

Chapter 201 The Innocent One

“The top leader must be Lu Weijian’s father,” Su Bei guessed casually.

But she didn’t expect that the top leader was the one who was with her just now.

Lv Shan barely knew the Lu Group, so she just smiled casually.

“I have an interview, right? I’ll go there.” After changing her clothes, Su Bei smiled at Lv Shan.

Lv Shan didn’t force her to show up in the event of distributing presents.

Su Bei went to find the prearranged reporter for the interview.

The stars who received gifts there were all looking forward to the appearance of Lu Weijian, or at least Di Xing Media Company would arrange someone to say something.

However, the staff only gave some gifts to them, and there was nothing else.

“I’m so disappointed that Mr. Weijian didn’t come. Besides, no one from the top leadership is here.”

“You think too much. Even if Mr. Weijian has a crush on some female star, how can he come here in person? He can ask his assistant to take her away, right?”

“That’s right. People like us couldn’t see those big bosses in the senior management.”

In fact, Su Huixian and Qiu Minxuan were also waiting for the people from the Lu Group to come. They wanted to have a presence in front of those bosses, but they didn’t expect that their work came to nothing.

The enthusiasm of the two turned into disappointment.

The short trip came to an end soon.

When they got off the ship, the reputation of Su Bei and Su Huixian had been completely changed in the media and other people’s minds.

Su Bei was no longer an unknown newcomer. They thought Su Bei had a very strong influence, and she had proven it with facts. They believed that she was being widely recognized even in the international market.

As for Su Huixian, they had thought that she was a high-level female model. But now, they thought she was an artist who was only focused on marketing data. Her professional ability was doubted.

After getting off the ship, Su Huixian didn’t feel better until she saw Du Luo’s luxury car waiting for her in front of the ship.

She thought, “Other people’s evaluation is nothing. The audience are always forgetful. They would forget these things in a short time. As long as I’m still the daughter of the Su family and have Du Luo with me...”

She held her designer handbag and got into Du Luo’s car.

Du Luo smiled gently and said, "You must be tired, right?"

"Well, it's okay. It's just that I didn't expect Su Bei's data of Jin Xiu to be like that. If I had known it earlier, I wouldn't have listened to Minxuan's words and tried to spread the news that I became Jin Xiu's brand ambassador on Weibo." Su Huixian said apologetically, "I should have given the opportunity to Su Bei at that time."

Her words not only expressed her apology to Su Bei, but also told Du Luo that it was her agent who did the matter of the marketing data last time. She was still the innocent one.

Du Luo said considerately, "Forget it. Let bygones be bygones. Don't think too much."

"I just feel sorry for Su Bei," Su Huixian said in a low voice.

"You are too kind. You always give priority to other people rather than to yourself." It was what Du Luo appreciated most.

Su Huixian smiled gently, "By the way, Du Luo, what did your mother say about our engagement?"

A trace of hesitation appeared on Du Luo's gentle face.

Su Huixian immediately realized that the Du family hadn't agreed to their marriage.

Five years had passed, but the Du family hadn't really accepted her!

Du Luo was also very regretful. He said in a low voice, "I will continue to persuade my parents. Believe me, Huixian."

Chapter 202 I'm Pregnant

Although Du Luo's parents hated Su Bei because she had withdrawn from the marriage and made the Du family lose face, they didn't like Su Huixian either.

It was mainly because of the label of "the daughter of a mistress" on Su Huixian. They could not get rid of this title in any way.

When Xu Zhiqin came to the Su family with Su Huixian, it caused a great sensation because Su Bei's mother committed suicide.

Many years had passed, and the impact of this matter had been reduced to the minimum. Five years ago, Su Bei suddenly withdrew from her marriage and ran away from home. She had left for five years, and the label was back to Su Huixian again.

After all, the Du family was a prestigious family. Du Luo's parents didn't object to their son's love affairs, but every time Du Luo mentioned marriage, his parents would refuse him.

Although the Su family was rich, it was still a little inferior to the Du family. Moreover, with Su Huixian's identity, the Du family would be humiliated in the future.

If Du Luo's parents had to choose, they would rather choose Su Bei than Su Huixian.

Therefore, when Su Bei stayed in the Su family, Su Huixian and her mother hated Su Bei. After Su Bei left, Su Huixian and her mother still hated Su Bei to the core.

Maybe only when Su Bei died could they have a real peaceful life.

A hint of cruelty flashed through Su Huixian's eyes.

Du Luo focused on driving and didn't notice that.

It was impossible for Su Huixian to really kill Su Bei. She had thought about her relationship with Du Luo for a long time.

She had to marry into the Du family. At least, she had to get engaged first, so that she could recover the loss of her reputation caused by the appearance of Su Bei.

She had come up with an idea and said in a low voice, "Du Luo, I'm pregnant."

"What? Are you pregnant?" Du Luo stepped on the brake. He was really happy.

Although his parents didn't agree with the marriage, he had a sincere feeling for Su Huixian.

Su Huixian threw herself into Du Luo's arms and said, "Yes, it's true. I seemed to forget to take medicine last time, so... Although I'm a little nervous, I've made up my mind that I will give birth to the baby no matter your parents agree our marriage or not."

Du Luo was really touched. Su Huixian was still young and was in the ascendant of her career, but she was willing to give birth to the baby for him. She was so gentle and considerate.

If it were Su Bei, she would never do this for him. Su Bei was too independent and refused to compromise easily for him. Otherwise, how could he fall in love with Su Huixian?

"Now that you are pregnant, I must persuade my parents to agree with our marriage," Du Luo promised.

Su Huixian smiled happily.

However, she pinched her palm subconsciously. After all, it was easy to expose the fact that she was not pregnant, but it was not difficult to disguise it in the early stage of pregnancy.

As long as she got engaged first, she could consolidate her position and solve the big trouble—Su Bei. It was a good thing to kill two birds with one stone.

Before getting off the ship, Su Bei sent a WeChat message to Lu Heting. "I'll go with Lv Shan. You have to accompany Mr. Weijian, right? We are not going in the same direction, so I'm leaving first. I will come back early tonight."

Lu Heting frowned when he received the WeChat message.

Seeing that the people in the lower cabin were getting off the ship one by one, and Su Bei was followed by her agent and reporters, he frowned for a long time and replied, "Okay."

Looking at Mr. Lu's expression, Lu Hang didn't dare to say anything since Mr. Lu received the WeChat message.

Chapter 203 Seeing Da Bao

After sending a message to Lu Heting on WeChat, Su Bei chatted with Lv Shan. They also had a lot to talk about because of their follow-up work.

Lu Heting couldn't do anything but watch her receding figure.

"Mr. Lu, shall I go find her?" Lu Hang couldn't help asking. He had never seen Lu Heting look so dejected like this before.

"No, thanks," Lu Heting refused.

Lu Hang had many questions in his mind, but he didn't know which one to ask first.

So he had no other choice but to turn around and pack Lu Heting's things. While he was doing it, he found a hairpin on Lu Heting's bed.

"Mr. Lu, I found this." He didn't dare to neglect it, so he hurriedly handed it to Lu Heting.

Lu Heting took it and put it on his palm. Although he knew that he could return it to Su Bei later in the evening when he saw her at home, he still subconsciously walked in the direction where she had left.

Looking at the desperate look on his face, Lu Hang wanted to say something but dared not.

Lu Heting knew that Su Bei was riding in a car from Qian Yu Entertainment Company, and he knew the approximate route they would take.

So he drove his car and followed them subconsciously.

Actually, he sensibly knew that she didn't need this hairpin at all. But he still hoped that she would use it right now.

In that case, he would have a righteous reason for looking for her now.

He had never been in love with someone before. But once he fell in love, he would love the woman with his heart and soul.

Perhaps what he was doing right now was the most vivid portrayal of it.

Su Bei was still chatting with Lv Shan about work on their way. She had no idea that Lu Heting was following her only because he wanted to take one more look at her.

The company car was about to arrive at the company when her phone rang.

She took it out and looked at the screen. It was a message from Lin Yu. "Get off the car in the street in front of your company. Da Bao and I are waiting for you to buy food. We will have hot pot tonight."

"Can't you pursue something else in your life?" Su Bei replied impatiently.

No wonder he immediately disappeared as soon as everyone disembarked the ship. It turned out that he had such a plan.

"Da Bao helped you restore the contents of the memory card last time. I personally promised him to treat him to dinner, right?"

"Da Bao doesn't like spicy food," she replied again.

“I know. That’s why I’ve compromised. We’ll have the hot pot with light soup! And sesame paste.” Lin Yu thought that he had made a great sacrifice, so he sent an aggrieved emoji.

After making sure from Lv Shan that she had no other engagements today, Su Bei got off the car in advance.

When Lu Heting saw that the company car pulled over, he also stopped his car.

Did Su Bei get off the car because she felt his presence?

He was about to open the car door when he saw she suddenly ran in a direction.

His eyes followed her, and he saw her running towards a handsome man.

Even though the man was wearing a hat and a mask, Lu Heting still recognized him. He was Lin Yu. Lin Yu’s height and eyes were his inimitable symbols, and Lu Heting had always focused on these details.

A trace of discomfort surged up from the bottom of his heart. Fortunately, Su Bei just ran over and did not throw herself into Lin Yu’s arms.

Lu Heting couldn’t help but breathe a sigh of relief.

But the next second, his heart was swept by a surging wave again. Because he saw a little boy took Su Bei’s hand, and she gently bent down to listen to the little boy carefully.

Unfortunately, Lu Heting couldn’t see the little boy’s face clearly from a distance.

Chapter204 Matchmaking

However, Lu Heting could feel the familiar intimacy between Su Bei and the little boy.

It felt like the intimacy between a mother and son.

With this thought, Lu Heting’s heart did a complete somersault.

Was the little boy Su Bei’s son?

Was he really her son?

If so, then the little boy may have something to do with him.

Countless waves rolled in Lu Heting’s heart. Those waves were more violent than those that turned his heart upside down when Su Bei slept in his room.

His eyes followed her. She held the little boy’s hand, and the little boy naturally held Lin Yu’s hand.

With the three of them holding each other’s hands, the picture looked so dazzling. They really looked like a happy family of three.

Lu Heting’s face darkened. All of a sudden, his mind went blank, and his hands and feet went stiff for a moment.

When he came back to his senses, he realized that he had already gotten off his car and followed them into the supermarket.

He was about to enter the supermarket when his phone rang.

At first, he just ignored it. But the ringing didn't stop.

Left with no choice, he answered it.

Gun Gun's voice came through from the other end of the line, "Daddy, Grandma and I are having dinner outside. Come and join us."

Upon hearing his son's baby voice, the hostility on Lu Heting's body dissipated.

"Daddy, are you coming? If yes, I will send you the address," Gun Gun said seriously.

"Okay. I'll be there," Lu Heting replied with a nod.

He once again looked in the direction where Su Bei, Lin Yu, and the little boy had just gone. It was a supermarket, so she would probably go grocery shopping with Lin Yu and the little boy.

Who on earth was that little boy?

Was he her friend's child? Or was he Su Bei's child? Or was there another reason?

Countless thoughts flashed through his mind.

When Lu Heting arrived at the restaurant and appeared in front of Gun Gun and his mother, his expression was still cold and solemn.

And he got more furious when he saw Liao Xintong sitting next to Gun Gun.

"Mr. Lu..." Liao Xintong stood up and greeted him politely.

Lu Heting just replied casually and sat down beside his mother with a gloomy look on his face.

His mother knew that he had never liked Liao Xintong, and he was only maintaining harmony on the surface because of politeness.

Trying to smooth things over, she hurriedly said, "We happened to meet Xintong here, so I asked her to have dinner with us."

"If it's not convenient, it's okay. I can find another table," Liao Xintong immediately said.

However, Lu Heting didn't say anything. His mind was still on Su Bei.

Seeing that he didn't say anything, Mrs. Lu glanced at Liao Xintong, hinting at her to stay.

The truth was, Mrs. Lu really felt sorry for her son. She hoped that he could have a woman by his side to accompany him. She also hoped the woman could help him take care of Gun Gun.

She felt that Gun Gun was a poor child. Although he had everything, he didn't have a mother.

Liao Xintong was Gun Gun's biological aunt. And after getting along with her family for several years, they had known each other pretty well. So she thought that Liao Xintong was better than other women to stay with her son and grandson.

Mrs. Lu was dissatisfied with the fact that the Liao family had allowed Liao Qing to give birth to Gun Gun. But in the past few years, the little boy's existence melted her heart.

Chapter 205 My Wife Is Back

Mrs. Lu really hoped that her son could have feelings for Liao Xintong, but she didn't dare to arrange a meeting between the two of them directly.

It was a coincidence to meet Liao Xintong today. She hoped that this coincidence could change her son's mind a little.

"Heting, I've ordered some dishes. Do you have anything to add?" Mrs. Lu handed the menu to Lu Heting.

"That's it." Lu Heting didn't take over the menu.

Mrs. Lu took back the menu awkwardly.

Gun Gun sat next to Liao Xintong. He always liked to talk, but he also sensed his daddy's unhappiness, so he kept his mouth shut.

In fact, he didn't like to see Liao Xintong, but his grandmother said that she was mommy's sister and it was good to see her.

As for the word "mommy", it didn't mean anything to Gun Gun. He just knew that everyone had mommy, but he didn't.

In the past, Gun Gun always thought that it would be good if he had a mother, but he had never been able to portray a specific image of a mother in his mind. Because he didn't know anything at all about a mother.

Especially after he had Bei Bei, he hadn't thought about his mother for a long time.

No, no, no. He shook his head. He was going to marry Bei Bei. How could he take Bei Bei as his mommy?

The dishes were served soon.

Liao Xintong picked up a shrimp for Gun Gun and said, "Gun Gun, eat more."

She loved Gun Gun's cute face. His face was so cute that it could arouse her desire to protect him in her heart.

After saying "thank you", Gun Gun lowered his head to eat.

In fact, Liao Xintong was a little disappointed. She always wanted to have a good relationship with Gun Gun. However, this child looked very soft and cute, but in fact, he rarely talked to her too much. He was as aloof as Lu Heting.

"Mr. Lu, let's have the meal." Liao Xintong kindly reminded Lu Heting when she saw that he didn't take his chopsticks.

Lu Heting frowned slightly.

“Come on, it’s time to eat now.” Mrs. Lu greeted Liao Xintong with a smile.

Everyone was eating in silence. Lu Heting didn’t eat much. Gun Gun was also aloof.

Liao Xintong knew that the father and son didn’t like her, so she said after eating something, “Auntie, I have something to do, so I have to go now.”

“Okay, go ahead with your work,” Mrs. Lu said with a smile.

Gun Gun waved at her with the same cold expression as Lu Heting’s.

Mrs. Lu looked at her son and grandson and criticized them. But she also knew that she couldn’t force them.

After getting in the car, Mrs. Lu said with a smile, “Heting, Xintong said that her father’s birthday party would be held next month. At that time, we can also prepare a gift and go there to congratulate him. Anyway, we can’t be too rude.”

Since Lu Heting had to drive, he cheered up and heard his mother’s words.

He said in a low voice, “Didn’t you say before that Gun Gun and I had nothing to do with her family?”

Mrs. Lu was speechless.

Although that was the case, she still wanted to seek to change.

Lu Heting knew that his mother had been choosing the right person for him. Except for Liao Xintong, his mother also introduced other women to him.

If he didn’t have Gun Gun, he might be able to maintain a basic social contact with the Liao family. But now he had Gun Gun. If he still maintained social connections with the Liao family, it was inevitable for other people to have some ambiguous conjectures.

He said calmly, “Mom, my wife is back. You don’t need to introduce anyone else to me.”

Chapter 206 Shouldered All the Responsibilities

“Your wife?” Mrs. Lu was stunned. Did this woman really exist?

“Yes. But she is too busy to meet you for the time being. When the time is right, I’ll arrange a meeting for you,” Lu Heting said calmly.

Mrs. Lu was both happy and worried. She was glad that her son really had a marriage before, not lying to her. The woman really existed.

The problem was that she didn’t know who this woman was and what kind of person the woman was. She didn’t know if the woman was good enough for her son.

Moreover, if she married her son, she would be the lady of the Lu family.

Mrs. Lu only had Lu Heting as her own son. She would never want her son to marry a woman who was not perfect.

Mrs. Lu asked, “What does she do?”

If the woman was the daughter of a family she had known for many years, she would be relieved. At least, it should be the woman with a clean family background and outstanding personal ability.

“She is a model. So I don’t want you to introduce other women to me and cause her misunderstanding. Mom, I have been married to her for five years and we have always been in a good relationship. You don’t want to see me quarrel with your daughter-in-law, do you?” Lu Heting said calmly.

Mrs. Lu certainly didn’t want her son to live a restless life.

However, when she heard that her son’s wife was a model, her mind was full of gossip in the entertainment industry, such as those hidden rules—female stars got money and resources through sleeping with some big bosses. Besides, slander was also very common in entertainment industry. Even at her age, as long as she surfed the internet and checked her mobile phone, she could see such news every day.

“When will she finish this job?” Mrs. Lu asked.

“What?”

Mrs. Lu said, “Entertainment industry is a very complicated area. The job she has been doing will bring you and the Lu family criticism. Besides, that kind of job was also for young people. She couldn’t have been in that industry all the time, could she? I think she should quit her job and help you.”

“No, she can do whatever she likes.” Lu Heting didn’t want to interfere with Su Bei’s choice and work.

He would support her wherever she liked.

Mrs. Lu was obviously very disappointed. She hadn’t seen her daughter-in-law for five years, which had already made her very dissatisfied with her daughter-in-law. Now her daughter-in-law still wanted to stay in that industry and refused to quit that area.

Mrs. Lu couldn’t help losing her temper and said, “Do you still know how to respect elders? You two have been married for five years, but she still hasn’t met the family even once. Why didn’t she propose to meet the family? What is she thinking?”

She always respected her son’s personal decisions and was always gentle to her son.

So these words were already very harsh.

Lu Heting nodded. “I’m sorry, mom. It’s all my fault. I didn’t bring her back before. It has nothing to do with her. It’s my fault. I didn’t make up my mind before.”

In a few words, Lu Heting shouldered all the responsibilities.

Sure enough, when Mrs. Lu heard that it was her son’s responsibility, she couldn’t say anything more.

She sighed and said, “Okay, then you can find a time to go home for dinner.”

After seeing Mrs. Lu off, Lu Heting left Gun Gun to Aunt Chen. Then he went to the company.

He turned on the computer and hesitated for a while. In the end, he decided to learn more about Su Bei’s previous life in the United States.

As her husband, he hadn't done enough in the past five years.

Chapter 207 It Turns out That He Would Also Be Frustrated One Day

Lu Heting's tapped on the keyboard, and Su Bei's information was displayed on the screen.

However, as before, he could only find out her public personal information, and knew nothing about her private life.

It was not that he couldn't ask Su Bei face to face, but he was afraid that what happened five years ago would repeat. He was afraid of giving her too much pressure, so that she would run away again and disappear without a trace.

Lu Heting loosened his tie with his slender fingers.

The little boy's figure just now repeatedly appeared in front of him and hovered in his mind.

Lu Heting tried another way, but still got nothing.

His skill was always superb. No matter how deep something was hidden, there would always be clues that could be found.

But he couldn't find any private information about Su Bei, as if someone had blocked all her information for her.

He didn't know where she lived in the United States, what friends she had, and how her emotional life was.

Lu Weijian and Lu Hang came in with some documents. They shivered at the atmosphere in the office.

Was it because the air-conditioner was too cooler?

Although Lu Heting was usually aloof, he seldom made people shiver. It was too terrifying.

Lu Weijian shivered and took the document over. He didn't know who irritated his brother again.

The only name Lu Weijian could think of was Su Bei.

Since he grew up with Lu Heting, he knew only this sister-in-law could do that.

"Brother, these are all for you to review." Lu Weijian handed the documents to Lu Heting and noticed that Lu Heting didn't look well.

He glanced at the screen. It was financial news.

Was the company in financial trouble now?

No, it was impossible. The company had always been running very well. Especially with his brother's iron-fisted moves, everything was in order.

"Then I'll get the documents later?" Lu Weijian asked.

"Okay," Lu Heting replied without looking at Lu Weijian.

Lu Weijian walked out with Lu Hang. Then he asked curiously, "What happened?"

"I don't know," Lu Hang said, shrugging his shoulders.

"Didn't you say that you were on a ship? Is he still in a bad mood after the trip?"

"Everything was fine, and he also brought a girl into his room." Lu Hang had his own professional ethics. He would never tell anyone about Lu Heting's private affairs, except Lu Weijian.

Although Lu Heting and Lu Weijian were not biological brothers, they were more like biological brothers.

As expected, Lu Weijian was more interested in this topic. "And then?"

"When we got off the ship, that woman left without waiting for Mr. Lu, so..."

"Hahaha..." Lu Weijian laughed happily and said, "It turns out that he would also be frustrated one day!"

"I also wonder why that woman is so bold. Other people want to stay a little longer with Mr. Lu. They even make a good plan for that. However, that woman didn't seem to care much about it. Then I picked up a hair clip. Mr. Lu must have planned to send it to her. After he came back, he was like this. I don't know what happened. It seems that the woman needs to learn a lesson."

Hearing this, Lu Weijian quickly covered Lu Hang's mouth, "Hush! She is my sister-in-law! Do you want to die?"

"You mean Mr. Lu... Is he really married?" Lu Hang was shocked.

Chapter 208 I'm at the End of My Rope

Everyone knew that Lu Heting was married.

But no one had ever seen the existence of that woman, let alone knowing her name.

Lu Heting hadn't changed after he got married. He was still keen on work, going out early and returning late, and stayed in the company all the time.

Therefore, no one believed that he was really married.

Even Lu Hang didn't believe it, because as Lu Heting's chief personal assistant, he had never found any clues to prove that Lu Heting had a wife.

Although there was also a rumor in the company that Lu Heting's wife was a female artist of Di Xing Media Company, no one had photographed her or seen them appear in public, so they thought Lu Heting must use this excuse to refuse blind dates.

Especially for an assistant like Lu Hang, he had been working for Lu Heting all year round. If Lu Heting really had a wife, he would definitely know it at the first time.

"Of course. I have a sister-in-law. It is quite true." Lu Weijian nodded heavily, "You are most likely talking about my sister-in-law. Come here. I'll tell you."

Lu Weijian whispered in Lu Hang's ear and reminded him of some cautionary points.

While listening, Lu Hang nodded heavily. It was a matter of great importance. He had to keep a good secret for Mr. Lu's private life.

After the two people finished talking, they looked at the time and found that it was already seven o'clock in the evening.

It seemed that Lu Heting didn't want to get off work at all. He was still sitting in front of the computer, frowning and wearing a cold face. Nobody knew what he was doing.

Lu Weijian was in a hurry to use these contracts, so was Lu Hang.

But at this moment, the atmosphere was so depressing that they didn't dare to go forward to disturb Lu Heting.

Thinking of the previous method, Lu Weijian took out his phone and smiled confidently.

Then he dialed Su Bei's number directly.

In Lin Moli's house, Su Bei and Da Bao were eating hot pot.

When she was washing vegetables, her cell phone was put in the kitchen. Lin Yu was in the kitchen to scoop peppers. When he heard the phone ring, he thought it was his phone and picked it up.

"Hello, may I ask who I am talking to?" Lin Yu asked casually.

Lu Weijian's face turned pale with fear. What happened? He heard a man's voice!

"What's the matter? Say something." The phone was caught between Lin Yu's shoulder and head. "Xiao Bei! Where is the chili oil? If I agree to eat the hot pot with clear soup again, I'll be a pig!"

Lu Weijian was so frightened that he hung up the phone in a hurry.

He finally understood why his brother looked so bad. His sister-in-law didn't come back with his brother. What was more, she was having hotpot with another man!

It seemed that she was in that man's house!

Who could bear such a blow?

No wonder his brother looked so bad.

Lu Weijian had a hunch that Lu Hang and he would be in trouble. No, all the people in the Lu Group would be in trouble.

"Mr. Weijian, didn't you say you had a solution?" Lu Hang asked.

Lu Weijian shook his head, "I'm at the end of my rope!"

Lu Hang also got depressed.

The two of them discussed with each other and tried to figure out a way, but they still had to enter the office of Lu Heting slowly.

As expected, the atmosphere in the Lu Heting's office was strangely subdued.

His dark eyes were bloodshot. He looked desperate and lonely like a trapped beast.

"Brother, what...what about the documents?" Lu Weijian asked.

Chapter 209 There Are So Many Beautiful Women in the World

Lu Heting threw the documents in his hand on the table and said, "Correct them. Get off work after you finish them."

Lu Weijian glanced at the documents and found that there were a lot of comments and notes on them. He sighed in his heart, 'Sure enough, when my brother is in a bad mood, he is more picky and rigorous about his work.'

It seemed that there was some kind of magic radar on Lu Heting's body. The more depressed he was, the stronger his working ability would be. Even if sometimes Lu Weijian got the punctuation wrong, he couldn't hide it from Lu Heting!

If he had to make all the changes in the documents, maybe he could get off work only after tomorrow morning.

With a sigh, Lu Weijian picked up the documents and looked at Lu Hang. Both of them saw despair in each other's eyes.

The whole night passed. When the morning came, Lu Weijian got up from the chair. The two of them fell asleep in the middle of last night. Drinking Red Bull was useless. They finally fell asleep.

Looking out of the window, the sun had risen and it was already eight fifty. Lu Weijian kicked Lu Hang awake and said, "Wake up, it's time to start work!"

Lu Hang rolled over, and the two of them hurriedly sorted out the documents and ran out.

The staff of the company were running to the meeting room. Seeing that everyone looked very serious, they knew that Lu Heting had a conference call.

Lu Weijian and Lu Hang followed the crowd.

Lu Heting didn't have a good rest on the ship. Besides, he didn't sleep all night last night. Although he didn't look that gloomy, it could be seen that he was tired and lonely.

He began to deal with business seriously.

Lu Weijian and Lu Hang were anxious. Lu Heting couldn't carry on like this! He worked day and night every day. What if he got sick?

But since Lu Heting was talking about something important, they couldn't stop him.

He was a workaholic and spent most of his time on work. Now, he was more engaged.

Lu Weijian and Lu Hang had to stand aside and wait for him to finish the meeting.

The meeting was finally over until noon.

Lu Heting looked at them and asked, "Where are the documents you have changed?"

"Here you are." The two presented the documents at the same time.

Lu Heting took them and read them carefully. Then he signed his name on them. His handwriting was flowing and graceful.

"I'll give you two half a day off this afternoon. Go back and have a rest." Putting down his pen, Lu Heting said, "As for the business meeting, I need another assistant to help me."

Lu Weijian advised, "Why don't you go back and have a rest first? It's not that urgent to talk about it."

"Yes, Mr. Lu. Our partners are not in a hurry," Lu Hang added.

"No, thanks," Lu Heting denied.

"Brother, you might physically collapse if you continue to do that." Lu Weijian made Lu Hang a sign to make an arrangement for the schedule of Lu Heting and let him have time to have a rest.

Lu Hang walked out quickly.

Noticing that Lu Heting didn't listen to him, Lu Weijian became anxious and said, "There are so many beautiful women in the world. Why don't you change another one?"

"What did you say?" Lu Heting frowned and cast a cold glance at Lu Weijian.

Lu Weijian took the risk and said, "I said that woman is not a big deal. If she has a crush on someone, you can just let her go. Brother, you are tall and handsome. Besides, you are very outstanding. Are you afraid that you can't find any other women? Now that Su Bei has another man, you can just divorce her. But why do you do that to yourself?"

Chapter 210 Harsh Words

The more Lu Weijian said, the more depressed Lu Heting looked.

When he finished his last sentence, a layer of darkness covered Lu Heting's body, making him as horrible as the Satan in the darkness!

"What did you say?" Lu Heting's voice was cold and weird.

Lu Weijian was flashing back to the moment when he said those words, and he was freaking out about it. Then he replied in a trembling voice, "Brother, I mean... Anyway, I didn't mean that..."

"Su Bei is not that kind of girl!" Lu Heting said word by word.

Although he saw that she and Lin Yu went to the supermarket with another kid, he still believed that she would not cheat on him.

Even if something happened, she must have her own difficulties.

Lu Weijian realized that he had said something wrong. Lu Heting was so protective of his sister-in-law. What he had said just now was too harsh.

"I'm sorry, brother. I said something wrong. I know I was wrong. I just feel sorry for you," Lu Weijian immediately apologized.

Lu Heting's face softened. He lowered his head and said seriously, "Since she has come back to me, I know she is not that kind of girl. But why did she have another child?"

Since Lu Heting hadn't rested for a long time, his mental state was on the verge of collapse.

On the ship, after Su Bei fell asleep, he took several cold showers in a row. So he was not in an excellent condition.

At this moment, his eyes were full of gloom.

"Brother, do you mean that my sister-in-law has another child with her?"

Lu Heting didn't admit it or deny it. His black eyes were full of contrasting emotions. He didn't know how to control his own thoughts.

He couldn't sit down or stop thinking. His mind was working at a high speed. Once it stopped, he would think about what had happened to Su Bei, but he couldn't find any answer.

"Brother, is that child your son?" Lu Weijian made a bold guess.

The expression on Lu Heting's face froze for a moment, and then a faint glow appeared on his face.

His own son?

He really hoped so. After all, he and Su Bei once had two sweet hours together.

However, his face immediately darkened. Could it be?

Lu Heting wasn't sure about this, because if the kid was really his son, Su Bei wouldn't hide the kid from him and would have brought the kid to see him long ago.

This time, Su Bei came back specially for him. She must have her own reason.

He had been very confident and convinced before. He had thought that she wanted to come back and live a good life with him. She always behaved the same, although there was no progress on their relationship. They only had one intimate moment five years ago.

If she really gave birth to his son, there was no reason to hide the kid from him all the time.

Noticing the disappointment on Lu Heting's face, Lu Weijian was shocked. "Isn't...isn't he..."

Lu Weijian admitted that he had been forced to stutter by his brother.

Because all these things were too shocking! What the hell was going on?

"Brother, don't you know whether he is your son or not?" Lu Weijian was really speechless.
