

chapter281 Release All the Secrets of Fang Shaocong at Eight O'clock

Su Bei and Lv Shan entered the office together. After Lv Shan submitted her resignation, she opened a bottle of red wine and poured a glass of wine for Su Bei. "Come on, cheers. Then I will say goodbye to you!"

As a matter of fact, Su Bei took good care of herself because of her stomachache. But when she was with her friend, drinking and eating hotpot were inevitable. She would never refuse her friend's kindness.

After drinking the wine, Lv Shan sent Su Bei out. Su Bei was a little drunk.

Su Bei checked Weibo and found that seven or eight of the top search terms on Weibo were related to herself.

She clicked on those hot searches and found that most of people were scolding her. Her own fans had been humiliated and had no right to speak for her at all.

The word "apologize" went everywhere with Su Bei's name.

If it went on like this, Su Bei's future in the entertainment industry would be completely blocked.

At the gate of the Qian Yu Entertainment Company, Fang Shaocong's fans had been driven away.

Soon, a Bentley arrived and stopped in front of Su Bei.

Seeing that Su Bei seemed to have drunk some wine, Lu Heting frowned slightly. He got out of the car and took her from Lv Shan.

"Su Bei is in a bad mood. Take good care of her," Lv Shan said.

Nodding his head, Lu Heting carried Su Bei into the car and asked the bodyguard who had been staying here to take care of Su Bei to drive the car.

In fact, Su Bei's bad mood was not because she was scolded, but because Lv Shan left like this.

In fact, drinking a little wine was not a big deal. But when she thought of Lv Shan's leaving, she felt a little drunk.

"LV Shan resigned. For me..." The senior executives are so inhuman. They don't care about the fact at all and insist that we should listen to the company," Su Bei's tone could not conceal her sadness.

"Don't worry. It will be clarified soon," Lu Heting comforted her in a low voice.

He held her tightly in his arms. The girl was incredibly soft when she was drunk, and she didn't resist his touch.

She had been working for a couple of days, and she was also exhausted. Nestling in this warm embrace, she closed her eyes in a daze.

It was rare for her to be so weak in front of Lu Heting, so he cherished her more.

When she fell asleep, Lu Heting called Lu Hang and said, "Pay attention to Lv Shan and protect her from being bullied."

Since Lv Shan was the one that Su Bei cared about and wholeheartedly helped Su Bei, of course, for the sake of Su Bei, Lu Heting would protect Lv Shan well.

"And set the time at eight o'clock. Release all the secrets of Fang Shaocong on the website," Lu Heting ordered.

In the past two days, Lu Heting had collected all the information he needed.

In order to give Fang Shaocong a fatal blow at this moment.

Like the best martial artists in the world of martial arts world, Lu Heting never attacked at will, but once he attacked someone... It would be a death blow.

On Weibo, Fang Shaocong's fans were still asking Su Bei to apologize to Fang Shaocong.

Fang Shaocong's company and the Fang family were all adding fuel to the fire.

Qian Yu Entertainment Company had even issued an apology statement on behalf of Su Bei.

It meant that even Su Bei's own company had found out what she had done and had to come out to apologize.

The apology from Qian Yu Entertainment Company put Su Bei in the spotlight!

And Su Bei had been cursed all the time.

Her fans couldn't deal with the comments in such a huge malice. They were very anxious, but they could do nothing but watch Su Bei's reputation being ruined.

chapter282 His Rival in Love Couldn't Be Underestimated

"I have no choice. Su Bei may not be able to turn the tables this time. I've done what I should do. I've done everything I can to help her." A group leader of the fan group said sadly, "Maybe from tomorrow on, her resources will be reduced sharply. We won't have many chances to see her in the future."

"Yeah, I didn't expect that Qian Yu Entertainment Company would give up on Su Bei. But no matter what the outside world says, I will always support Su Bei!" Another group leader said.

Some fans said they wouldn't give up.

In addition, when some fans saw that Qian Yu Entertainment Company had made an apology in public, they thought that Su Bei couldn't avoid the responsibility. So they didn't like Su Bei.

However, no matter whether what the fans dis, the rational group leader knew that people's hearts were fickle. There were many rising stars in the entertainment industry. As long as Su Bei lacked resources and opportunities to show up, she would be quickly forgotten.

The fan let out a long sigh.

It was not eight o'clock yet, so the secrets collected by Lu Heting hadn't been released yet.

The reason why Lu Heting chose eight o'clock in the evening was that this time was the best climactic moment. At this time, Weibo's page views would reach the peak till twelve o'clock.

Of course, Fang Shaocong's secrets should be released when more people used Weibo.

Su Huixian and Qiu Minxuan had been checking Weibo all the time. They wanted to see if there was any room for Su Bei to turn the tables.

Qiu Minxuan said, "Huixian, don't worry. If she offends Fang Shaocong, there will be no room for her to escape successfully. We all know Fang Shaocong's position. Su Bei is no match for him."

"Well, if I were Su Bei, I wouldn't have found a good way to deal with it too. Minxuan, prepare me a bottle of red wine."

As long as Su Bei couldn't clarify tonight, she would completely disappear from the entertainment industry.

But it was not easy for Su Bei to defeat Fang Shaocong.

Of course, Su Huixian had to celebrate it.

With the bodyguard's steady driving, Lu Heting's Bentley was driven to the place where he and Su Bei lived.

With a tinkling sound, Su Bei received a WeChat message.

It was a message from a person named Da Bao. "Xiao Bei, do you know how to deal with Fang Shaocong? How is it going?"

Da Bao was still sitting in front of the computer, looking serious.

Since this matter was about adults' affairs, Su Bei had already told Lin Moli to keep an eye on Da Bao and not let him get involved in it.

But how could Lin Moli control Da Bao?

"I will solve the problem of Su Bei, and you don't need to interfere in." Lu Heting unlocked Su Bei's mobile phone with the finger of Su Bei. It was disrespectful to Su Bei's privacy, but at this moment, facing Da Bao, Lu Heting had to show his attitude as a man to protect his woman. He must tell Da Bao that he would always be on Su Bei's side.

"Are you Lu Heting?" Da Bao replied.

Seeing what Da Bao said, Lu Heting was shocked. He thought that his rival in love couldn't be underestimated.

"I'll take care of everything about Su Bei. She didn't need an outsider to help her. I will protect her," Lu Heting replied quickly.

Da Bao couldn't help but sneer. Looking at the overwhelming criticism on the Internet, he asked, "Is this the way you protect Xiao Bei now?"

Lu Heting was speechless. After thinking for a while, Lu Heting answered, "Su Bei is not a flower in the greenhouse, but a hardy breed swaying on the grassland which can withstand the wind and rain. The path she chose is destined to be bumpy, but I will accompany her to overcome the thorns."

On the other side.

Da Bao thought, 'Lu Heting, you got a point in your answer!'

chapter293 I Believe My Idol

Da Bao read it carefully two times.

Lu Heting's image gradually became clear in his mind.

At the same time, it was eight o'clock in the evening!

Lu Hang released the first news.

It was all about the solid evidence that Fang Shaocong had been with some women in the past few years.

There were not only videos, photos, but also surveillance videos.

The content was released by some famous accounts, directly sending all the information to the public.

Fang Shaocong, who had always remained chaste and would be blushed when he cooperated with the female artists, had changed twelve completely different women in the past seven days!

In the two days when he was recuperating, his schedule and figure appeared in a private club famous for providing young models.

Fang Shaocong's fans, of course, didn't believe these. They scolded, "Su Bei, is this the way you clarify? What's the difference with the previous slanders? Is that all you have?"

"Isn't it just some falsified videos and photos? Anything else?"

"If there is anything else, just let it out. Anyway, I believe my idol!"

"Wow, it seems that Su Bei is really rich, but she is just brainless. Do you think I will believe such a thing?"

Lu Heting was sure that they wouldn't believe these.

So he released Fang Shaocong's secrets by batches.

The first one to stand out was a famous doctor on Weibo.

He said directly, "First of all, I have to admit that it is a very wrong thing to announce the patient's privacy, and it is even completely against our professional ethics. Please don't learn my mistake. I will also bear the corresponding punishment for it, accept the supervision of everyone, and will not receive patients in this respect in the future.

Secondly, I have to announce this privacy, that is, I don't want more people to be hurt. At present, a male artist has accepted my treatment for many times. He has some male's disease. This disease is very

infectious and harmful to the body itself. People who had such a disease needs to be celibate and receive a continuous and complete treatment. Otherwise, it is not only irresponsible to his own body, but also irresponsible to his lover.

However, this male artist didn't listen to my advice. He didn't come to the hospital on time. He continued to have sex with many women. Besides, he didn't implement protective measures. What's more, he even caused dozens of women to be infected. Those women came to me for treatment, causing them to be in great pain, and even affected their work and life.

I'm here to call on this male artist and everyone else. Sex is not a monster. It's normal for everyone to have desire, but you can't act recklessly to hurt yourself and others.

For his lovers, please go to the hospital for examination as soon as possible and don't miss the best time for treatment. This kind of disease is far more harmful to women than to men!

Please cherish your health!"

Although the doctor didn't mention Fang Shaocong's name, according to the current hot search and all the information he had revealed, it was easy to imagine that the male artist he was talking about was Fang Shaocong!

chapter284 These Bitches Wanted to Steal Fang Shaocong's Spotlight

This doctor was one of the best doctors in real life. He always answered people's questions and spread all kinds of medical knowledge on Weibo. He was very popular and respected.

So when he released such news in person, the response was tremendous.

Like a stone stirred up thousands of waves, although the doctor was also scolded, people changed their minds of the matter of Fang Shaocong playing with women. People didn't completely believe that it was a rumor, and some people began to slowly believe it.

Once the truth was revealed, the comments on Weibo also changed. Fang Shaocong's fans didn't have the overwhelming advantage.

Gradually, the discussions among the onlookers became rational.

Whether or not Su Bei would harass such a "good" male artist, everyone kept a reserved attitude.

"It's wrong for the doctor to expose others' privacy, but he didn't tell us the patient's name. I think what the doctor said is reasonable. We'd better don't have promiscuous sexual relations."

"Wow, this news is incredible! I'm afraid that half of the entertainment industry in S Country will be involved!"

"You are right! So I don't think it's possible for Su Bei to seduce Fang Shaocong. Isn't there a fan like Lu Weijian behind her? Compared to a rich man, will she choose a bad man?"

When the doctor released the article, he received many negative comments. But then several female artists in the industry jointly posted an article on Weibo and signed their names!

The content of the article on Weibo was all accusing that when they were working with Fang Shaocong, they were harassed by Fang Shaocong in the crew, because they were unwilling to accept to be with Fang Shaocong. Then the scenes of these female artists were deleted, and two of the female artists' scenes were totally disappeared.

Three female artists were even kicked out of the crew, and they were told that they were not needed for the TV series they had participated.

They not only released the joint article on Weibo, but also released the contract and shooting records when they cooperated with Fang Shaocong.

Female artists always cherished their reputations in the entertainment industry. They were always eager to stay away from these affairs.

So it took them a lot of courage to get together to accuse Fang Shaocong.

In fact, in private, Lu Weijian asked someone to find those female artists who had been bullied by Fang Shaocong and invited them to testify against Fang Shaocong.

The dozens of actresses who really stood out were suppressed by Fang Shaocong, let alone became famous. Now they couldn't make money for their basic lives. So when Lu Weijian found them, they immediately agreed. Even if they couldn't drag down Fang Shaocong, they also wanted to seek justice for themselves.

There were still many people who didn't stand out because they were afraid of Fang Shaocong.

Their appearance stirred up waves again.

Fang Shaocong's fans, however, defined these people's behaviors as, "Stealing the spotlight! These bitches all wanted to steal Fang Shaocong's spotlight!" "You don't even deserve to carry shoes for my idol. How could he want to sleep with you? Even if you are a free gift, no one wants to have sex with you, okay?"

"Look, they are a group of people who want to be famous. They all did it on purpose. I curse them that they won't be famous forever!"

According to what these female artists said, the audience checked carefully and soon found that their scenes were indeed very few. Some artists appeared in the previews but disappeared in the following episode.

So these female artists' words sounded completely reasonable.

Su Bei's fans had been suppressed for a long time and they immediately appeared to defend Su Bei.

chapter285 Endless Secrets

Su Bei's fans finally had the right to speak for Su Bei on Weibo, "Su Bei has been working hard. In the past two days, in order to shoot the advertisement of the game, she had to wear ancient costume and use the wire in such a hot day. If she really wants to get the resources depending on the hidden rules, why does she have to work so hard?"

“That’s right. Su Bei was the first one who became the ambassador of the game, and Fang Shaocong is the later one. Does Su Bei need to flatter Fang Shaocong?”

“Su Bei only takes Mr. Weijian as a good friend. Does she need to use Fang Shaocong to get the resources?”

Lin Yu, who was in the United States, posted a Weibo, “Do you think Xiao Bei needs to do this? I swear that Xiao Bei has a lot of work to do. As long as she is willing to do those jobs, she won’t be able to finish them until next year!”

It was proved from the side that it was impossible for Su Bei to seduce Fang Shaocong.

Director Guo also posted a Weibo, “Through the cooperation with Su Bei, I have a good impression of her. If Su Bei is willing to change her job to act in movies and TV series, please contact me at any time.”

Director Guo was a well-known director in the entertainment industry. His character and reputation were on the top level.

He invited Su Bei in public, showing great support for her!

It was also the biggest humiliation to Fang Shaocong.

Then, the official of Orisa Fashion Show and Jin Xiu, also took the initiative to express their approval of Su Bei without being contacted by Lu Heting.

The situation was reversed. It was advantageous for Su Bei.

More and more videos and pictures of Fang Shaocong being with women were exposed.

Among the women he had slept with, there were indeed many of them who wanted to seize the chance to be famous this time. These women only wanted to be famous, and they didn’t care about their own reputations.

In particular, one or two of them could do anything to get what they wanted. Now seeing such a trend, they posted the photos and videos when they were with Fang Shaocong!

Lu Weijian also contacted the staff who had cooperated with Fang Shaocong according to Lu Heting’s request.

Some staff had been bullied and insulted by Fang Shaocong.

They knew that Fang Shaocong had a good reputation and he was from a rich family. No matter when they made a sound, their words would not be valued, so they always swallowed insult and humiliation and never explained.

Even if someone occasionally criticized Fang Shaocong, Fang Shaocong’s team would immediately delete the relevant Weibo and warn the person with lawyer’s letters. As time went by, no one dared to speak the truth.

Now that someone had specially found them and given them a channel to tell the truth and tell others what had happened to them, they would certainly seize the opportunity.

Even if some people who were not found by Lu Weijian but had been bullied by Fang Shaocong, they would also take this opportunity to speak out their unfair treatment as soon as possible.

For a moment, the website was filled with Fang Shaocong's secrets. For example, when Fang Shaocong was working in the film crew, he poured coffee directly on a staff's face because the coffee was hotter than he expected.

"Didn't he say that he fainted because he was filming for three days and nights in a row? And then he released many articles to praise his diligent and hard work. In fact, it was not the truth. He had slept with several women in the club, which made him exhausted."

"I can prove that what the doctor said is true. Fang Shaocong often takes medicine, and I have seen the medicine secretly. It is indeed a treatment for that kind of disease."

There were endless secrets of Fang Shaocong on the website, some of which were specially found out by Lu Weijian, and a large part was the true feelings from those people who had been insulted and bullied by Fang Shaocong!

chapter286 Kiss Her without Her Knowing

Fang Shaocong's fans immediately defended Fang Shaocong. They tried their best to spoke for Fang Shaocong under those secrets.

However, there were too many people said these things, and the fans had no time to defend him under every article.

Not to mention his fans, even Fang Shaocong's agent couldn't control the whole situation.

He had just spent money to delete an article, and several similar articles immediately appeared together.

He had just called a marketing account and asked them not to continue to spread Fang Shaocong's secrets. In addition, many other marketing accounts would appear and write what Fang Shaocong had done in the past few years.

One fire was put out, and ten fire rose from other places. Soon, the fire spread so fast that it couldn't be put down at all!

Fang Shaocong walked back and forth in the room, exasperated, "Spend money! Delete the relevant searches and articles!"

"Mr. Shaocong, I really have no choice. I have tried my best." His agent and other assistants kept calming the situation, but it didn't work.

Fang Shaocong had never thought the result after he offended Su Bei!

Lu Heting started the whole thing, and the whole entertainment industry drove the process to expose Fang Shaocong.

Many common people apologized under the Weibo of Su Bei, "I'm sorry, Su Bei. We have wronged you. We didn't expect Fang Shaocong to be such a person."

“Can you accept my sincere apology? We are all tricked by Fang Shaocong’s good reputation.”

“Everyone, line up. Don’t jump the line. I apologize first!”

“I apologize too.”

“I also apologize.”

“Isn’t it Fang Shaocong who should apologize most? What is he doing?”

“Fang Shaocong, apologize!”

Da Bao was a little satisfied with Lu Heting’s action after appreciating Lu Heting’s masterpiece.

All the content about Fang Shaocong on Weibo were not good for children. So Da Bao consciously closed them.

After this incident, he didn’t need to worry too much about Su Bei.

With Su Bei in his arms, Lu Heting got off the car and entered the elevator of the community.

When he was in the car, he focused on watching the news released by Lu Hang and paying attention to the trend and development of the matter.

He didn’t withdraw his sight until he saw that the situation had completely reversed and Su Bei added two million fans that night.

He looked down at Su Bei in his arms. She slept soundly and sweetly. On her fair skin, there were two lovely dimples. Her long eyelashes were curled up, which was easier to approach than when she was awake. She seemed to be more lovely.

When he was about to kiss her again, his neighbor came in the elevator. Lu Heting felt a little embarrassed and his ears turned red immediately. He lowered his head and looked at the sleeping Su Bei.

The next second, he realized that he was kissing his legitimate wife. He immediately puffed out his chest and looked straight ahead, taking it for granted.

When the elevator arrived, Lu Heting held Su Bei in his arms, went back to her room and put her on the bed.

He went to the wardrobe to look for Su Bei’s pajamas, intending to help her take a shower first to remove the smell of alcohol and make her feel better.

chapter287 His Own Son

Lu Heting opened the wardrobe and found that Gun Gun’s clothes were hung side by side with Su Bei’s clothes. He couldn’t help but feel jealous. Because his own clothes were not well hung together with Su Bei’s.

She had several sets of pajamas, and Lu Heting picked one casually, but he found that there was also a sexy pajama made of silk hanging there. It felt good when touching it, just like her own skin.

The pajamas that she usually wore were very conservative. This one was quite good, but she had never worn it before.

Maybe he could help her change into this one after she took a shower.

He picked up the pajamas, bent down and picked up Su Bei again. Su Bei stretched out her arms cutely and let him hold her. She was obedient and meek, and rubbed her head against him like a kitten.

Lu Heting's Adam's apple bobbed and his eyes darkened.

When he was about to go to the bathroom, he heard the sound of door opening and Gun Gun's footsteps.

Gun Gun pushed the door open and shouted, "My lovely Bei Bei!"

Seeing that Lu Heting was holding Bei Bei, Gun Gun waved his arms and asked, "What's wrong with Bei Bei?"

Lu Heting put Su Bei down helplessly and bent down, "Didn't you go to the old mansion with Aunt Chen to see your great grandpa? Why do you come back so early?"

Normally, Gun Gun would stay overnight if he went to see his great grandpa.

It was precisely because of Gun Gun's absence that Lu Heting would have that kind of thoughts to Su Bei.

"I miss my lovely Bei Bei, so I come back," Gun Gun said casually. When he looked at Su Bei, he immediately asked, "Daddy, what did you do to Bei Bei? What did you do to her?"

Lu Heting rubbed his own eyebrows. "She drank a little. She just fell asleep."

'Who can take the boy away?

Forget it. He is my own son, ' he murmured in his heart.

Otherwise, he would beat Gun Gun hard.

"Why don't you take good care of Bei Bei?" The question began to feel interrogative.

Hearing the noise, Aunt Chen smiled and asked, "Mr. Lu, do you need me to help Miss Su wipe her body and change her clothes?"

Lu Heting was speechless. Lu Heting looked at Aunt Chen coldly and felt helpless.

He didn't need anything!

He just needed Aunt Chen and Gun Gun to disappear!

Aunt Chen had been through this, and suddenly realized that she had asked a particularly superfluous question. She quickly shut up and said sensibly, "Mr. Gun Gun, let's go out to have a talk."

"No, I won't. I want to be with Bei Bei."

Lu Heting patted him on the head and said, "Bei Bei seems to have drunk too much. She needs some medicine, or she will feel uncomfortable when she wakes up tomorrow..."

"I'll buy it! I'll buy it! No one is allowed to compete with me!" Gun Gun ran away right now.

Looking at Gun Gun's back, Lu Heting found it hard to believe that Gun Gun was his son without the DNA report.

Aunt Chen went downstairs with Gun Gun.

Although they had left, it was estimated that they would come back in less than twenty minutes.

Such a short time was not enough for Lu Heting to do anything.

He wrung a hot towel and wiped Su Bei's body. Then he changed her into a clean and comfortable pajamas. He lowered his head and kissed her gently. "Good night, my girl."

When Gun Gun came back, Lu Heting had already returned to his own room. Before he could take off all his clothes, he turned on the tap in the bathroom and let the cold water pour down from his head to extinguish the burning desire in his heart.

chapter288 They Would Not Be His Fans Anymore

When Su Bei woke up the next day, it was already dawn.

She remembered that she had drunk a little last night and was so tired that she fell asleep when Lu Heting came to pick her up.

She quickly sat up and found that she had changed into pajamas and Gun Gun was sleeping soundly next to her.

With a smile on her face, Su Bei thought of something and quickly took out her phone to check Weibo to see what she had been scolded.

After searching for a long time, her name just occasionally appeared.

On the contrary, Fang Shaocong's name appeared in different hot searches and topic lists in different discussions, with high popularity.

That was to say, what happened on the internet at the moment had nothing to do with her. Even if other people occasionally mentioned her name, it was a kind evaluation and gentle response.

Some people even found the delicate and perfect videos of Su Bei, such as the shows and advertising shooting. They recommended these videos to others.

On the other hand, the situation of Fang Shaocong was not so good. Su Bei quickly checked the whole thing and found that last night, Fang Shaocong's secrets were repeatedly exposed.

First the doctor, then the female artists, then the staff in the crew who had cooperated with him, and some internet celebrities or stars who had slept with him.

Later, some ladies in the clubhouse came out to claim that they were infected by Fang Shaocong and asked him for compensation.

They took out all kinds of evidences and made Fang Shaocong have no room to defend himself.

Till now, some netizens had concluded that this gentle, smart, kind-hearted and shy male artist had slept with sixty-seven women in less than five years since he started his career.

Besides, there were more than a hundred women who had slept with him. Because these women were not famous, so people didn't know their names. But people had their photos.

All his secrets had been exposed, and everyone knew these secret histories.

Under Fang Shaocong's Weibo, many of his fans expressed their opinions. They would not be his fans anymore.

"I'm so sad. I worked hard for a year before and bought a bag for Fang Shaocong. I didn't expect to see a famous internet celebrity holding the bag last night, with the abbreviation of my own name on it. I know the abbreviation no matter what happened. What a playboy! My hard work is just a tool for you to sleep with other women!"

"We did everything for you just for your better development. Even if you will have a girlfriend and a wife in the future, we will never regret loving you. But look at what you have done? Do you deserve so many fans' love?"

"Men are really the animals that think with their lower parts of their bodies. I misjudged you."

"I will not be your fan anymore. A man who doesn't care about his health and career doesn't deserve my love."

"My love is very cheap, and your image is even cheaper!"

"I'm feeling tired. I was empty. Let's leave here and do our own things!"

Of course, there were also some loyal fans who waited bitterly. "They are all slanders. I will wait for the day when my idol makes that clear."

"Yes, I'm on his side! Shaocong is not afraid of slander!"

Su Bei was in a constant state of amazement. What happened?

How on earth did Lu Heting and Lu Weijian do it?

Meanwhile, Fang Shaocong found that all the public relations were useless, and the professional public relations company was even unwilling to accept his order.

"I'm sorry, Mr. Shaocong. We really can't take the order. We don't know how to deal with it." Some companies were straightforward.

chapter289 Deep Disappointment

"We are so busy recently that we're actually a bit short-handed at the moment. So we can't accept the order. You can find other companies." Some companies were very euphemistic.

But no matter what methods these companies chose, they all meant that they wouldn't take the order.

They would not take the order and they couldn't handle it. Of course, the professional public relations company had found out that not only Lu Weijian was dealing with this matter, but also the Lu Group was involved in it.

The public relations company needed to make money, but they were not willing to offend the Lu Group at all, not to mention that Fang Shaocong was a hot potato.

Fang Shaocong's agent suggested Fang Shaocong, "Mr. Shaocong, let's go abroad. I'll find a way here. We can come back when things calm down."

Fang Shaocong agreed. He could fight against Lu Weijian head on, but he was still afraid of the Lu Group.

Besides, he thought the Lu Group would let him go one day. Things would calm down one day. As a male star, he could restart his career in the future.

As soon as he went out, he was surrounded by his loyal fans.

"Baby, we love you."

"We will always believe you!"

"We will support you for ten thousand years!"

He looked at these fans irritably. It was not a glorious thing for him to leave now, but these people were still chasing and intercepting him. They were really idiots!

He cursed in his mind and waved his hand to greet his fans.

Accompanied by his agent and bodyguards, Fang Shaocong was about to get on the car.

There was a burst of alarm outside, and a police car came over.

The police got off the car and rushed towards Fang Shaocong.

Fang Shaocong ordered the driver, "Start the car, right now!"

"But Mr. Shaocong, I can't drive. There are fans everywhere. I can't drive." The driver looked depressed.

The police asked Fang Shaocong to get off the car.

All the fans around were quiet at this moment.

They were all the most loyal fans of Fang Shaocong, believing that all the scandals on the internet were fake. And Fang Shaocong was framed.

Seeing the police, they were relieved. They thought the police must come here to protect their idol!

As long as the police came to clarify for Fang Shaocong, everything was fine!

Everyone quieted down, waiting for the police to clarify.

However, the first sentence of the policeman was, "Fang Shaocong, please come with us."

"Why? What did I do? Go talk to my agent and lawyer!" Fang Shaocong said angrily. He was ashamed in front of so many fans.

“We have received several charges against you. One of them was from a staff member of your crew. You wanted to rape her, which led to the premature birth of her baby. She was only two months pregnant when you did that to her. You will be charged with attempted rape. Another intern accused you of using work as an excuse to...”

Before the police could finish his words, Fang Shaocong’s agent stopped the police and said, “We can talk about that in private. Don’t say it in public.”

Although he stopped the police in time, those loyal fans heard it clearly in a quiet place.

They suddenly woke up from their dreams.

Their hearts were broken into pieces.

At this moment, the feelings of love, pain, persistence and anxiety for him intertwined into the deep disappointment.

Their persistence for his dream, his efforts, his career and his pursuit for life all collapsed into the darkest shadow in their hearts.

Fang Shaocong was taken away by the police.

However, those fans stood still. They trampled on their signboards, tore up the posters, threw away the gifts, and hugged each other and cried bitterly.

chapter290 Warnings on Bankruptcy

On Weibo, Fang Shaocong’s last group of loyal fans quietly exited the fan group, deleted their own speech records and dismissed all the fan clubs.

They also found Su Bei’s Weibo at the same time and left such words, “I’m sorry.”

These fans could say those harshest words.

Now meeting the greatest disappointment, on the contrary, they were silent.

These fans had loved him, so they didn’t abuse him. But they felt that they would never love someone so deeply in the future.

After browsing Weibo, Su Bei saw the conversation between Lu Heting and Da Bao.

It seemed that the conversation took place after she fell asleep. And Lu Heting didn’t delete it. Instead, he kept it.

Seeing the last sentence of Lu Heting, Su Bei thought for a while. She had to admit that what Lu Heting said really hit her heart.

She didn’t want to be the flower in the greenhouse. She just wanted to do what she liked and experience what she should go through. No matter whether she succeeded or failed, she would never regret.

He knew her.

In her mind, the face of Lu Heting was getting clearer and clearer.

Su Bei got up in high spirits and opened the door. When she opened the door, she saw Lu Heting sitting on the sofa and looking up at her. "Did you sleep well?"

"Very good." With a ruddy face, Su Bei's palm-sized face was full of smile.

She ran to Lu Heting and sat down beside him. "What did you and Mr. Weijian do? So many people came out to accuse Fang Shaocong."

"It's not because of us. It's just that so many people have been hurt by him and are waiting for an opportunity to fight back. He did so many bad things, and he got what he deserved."

"Yes, that makes sense." Su Bei nodded and looked at him again. "I drank a little last night. Did I do anything out of line?"

Clenching his fists, Lu Heting cleared his throat and replied, "No."

She didn't do anything out of line, but he... The intimate picture in his mind last night was only his imagination.

"That's okay." She was afraid that if she got drunk and said something improper to him, it would be bad.

"Su Bei, do you want to change a company?" Lu Heting suddenly asked.

Su Bei had thought about it, but thinking of her illness, she was not suitable to change the company, and she was even not suitable to take over some long-term work.

She nodded, "Well, I have considered that. But it's not convenient for the time being, so I don't focus on it now."

"Qian Yu Entertainment Company is not suitable for you. There are many good entertainment companies. You don't need to be there at whole time." Lu Heting wanted to send Su Bei to Di Xing Media Company and take care of her in person.

Su Bei seemed to read his thoughts. "Do you want me to work in Di Xing Media Company? Forget it. I've already made many trouble for Mr. Weijian. I won't cause him any trouble again. Besides, Di Xing Media Company is good at supporting movie stars. But I'm a model and I'm good at participating fashion show, which doesn't match its business."

That made sense. After a moment's silence, Lu Heting thought that he needed to take a long-term view about the matter that Su Bei changed her company.

Su Huixian didn't expect that Su Bei would win without saying a word in such a big battle.

She didn't know whether Su Bei was so lucky or Fang Shaocong was so unlucky.

"How is everything going with the Fang family?" Su Huixian asked.

Qiu Minxuan had already inquired around and said, "Fang Zhaoxiang has come back. He will deal with the matter of Mr. Shaocong in person. It will all be fine! As long as he takes action, Su Bei will not be able to fight back."
