

Chapter 1311: A Good Son

Seeing his father suffer, Lu Tianci was so angry that his lungs were about to explode. Lu Tianqing pulled him back. "Don't interfere."

"Lu Heting is too much!" Lu Tianci had always admired his father, but his father was treated like this by Lu Heting!

How could he take this lying down?

"Mom said that it's important to return to the Lu family first. Otherwise, there'll be a lot of trouble in the future." Lu Tianqing stopped him.

Lu Tianci could only give up for the time being, but he was very upset with Lu Heting. They were both grandchildren of the Lu family. Why should he be high and mighty while he had to suffer all kinds of hardships? Did he even need to get permission to return to the Lu family?

!!

The venom in his eyes lingered.

"The old man is here!" someone shouted.

Everyone looked up the stairs, but Old Madam Lu was so angry that she did not want to look at him.

Old Master Lu was still hale and hearty. The custom-made suit made him look even more dignified and upright. He walked slowly from the second floor to the hall.

Lu Yaode was delighted. "Dad!"

"Grandpa," Lu Tianci and Lu Tianqing greeted him at the same time.

Old Master Lu walked into the hall and swept his gaze over everyone. He spoke slowly, his voice steady and strong, "Everyone, I'm sure everyone knows what's going on. My unfilial son, Lu Yaode, left the Lu family in his early years and was removed from the genealogy. Now, he's repented and wants to return to the family."

They all nodded.

"At first, I didn't agree. However, the Lu family's bloodline is ultimately the Lu family's bloodline. If they wander outside, it'll be a disgrace to the entire family. Therefore, I agreed to let them return."

Everyone nodded in agreement. The Lu family was a big family. As members of the family, they naturally had to obtain their rightful identities. Otherwise, everyone would lose face.

Old Master Lu continued, "I invited everyone here today to be witnesses. I want Lu Yaode to bring his children to acknowledge their ancestors and enter the Lu family's genealogy."

One of the elders asked, "To enter the Lu family's genealogy, one has to have the bloodline of the Lu family. Old Master, has the matter been made clear?"

Old Master Lu waved his hand, and the butler brought over two documents. He handed them to the elder who had asked the question first.

Those two documents were naturally the DNA test reports of Lu Tianqing and Lu Tianci.

The elder took it in both hands, examined them, nodded, and passed them to the next person.

In a moment, everyone had finished reading the two documents.

The butler took back the two documents and stood aside.

Lu Tianqing's clenched fists slowly relaxed, and her expression was no longer tense.

Only then did Old Master Lu say, "As everyone has seen, these are the test reports I asked Dr. He to do."

Dr. He was a doctor that Old Master Lu trusted very much. He had worked for the Lu family for many years. Since he was the one who ran the tests, no one had any questions.

"Butler, bring me the genealogy," Old Master Lu said.

The butler put down the documents, picked up the genealogy with both hands, and held it in front of Old Master Lu.

Old Master Lu said, "Lu Yaode, you were the one who voluntarily removed yourself from the genealogy and left the Lu family. Even though you've returned, you still have to pay any price. Although I agree to let you return, you have to agree to two things. First, after you return, you, Lu Tianqing, and Lu Tianci will have nothing to do with Lu Group. In the future, you're not to interfere with any of Heting's work or participate in any operations."

Lu Yaode was already mentally prepared for this. He said, "Of course. I came back to acknowledge the family and not to obtain the family assets. So, Dad, you can rest assured."

Lu Weijian muttered to himself, "How is that possible? The three of them have a lot of shares. Even excluding Feng Ze and the others, they still have a lot. It's enough for them to cause trouble."

"Secondly, in the future, the distribution of benefits of Lu Group will have nothing to do with you. The three of you can inherit my inheritance, but you have no right to everything else that belongs to Heting," Old Master Lu said.

"This..." Lu Yaode hesitated. "Dad, this is a little unfair to us, right? We're no longer involved in the business. We're even being deprived of our share of the profits. How are we going to live in the future?"

Lu Tianqing also bit her lip.

Lu Tianci tried his best to restrain himself.

Old Master Lu said, "This is the price and condition for your return. If you agree, I'll give you a fair share of my inheritance in the future."

Lu Yaode was unwilling to accept this outcome.

However, if they didn't accept it, they wouldn't be able to return to the Lu family. As they had neglected the shareholders some time ago, they would be pursued by the stockholders because they didn't have the Lu family to take care of them.

He had no choice but to swallow his dissatisfaction and say, "Okay, I agree."

This was a stopgap measure. He would have to plan for the future.

"In that case, all the conditions have been fulfilled. The three of you can acknowledge your ancestors now. Butler, bring me the genealogy."

The butler, who was already prepared, raised the genealogy with both hands.

Old Master Lu reached out to take the genealogy and glanced at Lu Heting. Although he had already used the conditions to suppress Lu Yaode, this was still not fair to Lu Heting.

But at this moment, this was the best he could do.

He held the genealogy and lowered his head in thought.

Lu Yaode was afraid that Lu Heting would cause trouble again, so he urged, "Dad? It's getting late. Why don't we—"

Old Master Lu sighed softly and unfolded the genealogy. For a moment, he could not write anything.

"Dad! What are you waiting for? Don't wait anymore," Lu Yaode urged again.

"Wait!" a voice called from outside the door.

Everyone looked out the door. It was Lu Hang.

Everyone knew that Lu Hang was Lu Heting's special assistant and his most capable and trusted subordinate.

What could it be?

Lu Yaode had always been helpless against Lu Heting, but he really couldn't accept it when even Lu Hang dared to show off in front of him.

He said angrily, "Lu Hang, why are you shouting here?"

Lu Hang ignored him and walked straight to Lu Heting's side. "Mr. Lu, I found it."

"Okay." Lu Heting took the document from him and said a few words.

Lu Hang went out without stopping.

Seeing that the two of them did not take him seriously at all, Lu Yaode was even angrier. He glared at Han Qingwan. This was the good son she raised!

Old Master Lu asked, "Heting, what is it?"

Lu Yaode said, "Dad, let's get down to business first. We'll talk about Heting later."

Chapter 1312: Humans Can Lie, But Machines Don't

"I'm afraid this matter can't be put aside." Lu Heting took a step forward. His calm tone was filled with strong confidence and an irresistible deterrence.

Lu Yaode controlled his temper. "Heting, can you wait until we're done?"

"Grandpa, Lu Tianqing can't acknowledge her ancestors and enter the genealogy," Lu Heting opened his eyes and said indifferently, but his words were earth-shattering.

"What? What's going on?" Everyone was surprised.

Lu Tianqing dug her nails into her palms and asked calmly, "Mr. Lu, we respect your status and have always been polite to you. But you're always against us siblings. This doesn't suit your status, right? I know you've always been brooding over the incident regarding our mother. However, that was a matter of the previous generation. Can we put aside those prejudices?"

Her words were reasonable, guiding everyone to think that Lu Heting was interfering because of his personal feelings.

Lu Heting didn't waste his breath on her and said, "Lu Hang, bring the person over."

Lu Tianqing's nails tightened.

Lu Hang walked over with a person.

"Dr. He?" Everyone recognized that the person Lu Hang had brought was Dr. He.

Dr. He was a doctor that the Lu family trusted very much. He had worked for the Lu family for a long time, so no one understood what this meant.

Dr. He lowered his head, looking completely devoid of his usual confidence. He looked at the ground in shame, not daring to look up.

When Old Master Lu saw this, he seemed to have guessed something. He clenched the genealogy tightly and waited for Lu Heting to speak.

.....

Lu Heting said, "Dr. He, why don't you tell everyone?"

Dr. He stammered. Lu Tianqing glared at him, but he suddenly raised his head and said loudly, "Lu Tianqing is not of the Lu family's bloodline. The DNA we found at that time clearly showed this. I was afraid of making a mistake, so I repeatedly checked. The results showed that she's not Lu Yaode's daughter at all!"

"Nonsense!" Lu Tianqing stopped him. "Dr. He, I know you're on good terms with Mr. Lu and you've always been taken care of by him. But a medical examination is not child's play. You can't casually slander me and my mother because of your personal feelings and family interests! You're really too much! You'd better think about what you're doing!"

"I... I've already thought everything through! At that time, I followed the old man's arrangements and carried out the reports. You were the one who suddenly returned and told me to make the report meet your requirements. You even said that you would give me a large sum of money..."

Lu Yaode was furious and rushed over to beat him up. "Do you still have any medical ethics? You do whatever Lu Heting wants you to do and say whatever he wants you to say. You're simply not worthy of being a doctor!"

He didn't believe Dr. He at all.

Lu Hang protected Dr. He and pushed Lu Yaode away.

Lu Tianci supported Lu Yaode and said angrily, "I thought Mr. Lu was an amazing person. It turns out that all his abilities and tricks are just rumors. When he's in trouble, he only knows how to use such sinister schemes to sow discord! Grandpa and everyone else here, don't tell me you'll believe such words?"

Everyone was talking.

Old Master Lu shouted, "Old He, tell me! What's going on?!"

"Old Master, I'm really not lying. The current test report was really given according to Lu Tianqing's request. In fact, she and Lu Yaode are not father and daughter at all. Perhaps people can lie, but the testing machine will never lie!" Dr. He tried his best to distinguish.

"Nonsense! You were the one who took Lu Heting's money to deliberately slander us," Lu Tianci scolded.

Dr. He swore to the heavens. "If I had accepted Mr. Lu's money and I'm deliberately slandering you, I'll die a horrible death! Previously, when Lu Tianqing came to me and asked me to change the test report for her, she gave me a million yuan in one go. She even said that she would put it in my overseas account and no one would find out.

"After serving the Lu family for so many years, how could I betray the Lu family for this little bit of money? However, not long after, I realized that my seriously ill son, who was waiting for a kidney transplant, was in the hospital. Lu Tianqing appeared again and told me that as long as I agreed to give her the test report, she could give my son a complete and compatible kidney source.

"That was what tempted me. My son is only 18 years old, but he's in the hospital because of a kidney disease. Even though I'm not short of money, I was never able to find him a suitable kidney source.

"As a father, how could I ignore my son? Because of this, I agreed to Lu Tianqing's request and made a fake report for her."

It was no secret that Dr. He's son was sick.

Now that he had said it, everyone believed him a little more.

Lu Tianqing's expression changed slightly. "Dr. He, you're a doctor. You actually made up so many stories just to slander me! You even used your own son! I'm really speechless!"

“You have nothing to say because you’re in the wrong! What I said is true!” Dr. He said loudly. “If it weren’t for my son, I wouldn’t have... I wouldn’t have been muddle-headed and made a huge mistake. I’m ashamed of my profession and the oath I made when I entered the hospital.”

“Alright, I know this is all Lu Heting’s way of spreading rumors about me. He doesn’t want me to enter the Lu family. I really admire you. You can think of anything,” Lu Tianqing said innocently.

Old Master Lu asked, “Since you’ve already promised Lu Tianqing, why did you go back on your word now?”

“I’m sorry, Old Master. I promised her before, but she kept holding my son captive. My son has to take medicine and go for hemodialysis every day. I’m really worried about him. It was Mr. Lu who appeared and told me that he would help me look for my son. And just before I came, Mr. Lu appeared. Not only did he send my son back safely, but he also told me that he has helped me find a kidney source.

“I’m sorry, Mr. Lu. I’m sorry, I’m really sorry. I was stupid to have done such a thing.” Dr. He was agitated.

He walked up to Lu Heting and bowed heavily. “Mr. Lu, thank you for helping my son. No matter what, I can’t make up for my mistake. In the future, I’ll be at your disposal.”

When Lu Tianqing heard that Dr. He’s son had been brought back, a trace of panic flashed across her heart, but her expression did not change. She said, “It seems that this story was arranged by Lu Heting from beginning to end. It’s really exciting. Even I can’t help but clap my hands.”

Chapter 1313: Who Doesn’t Know How To Talk Nonsense?

She shouted at Dr. He, “It’s a pity that what you make up will never become the truth. If all of you choose to believe this, then I’ll have nothing to say.”

Lu Yaode was also extremely angry. “Dad, are you not going to care about how Heting does things?”

“Lu Yaode, you don’t have to use Grandpa to suppress me.” Lu Heting’s voice was domineering, and there was a faint sneer on his noble face. “Lu Tianqing isn’t your daughter. Dr. He isn’t the only evidence. She’s the daughter of the famous director and investor, Jin Mingchang.”

“You!” Lu Yaode didn’t believe him at all. He was so angry that he pointed at Lu Heting and couldn’t speak.

At this moment, the mask on Lu Tianqing’s face was completely torn off, and her expression was no longer calm.

“I’ve already checked. Back then, Tian Xin had numerous affairs with many directors and investors when she was still with you. Many of these men’s wives are in the loop about it. It’s just that back then, information was not developed, and the scandals didn’t spread. As these women were the wives of directors and investors, most of them held back and kept quiet.”

“You’re spouting nonsense! You’re slandering us! You’re spouting nonsense!” Lu Yaode’s face was ashen.

The mocking smile on Lu Heting's lips widened slightly. "Do you think I could bribe so many people's wives to commit perjury for me? Why do you think so many wives of directors and investors gave their sincere blessings when you got married? Did they really wish you well? No, they were just glad that someone had finally taken over the reins. At least their husbands could have some peace."

Lu Yaode was so angry that he wanted to hit Lu Heting.

However, how could Lu Heting's bodyguards let him get close?

"Yes, you shouldn't be too certain. After all, in order to avoid getting into scandals, Tian Xin encouraged you to go to T Country to develop. The people in T Country don't know her dark history, so naturally, no one told you. Now, more than 20 years have passed. Everyone has seen that you even have children now, so naturally, no one would mention this in public. It's perfect, isn't it?"

Lu Yaode refused to listen because this was impossible.

Tian Xin was kind, gentle, and generous. She was devoted to him. How could she do such a thing?

.....

He would never doubt Tian Xin's sincerity or question his charm.

Lu Yaode had never doubted her, so Tian Xin must have never done such a thing!

He said angrily, "Where's your evidence? Who can't make things up?"

"Lu Hang, give him the evidence!"

Lu Hang quickly took out a pile of photos and placed them in front of Lu Yaode.

After Su Bei met Director Gao's wife, Mrs. Gao, that day, Lu Heting asked Lu Hang to ask Mrs. Gao for these photos. Mrs. Gao helped look for a few other women whose families were destroyed by Tian Xin and gave them all the evidence from back then.

These women actually didn't want to keep the photos from back then. However, what Tian Xin had done was too infuriating, so some of them kept the photos in their hands. They planned to join forces and announce it to the media if Tian Xin committed another crime.

However, Tian Xin had not been in the country all these years. After she returned to the country, she did not do what she did back then. She was also respected by Lu Yaode, so these women did not do anything to her.

Lu Hang took out the photos and placed them in front of Lu Yaode.

In the photos, Tian Xin was with different men. Their positions were intimate. It was obvious what had happened.

Even though they were all old photos, the intimacy in them did not fade with time.

Everyone couldn't help but burst into an uproar. They didn't expect Tian Xin, who had always been pure and innocent, to be such a person.

The older generation had a good impression of her, but who knew that she was a spoiled child!

Lu Tianqing shook her head. "Dad, this is all Lu Heting's slander. The photos are all photoshopped. Besides, Mom suffered a lot in the entertainment industry back then. It's hard to guarantee that it wasn't the wives of these directors who were suspicious and deliberately said bad things about her. Think about it. Mom is already in her 50s, but she still maintains her good looks. Those women are already old. How can they not hate Mom?"

"Besides, Mom told me many times that you're her true love. She didn't hesitate to quit the film industry to be with you. How could she have done such a thing?"

"Yes, she's impossible!" Lu Yaode said. "Han Qingwan, you gave these photos to your son. How pathetic!"

"Lu Tianqing, don't you acknowledge that you're Jin Changming's daughter?" Lu Heting asked coldly when he saw the hypocritical behavior of the father and daughter.

"Of course. I don't know Jin Changming at all! This is all a scheme you and your mother cooked up!"

Lu Hang took out two things and handed them to Lu Heting.

Lu Heting raised the information in his hand and said, "Director Gao immediately chose you to be the female lead for his newest project and Jin Changming was the one who invested in it."

"What does that prove? I have good acting skills and looks. Can't I play the female lead?"

"Then, the place where Dr. He's son was held previously was Jin Changming's private villa. Don't you know that?"

Lu Tianqing sneered. "This means that I have nothing to do with Jin Changming. I don't know anything about Dr. He and Jin Changming!"

"Very well." Lu Heting nodded. "Then, did Jin Changming transfer three billion yuan to your private account to help you rebuild your career? I wonder if your husband would rather believe that you're Jin Changming's daughter or that you're in a relationship with him?"

"You!" Lu Tianqing was thunderstruck!

She didn't expect Lu Heting to find out about this.

As long as she made a mistake, Lu Heting would uproot everything behind her.

It was just that Lu Heting hadn't found that flaw before.

Lu Tianqing cared a lot about her husband, He Yuan. How could she let him misunderstand that she had a personal relationship with the investor?

If she had to choose, she would rather acknowledge Jin Changming as her father.

Lu Yaode faced the evidence and looked at Lu Tianqing's expression. He remembered that after the DNA test at the hospital that day, Lu Tianqing had rushed out again.

He seemed to understand something in his heart. He mustered his strength and slapped Lu Tianqing's face angrily!

The daughter he had doted on for more than 20 years was actually not his biological daughter! Both Tian Xin and Lu Tianqing knew the truth and only he was kept in the dark!

Chapter 1314: If You're Weak, Does That Make You Powerful?

Lu Tianqing covered her burning face and said, "My mother had a lot of choices too. Did you think it was easy for her to survive in the entertainment industry back then? She's not like Han Qingwan and Tan Qing. They had good family backgrounds and people to support them. She could only rely on herself. She's a weak woman. What could she have done?"

"How funny. Is being weak the reason she made a mistake? Does being weak give her the right to destroy other people's families and be a third wheeler?" Lu Weijian mocked. "Ants are so weak. They know how to find food for themselves. Do you think you're in the right if you're weak? Besides, is your mother weak? How did she scheme against her best friends? If she's weak, who's the strong?"

Lu Tianqing said angrily, "You're not from the Lu family. What right do you have to spout nonsense here?"

Lu Weijian smiled and said, "I have the Lu family's bloodline, after all. Don't you know that my mother is from the Lu family? You, on the other hand, are a bastard child. How dare you act pitiful here? Oh, I know. Perhaps it's because you're more shameless than others, so you have the cheek to come to the Lu family and demand to be in the genealogy!"

Lu Tianqing wanted to argue, but she found the wrong person. Lu Heting was used to pointing out the problem directly, but Lu Weijian just said whatever he could. He would scold her until she bled.

"At least I know who my parents are and who I am. I'm not like a certain someone who dares to talk about their identity in public. But it makes sense. You have fans. As long as you act pitiful and post beautiful photos that have been excessively photoshopped, a bunch of people will help you scold your enemies back. I don't have fans. No one will help me clean up the mess. I'm so afraid."

Lu Weijian's words made Lu Tianqing lose face, but Lu Yaode was even more embarrassed.

Tian Xin had always been very gentle. She would follow his wishes and serve him well.

He had thought that since she was so devoted to him, he could not let her down. Unexpectedly, her gentleness was for everyone. He was just a joke.

Old Master Lu was experienced. The scene in front of him had made him understand a lot.

He didn't comment and said, "Butler, please ask Lu Tianqing to leave."

"Miss Lu, this way please," the butler said.

For a moment, Lu Tianci could not accept this fact. Even so, he could only watch as Lu Tianqing left.

.....

Lu Yaode glared at Lu Tianqing with hatred. The daughter he had carefully nurtured for so many years was not his biological daughter. The feeling of his heart being torn was really too uncomfortable.

At the moment, he still had to protect his son and could not lose his composure. He would deal with Lu Tianqing later.

He looked at Lu Tianci in relief.

When he thought about how each of their children's names had the word 'Tian' in it, he realized that it was the most authentic evidence of their love for each other. They had practically witnessed the love between them for the past 20 years.

Now, it seemed extremely ironic.

Fortunately, there was still his son.

At least, Tian Xin hadn't lied to him about their son yet.

From the surrounding discussions, it was clear everyone thought of Lu Yaode as a joke. Due to Old Master Lu's presence, everyone was restraining themselves. However, when Lu Yaode heard the discussions, his face still burned as if he had just slapped himself.

He tried his best to listen and not look at Han Qingwan.

He avoided Lu Heting's gaze and said to Old Master Lu, "Dad, I really didn't know about Tianqing. I didn't think it would be like this. Forgive me for not noticing and letting someone take advantage of the situation. But no matter what, Tianci is my son. There's no need to change what happened today because of a small episode."

Old Master Lu said, "Since Lu Tianqing doesn't have the Lu family's bloodline, she's excluded."

"Of course."

Old Master Lu picked up Lu Tianci's DNA test report and pondered.

Lu Yaode said, "Dad, do you have any questions? There's nothing wrong with Tianci's report."

He firmly believed this. If Lu Tianci's DNA was also problematic, Lu Heting would have pointed it out just now.

Moreover, even if Tian Xin had made a mistake, he was certain she did not make another mistake after following him to T Country. There would be no problem with this son of his.

As long as Tian Xin changed, he could still live with her.

After all, in his eyes, a son was still more important than a daughter. A son could inherit his bloodline.

Thinking of this, Lu Yaode regained some confidence. A daughter was nothing. As long as his son was around, everything would be fine!

"This DNA... Dr. He, what's the result of this?" Old Master Lu asked Dr. He.

Dr. He said slowly, "I'm sorry, Old Master. I was too focused on my son's situation at that time. Lu Tianci's report was given to Lu Tianqing to handle. I'm really sorry. She had asked for it at the time, so I gave it to her. I thought that since the first report was negative, then the second one would be too... I didn't see Lu Tianci's DNA report for myself."

Lu Yaode said coldly, "You're really Lu Heting's lackey! You only speak for him! Can't I recognize my own son? Look at his eyes. If he doesn't look like me, does he look like someone else, then?"

Dr. He felt guilty and lowered his head in silence. However, this guilt was for the Lu family and Lu Heting, not Lu Yaode.

Old Master Lu said, "Since this report can't be confirmed, today—"

"Dad! Dr. He said that on purpose to disrupt today's ceremony. Don't be influenced," Lu Yaode said hurriedly.

"Heting, what do you think?" Old Master Lu asked.

Lu Heting said, "I think Lu Tianci isn't from the Lu family either."

Lu Yaode said angrily, "Lu Heting! Is what you think always right?"

"What I think might not be completely right. So, Lu Hang, has it arrived?"

"Yes, Mr. Lu!"

Lu Yaode and Lu Tianci looked at each other. Lu Heting's confident appearance looked so terrifying and hateful in their eyes.

Lu Yaode had never taken his son seriously, but he could not ignore the pressure this son brought.

Soon, a woman in her 60s was brought over. Her face was wrinkled, and the calluses on her fingers and tanned skin showed that she was a working woman.

She looked around, a little afraid.

Lu Hang said, "Tell me about what happened back then."

"Back then, I was a nurse in the maternity and child care center. One year... a child was lost in the hospital. It was the delivery room I was looking after. It was a pregnant woman who came alone to give birth. She had no family to accompany her."

Chapter 1315: Giving Birth To A Son To Secure His Status

The nurse said, "It was a boy. Because I lost the child, the pregnant woman caused a scene at the hospital. The hospital's reputation was greatly affected. I was also fired from public office and my qualifications as a nurse were revoked. From then on, I could no longer do any related work. Later, I could only do some cleaning and cooking work."

She looked calm at the mention of what had happened back then, but who was to say that it hadn't affected her much? It had changed her life.

Lu Yaode said, "What does this have to do with us?"

Lu Hang continued to ask, "Then do you know how the child was lost?"

"I'm not too sure. At that time, the hospital and the family had settled matters in private, so the family didn't call the police. Someone saw a man come and secretly take the child away, but surveillance wasn't advanced at that time. We weren't sure, so we couldn't determine anything."

"What happened to the pregnant woman after that?" Lu Hang asked.

"The family got compensation from the hospital and left quickly. But only the pregnant woman refused to leave and kept searching around the hospital. Later, she went crazy and wandered around the hospital every day. I heard that her husband divorced her too." The nurse looked guilty as she said this. "It was my fault for not doing my job well..."

Tears welled up in her cloudy eyes. They were filled with shame for what had happened back then.

"What are you trying to say?" Lu Yaode questioned the nurse, then turned to Lu Heting. "What are you trying to say? You found someone to tell me a story and conclude that my son doesn't belong to me, huh?"

"Lu Hang, let Tian Xin's former manager in."

"Ex-manager? Didn't her ex-manager die in a car accident? Why are you still pretending to be a god?" Lu Yaode asked.

Soon, Tian Xin's former manager came out. He was now a gray-haired old man.

Lu Yaode still remembered what Tian Xin's ex-manager looked like. He immediately recognized that he was not a fake.

.....

Han Qingwan nodded gently. She knew this former manager too.

Lu Heting said, "In the few days when the child was lost in the hospital, you appeared a few times. According to the investigation, you weren't married back then, nor did you have friends who gave birth to children. Tian Xin was even staying in a private hospital during that time. Why did you go to a women's and children's health hospital?"

"I was asked by Tian Xin to go to the maternity and child care center and take a boy away."

"Who was the child?"

"It's Lu Tianci!" the former manager said without hesitation.

When Lu Tianci heard this, he did not believe it at all. "Impossible! How could I be the child of another? I'm the child of my mother and father! You're too ridiculous!"

"You've been hiding outside for so many years, and you didn't get into a car accident at all. Did you come here just to stab me in the back at a time like this?" Lu Yaode didn't believe it at all even though he had just witnessed what happened to Lu Tianqing.

But the more he was slapped in the face, the more he had to maintain his dignity.

The former manager said in a low voice, "No matter what you say, it's confirmed that I took someone else's child and gave it to Tian Xin to be her son. Back then, Tian Xin wasn't pregnant at all. Only she and I know about this. Every time we faced the doctor, we tried our best to fool him.

"In addition, the standards of prenatal examinations at that time were not high. We only had a few prenatal examinations, so no one else knew about this."

"You're lying! I slept with Tian Xin. How could I not know?"

"You two did share the same bed, but don't forget that Tian Xin is an actress. Not only does she know how to act, but she also knows how to make props. She's more than skilled enough to deceive you! She instructed me to lie to you, and she also instructed me to steal the child. These things bound me to her bit by bit. I couldn't refuse, and I didn't know how to. She said that as long as I dared to expose her matters, she'd never let me off!

"She's a star, and you're her husband. How could I refuse? I had no choice but to do as she said."

The former manager was filled with righteous indignation. She looked both regretful and guilty. "How many times have I wanted to return that child? But at that time, a large number of nannies and caregivers were watching over the child. I didn't have a chance.

"I couldn't stand the condemnation of my conscience, and I was afraid that heaven would let me continue to do bad things. Once, when I got into a car accident, I thought that I might as well pretend I was dead and never go back. That way, I could get rid of all this. That's why I didn't die. I didn't want to die, but I had to 'die'."

When Lu Tianci heard these words, he was about to break down. If it weren't for Lu Tianqing, he could still try his best to reject these stories.

However, after what had happened to Lu Tianqing, it already verified the authenticity of these stories. He really had no reason or excuse to refute.

His eyes were red, and his fingers were beginning to tremble.

Lu Yaode was still holding on. "Impossible! Impossible! That's impossible!"

Old Master Lu and Old Madam Lu shook their heads secretly. Everyone was already immersed in the story. They knew that the authenticity of this story was probably indisputable.

The former manager said, "It doesn't matter if you don't believe me. I've already sent Lu Tianci's crazy mother to a sanatorium and asked the nurse to take good care of her. I owe her far more than that. But I don't have the ability to pay her back anymore. Lu Tianci, go find your mother or do a new DNA test with Lu Yaode. The truth will be revealed!"

Lu Yaode refused crazily. "Impossible! Tian Xin can't have lied to me again! At that time, I touched the fetus in her stomach! This is impossible! Lu Heting hired you to make up a story, right?"

The former manager looked at his expression and said calmly, "Everything I said is the truth. I said it with a clear conscience. Besides, Tian Xin can't have children anymore. How could she have gotten pregnant then?"

“Why can’t she have children? She gave birth to Tianqing. Why couldn’t she have given birth to Tianci?” Lu Yaode asked.

“That’s because after she gave birth to Lu Tianqing, she was always worried that her relationship with you wasn’t stable. After all, Han Qingwan had already given birth to Lu Heting. To a rich family who valued their children, Lu Tianqing alone wasn’t enough to ensure her stable status. Besides, Lu Tianqing isn’t of the Lu family’s bloodline.

“So, she tried everything to give birth to a boy to establish her position!”

Chapter 1316: Trash That Sow Discord Between Father And Son

“In order to give birth to a son, Tian Xin worked hard to get pregnant so that she could achieve her goal as soon as possible,” the former manager said. “I’m sure Mr. Lu knows about this, right?”

Lu Yaode naturally knew this. After all, Tian Xin had always said that she wanted to give birth to another son for him. He was happy to cooperate.

However, Lu Yaode did not know what Tian Xin was really thinking.

Seeing that he didn’t deny it, the former manager continued, “She tried hard to get pregnant. Of course, she got pregnant twice. However, every time she was pregnant for a certain period of time, she would immediately go for a check-up to see if it was a daughter or a son. It was just that the results of those two tests weren’t what she wanted. The results were always a daughter.

“Tian Xin had already given birth to Lu Tianqing. She already had a daughter. Another daughter was useless to her. Therefore, when the test results showed that it was a daughter, Tian Xin didn’t hesitate to abort the child.”

When everyone heard this, they felt that Tian Xin was really ruthless. In order to stabilize her status, she even got abortions.

Lu Yaode was also shocked. Clearly, what he was hearing now about Tian Xin’s pregnancies and miscarriages were different from what he knew.

Back then, Tian Xin had gotten pregnant twice in a row and lost the babies. All he knew was that Tian Xin’s body was weak, and it was easy for her to miscarry. Hence, he only felt heartache and not suspicion.

“After she aborted those two babies, she never got pregnant again. However, she was afraid that you would go back to Han Qingwan and Lu Heting, so she prioritized getting pregnant again.

“However, the doctor had bad news and said that her two abortions had already hurt her body greatly and she wouldn’t get pregnant again. There was no choice, so Tian Xin made a decision. She faked her pregnancy! However, she could never give birth like that, so she had to find a child. Moreover, it had to be a boy.

“However, it was not easy to find a new and healthy baby boy. She could not find one and forced me to go to the hospital to ask if there were any boys. She even asked me to steal one back.

.....

"I was forced to do it. I went to the hospital and found a pregnant woman without family to take care of her. I took her child away. That child is Lu Tianci."

Everyone fell silent when the former manager finished speaking.

Lu Tianci stood rooted to the ground. He had never thought that his mother, who had always doted on him, was actually the real murderer who caused his family to be destroyed! She caused his mother to get a divorce and go crazy...

It turned out that her love for him was not for him but merely for her own status.

How ridiculous!

He felt as though his world had collapsed. His hands and feet went cold as he stood rooted to the spot.

"Impossible! Impossible! Impossible!" Lu Yaode muttered.

It wasn't so much that he didn't want to believe that Tian Xin had done all this. It was more that he wasn't willing to admit his failure. He was unwilling to admit that from beginning to end, everything he had done was a joke. Everything he did amounted to nothing.

He backed away and pointed at the former manager. "No way. You're lying!"

"I know that there's no evidence. So today, I brought Lu Tianci's birth certificate from back then that shows his mother's blood type. I also brought Tian Xin's abortion report at the time and the maternity examination report that deemed her to be infertile."

The butler stepped forward, took the report, and handed it to Old Master Lu.

Old Master Lu saw the report of the two baby girls that Tian Xin had apparently 'miscarried'. It showed that the children were healthy. He couldn't help but be moved. "She's really vicious! They were two innocent children!"

When everyone heard this, their thoughts were similar to Old Master Lu's.

The former manager smiled ruefully. "I've also ruined my life because of this and have been living incognito. I have no need to lie to you about this. It's just that Tianci..."

There was love in the manager's eyes, but also guilt and self-reproach. "Tianci, I'm sorry. I'm sorry I got you into this. If I hadn't carried you away, you would have lived in an ordinary but loving family. You would have lived a life where you didn't have to take on so much."

Lu Tianci avoided him. "Shut up!"

Lu Yaode seemed to be enlightened and said, "Yes, shut up! You're just trash that Lu Heting found to drive a wedge between us father and son! Tianci, come over and call Grandpa. Let Grandpa arrange for us to be listed in the genealogy. We'll acknowledge our ancestors."

Everyone looked at them as if they were watching a show. At this moment, no one questioned the former manager anymore. They were all thinking that Tian Xin was really ruthless.

They looked at the father and son and felt that things were unpredictable. Back then, Lu Yaode didn't know any better, abandoned his wife and son, and was disregarded by everyone. He did all those things for such a woman. In the end, everything went to waste. He deserved it.

"Dad, let Tianci and I be listed on the genealogy. Tianci and I are back now!" Lu Yaode grabbed Old Master Lu's hand and said.

Old Master Lu sighed repeatedly. Fortunately, Lu Heting had exposed the true situation of this family today. Otherwise, it would have been a great humiliation to record them in the Lu family's genealogy.

And Lu Yaode still had the cheek to continue fooling around.

Lu Tianci shook off Lu Yaode's hand. He had always been a cunning person, but he was hot-blooded, after all. At this moment, he really could not accept this farce anymore.

He said, "Since I'm not from the Lu family, there's no need for me to stay here and accept your pity! What's so great about the Lu family? The Lu family isn't the only one in this world!"

He turned to go.

Lu Yaode pulled him back. "Tianci! You're a member of the Lu family. You're the son of the Lu family. The Lu family is mine, and it's yours! You can't leave!"

Lu Tianci was already awake. Perhaps only Lu Yaode refused to wake up. He said, "Didn't you hear? Didn't you see the evidence? What's the use of staying? Do you want to leave only after being humiliated even more?"

Lu Yaode looked at the unfamiliar and disobedient young man in front of him and could not accept reality for a moment.

Lu Tianci shook off his hand and strode out, staggering.

Lu Yaode's eyes were dull as he watched Lu Tianci disappear before his eyes.

Old Master Lu said, "Since the facts have been investigated, Yaode, those two children are no longer able to enter the Lu family, nor are they qualified to have their names listed in the Lu family's genealogy. As for you... I've always thought that I was superior to others because I was powerful and talented. However, I didn't educate my son well. It's my fault. It's all my fault!"

When everyone heard his words, they could not help but feel flustered.

Chapter 1317: The People You've Let Down The Most

"Fortunately, I still have Heting. Otherwise, I really wouldn't be able to face the people of the Lu family and the hundreds of thousands of people in the entire Lu Group." After Old Master Lu sighed, his tone turned cold as he said to Lu Yaode, "Henceforth, you're no longer a descendant of the Lu family. I'll no longer admit that I have a son like you. Leave as you left back then!"

When Lu Yaode heard this, he was anxious. He had already been abandoned by everyone. His children were not born by him, and Tian Xin was also estranged from him. If he did not return to the Lu family, where could he go?

He immediately said, "Dad, you saw it too. I was completely kept in the dark about Lu Tianqing and Lu Tianci. I didn't know the truth. I was also deceived. I'm also a victim... Dad, I'm your son, your biological son! You can't just watch as something bad happens to your own son!"

Lu Yaode felt both embarrassed and regretful. These words were very sincere.

However, Old Master Lu was extremely disappointed in him. "As a son, you've been unfilial to your parents. As a husband, it was disloyal of you to neglect your wife and cheat on her. As the manager of Lu Group, you abandoned countless employees and divided the company, causing a crisis for the company and the employees. It's unrighteous. As a father, it was unrighteous of you to abandon your son and not care about him. As a descendant of the Lu family, it's unrighteous of you to cause trouble for everyone. You're really not worthy of being in the Lu family!"

Old Master Lu had never criticized Lu Yaode in public before. Lu Yaode was dumbfounded.

But this was his only chance. If he didn't seize it, it would really be over in the future.

"Dad, I know I was wrong. No one is perfect. I was kept in the dark in the past and could only see what I saw. But now that Heting has unveiled the fog in front of me, I finally know who's sincere to me. Please give me a chance!"

Old Master Lu had no choice but to say, "I also did something wrong and caused chaos in the house. I have no right to decide whether you can stay or not. Only Qingwan and Heting are qualified. And they're also the people you've let down the most!"

When Lu Yaode heard this, hope reignited in his heart. Yes, Lu Tianqing and Lu Tianci were nothing. Even without those cheap children, there was still Lu Heting!

Lu Heting was his biological son. He was not alone. He still had a wife and children.

Lu Yaode found hope and immediately turned to Han Qingwan and Lu Heting. He said, "Qingwan, Heting, I was wrong! I was really wrong! I was blinded for a moment and left you. As you can see, I was deceived. All these years, I've been thinking about you. Now I finally know what I should do and who I should cherish!"

He believed that Han Qingwan would definitely forgive him. Back then, she loved him deeply and married him without hesitation. She even gave up the idea of studying abroad and came to Lu Group to help him. She did the boring work that she had never liked for him.

.....

Past memories entered his mind one by one. He thought of what Han Qingwan had done for him and her true love for him. Even though she had a sharp tongue, she was completely soft-hearted. Everything she did was for him.

So now, he had to woo her back.

As long as he was sincere enough, she would definitely be moved.

Lu Yaode knelt on one knee. "Qingwan, I was really wrong. I only know now that the person who loves me the most is you. You've always been the one to tolerate me and give me the most precious love. Let me come back and accompany you!"

Everyone could not help but be moved by Lu Yaode's honesty at this moment. Perhaps as fellow members of the Lu family, everyone was tolerant of him.

Someone even helped to persuade Han Qingwan. "That's right, Qingwan. It hasn't been easy for Yaode either. If not for Heting, he wouldn't have known that he had been deceived."

"It's said that young couples get back together in their old age. Your relationship when you were younger wasn't good. Why don't you forget about those things and take care of each other now that you're older? After all, we know each other well."

Su Bei had been standing beside Han Qingwan. The scene in front of her really shocked her.

When had men ever been able to make up for decades of hurt by simply admitting their mistakes? When were they able to earn everyone's forgiveness with just a mere apology?

Was this really what everyone thought?

How fair and just!!!

However, Han Qingwan had the final say in this matter. Su Bei was in no position to say anything. She could only endure it, and her face turned red.

Han Qingwan took two steps forward as everyone spoke. She still had a polite smile on her face as she said, "He was deceived. But wasn't it because he's stupid? Why? Do stupid people get special privileges?"

In the past, Old Master Lu and Old Madam Lu might have been protective of Lu Yaode. But now, they knew that no one was qualified to protect him. He deserved all of this!

Su Bei finally didn't have to hold it in anymore because Han Qingwan's words had helped her vent her anger.

It turned out that she did not need to worry about Han Qingwan. Her mother-in-law was clear-headed.

Lu Yaode's face turned pale. "Qingwan! Once a married couple, always a married couple. We had feelings for each other back then..."

"Yes, we had feelings for each other back then. But my feelings were all fed to the dogs. Of course, your feelings were also fed to the dogs. You're a scumbag! What right and authority do you have to ask me to treat you like a human?" Han Qingwan asked.

Lu Yaode couldn't kneel anymore. Han Qingwan's words stabbed at him.

He stood up.

Han Qingwan continued, "Human rights and obligations are equal. It's the same for the rights of husband and wife or father and son. Heting and I didn't tell you about how hard it was for us to get here. However, not telling you about our pain doesn't mean that we didn't experience it.

"At that time, Heting was still young. He needed his father, but his father abandoned him. Not only did he have to face such a life, but he also had to face the damage caused by the collapse of Lu Group when his father left.

"Now that he's all better and you're old, you're asking to come back and let Heting retire? Lu Yaode, isn't this too unreasonable? You only needed to produce one sperm and you want your son to be filial to you? You want him to retire for you and clean up the aftermath for you? You're even hoping to receive his filial piety in the future?"

Chapter 1318: My Father Is Dead. Who Are You?

Han Qingwan's words were powerful. If it weren't for the bad timing, Su Bei would have applauded her.

As soon as she finished thinking, Lu Weijian started clapping.

Everyone looked at Lu Weijian in unison. Only then did Lu Weijian realize that the occasion was wrong. He slowly lowered his hands, but he was still clapping for Han Qingwan in his mind.

Lu Yaode was ashamed. He struggled and said, "Are you so smart that you've never been deceived? Who dares to say that they've never made a mistake?"

Han Qingwan sneered. "You were deceived for more than 20 years. How dare you compare yourself to others? Fortunately, my son didn't inherit your stupidity!"

Because most of them had the surname Lu and a small number of them were Lu Yaode's friends, they had been on his side all along.

However, Han Qingwan's words made them laugh out loud. However, the occasion was not right. Everyone smiled and quickly stopped.

"Everyone, it's true that I married into the Lu family. It was also my intention to develop well in the Lu family back then. However, if I have to choose between staying in the Lu family or letting Lu Yaode return to the Lu family, I'll move out immediately."

Han Qingwan's tone was firm.

Old Madam Lu immediately said, "Qingwan, there's no need for that. It hasn't been easy for you to stay in the Lu family all these years. I'm aware of your hard work. The Lu family will always be your home."

At this moment, no one said anything for Lu Yaode because they couldn't bring themselves to help a stupid and smug person.

.....

Lu Yaode placed his last hope on Lu Heting. "Heting, you're my biological son. You can't ignore your father, right?"

Everyone looked at Lu Heting. They all knew that he had a pivotal position in the Lu family. As long as he spoke, this matter would be settled.

Lu Yaode also looked at his son hopefully. This was his only son. It was said that father and son were connected. There would also be tacit understanding and a deep bond between them.

Lu Heting's deep eyes were dark. He looked at Lu Yaode calmly and said softly, "My father died when I was three years old. Who are you?"

Everyone was in an uproar. Lu Yaode looked at Lu Heting in disbelief.

Old Master Lu and Old Madam Lu knew that this would be the outcome, but when Lu Heting said this, their hearts ached. They didn't feel sorry for Lu Yaode but for Lu Heting.

Yeah, he was abandoned by his father when he was three. Who could understand a child's pain back then?

Now, he didn't have a father and didn't need one. He'd long since grown into an indomitable man.

'I didn't need him before, and I certainly won't need him in the future.'

Su Bei looked at Lu Heting. His expression was firm, and his thin lips were pursed into a straight line. That was the most direct expression of his rejection.

It was a habit he developed when he was a child. Because he couldn't have a father, he wouldn't ask for him. Because he was used to not having a father, he cultivated himself into the powerful figure he was today.

Everyone knew he could do anything, but who would feel sorry for the efforts he had to put in?

Su Bei's heart felt soft and slightly painful.

"Butler, get Lu Yaode out! From now on, he has nothing to do with the entire Lu Group or the Lu family!" Old Master Lu ordered.

"Dad, Dad... I'm your son. I'm your biological son..."

But Lu Yaode's voice was getting farther and farther away. The butler had already kicked him out with the help of the security guards.

Seeing that things had come to this, everyone had nothing else to say.

Old Master Lu cupped his hands at everyone and said, "Everyone, it's my fault for not teaching my son well and making a fool of myself. Such a person is not worthy to stay in the Lu family. The Lu family will not give such a person a chance in the future. I hope everyone can take this as an example. I hope this is the last heartless, disloyal, unfilial, and cruel person in our Lu family! I'm sorry for wasting everyone's time today. I'll treat everyone to tea next time."

When everyone saw that Old Master Lu was so merciless toward his son, they naturally felt a little afraid and took this matter as a warning.

Soon, these people were gone.

Su Bei walked up to Lu Heting and held his hand tightly.

Lu Heting looked down at her red eyes and knew what she was worried about. He whispered, "I'm fine."

Old Madam Lu scolded Old Master Lu, "Look at you. I already told you not to let them come back. Haven't they caused enough trouble for Heting? I was already tricked once, but you still insisted on being tricked again..."

Old Master Lu listened in silence.

Lu Weijian was in a much better mood now. He advised, "Grandma, forget it. You learn from your mistakes. Anyway, we didn't let them succeed. The enemy is very cunning. We just have to be careful next time."

Only then did Old Madam Lu calm down a little.

Old Master Lu coughed lightly and said, "Heting, I've let you down this time. I was indeed muddle-headed for a moment and thought that I could rely on myself to suppress these people. Who knew that these people..."

He couldn't finish the sentence himself. These people were insane. Kidnapping, killing, threatening, bribing... They were capable of anything. It was outrageous.

And the reason why he thought he could control everything was because of his carelessness.

"Forget it. It's all in the past." Lu Heting's voice was extremely light.

However, Old Master Lu felt suffocated by his words. Lu Heting had been like this since he was young. When he was hurt, he was very calm, but in his heart, he had already drawn a clear line with the person who hurt him.

He would rather Lu Heting be angrier than be so indifferent.

Lu Weijian smiled and tried to smooth things over. "Anyway, it's good that everything's fine. Everyone is doing this for the Lu family. Besides, my brother has always been wise and mighty. He won't let the bad guys get away with it. In fact, everyone has already seen how those people caused trouble in our house before they even returned to the family. If they really come back to the family, they might do something else. So let's listen to my brother in the future."

With him livening up the atmosphere, the atmosphere was no longer so stiff.

Lu Heting nodded and said calmly, "Su Bei also helped us find a lot of information. Otherwise, I wouldn't know that Lu Tianqing and Lu Tianci aren't from the Lu family."

Su Bei hurriedly said, "I just casually heard someone mention it and told Heting. Actually, he was the one who planned and arranged everything so well."

Chapter 1319: Mistress

Han Qingwan looked at Su Bei and smiled. "Yes, both of you are good. It's rare for a husband and wife to work together so well."

"If brothers work together, they'll definitely be met with success, right?" Lu Weijian hurriedly said, "I also helped my brother."

"Yes, yes." Han Qingwan smiled.

After leaving the Lu family's mansion, Lu Heting said to Lu Hang, "Go to the police and check how Tian Xin is doing."

"Yes." Lu Hang nodded.

!!

"Brother, let me go as well." Lu Weijian looked unsatisfied.

"Then follow Lu Hang."

Lu Weijian quickly followed Lu Hang and got into the passenger seat. He smiled and said, "Okay, drive, buddy!"

Su Bei watched their car drive away and said, "After this, that family of four will finally stop."

"No matter how much trouble they cause, they won't be able to cause much of a stir." Lu Heting nodded. "It's just a pity that so many shareholders lost their life savings because of them."

"It couldn't be helped. When their company was formed, there were too many people who thought highly of them. They didn't have the ability, but they were pretty good at bragging."

They went home together. Da Bao and Gun Gun were busy with their own things. One was busy playing games, while the other was busy watching games.

Lu Heting reached out and picked Gun Gun up. He sat at the side and watched Da Bao play games. His expression was gentle, and his face was no longer tense. There seemed to be a spring breeze in his eyes.

Those things just now seemed to have evoked a lot of resentment and pain from his childhood. However, as he grew up, he dealt with those negative emotions on his own. Now, he could give Da Bao and Gun Gun calm and peaceful fatherly love.

Tears welled up in Su Bei's eyes as she watched this scene.

She ran over and lay on the man's shoulder. Lu Heting tilted his head and pulled her over to sit with Gun Gun.

The family of four leaned neatly together.

Lu Weijian soon arrived at the police station and sent a WeChat voice message. "Damn, Lu Yaode injured Tian Xin! Then, Lu Tianqing injured Lu Yaode. At this moment, both father and daughter have been detained by the police."

"What about Lu Tianci?" Su Bei asked. This family was not complete yet.

“Lu Tianci questioned Tian Xin, but he didn’t hit her. Later, he went to look for Tian Xin’s former manager. I’m afraid he wants to find out his background. I’ll send you the surveillance video,” Lu Weijian said.

He quickly sent the video over.

Lu Tianqing was the first to meet Tian Xin. When the mother and daughter met, they hugged each other and cried. Through the video, they could see Tian Xin’s helplessness.

With Lu Heting exposing her, she would lose her greatest support. Not only would the Lu family no longer be her shield, but it would also become her greatest obstacle.

The mother and daughter discussed it for a long time. They spoke very softly, so it was impossible to hear what they were saying.

After Lu Tianqing left, Lu Tianci went to see Tian Xin again. He scolded Tian Xin.

Tian Xin tried her best to explain, but it was obviously meaningless.

When Lu Yaode came over, he repeated Lu Tianci’s actions. However, compared to Lu Tianci, he was more agitated. When they didn’t get along, he went forward and beat up Tian Xin until the police realized the situation and pulled them apart.

When Lu Yaode went out, Lu Tianqing noticed the situation and hit him again.

It was simply... a tragedy of human relationships. After watching it for a while, Su Bei didn’t want to watch it anymore. It gave her a headache.

Lu Weijian was still reporting excitedly, “The current situation is that Lu Tianqing is rich and has a high status. Her agent will come to bail her out soon. In addition, the person she hit is Lu Yaode, who’s still her father in name. Hence, the police didn’t make things difficult for her and let her leave.

“Lu Yaode is in a worse state. Although his company in T Country didn’t suffer any losses from the bankruptcy of Tianci Corporation, he has realized that the company has long been taken over by Tian Xin. The profits have been transferred away by Tian Xin. Those who can handle matters only listen to Tian Xin. The people Lu Yaode can order around aren’t capable of doing anything.

“Everything he has is gone.”

“Well, he deserved it. Just like how he betrayed his family and the company and left everyone with a mess. He helped himself and harmed others. Now, he’s just paying for what he did back then,” Su Bei said.

“Yes, yes, yes. I want him to go through this ordeal. Now, there’s no one to bail him out. It’s really tragic,” Lu Weijian said.

As for Lu Yaode’s family of four, the news of them had already spread like wildfire.

After all, as Tian Xin and Lu Tianqing were involved, gossip involving celebrities would always spread faster than gossip about other wealthy families.

Lu Heting didn't do any public relations. His and his mother's pain had passed, so they weren't afraid of words.

As for Lu Yaode, Tian Xin, and the others? They weren't worthy!

Therefore, this matter quickly became a trending topic and reached the top. There were tens of thousands of comments.

The wives of some directors and investors also came out to confirm the authenticity of this news, adding fuel to the fire.

[Damn, I didn't expect that Tian Xin is not only a murder suspect but also a mistress who destroyed someone's family. Look, she's been like this since she entered the entertainment industry. She's already a habitual mistress.]

[Only Lu Yaode was so stupid to take her in. I didn't expect a rich young master to have such intelligence.]

[This makes me a little worried about Lu Heting's IQ. What should I do?]

[Previous commenter, save it. Didn't you see that Lu Heting was the one who exposed Tian Xin's misdeeds of killing people and using a bastard child to impersonate a child of the Lu family's bloodline? There's no need to doubt his strength and intelligence!]

[That's right. There's no need to doubt Mr. Lu's intelligence. It's not like inheritance is always indiscriminate. Besides, Han Qingwan's intelligence isn't low either. She's smart and tenacious. Why wouldn't she be able to give birth to and educate such a good son?]

[No wonder Tian Xin didn't dare to develop in S Country for so many years. It turns out that it was part of her scheme. If she had continued to develop here, she would've been exposed sooner or later, right? Just like what happened this time. Not long after she returned, she was directly exposed by the scandal.]

[Lu Tianqing too... I heard she's the daughter of the big director and investor, Jin Changming? I mean, she looks a little like him. Tian Xin is really skilled. She actually slept with so many big directors.]

[It's not that she sleeps with many famous directors. It's that she sleeps with many men. The more men she sleeps with, the more chances she has to get her hands on successful men. Do you understand the matter of probability?]

[I agree with the person above. Anyway, a mistress is utterly shameless. We need to fight them!]

Chapter 1320: Sorry For The Trouble

[Yes, we have a duty against mistresses! Otherwise, they'll be like cockroaches, increasing in number.]

[If the mistress deserves to be beaten, shouldn't the scumbag deserve it too? I think the scumbag deserves to be attacked even more?]

[The scumbag and the mistress both deserve to be beaten up!]

[Stop. Have you forgotten about the accident Tian Xin caused? Shouldn't she be pursued for the matter? Shouldn't the murder be investigated first?]

[I now believe that Han Qingwan is innocent.]

!!

[I now believe that Han Qingwan is innocent +1]

[I now believe that Han Qingwan is innocent +100]

The investigation into Tian Xin's crime wasn't delayed.

"At present, the suspicions surrounding Han Qingwan have been eliminated. All the medical records show that Han Qingwan had an emotional problem at that time, and Tian Xin did know hypnosis. Tian Xin's motive for killing is sufficient and strong.

"Judging from various facts, we conclude that Han Qingwan killed Tan Qing's family under Tian Xin's hypnosis.

"Tian Xin is not guilty of instigation but of direct murder. This case will be tried another day."

Lu Weijian read the preliminary conclusion given by the police on the document.

Lu Heting listened carefully and pinched the space between his eyebrows. "Okay. How's the preparation for the lawyer?"

"Brother, that's the problem..." Lu Weijian said, "In this case, the most famous and best lawyer is Cao Song and his team. We contacted him earlier on, but he didn't agree. We received news that yesterday, he accepted Jin Changming's request to defend Tian Xin."

Lu Heting closed his eyes and said thoughtfully, "I've already expected this. Cao Song and Jin Changming are best friends. Cao Song's son also has connections with He Consortium. It's reasonable for him to choose to defend Tian Xin."

"But it's a little difficult for us. Even if we manage to protect Mom, it'll be difficult for Tian Xin to be convicted. After all, Cao Song is famous for being difficult to deal with. He's practically invincible in this aspect. Also, I heard that Cao Song accepted Tian Xin's defense. The other lawyers are hesitant. Even if they accept our case, they've already lost psychologically," Lu Weijian said.

There were many lawyers in Lu Group, and there were also many elites, but they were all outstanding only in finance, economics, and multinational business. There was a huge gap between their professions and the field of law. The elites in Cao Song's team dealt with criminal crimes, hence the people in Lu Group were naturally lacking in comparison.

"Think of something else," Lu Heting said.

"That's all I can do." Lu Weijian sighed and posted on his social media. [My almighty circle of friends, please introduce me to criminal lawyers!]

A moment later, a lot of people gave him recommendations. In an instant, Lu Weijian received a lot of business cards on WeChat.

He took a look. There was no lack of good ones among them. They were more than enough to handle most cases, but they were still lacking compared to Cao Song's team.

He re-edited his WeChat status. [The opposing lawyer is Cao Song and his team. I hope everyone can introduce me to someone who has the strength to fight.]

Soon, there were replies. [Sorry for the trouble.]

He no longer received any business cards from his friends.

"Is Cao Song's team that invincible? Ahhh!" Lu Weijian wanted to cry.

Su Bei asked on WeChat: [Is it that difficult to find a lawyer?]

[It's difficult. Cao Song has never been defeated all these years. He can be said to be invincible. I'm afraid that only my big brother's friend can defeat him.]

[Then why didn't Heting look for that friend?]

[Sigh, it's a long story. My big brother's friend has a younger sister who always wanted to marry my big brother. My big brother didn't agree to it and rejected her directly. Of course, that offended her. How can my big brother have the cheek to beg his friend for help now?]

Su Bei understood. It turned out that having too many admirers was not a good thing.

However, it was no wonder how attractive Lu Heting was.

She suddenly thought of someone. She quickly found the person's contact number and dialed it.

Hua Cuo's capable voice came from the other end. "Little Fifth Sister, what's the matter?"

"Fourth Sister, help!"

"Go ahead."

Su Bei quickly explained what had happened.

"I see." Hua Cuo was in a difficult position. "I've already taken on someone else's case, which coincides with your timing."

"Fourth Sister, is there no other way?"

"It's not impossible if you really want me to make time. On one condition, though."

"What condition?"

"Come, I want one kiss on the left cheek."

Su Bei laughed out loud. "Mwacks! Not to mention one cheek, I'll give you a kiss on both of them. I've given you a kiss on your right cheek but I can't miss out on the left. Mwacks!"

"Good girl." Hua Cuo's capable voice finally sounded relaxed. "Boss has already looked for me. We must start from the truth and not let the murderer get away with it. So this time, I'll definitely come back. However, Su Bei, you have to be mentally prepared."

Su Bei was silent for a moment. "I understand."

Then, her joyful voice entered Hua Cuo's ears. "I'll treat you to hotpot!"

"Forget it. I don't have a stomach as strong as Lin Yu's. I'll call you when I get back."

"Okay."

After Su Bei put down the phone, she felt a little relaxed, but she was not completely at ease.

Lu Heting returned and handed his coat to the butler at the door. He changed into slippers and walked in.

Su Bei walked toward him. "Heting, have you found a lawyer?"

"I'm still looking," Lu Heting said. "Don't worry. Actually, there are a lot of lawyers who want to work with us. It's just that I don't trust them too much at the moment."

And that friend of his was surely his last consideration.

Because he didn't want to be mixed up in personal matters on official business.

Su Bei said, "Fourth Sister agreed to help. It's Hua Cuo. You've met her before."

Lu Heting thought of that woman. She had always been dressed in a suit. She was clean-cut and looked a little heroic. He had indeed seen her before.

Moreover, many people had also said that she was outstanding. Many male lawyers in the United States were afraid of her. Some people even jokingly called her the dagger of S Country. She could pierce the enemy's heart, which proved her reputation.

Moreover, she had obtained a lawyer's license from both S Country and the United States. The cases she took on had never been limited to the country. Her combat ability was outstanding.

"She's coming here to take our case?" Lu Heting asked. He knew that she was doing it on Feng Ze's orders.

Feng Ze had always been brooding over his mother's matters. This time, not only did he want to find the real culprit, but he also wanted to bring the murderer to justice. As long as Hua Cuo appeared, she would definitely give Cao Song a fatal blow.

"Yes, she's coming. I called her today to ask for her help, and that's when I found out Feng Ze had asked her for a favor. Actually, I should've guessed."
