit the family business.” The person who came also looked like a noble young master. He reached out and placed his arm around He Xuyan’s shoulder. “But the actress who made your movie a box office hit and saved you from going back to inherit the family business is also at the door. Do you want to invite her in?”

“No, someone will accompany her.” He Xuyan thought of Su Bei’s relationship with Lin Wenyu and felt that he didn’t need to worry about Su Bei.

Chapter 1196: Up To You

??

The noble young master put his arm around He Xuyan and said, "No wonder you've always been single. You're not even taking advantage of such an opportunity. Tsk, tsk, tsk. She's such a great beauty too."

He Xuyan said nothing. That great beauty was his cousin. Could it be that he would have his eye on his cousin?

"Why don't you introduce me, then?"

He Xuyan rolled his dark eyes. "Don't waste my time."

"What do you mean by that? I think I'm pretty good. Although I can't compare to your consortium, I won't be a drag on others, right?"

He Xuyan stopped talking.

The rich young master continued to ask, "By the way, other people from your consortium are also here. Are you not going to see them either?"

.

"Who?" He Xuyan finally showed some curiosity.

"I think her name is Lu Tianqing or something. Isn't that He Yuan's wife?"

When He Xuyan heard this, the darkness in his eyes deepened, and his eyebrows furrowed. Who was He Yuan to be considered a member of the consortium? He was just the son of a mistress.

He would not even take an interest in He Yuan, let alone He Yuan's wife.

...

...

Su Bei stood at the door. She didn't see He Xuyan, and she did not care about the various people walking past either.

After a while, a man who looked like a bodyguard walked over and whispered, "Second Miss, I'll accompany you down the mountain."

"What?"

"Did you go the wrong way? You're supposed to eat at the bottom of the mountain, right? These are all important guests. I'm afraid they're not the people you're supposed to meet." The bodyguard's tone was polite, but his words were not.

He had been following Tang Yue all year round, so he naturally knew her status in the entire Tang family.

As for Su Bei, she didn't come home at all. No one had much impression of her or respect for her.

"There's no need to trouble you. I'll be here." Su Bei looked up at him.

The bodyguard froze. He didn't expect her to say that.

However, he clearly did not believe her. He had followed Tang Yue for a long time and had heard from her more than once that Su Bei did not have any ability. She just relied on her face and the resources given by the old man to get to where she was now.

“Second Miss, if you don’t leave, I’ll have to report this to Eldest Miss,” the bodyguard said. Seeing that Su Bei was unmoved, he immediately turned around and went to Tang Yue.

Tang Yue and Sheng Xiaotang were chatting with Lu Tianqing when they heard the bodyguard say that Su Bei refused to leave. The three of them were a little surprised.

Sheng Xiaotang glanced at Tang Yue, whose complexion did not look too good. She said, “I’ll talk to her.”

Lu Tianqing smiled and said, “Is that your sister? Why don’t you call her in?”

To her, it did not matter who she befriended. In any case, they would eventually become her foil.

“It’s better not to invite her over, Miss Lu. That sister of mine wasn’t raised at home in her early years and has always lacked discipline. She doesn’t know proper etiquette, so her presence here will only disturb your mood.”

“Then it’s up to you,” Lu Tianqing said casually.

Tang Yue immediately composed herself and walked toward Su Bei.

“Su Bei.” Tang Yue walked closer.

When Su Bei saw Tang Yue, she nodded in greeting.

Tang Yue smiled. “It was tough to get here, wasn’t it?”

Su Bei found her words strange. ‘What does she mean it was tough?’

“After all, the people coming and going here are all important people. Isn’t it a little uncomfortable for you to come without an invitation and not be able to get in?”

Su Bei smiled casually. “Not really.”

Chapter 1197: A Little Famous

“Actually, it’s not a problem for me to bring you in under such circumstances. However, I’m busy today and can’t take care of you. If I bring you in, I’m afraid I’ll cause you trouble. If there’s nothing else, you can leave first,” Tang Yue said with an imperceptible frown.

“Really? I’m just waiting for someone here. I’m not getting in your way, am I?” Su Bei asked.

Seeing that she was determined to stay here, Tang Yue knew that even if Su Bei was asked to leave today, Su Bei would definitely not agree.

Initially, it was fine for Su Bei to stay here, but Tang Yue really did not want Lu Tianqing to have anything to do with Su Bei.

She thought for a while and repeatedly considered the gap between Lu Tianqing and Su Bei. Lu Tianqing was from He Consortium and had a very high status. Even the guests here had to give her some face.

However, Su Bei was just a slightly famous female artist. The two of them would have nothing to do with each other.

At this thought, Tang Yue relaxed and said, "Alright, if you want to stand here, just stand and wait, then."

She didn't want to waste any more time on Su Bei.

She turned and came face-to-face with a man she immediately recognized as one of the president's personal assistants.

The special assistant beside the president's wife had an extraordinary status. Compared to ordinary secretaries and assistants, his identity was completely different.

Such special assistants needed to have a high education, a family business, and strong ability. Moreover, most of them were descendants of aristocratic families who came to train and accumulate connections. In the future, they would become the pillars of the country.

Tang Yue had only gotten to know about this special assistant because she was by Lu Tianqing's side. When she saw him, the smile on Tang Yue's face had unknowingly spread across her entire face.

...

"Special Assistant Fang!" Tang Yue's voice rose with joy.

"Miss Tang." A person like Special Assistant Fang was best at building a good relationships with anyone. His handsome face was filled with an impeccable smile.

Tang Yue was about to say something to him when Special Assistant Fang looked at the person behind her and smiled. "Miss Su."

Special Assistant Fang walked past Tang Yue and strode toward Su Bei. The smile on his face was no longer formal. There was a hint of shyness and surprise.

Tang Yue turned in shock as he walked toward Su Bei.

Su Bei nodded. "Special Assistant Fang."

Lin Wenyu had just said that she couldn't come and would ask a childhood friend to pick her up. She had already sent her his photo and name.

Therefore, Su Bei recognized Special Assistant Fang at a glance. Although Lin Wenyu had written his name, Su Bei still called his title politely after knowing his position.

"I'm sorry to have kept you waiting, Miss Su. This way, please," Special Assistant Fang stepped forward and said in a friendly tone.

Su Bei walked in beside him.

Special Assistant Fang smiled and said, "When Wenyu said you were coming, I happened to have something on and came over a few minutes late."

He explained again.

"It's okay," Su Bei replied politely. "I'll just wait inside. Special Assistant Fang, you can go ahead with your matters."

"It's no problem at all. Madam invited you over."

"Invite me? Is it that madam?" Su Bei was surprised. Although Lin Wenyu had said that the president's wife would attend today's banquet, she had not said that she wanted to meet her.

Chapter 1198: I Don't Know Either

??

"That's right." Special Assistant Fang smiled. "Don't worry, Madam is very kind."

Although Su Bei was not worried, she was still a little nervous about meeting such a big shot.

She wondered what that noble lady wanted to tell her.

Special Assistant Fang led Su Bei forward. When Su Bei appeared, many people looked over with burning eyes.

However, due to their identities, everyone only gossiped with their eyes. Then, they quickly came back to their senses and continued their topic of conversation from earlier.

In the distance, a distinguished lady stood in the crowd. She was slightly plump and was dressed appropriately. She had a graceful bearing and a loving smile.

Special Assistant Fang led Su Bei over and said with a smile, "Madam, Su Bei is here."

"So this is Su Bei?" Madam smiled. "She really looks like a good kid."

Qin Zufang stood at the side. She didn't have any direct contact with Su Bei, and it wasn't convenient for her to acknowledge her at this time, so she just smiled.

Su Bei greeted her neither humbly nor arrogantly.

Madam smiled and said, "I heard from Wenyu that you have a friend who's very good at repairing jade artifacts. Previously, he fixed Wenyu's mother's bracelet extremely well."

...

"Yes, that's all thanks to my friend. I just benefited from him," Su Bei said with a smile.

"You are too honest for your own good, child," the madam said with a smile. "Then next time, I may have to thank you for your friend's help."

Su Bei nodded and smiled. "That's my friend's job. He'll definitely agree to it."

They all laughed.

Tang Yue watched as Special Assistant Fang led Su Bei in. She had thought that they shared a private relationship.

Unexpectedly, Special Assistant Fang directly led Su Bei to the distinguished president's wife and they even started chatting!

Tang Yue's gaze changed several times. Her heart felt uncomfortable as if it had been pierced by a rusty steel needle.

When she went to the president's wife's side with Lu Tianqing just now, she had only received a routine greeting. The president's wife didn't say anything to her in private and didn't even look at her.

And now, Su Bei was actually chatting happily with the president's wife?

Why?

Why on earth was that?

Tang Yue went to Sheng Xiaotang and Lu Tianqing in a daze. Seeing that her expression was extremely ugly, Sheng Xiaotang asked, "What happened? Has your sister left?"

"Su Bei..." Tang Yue was almost speechless.

Sheng Xiaotang subconsciously looked over and saw a slender figure beside the president's wife. Who else could it be but Su Bei?

Sheng Xiaotang immediately looked at Lu Tianqing's expression.

A trace of discomfort flashed across Lu Tianqing's face before she quickly suppressed it.

It was just a female artist. Lu Tianqing would not take her seriously!

Although she was also a female artist, she was the daughter of the Lu family and the official wife of a member of He Consortium!

Even if Su Bei received temporary favor, she would still just be an actress!

Sheng Xiaotang was really curious. "Tang Yue, how did Su Bei get involved with that person?"

"I don't know either." Tang Yue's face was pale, and her words were weak.

Sheng Xiaotang could only hold the wine glass tightly with her fingers. Her expression was complicated as she looked thoughtfully in Su Bei's direction.

Chapter 1199: It Must Be Fake

?

In fact, Su Bei knew in her heart that the president's wife had probably called her over to fix some jewelry. She was just giving Lin Wenyu face by attending.

As for the madam, it didn't matter who Su Bei was.

Therefore, after chatting with the president's wife for a while, Su Bei automatically withdrew from the topic. There were too many people around the president's wife who wanted to talk to her. As soon as Su Bei stepped back, the others immediately picked up the topic.

Qin Zufang secretly observed Su Bei and felt that she was a good child. She knew when to advance and when to retreat. She had good etiquette. She was relieved that Lin Wenyu was friends with her.

Su Bei gradually retreated from the crowd. Special Assistant Fang had to greet the guests around the president's wife, so he didn't have time to entertain Su Bei.

However, Su Bei was already mentally prepared for this, so she didn't think it was a bad thing. She casually found a corner seat and sat down.

Lu Tianqing, Sheng Xiaotang, and Tang Yue couldn't help but look at her. They wondered what kind of connections Su Bei had to take such a shortcut.

Actually, if Lin Wenyu had come over, Tang Yue would be able to guess that Su Bei was here because of Lin Wenyu's invitation.

However, Lin Wenyu did not come, so Tang Yue did not think that far ahead.

Tang Yue was filled with jealousy and resentment. She was worried that if Su Bei was in the limelight, she would threaten her status in the Tang family.

Lu Tianqing did not care too much.

...

On the other hand, Sheng Xiaotang was also very wary of Su Bei's outstanding performance.

If Su Bei continued to develop like this, sooner or later, she would destroy her and make her a foil.

She looked Su Bei up and down, her eyes suddenly fixed on Su Bei's wrist.

She took a closer look and even approached Su Bei under the pretext of taking wine. This time, she saw clearly that the bracelet on Su Bei's wrist was exactly the same as Lu Tianqing's bracelet.

What was going on?

Sheng Xiaotang turned around and said to Lu Tianqing, "Miss Lu, I remember you saying that your bracelet is unique, right?"

"Of course." Although Lu Tianqing often pretended to be gentle, she was still full of arrogance.

"But Su Bei seems to be wearing one that looks just like it. The one Su Bei is wearing must be fake, right?" Sheng Xiaotang said and sneered. "I really didn't expect Su Bei to come to such an event wearing a fake bracelet."

These words attracted Lu Tianqing's attention. She looked at Su Bei and saw that the bracelet on Su Bei's wrist was exactly the same as hers.

However, Su Bei's frame was small. The bracelet slid up and down her wrist, making her look even more petite.

Lu Tianqing was born with a big frame and an imposing aura. The bracelet was stuck on her fair wrist, making her look even more voluptuous.

Lu Tianqing said, "I wasn't wrong in saying that my bracelet is unique. However, there were originally two bracelets."

"Huh? There were originally two?" Sheng Xiaotang and Tang Yue couldn't help but ask.

"Yes, there were originally two. Unfortunately, one of them ended up somewhere. I'm afraid it was stolen and sold to others. I just didn't expect Su Bei, a big celebrity, to wear something stolen." Lu Tianqing was already arrogant to begin with. Now that she had something on Su Bei, her tone became even more arrogant.

Chapter 1200: Reputation Is About To Be Destroyed

"Really?" Sheng Xiaotang said in surprise.

"My mother gave me two of the bracelets. I used to wear them all the time. But once, I fired an assistant, and not long after the assistant left, I realized that my other bracelet was missing. If it wasn't stolen by her, how else could it have been explained? At that time, I spent a lot of effort but couldn't find the other bracelet. I didn't expect that I would find it now." Lu Tianqing looked at Su Bei disdainfully.

Sheng Xiaotang said, "In that case, we have to call the police! Su Bei is really too much. She's a big celebrity. Of all the things she can buy, she actually bought something stolen?"

Lu Tianqing tilted her head and asked her with a smile, "Do you think it's better to call the police or should we settle it with another method?"

These words stunned Sheng Xiaotang for a moment.

She thought for a moment. If she called the police, Su Bei and her company would probably quickly suppress the matter. After all, buying stolen goods could be said to be accidental.

It was not a big loss to Su Bei.

But what if they make a scene in public?

The people here were all either rich or noble. Although it was impossible for them to make a big deal out of it, wouldn't Su Bei's reputation be ruined?

Even if Su Bei had already established a good relationship with the president's wife, it would be useless if they made a big fuss out of this incident.

The president's wife didn't have much of a relationship with Su Bei now. If she knew that there was something wrong with Su Bei, she would naturally cut off all contact with her in the future.

In that case, they could prevent Su Bei from befriending all kinds of famous women.

After figuring this out, Sheng Xiaotang said, "Miss Lu, let's not call the police. Let's go look for Su Bei and ask her about it. Di Xing Media should also give everyone an explanation about the behavior of this female artist of theirs!"

.....

These words won Lu Tianqing's heart.

She put down her glass and walked toward Su Bei.

Sheng Xiaotang and Tang Yue immediately followed.

When they reached Su Bei, Sheng Xiaotang asked directly, "Su Bei, where did you get the bracelet on your wrist?"

Su Bei didn't care about their arrival at all. It wasn't until she was called out that she lifted her long eyelashes and looked at them. Her movements were elegant and leisurely as if she was taking a casual stroll.

Immediately, Su Bei's smile also rose, forming an elegant curve on her perfect lips. "What's the matter?"

Actually, she had heard Sheng Xiaotang's words, but the other party's words puzzled her, so she asked again.

Sheng Xiaotang was even more unhappy that she dared to ignore them. "I'm asking you, where did you get your bracelet?"

"A friend gave it to me," she said casually.

"What friend?" Sheng Xiaotang was certain that Su Bei had bought it, so her tone was especially rude.

There were people who would secretly find some channels to purchase expensive goods that had been stolen from malls or the homes of wealthy people. These kinds of goods had special channels of sale. They had always been famous for the quality, but the prices were low.

Usually, people who were really rich would never buy stolen goods.

However, whether it was the entertainment industry or the socialite circle, it was inevitable that there would be some people who got involved in this trade. Their expenses were very high, and the money needed to maintain their reputation was astronomical. However, at some point, the money they earned would not be enough to maintain their high spending. Hence, they would use some channels to buy stolen goods.
