

Chapter 221 Stay Together for Life

“By the way, I wish your son and Su Huixian can stay together for life,” Lu Heting said calmly.

But Mrs. Du felt the implications in his words, as if to say “your son and Su Huixian are perfect match, so don’t cause troubles for others.”

Mrs. Du was frightened by Lu Heting’s imposing manner.

Once she was at a disadvantage, Mrs. Du couldn’t find any suitable words to slander Lu Heting.

Lu Heting reminded her, “By the way, Mrs. Du, I hope you can compensate for Su Bei’s clothes. After all, you dropped the coffee cup on purpose just now.”

Mrs. Du deliberately stained Su Bei’s clothes and asked Su Bei to go to the bathroom so that she could bargain with Lu Heting.

Mrs. Du’s scheme was exposed in front of Lu Heting.

Everything was seen through by Lu Heting.

Mrs. Du stood up unhappily, and took the check away. Then she took out a stack of money and slapped it on the table.

When she was about to leave, the waiter brought two cups of drinks for Lu Heting and Su Bei, which were raspberry juice she couldn’t order just now.

For her, the drink was the limited edition. And the waiter told her that it was sold out. Lu Heting said nothing but the waiter directly brought the drink to him.

Who on earth was Lu Heting? Mrs. Du unknowingly raised his status in her heart.

Lu Heting gave the money Mrs. Du left as a tip to the waiter.

When Su Bei came out of the bathroom, Mrs. Du had already left.

“Why did she leave?” Su Bei thought she had to endure Mrs. Du’s nagging for a while.

“You are so determined. Of course she has to leave,” Lu Heting said.

After thinking for a while, Su Bei knew that Mrs. Du was not easy to get along with. She had known this since five years ago.

Did Mrs. Du change her personality five years later?

“That’s great. I don’t want to waste my time on her. What does their family matter have to do with me?”

Lu Heting was very satisfied with Su Bei’s opinion on Du Luo and the affairs of the Du family. He even felt that the drinks in front of him tasted better.

Su Bei picked up the glass and took a big sip. She was in a good mood all of a sudden. "What's this? It's so delicious. It tastes sweet and sour. It's the perfect blend of sweet and sour! It's like a refreshing taste. Can I bring two glasses of this for Gun Gun and Aunt Chen?"

"Sure. I'll ask them to make the drinks," Lu Heting nodded.

Squinting her eyes, Su Bei took another big sip, enjoying it very much.

Lu Heting planned to tell the waiter to prepare more materials so that Su Bei or someone else could order this drink in Su Bei's name.

Of course, the drink was still rationed as usual. After all, the raw materials were very precious. It had nothing to do with money. If they offered unlimited amounts of the drink, Lu Heting thought the foreign suppliers would not agree.

The engagement ceremony of Du Luo and Su Huixian was held as scheduled.

Mrs. Du couldn't change her son's mind, nor did she want to hurt their relationship. And Su Bei also refused her. As a result, she had no choice but to accept Su Huixian.

It was mainly because Su Huixian took out the chip of pregnancy at the critical moment.

Mrs. Du tried her best to persuade them to get engaged first. She asked them to hold the wedding ceremony after the baby was born, taking the excuse that Su Huixian was pregnant.

Su Huixian had achieved her goal. The engagement would make her get closer to Du Luo, so she agreed immediately.

The engagement party began when everyone had their own thoughts.

Chapter 222 Su Bei Once Left without Turning Back, but Now She Regretted Her Decision Like a Poor Dog

On the day of the engagement party, in order to put on airs, the Du family still booked a five star hotel and arranged everything to maintain their reputation.

The Du family was wealthy and had invited a lot of relatives and friends.

Not to be outdone, the Su family not only invited many relatives and friends, but also Su Huixian invited many friends in the entertainment industry. On that day, not only stars, models, designers, agents, but also some senior executives of the entertainment industry attended.

It could be said that the people in the entertainment industry were very kind to Su Huixian.

Xu Zhiqin appeared with great satisfaction. As a mistress, she indirectly caused the suicide of Su Bei's mother. She had been cursed for many years, so she even secretly got the marriage certificate with Su Xingfu. Not to mention the wedding, she didn't even dare to invite relatives and friends to dinner in public.

This time, her daughter's engagement party was so high-profile and perfect, making her feel proud and happy.

Mrs. Du walked up to her and said, "Well, you are here. Why didn't Su Bei come?"

Xu Zhiqin was in a good mood. But when she heard the name of Su Bei, she was depressed for a moment. She didn't want to hear this name on such a happy day.

"I don't know if she will come or not. Anyway, I gave her the invitation. I was just afraid that she would feel embarrassed to come here..." Xu Zhiqin knew clearly that in such an occasion, protecting the face of the Su family was to protect the face of Su Huixian, but she still couldn't help slandering Su Bei.

Sure enough, the relatives behind Mrs. Du began to laugh at Su Bei, "You're right. How could Su Bei come here? She withdrew her marriage and ran away at that time."

"Where did Su Bei go in the past five years? I heard that she worked as a model in the United States."

"A model? I don't think so. Maybe she has been engaged in some dishonorable jobs. Haven't you heard that she left Du Luo because she hooked up with a rich man? Du Luo is a perfect man! Why did she do such a thing?"

Since Su Bei left, the relatives of the Du family and the Su family had always slandered her.

Xu Zhiqin and Mrs. Du also added fuel to the fire.

"Su Bei is really a spoiled child without her mother's education. She is too willful!"

"I heard that Su Bei regretted giving up Du Luo. She came to see Du Luo as soon as she came back from the United States. Unfortunately, there's no coming back from that."

"That's right. Not to mention Su Bei, few girls in S Country deserve Du Luo. Su Huixian was a good girl. If it weren't for that, she wouldn't have had the chance."

Mrs. Du was very satisfied to hear people praise her son. She smiled and said, "Speaking of Su Bei, she came to me two days ago with a very sincere attitude. I don't mind what she did before, but from now on, I can only treat her as the niece of a noble family."

There was too much information in her words! People who didn't know her would think that Su Bei came to Mrs. Du and cried bitterly, hoping to retrieve her relationship with Du Luo. However, Mrs. Du refused her.

All of a sudden, they couldn't help laughing and shaking their heads. 'What a bad girl! Su Bei once left without turning back, but now she regretted her decision like a poor dog, ' they thought.

Even Xu Zhiqin got nervous. How could Su Bei do such a thing behind her back?!

She smiled and said, "Su Bei is wild and completely out of control. It is too late to repent."

She was glad that Su Huixian was pregnant. So Su Bei could do nothing to turn the tables.

Chapter 223 Swallowed the Word "Beautiful"

Xu Zhiqin was afraid that people would gossip too much and it would ruin Su Huixian's reputation, so she smiled at Mrs. Du and said, "Mrs. Du, let's go to see the two children."

Du Luo, who was standing aside to receive the guests, heard what they were talking about.

Did Su Bei come to see his mother? Did she really want to redeem their relationship?

He couldn't help but have some feelings that he shouldn't have.

In fact, Du Luo didn't give up on Su Bei completely. Instead, he chose Su Huixian, because Su Huixian was more docile. He had always been a little apologetic to Su Bei.

If Su Bei really wanted to retrieve him, Du Luo's hand holding the glass tilted a little, and the wine in the glass was poured out.

"Du Luo." Wearing a luxurious white dress, Su Huixian walked over. Her hair was coiled up today, which made her look more virtuous.

Hearing that, Du Luo came back to his senses and said, "Huixian, you look so beautiful today."

"Really? I'm afraid this dress is not beautiful enough." Su Huixian said gently, "Let's greet my friends from my company."

The two walked towards the guests hand in hand.

That was when Su Bei and Lv Shan arrived.

Su Bei didn't intend to come in person, but the director of the company said that today was a good opportunity. Because the media reporters would come, and the whole company's personnel should be united. As long as they didn't have something important to do, they should come here in person for the sake of Su Huixian. It could also show the company's solidarity and friendship.

Both Su Bei and Lv Shan wore very low-key clothes, and their makeup was very light. It seemed that they didn't want to be noticed.

However, Su Bei was still outstanding among the crowd, which made her particularly eye-catching.

Her skin was fair and radiant, and her height was superior to others. Even if she wanted to lower her sense of existence, she couldn't stop others from looking at her.

Just now, these people slandered Su Bei as they remembered. But now, as soon as Su Bei appeared, she attracted everyone's attention.

For a moment, the relatives of the Du family and the Su family didn't even know how to say those harsh words.

They had met Su Huixian just now. Of course, they had regarded Su Huixian as the best girl, and undoubtedly the most beautiful one.

But now... With a simple appearance, Su Bei had defeated Su Huixian.

"Is she Su Bei? She is so..." They wanted to say the word "beautiful", but they swallowed the word. But the expressions on their faces could tell how they actually felt.

"In fact, Su Bei used to be..." She used to be very beautiful. She was very beautiful and high profile, so she looked like a spoiled child of the Su family.

But these relatives were either on the side of Xu Zhiqin, or on the side of Mrs. Du. Subconsciously, they thought that Su Bei didn't deserve Du Luo. It was Du Luo who dumped Su Bei. Today, Su Bei appeared just because she still had feelings for Du Luo.

When they really saw Su Bei, these thoughts were still in their minds, but they could not blurt them out.

Su Bei stretched out her hand and pulled Lv Shan. "Lv Shan, let's sit over there."

Chapter 224 The Fake Pregnancy

Lv Shan and Su Bei shared weal and woe. As Su Bei's agent, Lv Shan also felt happy when she noticed that other people were looking at Su Bei with admiration.

"Su Bei, tell me honestly, what kind of skin care products do you use?" Lv Shan asked curiously.

"You have seen them. You know, I will put some small samples in my bag. When I go home, I will use the full-sized ones. If you like this brand, I'll buy you some products of this brand another day."

"No, you can keep them." Lv Shan had seen Su Bei's bag and knew that what she said was true.

She touched her own face. It didn't make sense. The price of the skin-care products that Su Bei used was just average in the entertainment industry, but Su Bei's fair face looked astounding and flawless.

Today, Su Bei didn't dress up carefully. She saw with her own eyes that Su Bei washed her face with water and applied a layer of essence in the company. Su Bei didn't wear makeup at all. Then they came here together.

Although Su Bei didn't wear makeup, she still caught all people's eyes. Director Song had asked her to work with Su Bei. Now she thought Su Bei was really a treasure.

Lv Shan had made up her mind to take good care of Su Bei.

Everyone was amazed by Su Bei, and even Du Luo's eyes wandered around with Su Bei.

Seeing this, Su Huixian felt a little jealous.

Today, she was absolutely the only heroine at the scene. Su Bei was really scheming. She was wearing a bare pink short skirt, and her makeup was flawless. Her hair was tied into a bun, which made her neck look particularly slender. She was wearing the shell bracelet on her hand, which gave out warm light, and her whole body was as white as snow.

In Su Huixian's eyes, Su Bei must take a lot of effort to dress up. Because Su Bei wanted to defeat her.

She held Du Luo's arm and said, "Director Song came to congratulate us in person, and other senior executives of the company are also there. Besides, the editor-in-chief of Jingdu City Daily, the president of Li Le Jewelry and the CEO of the Lai Yao Pictures are all waiting for us there."

Her words brought back Du Luo's attention.

After saying that, Su Huixian became more confident in herself. Even if Su Bei was in the limelight now, Su Bei was just a newcomer. Compared with her accumulated connections in the entertainment industry in the past few years, Su Bei only had a few resources.

Even if Su Bei had the honor of Feng Shang and Jin Xiu, Su Bei was still inferior to her. So she didn't need to be afraid of Su Bei, did she?

Soon, Su Huixian received all the distinguished guests and forgot about Su Bei.

Du Luo said thoughtfully, "Huixian, do you want to have a rest? Can you still bear it?"

"I'm fine. I will have a rest after receiving the guests." With a gentle smile, Su Huixian put her hand on her belly, but a trace of nervousness flashed through her heart.

She used her pregnancy as the excuse to get engaged to Du Luo.

But in fact, she was not pregnant at all.

She and Du Luo had always used condoms before. How could it be possible for them to have a baby?

In the future, she had to find a way to cover it up. But now, the most important thing was to hold the engagement party.

Su Huixian braced herself up to deal with today's banquet.

Lu Weijian's car appeared at the gate of the hotel. He thought for a while and finally decided to tell his brother before meeting his sister-in-law.

Chapter 225 If You Screw It up, I Will Show You No Mercy

After he dialed the number of Lu Heting, Lu Weijian said in a cheerful voice, "Brother, one of my clients from Gao Sheng Investment Company is going to attend the wedding banquet of the Su family and the Du family today."

"What does it have to do with me?"

"I heard that my sister-in-law is going to the party too. I heard my client mention it. I also want to go there."

Hearing Su Bei's name, Lu Heting stopped doing his work and said solemnly, "Don't make trouble. If there is anything wrong with Su Bei, you will be in big trouble."

Even he himself didn't dare to show up in public for fear of frightening Su Bei. Of course, he didn't want Lu Weijian to appear rashly.

"Brother, I just want to have a look from a distance. I promise I won't make any trouble. Besides, she is my sister-in-law. Have you ever thought about it? She has never seen anyone from the Lu family. She doesn't know whether we will like her or not. If I show up and let her know the love of our family, maybe she will be more determined to be with you, right? Do you know that the happiest thing of the marriage is to get the blessing of the family?"

Lu Heting thought for three seconds.

It had to be said that Lu Weijian's words touched him a lot.

Lu Weijian continued, "Besides, brother, you don't know that when other bosses mention my sister-in-law, their eyes lit up, just like a hungry wolf seeing meat. I'm going to supervise them for you."

“Then you can go,” said Lu Heting.

“Okay, brother! I promise I won’t make trouble for you!”

“Do what I said and take care of your sister-in-law. If you screw it up, I will show you no mercy.”

Feeling the coldness from his brother’s words, Lu Weijian nodded quickly, “Okay, okay.”

After hanging up the phone, Lu Weijian’s car slowly drove towards the hotel.

Su Huixian and Du Luo happened to meet Mr. Hao, the high-level leader of Gao Sheng Investment Company.

In the past few years, Gao Sheng Investment Company had been well-known in the investment industry. For the sake of Du Luo’s father, Mr. Hao came here in person.

It could be said that it was not an easy thing to meet Mr. Hao in person, even in the financial industry. Today, Mr. Hao came in person and sent a gift to Su Huixian and Du Luo, which made the two feel very happy.

Even the relatives standing around were also complacent. They were all relatives and friends of Du Luo and Su Huixian. So Mr. Hao’s appearance also made them feel proud and privileged.

Su Huixian and Du Luo warmly welcomed Mr. Hao and personally ushered him in.

“Mr. Weijian is here!” When Su Huixian and Du Luo came out again, they heard someone saying.

‘Mr. Weijian? Who is Mr. Weijian?’

Everyone was searching among the names they knew in their minds, but they couldn’t remember who was Mr. Weijian for a moment.

It occurred to Su Huixian that a few years ago, she had seen a man named Mr. Weijian from the Lu family two times in a distance on social occasions.

“Is it Lu Weijian?” Su Huixian asked Du Luo softly.

Du Luo’s eyes lit up.

The Du family was already a prestigious family in Jingdu City, but it was no match for the low-key and mysterious Lu Group.

Lu Weijian was the leader of the Lu Group on surface. Although everyone knew that the important decision was made by a mysterious leader of the Lu Group, Lu Weijian still had a status that could not be underestimated in the Lu family.

Chapter 226 Her Financial Worth Would Be Multiplied

Lu Weijian was a symbol of the Lu Group. His appearance represented the intention of the Lu Group.

The Lu Group could do the Du family and the Su family the favor. Of course the Du family and the Su family would accept the glory.

“Is it really Lu Weijian?” Du Luo was also surprised.

In fact, the Du family had also wanted to have a relationship with the Lu Group in the past few years, but they had never found a good opportunity. Without any recommendation, they couldn't even get a chance to contact the Lu Group.

After all, the Du family also had a high social status, it was impossible for them to come directly to see the top leader of the Lu Group. Not to mention that they didn't know the identity of the top leader, even if they knew, they still couldn't do such a shameful thing.

So far, the business between the Du family and the Lu family was completely different and they hadn't crossed paths.

As a matter of fact, the only person who could see the members of the Lu Group at the scene today was probably Mr. Hao, the high-level leader of the Gao Sheng Investment Company.

If someone of the Lu Group really came here today, the Du family and the Su family would brag about this matter in the industry.

Holding Su Huixian's hand, Du Luo walked straight to the car that had just stopped. Whether the person in the car was Lu Weijian or not, they should greet him first.

Even if the person in the car was not Lu Weijian, they were still well-behaved. So no one would express dissatisfaction.

Du Luo opened the car door himself.

The man in the car stepped out of the car. He was more than 20 years old. He was very young. He looked very handsome with a smile on his face. Although he looked cynical, the shrewdness on his face could not be ignored.

It was indeed Mr. Weijian of the Lu Group!

Su Huixian was so happy that she didn't know how to smile. The smile on her face was so excited and she couldn't be calm.

Du Luo was also overjoyed. He stretched out his hand and said, "Mr. Weijian!"

They didn't know why Lu Weijian came. But since he had already come here, he was their most honored guest!

"Nice to meet you, Mr. Weijian! This place is made brighter by your presence!" Du Luo knew that Lu Weijian used to like drinking with others. At that time, Lu Weijian was still young, so there were many chances to get close to him.

Now Lu Weijian began to take care of the company. He seldom went out to play. If Du Luo couldn't seize the opportunity this time, there would be no other chances for him.

Lu Weijian took a look at Du Luo and shook hands with him. He looked around at the noisy crowd but didn't find his lovely sister-in-law.

Su Huixian also stretched out her hand and said, "Mr. Weijian, thank you for coming here in person. Please come in."

She had even drawn up the headline of today's announcement in her mind. If she could work on Lu Weijian's appearance, she was sure that she could be able to be on the top ten of the hot search!

Tomorrow, everyone would know that the Lu Group had arranged someone to attend her engagement party.

What did it mean? It meant that maybe Lu Weijian's Di Xing Media Company had a keen interest in her, and maybe they would offer her an invitation the next day.

In this way, her financial worth would be multiplied, and her momentum that had been suppressed by Su Bei would rise again!

The members of the Du family and the Su family also looked over here frequently. They were asking each other about the identity of Lu Weijian.

Some knowledgeable people spread the news about the Lu Group to them. When they heard the news about the Lu Group, they constantly exclaimed. Besides, they were also very proud. Because to some degree, they could also connect with the Lu Group.

Chapter 227 She Is My Sister-in-law

Du Luo's father, Du Changwei and his mother, Sun Liangping also came over. They didn't invite Lu Weijian today, but Lu Weijian came in person.

He must have heard about it, so he came here specially.

They didn't know whether Lu Weijian came for the sake of the Du family or the Su family.

The two of them stepped forward at the same time.

At the same time, Su Xingfu and Xu Zhiqin reacted and walked towards Lu Weijian.

Lu Weijian didn't want others pay much attention to him. But now he was surrounded in the center by them.

He didn't like to be surrounded in such a way, not to mention that he didn't like their flattering manners. Besides, he didn't come here to enjoy the compliment.

"You don't have to greet me. I'll go in myself," said Lu Weijian."

It was the first time he had spoken since he had been here. His voice was somewhat casual, but in the ears of these people in front of him, it was like a fairy music.

Du Changwei and Su Xingfu stepped forward and said, "Mr. Weijian, please come in."

Du Changwei then winked at the people around him and asked them to enter the hall as soon as possible to clear up the hall and make the best and most honorable seat for Lu Weijian.

Although the hotel they booked today was a fancy hotel, they didn't expect that Lu Weijian would come here. They were afraid that they would offend Lu Weijian.

When Du Changwei and the others entered the hall, some people with low status had been sent out, leaving a large group of seats for Lu Weijian to choose.

Lu Weijian walked in casually. He was not interested in everything here. There was nothing to see or attract his attention.

It could be said that Mr. Weijian was very perfunctory. Du Changwei and the others around him had said a lot of polite words, but he did not listen carefully.

Su Huixian and Du Luo walked up to Lu Weijian and greeted him with a smile.

Seeing that Su Bei was still sitting in her original seat, Xu Zhiqin couldn't help but secretly scold Su Bei for her ignorance. Didn't Su Bei see that there was a distinguished guest here? Why didn't Su Bei go out? Why did she have to sit there leisurely?

"Su Bei, get out of here!" Xu Zhiqin called Su Bei's name in a low voice, regardless of pretending to be a good stepmother.

Neither Su Bei nor Lv Shan noticed what was happening here. Hearing Xu Zhiqin's voice, Su Bei frowned and wondered what Xu Zhiqin was doing? Did she offend Xu Zhiqin?

Lu Weijian was not interested in what happened here. He came for Su Bei and keenly noticed that someone had called Su Bei's name.

He immediately looked to the direction of the voice and saw a white skinned girl sitting in a corner not far away. Although she deliberately kept a low profile, it was difficult to hide her brilliance, and people could see her at a mere glance.

"She is my sister-in-law!" When he came up with this idea, he immediately understood why his brother had been waiting for her for five years!

Because she was so beautiful, pure and elegant that even if she did nothing, she was shining.

Lu Weijian had watched her many shows. Now seeing her in person, he finally understood that camera made people look fat. Camera was the most critical thing in the world!

Su Bei already looked very beautiful in the camera. But when he saw Su Bei in person, he found that she was more beautiful!

If he were his brother, he would be willing to wait too!

Chapter 228 My Sister-in-law Belongs to My Brother

Sitting in the office, Lu Heting felt his ears burning as if someone was coveting his things.

On the other hand, Lu Weijian felt a chill on his back, as if someone was staring at him.

He patted his chest and thought, 'My sister-in-law belongs to my brother. My sister-in-law belongs to my brother!'

After reciting for three times, Lu Weijian pushed Du Changwei and Su Xingfu away. Then he pushed away Su Huixian and Du Luo and strode towards Su Bei!

"My..." Lu Weijian ran over and showed a cheerful expression.

'What is he talking about?' Su Bei turned sideways to avoid Lu Weijian.

Lv Shan stopped him and asked, "Excuse me. Who are you?"

In fact, Lv Shan didn't stop Lu Weijian hard. The reason that she stopped him was because Lu Weijian was acting like a crazy fan. Lv Shan was afraid that he would hurt Su Bei.

But after seeing him clearly, Lv Shan keenly found that he might have a high status.

"I'm Lu Weijian." Lu Weijian briefly introduced himself, "I'm working in the Lu Group, the company where Lu Heting works."

Snapping back to her senses, Su Bei stood up and greeted politely, "Nice to meet you, Mr. Weijian."

She treated Lu Weijian in a professional way.

Lu Weijian's face darkened at once. Shouldn't his sister-in-law hold his hand and tell him about his brother, Gun Gun and other family affairs?

But his sister-in-law was too polite!

Lv Shan was also shocked. "Hello, Mr. Weijian!"

She didn't expect that Lu Weijian would come to greet Su Bei!

Did it mean that the Di Xing Media Company took an interest in Su Bei?

"Don't be nervous. Have a seat." Lu Weijian remembered what his brother had told him. He didn't want to frighten his sister-in-law. He had to be obedient, polite and kind. He had to help his brother hide his identity.

Su Bei and Lv Shan sat down together.

Lu Weijian also sat down next to Su Bei. He really had a lot to say to Su Bei, but Su Bei's smile was occupational and professional. Lu Weijian didn't know what to say for a moment.

Du Changwei and the others were completely shocked!

They treated Lu Weijian with the highest standard of treatment, imagining that this was an olive branch thrown out by the Lu Group. Perhaps in the business world, the Lu Group would treat them differently. At least, the Lu Group would treat Su Huixian in a different way.

But after Lu Weijian came, he only said a sentence from beginning to end and then went straight to Su Bei!

'This bitch!' Xu Zhiqin clenched her fists in anger.

Su Xingfu and Du Changwei also looked embarrassed.

Su Huixian and Du Luo couldn't hide their uncomfortableness.

The others also looked over. Most of the people who stayed in the hall were important figures tonight. Many people recognized Lu Weijian and even showed the surprised expressions.

At the same time, they all saw that Lu Weijian was sitting next to Su Bei and talking to her.

There was even a hint of flattery in Lu Weijian's eyes. He didn't look arrogant as usual.

Du Changwei looked at his son and said, "Du Luo, invite Mr. Weijian to sit on a better place."

Du Luo took Su Huixian's hand and walked towards Lu Weijian. "Mr. Weijian the engagement ceremony is about to begin. Please go to the main seat."

Chapter 229 A Rich Man's True Feelings

Lu Weijian looked up at Du Luo and said, "It's good for me to sit here."

"But Mr. Weijian, it's not convenient for you to watch the ceremony here. How about we sit in the front row?" Du Luo reminded him with a smile.

With a smile on her face, Su Huixian said, "Mr. Hao from the Gao Sheng Investment Company, Mr. Zhu from the Li Le Jewelry, and Mr. Gao from the Lai Yao Pictures are all in the front row."

"Whatever. They can sit wherever they like. I want to sit with Su Bei here," Lu Weijian said casually.

His casual words shocked both Du Luo and Su Huixian. He wanted to sit next to Su Bei?

Did he know Su Bei?

Judging from their expressions, it seemed that Du Luo and Su Huixian didn't expect this. They had to admit that Lu Weijian seemed to come for Su Bei!

Su Huixian said in a more humble manner, "Mr. Weijian..."

"Go ahead with your own business. Don't disturb me and Su Bei," Lu Weijian interrupted Su Huixian directly.

Su Huixian's face darkened, and her delicate makeup couldn't hide her sad look.

Lu Weijian came here for Su Bei!

Lu Weijian didn't look at them anymore. He turned to Su Bei and said, "Su Bei, we've met before. Have you forgotten?"

Five years ago, Su Bei did see Lu Weijian two times in social occasions, but they didn't know each other, so Lu Weijian didn't notice Su Bei at that time.

"Now I remember," said Su Bei with a smile.

"I didn't lie about this, right? I was drunk at that time and didn't let go of a tree. Tell me the truth. Did you laugh at me at that time?" Lu Weijian had been longing for his sister-in-law for a long time, so he felt very kindly toward his sister-in-law.

Even Su Bei thought he was too kindly toward her.

Lu Weijian thought his brother was emotionless. But he didn't expect that his brother would have emotional upheavals because of the woman in front of him. So he was very interested in Su Bei.

He was really impressed with Su Bei.

Seeing the expression on Lu Weijian's face, Du Luo knew that he couldn't invite Lu Weijian to sit in the front seat. Lu Weijian probably came here for Su Bei today.

He didn't expect that Mr. Weijian, the leader of the Lu Group, would be one of Su Bei's followers!

He was superficial! In that case, he didn't want to deal with Lu Weijian anymore.

Su Huixian felt more and more uncomfortable. It was not easy for Lu Weijian to come to her engagement party, but she didn't expect that he came for Su Bei.

It seemed that he really wanted to show his true feelings for Su Bei.

But on second thought, would a rich man from a powerful family really love a woman? Today he could fall in love with a model like Su Bei, and tomorrow he might fall in love with another popular actress.

So Su Huixian finally calmed down a little.

Du Luo held her hand and accepted the blessings of all the guests with her.

The engagement party began.

Although both Du Luo and Su Huixian tried to comfort themselves in their hearts, their faces were still gloomy.

The engagement ceremony was very romantic. Flowers and champagne were handed over again and again.

The guests also cooperated with each part of the show. The applause and laughter poured into everyone's ears.

But every time Su Huixian saw Lu Weijian and Su Bei sitting together and talking happily, Su Huixian's heart began prickling uncomfortably again.

Chapter 230 Su Bei Already Has a Lover

Would Lu Weijian succeed in pursuing Su Bei? Would the Di Xing Media Company sign a contract with Su Bei and emphasis on training her? Would the Lu Group give many resources to Su Bei in the future?

Su Huixian's mind was full of such questions.

Not only her, but also Xu Zhiqin and Su Xingfu kept thinking about it.

It could be said that at this moment, Su Huixian's mind was completely unable to focus on the engagement party that she had been longing for.

In the middle of the engagement party, Su Bei and Lu Weijian felt some closeness with each other.

Now, Su Bei had known that Lu Heting was a distant relation of Lu Weijian. He had always been in good relationship with the Lu Group. So the Lu Group was very nice to Lu Heting.

She also knew that even Gun Gun had a good relationship with Lu Weijian.

It could be seen that Mr. Weijian was different from other rich men. He didn't assume an air of superiority before others. It did change the way Su Bei felt about Lu Weijian.

Lv Shan sat aside and didn't hear what they said. But she thought that if Lu Weijian treated Su Bei in this way, she really didn't need to worry about Su Bei's future life!

As expected, Su Bei was a treasure, a treasure that she couldn't own easily.

Because of Lu Weijian, the leaders of the high-ranking companies present today also looked at Su Bei.

They understood that Lu Weijian was pursuing Su Bei!

Therefore, after a while, all the big shots came over with wine. Since Lu Weijian pursued Su Bei openly, they naturally came to greet her.

For a moment, few people carefully watched the engagement ceremony of the Du family and the Su family.

Only relatives and friends could be moved by this kind of ceremony. They had no interest in this kind of ceremony because they just had social and commercial relationship with the two families. Now they all walked towards Su Bei.

Lu Weijian thought that it was not a big deal. If he didn't come, these people would certainly bother Su Bei!

He quickly stood up and said, "Everyone, Su Bei already has a lover. Please give us some time to be alone, OK?"

The big shots got the point at once and left.

In fact, if it weren't for Lu Weijian, they wouldn't have come to propose a toast to Su Bei. Of course, some of them did have a crush on Su Bei and might have used some other way to achieve their goal.

But now, all these were stifled in the cradle.

Lu Weijian could take tonight's achievements to ask for credit from Lu Heting.

Seeing the situation here, Su Huixian felt much worse than being bitten by ants.

Lu Weijian continued to chat with Su Bei, "Well, I usually call Lu Heting brother. I know you and my brother are married, so I'm helping you get rid of those men. Can I call you sister-in-law in the future?"

"Okay, Mr. Weijian. I used to think that you were the kind of domineering boss in novels. I thought you are not easygoing. I thought you are very aloof. But I really didn't expect you to be so easy-going. In fact, I should have thought about it earlier. You were so nice to Lu Heting before, and I should have known that you are actually very approachable," Su Bei said sincerely.

"Well, I'm always so approachable. I always get along well with my colleagues in the company."

'Your husband is the one who is very aloof!'
