

Chapter 1201: Thief

??

There was also a portion of them who bought defective goods. In other words, there were some flaws in the luxury goods and they were to be destroyed but were put up for sale.

Wearing defective goods and buying stolen goods were both looked down on, but when it came to buying defective goods, at least there was nothing wrong with one's nature. However, buying stolen goods was a deliberate act.

Sheng Xiaotang felt that Su Bei was such a vain person.

Han Qingwan had given Su Bei this bracelet. When she gave it to her, it was because Han Qingwan saw Da Bao and liked this grandson of hers, so she gave the bracelet to Su Bei.

Su Bei naturally wouldn't tell Sheng Xiaotang about the origin of the bracelet. She looked at Sheng Xiaotang with her beautiful and exquisite eyes. She said in amusement, "Why should I tell you?"

Sheng Xiaotang: "..."

Sheng Xiaotang didn't expect Su Bei to put on a show like this. It was as if she didn't buy stolen goods at all and was wearing top-notch high-end jewelry.

Tang Yue did not want to continue arguing with Su Bei. She said directly, "Su Bei, Miss Lu lost a bracelet previously. It's exactly the same as the one on your hand. Her former assistant stole it and sold it. Now that you have this bracelet, what else do you have to say?"

Su Bei narrowed her eyes. When she heard this, she raised her head lazily and accurately glanced at Lu Tianqing's wrist. The bracelet was indeed identical to hers.

Su Bei didn't panic. She tilted her head and looked at it seriously. Her bracelet was a gift from Han Qingwan. Even Lu Heting didn't say anything about it. It was obvious that it was from the Lu family.

Although Han Qingwan didn't like her and didn't like her profession, it was impossible for her to give her a fake. Otherwise, Lu Heting would have noticed the problem long ago.

...

As for Lu Tianqing, her mother was the mistress of the Lu family. The corners of Su Bei's lips curled up slightly, and there was a hint of mockery. That was probably the jewelry she got from her mistress mother. How dare she shout in front of her?

Seeing that not only did Su Bei not speak, but she also had a mocking expression on her face, Sheng Xiaotang said, "Su Bei, you might not know that you're wearing a cheap bracelet. Perhaps your manager or assistant bought you this bracelet for a cheap price. But no matter what, the original owner of this bracelet is Miss Lu. You should return the bracelet to Miss Lu and fire the people in your team. Then, you have to apologize. Miss Lu won't hold it against you. Right, Miss Lu?"

Lu Tianqing sized Su Bei up and knew that she was from Di Xing Media Company. Not only had she found the bracelet, but she could also use the matter to suppress Di Xing Media Company. It was indeed a good thing.

Therefore, Lu Tianqing nodded and raised her chin. "If you take the initiative to apologize, I won't hold it against you."

"This bracelet was clearly given to me by a friend. Why should I fire the people in my team? And why should I apologize?" Su Bei felt bored with the three women in front of her.

From the moment she entered, Tang Yue had looked down on her. Did they think she didn't know that they wanted to trip her up?

Unfortunately, it had been a mistake to set their sights on her bracelet!

Seeing her unyielding attitude, Lu Tianqing's smile darkened. "Su Bei, take a look at it yourself. Is there a letter Q engraved on the inside of the bracelet? That's the initial of my name, Qing. When my father gave this bracelet to my mother, he specially engraved my name on it. He specially waited for me to grow up so I could wear it."

Chapter 1202: Initial

??

Hearing the commotion, people immediately looked over.

When Su Bei and Lu Tianqing came over today, they had already attracted a lot of attention. Now that they heard their loud voices, some people started to gather around.

This was the effect Lu Tianqing wanted. Getting her bracelet back was as important as ruining the artists under Lu Group.

Especially... on such an occasion.

Su Bei had encountered such a big problem. She was practically making herself a target for Lu Tianqing.

"Su Bei, take a look at it yourself. Is there the letter Q on the bracelet?" Lu Tianqing said unhurriedly when she saw that a crowd had gathered around.

Su Bei frowned slightly. She had the bracelet for a while now. She had worn it before and carefully admired it. There was indeed a very small letter Q on it.

Lu Tianqing clearly knew this bracelet very well.

However, wasn't the letter Q in reference to Han Qingwan name?

It was not convenient for Su Bei to reveal Han Qingwan's identity, so she just frowned and could not explain herself.

Seeing Su Bei's expression, Lu Tianqing was certain that Su Bei had bought a stolen bracelet. She had finally found her bracelet.

...

However, she didn't expect to find it on Su Bei. Her disdain for Su Bei increased.

The onlookers were all people of status, but this did not stop them from gossiping.

They did not spread the gossip, but there was a hint of excitement in their eyes.

In particular, some people were thinking, 'Su Bei is just an artist. How could she come to such a place? It seems that Lu Tianqing isn't wrong in acting like this. Besides, with Lu Tianqing's status, she wouldn't frame a small-time artist, right?'

'I didn't expect to see such a lively scene on such an occasion today. It seems that Su Bei is doomed.'

'Tsk, tsk, tsk. If she offends this person and the president's wife, Su Bei will probably be banned from the industry, right?'

Everyone thought to themselves, but no one said anything out loud.

Seeing that Su Bei refused to take off the bracelet, Sheng Xiaotang said, "Su Bei, take it off. Since there are so many people here, let everyone take a look. If we were wrong, you'll get to clear your name, right?"

Tang Yue's eyes flickered. "Su Bei, even if you're wearing a thief's stolen goods, it might not be your fault. Most of the clothes and accessories celebrities wear are arranged by their managers and companies. As long as we explain everything clearly, everything will be fine."

She was directly pushing the blame to Di Xing Media Company and even the Lu Group.

Lu Tianqing could take this opportunity to trip Lu Heting up.

She had to admit that this scheme was terrifying.

The same thought had occurred to her.

The surrounding people also thought to themselves, 'Is Tang Yue trying to get the entire Di Xing Media Company involved in this? What's going on with Lu Tianqing?'

Many people in the outside world did not know that Lu Tianqing was the daughter of a mistress. All these years, the Lu family's scandals were not exposed to the public. They had never exposed it to save face for Lu Yaode.

That was why Lu Tianqing was treated like this today.

Otherwise, she would have been mocked by the crowd.

"Su Bei, give me the bracelet. Let me check it for you." Tang Yue reached out.

Chapter 1203: I Suggest You Call The Police

??

Su Bei's eyes sparkled as she refused. "If you really think that the thing I'm wearing is a stolen item that I secretly bought, I suggest you call the police. Because none of you have the right to search anything on me. The letter Q doesn't just represent one thing either. I believe in the police, but not you.

"Additionally, please be prepared. If it's a false report and it turns out to be slander against me, there's no way my lawyers and team will let it go!"

Her words made perfect sense.

Even the surrounding guests nodded repeatedly.

Tang Yue was a stark contrast to her. Her face was flushing, but she forced herself to suppress it.

Lu Tianqing's status was much higher. She smiled and said, "Aren't there police officers here? Wouldn't it be much more convenient to ask them to check? It's not that we don't want to call the police, Su Bei. We just don't want to make a big deal out of it. Besides, what kind of occasion is this today? If we really call the police on such an occasion, those who don't know better will think that something has happened."

Sheng Xiaotang immediately said, "Yes, there are police officers over here. Since we're all arguing here, why don't we let them help uphold justice?"

It was obvious that Lu Tianqing was certain that the bracelet was the one she had lost, so she was fearless and very unyielding.

Seeing that Su Bei did not answer, she was even more confident. She did not care about Su Bei's identity at all.

She stepped forward and apologized to everyone first. "I'm sorry, everyone. I'm resolving some personal matters here tonight and it has affected everyone's mood. I wanted to resolve this matter in private, but Su Bei refused to cooperate, so I had no choice but to do so."

The others nodded, thinking she wasn't being rude.

...

If there was a problem, it had to be solved.

"If the bracelet in Su Bei's hand was something else, I could give it to her if she really liked it. I could just take it as though I gave a friend a gift." Lu Tianqing was tolerant and magnanimous. "Unfortunately, this bracelet has a special meaning to me. I don't dare to give it away casually. It's a gift from my parents. I value it very much."

They nodded again. "Yes, that does make sense."

"It's rare for children to be so filial and loyal to their parents. Young people nowadays don't have the word 'filial' in their dictionary."

"A gift from one's parents really can't be given away at will. It's understandable."

Lu Tianqing continued, "In addition, two years ago, one of my assistants made a mistake and left. It was also at that time that my bracelet disappeared. I haven't been able to find the whereabouts of this bracelet. Now that I see it in Su Bei's hand, I want to clarify things. This is human nature, right?"

They nodded again. "It's human nature. It's very normal to want to do that."

"I'd also like to find out what's going on."

"You have to ask the questions you have in mind. Besides, this bracelet looks expensive. It's indeed necessary to figure it out."

Lu Tianqing sighed softly. "It was fate that we were able to come to the same banquet. We're all friends here, so I never thought of calling the police to solve the problem. Actually, I just wanted Su Bei to cooperate with me and clarify the matter."

Chapter 1204: Of Course Not

??

Lu Tianqing's words all came from the moral high ground as if she was an innocent lady while Su Bei was a petty thief.

"Su Bei, do you want to cooperate with me in my investigation, or should we ask the police to deal with it?" Lu Tianqing seemed to be asking for her opinion on the surface, but in fact, her every word was aggressive.

Under such circumstances, even if Su Bei didn't agree, she would still force Su Bei to cooperate.

Before Su Bei could speak, the others said, "I don't think there's anything wrong with the arrangement. Su Bei, you should cooperate."

"Exactly. If there's a problem, we'll solve it. Let's not make a bigger fuss out of it."

Sheng Xiaotang also said, "Everyone is right. Su Bei, since we've discovered a problem, we can't completely pretend that nothing happened, right? Cooperate with us and we'll figure things out soon."

Tang Yue also fanned the flames. "Su Bei, if you don't cooperate, you can't blame everyone for being suspicious of you."

"What's going on here?" said a gentle but authoritative voice. Everyone quickly made way as the president's wife walked toward them.

Lu Tianqing immediately said, "Madam, I lost a bracelet previously and it was secretly sold by someone close to me. Su Bei's management company might have accidentally bought this bracelet. It's probably an unintentional mistake. Therefore, I want to get back the bracelet. I'll give them as much money as Su Bei and the others bought it for. I'm sure they were just careless. I naturally can't let them suffer losses."

"Really?" The president's wife looked at Su Bei and saw the bracelet.

Although Lu Tianqing's words were especially polite, who couldn't tell what she was implying?

...

If Su Bei really wore the bracelet that belonged to Lu Tianqing, it would be a huge scandal if word got out. It would be difficult to make up for it.

Su Bei looked at the president's wife in a neither servile nor overbearing manner. "My bracelet was given to me by a friend, so I don't know what Miss Lu is talking about."

Lu Tianqing smiled. "Actually, if it weren't for the fact that my parents were the one who gave me this bracelet, I wouldn't mind giving it to Miss Su. But this bracelet means a lot to me. It was originally a pair, but now that there's only this one left, the blessings my parents gave me are gone. Therefore, I have no choice but to figure out what's going on and take back what belongs to me."

She knew very well that stirring up trouble on such an occasion was not something the president's wife would like. Besides, she was not the main character of tonight's dinner party.

But getting the bracelet back was important.

Besides, as long as she proved that the bracelet was hers, the person who would become unfavored by the madam would be Su Bei and not her.

Therefore, since the matter had already started, it had to end with Su Bei.

Since the president's wife was already standing here, she wasn't likely to favor anyone. She said, "In that case, you won't mind taking off your bracelets and putting them here so that my people here can see what's going on, will you?"

"Of course not." Lu Tianqing took off her bracelet first and placed it on the soft brocade box held by the person behind the president's wife.

Since Lu Tianqing had already taken it off, Su Bei couldn't refuse.

She took it off too and put it down.

Chapter 1205: This Is A Pair

As Su Bei knew how she got her bracelet, there was no panic in her eyes.

The person who came to check was from the presidential palace. He had always been very knowledgeable about jade bracelets. He picked them up and examined them carefully.

Seeing that even the president's wife had interfered in this matter, everyone held their breaths and waited.

Qin Zufang knew that Su Bei had the Lin family's bloodline and was Lin Wenyu's good friend. Seeing Su Bei suffer, she wanted to defend her, but since the matter had yet to be concluded, she could only hold back.

If anything really happened to Su Bei, she would step out and smooth things over.

At the back of the clubhouse, He Xuyan was having a meal with a friend. That young master had also heard about this and was gossiping with him. "I heard that the bracelet Su Bei is wearing belongs to Lu Tianqing. I wonder if this is Su Bei's fault or her management team's fault?"

"Neither." He Xuyan, who had been quiet at first, finally spoke.

"Why not? Could it be that Lu Tianqing is publicly framing her? Su Bei was wearing that bracelet when she came in. That's obvious."

"It's impossible that it's her or her company's fault."

The noble young master smiled. "Oh, and you say you're not interested in her? Judging by your attitude, you're protecting her?"

"I've worked with her before. She's not vain." If Su Bei only wanted the glory of the entertainment industry, she wouldn't have accepted the role in his movie.

"Di Xing Media Company is also a company with principles." He Xuyan had worked with Di Xing Media Company before and knew that while not everyone there was a good person, there was nothing wrong with the company's principles.

His friend continued to laugh and patted his shoulder. "Then if something really happens to Su Bei later, will you help?"

.....

He Xuyan picked up his chopsticks. "Let's eat."

...

The results of the examination were out. The person from the presidential palace said, "Madam, everyone, these two bracelets are made of the same material and have the same craftsmanship. The letter Q engraved on them is also exactly the same."

They all said, "So, they're a pair?"

"I can confirm that this is a pair of jade bracelets made at the same time."

When everyone looked at Su Bei again, their gazes were meaningful.

This was a pair of jade bracelets made at the same time and Lu Tianqing had said that they were a gift from her parents. Besides, the letters on the bracelets matched her name, so everything naturally corresponded. The bracelets indeed belonged to Lu Tianqing.

As for Su Bei, she was just an artist. She might not be able to afford such a priceless bracelet. Besides, as a member of the Lu family, did Lu Tianqing have to slander her for such a small thing?

Lu Tianqing said gently, "Su Bei, the evidence is conclusive now. This proves that I'm not picking a fight, right?"

Sheng Xiaotang also said, "Su Bei, the evidence is here. You should be convinced now, right? You definitely have to return it to Miss Lu, but shouldn't you also apologize to her?"

The president's wife looked at Su Bei with pity and love. "Su Bei, what do you think?"

"Madam, as I said, my bracelet was a gift from a friend."

"What friend?" The president's wife's question was uttered magnanimously. Since she wanted to give both sides justice, she naturally wouldn't refuse to give Su Bei a chance to speak.

Chapter 1206: Good Means Indeed

Su Bei approached her and was immediately stopped by a bodyguard. The president's wife said, "Let her come over and talk."

The bodyguard looked her up and down as if to make sure she didn't have any murder weapons on her before letting her go forward.

Su Bei said in a voice that only the two of them could hear, "It's Mrs. Lu, Han Qingwan."

Naturally, Su Bei did not want to publicize such a thing.

The president's wife froze. She didn't expect Su Bei to say that name.

Although the presidential palace had an ordinary relationship with the entire Lu family in the past, they had also received a lot of support from Lu Heting now. Hence, they still maintained their relationship with the Lu family.

The president's wife said, "Then I'll make a call and confirm it with her."

After saying that, she said to Lu Tianqing, "The friend Su Bei mentioned happens to be someone I know. I'll call to help confirm it. If the other party affirms it, this matter will end here, Tianqing."

Did this mean that she couldn't get her bracelet back? Lu Tianqing's face flashed with disapproval.

However, since the president's wife had said so, she could not pester her too much.

Fortunately, she did not believe that Su Bei was telling the truth.

The person was even worthy enough to have the president's wife call them. Clearly, the other party's status was not low. Would such a person give Su Bei a bracelet?

Besides, Lu Tianqing was very sure that this bracelet was hers. No matter who gave it to Su Bei, she couldn't erase this fact.

.....

The president's wife made the call and nodded. "Okay."

She put down her phone and said to Lu Tianqing and Su Bei, "This friend happens to be nearby. She said she'll come over immediately and settle the matter."

Su Bei smiled. "Okay."

She naturally knew that it was Han Qingwan, so the current battlefield belonged to Han Qingwan.

As for Lu Tianqing... Did she really think that an illegitimate daughter could compete with the main wife?

Lu Tianqing was confused for a moment. What friend? They were coming over just like that?

However, as long as the bracelet was hers, she didn't have to worry about anything. In an instant, her usual smile appeared on her face.

Everyone was also thinking to themselves, 'Who's Su Bei's friend? Why are they coming here?'

'Sounds like the person's pretty high up in status too. I just don't know how we're going to solve this.'

'I wonder who the bracelet will end up with.'

Sheng Xiaotang and Tang Yue also looked at each other. They did not expect Su Bei to have the ability to reverse the situation.

And the president's wife was full of patience.

As a result, although everyone's hearts were dying with curiosity, they could only restrain themselves and wait.

After a while, someone came to report to the president's wife. "Madam, Han Qingwan is here."

"Please invite her in," the president's wife said. Because of her relationship with Lu Heting, she had to give Han Qingwan some face.

Lu Tianqing narrowed her eyes. Han Qingwan was jailed a while ago. She didn't expect her to be released so quickly. Lu Group was indeed capable.

Lu Tianqing had always harbored resentment toward this strong-willed madam. Their family had to live in T Country. It was all because Han Qingwan insisted on being the wife and refused to get a divorce that Lu Yaode and Tian Xin could only get married overseas.

It also caused their family to have no choice but to give up on the huge market in S Country and develop in T Country instead.

Chapter 1207: Are You Convinced?

??

How could everything in T Country compare to the rich and vast S Country?

How could Lu Tianqing not be jealous?

Han Qingwan had lost a lot of weight, but her expression was still calm. She walked in and stood in front of the president's wife. She smiled and said, "I'm really sorry to be interrupting your banquet."

"It's nothing. It's just that some of the children have encountered an issue and aren't able to come to a conclusion, so they asked you to come." The president's wife smiled. "Please be a witness so that the children won't suffer."

Han Qingwan smiled and said, "The children are still young, so it's inevitable that they're insensible."

She picked up one of the bracelets and said with a smile, "I did give this bracelet to Su Bei."

"How is that possible?" Lu Tianqing was the first to be unconvinced!

She had kept this bracelet for more than 20 years. As the jade used was very good, its value was ridiculously high. She only wore it on important occasions. It was one of the pieces of jewelry she valued very much.

She did not believe a word Han Qingwan said.

Sheng Xiaotang also said, "Mrs. Lu, but Miss Lu's bracelet is quite old. I've seen her wearing it before, and it's indeed a pair."

Tang Yue also raised her own argument. "Mrs. Lu, you're unrelated to Su Bei. Why would you give her such expensive jewelry? I know that you've always doted on Mr. Weijian. You're afraid that Su Bei's matter will implicate Di Xing Media Company and Mr. Weijian, right? But don't worry, Mrs. Lu. Miss Lu has said that she won't pursue the matter. She just wants to get the bracelet back."

...

These words were reasonable, but the meaning behind them was that Mrs. Lu was protecting Lu Weijian and his artist, Su Bei.

Everyone felt that it made sense. It seemed like Mrs. Lu was biased.

But that was to be expected. Who wouldn't be biased toward their own son?

Mrs. Lu smiled and picked up the bracelet. "That's too harsh. Weijian has always been able to rely on his own for work. I've never cared much about it. Young people should be allowed to train themselves."

After refuting Tang Yue's words, she changed the topic and said, "When I was young, I was in a very loving relationship with my husband. Back then, we went overseas to inspect businesses together. We stayed in the wild mines and experienced a lot of hardships. However, we also picked up a treasure there. It was a piece of jade with a very good texture. Because it was very valuable and memorable, we brought the jade back.

"Then, we asked a famous craftsman to make two bracelets out of the jade.

"These two bracelets were priceless back then. Many rich people offered an astronomical figure of nine figures to buy them.

"However, we were neither short of money nor willing to give our hard work to others.

"So, my husband suggested engraving my initials on the bracelet.

"Everyone knows that my name is Han Qingwan. When I was young, many people called me Qing'er, so the initial Q was engraved on the bracelets.

"I wonder if this explanation will convince everyone?"

After Han Qingwan finished speaking, she smiled at everyone.

Although she didn't like Su Bei, Su Bei was still her daughter-in-law. She had to protect her.

Besides, who was the person who provoked Su Bei? It was someone she hated to the core.

Chapter 1208: I Don't Know This Person

Coupled with the fact that her relationship with Su Bei had eased recently, naturally, her purpose in coming was clear.

After hearing Han Qingwan's words, everyone was stunned. Then, someone said, "I remember now. Such an incident had indeed happened back then. The person who offered a high price to buy Mrs. Lu's bracelets was a rich foreign businessman, right?"

"In that case, do the bracelets really belong to Mrs. Lu? Then, the bracelet that Su Bei is wearing is definitely a gift from Mrs. Lu and not a stolen item."

"Then what about Miss Lu's..."

"Isn't Miss Lu from the Lu family? It looks like this is just a misunderstanding."

Lu Tianqing never expected such an outcome.

But the jade bracelet was clearly hers!

However, for a moment, she could not defend herself.

When Sheng Xiaotang and Tang Yue saw this, they were also stunned. Tang Yue muttered, "Then why did you give Su Bei the bracelet? Could it be..."

Had Su Bei really hooked up with Lu Weijian?

Han Qingwan smiled generously. "Little girl, Su Bei has earned a lot for Di Xing Media over the past two years. She even helped to revive a few apps under Weijian's name. Our Lu family values talent. I secretly hope that Su Bei can renew her contract with Di Xing Media for a few more years. It's not too much for me to give her something, right?"

Tang Yue was speechless for a moment. However, when she found out that Su Bei and Lu Weijian weren't having an affair and she couldn't marry into the Lu family, she felt glad.

The others smiled and said, "Then this matter might really be a misunderstanding. Mrs. Lu, this Miss Lu is your daughter, right? It seems that Miss Lu and Su Bei can become friends after a fight."

.....

Most people thought that Lu Tianqing was born from a legitimate wife, mainly because the outside world knew very little about the Lu family's private affairs.

As soon as she said this, Lu Tianqing's smile could not help but change. Only she knew her identity.

Especially since Lu Yaode and Han Qingwan were not divorced at all. Logically speaking, if Lu Yaode and Tianxin remarried, it would be considered bigamy.

Therefore, the couple could only get their marriage certificate in T Country and avoid the law of S Country.

Lu Tianqing couldn't bring herself to raise her head in front of Han Qingwan.

She couldn't wait to get over this matter, but those people still kept talking. "It's good that things have been resolved. Mrs. Lu, there's nothing else now."

Han Qingwan smiled and said, "How can you say that nothing happened? I've never had a daughter in my life. How can I have a daughter?"

Everyone was speechless when they heard that.

"Then is Miss Lu your niece?"

"Of course not," Han Qingwan said. "I don't know this Miss Lu."

Everyone: "!!!"

"What's going on?"

"But Lu Tianqing is clearly a member of the Lu family. She even attended an event with Lu Yaode the last time!"

"Could she be a goddaughter?"

"They don't look like it. It doesn't seem likely. They look like biological father and daughter."

Lu Tianqing gritted her teeth. She had never been criticized like this before. In T Country, she was the daughter of the upright Lu Yaode and a socialite with a clean family background!

Her identity was not to be discussed!

"I'm the daughter of my biological father, Lu Yaode. My father and mother got married in T Country, so you don't have to criticize my identity as a legitimate member of the Lu family."

Chapter 1209: Even More Embarrassing

When Lu Tianqing said this, everyone's eyes focused on Han Qingwan.

Everyone knew that Han Qingwan was Lu Yaode's wife. All these years, she had taken over the Lu family's responsibilities.

Had things suddenly changed now?

The president's wife and the others had heard about this before, so they looked very calm.

However, most of them were not so calm anymore. Everyone had a stomach full of questions and could not hold back their curiosity.

However, this matter was too important. With everyone's limited status, they really could not say anything at this time.

Everyone was flushing with suppressed curiosity.

However, Han Qingwan didn't let them hold it in for long. She said directly, "Oh, so you're Lu Yaode's daughter."

Lu Tianqing was angered by her disdainful and superior tone. She suppressed her anger and said calmly, "Yes."

"I see." Han Qingwan smiled and said, "Back then, I kept these two bracelets well. I wanted to keep them for my family, but one day, one of them went missing. I was wondering where it went. I didn't expect it to be in your hands."

She spoke very calmly and casually, but everyone could hear the hidden meaning behind her words. Lu Yaode had a mistress and secretly gave the things that belonged to his wife to her!

The mistress then gave the bracelet to her daughter. This daughter was only an illegitimate daughter, but she actually bragged about it under such circumstances!

How shameless!

.....

Everyone's gazes immediately pressed down on Lu Tianqing, making her feel such a heavy weight that she couldn't bear it!

Even though these people might not be that clean themselves and they might have a lot of illegitimate children, they still abided by some unspoken rules. It was impossible for illegitimate children to be brought up in public!

The more elite they were, the more they had to follow the sanctimonious act. Reputation was more important than anything else.

On the other hand, Lu Tianqing felt like she had stolen something even though Lu Yaode had given her the bracelet.

Han Qingwan smiled and said, "Since it's in your hands, you can keep it. It's fate. The letter Q can also be in reference to your name."

Her words had the calmness of a proper wife and the kindness of an elder, but it was even more embarrassing than Lu Tianqing getting slapped dozens of times.

If Han Qingwan lost her composure and got angry, Lu Tianqing could sit back and watch her make a fool of herself.

However, everything about her was so calm and collected. She was like a queen from ancient times who said to her concubine's child, "This is your reward."

The more it was like that, the more humiliating it was.

For a moment, Lu Tianqing could not refute.

It was because Han Qingwan didn't say anything else at all! The more watertight the words, the more impossible it was to refute and expose them!

Seeing that the matter had been resolved, the president's wife smiled and said, "Since that's the case, there's nothing else. Su Bei, Tianqing, you can take your bracelets back."

Su Bei reached for it and smiled. "Thank you."

Although Lu Tianqing was reluctant, she had no choice but to take back her bracelet. When she thought about how this was something that had witnessed the deep love between her father and Han Qingwan, she felt a deep sense of powerlessness. She was even a little disgusted. She didn't want to wear it again.

Chapter 1210: There Will Be A Next Time, Right?

Su Bei suddenly stopped her. "Miss Lu."

"What is it?" Lu Tianqing was not in a good mood after being embarrassed in public. She sounded a little forced when Su Bei stopped her.

"Miss Lu, you made such a big fuss over it just now. I've also explained the origin of my item. Now, shouldn't you officially apologize for the misunderstanding just now?" Su Bei said with a smile.

Lu Tianqing's expression was especially interesting.

Su Bei blinked slightly and said with a smile, "Actually, I don't have to ask you to apologize. But if you don't apologize, people will really think that I bought stolen goods. It's fine if it's just a loss to my reputation, but it'll affect my company and team badly. I feel very guilty toward them. So, I still have to force myself. Miss Lu, please apologize to me."

Her words were completely imitating Lu Tianqing's righteous words earlier. Su Bei was pretending as though she did not have the intention to do this but was forced to.

Some of them noticed what Su Bei was doing and laughed.

Even He Xuyan, who was in a corner listening to the show, smiled when he heard this.

If Lu Tianqing apologized in public, it meant that she would also have to admit her identity as an illegitimate daughter. She would also admit that her bracelet was attained through unscrupulous means. She originally thought that it was evidence of her parents' love, but in the end, it was only evidence of her father and his wife's love. This was undoubtedly worse than slapping her.

But in front of so many people, especially the president's wife, she couldn't refuse to apologize.

She could only say, "I'm sorry."

Su Bei smiled and said, "I'll keep your apology in mind for now. I'll get back to you when I've thought it through."

Everyone smiled and felt that Su Bei's words were too cute.

.....

"..." Lu Tianqing was furious. Was there going to be a next time?

She had always been arrogant and was flattered everywhere. After being embarrassed by Su Bei this time, her expression was really amusing.

Sheng Xiaotang and Tang Yue immediately lowered their heads to reduce their presence.

Unexpectedly, Su Bei immediately turned to them. “Miss Sheng and Miss Tang, are you going to apologize to me for what you said just now? Actually, it was a misunderstanding and it’s over now. However, as you know, reputation is not a small matter. So, you still have to apologize, right?”

The more she talked about her reputation, the angrier Lu Tianqing became. If it weren’t for the fact that she was usually arrogant but magnanimous and gentle, she would really have flown into a rage.

Sheng Xiaotang: “...”

Tang Yue: “...”

They had no choice. After a moment of silence, they said, “I’m sorry.”

“Yes, I’ll get back to you guys about your apology another day. Although I’m not very angry today, I’m still a little angry. I haven’t moved on yet.”

Everyone laughed at Su Bei’s words.

Lu Tianqing didn’t want to stay here any longer. She said to the president’s wife, “Thank you for your invitation, Madam. I still have something to do today, so I’ll excuse myself.”

“Go about your business, then.” The president’s wife didn’t beat about the bush.

Lu Tianqing pinched her skirt. This humiliation had really ruined her reputation! However, her parents had never mentioned the bracelet. She really did not expect that she would be humiliated today.
