

### **Chapter 251 You Can Be with Him, But You Can't Be with Me?**

In fact, Fang Shaocong's agent was just like his assistant and had no right to refuse Fang Shaocong.

So he had no choice but to follow Fang Shaocong's requirement.

Lu Weijian sent Su Bei and Lv Shan back and said, "Sister Bei Bei, the shooting time is about three days. If you need anything, just tell me. You can call me at any time."

Su Bei nodded.

After saying goodbye to Lu Weijian and Lv Shan, Su Bei's phone rang at the gate of the community. It was a strange phone number.

Su Bei answered the phone.

"Su Bei, I'm Fang Shaocong." Fang Shaocong's voice came from the other end of the line.

He had a handsome face, but his voice was a little frivolous. It was obvious that he used dubbing in the TV series he had filmed before.

In public's eyes, he was single, innocent, and even kept his first kiss. This image was created for him by his company.

"Mr. Fang, what can I do for you?"

"Where do you live? I'll ask someone to pick you up. Didn't you say that we would drink together tonight?"

Drink together tonight? Su Bei really wanted to contradict him. When did they make a deal?

She smiled and said, "Mr. Fang, you must get things wrong. We only have the work we have agreed on tomorrow. Is there any other agreement?"

Fang Shaocong said bluntly, "Su Bei, I know you want to be with Lu Weijian, so you have to pretend yourself in front of me. But let me tell you, I can give you whatever Lu Weijian gave you."

"Fang Shaocong!"

"What? You can be with him. But you can't be with me?" Fang Shaocong sneered.

He had never met a woman like Su Bei. She must be an interesting woman!

Su Bei said coldly, "I won't come there to drink. As for the work, I will finish my part well. You can do whatever you want in your part. It's none of my business. I really hope that the twenty million fans of your Weibo can know what kind of person you are!"

Then Su Bei hung up the phone.

Fang Shaocong put away his phone and snorted. How could Su Bei talk to him like this? Was it because she had the support of Lu Weijian?

He would teach Su Bei how to write the word “regret.”

After hanging up the phone, Su Bei took a deep breath. Then the haze on her face changed into a bright smile. She couldn't take her anger at work to home, which had always been her life principle.

When she got home, she would be the bright Su Bei.

When she got home, Gun Gun had fallen asleep, while Lu Heting was still waiting for her in the living room.

Su Bei felt warm in her heart. She remembered that it was usually Da Bao who sat in the same seat waiting for her.

“How's your work today?” Lu Heting put down his financial magazine.

According to Lu Weijian's report, everything went well.

However, since Lu Heting didn't see anything with his own eyes, he was really worried.

He spent the whole afternoon in his office, trying to restrain his impulse to go downstairs to accompany her.

But as a driver, it was not appropriate for him to show up, so Lu Heting had to be invisible.

“Everything is fine. Mr. Weijian is nice to me,” Su Bei smiled.

In fact, she wanted to tell Lu Heting the issue about Fang Shaocong.

But on second thought, he could do nothing to help her, and it would hurt his self-esteem after saying that, so Su Bei decided not to complain.

What was more, the worst situation was that she was detested by Fang Shaocong and lost some resources controlled by him. Did he really dare to do anything to her?

### **Chapter 252 His Smile Was So Charming**

‘If he dares to do anything to me, I'll beat him to death!’ Su Bei thought and clenched her fists.

Seeing that she frowned and gritted her teeth, Lu Heting stood up and walked to her side. “Is there really no problem?”

“No problem with Mr. Weijian,” Su Bei said with a smile.

Of course, Lu Heting knew that there was nothing wrong with Lu Weijian, because Lu Weijian didn't dare to do anything bad.

“What about the others? Did they bully you?” Lu Heting asked in a low voice.

“Well, they didn't bully me. But it was true that it was a little disgusting. He is like a fly. He doesn't dare to bite people, but it's annoying,” Su Bei said.

She had a strong desire to express herself in front of Lu Heting, especially when she thought of Fang Shaocong's disgusting words.

Lu Heting immediately frowned. "Who is it?"

Su Bei smiled, "Don't be so serious and nervous. There is no big problem. I will protect myself well."

Lu Heting guessed that there must be something wrong with her partner.

It couldn't be Lu Weijian's people. Was it the director team or the cooperative partner?

Seeing the worried look on his face, Su Bei patted him on the shoulder and said with a smile, "Don't worry. I think that man is a paper tiger. He just took advantage of me verbally. Come on, show me a smile."

Lu Heting was not as generous as she was. How dare someone take advantage of Su Bei verbally?

His eyes and brows suddenly became serious, and his whole body was filled with a strong aura.

However, the smile on Su Bei's face made him feel better.

Her soft fingers fell on his cheek, and Lu Heting gave her a smile.

Lu Heting seldom smiled. When he smiled, there was tenderness on his dashing eyebrows and the corners of his lips. He was so charming that people almost indulged in his smile.

'No wonder he doesn't like to smile. It's so charming that many innocent girls will fall in love with it, ' Su Bei thought.

Even Su Bei herself could not help but feel her heart beating fast.

"Well, I'll go to bed. Good night." Su Bei also smiled at him.

Seeing her enter the room, the smile on Lu Heting's face disappeared and soon he became serious.

He called Lu Weijian directly.

Lu Weijian was playing games when he answered the phone, "Can we talk later?"

"I'll give you one second."

Lu Weijian turned off the game and said, "What do you want to say, brother?"

"I want the list of all the people shooting this game advertisement, as well as the profile information and personality of each person. The accuracy should be more than ninety percent."

"Brother, what's wrong? You don't have to do it yourself. Other people will be in charge of these things. Even my sister-in-law has me to protect her."

Lu Heting sneered, "Do you know someone bullied Bei Bei?"

"Well..." Lu Weijian didn't know what happened tonight. "Brother, someone bullied my sister-in-law? Who? Which one? I'll blow his head off!"

Lu Heting knew that Lu Weijian's mind was all on the game, so he was not very familiar with some social things. Fortunately, there was nothing wrong with Su Bei, so Lu Heting could forgive Lu Weijian's small mistake.

“Give me what I want. I’ll give you half an hour.” Lu Heting hung up the phone.

In less than half an hour, Lu Weijian sent the documents.

Lu Heting checked the names one by one. The director was Guo Feng, who had a good reputation in the industry.

### **Chapter 253 Pray for Yourself**

Guo Feng had directed a lot of action movies, and one of them was related to games, so this advertisement specially invited him to shoot.

His whole team was also well-known in the industry.

There was no problem for the other staff.

There was only one name, which made Lu Heting’s eyebrows frown.

It was Fang Shaocong. Lu Heting had never seen Fang Shaocong before, but he vaguely heard that Fang Shaocong was a playboy. Relying on his father’s wealth, Fang Shaocong had acted a lot of great works in the past few years. He had a bad character in private, but his image was very good at public.

Every time the paparazzi took pictures of his gossips, he would spend money to buy the pictures, so he got a large number of loyal female fans.

Lu Heting was almost sure that it must be this person who bullied Su Bei.

No wonder Su Bei just complained in front of him but didn’t mention the name of Fang Shaocong. She knew that Fang Shaocong was not a person to be trifled with and didn’t want to cause trouble to him and Lu Weijian.

Lu Heting rubbed between his eyebrows. What a silly girl! He liked to be bothered by her and even hoped that she would come to him if something happened.

She came to bother him, which proved that she needed him.

However, Lu Weijian was so stupid that he agreed to let Fang Shaocong and Su Bei shoot the advertisement together!

Lu Weijian was playing a game when he suddenly felt a chill on his back. He felt as if he had done something wrong today, but he didn’t know what he had done wrong.

‘Forget it. I’d better continue to play the game.’

Lu Heting didn’t cancel the commercial shoot of Fang Shaocong for the time being. He would like to see what this playboy would do!

“Lu Hang, keep an eye on Fang Zhaoxiang’s business.”

Fang Zhaoxiang was Fang Shaocong’s father, and he had some business dealings with the Lu Group. Fang Zhaoxiang could be considered a figure in the rich circle of Jingdu City, otherwise he wouldn’t have so much money to support his son.

But he was just one of the richest people in Jingdu City. He was no match for Lu Weijian, let alone compare with Lu Heting.

Hearing Mr. Lu's tone, Lu Hang knew that Fang Zhaoxiang might have trouble. He didn't know what the Fang family did to offend Mr. Lu.

But Lu Hang didn't care what the Fang family had done wrong. Since Mr. Lu wanted to crack down on them, they must have done something wrong.

'Fang Zhaoxiang, pray for yourself.'

The next morning, Su Bei got up early to cheer herself up. Then she changed her clothes and went out.

"Let's go together. We are on the same way." Lu Heting also changed his clothes and took the key.

Gun Gun ran towards them. After asking for several kisses, he watched Su Bei and Lu Heting leaving together.

"The Lu Group is so big. I almost got lost yesterday. I heard that the top leader of the Lu Group is very powerful. Mr. Weijian praised him all the way yesterday." Su Bei said as she got on the car.

Lu Heting nodded, "Yes, he is right."

'Well done, Lu Weijian.'

"I don't know who the top leader is. I heard that he is a very mysterious person. Few employees in the company have seen his true face. I guess a person with such identity must be at least fifty or sixty years old? After all, it takes some experience and wisdom to control such a large group."

Lu Heting coughed. He was only twenty-eight years old. Was he really that old?

#### **Chapter 254 Its Work Style Made People Feel Comfortable**

The location of Su Bei's shooting was not far from the Lu Group.

After Lu Heting sent her here, she waved at him with a smile and said, "You can go ahead with your work. I'm going to shoot now."

"Su Bei." Lu Heting stopped her.

The sky was clear and the wind was soft. At the moment when Su Bei looked back, she was as shy as a budding flower. "Ah?"

Lu Heting's heart skipped a beat. "Call me no matter what problems you encounter," he said in a softer voice.

"Okay." Su Bei was afraid that she would make trouble for him, so she would definitely come to him after weighing the pros and cons. But every time he said something, she would feel peace in her heart.

Just like now, when they just got out of the car, she was still very nervous. After hearing this, she was full of peace and stability.

She turned around and ran away, but Lu Heting's eyes were still fixed on her. Her figure had been imprinted in the depths of his heart, but he had to keep looking at it like this to make his eyes satisfied.

Soon, Su Bei arrived at the scene and found Director Guo, Guo Feng.

Director Guo was about fifty years old, very thin and professional. As soon as he saw Su Bei, he looked her up and down. Su Bei had a small face, with a clean and perfect line. It looked beautiful from any side. So he could shoot her face from any angle.

"Good job, Su Bei. I think you are the best selection." Director Guo was very satisfied. He had thought that the heroine selected for the commercial shooting was a popular actress.

He didn't expect that the game company would arrange a female star who was suitable for making movies for him. He heard that the game company belonged to the Lu Group. Sure enough, it was the Lu Group. The group was generous! Its work style made people feel comfortable!

"Thank you, Director Guo. I'm going to change my clothes and put on makeup."

Director Guo smiled and said, "Go ahead. Come to me when you're ready. I'll tell you the details of the shooting."

Soon, Su Bei put on her ancient costume and came out with a sword.

This time, the game developed by Lu Weijian's company was a martial arts game with ancient style. Su Bei was going to play the role of a female hero in ancient costume with a sword. She had many scenes to do with the male role played by Fang Shaocong. There was even a scene where the two of them were surrounded by the enemies and they killed the enemies together.

Director Guo gave her a brief explanation, "We will need the wires in the later shooting. You haven't acted in a movie before, so you must pay attention to the camera and see where it is. Fang Shaocong has filmed ancient costume plays, and he is quite experienced. After he comes, you can have a good communication with him later."

"Okay, Director Guo. If I can't do it later, please give me more advice."

Director Guo liked Su Bei's modesty very much and said, "You can have a try first."

Although Su Bei hadn't filmed any TV series or movies, she had filmed a lot of commercials. As a model, she had to catch the camera on the T-stage to show her charm in front of the camera.

So she got familiar with several cameras' location soon and Director Guo was more satisfied with her.

"Everyone, get ready. We can start shooting soon!" Director Guo shouted.

"Director Guo, Fang Shaocong hasn't come yet."

Director Guo frowned, "What happened? Have you called him?"

"I called his agent. His agent said he was not feeling well and couldn't come. However, Fang Shaocong specially told me that if Su Bei called him and sincerely apologized to him, he would consider coming right away."

Director Guo immediately realized that there must be something wrong.

### **Chapter 255 A Scheming Man**

It was highly possible that Su Bei had done something to Fang Shaocong.

Director Guo looked at Su Bei and asked with his eyes, "What happened?"

Fang Shaocong had always been a good image in public. Director Guo didn't have much contact with him, so he only saw Fang Shaocong's positive news.

Su Bei couldn't help gritting her teeth secretly. How could Fang Shaocong use this method?

She had thought that as long as Fang Shaocong came over, he could not do anything to her in front of so many people on the film set and would not cause any trouble to her.

However, he was so scheming that he didn't come directly and even shifted the blame to her.

He forced Su Bei to call him!

All the people on the film set were waiting for doing their job. How could Su Bei ignore so many people's jobs?

Of course, she didn't expect to turn to Lu Weijian and Lu Heting for help. As a boss, Lu Weijian would definitely consider the interests of the company when he did things. How could he help her?

Lu Heting was just a driver and he couldn't help her.

Su Bei had no choice but to call him by herself.

When she was about to make the phone call, Lv Shan arrived and said to Su Bei, "Su Bei, tell me what happened between you and Fang Shaocong. I'll handle it."

Although Su Bei told Lv Shan what had happened last night, she didn't expect that Lv Shan would believe her.

If Su Bei hadn't experienced this matter herself, she wouldn't have believed that Fang Shaocong would be such a person.

However, Lv Shan believed her!

Not knowing since when, Lv Shan had firmly believed in all the words of Su Bei.

For Lv Shan, Su Bei's words must be true.

"Let me do it!"

At this critical moment, Lv Shan took out her phone.

It never occurred to Su Bei that Lv Shan trusted her so much now. Su Bei remembered that she had no choice but to cooperate with Lv Shan at that time. At the beginning of their cooperation, the two of them had no choice but only for interests.

But now, unconsciously, they had built up some kind of relationship that surpassed money and benefits.

Lv Shan called Fang Shaocong, but his agent answered the phone. His agent made it clear that if it weren't for the call from Su Bei, Fang Shaocong wouldn't have listened to the phone and wouldn't have come to the scene.

Lv Shan had no choice but to put down her phone.

"Su Bei, I've done all I can. But..." Lv Shan could do nothing about it.

Su Bei was not favored in the company. If such a thing happened to her, the entertainment company would definitely not help Su Bei.

As for Lu Weijian, although he was Su Bei's fan, he was still her boss.

Would a boss break the contract to abandon a popular male star with good reputation just for a little conflict?

Director Guo came over and said, "Su Bei, I have called Fang Shaocong too, but he refused to accept my mediation. I can do nothing about it."

"Thank you, Director Guo. I'll handle it myself." Knowing that everyone was trying their best to help her, Su Bei thanked them from her heart.

"Su Bei, it's your private affairs. I can give you time to solve it in private. If you don't get along well with Fang Shaocong, you can also shoot your part alone. At that time, we can use a substitute to shoot a few scenes for you and use the technology to make the synthetic images." Director Guo had tried his best to help Su Bei.

"Can we make the synthetic images later?"

"We will do a lot of things in the post-production of the scenes, so it's okay to make some synthetic images for you. But anyway, Fang Shaocong must come here. Otherwise..." Director Guo was also helpless.

### **Chapter 256 Get Nothing on Him**

It was difficult for a skillful woman to cook without rice. No matter how capable Director Guo was, he could not complete the work if the male artist couldn't come to the scene.

Therefore, he said, "If you have any conflict with Fang Shaocong, both of you can make a concession. Don't be too tough. You can solve the conflict in a kind way, right?"

Director Guo thought it was just a trifle between young people. He didn't expect that Fang Shaocong, who had such a good reputation, would do such a thing.

Only Lv Shan would believe what Su Bei said.

Even Lu Weijian might not believe it.

"Don't worry, Director Guo. I'll call him right now. No matter Fang Shaocong will come or not, my shooting won't be delayed."

After that, Su Bei picked up her phone and dialed Fang Shaocong's number. She also turned on the recording.

The call from Fang Shaocong last night was so sudden that Su Bei didn't leave any effective evidence.

If Fang Shaocong said the same thing as last night, Su Bei could use the recording to deal with him.

The phone was connected.

"Hello, is that Mr. Fang? I'm Su Bei," Su Bei said politely.

Finally, Fang Shaocong answered the phone. He seemed to be a little weak. "Su Bei, you made me sick. I'm not feeling well now."

It sounded as if Su Bei had done something to him. If such words were spread out, it might cause some gossip.

"Mr. Fang, we are going to shoot soon. Can you come and shoot first? Don't waste other people's time," Su Bei said politely.

"I'm really not feeling well. I can't get up. Well, Su Bei, come to see me tonight. I believe that I can recover tomorrow without any delay. Okay?"

Fang Shaocong was smart enough to know that Su Bei was on guard this time, so he spoke carefully and made Su Bei get nothing on him. Even if Su Bei got the recording, it was useless. He did not show the dirty and lascivious side at all. Instead, he sounded really weak.

Besides, he asked Su Bei to visit him tonight. Who knew what he would do tonight?

If something really happened, Su Bei would be unable to explain herself.

"Let's talk about it tonight. Have a good rest." Su Bei had no choice but to hang up the phone politely.

After hanging up the phone, Su Bei wished she could beat Fang Shaocong to death.

Su Bei could imagine how bitter and helpless the women who had been forced to be with him before.

Fang Shaocong didn't feel uncomfortable at all. He was in good spirit. He was smoking a cigar while shaking the red wine glass. Lying on the chair, he enjoyed the massage from the masseuse.

He had made up his mind that Su Bei would come to see him tonight.

Women nowadays were so obedient that he could get whatever he wanted as long as he was willing to spend money. It had been a long time since the last time he met a woman as tough as Su Bei, and it had also been a long time since he met such a beautiful woman with first-class figure and face.

His agent poured him a glass of wine and said in a low voice, "Mr. Shaocong, what about Mr. Weijian? We even accepted the endorsement fee."

"I'm sick. Why can't I ask for a leave and go to work tomorrow?" Fang Shaocong replied casually.

### **Chapter 257 Completely Out of Control**

Fang Shaocong's agent said carefully, "I'm afraid that Mr. Weijian will release articles to blame you."

“If he dares to blame me, you can pass the blame to Su Bei. After all, I have a good image in public. A small scandal is nothing to me, right?” He looked at his agent coldly, “You’ve been with me for years. Why are you getting timid?”

His agent smiled, “Yes, I’m timid, I’m timid.”

But it was also because Fang Shaocong was too bold. Fang Shaocong’s agent had fixed many troubles for Fang Shaocong before. He was really tired.

Fang Shaocong used to only touch those women who volunteered to exchange resources with their bodies, and those women would not say anything in public.

Later, he became more and more bold. In the casting group, even the director had to listen to him. There were several female artists who didn’t obey his orders and then were squashed by him.

His agent had used all means to deal with these things.

Fang Zhaoxiang was also willing to spend money for his only son. Fang Shaocong’s agent had slowly become an assistant who could only serve Fang Shaocong from an agent with resources and ability.

In order to support the family, Fang Shaocong’s agent had accepted it. But seeing that Fang Shaocong was getting bolder and bolder, he always lived in terror.

If Fang Shaocong’s agent didn’t remind Fang Shaocong, Fang Shaocong was completely out of control.

As soon as Su Bei hung up the phone, Lu Weijian came over with his assistant.

Seeing Lu Weijian, everyone stood up and said, “Mr. Weijian.”

Facing their boss, everyone cheered up.

Lu Weijian rushed over angrily. If his brother hadn’t reminded him, he wouldn’t have known that there was such a black sheep as Fang Shaocong.

It was all his fault for his carelessness that made his sister-in-law suffer.

“Mr. Weijian!” Seeing that he was coming aggressively with a gloomy face, Su Bei was a little nervous.

It was hard for outsiders to tell right from wrong for such a conflict between artists. If Lu Weijian really made trouble for Su Bei, she really didn’t know how to deal with it.

“Sister Bei Bei!” As soon as Lu Weijian saw Su Bei, he said in a disappointed tone, “Why didn’t you tell me that Fang Shaocong bullied you?”

“Ah. What?” It never occurred to Su Bei that the first sentence that Lu Weijian said was like this!

It seemed that he had suffered a lot.

Su Bei hadn’t felt so wronged yet.

Lu Weijian pulled her to sit down and said, “I’ll terminate the contract with him now! How dare he do such a thing? Does he really think the Lu Group is a paper tiger?”

Su Bei was stunned. ‘What’s wrong with Mr. Weijian? Why is he so efficient?’

What's more, his attitude of defending made Su Bei really... really touched.

Trust without reservation was the softest weakness in Su Bei's heart, and also the emotional support she wanted most.

"Mr. Weijian." Su Bei looked at him, her eyes glittering, "Thank you."

Lu Weijian hurriedly said, "In fact, it's your husband, Lu Heting, who reminded me of this. He said he was afraid that you would be wronged here and asked me to help you. When I investigated this matter, I was shocked. I just found that Fang Shaocong didn't come and bullied you."

"Oh, it's Lu Heting. No wonder you came so soon. I just complained a little about this matter last night, but I didn't expect him to take it to heart," Su Bei said in a low voice.

The deep eyebrows and eyes of Lu Heting appeared in Su Bei's mind. Every time he appeared at critical moments, Su Bei's heart was filled with emotions.

### **Chapter 258 I Want to Know When He Will Have a Wretched Condition**

"I'll ask someone to fire him." Lu Weijian had lost his patience to Fang Shaocong.

Su Bei asked him quickly, "If you fire him, it's not good to the Lu Group, right?"

"I will pay him more penalty. Maybe his fans will blame the group. But don't worry. It's not a big deal." Lu Weijian didn't take it seriously. Such a small amount of money and slander was not enough to shake the Lu Group at all.

However, Su Bei shook her head and said, "Mr. Weijian, it's Fang Shaocong who did the wrong thing, but we have to pay him more money. And his fans will ruin our reputation. Isn't it too unworthy?"

"You are right. We can't let him go easily." Lu Weijian thought for a while and agreed with her. He couldn't let the Lu Group lose money to play with Fang Shaocong like this.

Otherwise, his brother would lose his dignity.

He remembered that Lu Heting had told him that he couldn't let go of Fang Shaocong easily this time.

How dare Fang Shaocong have affectionate feelings for his sister-in-law? He must be tired of his life!

Lu Weijian whispered to Su Bei and reached an agreement.

Su Bei continued to shoot her part, keeping everything unchanged. During this period, the staff would find another suitable actor to finish the work. Lu Weijian could inquire about Fang Shaocong and know what he was doing.

In fact, Su Bei had thought of this way before. The reason why she thought it was useless was that she didn't know if Lu Weijian was on her side.

Now that Lu Weijian was on her side, Su Bei was relieved.

"Don't worry, Sister Bei Bei. I'm on your side. Fang Shaocong is a black sheep in the entertainment industry. We have to kick him out of the industry this time!"

Su Bei looked at him, touched.

Lu Weijian said, "My brother also cares about you. He asked me to do him a favor. I'm so congenial to you, so I should help you anyway."

"Mr. Weijian, please don't waste too much energy on my business."

"My brother and I have been friends for many years. We are not biological brothers, but we are closer than biological brothers. Although we do different jobs, we have a very good relations. So helping you is what I should do. Don't take it to heart," Lu Weijian comforted her.

After comforting her, he went to report the news to Lu Heting.

Lu Heting said in a low voice, "Report to me at any time. I want to know when Fang Shaocong will have a wretched condition."

"Okay, brother."

When Su Bei came to Director Guo's side, Director Guo had been told by Lu Weijian to shoot Su Bei's part first, and Fang Shaocong's matter was temporarily left behind.

If anything happened, Lu Weijian would deal with it.

With Lu Weijian's words, Director Guo was not worried about the work. The shooting started!

Su Bei had already changed into ancient clothes. She had a delicate and graceful appearance, and it was rare for her to have some ancient charm. Therefore, with the corresponding clothes and makeup, the traditional charm quickly came out.

Her every move and smile were full of the implicit, amorous feelings of ancient beauties, but also free and easy, which was very in line with the theme of the current advertisement.

Director Guo was satisfied with the shooting. It had been a long time since he met such an actress who could act with ease.

Director Guo was thinking about finding Su Bei to shoot an ancient costume movie in the future.

After a whole day, Su Bei finished most of her scenes. She finished her job without any complaint.

### **Chapter 259 Hurt the Single Man So Much**

Lu Weijian was satisfied with the result. After watching the scene, he went to report the situation to Lu Heting and took several videos to Lu Heting.

"Brother, it's what you want." Lu Weijian eagerly presented the video he had shot.

Lu Heting took it and said, "I asked you to focus on Fang Shaocong. How is it going?"

"Don't worry, brother. Someone has been watching him all the time to see what he is doing. How dare he have a crush on my sister-in-law? It's all his fault!"

Lu Weijian told Lu Heting everything he had discussed with Su Bei.

Lu Heting really wanted to punish Fang Shaocong, and he also wanted Fang Shaocong to suffer a lot.

So what Su Bei suggested was more in line with his thought. Lu Weijian was too single-minded and always dealt with things in a straight way. So Lu Weijian's method couldn't hurt Fang Shaocong.

"What Su Bei said makes sense. Do as Su Bei wishes." Lu Heting's eyes were full of appreciation. No wonder she was his girl. He appreciated her style of doing things.

Lu Weijian was a little disappointed, but she was his sister-in-law. Why should he be jealous of her?

"This is for you." Lu Heting gave Lu Weijian a small reward.

Lu Weijian was immediately excited, "What is it? What is it?"

He opened it and found it was the IP address of Da Bao!

Da Bao was called Da Bao in the game. He was called Satan when he attacked the financial system of the Lu Group. But no matter which name he used, he was hidden deeply. Lu Weijian could only fight against him reluctantly. Da Bao might have seen through a lot of information about the Lu Group, but Lu Weijian didn't even know what kind of person Da Bao was.

Lu Heting helped Lu Weijian get Da Bao's IP address. It could be said that the IP address of Da Bao was very useful for Lu Weijian.

"Brother, you are so awesome! He has the IP address, which means he can directly locate Da Bao's residence. In this way, it won't be difficult to know who Da Bao is!" Lu Weijian really liked this gift!

Only his brother could do that.

"Brother, how about you go with me to see the real face of Da Bao tonight? Maybe we can invite him to our company for cooperation. No matter which position he is in, he is a talent!"

"No, I'm going home for dinner," Lu Heting refused firmly.

Compared with meeting a hacker or a game expert, he would rather have dinner with Su Bei.

In particular, Su Bei's work was not very smooth today. He hoped that when she needed him, he would be by her side.

It was not convenient for him to visit her directly, but he could pick her up and have dinner with her.

Lu Weijian spread out his hands and said, "Okay. Do all the people in love like to hang out with each other?"

"You'll know when you have a lover," Lu Heting said flatly.

Lu Weijian was speechless. Lu Heting's words hurt Lu Weijian, the single man, so much!

As soon as Su Bei finished her work, she received a message from Fang Shaocong.

It was the address and room number of a hotel.

He was confident that Su Bei would go.

Even if Lu Weijian supported Su Bei, he didn't take Lu Weijian seriously.

Gritting her teeth, Su Bei turned off the message. She was willing to talk to him because she was afraid of bringing trouble to Lu Weijian and Lu Heting.

Now that Lu Weijian was on her side, she didn't want to talk to this playboy anymore!

### **Chapter 260 I Can't Help but Want to See Him**

Did it matter just because he was rich? Apart from money and women, what else was in his empty mind?

"Director Guo, I'm leaving now," Su Bei greeted Director Guo.

Director Guo patted her on the shoulder and said, "Okay, have a good rest. We will continue the work tomorrow."

Deep in his heart, he had a bad impression of Fang Shaocong. Although Fang Shaocong had a good reputation, the whole film crew had been neglected for a whole day. He called Fang Shaocong in person, but it was useless. Su Bei apologized in person, but it was still useless. Director Guo was such a shrewd person. How could he not expect that Fang Shaocong was deliberately putting on airs?

The more he disliked Fang Shaocong, the more he felt that Su Bei was generous. Being treated like this, she could still do her job well. He believed that she would certainly have a bright future.

After patting on Su Bei's shoulder, Director Guo felt a little cold on his back.

He looked up at the sky and found that the sun already went down. Maybe the temperature began to cool down in the evening.

What he didn't know was that a Bentley was quietly parking in an inconspicuous corner not far away from the filming site.

The man in the car was looking at this direction. His eyes were so cold that many people dared not look at them. How could Director Guo not feel cold?

When Su Bei walked out with her bag, Lv Shan caught up with her and said, "Su Bei, what should we do? Obviously, Fang Shaocong aimed at you. If he still didn't come to shoot, how could we solve this issue? At that time, he will issue some articles and put the blame on you..."

"Lv Shan, don't worry. Mr. Weijian has known the ins and outs of the matter. He will help us. Besides, I have no choice but to shoot my own part. Otherwise, we are the ones who should pay the liquidated damages, aren't we?" Su Bei asked with a smile.

Lv Shan nodded, "Then tell me if you need help."

After saying goodbye to Lv Shan, Su Bei went out and received a phone call from Lu Heting, telling her that he was waiting for her at the door.

Then Su Bei ran to his car and sat in the passenger seat.

"Heting, aren't you busy today?"

“I’ll pick you up even if I’m busy. I have asked Mr. Weijian to help you with your work,” Lu Heting smiled gently.

His kindness was kept in Su Bei’s mind, but she was a little worried about him. “Will we make too much trouble for Mr. Weijian?”

“Now that Fang Shaocong has done such a thing, neither I nor Mr. Weijian will tolerate it. Don’t forget that the Lu Group is different from other groups. Dirty things are not allowed here.”

Hearing that, Su Bei started to appreciate the Lu Group. She asked, “What kind of person is able to cultivate such a good view of the employees? I can’t help but want to see him.”

It was not until Lu Heting suppressed the surging waves in his heart that he restrained himself from revealing his real identity.

He used to think that he was not afraid of anything, and that he would be honest in the world and never need to be afraid.

But in front of Su Bei, he didn’t even dare to reveal his real identity because he was afraid of losing her.

“There will be a chance.” He could only say calmly.

Su Bei just said it casually and didn’t really want to see the top leader. That person must look so different from her, right? Since they were two different people, there might not be any intersection between them even if they met, so there was no regret for her if they did not meet.

She smiled and said, “Thank you, Lu Heting.”

“Is this your appreciation? If possible, can you say more?” Lu Heting turned to look at her.

“Well. Thank you for being there every time I need you.”
