

Chapter 1241: Who Is It?

??

Su Bei nodded vigorously. "That's probably why Grandma didn't dare to tell Mom. That's why Mom guessed that I was pregnant."

After thinking this through, Su Bei felt sorry for Han Qingwan.

To some older people, heirs were more important than anything else. Naturally, they were also more important than daughters-in-law without any blood ties.

Therefore, Old Madam Lu would acknowledge Lu Tianqing and Lu Tianci. On account of Lu Tianci's child, she would also leave the shares to him.

This kind of thinking was understandable, but it was really easy to be disappointed.

Lu Heting saw the change in Su Bei's expression and could almost read her thoughts. He reached out and pulled her into his arms. "We can't control other people's thoughts, but we can live the lives we want."

Su Bei nodded gently. "Yes."

Lu Tianci's official girlfriend was Sheng Xiaotang, so the person who was pregnant must be Sheng Xiaotang.

At the thought of this innocent child being used as a pawn to fight for the family fortune before it was even born, Su Bei pitied this child.

The next day, when Su Bei attended an event, Jia Shiyun also appeared.

When Jia Shiyun saw Su Bei, her eyes were filled with arrogance.

Su Bei saw that she had been driven here in a super-luxury car. It looked like Jia Shiyun had also hooked up with someone.

Jia Shiyun walked past Su Bei. She was dressed meticulously with a pair of exquisite flat heels.

Xiao Bai said, "I don't know what she's so proud of. Sheng Xiaotang didn't even bring her along when she filmed commercials and TV shows. She really thinks of herself as a famous artist. If it weren't for her deception back then, who would have given her those resources?"

"Is Sheng Xiaotang still shooting advertisements?"

"Yes, when I went to help Sister Qiao Mei deliver the information yesterday, I saw her hanging on a wire," Xiao Bai said.

Su Bei thought of Lu Tianci. Since Sheng Xiaotang was already pregnant, she should stay at home to recuperate. After all, she was Lu Tianci's biggest chess piece.

However, not only did Sheng Xiaotang not rest, but she even hung on wires?

Was she taking the pregnancy so lightly?

“What other activities does she have recently?”

Xiao Bai quickly scrolled through her phone. She said, “She’ll be filming for a sports variety show and a movie. It’s a martial arts movie. It’s very exciting. It’s the work of a big director known for his martial arts movies. Everyone said that the movie this time will be very popular.”

Su Bei was a little puzzled. Sheng Xiaotang was pregnant. Even if she didn’t rest now, she should be working less. However, she had accepted a sports variety show and a martial arts movie?

Could it be that she had looked for a surrogate?

Originally, Sheng Xiaotang’s matter had nothing to do with Su Bei. If it were any other time, Su Bei would not have bothered.

But it was different now. Lu Tianci’s family had bullied her husband. Su Bei would not sit by and do nothing.

She suddenly recalled that Jia Shiyun was wearing flat shoes just now. With Jia Shiyun’s usual style, she would never wear flat shoes on such an occasion. Jia Shiyun usually dolled herself up no matter the occasion.

Could it be that the pregnant one was Jia Shiyun and not Sheng Xiaotang?

If this was true, Su Bei really wanted to say from the bottom of her heart, ‘This circle is so messy!’

Chapter 1242: What’s Wrong?!

?

Su Bei was about to go on stage when the makeup artist came over to help her with her makeup.

She put aside her thoughts for a moment.

Xiao Bai said, “I’ll get you something to drink.”

Usually, before going on stage, Su Bei would drink a little water to wet her throat so that she could answer various questions from the host and reporters.

She got her makeup done while waiting for Xiao Bai to return.

But when she was done, Xiao Bai was still not back.

She took out her phone and called Xiao Bai. “Xiao Bai, where are you?”

“I-I’ll be right back.” Xiao Bai sounded different from usual.

Su Bei frowned slightly. Soon, Xiao Bai came back with a glass of water, but her eyes were red.

Su Bei raised an eyebrow at her. “What happened?”

“Um, when I went backstage, I met my friend. She’s doing logistics here. When I was accompanying her, she gave Jia Shiyun a cup of coffee. Jia Shiyun threw the coffee in her face, and it scalded her. I wanted

to find some medicine, but Jia Shiyun refused to let my friend go. She even pressed her head down to make her apologize. Now, my friend needs to apply medicine to her facial injuries. What should I do..." Xiao Bai sounded especially aggrieved. "We didn't know that Jia Shiyun didn't drink coffee. According to previous arrangements, she's always given coffee."

Su Bei was furious. "What's wrong with her?! Where's your friend?"

"She's still with Jia Shiyun," Xiao Bai said with a crying face.

"Let's go. I'll take a look."

"Forget it, Su Bei. You still have an event later. There's no need to provoke Jia Shiyun. Besides, she's now with Tianyi. She has someone backing her up. The relevant units in this event are all supporting her. I'll go find a friend to help first." Xiao Bai was afraid that her matter would cause trouble for Su Bei.

Su Bei didn't want to talk to Jia Shiyun today, but who knew that Jia Shiyun was getting more and more arrogant?

She said, "I'll just take a quick look. Am I no longer your friend?"

Seeing that Su Bei had already strode over, Xiao Bai had no choice but to follow her. The word 'friend' almost made her cry.

Jia Shiyun's status was far inferior to Su Bei's, but she got the largest and most luxurious dressing room. At this moment, the supervisor was apologizing to her and saying things to flatter her. Beside him stood a timid girl. She must be Xiao Bai's friend.

Jia Shiyun had a proud expression and looked like she couldn't be bothered.

Previously, in the entertainment industry, she had always maintained her generous and kind reputation. She had suppressed herself for so long that she almost went crazy.

Coupled with the fact that she now had nothing to do with Lu Group, she could not be bothered to change her negative image anymore. She simply let herself go and ordered people around. No matter what the supervisor said, she did not relent.

Ever since she was pregnant with this child, Lu Tianci started treating her like a treasure. If not for the fact that the organizer of this event was related to Lu Tianci, she would not even want to come to this event and would just rest at home.

However, she could get money by participating in this event and avoid Sheng Xiaotang's eyes and ears. She had no reason to refuse.

Lu Tianci arranged for someone to pick her up and accompany her. The level of hospitality she enjoyed here was of the highest standard. It was extremely luxurious, which resulted in Jia Shiyun's arrogant attitude.

Chapter 1243: Forgive?

She was pregnant now. According to the doctor's advice, she had to minimize her coffee intake for the sake of the baby's health. Who knew that the staff member who delivered the drinks would bring a cup of Americano to her? Was she trying to kill her?

"Get out. You're annoying." Jia Shiyun waved her hand and couldn't be bothered to listen to the supervisor's chatter.

"Miss Jia, you have to forgive our work mistakes before we dare to go out. Please be magnanimous..."

Jia Shiyun glanced at the girl standing nearby and said, "Forgive? Where do I start? Do I have to pay for every mistake you guys make?"

When Jia Shiyun was at Di Xing Media Company, she was suppressed by Su Bei. When she was with Tianyi, she was suppressed by Sheng Xiaotang. Fortunately, Lu Tianci was not an abstinent man. She finally had a chance to be with Lu Tianci, unlike when she was at Di Xing Media Company where she waited for a few years without getting a chance.

And she was so lucky to have Lu Tianci's child.

Initially, she was worried that Lu Tianci would not want this child. Unexpectedly, with just a little probing, Lu Tianci happily accepted this child. Not only did he obey her, but he also promised her that he would give her and her son wealth.

Immediately after, Lu Tianci gave her a luxurious car and mansion. He promised to give her a status in the future.

However, Sheng Xiaotang could not know about all this for the time being.

Jia Shiyun understood that the Sheng family was big and powerful. Sheng Xiaotang and Lu Tianci were well-matched in terms of social status. As for her, she was still a little lacking, so she could only endure it for now and wait for Lu Tianci to settle his relationship with Sheng Xiaotang.

However, she also found it difficult to calm down. Why did she have to give in just because her family background was inferior?

It was hard to calm down. She vented all her anger on the people around her.

At this moment, she was still angry. The supervisor wanted her to forgive them? Hmph, how could that be possible?

.....

The supervisor waved at the girl. "Xiao Li, why don't you come over and apologize to Miss Jia?"

Xiao Li shuffled her feet. She was indignant and scared. She didn't dare go forward. She seemed to be cowering.

At that moment, the dressing room door opened.

The supervisor and Jia Shiyun looked toward the door at the same time.

Su Bei appeared at the door with her usual bright smile. "I didn't expect you to really be here, Shiyun."

Jia Shiyun asked, "What are you doing here?"

"No matter what, we're colleagues. It shouldn't be a problem to visit you, right?" Su Bei walked straight to Xiao Li. Xiao Bai hurriedly ran over and held Xiao Li's hand.

Xiao Li's face was scalded by the coffee earlier, but Jia Shiyun had dragged her away and she had yet to apply the medicine. Now, she looked like she had blisters. It was really unbearable to watch.

Jia Shiyun ignored Su Bei and said nothing.

Su Bei said, "By the way, I wanted to ask you what my friend did wrong that you're still holding her hostage and refusing to let her leave."

Seeing that Su Bei was about to stand up for Xiao Li, Jia Shiyun said, "Can't you see the situation? As long as she apologizes, I'll let her leave. But she refuses to apologize."

Actually, Xiao Li had already apologized at the beginning, but Jia Shiyun still refused to let go. Now, Xiao Li was just angry and afraid. Hence, she had long stopped apologizing.

Su Bei said calmly, "Then what did Xiao Li do wrong?"

Chapter 1244: Will There Be Scars?

Jia Shiyun glanced at her. "Isn't it wrong to not do your job?"

"So she didn't do her job by bringing you coffee? Shiyun, I remember that you've always had coffee before. Your fans must know that you've said many times in public that you like Americano, right? What Xiao Li poured just now was the coffee you like. Is there anything wrong with that?" Su Bei asked.

Jia Shiyun: "..."

She really had little reason to argue.

Because of her pregnancy, she could not let anyone else know, especially Sheng Xiaotang. Therefore, she could not tell everyone that she could not drink coffee.

She was being unreasonable. "The coffee she brought was so hot it almost burned the tip of my tongue. Isn't that a mistake?"

"Then why did you throw it in her face when you knew it was too hot? Besides, this dressing room is the farthest away from the coffee room. Even if the hot coffee was brought over, it wouldn't be especially hot. Could it be that Xiao Li brought the boiling water over and made you coffee at your door?" Su Bei asked.

Jia Shiyun: "..."

Su Bei smiled and said, "Or do you want me to publish this incident and let everyone be the judge of it?"

"This is an internal matter. Why do you want to publicize it?" Jia Shiyun was annoyed. "Forget it. I can't be bothered to argue with public opinion. Leave."

"Apologize and pay for the medical fees, then we'll leave." Su Bei refused to let it go.

“You!”

Su Bei said, “What? Look at this little girl’s face. How badly is she scalded? Maybe we really have to go through other procedures?”

.....

Jia Shiyun was carrying a child in her stomach, after all. This child was extremely important to her.

It would be fine if the outside world knew, but if Sheng Xiaotang knew... She did not dare to think about the consequences.

If she had a conflict with Su Bei and something happened to the child, she couldn’t bear the consequences.

The supervisor didn’t want to waste time with her and didn’t dare to. But judging from Su Bei’s attitude, she was determined to waste time with Jia Shiyun.

Jia Shiyun apologized reluctantly. “I’m sorry, it’s my fault. Little Zhang, transfer them a sum of money.”

After getting her apology and the money, Su Bei turned around and left.

Xiao Bai cried as she applied medicine for Xiao Li. Her face was already starting to blister, and she wondered if it would leave scars.

Su Bei gave them the money. “Xiao Bai, take your friend to the hospital first.”

Xiao Li looked at Su Bei gratefully. Xiao Bai’s eyes were also red. “Su Bei, hurry up and go on stage. We’ll handle it.”

The supervisor didn’t expect that Su Bei would be the one to resolve this matter in the end. He watched Su Bei go on stage and sighed. “Why is the difference between people so big? Xiao Li, I’ll give you a few days off. Go back and recuperate first. Don’t blame me for not speaking up for you just now. There are indeed some people we can’t afford to offend.”

Xiao Li nodded. “I know, Supervisor. You did your best.”

The supervisor sighed. “It’s not like I haven’t thought of publicizing the matter for outsiders to judge, but no matter how reasonable you are, can you beat a female artist and her tens of thousands of fans? Forget it, forget it. Go back and rest.”

Xiao Li felt terrible, but she also knew that what the supervisor said was reality.

How could an ordinary staff member compare to a female celebrity no matter how many supporters they received?

Chapter 1245: To The Extreme

??

What Su Bei had done to help her was already the ultimate help.

After Xiao Bai returned from the hospital, Su Bei had already finished attending the event and returned backstage to remove her makeup.

“My friend is fine. The doctor said she went over in time, so there’ll only be shallow scars. Thank you, Su Bei.”

Su Bei said to her, “Find an anonymous phone number and tell Sheng Xiaotang that Jia Shiyun is pregnant.”

“???” Xiao Bai was confused. Jia Shiyun was pregnant? Why would they tell Sheng Xiaotang?

Su Bei explained simply, “It’s a disaster to let someone like Jia Shiyun run around. Let the people who should deal with her do it.”

Xiao Bai was grateful. “Su Bei, thank you for helping my friend get rid of this woman.”

“I’m not doing this for your friend but for myself,” Su Bei said with a faint smile.

As for how Sheng Xiaotang would handle it, it was none of her business.

If Jia Shiyun had been more low-key and normal, Su Bei would not have used such an extreme method to expose her secrets.

...

Jia Shiyun had a child, and even Lu Tianqing liked her. They had met twice in private.

Lu Tianqing was about to smoke in private. She glanced at Jia Shiyun and put away her cigarette. “Rest well and take care of the baby. The Lu family won’t mistreat you.”

When Sheng Xiaotang received the news, she was extremely shocked.

But now that she was sober, she knew it was only natural.

She was born into a wealthy family and was used to seeing all kinds of scandals.

When she was with Lu Tianci, she did not harbor any thoughts of growing old together with him. Between them, it was more about mutual benefits. Moreover, they were not married.

This was also the reason why she had never been willing to get pregnant before. Once a woman got pregnant, even though she could become rich because of her child or even rise to the top like Tian Xin, she would have already lost her autonomy.

She never wanted that to happen. Therefore, even after Lu Tianci lied to Old Madam Lu about having a child for the sake of the family assets, she did not intend to have a child with Lu Tianci.

However, she never expected Lu Tianci to get Jia Shiyun pregnant so quickly.

“Go and find out what’s going on,” Sheng Xiaotang said to her manager.

Soon, she saw the photo of Lu Tianci secretly entering Jia Shiyun’s residence and Jia Shiyun’s pregnancy test.

Jia Shiyun's house and luxury car were both given to her by Lu Tianci.

Sheng Xiaotang gripped her phone, and the expression on her face began to change like the veins on her hand.

No wonder Jia Shiyun had not come to look for her for a long time recently.

It was one thing not to have confidence in Lu Tianci's future, but it was another thing to get her things stolen.

The manager persuaded, "Xiaotang, don't tell Mr. Lu about this. Sometimes, men value children, but women can't reach that level. If you tell him, you won't be able to go back to him."

"Of course, I know that." Sheng Xiaotang gritted her teeth and said, "In fact, I don't mind who he has children with."

She had seen this sort of thing often enough in her own home.

She just couldn't accept that the person who was pregnant now was Jia Shiyun, who had been following her around and flattering her.

It was a feeling of betrayal.

"But it's also impossible to let Jia Shiyun give birth to the child," Jia Shiyun's agent said. "Otherwise..."

Chapter 1246: Bitten Badly

She did not continue.

However, Sheng Xiaotang understood what she meant. Otherwise, Jia Shiyun would rise to power because of her son, just like Tian Xin back then.

Even if she had the support of the Sheng family, how could she stop other women from deliberately causing trouble?

"I know." A plan had already flashed through Sheng Xiaotang's mind.

At this moment, Jia Shiyun was with Lu Tianci.

Lu Tianci took this child very seriously. He would visit Jia Shiyun almost every day.

Just based on the matter of having a child, he had already obtained all the shares from Old Madam Lu. What if the child was really born?

When the time came, would Old Master Lu be tempted to give him what he had?

Lu Tianci had been taught by Tian Xin since he was young that children were very important. Otherwise, Tian Xin would not have been able to completely tie Lu Yaode down with the two children.

Of course, children were only one aspect. Other means had to follow.

But for now, the birth of this child was the most important thing.

Jia Shiyun was wheedling with him. "Touch my belly. The child is kicking me."

"Haha, it must be a naughty son." Lu Tianci laughed.

"Definitely. Otherwise, he wouldn't be so cheeky. But I'm a little worried..." Jia Shiyun lowered her eyes and whispered.

"I know. I'll convince Xiaotang. She was afraid of pain and pregnancy before, so I didn't force her. Now that we already have a child, didn't everything work out in the end?" Lu Tianci said matter-of-factly.

Reading on Mybo xno vel. com ,Please!

Jia Shiyun saw that his plan was to let Sheng Xiaotang raise the child and knew that he had never really considered her. She could not help but feel sad.

However, she didn't show any of this on her face. Instead, she said sensibly, "That's perfect. In any case, I don't want anything. I'm not fighting for anything. As long as you have me in your heart, that's enough."

"I knew you were the best. Take this card and buy whatever you want. Work less these days." Lu Tianci felt comfortable being flattered.

He was confident in his charm. He believed everything Jia Shiyun said.

After Lu Tianci left, Jia Shiyun received a call from Sheng Xiaotang inviting her over as a guest. Although Jia Shiyun was a little hesitant, she still agreed.

She thought to herself that Sheng Xiaotang probably didn't know about her pregnancy yet. If she didn't go over, it would make her suspicious. Hence, after dressing up, she quickly went to Sheng Xiaotang's side.

Sheng Xiaotang did not say much. She just had some afternoon tea with her and caught up with her. She then sent her out with a smile.

Jia Shiyun heaved a sigh of relief. It seemed that Sheng Xiaotang really did not notice anything.

She slowly made her way downstairs. Just as she reached the underground parking lot, a large dog suddenly charged at her. It was ferocious.

Jia Shiyun screamed in fear and dodged, but this made the big dog even more aggressive. It jumped up and down, attacking and biting her.

Ordinary people would find it difficult to deal with a crazy big dog, let alone a pregnant woman like Jia Shiyun.

Jia Shiyun shouted for help, but coincidentally, the underground parking lot was almost empty.

This position happened to be a surveillance blind spot as well.

By the time the security guard realized what was happening and came over, Jia Shiyun had been bitten badly and was covered in blood.

Chapter 1247: We're Unlucky

The security guard was so frightened that he quickly called the police and an ambulance.

...

Jia Shiyun had a miscarriage.

When Su Bei heard this news, it was from Xiao Bai.

She was in a daze for a moment. She originally thought that Sheng Xiaotang would use a gentler method to target Jia Shiyun. Unexpectedly, she used the most violent method.

She mourned the child for a moment.

Xiao Bai was very relieved. She and her friend had a lot of resentment toward Jia Shiyun. Now that Jia Shiyun was hospitalized, how could they not be happy?

The news of Jia Shiyun's admission to the hospital was strictly blocked by Tianyi Media.

However, because Jia Shiyun had reduced her workload a lot recently, it still attracted attention. The paparazzi were also trying their best to find out more about her.

Jia Shiyun had a miscarriage, and Lu Tianci rushed to the hospital anxiously.

Jia Shiyun's face was ashen as she cried and accused Sheng Xiaotang.

Lu Tianci was a little annoyed. "How can it be her? She doesn't even know about this."

As she spoke, Sheng Xiaotang came in with something. Jia Shiyun could only keep quiet.

"I'm really sorry, Shiyun. I really didn't expect that inviting you over for afternoon tea would cause such a huge commotion. If I had known, I wouldn't have invited you. That dog has already been taken away by the police. I heard that it's a dog that escaped from a dog farm and has been wandering outside for a period of time, so it has a fiery temper," Sheng Xiaotang said regretfully while apologizing and comforting her.

Jia Shiyun knew in her heart that Sheng Xiaotang was the one who did it, but she couldn't say anything.

Lu Tianci did not believe Jia Shiyun at all.

Sheng Xiaotang said, "Mr. Lu, you can go ahead with your matters. I'll stay here and accompany Shiyun."

Lu Tianci was very satisfied with Sheng Xiaotang's character. He was also a little tired of Jia Shiyun pestering him and couldn't wait to leave.

As soon as he left, there was nothing more to say between Jia Shiyun and Sheng Xiaotang.

Sheng Xiaotang said, "Rest well and try to get well soon. I'll pay for your medical fees first. Don't worry."

Jia Shiyun touched the scar on her face. Female celebrities relied on their face to survive, but now, hers was covered in scratches. The doctor said that she could not recover completely.

How could she be any better? Everything she had was ruined!

She hated it to the core, but even if she did, who would stand up for her?

Sheng Xiaotang was in a particularly good mood after solving such a big problem quietly.

As for Lu Tianci, he did not come again after this time. Jia Shiyun's face was ruined. He felt uncomfortable just looking at her. Why would he come to suffer?

Jia Shiyun called him repeatedly, but he quickly blocked her.

Jia Shiyun could only call Lu Tianqing.

Lu Tianqing soon appeared in the hospital.

In Jia Shiyun's hospital ward, she lit a cigarette and blew smoke rings as she pulled out a card.

With Jia Shiyun's child gone, she no longer had to restrain her desire to smoke in private.

"Take it. Tianci is very busy. He can't come over. You were pregnant before, and it was very difficult for you. But now that the child is gone, we don't blame you. We can only blame ourselves for being unlucky." Lu Tianqing's face was shrouded in smoke.

Jia Shiyun sat on the bed like a dead person.

"This money is enough for you to spend for a while. This is the termination letter from Tianyi Media." Lu Tianqing left the card and settlement letter before putting out her cigarette and turning to leave.

Chapter 1248: Just A Chess Piece

Jia Shiyun gripped the termination letter so tightly that the paper was crumpled.

This matter did not affect Lu Tianci at all. Old Madam Lu also thought that the pregnant person was Sheng Xiaotang. To Lu Tianci, what he had lost was just a speck of dust that he had not even seen.

The paparazzi had been to the hospital many times, but the information they obtained was limited. They only knew that Jia Shiyun was injured, but they did not know what was going on.

They could only keep hiding.

Xiao Bai accompanied Xiao Li to the hospital to change her dressing. Xiao Li's face would also be scarred. She was in a bad mood, so she came to discuss with the doctor how to remove these scars.

They had just come out when they bumped into Jia Shiyun, who had been discharged from the hospital.

There were many scars on her face. She looked hideous and terrifying.

Startled, Xiao Bai and Xiao Li quickly stepped back.

Xiao Bai knew from the grapevine that Jia Shiyun had been scratched by a dog, but she never expected her to be so seriously injured.

Jia Shiyun gave them a vicious look, scaring Xiao Bai and Xiao Li away.

After Xiao Bai sent Xiao Li off, she got into the car with lingering fear.

Su Bei was reading a script. She was going the same way as Xiao Bai, so she came to the hospital with her and waited at the door.

Seeing her panic, she asked, "What happened?"

"I saw Jia Shiyun just now. She's so scary. Her face is badly scratched. She'll probably never be an artist again."

Su Bei was about to speak when she suddenly saw Jia Shiyun's figure flash past outside the window.

Jia Shiyun asked gloomily, "Su Bei, did you tell Sheng Xiaotang about my pregnancy?"

Jia Shiyun had thought about it for a long time, but she couldn't figure out where she'd gone wrong.

Only Su Bei knew that she had stopped drinking coffee. It was hard to guarantee that it wouldn't be Su Bei.

Su Bei got out of the car. Xiao Bai wanted to stop her, but she couldn't.

Jia Shiyun questioned, "Was it you!"

"I'll be honest. It was me," Su Bei said. "I don't regret what I did. I just feel sorry for that child."

Jia Shiyun lost control. "Why? Why? Why did you want to harm me? Why?"

"I admit that I gave Sheng Xiaotang the information. But when you question others about harming you, can you first ask how much harm you've caused others? Besides, do you think you can hide the matter between you and Lu Tianci from Sheng Xiaotang without telling her? Can you ensure that she won't find out later?"

"I'm the one who told her, but that has nothing to do with your current outcome. I hope you can trace the source and think about why!"

Jia Shiyun was stunned for a long time. Su Bei turned around and got into the car without looking at her again.

After a long time, Jia Shiyun sat on the ground and burst into tears.

Su Bei did not feel relieved at all. After all, an innocent child was involved.

However, it was not necessarily a bad thing that the child was gone now.

The child's existence was just a pawn. Who in that family would truly love and cherish him?

After Jia Shiyun's incident, Su Bei quickly joined the crew to film the movie.

Qiao Mei reminded her, "Although there aren't many scenes, you mustn't neglect your role. The entire production team and the actors involved are basically big shots. Don't make any mistakes and give others a chance to gossip. It won't be too much even if you strive for perfection. If there's not enough time, I can reject some other activities for you."

Chapter 1249: Good With Words

"I know. You've sent me such reminders several times on WeChat." Su Bei smiled.

“Even if you become a top star, I still have to remind you a few times,” Qiao Mei said. “Especially since Lu Tianqing is filming with you. It’s not like it’s just been a day or two since she and her mother started disliking you. You have to be careful.”

She nodded.

Qiao Mei smiled. “I’ll let Xiao Bai in. I have to give her more instructions.”

In fact, although Su Bei and Lu Tianqing were filming together, the two of them did not act together at all. They filmed separately, so they might not even meet throughout the entire filming process.

Besides, even if they met, Su Bei didn’t think she would be at a disadvantage.

However, considering all the implications, Qiao Mei took this matter very seriously.

After Xiao Bai was brought in and lectured again, Qiao Mei finally stopped.

The next day, Su Bei joined the crew.

Because the location of the shoot was in the city, she could still go home at night. This time, she didn’t have to worry about traveling far from home to shoot.

As soon as she entered the site, she heard that different people were filming in different studios. She wouldn’t meet Lu Tianqing.

Because the movie consisted of separate stories, several directors were filming it at the same time.

“That’s pretty good,” she said, nodding.

She wanted to focus on shooting, not the constant catfight.

However, even though she wanted to avoid Lu Tianqing, she couldn’t stop her from running over.

As the movie queen back then, Tian Xin had a lot of connections. Many of these directors and assistant directors knew Tian Xin and were even on good terms with her.

Therefore, Lu Tianqing’s identity was quite precious.

It seemed reasonable for her to come to Su Bei’s studio to greet the directors and assistant directors.

She was so good with her words that the entire production team laughed along with her. Laughter could be heard.

For a moment, it seemed that Su Bei’s side was cold.

Coincidentally, a reporter came to visit on this day and realized that Lu Tianqing had a good relationship with the people in the various groups. Moreover, they were family friends, which attracted a lot of praise from the media.

Naturally, Lu Tianqing could only appear in many more articles than Su Bei.

Those who didn’t know better would think that Lu Tianqing was the absolute female lead of this movie.

It had only been a few days since the filming of the movie started, but Lu Tianqing had already been on the list of hot searches several times. Her relationship with the various directors was also discussed enthusiastically.

Su Bei was completely unknown.

Lu Tianqing went to Su Bei's studio every day. After a few days, the other staff members also found out about Lu Tianqing and treated her generously. Even Lu Tianqing's assistant, chauffeur, and others were shown more respect.

Su Bei didn't mind and continued filming her scenes as usual.

A few young staff members came to play games with Su Bei on their phones.

"Su Bei, can you teach me how to do this?"

"Su Bei, your previous games were so cool. I like you so much, do you know that?"

Da Bao was the one who played the match previously, hence Su Bei felt ashamed to accept their praise.

However, although she was lousy at gaming, having a son and husband who knew how to game was still a huge advantage. It was not a problem for her to spar with these staff members.

Therefore, many people surrounded her. Even the extremely young actors in the group ran over to express that they wanted to play games with Su Bei.

Chapter 1250: Usually Nice

Su Bei successfully added them on WeChat.

When Lu Tianqing came over again, she was going to invite the director to eat and drink some tea. Unexpectedly, she saw Su Bei holding her phone with everyone else.

Her smile froze for a moment, and she snorted in disdain. "It looks like she can't figure out any more tricks to hang out with those people. Who wants to please the staff when they can get close to the director?"

Thinking of this, she felt very happy.

However, Su Bei was busy playing games.

Although Lu Tianqing had put in a lot of effort, the directors were all elders. Even though they had preferences and were biased, they would not go overboard.

Especially when Su Bei's performance really impressed them. Hence, Lu Tianqing's methods were useless.

To put it bluntly, no matter how good her relationship with them was or how much effort she put into it, it would never be as good as Su Bei doing her job and saving everyone the trouble.

"Not bad, not bad!" The director nodded repeatedly as Su Bei finished her performance.

"I think I can be in a better state. Can I try again?" Su Bei asked politely.

"Alright, everyone. Get ready. Let's do this again."

After the filming ended, the director was especially satisfied. Everyone ended work early.

The filming had been ongoing for the past few days, and they often had to wrap up at almost midnight. Everyone was very excited to get off work on time today.

Su Bei received a message from Lu Heting saying that he would come and pick her up.

Su Bei let Xiao Bai leave in the nanny van while she ran to Lu Heting's location.

During this period of time, everyone was quite busy. Although Su Bei went home every night, she sometimes could only chat for a while washing up before she fell asleep from exhaustion.

Being able to spend time with Lu Heting made her eyes shine.

After getting into the car, Lu Heting smiled and said, "Da Bao and Gun Gun went to play with Weijian tonight. It's just the two of us."

"So where are we going to eat?"

"Let's go home. I asked the nanny to prepare dinner before giving everyone the day off."

Seeing Su Bei's expectant look, he tilted his head and smiled. "I got them to prepare your favorite durians."

Hearing that there were durians, Su Bei's eyes lit up.

Lu Heting reached out and stroked her hair. Su Bei smiled until her eyes turned into crescents. When they got out of the car in the underground parking lot of the neighborhood, she hooked her arm around Lu Heting's neck and said, "Hubby, you're the best."

"Am I usually bad?"

"You're usually nice. But today, you're even better." Su Bei's eyes curved into crescents.

Lu Heting couldn't help but kiss her.

He quickly opened the door. After entering, he pressed Su Bei against the door and kissed her.

Usually, there was Da Bao and Gun Gun at home. Lu Heting always had to be restrained. Today, the two little kids were not around, and the nanny was on vacation. There was no one at home, so Lu Heting's fanaticism was on full display.

Just as they were kissing passionately, there was movement on the sofa. Su Bei woke up and looked over.

When Lu Heting saw Han Qingwan standing there, he immediately frowned. He calmed himself down, took off his jacket, and covered Su Bei with it. Only then did he hold her hand to steady her.

"Mom, what are you doing here?"

Han Qingwan was also very embarrassed. She said, “My friend gave me some good durians. I recall that Gun Gun likes them, so I sent two over. When I came, the nanny was about to leave, so she opened the door for me...”
