

Chapter 1321: How Will You Thank Me?

Lu Heting nodded. "Not many people can compare to her. This is good news."

"However, Fourth Sister also said that she'll definitely be fair." Su Bei looked a little tense.

Lu Heting understood. "Of course. Hua Cuo definitely didn't appear to defend my mother's innocence. She must want to send the real murderer to prison. Therefore, she'll target the real murderer, not specifically Tian Xin or my mother."

Su Bei nodded. "That's what I'm worried about. If something goes wrong with the evidence, the case will be bad for Mom..."

At that time, the stronger Hua Cuo was, the worse it would be for Han Qingwan.

!!

"Do you think Mom did that kind of thing?"

"Definitely not. As I got to know her, I knew she certainly isn't the type of person to do something like that. I believe in her."

"Since you believe in her, there's no need to worry about the entire case being disadvantageous to her. When the time comes, Hua Cuo will do her best to target Tian Xin. If Tian Xin is guilty and convicted, Mom will naturally be fine."

Su Bei nodded. "That's true. I'm just afraid there's something else going on."

"Even if someone wants to tamper with the evidence, they have to go through me first and then Feng Ze. Who would dare to be so bold as to risk universal condemnation and tamper with evidence?"

With Lu Heting's words, Su Bei felt much more relaxed.

Lu Heting reached out and stroked her hair. "Thank you for your help."

"Fourth Sister was going to come anyway. I didn't exactly help."

"If not for you, she'd focus on giving Tian Xin as harsh of a sentence as possible instead of my mom's acquittal defense."

"That makes sense! In that case, how are you going to thank me?" Su Bei smiled brightly.

"How about meat?" The man's Adam's apple bobbed, and his voice was rich and charming.

Tian Xin had found Cao Song to be her defense lawyer, and Lu Tianqing had already prepared several drafts to be published online.

She wanted to build momentum early and turn public opinion around as soon as possible to pave the way for future victories.

Now, she could not rely on the Lu family anymore. Lu Tianqing had to work hard with her mother.

Fortunately, Jin Changming had always been very helpful and provided a lot of resources for Lu Tianqing.

This case that everyone was paying attention to also caused a lot of discussions.

[I really didn't expect Tian Xin to be able to invite Cao Song. I've checked. Cao Song is the most awesome lawyer in this area. He's almost one of the top big shots in the country. Tian Xin is really awesome.]

[As expected of a woman who's slept with countless major directors and investors. She could still hire a lawyer like that at a time like this.]

[There's nothing going on from Lu Group's side. But I don't think they can hire a good lawyer, right?]

[The industry insiders say that in this situation, only by inviting Fu Xing over can Han Qingwan win. Do you know who Fu Xing is? I'm not bragging, but he's an existence even more powerful than Cao Song. He'll definitely make Cao Song kneel down!]

[Actually, they can hire me as well. Whether I win or lose, I can become famous as a lawyer. Hahaha.]

[But I heard that Fu Xing hasn't taken on a case at all. Forget it, Han Qingwan might suffer.]

[Stop talking nonsense. I know someone at Lu Group. They've already decided on a lawyer. She's called Hua Cuo.]

[Who's Hua Cuo? What's her background?]

[There's no result from Baidu? Is Han Qingwan giving up? Or is she the murderer?]

Although Hua Cuo had made a name for herself in the United States and had won many lawsuits in the country, she had only been in the country for a short period of time and was not famous. Therefore, even Baidu did not record her information.

This time, when everyone heard her name, they expressed that they did not know her at all.

For a moment, the rumors about the case became very strange.

Some people even guessed that Han Qingwan was acting out of guilt. Or rather, everyone in the industry knew what was going on, so they refused to defend Han Qingwan as they were afraid that it would ruin their reputations.

The matter was so noisy that even Cao Song's team was confused. "Is Lu Group looking down on us? They found an unknown lawyer to fight us?"

"I think Lu Heting is just so-so. If he looks down on us, it's time to teach him a lesson!"

Under Cao Song's lead, these lawyers were outstanding and almost invincible. They were all elites in the industry, so they didn't even take Lu Heting seriously.

Cao Song was over 60 years old. His hair was combed meticulously and white. He said, "If you underestimate the enemy, you'll pay the price. It's the same for Lu Heting and us. So, everyone, do your best."

Soon, the case would begin.

Although Cao Song's team did their best, they were no longer as cautious as before, especially when they heard that Hua Cuo was only in her 20s and had just returned from America.

On the day of the trial, there were still some lawyers muttering softly, "In her 20s? We should check her legal credentials first."

"Hahahaha, she might look very cute."

"I wonder if she speaks the language of S Country? Do we need to get her an interpreter?"

Cao Song coughed, and everyone stopped talking.

Su Bei and Lu Heting appeared at the door of the trial venue in simple black clothes.

Lu Weijian followed them.

When Su Bei saw Hua Cuo, Su Bei quickly waved at her. "Fourth Sister!"

Hua Cuo was wearing high heels, and her short hair was combed back, revealing her exquisite and full forehead. She was dressed in a professional suit that made her look lean and elegant.

However, she was too young.

Lu Weijian's eyes darkened. "Sister Bei Bei, is this the famous elite female lawyer you mentioned? She's not even as old as me, right? It's not that I don't trust her, but it's difficult for anyone to associate such a young woman with a high-level elite lawyer, right? If you don't believe me, look at the lawyers on Cao Song's team. All of them are in their 40s. The ones with the most hair still have less than half of mine."

Hua Cuo reached out. "Hello, I'm Hua Cuo. I'm indeed not as old as you, but you should still call me Fourth Sister."

"Why?" Lu Weijian blurted out.

"Because I'm your sister-in-law's fourth sister."

Lu Weijian: "..."

Lu Weijian said, "You're right. I lost, Lawyer Hua!"

He still refused to call her Fourth Sister.

"You're being kind." Hua Cuo nodded. "Heting, Su Bei, I've read all the files and evidence. There's no problem."

"Nonsense!" Lu Weijian didn't believe her.

"Weijian!" Lu Heting stopped Lu Weijian.

Hua Cuo said nothing. Clutching the files, she called her assistant and quickly entered the venue.

Su Bei and Lu Heting followed her in.

Chapter 1322: Showing That He Was Not Watching The Show

When Hua Cuo entered, some lawyers felt that she looked familiar, but they could not remember where they had seen such a young female lawyer.

As the case went to trial, everyone's thoughts were focused on it. No one pursued the issue.

In the courtroom, lawyers from both sides exchanged heated words.

Cao Song's team was a little arrogant at first as they had the upper hand. As time passed, they realized that this young female lawyer could actually receive their attacks easily and even launch strong counterattacks.

This surprised Cao Song's team, and they braced themselves.

They soon discovered that the young female lawyer was as competent as they were. She was more insightful about the case, had a clear mind, and her logical thinking was flawless and convincing.

Lu Weijian sat down. At first, his lips were curled, but soon, he sat up straight. His mouth slowly formed an O shape, and his gaze was locked on Hua Cuo.

The trial went on for a full four hours that day. Because the two sides were evenly matched, the court adjourned that day and the trial would resume tomorrow.

When Cao Song's team came out, their attitude toward Hua Cuo changed. Out of respect for their opponent, they took the initiative to greet her.

"Lawyer Hua, you're really talented. We're really impressed," Cao Song said. "I just don't know why you rarely accepted cases before if you have such talent."

Hua Cuo smiled. "No. I've always been busy. I've taken on quite a few cases."

"Oh, really?" Cao Song searched his memory but still did not find her familiar.

.....

"Yes."

"Lawyer Hua, this is my card. Perhaps in the future, you can come to my law firm. You're welcome anytime," Cao Song said solemnly. He valued this lawyer who was so talented at such a young age, but he also knew that it was difficult to get such a lawyer.

Hua Cuo nodded. "Thank you. Lawyer Cao, this is my card."

Lawyer Cao took it and looked at it. The name on it surprised him. "Y-You're Hadiya?"

Hadiya was the Arabic word for a pointer in the direction of justice. It was what elites of this profession were called.

The name Hadiya was famous in the United States. She was known by her peers as the dagger of S Country.

Cao Song had long heard of Hadiya and knew that she was young. However, Hua Cuo was too young for him to connect the two.

“Yes.” Hua Cuo inclined her head.

Cao Song looked a little embarrassed and disappointed. This Hadiya was even more famous than him. He had really underestimated the young people nowadays.

He knew that this trial would be really difficult.

Cao Song quickly led his team away.

Su Bei walked up to Hua Cuo and smiled. “Fourth Sister, I said I would treat you to a meal. Do you have the time?”

“Then get your purse ready. I’ll come when I’m triumphant.” Hua Cuo smiled.

“Alright. You have to feast when the time comes. Cao Song’s team is not so easy to deal with.”

“I still have to sort out the case. I’ll go first.”

Lu Weijian watched her leave.

Su Bei smiled and said, “How is it? My fourth sister’s ability is amazing, right? You’ve seen it for yourself just now. Many lawyers in the United States are afraid of fighting her. They’re all terrified of her.”

“It’s alright. She’s not particularly powerful,” Lu Weijian said.

“You call that just alright? How many lawyers do you think can withstand Cao Song’s team?”

Lu Weijian touched the tip of his nose. “But she didn’t defeat Cao Song’s team in one go.”

Su Bei was so angry that she laughed. “Do you think a lawsuit is as simple as treating someone to a meal? Forget it. Hubby, let’s go. I won’t stoop to your brother’s level.”

Lu Heting followed Su Bei. Lu Weijian shouted, “You’re not putting our brotherhood first!”

But his footsteps continued to follow them.

In the time that followed, despite Hua Cuo’s outstanding abilities, this kind of case was difficult in itself. She spent countless hours and energy summarizing the case, and after countless trials, she finally reached the final deciding stage.

During this period, Su Bei didn’t have much work to do. Most of the time, she was helping Hua Cuo organize documents and paying attention to the development of the situation.

There were also many people who were still paying attention to the entire case. Other than Tian Xin and Han Qingwan’s family, there were still many people in society waiting for the final outcome.

It was time for the last trial.

On this day, many people came to spectate.

Therefore, Su Bei put on sunglasses and a mask. She quietly sat in a corner.

This time, Hua Cuo performed extremely well. Even though Cao Song's team came prepared and did not underestimate the enemy anymore, in the end, even some amateurs could tell that Hua Cuo had the upper hand.

The evidence and the law showed who was the real killer and who was the innocent party.

The judge called for a 15-minute break before announcing the final verdict.

Su Bei and Lu Heting interlocked their fingers. Su Bei knew that she would definitely win this time. However, she didn't dare to be too optimistic until the last second.

Lu Weijian couldn't sit still and ran out to buy a drink.

When he came back, there were a few bottles in his arms. He gave one each to Lu Heting and Su Bei. He also had another bottle in his hand. He stretched it forward and said, "Lawyer Hua, this is for you. I didn't buy it especially for you. I just happened to buy an extra bottle."

Hua Cuo did not take it. "Thank you, but in principle, we can't accept anything from the families of the people involved while the case is progressing. So I have to reject it."

Lu Weijian: "..."

He took it back casually. "You make it sound like I bought it especially for you. If it wasn't a buy-one-get-one-free deal, who would bother?"

Hua Cuo merely smiled and said nothing.

It was hard to tell if Su Bei was smiling, but her eyes that were exposed, curved slightly. When Hua Cuo looked over, Su Bei quickly put on her sunglasses to show that she wasn't watching the show.

With Lu Weijian here, 15 minutes passed quickly.

The judge resumed his place at the head of the table.

Everyone fell silent.

The judge took out the dossier and said, "According to all the evidence and the statements of both parties, the evidence is conclusive. Back then, for the sake of her own selfish desires, Tian Xin hypnotized Han Qingwan through hypnosis and guided her to kill Tan Qing, her husband, and the child in Tan Qing's stomach by crashing into them with a car. Now, the court sentences Tian Xin to life imprisonment while Han Qingwan is to be acquitted!"

When he heard this news, Lu Weijian stood up and raised his drink happily.

Su Bei held Lu Heting's hand. Even though her face was covered, one could still see her relaxed smile.

Chapter 1323: Do You Think We've Become Redundant?

Hua Cuo and Han Qingwan also revealed relieved smiles.

Cao Song's team had tried their best to defend Tian Xin. Through the evidence, they also knew that Tian Xin was not innocent. Their defense of Tian Xin went from pleading her as innocent at the beginning to try to fight for a reduced punishment.

They weren't surprised to hear the result. They weren't sad, because as lawyers, they had done their best to do what they had to do.

Only Tian Xin's face was pale as she looked around at the crowd.

The people in the crowd looked at her with contempt. Lu Yaode and Lu Tianci naturally couldn't be here, and Lu Tianqing had a chance to work today, so she didn't come.

She deserved it. The family she'd been so proud of was now falling apart, never to be the same.

She lowered her head. There was a visible scar on her face from the day Lu Yaode had beaten her. She wasn't a star anymore, nor was she a rich lady. She was just a criminal in a prison uniform. With her hair combed up, she couldn't hide the blemishes on her face anymore.

Her face without makeup looked as if she had aged a dozen years. Her hair, which wasn't styled, lacked volume. It lay limply on her scalp. At this moment, she looked no different from any other ordinary woman her age.

Han Qingwan walked to her side and looked at her sadly. "Tian Xin, you're finally going to pay the price for your actions."

Tian Xin glared at Han Qingwan fiercely. If it weren't for Han Qingwan, this matter would have been over, but it was her who dug up the past.

Han Qingwan said, "Tan Qing treated you well, and so did I. The two of us had always treated you as a true friend. Otherwise, we wouldn't have protected you in your career. And how did you repay us? Tan Qing's family was ruined because of you, and two children were displaced when they were still so young. Don't you have nightmares when you sleep at night?"

"You were the one who hit them, not me. Why would I have nightmares?" Tian Xin asked viciously.

Han Qingwan pinched her fingers tightly and said, "As long as you have a clear conscience."

.....

Tian Xin was taken away by two police officers. A long prison sentence awaited her.

Han Qingwan closed her eyes. She was still haunted by the past trauma.

It was not that she did not feel guilty. If she had cared more about Tan Qing back then, things might not have ended up like this... The responsibility she had to bear was indeed not small.

"Mom!" Lu Weijian ran over and hugged her. "You're finally fine. I knew you would be fine."

Han Qingwan smiled and said, "You're already an adult. Don't run around so rashly in the future."

"I just wanted to hug you as soon as possible."

Han Qingwan looked behind him and said to Hua Cuo, "Thank you, Lawyer Hua."

“You don’t have to thank me. I took a large legal fee from Feng Ze. I was just doing my job.”

“If you see Feng Ze, send him my regards.” Han Qingwan had not seen Feng Ze attend the past few trials, so she did not have the chance to chat with him in person.

However, she knew in her heart that inviting Hua Cuo over was the best repayment Feng Ze could give her, even though Hua Cuo’s first priority was to send Tian Xin to prison.

“I will.” Hua Cuo nodded.

Lu Weijian said, “Sister Bei Bei promised to invite Lawyer Hua to dinner. I should accompany them. Mom, you should come too.”

“I won’t go. You young people will be more comfortable just being by yourselves.” Han Qingwan declined.

“Then I’ll take you back first before the meal,” Lu Weijian said.

“You don’t have to see me off. The driver from the house is on his way. He’s at the gate. You guys go ahead.”

Lu Weijian could only nod.

After sending Han Qingwan off, Su Bei asked, “Fourth Sister, why didn’t Feng Ze come over? Is he injured again?”

“No. Maybe he believes I’m capable of handling it, so he doesn’t think he has to trouble himself.”

That made sense, and Su Bei stopped worrying.

They went straight to the hotel for dinner.

Lu Weijian asked, “What are we eating?”

“Fourth Sister likes lighter food. Let’s eat Jiangnan cuisine,” Su Bei suggested.

Lu Weijian said, “How do you have such a sharp tongue when you’ve been eating mild-tasting foods?”

Hua Cuo said, “Well, even if you eat a lot of spice, it won’t help you in your speech.”

“What’s so good about having speech skills?” Lu Weijian disagreed.

“There’s nothing good about it. We can bring the killer to justice, that’s all.”

“Good for you. I won’t argue with you seeing as you just helped my mother.”

“You wouldn’t be able to win anyway.”

Lu Weijian: “...”

Lu Weijian said, “I’m a man. I’m just going easy on you!”

“There’s no need. When it comes to debate, there’s no distinction between men and women. In other words, I don’t see you as a man.”

“Good, I don’t treat you as a woman!” Lu Weijian entered the restaurant first.

Su Bei: “...”

She secretly tugged on Lu Heting’s sleeve. “Why do I feel like I’m looking at a bickering couple?”

Lu Heting looked at her. “Do you suddenly think that we’ve become redundant?”

“Yup. Look, they haven’t even realized we’re almost three hundred meters away from them.”

As soon as she finished speaking, Hua Cuo turned around and waved at Su Bei. “Little Fifth Sister, hurry up.”

Su Bei quickly walked a few steps. “Coming!”

When Han Qingwan returned, the nanny had already packed her things.

The nanny said reluctantly, “Madam, do you really have to do this?”

“Now that Heting and Weijian have grown up and have their own lives, I can finally relax. Lu Corporation is also stable and has nothing to do with me. With Su Bei taking care of Heting, I have nothing to worry about.”

The nanny was weeping.

“Why are you crying? It’s not like I’m not coming back. I’m just going to stay in the temple for a while to cultivate my mind.” Han Qingwan still felt sorry for Tan Qing even though the culprit was Tian Xin.

She couldn’t stop herself from feeling entirely at fault.

The nanny said regretfully, “I just think it’s too lonely there. You really don’t have to...”

“Don’t think too much. Stay in the Lu family and focus on your duties,” Han Qingwan said.

At night, Lu Heting, Su Bei, and Lu Weijian came back and heard about this.

Lu Heting stood aside and didn’t say anything. On the other hand, Lu Weijian couldn’t bear to part with his mother. He held Han Qingwan’s hand and said, “Why? It’s not your fault. Why do you have to punish yourself?”

“It’s not really self-punishment. I just think it’s pretty peaceful over there. I’ll go stay there for a while and adjust my emotions.”

“But that way, you won’t see me, Big Brother, Da Bao, and Gun Gun for a long time. Won’t you miss us?”

Chapter 1324: Striving To Turn Curses Into Cheers

Han Qingwan’s gaze became gentle. “Of course, I will, so I’m only going to stay there for a while. Otherwise, I won’t be able to come back. I really can’t bear to leave Da Bao and Gun Gun, and I’m worried about you too.”

Lu Weijian said, “Don’t worry, I’ve always been doing fine.”

“That’s all I hope for. Look at your brother. Da Bao is also already five years old now. What about you?”

“What about me? My career is going smoothly, my games are doing well, I’m healthy, and I eat well. Isn’t that great?”

Han Qingwan was so angry that she laughed. “Forget it, forget it. Let’s not talk about you. Don’t send me off either. I’ll leave by car tomorrow morning. Stay at home and take good care of yourself.”

“Got it.”

Han Qingwan walked up to Su Bei and said softly, “Su Bei.”

“Yes, Mom.”

Han Qingwan took out some documents and divided them into two batches. She said, “These are my shares in Lu Group and my personal assets over the years. Now, I’m splitting them into two. I’ll give half to Weijian and half to you.”

“I can’t take—”

“Why not? Anyway, even if I don’t give it to you, I’ll have to give it to Heting. If you accept it, it’ll be considered as Heting accepting it too. Hence, you should just accept it.”

Lu Heting said to Su Bei softly, “It’s for you. Take it.”

He knew best that his mother had a change of heart and was expressing her guilt toward Su Bei. In the past, she would give things to Da Bao and Gun Gun, but she would never give anything to Su Bei sincerely.

.....

This time, she had really opened up to Su Bei. The difference was huge.

Her giving Su Bei her property was just a way of psychologically acknowledging it.

Su Bei saw Lu Heting’s gaze and understood what he meant. She took the documents from Han Qingwan.

“Alright, go back after you get your things,” Han Qingwan said. “Don’t worry, I’ll come back every once in a while. I’ll miss you guys, and I can’t let go of Da Bao and Gun Gun.”

Lu Heting was fine, but Lu Weijian couldn’t accept it. His eyes turned red for a while.

On the way out, Lu Heting patted his shoulder before stuffing him into the chauffeur’s car. He instructed the chauffeur, “Take him home.”

“Weijian is usually cheerful, but he’s actually quite sentimental,” Su Bei said as she watched the car drive away.

“He’s been with my mother since he was born. He knows how to please her better than I do. Naturally, he’s closer to her than I am.”

Su Bei nodded. "I really didn't expect Mom to leave. She's been alone for so many years. It's really been hard on her."

"She's survived all these years. She'll definitely be fine in the future. It's good that she'll be away for a while, in case Lu Yaode still has thoughts of coming back."

"Is Lu Yaode out of prison?"

"I just received news that he's out. After all, it's understandable that he hit Tian Xin. In addition, he didn't hit Tian Xin too hard. He would've been released anyway. Even so, he and Lu Tianci won't be able to cause much trouble."

Hearing this, Su Bei heaved a sigh of relief. "That's good. Otherwise, you'll have a lot of trouble to deal with. Although you can solve everything, there are always such people. They're like flies that don't bite but are annoying. They'll delay you from doing your business."

Lu Heting looked relaxed. He reached out and stroked her hair. "It also delayed our date. Let's go home for a walk."

The case between Tian Xin and Han Qingwan had come to an end. The people on the internet who had been paying close attention to this case finally received an answer.

No one had any objections to this outcome, but the comments about Tian Xin were not good.

The internet was full of slander and curses at her.

As Tian Xin's daughter, Lu Tianqing was not doing any better. She had been scolded enough.

Many people flooded her Weibo and cursed her. They called her the daughter of a mistress and a murderer. Lu Tianqing had no choice but to close all the comments on Weibo. Out of sight, out of mind.

She sat in her room, smoking one cigarette after another.

Fortunately, He Consortium was quite far away from S Country, and the people there did not pay much attention to S Country's real-time Weibo news. Her position in the He family was still doing okay.

Now, without her mother's care, she had to do everything herself.

Fortunately, Jin Changming thought very highly of her and did not look down on her because of this matter. He even recommended her for a film directed by a famous director.

However, the worries in her heart could not be eliminated in a short period of time. Compared to before, her current life was also very different. Lu Tianqing's unwillingness was visible to the naked eye.

The internet was still filled with criticism for Lu Tianqing's upcoming blockbuster.

[What kind of world is this? The daughter of a murderer can participate in such a blockbuster? What kind of power does Lu Tianqing have?]

[That's why this circle is so messy. As long as you're rich and powerful, no one cares about your status. You just have to flatter those in power.]

[Haven't you heard? The investor of this blockbuster is Jin Changming. He's slept with Tian Xin before. I heard that Lu Tianqing is also Jin Changming's daughter. Everyone, do spread this information out.]

[I wonder if she's his biological daughter or goddaughter. If she's just his goddaughter, things are going to be even messier.]

[What a pity. I heard that the male lead is my favorite Best Actor. Damn, what right does Lu Tianqing have?]

[The director is my favorite director, but I'm wondering if I should quit being a fan. It really hurts me!]

However, the influence of capital was indeed huge. Despite the curses, the movie began filming smoothly. After all, a famous director and a Best Actor were taking part in the film, Even though Lu Tianqing was also in the cast and she was scolded fiercely online, there were still many fans who expressed their strong anticipation for the film.

The agent said, "Tianqing, netizens are forgetful and fickle. As long as you seize this opportunity and successfully score a high box office record, these curses will instantly become cheers for you."

"I know. So make sure to arrange a teacher for me. When it comes to acting, I don't want to be a drag."

"I've already arranged for a teacher. He's a famous teacher at Jingdu City Film and Television School. He has cultivated many actors. Your acting skills will definitely improve under his guidance."

"What about the other movies that are being filmed at the same time?"

The agent said, "At the moment, there aren't many movies that can be screened at the same time. Only the movie that Su Bei just accepted is preparing to be released at the same time as ours. The entire process and progress are about the same. Apart from that, the other production teams and investors are trying their best to avoid having their movies be screened during the same period as us."

"Why isn't Su Bei's movie avoiding our timing? She probably wants to fight me on purpose, right?" Lu Tianqing gritted her teeth. "Lu Group must have done it on purpose. They want to take me down. But why should I be afraid? My biological father has always been by my side. He doesn't have anything to do with Lu Group, so he doesn't have to rely on Lu Group for a living! I want to fight them head-on!"

Chapter 1325: Couldn't Even Be Bothered To Target Her

The agent nodded. "Then work hard for this. You can do it!"

Lu Tianqing pinched the cigarette in her hand tightly as though it was Lu Heting or Su Bei. The cigarette was broken into two pieces in her hand and then crushed by her.

After Su Bei's movie was officially announced, her reputation was much better than Lu Tianqing's.

She had already gained a large number of fans through her acting skills. Everyone was waiting for her to perform on the big screen.

As for many fans who weren't in the loop with the entertainment industry, when they saw Su Bei's face after the official announcement, they said: [This is the actress who played the role of Mother and Ni

Huang, right? She's quite pretty after removing her makeup. Her name is that what's-her-name. Her acting skills are not bad. With her in the movie, I'm quite interested.]

[I like this actress, too. Besides her looks, there's also nothing to complain about her acting skills. I'm looking forward to this movie.]

Lu Tianqing looked at these comments and was so angry that she didn't even want to touch her phone.

Her agent spent a sum of money to compare the two's looks and acting skills through online voting. He also hired a bunch of fake accounts to praise Lu Tianqing and vote in her favor. Even so, the final result was still a slight loss.

When Su Bei chose this movie, she really had no intentions of competing with Lu Tianqing.

She just happened to encounter a suitable script during an interval and passed the audition, so she accepted the role.

The filming and release arrangements were made by the investors and producers.

It could be said that she disdained competing with Lu Tianqing.

When Lu Tianqing was Lu Yaode's daughter, she and Lu Heting didn't take her seriously. Now, she wasn't even a member of the Lu family. To put it bluntly, Lu Heting and Su Bei couldn't even be bothered to target her.

.....

Not only Su Bei, but even Su Bei's fans couldn't help but say when they saw the votes and comments: [Where did this peasant come from? How dare she compare to a princess like Su Bei? Get lost as far as you can.]

Su Bei entered the set as scheduled and started filming.

The shoot this time was in Jingdu City, which was the main reason why Su Bei chose this movie.

She was afraid that Lu Heting would really break down if she chose another movie that had to be filmed overseas.

Lu Tianqing obviously valued her movie a lot. Not only did she have the screenwriter guide her on the spot, but she was also just as strict as the director about the script.

She knew that artists had to rely on their work. For her, who had no representative work, this movie was more important than anything else.

Even if she didn't suppress Su Bei, she had to use this as her capital to settle down and film her most important movie.

Apart from training herself, Lu Tianqing didn't want Su Bei's progress to be too perfect.

She quickly arranged to meet Tang Yue.

Tang Yue suffered a huge loss because she bought a large number of shares of Tianci Corporation. Now, she was trying to make up for it. She was also resentful toward Lu Tianqing.

When she saw Lu Tianqing, her attitude was not as respectful as before. She sat down and placed her bag on the sofa. "Miss Lu, why are you looking for me?"

Lu Tianqing smiled and said, "Tang Yue, I'm really sorry for causing you to lose money previously."

"Is that why you asked me to come?" Tang Yue's tone was unhappy, but she did not want to make more enemies and barely suppressed her emotions.

"As you know, I really can't make the decision for Tianci Group. There are too many interests involved," Lu Tianqing said. "However, I can personally compensate you."

She slid a check across, full of sincerity.

Tang Yue glanced at it. The amount was sincere. It could indeed make up for her loss.

Tang Yue asked, "I don't think you're looking for me just for this, right? Tell me what you want to say. After all, we were friends before."

"You know my situation. In front of you, I won't beat about the bush. At the moment, I can only rely on my own abilities to stabilize myself and obtain more support. Even my biological father and husband won't throw money at me for no reason." Lu Tianqing's tone was a little bitter when she said this.

Even Su Bei could obtain the full support of Lu Group, but her biological father and husband would not treat her like that. To put it bluntly, what she had was still not enough.

She laughed at herself. "So the movie I'm currently working on is very important to me. I've been forced to this point where I can only win and not lose."

"I understand. Do a good job at filming, then." Tang Yue nodded. "The market is also quite risky. Sometimes, success or failure is hard to say."

"My biological father has already helped me settle the other producers. When the time comes, only my movie will be released. With a big-budget director, Best Actor, and the best slot, our box office record is practically ensured."

"Then why are you worried?"

"I'm worried about Su Bei, who appeared out of nowhere. The movie she's starring in will actually compete with mine as they'll be screened during the same period. As you said, your sister is really... too annoying."

Tang Yue smiled. "She's been like this since she was young. She wants to compete with me for everything. I didn't expect her to still be like this when she grew up. She doesn't know how to forgive when she can. I didn't expect her to snatch the opportunity from you so quickly."

Lu Tianqing said, "I know you have a way to deal with her. Help me delay her filming process. After it's done, I'll thank you again."

Tang Yue smiled. "I'll think of something."

Dealing with Su Bei was a pleasant thing in and of itself. Since Lu Tianqing made a request, why would Tang Yue not agree?

Besides, Su Bei had caused Tang Yue to lose a lot.

This time, Su Bei would have to pay her back!

Su Bei had just started filming, and everything was going smoothly.

Because they were not in a hurry, there was no need to rush the filming. In the afternoon, she still had time to pick up Da Bao and Gun Gun. Then, they went to the supermarket to buy things before going home, where Su Bei would cook delicious food for the three of them.

Da Bao was already in junior high school now. His personality was becoming more and more stable. Gun Gun was still as cute as a little ball. He followed behind Da Bao like a little lackey.

After Lu Heting returned home, Gun Gun ran over and held his hand. "Daddy, it's time to wash your hands and eat!"

Lu Heting smiled and picked him up. "Let's wash our hands together."

"Big Brother Da Bao!" Gun Gun called out to Da Bao again.

Da Bao ran to the bathroom first, afraid that Lu Heting would carry him.

Lu Heting understood him very well. When he was young, he had never received any fatherly love. Later on, he didn't need it anymore. Despite his young age, he would feel uncomfortable if someone hugged him.

Chapter 1326: I Don't Know What's Wrong With Her

Da Bao was the same.

However, the difference was that Lu Heting lost all fatherly love after he lost his father. However, Da Bao could still receive endless fatherly love and Lu Heting could accompany him for many years.

Su Bei brought out the last dish and smiled. "Okay, we can eat now."

"Bei Bei, your phone is ringing."

Su Bei put down the dishes and glanced at the caller ID. It was Tang Yue.

'What could Tang Yue want with me?'

Not wanting to talk to her, Su Bei rejected the call.

However, two or three seconds later, Tang Yue called again.

Su Bei rejected the call again.

Lu Heting asked, "Who is it?"

"Tang Yue. I don't know what's wrong with her, but she keeps calling me."

"Could something have happened to the Tang family?"

“That’s what I think too,” said Su Bei. “I’ll call Grandpa directly.”

.....

Su Bei called Old Master Tang, who picked up quickly. His tone was very normal. Su Bei asked a few questions indirectly and didn’t find any problems.

“When are you free to come home for dinner?” Old Master Tang asked.

“I’m not free yet. I’ll go back in the future.” Su Bei smiled.

“Alright, take care of yourself when you’re busy outside,” Old Master Tang reminded.

Su Bei put down the phone and felt much more relaxed. “Grandpa is fine. Everything sounds normal. Tang Yue is probably acting crazy again.”

“Then let’s eat.” Lu Heting picked up his chopsticks and handed them to Su Bei.

The family of four ate together and ignored Tang Yue.

At night, the curtains blocked the moonlight from the window. In Lu Heting and Su Bei’s room, something beautiful was happening. There was a rustling sound, and Su Bei gritted her teeth.

The sudden ringing of the phone tore through the harmony.

Su Bei shuddered, and her body trembled subconsciously, making Lu Heting groan.

He lowered his head and kissed her to calm her down. Then, he took Su Bei’s phone and glanced at it. He realized that it was still Tang Yue calling. Lu Heting blocked her and resumed his activities with Su Bei.

Su Bei didn’t even open her eyes. If she knew what Lu Heting was doing, she would have raised her hands and feet in agreement.

Tang Yue made countless more calls.

Of course, Su Bei didn’t answer any of them.

This was the effect Tang Yue wanted. It was just as well that Su Bei didn’t answer her calls.

She took screenshots of all her missed calls to Su Bei and saved them on her phone.

The next day, Su Bei had forgotten about this matter. She had no relationship with Tang Yue, so there was no need for her to talk on the phone in private. Therefore, it was almost inevitable that she blocked Tang Yue’s number.

At noon, she sat down to rest after filming a part.

Xiao Bai handed her phone over. “Su Bei, your phone has been ringing several times.”

“Let me see.” Su Bei took the phone and glanced at it. The calls this time weren’t Tang Yue this time. It was Lin Shulian.

Su Bei had never felt much for her mother. After knowing that Lin Shulian was her mother, their relationship had been quite dull.

The two of them wouldn't contact each other much either.

Su Bei was quite surprised to receive so many calls from her.

However, since Lin Shulian was the one calling, Su Bei didn't want to offend her. Hence, she called her back.

"What is it, Mom?"

"Su Bei, Tang Yue is sick. She wants you to visit her in the hospital."

Su Bei was silent for a moment. What kind of joke was this? Tang Yue was sick and wanted to see her? What was wrong with Tang Yue? Was she out of her mind?

Sensing her rejection, Lin Shulian said, "You're sisters, after all. Tang Yue said that it's her fault for not getting along with you. She now knows that she was wrong and wants to meet you to have a good chat."

Su Bei felt even more amused. People who didn't see eye to eye weren't fit to be friends, let alone sisters.

She said, "Mom, I'm sorry to hear that she's sick. But I'm busy, so I won't be visiting her. Can you pass on the message?"

"Su Bei..."

"Mom, I'm busy. Bye." She hung up.

Xiao Bai asked, "Is that sister of yours sick? When I saw her before, wasn't she very arrogant?"

"I'm not sure. If she's sick, she should see a doctor. Why does she want to see me?" Su Bei said in a bored tone.

"Exactly. What does she want with you? Don't tell me she wants you to shoulder some responsibility?"

"She won't get the chance to do that. I can't possibly take on any responsibility."

Feelings were maintained by love and care for each other, not just by a groundless blood relationship.

Su Bei didn't even feel sorry for Tang Yue and couldn't be bothered to know what illness she had.

"I'm going to film. Help me with my phone." Su Bei handed her phone to Xiao Bai.

Xiao Bai nodded. When Su Bei was filming, she usually had nothing to do. She would look at her phone, communicate with her colleagues, and occasionally scroll through Weibo.

While scrolling, Xiao Bai saw a piece of news related to Su Bei and quickly clicked on it.

This was also part of her job description. She had to know Su Bei's news so that she could report any issues to Qiao Mei and let her do some corresponding public relations work.

Xiao Bai clicked on the post and saw a Weibo post. [Tang Yue is currently in the hospital and has been diagnosed with serious kidney failure by the doctor. Currently, only Tang Yue's sister, Su Bei, is a match for her kidney. Actually, Tang Yue doesn't want Su Bei to donate her kidney, but ever since Tang Yue fell

sick, not only has Su Bei not asked about her, but she also hasn't even answered Tang Yue's calls. This is too disappointing.

[To be honest, every time I saw Su Bei's news on the internet, she always seemed very righteous. I always had hope for her and felt that she would be the same in real life.

[This time, I really saw the coldness of the human heart. I really couldn't stand it anymore and published this Weibo post. I hope Tang Yue doesn't mind. I'm just feeling indignant for her.]

This was posted by Tang Yue's best friend. The accompanying photo was a screenshot of Tang Yue making several calls to Su Bei but Su Bei did not answer any of them.

Of course, the real publisher was Tang Yue herself. It was just that there were some things that could not be posted by her. She had to make it seem as though a friend was the one speaking up for her to stir up the public's emotions.

Sure enough, this Weibo post attracted a lot of attention.

S Country was a country that was very particular about family values. Few countries in the world could compare to S Country in terms of family members helping each other.

As soon as the Weibo post was posted, someone immediately started to criticize Su Bei. [Su Bei really didn't even pick up the calls? What's the reason? She doesn't even care about her biological sister's life?]

Chapter 1327: Don't Do Such A Stupid Thing

[I really didn't expect Su Bei to be such a person. The roles she plays are all quite high and mighty. Her real person and the roles she plays are worlds apart.]

Su Bei's fans immediately replied: [Su Bei is very busy now and is filming. She probably didn't have time to answer the calls. Please don't hop on the wagon before you figure out the truth.]

Someone immediately replied: [In order to film and earn money, she doesn't even care about her sister. Is Su Bei greedy for money?]

Someone said very righteously: [Donating a kidney is a big deal. You have to pay the price with your health. Su Bei hasn't agreed yet, so I think it's only human nature. Even if you want to help someone, you can't completely sacrifice yourself, right?]

The argument below the post became even more intense. [That's her biological sister! She has to help her!]

[If it were me, I would help my family even if I had to pay the price! Su Bei just doesn't want to help!]

[That's right. She's inhumane. If it were anyone else in her shoes, they'd definitely help. Su Bei is a cold-blooded monster! Forget it, forget it. I won't watch her movies anymore! She's inhumane!]

The fans tried their best to argue, but they were scolded as brainless fans. [It's because you brainless fans protect these celebrities that these celebrities are so unscrupulous! They don't even care about

basic kinship! I'll say this now. Su Bei has really gone overboard. In the future, I'll boycott her and not buy anything she endorses.]

The fans were also angry and said: [We don't need you to buy those things. Su Bei doesn't need a fan like you! Besides, can you even afford the things she endorses? Loser!]

As it involved many social issues, there was no need for Tang Yue to deliberately guide them. This matter had already reached a boiling point.

The trending topic quickly went up.

When Xiao Bai saw this, she wanted to tell Su Bei, but Su Bei was filming, so she could only call Qiao Mei first.

.....

"Okay, I understand. I have to verify the situation with Su Bei first."

"Okay. I'll have Su Bei call you back as soon as she's off set."

After Xiao Bai finished speaking, she saw that Su Bei had already finished filming. She quickly ran over and told Su Bei what had happened.

Su Bei was stunned. She didn't expect this.

No wonder Tang Yue had called so persistently. It turned out that she wanted her to donate her kidney. What right did Tang Yue have to ask her for a kidney, though? Did she think that she was on good terms with her?

Xiao Bai said, "Su Bei, you have to think about it carefully. Donating a kidney is not a joke. I have an aunt who donated a kidney to my uncle. Since then, her health hasn't been good. She even lost her ability to work and had to take medicine. However, my uncle found a mistress and divorced my aunt. It's not reasonable at all, right? Don't do such a stupid thing."

Su Bei smiled. "What are you thinking? Do I look like the kind of person who would donate a kidney to her enemy?"

Xiao Bai heaved a sigh of relief. "Then hurry up and call Sister Qiao Mei."

Su Bei called Qiao Mei.

Qiao Mei asked, "What do you think?"

"I don't have a good relationship with Tang Yue. Even if I'm scolded to death, I won't donate my kidney. So, Sister Qiao Mei, even if a reporter asks me about this, I'll say the same thing."

Qiao Mei was relieved. She was afraid that Su Bei would disregard everything once familial ties were brought up. Now that she heard Su Bei's stand, she was confident.

She said, "But Su Bei, the criticisms will be very harsh. We have to find a way to prevent your reputation from collapsing."

Su Bei frowned. "But at this time, it's not convenient for me to say that I'm not on good terms with Tang Yue. After all, I can't produce any evidence."

"How about this? I can announce to the outside world that you're filming a lot of scenes. It's not convenient for you to do anything else at the moment. We'll talk about it after the scenes are completed in the next two days. I'll see how things go with Tang Yue and see if I can communicate with her."

"Alright. Thank you, Sister Qiao Mei."

Qiao Mei quickly released a statement to tell everyone that Su Bei was currently in the midst of filming and it was not convenient for her to respond to this matter.

This statement was understood by some. Modern young people knew that work was not easy.

[I think it's understandable. Once the production crew starts working, they have to spend a lot of money every day. Su Bei isn't the only one earning money from this, but so many staff members are also waiting to feed their families. We can't make so many people lose their meals because of one person.]

[That's right. Su Bei's schedule was booked a long time ago, and the filming started a while back. It's not like she deliberately avoided the situation by taking on a last-minute job. Some people sure like to exaggerate things.]

However, those who did not believe it refused to believe it. [Who knows if this is Su Bei's excuse? I'm afraid she just wants to drag it out until Tang Yue dies. That way, everything will be over.]

[I've really seen human nature for what it is. Why did they have a second child? Sisters are so heartless! My heart aches for Tang Yue!]

[We already said that Su Bei is busy. Why are some people still arguing?]

[No matter how busy you are, could it be more important than someone's life? I don't believe that she'll die if she doesn't make a movie. The artists have enough money, right? You're even talking about them supporting their families? They earn more than what we can earn in a few lifetimes.]

The public was still talking about it. Su Bei had made countless headlines because of this matter.

Although there were many who were understanding, it was really quite tragic to be scolded like this.

Lu Heting rubbed his eyebrows and looked at the news. Tang Yue was really a handful!

Moreover, all the stakes were aimed at Su Bei.

"Lu Hang, go take a look at Tang Yue's condition and get her medical records as soon as possible. Also, help her find a match for her kidney."

Lu Hang asked, "Are we going to help her?"

"I have to."

Actually, Lu Hang understood the logic, but he felt quite aggrieved for Su Bei. "Young Madam is being scolded by so many people because of that woman. She might as well die!"

“Is this your first day working under me?” Lu Heting’s expression turned serious.

“Got it. I’ll get right on it.”

Lu Hang knew why Lu Heting was angry. If Tang Yue really died because of this matter, no matter how wrong Tang Yue was, everyone would forget about it and only remember that Su Bei refused to help.

Therefore, he could only let Tang Yue live for now. Her death could not implicate Su Bei.

However, Tang Yue deserved it. ‘Tang Yue deserves this illness,’ Lu Hang thought.

Lu Weijian also hurried over and followed Lu Hang. “I’ll go too! A scourge will live for a thousand years. It’s fine if this woman is fine, but if she’s really going to die, why does she still have to drag my Sister Bei down with her? Why can’t she just die of illness and get it over with?”

Chapter 1328: I’ll Strangle Her First. It’ll Be Pleasant

“Mr. Lu said he wants to help her find a match.”

Lu Weijian jumped up. “What the hell?! Forget it, I’ll strangle her to death first. It’ll be more satisfying!”

Lu Hang stopped him. “Mr. Weijian, don’t cause trouble! If strangling can solve the problem, I can do it myself.”

Lu Weijian stuffed the gloves and mask to him. “Then you do it yourself!”

Lu Hang: “...”

In the afternoon, not to mention the netizens on Weibo, but even the production crew members were discussing this matter.

Fortunately, most of the crew members were still on Su Bei’s side.

No one knew better than the people on the set how hard it was to film a movie. The outside world thought that it was easy for artists to earn money, but they did not see how hard it was for them to hang on wires and stay up late.

After the scene ended, a few staff members ran over and said to Su Bei, “Su Bei, you should focus on filming. Don’t worry about what’s going on in the outside world. I heard from others that you didn’t grow up in the Tang family. You definitely don’t have any feelings for Tang Yue. There’s no need to risk your life for her.”

“Okay, thank you both.”

Xiao Bai handed over Su Bei’s phone. Su Bei took a look and saw several long posts speaking up for her. Most of these long posts summarized how Su Bei had grown up in an orphanage and the Su family. After she became successful, she returned to the Tang family. Her relationship with Tang Yue could only be considered average.

.....

They also summarized the fact that when she was in Sheng Tang, the company was tight on Su Bei's resources and treated her unfairly. It proved that the relationship between Tang Yue and Su Bei was not enough for Su Bei to pay such a price.

Many discerning people could tell that Su Bei indeed did not have this obligation. She did not have to do this.

These long posts finally saved Su Bei from public opinion.

Su Bei glanced at the likes under the long post. It was Lu Heting's account. It seemed that he had noticed her movements and was already helping to calm the situation before she said anything.

There were far more kinder people than evil ones. This made Su Bei feel calm and peaceful.

Tang Yue lay in a hospital bed and browsed through all the comments and posts. When she saw that the outside world was still on her side, she smiled faintly.

She knew that these people in the outside world were people who could be easily manipulated. With a little instigation, they could be used.

In this situation, it was difficult for Su Bei's work not to be affected.

With the bad reputation of not caring about the lives of her family members, it would probably be difficult for Su Bei to make a comeback in the future. This stain would definitely follow Su Bei like a shadow and be difficult to erase.

Outside the hospital, Lin Shulian appeared anxiously.

As soon as she got out of the car, she headed straight for the ward. In her haste, she didn't even prepare a meal for her own daughter.

She knocked, and Tang Yue said, "Come in."

Seeing Lin Shulian appear, Tang Yue's greatest worry appeared. After all, it was not easy to explain this to her family.

However, her family had always trusted her, and the doctor she bribed would keep his mouth shut. Presumably, there wouldn't be much of a problem.

After Tang Yue mentally prepared herself, she immediately said, "Mom, you're here?"

"How could I not come? You're so sick that your whole family is worried sick. How could this happen? Weren't you fine before?"

"Mom, it's fine. The doctor said that as long as I can get a kidney transplant, I'll be fine and will recover quickly. I'll be fine. Don't worry," Tang Yue said.

Lin Shulian cried, "How can I not be worried? Are you saying that you and Su Bei are a successful pair?"

"Yeah, the doctor did the matching test. Didn't Su Bei have a check-up at the hospital earlier? She still has a blood sample here, so the doctor used that to check and found out it's a preliminary match."

An unnatural look flashed across Lin Shulian's face. Then, she said with heartache, "Go and check how compatible your father and I are with you. Let your father or me donate our kidney to you. Don't let Su Bei donate."

"Mom, why? You're old. Your health is very important. You can't do this for me. But Su Bei is still young. The doctor said that as long as she takes good care of herself, there won't be too much of a problem even if she donates. I can't let you take the risk."

However, Lin Shulian insisted, "No matter what, don't use Su Bei's. Su Bei is an artist, and it's precisely because she's still young that she still has a lot of things to do. We can't let her take such a risk. Promise me that you won't use Su Bei's kidney. Promise me now, okay?"

Tang Yue's matter was a scam to help Lu Tianqing attack Su Bei.

However, she never expected that she would be able to tell that her mother favored Su Bei because of this matter. This made her heart turn cold.

Back then, they already had her but still wanted to give birth to Su Bei, making it impossible for her to enjoy her parents' love alone. This bred the jealousy in her heart.

When Su Bei returned, the jealousy burned again.

And this time, she actually saw once again who was more important to her mother.

Tang Yue's expression was cold. "Mom, why? Could it be that Su Bei is your daughter but I'm not?"

"No, that's not what I meant. I'm willing to donate my kidney for you," Lin Shulian quickly explained.

"You're not willing to donate your kidney for me. You're willing to donate for Su Bei, right? You're afraid of hurting her, so you'd rather make a sacrifice to protect her, right?"

"Tang Yue, that's really not what I meant. Listen to me..."

Tang Yue said, "I understand. I won't look for her anymore. Don't worry."

The relief on Lin Shulian's face was obvious. She said, "I'll definitely help you. Even if I can't donate my kidney, I'll find a match for you. You'll definitely get better."

"Okay, thank you, Mom." Although Tang Yue said that, the jealousy in her heart was already surging.

If she hadn't faked it this time, she really wouldn't have known that this was what her mother thought. Su Bei was so important to her.

One could really see the true feelings of others when one was in adversity.

Du Jinghao quickly rushed over. Seeing that Tang Yue was angry, he said gently, "Don't worry, you'll be fine. I'm also looking for an expert for a consultation."

"I'm sick. What do you think?" Tang Yue had been completely hurt by her mother. Now, she wanted to know what this man was thinking.

After all, the person this man had taken a fancy to in the beginning was Su Bei.

Du Jinghao knelt on one knee. "No matter what, marry me."

Although he had liked Su Bei before, after knowing that Su Bei was someone he could not reach, he accepted Tang Yue and would take on the responsibility of a man. He would not change his feelings.

Chapter 1329: Obviously Biased Words (1)

Du Jinghao knew that he still lacked some love for Tang Yue. He lacked the romantic impulse that came from the bottom of his heart when he saw her. However, since he was already engaged to her, he would fulfill his duties.

Tang Yue really did not expect Du Jinghao to say such a thing.

She was very touched, but when she thought about how even Du Jinghao could make a decision that made her feel at ease at such a time yet her mother didn't care about her and only cared about Su Bei, her heart turned even colder.

This did not make her regret doing this scam. If not, she would not have been able to figure out how the people around her felt.

Su Bei's schedule for the past two days was affected by Tang Yue.

Those feverish voices had been weighing her down.

The world had always been cruel.

During the break, Su Bei had a brand show to attend.

When she dressed up and stepped forward, an audience member actually threw rotten vegetables at her.

Fortunately, the bodyguards who accompanied her managed to shield her from the vegetables. The security guard also picked out the person who deliberately threw the vegetables and kicked them out.

However, when that person was chased out, he was still shouting, "How can a heartless person be an artist? You don't even care about your own sister, but you still have the cheek to stand on stage so righteously? You have to learn some virtues first. An artist like Su Bei is not worthy of standing on the stage!"

The scene was chaotic for a while. Fortunately, the host resolved the awkwardness with a few witty words.

However, it could be seen that the attention on this matter was not reduced at all.

.....

Fortunately, Qiao Mei and Xiao Bai had been following closely during this event. After the event ended, many reporters planned to ask questions about this, but Qiao Mei stopped them.

After they got into the car, the car left the bustling reporters and finally escaped this situation.

Qiao Mei called the media she knew and asked them not to casually write about Su Bei.

After putting down the phone, Xiao Bai couldn't help but curse, "If Tang Yue wants to die, she should die herself. She really has to cause trouble for others. The sooner she dies, the sooner she can reincarnate!"

She really couldn't help herself. She was truly upset.

Su Bei comforted her. "Alright, scolding her won't affect her in any way. You should save your saliva."

"Sigh, if this continues, you'll really be dragged to death by her. Didn't you see the way those reporters looked at you just now? Although they didn't say it, they think that you did something wrong. It's really easier said than done. Can kidneys be simply donated just like that?" Xiao Bai was indignant.

"The kidney is with me. If I say I won't give it to her, will she dare take it from me openly?" Su Bei asked with a smile.

Xiao Bai couldn't help but laugh.

However, although Su Bei said it casually and didn't care at all, what happened tonight was still exposed by a few media outlets.

Netizens on the internet naturally went crazy discussing it.

[Didn't you say that Su Bei was very busy? Now it seems that she's really busy earning money.]

[I heard that Su Bei hasn't been to the hospital once since Tang Yue was hospitalized. She's really capable.]

[No matter how bad their relationship is, they're still from the same family. She should at least show some concern, right? Su Bei is really heartless.]

[We don't understand other people's family matters. Let's not talk about it casually. This is too unfair to Su Bei!]

[Tang Yue is about to die, and you're talking about fairness here?]

The internet was noisy, but Su Bei didn't look at any of the comments. Instead, she picked up a call.

It was from Old Master Tang. He said that he wanted to see her.

Su Bei pondered for a moment and said, "Okay, I'll come over."

Qiao Mei asked, "Are you really going over? What if the old man persuades you?"

"Running away isn't an option. Even if I don't donate, I'll make it clear to them."

"Alright. But Su Bei, you have to think carefully. Don't give in to the pressure at home."

Su Bei smiled. "I know."

The nanny van sent her to the place that Old Master Tang had booked.

Su Bei got out of the car, put on her sunglasses, and went straight to the meeting place.

Old Master Tang had already arrived. He looked slightly tired and old. It was obvious that he had been worried about Tang Yue. He had probably been running around to find a kidney for her.

She sat down, said hello, and put her bag down.

“Su Bei, I called you today mainly to tell you about Tang Yue.”

Chapter 1330: Obviously Biased Words (2)

Su Bei pursed her lips and nodded. She knew that at a time like this, what else could the old master talk to her about except for Tang Yue?

Old Master Tang looked at her and said, “I’m not here to persuade you. I just want to tell you that Tang Yue is very important to me, but so are you. No matter what decision you make, I’ll agree with it.”

Su Bei looked into his dignified, tough, and slightly cloudy eyes and knew that it was not easy for him to say this. However, the fact that he could say such a thing really reduced the pressure on Su Bei.

She nodded. “I know, Grandpa. I’ll also help find a kidney source for Tang Yue.”

The message was clear. It was unrealistic to expect her to donate a kidney.

!!

Old Master Tang had also expected this answer. Tang Yue had never welcomed Su Bei home, and there were many conflicts between the two of them. He was even a little relieved that Su Bei was not a saint.

Old Master Tang said, “Your mother has the same intention. She asked me to tell you that she hopes you can take care of yourself.”

“Mom said that too?” Su Bei was surprised.

Su Bei believed that Old Master Tang could say such a thing.

His affection toward her had always been genuine.

However, Su Bei had very little contact with her mother, Lin Shulian. They didn’t even feel like a pair of mother and daughter. However, Lin Shulian clearly sided with her, which surprised Su Bei.

Old Master Tang said, “We all feel very sorry for Tang Yue, but we can’t drag the other down because of one child. It’s very difficult to make such a choice, but what can we do?”

Su Bei didn’t know what to say.

To be honest, she had no sympathy for Tang Yue’s illness, nor was she in the mood to consider Tang Yue’s feelings.

But she empathized with her elders.

After sitting with Old Master Tang for a while, she returned home.

When she reached home, she was about to open the door when it opened. Lu Heting stood in front of her and sized her up with a frown. "Qiao Mei said that you went to see Grandpa."

"Yes. Grandpa told me not to worry about what the outside world thinks. He even agrees that I shouldn't donate my kidney."

Lu Heting looked relieved. He reached out to hold Su Bei's hand and gently rubbed the back of her hand with his index finger.

He was originally worried that the Tang family would fight for Tang Yue.

But since that didn't happen, everything was alright now.

"I've already asked Lu Hang to get Tang Yue's medical report and ask him to help find a kidney source," Lu Heting said.

Su Bei suddenly smiled. "This is really helpless. I still have to help Tang Yue find a kidney source. What right does she have to use Lu Group's resources?"

"She was lucky enough to be cast into the same family as you when she was reincarnated. She benefited from you."

Su Bei felt much better.

Tang Yue vaguely heard that Old Master Tang and Su Bei had met.

As for what the meeting was about, she didn't find out.

However, Lin Shulian had already said such words last time. She guessed that her family was probably on Su Bei's side this time.

Even though all of this was fake, the feeling of being abandoned by her entire family made her heart ache.

She clenched her fists and dug her nails into her palms. "Su Bei! Su Bei! Everyone thinks of Su Bei! Does no one care if I die?"

However, without her knowing, Old Master Tang was also using all the resources he could to help her find a suitable kidney source.

It never occurred to her to wonder how much her fake setup had worried her entire family and caused so much trouble for everyone.

She only cared about her own feelings and whether others cared about her or not. She had never thought about how hard Old Master Tang and the others were working to help her.

Tang Yue was dressed in a hospital gown with her hair loose. Her face without makeup looked terrible. Her lips were pale.

Her appearance in front of the media drew a wave of attention.

“Tang Yue, can you accept our interview?”

“We want to know how Su Bei’s attitude is now. What’s your relationship like in private?”

Tang Yue sat in her wheelchair and smiled kindly. “Sure. Don’t push, everyone. Ask your questions one by one.”
