

## **Chapter 1291: Underestimating The Opponent**

After hanging up, Lu Yaode said, “Don’t do this in the future. Otherwise, I won’t be able to protect you from Feng Ze.”

“Dad, you’re really too timid. Lu Heting is no one special. He was defeated by a trivial matter. And how powerful can Feng Ze be? The only reason they can be where they are today is because of their wealth. Where did their wealth come from? Isn’t it from their families? What’s so scary about them?”

Lu Yaode snorted. “No matter what, we still have to rely on Feng Ze to defeat Lu Heting. It’s not a wise choice to be his enemy now. You need to wise up.”

“Yes, I understand,” Lu Tianci replied casually, but he disagreed with his father.

The matter continued to be discussed, but everyone’s lives had to continue forward. The news on Weibo would be replaced by other news, and the trending topics would be occupied by the next trending topic.

Hence, the popularity of this matter died down.

Only a small number of people were still fighting to the end for truth and justice. They often posted in various places, hoping to attract everyone’s attention and have them fight with them to the end.

Using this momentum, Lu Yaode and Lu Tianci established a new company, Tianci Corporation.

They decided that since they could not get everything back from Lu Group, they would use their current capital to establish a new company. The business they did and the company services they provided were similar to Lu Group.

Coupled with their identities as members of the Lu family, they would definitely be able to compete with Lu Group on the market.

Lu Yaode and Lu Tianci also looked for the old shareholders. After discussing for a long time, they felt that this plan was feasible.

To Lu Yaode and his son, they had the upper hand.

But was that really the case?

Underestimating the opponent always brought about immeasurable disasters.

The establishment of Tianci Corporation was a very important matter.

Lu Yaode and Tian Xin both wanted to take this opportunity to announce to the world that they were of the Lu family bloodline, so the founding ceremony was held according to the highest standards.

They had booked the best hall in a hotel downtown and invited as many people as they could. They were determined to compete with Lu Group.

“Although it’s a little ridiculous, their courage is commendable,” Lu Weijian said when he saw the news. “Do they really think that Lu Group is just a small company? Do they really think that overseas resources and those difficult things are easy to handle?”

Lu Heting narrowed his eyes and didn’t comment.

Lu Weijian continued, “I want to see how Lu Yaode will return in defeat. Also, is that pair of father and son worthy of Feng Ze’s help?”

“He did it for himself,” Lu Heting said calmly.

“All the more reason for him not to associate himself with pigs and dogs. Isn’t he lowering his status for no reason?”

Lu Heting didn’t say anything else. He had no comment about his father.

The founding ceremony of Tianci Corporation was about to begin.

For the grand ceremony that day, Lu Yaode sent out invitations everywhere. Even Su Bei received one.

Xiao Bai asked curiously, “Why would Lu Yaode send it to you? You don’t have a good relationship with Tian Xin and Lu Tianqing. In a sense, you’re enemies. Is he crazy?”

#### **Chapter 1292: No Such Plans At All**

Qiao Mei smiled and said, “You didn’t expect this, did you? It’s precisely because Tian Xin doesn’t get along with Su Bei that she sent an invitation to her. She wants Su Bei to see her in her prime with her own eyes so that Tian Xin can attack her enemy.”

Xiao Bai suddenly understood. “Her heart is really full of schemes. That’s true as well. After all, a victory without an enemy to witness it can’t be considered a true victory. Su Bei, are you going?”

“Sure. Why not?” Su Bei smiled. “If she dares to invite me, I’ll go. As long as the company has no objections, I’ll go.”

Qiao Mei nodded. “The company has no objections. Go ahead. I heard that there’ll be many investors and partners present. There’s no reason for us to waste the opportunity of future collaborations, right?”

Xiao Bai said, “In that case, do we have to thank Tian Xin?”

Qiao Mei and Su Bei smiled.

On the day of the establishment of Tianci Corporation, Su Bei was already done dressing up and was about to appear at the scene.

Knowing what would happen at the scene today, even if Tian Xin hadn’t invited Su Bei, Su Bei would have found an opportunity to show up.

Qiao Mei asked Xiao Bai to follow Su Bei closely. She had to protect Su Bei well. She made it seem like Su Bei was going to a tiger’s den.

Sure enough, when they arrived at the banquet venue, the entire place was already filled with people. The bodyguards were in uniform, keeping order in the crowd.

Xiao Bai looked around and quickly saw some familiar faces in the entertainment industry. She said, "Tian Xin and Lu Tianqing are really generous. They even invited so many people from the entertainment industry. Su Bei, look, isn't that the top female singer of the year? And that person! Although she has left the industry, she has always been very popular."

Su Bei looked in the direction she was pointing. Tian Xin and Lu Tianqing were entertaining those people. The mother and daughter smiled warmly.

Sheng Xiaotang and Tang Yue stood at the side and helped to greet the guests.

Sheng Xiaotang treated herself as half a hostess. Tang Yue also looked happy. She straightened her shoulders and smiled appropriately.

When she saw Su Bei, Tang Yue looked over. Her smile became two or three times more mocking.

"Tang Yue, your sister is here," Sheng Xiaotang said.

Tang Yue smiled and said, "That's right. How can she reject attending such an occasion? Besides, it's lively today. Since she's willing to come, let her come."

Sheng Xiaotang asked, "I recall you saying that she has a boyfriend?"

Tang Yue could not hide her happiness and said, "That's right. I heard that they're getting married. However, I'm afraid they won't be able to get married now."

"What's going on?" Sheng Xiaotang was also very curious. "Is it because Su Bei doesn't dare to get married? In her current situation, if she really gets married, she'll indeed be scolded to death by her fans."

"No, it has nothing to do with her fans. In my opinion, as long as the man agrees to get married, Su Bei will agree without hesitation."

Sheng Xiaotang was even more curious. "Then why didn't Su Bei agree? Did the man dump her?"

"It's more than that." Tang Yue was delighted at the thought.

Sheng Xiaotang leaned closer to her. "What's going on? Is there a secret involved?"

"That man doesn't like women at all. His relationship with Su Bei is just a cover-up. He doesn't take her seriously at all. She wants to get married to him but he has no such plans," Tang Yue said.

### **Chapter 1293: Otherwise, How Could It Be Called Dreaming?**

Sheng Xiaotang understood. "Rich men nowadays have indeed seen everything. The women they keep by their sides are just their playthings. If those women want them to get married to them, that means they're cunning. Those men are even better at guarding against women than thieves. It's normal that they refuse to marry those women."

Tang Yue agreed. "Of course. Besides, the entertainment industry is so chaotic. Everyone knows that a woman will be tainted if she's in the industry. Su Bei isn't like you, Xiaotang. She got her family involved in the entertainment industry. It's impossible for the man's family to like her."

Sheng Xiaotang was pleased by Tang Yue's words and smiled. "Forget it, let's not talk about her anymore. Let's not ruin our moods."

Initially, she had treated Su Bei as a competitor. Now, it seemed that she had worried too much. There was no need to go against Su Bei.

Tang Yue stopped talking. Coincidentally, Su Bei and Xiao Bai walked up to her. She smiled and said, "Su Bei, I didn't expect to see you here. Welcome."

These words brought her closer to Lu Tianqing and placed her in the position of hostess.

Su Bei nodded in greeting.

Tang Yue walked in front of Su Bei and pointed her to a seat. "You and your assistant can sit over there."

"Thank you," Su Bei said politely.

Tang Yue smiled. "Why didn't you answer Mom's calls when something so serious happened? The whole family was worried about you."

When she said that she was worried, it was obvious that she did not care at all. She was completely gloating. It was completely different from Tang Xinru's concern.

Su Bei ignored her.

Tang Yue continued, "Actually, that's normal. You know that a family like that won't easily compromise when it comes to selecting a daughter-in-law. But it doesn't matter. I think you should be mentally prepared. It's fine. The next time I see a good man, I'll introduce him to you."

Su Bei tilted her head and smiled, her eyes bright. "You should keep the good ones for yourself."

The meaning behind her words was that Tang Yue herself was not good enough, so what right did she have to say such things to Su Bei?

Tang Yue's expression did not change. The problem Su Bei was facing now was too great. It was enough for Tang Yue to tease her for many years, so she did not mind Su Bei's sharp tongue.

"Su Bei, I'm doing this for your own good. It's better not to have unrealistic dreams," Tang Yue advised earnestly.

Ever since Su Bei defeated her in the Tang family's business competition, she had been unable to raise her head for a long time. However, everything was different now. Su Bei had suffered a loss in terms of her relationship, while Tang Yue had gotten a large sum of shares in Tianci Corporation with Sheng Xiaotang.

Tianci Corporation had a lot of funds and had just been listed. The situation was favorable.

When the time came, she would sell the original shares and earn a large sum of money. Her life would be smooth sailing and she would be proud of it.

"If it's a dream, of course, it's unrealistic," Su Bei said. "Otherwise, how can it be called a dream?"

Tang Yue was not angry at being rebuked. Instead, she smiled happily. "Then go ahead and sit. I'll go help greet the guests."

As soon as she left, Xiao Bai couldn't help but say, "Su Bei, that's your sister. Why was she talking so strangely? She made me feel uncomfortable watching her."

"Your gut feeling is right. She's that kind of person."

"Why is there such a big difference even though you're both from the same family?" Xiao Bai said as she looked at Tang Yue's back.

### **Chapter 1294: No Plans To Jump Ship**

Xiao Bai took out her phone and said, "Su Bei, many of my friends are buying shares of Tianci Corporation. They all say that we'll definitely make a lot of money after buying them. Do you want to buy them?"

"I'm not buying."

"You won't even take such a good opportunity?"

Su Bei smiled. "Are you sure you can make money using this method?"

"Although it's a little inappropriate to say this, Tianci Corporation's prospects look really good. Previously, Mr. Lu was almost defeated by them. In addition, Han Qingwan's matter is also trending. My friends said that we can't have personal feelings when buying shares. After all, money is a separate matter."

Su Bei said seriously, "I suggest you don't buy them. Try to convince your friends too if you can."

"Why?" Xiao Bai looked confused. Su Bei had never been a busybody. It was definitely not because she had fought with Tian Xin and Lu Tianqing.

"It's just a feeling." Su Bei smiled. "They say that there's risk in the stock market, and you have to be careful when investing. That's what I mean as well."

Xiao Bai thought for a moment and agreed. "Then I'll persuade them not to buy the shares. I won't buy them myself either. It's safer to save the money in the bank. After all, it's my hard-earned money."

"Wait here for me. I have to go to the bathroom." She stood up and handed her bag to Xiao Bai.

"Okay, okay." Xiao Bai nodded.

Su Bei went to the bathroom to wash her hands and tidy her hair before turning to leave.

Between the lobby and the bathroom was an extra-long passageway that required a turn. She hurried outside.

.....

A familiar figure walked over. It was Lu Tianci with two bodyguards beside him.

Su Bei didn't expect to meet him here. She looked down at her path and quickly left.

Lu Tianci stretched out his arm and leaned against the wall. His face was handsome, but the frivolousness in his eyes made Su Bei feel a little uncomfortable.

Su Bei had no intention of interacting with him. She turned to the other side, intending to walk around him and leave.

However, before she could circle around, Lu Tianci propped himself against the other side of the wall.

"Mr. Lu, please make way."

Lu Tianci gave a look, and the two bodyguards behind him retreated to the far entrance of the passage. This meant that not only did they intend to block Su Bei, but they also wanted to prevent anyone outside from entering.

Su Bei's eyes darkened. She understood Lu Tianci's intentions and felt relieved.

She laughed. "What are you up to?"

Lu Tianci lowered his head and looked at Su Bei. The little face in front of him was as beautiful as a lotus flower. Her lips were as tender and delicate as roses.

He had noticed Su Bei before, but at that time, he was not anxious at all. After taking over Lu Group, Di Xing Media Company would be his, and Su Bei would naturally be his too.

But now, his plans for Lu Group were ruined, and many of Lu Tianci's plans had disappeared.

The woman standing in front of him was so delicious, but she was in a company belonging to Lu Heting, a man who only liked men. It was such a waste.

Lu Tianci smiled. "Su Bei, after Tianci Corporation is established, we'll increase our investment in Tianyi Media. All the artists in Tianyi Media will benefit from this. Are you interested in coming to our side? I'll help you settle the breach of contract."

"I'm sorry, but I'm doing fine. I have no plans to jump ship."

### **Chapter 1295: You Hit Me?**

"Think carefully. Lu Group has never invested much in their entertainment company, and they've never been optimistic about the future development of Di Xing Media. With your good aptitude, there's no need for you to fight to the death over there. Tianyi Media will give you more resources."

"Mr. Lu, I appreciate your kindness, but I'm really sorry as I can't accept your kindness."

Lu Tianci curled his lips into a mocking smile. "Su Bei, what's so good about Di Xing Media that makes you loyal to them?"

"It's not about that. It's just the right thing to do," she said before continuing to walk past him.

Lu Tianci reached out and grabbed her wrist. Su Bei's reaction was extremely fast. With the professional training she had received, Lu Tianci was no match for her. She threw a punch at Lu Tianci's abdomen. The tall Lu Tianci felt the pain and let go of her wrist. He held his abdomen and bent down.

His expression was as ugly as a pig's liver. He gritted his teeth and yelled, "Su Bei, how dare you?!"

"I'm sorry, Mr. Lu. The company arranged for me to attend self-defense classes." Su Bei was still smiling as if she was just joking with him. "If there's nothing else, I'll leave first."

The two bodyguards rushed over and stopped Su Bei.

Lu Tianci did not expect Su Bei to be such a tough nut to crack. On this occasion, he did not want to cause any more trouble. He said to them, "Let her leave!"

The two bodyguards stepped aside for her.

She quickly disappeared down the corridor.

Lu Tianci had already straightened his back and sneered. "Hmph, I'll make you cry and beg for mercy after this! Let's go."

The bodyguards followed behind Lu Tianci. Just as Lu Tianci turned around to leave, he was punched in the face.

.....

He was hit in the face and cursed in pain, "Who dares to lay a hand on me here?!"

He was in tears from the beating. He couldn't control his physical reaction. When he finally opened his eyes, he saw that the person standing in front of him was Feng Ze.

Feng Ze's eyes were indifferent, and his face was as calm as ever. His ordinary white shirt gave him a noble and distant aura.

"Feng Ze? You hit me?" Lu Tianci was even more furious. Usually, Feng Ze was arrogant and ordered him around like a subordinate. Now, he actually still had such an attitude.

Lu Tianci said angrily, "Are you f\*cking crazy? Did I offend you?"

"Yes, you did." Feng Ze looked into the depths of the corridor, but Su Bei was no longer there.

Although Lu Tianci had not taken advantage of Su Bei and she had the ability to protect herself, this did not mean that what Lu Tianci had done was right or that Feng Ze's anger could be appeased.

"When did I offend you?"

"Just now," Feng Ze said as he kicked Lu Tianci again. This time, Lu Tianci fell to his knees.

Two bodyguards hurriedly stopped Feng Ze.

Feng Ze looked at the two bodyguards coldly. The two bodyguards subconsciously let go of him and did not dare to stop him.

“You f\*cking...” Lu Tianci cursed angrily.

A dagger was thrown in front of him.

Clang! The crisp sound of metal and floorboards hitting each other rang out.

It was a chilling sound that hurt one’s eardrums.

This stopped Lu Tianci from cursing.

He looked up and met Feng Ze’s gaze.

### **Chapter 1296: Don’t Want To Serve!**

There were turbulent waves hidden in the man’s noble eyes. The half-melted ice collided with the waves in his deep eyes.

He was thin and tall. When he spoke, he only lowered his eyes slightly. “It was your right hand, right?”

“What?” Although Lu Tianci was angry, he couldn’t help but answer Feng Ze’s question.

Under that man’s aura, it was as if all resistance was futile.

“You grabbed Su Bei’s hand just now,” Feng Ze repeated as if it was a trivial matter.

“Yes.” Lu Tianci had nothing to hide.

“Break two of your fingers yourself and I can pretend this never happened.”

Lu Tianci stood up angrily. “Is there something wrong with your brain? What does Su Bei have to do with you? Listen carefully, Feng Ze. You’re just a business partner of ours. You still have to watch your behavior around me! Do you think you’re the world’s police? My father is timid and listens to you, but I don’t have to! If you like to cut people’s fingers so much, why don’t you cut yours off?”

When Feng Ze heard him, he didn’t bother to argue. He reached out and slowly picked up his dagger. He turned around and walked away slowly. His footsteps seemed comfortable as if he were taking a leisurely stroll.

Lu Tianci was stunned. His curses seemed to have been completely ineffective.

‘What... What’s going on?’

He watched Feng Ze leave.

Could Feng Ze really be a man who looked strong on the outside but was actually weak on the inside? Was his usual aura just an act?

.....

Lu Tianci was in a daze when his phone rang. The urgent ringtone spread quickly through the air. He picked it up impatiently.

“Hello, what is it?”

Lu Yaode sounded a little anxious. “Tianci, what did you do to offend Feng Ze? Are you out of your mind? I told you to get along with him. What did you do?”

“What did I do? What exactly happened?”

“He’s divesting!” Lu Yaode was so anxious that his voice was out of tune. “He’s withdrawing everything!”

Lu Tianci was also stunned. “So be it! I don’t want to serve him anymore!”

“What nonsense are you talking about?! If he withdraws, how can Tianci Corporation open? You have to know that Feng Ze alone owns more than half of the 40% shares of Lu Group that we own! If he doesn’t have us, he can find anyone else to work with! But if we don’t have him, we won’t be able to find anyone else! How can we open a company then?!” Lu Yaode’s words almost shattered Lu Tianci’s eardrums through the phone.

Lu Tianci’s hand slowly fell from his ear.

It turned out that he had really underestimated Feng Ze!

It turned out that he did have the right to order him around!

“Lu Tianci, are you still listening? I order you to apologize to Feng Ze immediately and salvage this matter! Otherwise, our family will lose everything and sleep on the streets!”

Even though he had already held the phone far away, Lu Yaode’s voice was too fierce and loud. These words still entered Lu Tianci’s ears.

The words hit his eardrums, making his mind buzz.

Outside, there were still a lot of guests and investors waiting to attend the founding ceremony of Tianci Corporation.

### **Chapter 1297: Difficult Battle**

And now, Lu Tianci was having a difficult battle.

There was no time to think about the relationship between Feng Ze and Su Bei, nor could he probe deeper. Lu Tianci only had one choice now, which was to apologize to Feng Ze and complete what Feng Ze had just instructed him to do.

If he didn’t do this, everything he had would come to nothing today...

Lu Tianci gritted his teeth and hung up on Lu Yaode.

He made a video call to Feng Ze.

The phone rang, each ring destroying his nerves.

He gripped the phone. The call was about to end, and his nerves were at peak tension before Feng Ze finally answered.

Feng Ze's noble face was still calm as if nothing had happened.

After Lu Tianci picked up the call, he gritted his teeth and said, "Feng Ze, I'm sorry. I apologize for my rude attitude just now."

"Really?" Feng Ze said lazily.

"I apologize to you sincerely." Lu Tianci had no choice but to restrain his temper. "Please give me a chance. I was anxious just now and didn't care about your feelings. Please don't take it to heart."

"Aren't you and your father a little too naive? If you anger me, do you think that saying a simple apology like this will make me change my mind? Then isn't my anger too unworthy? Do you think I lack apologies?"

Lu Tianci: "..."

.....

He had to say, "Just tell me how you want me to apologize to you."

He fiercely suppressed the ruthlessness in his eyes, not letting his true emotions show.

In the future, when he was standing in a high position, Feng Ze and Lu Heting would be at his mercy.

Feng Ze smiled. "Didn't I just tell you how you should apologize?"

Lu Tianci held his breath. Feng Ze was referring to what he had just said. 'Break two of your fingers yourself and I can pretend this never happened.'

Two fingers...

Fingers...

Lu Tianci's breathing quickened.

Feng Ze placed his phone on the table and slowly poured out a cup of tea. "Since you're feeling troubled, I won't waste your time. I'm going to drink tea now. Goodbye."

"Wait!" Lu Tianci hurriedly stopped Feng Ze and said, "I'll do as you say!"

Feng Ze smiled and picked up his teacup, gently inhaling the fragrance with an intoxicated expression.

Lu Tianci gritted his teeth so hard that they were about to shatter. He got his bodyguard to retrieve the dagger.

But he could not bring himself to do it.

Across from him, Feng Ze was still sipping his tea at a leisurely pace. When he had enough of the aroma, he picked up his cup and took a sip. He carefully savored the essence of that tea.

Lu Tianci really could not bear to do this. He asked his bodyguards to come over and do it. He instructed them to hold down his hand and strike.

The bodyguards did not dare to do so. However, after being scolded by Lu Tianci, they had no choice but to make a move.

Feng Ze sipped his tea, his attention attracted by the scenery outside the window. The bustling capital was filled with traffic. At this moment, the lights had just been lit, and neon lights filled the sky. This was the most luxurious scene in the world.

The sound of traffic and the hubbub of voices reached his ears from afar.

Suddenly, from the other side of the phone, a shrill cry disturbed the moment.

Feng Ze turned around. The image on the phone screen was a striking red.

### **Chapter 1298: For Being A Hooligan**

Su Bei returned from the bathroom and quickly returned to her seat.

Although she had no problem defeating Lu Tianci, she knew in her heart that if Lu Tianci had called over many bodyguards, something would have happened.

'I was a little careless. I shouldn't have gone to the bathroom alone.'

Seeing that she didn't look too good, Xiao Bai quickly asked, "Su Bei, are you okay?"

'I'm fine, I'm fine. I just had a little trouble.'

"Ah? What trouble? I should have gone along with you. What happened?"

"Fortunately, it's nothing serious. Lu Tianci tried to poach me to his company. I refused."

"He didn't give you a hard time, did he?" Xiao Bai was nervous.

"He doesn't have the time or the guts to do anything on such an occasion today." Thinking of this, Su Bei finally calmed down. Lu Tianci indeed didn't have the time to do anything to her today.

And he would never have that chance again.

However, when she thought about how he had pinched her wrist, Su Bei still felt a little disgust. She took out a tissue and wiped the nonexistent stain on her wrist.

The people at the side were discussing in low voices. "Don't you know that Tianci Corporation also has the capital injection of Haohan Investment? Haohan Investment has always been an excellent investment company overseas. It earns money from whatever it invests in. So this time, Tianci Corporation will definitely succeed."

"With the establishment of the Tianci Corporation, Lu Group will be in trouble. I really didn't expect the pair of father and son to fight like this."

.....

“What’s there to be surprised about? Han Qingwan killed her best friend’s family. This matter can’t be washed away, right? Han Qingwan’s son is definitely not a good person. Lu Yaode probably doesn’t want to live with such a mother and son, so he became independent.”

“In that case, Lu Yaode’s actions are understandable? I heard that Tian Xin is a mistress, but it seems that Tian Xin and Lu Yaode didn’t do anything wrong, right? If I were Lu Yaode, I would also be afraid of those people around me.”

“No matter what, I’m very optimistic about the future development of Tianci Corporation. With Feng Ze’s investment, I have to get my hands on Tianci Corporation’s shares as soon as possible.”

“Take me with you. Count me in.”

“A chance like this won’t come again! Count me in too. You guys can buy more shares. I’ll just buy a few.”

Su Bei pursed her lips helplessly when she heard Feng Ze’s name being mentioned.

As she was thinking, Xlao Bai pulled her arm and said, “Look, Lu Tianci is here! Compared to Mr. Lu, Lu Tianci is really much worse. However, he’s indeed very handsome among ordinary people. Perhaps it’s because Tian Xin’s genes are not bad.”

Seeing Lu Tianci, Su Bei’s wrist felt a little uncomfortable. However, when she thought about how she had punched him, she felt that they were even.

Unfortunately, she was too anxious at that time. That punch should have been aimed directly at his face for daring to act like a hooligan with her.

With this thought in mind, Su Bei looked at Lu Tianci and realized that his face seemed to be a little swollen. It seemed that he had really been punched.

However, perhaps because he had always looked bloated, Su Bei didn’t pay much attention to his appearance. She couldn’t tell if he was born like that or if he had been punched.

Xiao Bai added, “Su Bei, look, Lu Tianci seems to be injured. It looks like he’s seriously injured.”

### **Chapter 1299: Finally Make A Comeback**

Hearing this, Su Bei took another look. This time, she realized that Lu Tianci’s right hand was wrapped in gauze, and there seemed to be blood on it.

This was strange. It had only been half an hour since Su Bei came out of the bathroom, but Lu Tianci was suddenly injured?

And he was so badly hurt?

“It’s really unlucky for him to be injured like this on such a good day. I heard from my mother and the others that the entire company will be in trouble if he’s injured at such a time,” Xiao Bai said as she observed.

“Serves you right,” Su Bei said softly. This was probably the lesson someone like Lu Tianci deserved.

She reached out and pulled Xiao Bai to sit down. “Don’t shout. Do you want to be kicked out?”

Xiao Bai quickly sat down. “I haven’t seen such a lively scene in a long time. I want to continue watching.”

Lu Yaode and Tian Xin were with Lu Tianci. The two of them had just found out about Lu Tianci’s injured hand.

Knowing that it was because of Feng Ze, the couple were angry and heartbroken. However, seeing that the ceremony was about to begin and that they would miss the auspicious time if they delayed it, they could not ask too much. They could only come out and meet everyone first.

Su Bei stared at Lu Tianci’s injury and wondered what was wrong with him.

Lu Yaode and Tian Xin walked out together with calm expressions.

Lu Tianqing also went forward with a smile.

Everyone below the stage looked at the family of four enviously. The congratulatory words were endless.

Some elders also said softly, “It seems that Han Qingwan is indeed too outrageous. After Lu Yaode lost her as his wife, his entire life has developed in a very positive and healthy direction.”

“Yes, that’s true. Lu Tianqing and Lu Tianci are also outstanding. I can tell that this family is developing well. Although they can’t compare to Lu Group, who says they can’t create another Lu Group?”

Lu Yaode and Tianxin heard these words and smiled even brighter.

Lu Yaode was originally considered outstanding in the Lu family, but he was far inferior to Old Master Lu. Later on, he was far inferior to Lu Heting. His pride was attacked by two generations of people.

Only at this moment could he feel proud.

As for Tian Xin’s identity as a mistress, it was a secret that could not be revealed to the public. She had never dared to announce it to the public, but there were still many criticisms in the industry.

This time, by dealing a blow to Han Qingwan and establishing Tianci Corporation, the couple could finally make a comeback.

It would probably not be difficult to announce their marriage to the public.

The family could finally put their identities in public.

Although Sheng Xiaotang and Tang Yue did not follow them onto the stage, they felt honored.

Half of the audience were people who were on good terms with Lu Yaode and his wife, while the other half were people who did not care about how things developed. The atmosphere was very lively.

Su Bei and Xiao Bai watched the show while Xiao Bai chattered.

Lu Yaode raised his glass.

The discussions below the stage slowly stopped as they waited for him to speak.

“Everyone, thank you for taking the time to attend the founding ceremony of Tianci Corporation. As everyone knows, although Tianci Corporation has just been established, its predecessor, the Yaode Corporation, has been established in T Country for a long time and its performance is obvious.”

### **Chapter 1300: Put On Airs Everywhere**

“This time, I chose to come to the capital to establish this new company. Firstly, it’s because I’m concerned about my homeland. Secondly, it’s also because I originally lived and grew up here. I can’t bring myself to leave this place.

“Thank you for your support. Yaode Corporation will work hard with you to achieve good results.”

There was a round of applause from the audience.

Lu Yaode smiled and said, “Our businesses might overlap with Lu Group, but everyone knows that I’m from the Lu family and am used to these businesses. Even if we overlap, it’s inevitable. Haha.”

Everyone laughed. Someone replied, “That’s normal. After all, you had those experiences when you were young. We acknowledge CEO Lu’s ability.”

“Come, let me toast everyone.”

Lu Tianci, Lu Tianqing, and Tianxin also raised their glasses and smiled at everyone.

After a round of toasts, Lu Yaode said, “Now, I announce that Tianci Corporation is officially established! We will conduct the ribbon-cutting ceremony—”

Halfway through his sentence, a surprised voice came from below the stage. “Is that Lu Heting? Am I seeing things?”

“Mr. Lu? Mr. Lu is here! It’s true! He’s more handsome than in those photos. Quick, turn on your phone!”

“It’s true. With this man’s height, he must be the real Lu Heting!”

The people in the back row were no longer in the mood to listen to Lu Yaode. There was a small commotion when Lu Heting entered.

Everyone was out of their seats as they watched and took photos.

.....

Originally, Lu Heting was very low-key and not many people recognized him. However, after the previous incident where his photos were revealed, he was already famous in everyone’s hearts. His presence and aura were very strong, so he naturally attracted everyone’s attention the moment he appeared.

“Wow, he’s really handsome!” Someone was dumbfounded.

Lu Heting strode in. His tall and straight body was dressed in a high-end suit. He raised his eyes and glanced into the distance. His powerful aura made people not dare to make any noise. He had the temperament of someone who had been in a high position for a long time. It made people lower their heads in front of him.

Lu Yaode was very dissatisfied with this sudden turn in events. What was Lu Heting doing here?

Tian Xin said, "Honey, don't worry too much. Lu Group is his. There's nothing we can do about it. But is Tianci Corporation also his? This is our family matter today. He can't interfere."

"Of course. Can he still rely on the Lu family's foundation to put on airs everywhere he goes?" Lu Yaode snorted.

Tian Xin said gently, "He's your son, after all. You should greet him properly. Let's not be rude."

Lu Yaode said loudly, "Lu Heting, are you here today to celebrate the establishment of my company? You're my son, so it's only right for you to come here. If there's no problem, please sit in the front row."

Tian Xin also smiled and said, "Assistant, please arrange a seat for Mr. Lu. I really didn't expect him to come. I was afraid that you would be busy, so I didn't invite you. If I had known, we would have sent the invitation."

"It's not necessary to get me a seat. I'm not here today to congratulate you."

After Lu Heting finished speaking, Han Qingwan appeared at the door.

Seeing Han Qingwan appear, Lu Yaode's and Tianxin's expressions changed slightly.

The people below the stage also whispered, "It's fine if Lu Heting is here, but why is Han Qingwan here?"
