

Chapter 241 Such a Good Artist

Seeing that her reputation on Weibo had turned better, Su Bei was completely relieved.

“Mr. Weijian is really good. The content of his Weibo is very precise,” Su Bei said.

Of course, because this was written by Lu Heting himself. He had checked it several times, and even the supporting pictures were chosen by him in person. He tried to clarify for Su Bei and not let Lu Weijian have any intimate relationship with Su Bei.

The result satisfied Lu Heting very much. Although there were occasionally a few people who tried to make a match between Lu Weijian and Su Bei, overall, this kind of voice was too weak and soon disappeared in the vast sea of people.

Lu Heting appreciated his achievements very much. He didn't want others to make a match between Lu Weijian and Su Bei. It was terrible.

Lu Heting tried to reduce the positive image of Lu Weijian. So he said, “I have checked this Weibo too. The Lu Group has a lot of talents. It may not be written by Mr. Weijian himself.”

Su Bei nodded and continued, “Anyway, Mr. Weijian is a nice person. In order to help me clarify my relationship with him, he even said he was familiar with me. To be honest, if I don't invite him to dinner, I really think I owe him too much.”

Lu Heting was speechless. It took Lu Heting a lot of time and energy to do the job, but the one who got the praise was Lu Weijian, who was just copying the content with his fingers.

He was unhappy and angry.

“You are my wife. Of course he is familiar with you. After all, I have known him for more than ten years,” Lu Heting said in a low voice.

It was not until then that Su Bei realized that Lu Heting was the person who got the main credit. She narrowed her eyes with a smile and said, “Thank you too, Lu Heting. If Mr. Weijian has time, let's invite him to dinner next time, okay? I want to express my gratitude to him for taking care of you and me. What do you think?”

“Good.” Lu Heting was happy. Because he could feel Su Bei's closeness to him in her words. Besides, he could also feel that Su Bei was courteous to Lu Weijian.

Holding her phone in her hand, Lv Shan was trying her best to keep the scandal under control.

Unexpectedly, Lin Yu and Lu Weijian posted the Weibo one after another.

In an instant, the situation on the internet had all reversed.

Lv Shan thought, ‘Su Bei is really a good artist! Even Mr. Weijian made the clarification for her in person!

What's more, Lu Weijian's tone was so friendly that he and Su Bei even made an appointment in private.’

To be honest, Lv Shan had been in the entertainment industry for a long time, and she had worked for many popular stars, but no one could successfully enter the core of the rich. If those stars could have dinner with the rich, they would hype this for a long time.

Su Bei had such a good relationship with Lu Weijian in private, but she didn't mention a word about it. Lv Shan thought highly of Su Bei again.

Then numerous phone calls came up in Lv Shan's phone.

Some of the brands which were still in wait-and-see mode for Su Huixian and Su Bei now made up their minds. After this incident, they decisively chose Su Bei.

It was not only because Su Bei had a good relationship with Lu Weijian, but also because of the farce this time. Su Huixian was trying too hard to get the attention, but Su Bei was different from her.

Brand owners also had to consider risks and reputation. It was self-evident who they would choose.

In addition, the senior management of the Qian Yu Entertainment Company called Lv Shan and asked her to take good care of Su Bei. If Su Bei needed anything, just told them.

Lv Shan couldn't help but complain in her heart, 'Why didn't you pay attention to Su Bei before?'

Chapter 242 I Can't Bear the Risk of Losing Her

Mrs. Lu watched the news and frowned.

As a rich lady, she had never been interested in gossip in the entertainment industry.

But it was about her family, so she had to focus on the news.

Although Lu Weijian was not her biological son, she was still concerned about his personal condition.

After reading the news carefully, she found the woman named Su Bei.

In her impression, this name once appeared on the marriage certificate of her son.

Mrs. Lu came to the company as soon as she could and found Lu Heting.

"Mom, why are you here?" Lu Heting was dealing with business.

"What's going on between Su Bei and Lu Weijian?"

Lu Heting didn't expect that his mother would also watch entertainment news. He said simply, "Anyway, it's not Su Bei's fault. It's just that there are people in the industry who want to stir up trouble. Mom, you don't know the rules of the entertainment industry, so you don't have to worry about it."

"Lu Heting, let Su Bei come home for dinner." Mrs. Lu said, "I want to meet her. So I can take the chance to know her."

Most importantly, she needed to know Su Bei's character and persuade her to quit the entertainment industry.

Being Lu Heting's wife was not only Lu Heting's own business. It was about Gun Gun's future education. Besides, she was Lu Heting's wife, the Lu Group's CEO's wife.

As a woman in the entertainment industry, how could she educate her children well? And her identity could not convince the public.

It seemed that Lu Heting had seen through his mother's mind. With a serious look on his face, he said, "I can't let you see each other now."

"Why?" Mrs. Lu asked.

"Mom, you will hurt her. I can't let you see her," Lu Heting said bluntly.

Mrs. Lu's face darkened and said, "Do you think so of your own mother? Am I such a horrible person in your eyes?"

Realizing that his tone was too harsh, Lu Heting told his mother in a low voice that he had hidden his real identity for the time being.

Mrs. Lu was surprised to hear that. She couldn't believe that her mature and steady son would do such a thing.

"Son, are you kidding me?"

"It doesn't matter. Now that I've already made an opening, I can only do this for the time being." Lu Heting's voice sounded helpless. But when he mentioned Su Bei, his eyes looked pampering. "Mom, I can't bear any risk of losing her again."

He would not let that happen, even if the risk might come from his mother.

Mrs. Lu had never seen her son like this before.

When he was very young, he had already taken over the family business and controlled the Lu Group. With his own strength, the Lu Group's business had developed to a higher level.

He had never cared about love. Mrs. Lu was even afraid that he would never marry someone.

Now, Mrs. Lu felt worried and relieved.

What kind of woman was Su Bei? Why did her son do this?

The point was that her son had loved this woman so much, but this woman hadn't fallen in love with him yet?

Mrs. Lu admitted that Su Bei was indeed very beautiful, but beautiful women were everywhere.

She was really afraid that her son would be tricked by this woman!

"Then I'll leave it to you. You can deal with it by yourself." Mrs. Lu didn't want to interfere too much with her son's private things, but her tone was full of worry.

"If you don't believe in Su Bei, you should also believe in your son's judgment." Lu Heting sent his mother out.

Chapter243 How Could This Be Reasonable?

Mrs. Lu couldn't change her son's mind, so she didn't dare to push him too hard.

Now he was in charge of the Lu Group. She had to save both her son's and her own face.

She had no choice but to give up the idea of meeting Su Bei in private for the time being.

After seeing his mother off, Lu Heting gently pinched between his eyebrows. Was this really nonsense?

If the person was Su Bei, he thought he could act recklessly all his life.

Lu Weijian knocked on the door and came in.

As soon as he came in, he saw his brother's face full of excitement.

"Brother, did my sister-in-law call you again?"

"Get straight to the point." Lu Heting stopped smiling.

Lu Weijian snorted. As expected, his brother would abandon him for his woman.

"I want to tell you two things. One is that my game development company has released a new game and wants to find a spokesperson. I think my sister-in-law is very good and I want her to be the ambassador. The main female role in my game has fair skin, slender waist and long legs. I think she is completely customized according to the image of my sister-in-law. So, brother, can my sister-in-law spare some time?"

Lu Weijian's words worked, so Lu Heting decided to help him. "I'll ask about it for you later."

"Don't forget it, brother." Lu Weijian fawningly massaged Lu Heting's shoulders and back. He liked the business value of Su Bei. And he thought they could reach a win-win situation.

Lu Weijian continued, "The second thing is that I need some masters in my game club. I found a person who didn't join any team, but he is very powerful. Brother, please help me persuade him to come to my club."

Lu Weijian was addicted to games. In the past few years, he had caught up with the development of games all over the world. He had invested and managed several game development companies and game clubs, and every day he was addicted to them.

Every time he asked for Lu Heting's help, it was all about the game.

However, even though he had invested so many games related industries and spent every day in games, he was not as good as Lu Heting, who occasionally logged in the game.

How could this be reasonable?

"Tomorrow," Lu Heting said flatly.

"Okay. It's a deal. You must help me defeat him tomorrow!"

Before Lu Weijian could finish his words, Lu Heting began to pack up and was about to leave.

Obviously, he wanted to go back to accompany Su Bei and Gun Gun.

After the matter between Lu Weijian and Su Bei had passed, Lu Heting asked Lv Shan about it. After the dramatic turn of the tables, Su Bei had a lot of work to do next, and the time she could stay at home was limited.

He had to hurry up.

“How about having dinner together?” Lu Weijian invited.

“I want to have dinner with Su Bei,” Lu Heting said without looking back.

Watching his brother’s receding figure, Lu Weijian shook his head helplessly.

Lu Heting went back home. In the elevator, there were elder people and children coming in and out occasionally.

He remembered that the thirty families were the families with children and elderly people, and it was because of Su Bei that he let it go.

He had rarely been stirred up by these things since he was a child, but at this moment, his heart was slightly soft.

When he got home, Gun Gun was leaning against Su Bei, reading a book. Su Bei was playing games on her phone.

The peaceful scene was full of happiness.

Chapter 244 Su Beibei Only Belongs To The Lu Family

Lu Heting sat next to Su Bei. Su Bei asked, “Hey, you’re back?”

“Yes.” Glancing at her phone screen, Lu Heting found that she was about to win.

Sure enough, after a while, Su Bei was very excited. “I win! I win! That’s it! I feel so good when I have a powerful partner with me!”

Lu Heting glanced at her screen and found that her partner was a person named “Da Bao”.

All of a sudden, he remembered the name she had mentioned before. His heart ached.

He remembered last time when he used Lu Weijian’s phone, he even taught Da Bao a lesson in the game.

“You are a player of this game too? I can be your partner.” Lu Heting took out his phone confidently.

Su Bei’s eyes lit up and she looked at Lu Heting expectantly.

When Lu Heting unlocked his phone, he was suddenly embarrassed. Because he didn’t have this game on his phone.

He used Lu Weijian’s phone to play this game occasionally.

But Su Bei didn’t expose him. She smiled and said, “Then you can download it and then be my partner. Or you can use my phone first and I will help you download the game.”

“Then I’ll log in to my friend’s account first.” Lu Heting was about to log in to Lu Weijian’s account.

However, a moment later, he saw that Su Bei’s name in the game was Xiao Bei!

Generally, he didn’t feel anything wrong about Su Bei’s ID of Weibo—Xiao Bei. But when he saw Da Bao’s name, he felt that the two name had the same pattern. Da Bao and Xiao Bei, these two names looked a little dazzling.

“I’d better download it myself. It’s not convenient to log in to my friend’s account.” Lu Heting quickly downloaded the game.

He registered the user name Su Beibei Only Belongs To The Lu Family decisively. He was very satisfied with this name.

Taking a glance at his account name, Su Bei asked, “Lu Heting, why do you choose such a name?”

She felt a little embarrassed.

“I can’t think of a better one for the time being. So I want to use this for the time being,” Lu Heting replied.

After all, this was the best name he could think of.

“Okay, let’s start. Let’s team up with Da Bao.”

Lu Heting, Su Bei, Da Bao and a stranger named I Will Be The Champion Tonight formed a team and started the game.

Da Bao, on the other side, noticed the name Su Beibei Only Belongs To The Lu Family. In his heart, he was quite clear that this man might be Xiao Bei’s Lu Heting.

Although he hadn’t met Lu Heting before, he could clearly feel the jealousy and hostility between men.

Da Bao was not very close to his own father. He frowned slightly and soon started to play the game.

At the beginning of the game, Gun Gun, who was sitting next to Lu Heting, sat up and touched Lu Heting’s arm. Gun Gun lost his balance and then the gunshot in the game rang out.

Soon, the enemies around were attracted by the gunshot and rushed over.

The stranger who named I Will Be The Champion Tonight could not help but sneer, “What are you doing? It’s ok that you don’t have enough equipment in the game. But why did you do this? Are you serious? Can you see my words, Su Beibei Only Belongs To The Lu Family?”

Before he could finish his words, Su Beibei Only Belongs To The Lu Family directly killed the enemy rushing over and said calmly, “It’s my fighting strategy!”

I Will Be The Champion Tonight replied, “Okay, I worship you!” A player like him who could do nothing from the beginning could only watch Lu Heting showing his excellent skills.

Su Bei looked at Lu Heting with delight. “Wow, you’re awesome! You are so handsome!”

Being praised by his wife, Lu Heting was satisfied, but his face remained calm.

Chapter 245 The Gun Went off by Accident

Da Bao snorted, "Is it meaningful to do this?"

He had been using a voice changer in the game, so his voice was pleasant and clear, just like a teenager's.

He said these with a calm voice, and then killed several enemies and protected Su Bei.

Hearing his voice, Lu Heting tensed up. The man named Da Bao was indeed a strong competitor. Da Bao was young, capable and could often play games with Su Bei. No wonder Su Bei would miss him.

With the phone in her hand, Su Bei was very satisfied. Her son was awesome, and so was her husband. How happy she was!

But... She was busy appreciating the handsome fighting skills of her husband and son. Now she had no equipment in the game!

What should she do? If she stood here without any equipment, she would become other's target.

When she was in distress, an excellent weapon was thrown at her feet.

"Thank you, Da Bao!" Su Bei picked it up at once.

As soon as she picked it up, a better weapon was thrown to her. It was from Su Beibei Only Belongs To The Lu Family.

Su Bei picked it up again and sighed with satisfaction, "Thank you. It's good to play with excellent players!"

I Will Be The Champion Tonight was jealous. "Can you two share some weapons to me?"

Su Beibei Only Belongs To The Lu Family and Da Bao ignored him and threw weapons and equipment to Su Bei again and again.

Looking at her own feet, Su Bei found that Da Bao had thrown a better weapon to her. Then, Su Beibei Only Belongs To The Lu Family threw a better weapon to her again. They alternated with each other.

Su Beibei Only Belongs To The Lu Family threw her a piece of equipment. Then Da Bao threw her a better equipment. Then Su Beibei Only Belongs To The Lu Family threw her a much more better one...

The outsider, I Will Be The Champion Tonight, seriously considered whether to get another account next time and then use a voice changer to pretend to be a cute girl.

Facing a lot of weapons and equipment, Su Bei was speechless.

She couldn't pick and use so many weapons.

"I'll take them for you." Su Beibei Only Belongs To The Lu Family and Da Bao helped her take them.

Su Beibei Only Belongs To The Lu Family followed Su Bei and they walked forward together.

Da Bao came back to talk to Su Bei from time to time and helped her take things.

It could be seen that Da Bao had a good relationship with Su Bei, and they were very familiar with each other. They must have played games together many times.

Judging from the tone of Su Bei, she and Da Bao had a tacit understanding. They could understand each other with few words.

Lu Heting's heart was filled with jealousy.

Su Beibei Only Belongs To The Lu Family was supposed to be with Xiao Bei, but soon Da Bao came over and pulled Xiao Bei forward.

Su Beibei Only Belongs To The Lu Family raised his hand and shot at Da Bao, which was blocked by Da Bao's equipment. So Da Bao was unharmed.

Of course, the clear sound of bullets showed clearly what Lu Heting had done.

Da Bao's voice was serious: "What are you doing, Only Belongs To The Lu Family?"

He deliberately omitted the name "Su Beibei", because he hadn't recognized Lu Heting yet, and he didn't recognize Su Beibei Only Belongs To The Lu Family.

"The gun went off by accident," Su Beibei Only Belongs To The Lu Family replied indifferently. He walked up to Xiao Bei and separated her from Da Bao.

Soon, Su Beibei Only Belongs To The Lu Family also felt that he was shot. He raised his eyebrows and asked, "Da Bao, what are you doing?"

"Sorry, the gun went off by accident," Da Bao gave him a clear answer.

Chapter 246 Not Good at Other Aspects

Su Beibei Only Belongs To The Lu Family said, "Da Bao, let's have a one-on-one fight sometime, okay?"

"Okay, I'm here for you!" Da Bao was not backward to defend himself.

Su Bei's eyes lit up. When could she see the excellent battle between the father and son? But it seemed that Lu Heting had an unfair advantage to defeat Da Bao.

Although Lu Heting and Da Bao didn't like each other, they still beat their opponents with Su Bei.

"Lu Heting, you're so handsome!" As soon as Su Bei put down her phone, she couldn't help praising him. She always thought Da Bao was perfect, but she didn't expect that Lu Heting would play better than Da Bao.

"You do me too much honor," Lu Heting said with a nod.

However, Su Bei's words gladdened his heart. He was very happy.

"Do you often play this game?"

"Not often." Only when Lu Weijian needed help.

Su Bei admired him even more. Indeed, he didn't play it often. Because he didn't have this game in his phone.

Although he didn't play it often, he still had such excellent skills. He was the real master!

"Do you often play with Da Bao?" Lu Heting asked.

"Not often. Occasionally."

After all, Da Bao was still a child, so Su Bei was very strict with him. As a mother, she was very responsible for her son.

If it weren't for Da Bao's unwillingness, Su Bei really wanted Da Bao and Lu Heting to meet earlier and cultivate their relationship.

There must be sparks between the two of them when they meet.

Unfortunately, Da Bao... He had a deep feeling for Feng Ze.

Su Bei still remembered the sad looks in Da Bao's eyes when he knew that Feng Ze was not his biological father.

But Su Bei had never said that Feng Ze was his father.

With a sigh, Su Bei wondered when Da Bao would change his mind.

Lu Heting thought of the words of Lu Weijian and asked, "Su Bei, Lu... Mr. Weijian said he wants you to be a game's ambassador. Are you interested in it?"

"Yes, yes, yes. How much is the endorsement remuneration?" Su Bei nodded hard and looked at Lu Heting sincerely.

"I don't think he will treat you unfairly. If you are interested in this job, let Lv Shan talk to Mr. Weijian."

"Okay!" Su Bei nodded and sent a message to Lv Shan.

She just wanted to earn more money as soon as possible. After all, she didn't have time to make a detailed career planning in her life.

Lu Heting could tell that she cared a lot about money. Perhaps she had experienced a family change and felt insecure.

He didn't mind himself filling in her sense of security.

The finance department of the game company belonged to the headquarter of the Lu Group, so it would not treat Su Bei shabbily in terms of money.

All of a sudden, Su Bei put down her phone and asked, "Heting, are you sure that Mr. Weijian thinks I'm the right person to give me this opportunity?"

"Do you think I will practice favoritism?"

Looking at his handsome face, Su Bei shook her head slowly.

"Mr. Weijian even asked me to persuade you to be the ambassador of this game. Mr. Weijian doesn't have other abilities, but he has a unique insight in everything related to games and will never make mistakes, including choosing an ambassador."

Su Bei looked at Lu Heting and asked, "Well, do you think... Do you think that's a suitable assessment of your boss?"

Chapter 247 Bring the Rival in Love to His Side

"Ahem..." Lu Heting realized that his evaluation was not appropriate.

As a driver, how could he judge his boss's ability?

"I know how you see Mr. Weijian in your heart." Su Bei's eyes hinted that she had understood but she would not blab to Lu Weijian.

Lu Heting coughed again. It didn't matter if she blabbed it to Lu Weijian. Because Lu Weijian had already got used to his numerous comments.

"So, daddy, Bei Bei, what are you talking about?" Gun Gun raised his head and looked at them curiously.

"We are talking about what to eat tonight. Let's go to see what Aunt Chen has cooked." Su Bei picked Gun Gun up and walked towards the kitchen.

Lu Heting's eyes followed Su Bei until she went into the kitchen.

Then he looked down at the personal information of Da Bao again.

There was no clue from the existing information, and Lu Heting didn't even know what kind of man Da Bao was.

However, Lu Heting believed that he would know it soon.

The second day, he went to the company and found Lu Weijian.

"Is this Da Bao the one you said is good at playing games?"

"That's right! It is him! Brother, you know I'm a good player. Of course you are better than me. But I still can't win Da Bao every time. And guess what? I found that he is still the Satan who tried to hack the financial system of our company last time! I always feel that he was up to something!"

Lu Heting agreed.

Da Bao must like Su Bei and knew that she lived with him, so Da Bao tried his best to know him.

Lu Heting soon realized that Da Bao was an excellent competitor!

Lu Heting's only disadvantage was that he didn't know whether Su Bei had feelings for him.

They were only nominal couple. This fact really made him dejected.

"Brother, how about we secretly investigate who is this Da Bao? If it's appropriate, let him join my game club! Maybe he can shoot the game advertisement with my sister-in-law!"

As soon as Lu Weijian finished his words, he saw the change of expression on Lu Heting's face.

There seemed to be a cold wind blowing around, which made Lu Weijian's back feel cold.

He touched the back of his head dully, "Brother, did I say anything wrong?"

It was more than a mistake. It was totally wrong! He not only wanted to bring his brother's rival to his brother's side, but also wanted to ask the rival to shoot an advertisement with his sister-in-law!

"Dear brother, I'm sorry. Then let's talk about how to deal with Da Bao."

In the afternoon, Lv Shan accompanied Su Bei to see Lu Weijian.

Generally speaking, the advertising shooting was in the charge of Lu Weijian's subordinates. Choosing the ambassador was out of Lu Weijian's hand. But Su Bei was not an ordinary artist. She was a special artist.

Of course, Lu Weijian would receive them in person.

The people in the company didn't think it was strange. After all, as long as it was about the game, Mr. Weijian liked to deal with it in person, and everyone had long been used to it.

Lv Shan also heard about this in secret, so she was very calm when she was received by Lu Weijian.

"My... Eh, Bei Bei and Lv Shan, come in and have a seat." Lu Weijian led Su Bei and Lv Shan inside.

Chapter 248 A Boss Became a Fan

He couldn't speak out the word "sister-in-law" because he was dealing with the official business and they were in the company.

"This is the contract made up by the company. Lv Shan, please help Sister Bei Bei check it." Lu Weijian handed the contract to Lv Shan.

Lu Weijian made several cups of coffee and brought them here.

It was not until now that Lv Shan felt flattered. She had worked for so many stars and signed so many contracts. Most of the time, those companies were superior to others.

Those companies naturally represented authority and power. So their bosses always acted as if they were above the stars.

It was the first time that Lv Shan had enjoyed a boss' warm service.

"Thank you, Mr. Weijian." Lv Shan took the contract and the coffee with both hands.

She glanced at Su Bei and was sure that there were only a few short encounters between Su Bei and Lu Weijian, which could not be hidden in any way. Lv Shan's eyes were sharp and could see through this at a glance.

But obviously, when Lu Weijian looked at Su Bei, he didn't act like her boss. Instead, he acted like her fan.

Lv Shan sighed slightly. How many stars dreamed of changing their boss into a fan?

They didn't need to change too many bosses. They only needed to change one or two bosses. Then they would have a bright future. A boss might reward them a little when he was in a good mood, but a fan was sincere to offer them a gift. Besides, a fan would be afraid that the stars would not accept the gifts.

Now that Su Bei had a fan from a rich family. As Su Bei's agent, she would also get benefit.

"Sister Bei Bei, if you are bored, you can visit the company casually," Lu Weijian suggested.

"No, thanks. The Lu Group is too big. It will be so embarrassing if I lose my way later." As soon as Su Bei came in, she walked in the company for a long time to find the office.

This place was too big. She had thought that she could see Lu Heting when she came here today.

Looking at the internal area of the Lu Group, the probability of her meeting with Lu Heting was probably infinitely close to zero.

"It doesn't matter. I'll go with you," Lu Weijian said immediately.

"It sounds good." Su Bei stood up.

Lu Weijian took her out.

The employees who were gossiping had already looked around. Many people knew that Lu Weijian had helped Su Bei clarify the matter on the internet last time. When they heard that Su Bei came to the company today, they all looked at her eagerly.

They were eager to find some big news.

"Sister Bei Bei, this way." Lu Weijian showed the way to Su Bei.

The employees around them all had an expression of understanding. Their leader called Su Bei "Sister Bei Bei?"

"Mr. Weijian, don't be so formal. Just call my name," said Su Bei with a smile.

"No, I can't do that." He didn't dare to ignore his brother.

"Why not?"

"Because... It's too polite to call you Miss Su. And I don't think it's appropriate to call you by your name. Since I called you Sister Bei Bei last time, I'll continue to call you that."

"Okay." Su Bei did not continue to object.

Lu Weijian introduced the company to her, "This place is in perfect order. In fact, it's all the credit of the Lu family's top leader. Although the company had accumulated a lot of wealth from its original generation, its management concept was somewhat entrenched, which was a little old-fashioned. It was he who took over the Lu Group and turned the tide, making the company on a more shining road. Almost everything here is condensed by his painstaking efforts."

'Brother, I have praised you like this. Even if I didn't make any big contribution, I have done as much as I could.'

Chapter 249 Be Partial to Su Bei

Su Bei listened carefully and didn't realize that the top leader was her husband at all.

After all, what Lu Weijian said was actually quite confusing. From his grandpa's generation to the current top leader, ordinary people would think that the top leader should be a person older than Lu Weijian.

"This building was actually built after he took over the Lu Group." Lu Weijian was wholeheartedly praising his brother's achievements and laying the foundation for his brother to show his real identity in the future.

"Everyone who is able to reach the top of the industry has made a hundred times more efforts than ordinary people," said Su Bei.

"You are right, but his talent is also amazing." Lu Weijian admired his brother from the bottom of his heart.

"Yes, talented people still work so hard. What should we ordinary people do?" Su Bei nodded.

Lu Weijian kept saying in his heart, 'You can find someone with talent and work hard to be your husband! You are already at the top of your life. What should other ordinary people do?'

After visiting the company and returning to the office of Lu Weijian, Lv Shan had almost finished reading the contract.

She was very satisfied with the contract!

In addition to less requirements, the pay was also high, and the image created for Su Bei was also very good. Now there were many young people playing games, and at that time, they could also publicize for Su Bei.

Sure enough, the fan was great. Compared with other bosses who had many requirements, a fan was the most intimate existence in the world.

"No problem, Su Bei. We can sign it." Lv Shan briefly explained the contract to Su Bei.

In fact, at home, Lu Heting had told Su Bei in detail what she should pay attention to. Even though the partner of Su Bei was Lu Weijian, Lu Heting was still partial to Su Bei and reminded her in advance what she should pay attention to in order to make sure that his wife would not be tricked by his brother. But it would be fine if his wife tricked his brother.

With a pen in her hand, Su Bei signed her name smoothly.

"Sister Bei Bei, let's have dinner with the male artist who will cooperate with you tonight," Lu Weijian said.

There were two ambassadors for the game this time, a man and a woman. Other people in the company were in charge of the male artist. Although Lu Weijian was interested in the game, it did not mean that he was also interested in the male artist.

"Okay," Su Bei nodded in agreement.

It was a normal social engagement for them to have dinner. Such a matter was an everyday occurrence during the shooting.

Moreover, this time, Lu Weijian really helped her a lot. Everything was good for Su Bei, and Su Bei would certainly have dinner with them.

In the evening, accompanied by Lv Shan, Su Bei and Lu Weijian arrived at the restaurant they had booked.

The male artist, Fang Shaocong and his agent had just taken their seats.

After the staff of the Lu Group introduced each other, they exchanged greetings and then sat down again.

Recently, Fang Shaocong was quite famous in the entertainment industry. He had participated in several great works in a row, and now he was a hotshot in the industry.

Just like other popular stars, he also had a handsome face. But when people saw him in person, they would find that he was not as elegant as he was on TV, and even a little frivolous.

Su Bei had watched his TV series. He had acted many protagonists in the TV series. In those TV series, he was affectionate and smart. So Su Bei had a good impression of him.

So when Fang Shaocong stood up and proposed a toast, Su Bei immediately stood up and smiled politely, "Thank you, Mr. Fang. I hope we can work well together."

Chapter 250 Don't Pretend to Be Pure, Okay?

When Su Bei lifted her glass to Fang Shaocong's, Fang Shaocong's hand touched the back of her hand intentionally or unintentionally.

Su Bei took back her hand at once, and her face changed abruptly. She had never expected that a young popular star like Fang Shaocong, who had been the idol of thousands of girls, would do such a thing.

Maybe he was just being careless?

Putting down her glass, Su Bei hoped it was just her illusion.

Unexpectedly, Fang Shaocong got close to her and said with a smile, "Su Bei, let's go to sing later. Shall we have two more drinks?"

"I'm sorry that I'm very busy. You can do it without me." Seeing his eyes, Su Bei thought she should not have found an excuse for him in her heart just now. Now she realized that he was indeed such a person.

She didn't expect that he would have an inflated view of himself when he became popular.

Lu Weijian didn't see what Fang Shaocong was doing. Noticing that Su Bei didn't look well, he asked in a low voice, "Are you okay, Sister Bei Bei?"

"I'm fine. I'm just a little tired." After thinking for a while, Su Bei didn't mention about Fang Shaocong. She had just signed the contract. She couldn't let Lu Weijian break the contract for such a small matter.

She had no right to ask Lu Weijian to do so, and Lu Weijian would not afford such a loss for her.

The shooting of the advertisement would only take about three days at most. At that time, there would be so many people on the spot, so Su Bei guessed that Fang Shaocong would not dare to act rashly at that time.

She had to be more careful. Three days would pass quickly.

“Since you a little tired, let’s end the dinner earlier. Then you can home early.” “Everyone, it’s getting late. I’ve finished my meal. Since we don’t have anything else to do, let’s get out of here and go home. Remember to come to the set early tomorrow,” said Lu Weijian with a smile.

Lu Weijian walked out with Su Bei quickly.

Looking at their receding figures, Fang Shaocong sneered, “Don’t pretend to be pure, okay? You can accompany Lu Weijian, but you can’t accompany me?”

He entered the entertainment industry as a rich young man. His purpose in entering the entertainment industry was to sleep with as many beautiful women as possible.

Because he was very rich, so he could get the excellent resources, which could make him stand out in the entertainment industry quickly.

Besides, his rich father was very generous to him.

His agent persuaded him, “Mr. Shaocong, you can sleep with other women you like. But Su Bei is not a good choice. After all, she is the one who is chosen by Mr. Weijian. It seems that Mr. Weijian cares about her very much. There is no need for us to be against Mr. Weijian, right?”

Actually, Fang Shaocong didn’t dare to offend Lu Weijian, let alone to touch Su Bei.

But he heard from his rich father that Lu Weijian was not the real descendant of the Lu family at all. He just had some prestige outside and had no real status in the Lu family.

Knowing this, his desire was aroused. He did sleep with a lot of beautiful women in the entertainment industry, but Su Bei was different. Her skin was as white and tender as tofu. She looked pure and natural, making him intoxicated.

Now that Lu Weijian’s status might not be comparable to his, what was wrong with him to have Lu Weijian’s woman?

“Lu Weijian is nothing to me. I like this Su Bei. Go and get her phone number for me right away!” Fang Shaocong was used to being a playboy. He had to get what he wanted!
