

Chapter 341: Exposing The Lie

Lu Heting knew everything about Doctor Chen by now.

He had already used his professional hacking skills to hack into Doctor Chen's phone and computer, retrieving his bank information and other personal information.

However, it seemed that Su Huixian was very smart. She had never contacted Doctor Chen through phone, and Doctor Chen had never revealed anything about Su Huixian to anyone.

However, there would always be trails left when one committed a wrongdoing.

Lu Heting waited patiently.

At night, he and Su Bei sat in the living room, watching the computer in front of them. A ding sounded, indicating that Doctor Chen had made a new move.

"What's going on with Dr. Chen?" Su Bei asked hurriedly.

"There's been a change in his bank information. He received a sum of money from a Swiss bank account."

"From what I know after investigating him in the past two days, he doesn't have any relatives or friends abroad, let alone any business dealings. Something must be going on if he has suddenly received money from a Swiss bank." Su Bei hurriedly sat down.

Lu Heting thought the same.

He typed on the keyboard while saying, "I'll check it right away. Since it's from a Swiss bank, it'll be a little complicated to find out the details."

He typed quickly on the keyboard with his long fingers, looking serious and focused.

A man serious at work was the most handsome. Sitting beside him, Su Bei looked at his charming jawline in a daze.

He was really like Da Bao. Perhaps because of this, Su Bei had always had an inexplicable good impression of him.

In the past, she had always thought that Da Bao was good at computer games because Feng Ze taught him well. Now, she realized that it was because of his good genes.

"Get me a glass of water," Lu Heting said casually. He was so focused that he felt a little thirsty now.

Su Bei hurriedly brought him some water, blowing on it. When the temperature was right, she handed it to him.

Lu Heting took a sip from the glass she handed him and tilted his head to look at her. She was also focused on the computer.

Sensing his gaze on her, Su Bei turned her head to look at him with admiration in her eyes. “Lu Heting, you’re really amazing. Do you know that Da Bao is also very good at playing computer games? You two are really father and son.”

A smile appeared on Lu Heting’s face. It was not until Su Bei looked away that he focused on the computer again.

After a while, he finally stopped moving his fingers.

“What did you find out? Was it Su Huixian who gave him the money?” Su Bei asked hurriedly.

Lu Heting shook his head. “An additional ten million yuan was transferred to Doctor Chen’s account from Switzerland. But the person who transferred the money is not Su Huixian.”

Su Bei was a little disappointed. The money in this account could not be used as evidence against Su Huixian.

However, she also understood the situation. “Since this person transferred the money from a Swiss bank, it must mean that they don’t want anyone to trace the source of the money. Maybe it has already been laundered many times abroad. It seems like something Su Huixian would do.”

“That’s true. But with this information, doesn’t it mean that Doctor Chen hasn’t been doing anything serious recently? If we look for Doctor Chen now, can he still deny it?”

“That makes sense! Bring the evidence and ask Dr. Chen about it. He’ll definitely tell us everything!” Su Bei was overjoyed.

As long as she got the evidence from Doctor Chen, Su Huixian’s lie would be exposed.

Lu Heting’s eyes were still on the bank page on his computer.

Actually, ever since he became a law-abiding citizen, he had never hacked into anyone’s bank account—let alone touch a single cent.

Chapter 342: The Ill-Gotten Gains Will Eventually Be Lost

This time, he only used his knowledge in computers that he had not used for a long time because he wanted to help Su Bei.

Su Bei suddenly realized what he was going to do and exclaimed, “Lu Heting, are you going to...”

“After transferring out Doctor Chen’s money, his ill-gotten gains will disappear. You’ll get what you deserve.” Lu Heting looked at the screen and said in a calm and confident voice.

Su Bei bit her lip. “Are you planning to...”

“I’ll transfer it to you. You can use this money to terminate your contract with Qian Yu Entertainment Company. Su Huixian owes you this.” Lu Heting had already given Su Bei ten million yuan to terminate the contract.

However, it was only right for Su Huixian to bear this loss of ten million yuan.

Su Bei already knew what Lu Heting was thinking. She patted the table and said, "Okay, let's just do it. Doctor Chen and Su Huixian have to pay the price."

She was not a saint. She would treat others the way they treated her.

When she became more relaxed, her eyes started to shine brightly.

She suddenly thought of something and patted Lu Heting on the shoulder. "Lu Heting, do you usually do this kind of thing?"

The skills of this pair of father and son were too formidable. In the past, she had instructed Da Bao not to use his special skills to do evil things. Once the valve of desire was opened, it could not be closed again. Otherwise, he would be forced to the cliff's edge due to his desires.

Looking at her worried gaze, Lu Heting could not help laughing. Why would he steal money from someone else's account?

With the time he used to hack into other people's computers, he could earn a lot more money. The amount of money in other people's accounts was how much time he needed to earn the same amount.

He raised his hand and swore, "I swear that this my first time doing this, but I can't guarantee that it'll be the last. If anyone bullies you and our son in the future, I'll give them a taste of their own medicine."

"That's more like it. We can't make the first move when doing evil things, but if others do evil things to us, we won't let them have their way with us," Su Bei said seriously.

Lu Heting agreed with her. The more time they spent together, the more he realized that he and Su Bei had the same values.

It seemed that the two of them were a perfect match.

Lu Heting's operation was done secretly, so Doctor Chen did not receive any information about the transfer of money.

He could not sit still anymore and went straight to the ward to look for Su Huixian.

Su Huixian also found the matter to be strange. She had clearly told Qiu Minxuan to handle this matter as soon as possible.

"Doctor Chen, don't worry. The money will definitely come. But it'll take some time since it's being wired from across the world," Su Huixian explained. "I'm still in your hands. Are you afraid that I'll run away?"

Doctor Chen could only believe her.

He had worked with Su Huixian for a long time, so he believed that she would not be stingy with a mere payment of ten million yuan.

After Doctor Chen went out, he avoided the reporters, took off his white coat, and changed into casual clothes.

When he was about to go out, someone stopped him. It was Lu Hang.

Doctor Chen did not know who Lu Hang was, but he could sense that he was up to no good.

“You... You... You...” Doctor Chen felt guilty and panicked.

With a cold expression on his face, Lu Hang pushed him down and forced him to sit in a chair.

“Are you a patient or a family member? Or a paparazzi? What do you want?” Doctor Chen asked.

Chapter 343: Tell The Truth

“I’m not a patient, a family member, or a reporter. I’m here to ask you to tell me honestly about Su Huixian’s pregnancy. If you lie, you’ll know the consequences.” After being by Lu Heting’s side for a long time, Lu Hang’s tone and expression were similar to Lu Heting’s when he was serious.

Under the pressure of his powerful aura, Doctor Chen felt nervous.

However, he still played dumb. “Su Huixian’s pregnancy is a private and confidential matter. I have medical ethics, so I can’t tell you anything.”

As long as he insisted, the other party would not be able to do anything to him. As time passed, the matter would be forgotten and he would get his money.

“Doctor Chen, you’re about to receive Su Huixian’s ten million yuan, isn’t that right?”

Lu Hang’s words shocked Doctor Chen.

He could not help asking, “How did you know?”

“If you tell the truth now, you’ll still have a chance. If you don’t...”

When Doctor Chen heard that Lu Heting knew about the ten million yuan, he did not know what was the identity of the person in front of him.

However, no matter who Lu Hang was, he knew that he could not escape.

Things were getting out of hand, and confessing was his only way out...

“Su Huixian was never pregnant. She told me to lie to everyone. The previous pregnancy test report was a fake report that I made for her. Every pregnancy check-up was also done by me. Of course, the reports for that were fake as well.

“This miscarriage this time was an even more ridiculous situation. I didn’t know what she wanted to do, so I just went along and helped her.

“I really didn’t know that she was going to frame someone using this matter. I admit that I’ve done something wrong, but I really didn’t want to hurt Su Bei...”

Doctor Chen explained everything in one breath.

Lu Hang had been calmly recording the entire thing. He said, “I understand everything now.”

“Can you let me go? I must’ve been blinded back then. I just wanted to make more money, but I never wanted to hurt anyone...” Doctor Chen said anxiously.

“It depends on your performance in the future.”

Doctor Chen knew that Lu Hang might ask him to testify in the future.

It seemed that it was inevitable that his reputation would be ruined.

Lu Hang called Lu Heting and reported, “Mr. Lu, Su Huixian was never pregnant.”

“Okay. Collect the evidence and keep an eye on Doctor Chen,” Lu Heting said.

At this moment, Lu Heting was driving Su Bei to Qian Yu Entertainment Company.

After hearing the news, Su Bei felt relieved. “We were right. Su Huixian had really faked her pregnancy. I think she did this because she wanted to be with Du Luo without facing a hitch. She hadn’t gotten pregnant yet, but she was afraid of exposing herself. So she took advantage of the situation and blamed it on me... The Du family is suffering now because of her.”

The car arrived at Qian Yu Entertainment Company.

Su Bei got out of the car and went straight inside.

After what happened this time, the people in the company had mixed feelings about Su Bei.

Wang Yizhi had asked her assistant to see if she wanted his help, but she refused.

She and Lu Heting could solve this problem themselves, so there was no need for an outsider like Wang Yizhi to interfere.

Many people who were on good terms with Su Huixian could not help but look at Su Bei differently when they saw her approaching.

Even when an aunty who was cleaning the place saw Su Bei, she waved the broom in her hand and almost hit Su Bei with it.

Chapter 344: God Is Listening

Su Bei pushed her a little and she ended up sitting on the floor. She said in a disdainful tone, “You’re really immoral. You even took action against a fetus. Aren’t you afraid that the baby’s spirit will come looking for you at night?”

“I didn’t do anything wrong, so I’m not afraid of ghosts knocking on my door in the middle of the night,” Su Bei looked at her indifferently and replied. “But you, on the other hand, don’t accuse others without knowing the truth. Aren’t you afraid of being blamed by Bodhisattva?”

The woman’s expression changed.

“Also, let me give you a piece of advice. No matter how young I am, I’m still an artist. And no matter how old you are, it’s possible that you’ll be replaced at any time. You should be mindful of your behavior.”

The aunty was even more terrified. Indeed, how could a person like her compare to an artist?

Zhu Fenfen and Zhong Xiu walked toward her and said, "Su Bei, you're really capable. You can't bully others, so you're bullying the cleaner, right? I've never seen such a person who's as horrible as you are."

This was probably the only time in their lives that they were so protective of a cleaner.

Usually, the few of them would shout at her.

No wonder this aunt liked Su Huixian so much. Su Huixian was really good at winning people's hearts.

Su Bei looked at Zhu Fenfen and Zhong Xiu. "Kindness and love are free, but they're not cheap. Not everyone deserves them."

With that, she strode forward.

The few of them stood there looking at each other in confusion.

Su Bei knocked on Song Ruinian's office door.

"Su Bei, you're here." Song Ruinian invited her in.

Qiu Minxuan was sitting on the sofa in the office, looking angry. She must have been talking about Su Huixian's miscarriage.

Song Ruinian asked Su Bei to sit down before saying, "I believe that you didn't do it on purpose. But the backlash this time is really bad."

"It's not just bad. Who can understand the pain Huixian is going through?" Qiu Minxuan said angrily, "Huixian is still suffering in the hospital. But a certain someone doesn't even care about her and hopes to get away with it. Does she still have a conscience?"

Su Bei did not say anything, and Qiu Minxuan took it as her guilty admittance.

Song Ruinian said to Su Bei, "Su Bei, you have to apologize for Huixian. What do you say?"

"I'm here to talk about this. When the time comes, I'll personally go to the hospital to apologize to Su Huixian. I hope it can be a public affair. That way, I can give an explanation to all the fans and everyone else."

"That's great!" Song Ruinian had been really worried that Su Bei would not agree.

It was great that she was so straightforward.

Qiu Minxuan was also overjoyed. In the end, she did not have to go through much trouble to get this done. If Su Huixian found out, she would certainly be pleased with her.

"When do you plan to do it?" Song Ruinian asked.

Su Bei thought for a while and said, "Why don't we do a live broadcast tonight at eight o'clock? What do you think?"

"Yes, that's good. The live broadcast will start at eight o'clock. I'm sure many people will watch it," Song Ruinian said. "Arrange it with Minxuan and make it big. Su Bei, we won't take any action on you. I'm

sure you didn't do it on purpose. If you don't apologize, we won't be able to calm the gossip outside. Huixian is hurt and sad from this incident. We really have to give her an explanation."

Chapter 345: Taking The Initiative To Apologize

Qiu Minxuan nodded. "Okay, I'll make sure to handle it well."

She had to get all the reporters she could find. When the time came, Su Bei's reputation would be ruined.

She immediately came up with a list in her mind.

Song Ruinian patted Su Bei's shoulder regretfully and said, "Su Bei, no one wants this to happen. But we can only try our best to minimize the impact."

Su Bei smiled mysteriously. After the press conference, she would immediately ask to terminate her contract.

'Everyone, just wait.'

After Qiu Minxuan left, she contacted all the reporters and told them that Su Bei wanted to apologize.

This matter happened to be a trending topic in the past few days. When the reporters heard that Su Bei not only wanted to apologize in public but also live-stream it, they were so excited that they immediately got ready.

Moreover, Qiu Minxuan also posted the news on Weibo. "Tonight at eight o'clock, Su Bei will apologize to Su Huixian and broadcast this live. Everyone, please pay attention. This will be the final statement released regarding this incident."

In an instant, the public was in an uproar.

"Su Bei is going to apologize! Does this mean that Su Bei was the one who did it? She's the culprit!"

"I've already told you that Su Bei must have pushed her. But you all refused to believe me. Su Bei's fans came out to defend their idol only to get beaten up!"

"Unbelievable. I don't want to hear it."

"That's impossible! Xiao Bei would never do such a thing! History proves that people are just slandering her."

"Don't curse at my Su Xiaobei. She is the most beautiful."

"I'm just waiting for the scene to unfold. I'm just here to watch, so it'd be best if they end up fighting."

"The popcorn is all ready. I'll wait for eight o'clock tonight."

When Su Xingfu saw the news, he snorted. "At least Su Bei is sensible enough to apologize."

"So what if she apologizes? Huixian lost a child! We can't allow her to act so rampantly!" Xu Zhiqin said unhappily.

Of course, Su Xingfu did not want to do that either.

However, Su Bei was an adult now and had her own opinions. It was also obvious that someone was still protecting her.

Su Xingfu had failed to look into the man from that day. He did not know who he was. However, since Su Bei was in the entertainment industry, she must have a lot of connections. It was already good enough for her to apologize to Su Huixian.

“What else do you want, then?”

Xu Zhiqin thought about it. What else could she do but accept the apology?

She sighed and said, “Hubby, it hasn’t been easy for Huixian. She’s been struggling to survive. Now, such a thing has even happened to her. We can let Su Bei go, but we have to treat Su Huixian better in the future.”

“Of course.”

Du Luo stayed in the ward with Su Huixian.

She looked much better now.

“Su Bei will come over tonight to apologize to you. At least she’s being sensible now,” Du Luo said.

“I’m sorry, Du Luo. It’s all because of me... I knew that Su Bei has always held a grudge against us. I never wanted to have a dispute with her. In fact, I’ve been wanting to reconcile with her. Anyway, it’s my fault that our sisterly relationship is only getting further and further apart.”

“Silly girl, it’s not your fault,” Du Luo said, feeling sorry for her.

Su Huixian was in low spirits. She lowered her eyes slightly, appearing magnanimous and kind.

Du Luo stood up and said, “I won’t be here tonight. I have something to deal with in the company.”

Chapter 346: You Look Good Even In A Sack

“Aren’t you going to watch Su Bei apologize to me?”

“I have something to do in the company, so I can’t accompany you.” Du Luo really could not bear to see Su Bei apologize to so many people.

Now that Su Bei had become like this, he felt that he could not escape the blame for the current state she was in.

He could only endure it by not witnessing her embarrassing herself.

Besides, he had also prepared a surprise for Su Huixian. He wanted to invest in Qian Yu Entertainment Company to give her more support and make up for her loss this time.

He could not tell Su Huixian about this in advance.

Su Huixian was really disappointed that Du Luo would not be able to witness Su Bei’s apology.

However, Du Luo was indeed busy, so she understood.

“Huixian, I’ll come and see you when I’m free. Besides, I’ve prepared a gift for you. If I don’t busy myself with work, how can I afford to prepare a gift that can protect you for the rest of your life?”

“What is it?” Su Huixian asked excitedly.

Du Luo smiled. “You’ll know when the time comes. You’ll definitely like it.”

Su Huixian’s heart skipped a beat. Since he said so, it must be a surprise gift. She wondered how much it was worth. Did the Du family agree to their marriage? Were they willing to let her join the board of directors?

Judging from Du Luo’s expression, it must be a big gift. Su Huixian looked forward to it.

After Du Luo left, Qiu Minxuan came in.

“Huixian, I’ve arranged for many reporters from various news companies and websites to come here. All of them are waiting outside. When the time comes, Su Bei will definitely embarrass herself.”

“After this incident, she won’t be able to live a good life anymore. With this smear in her reputation, nobody will be willing to work with her in the future. Ask your assistant to treat the reporters well. When the time comes, we must definitely trample on Su Bei!”

Qiu Minxuan took out a makeup bag and said, “Okay, let me help you put on makeup first. It’s very important that you do your makeup today.”

She still had to put on makeup for Su Huixian according to the plan.

Even Su Huixian’s hospital gown had to be fitted with a special clip to make her waist look perfect.

At eight o’clock in the evening, all the reporters were already in position.

Many fans rushed over after hearing the news.

A small number of them were Su Bei’s fans who supported her.

However, most of them were Su Huixian’s fans. They were very worried about Su Huixian and wanted to see whether she was okay or not with their own eyes. They also wanted to see Su Bei’s apology with their own eyes.

This time, they were confident. It was rare for them to be able to step on Su Bei’s fans, so they were full of pride.

Su Xingfu and Xu Zhiqin had also arrived early.

At eight o’clock sharp, the live-stream began.

Accompanied by Xu Zhiqin and Qiu Minxuan, Su Huixian appeared in front of everyone in a hospital gown.

Her face looked shockingly pale, and it was obvious that she was in pain and suffering. She was so pale, but she did not look haggard at all. Instead, she looked beautifully weak and pitiful.

Her slim waist also made others pity her. Even though she was wearing a hospital gown, it looked like she was wearing clothes from a high-end brand.

Everyone could not help but sigh in their hearts. 'Indeed, she belongs in the entertainment industry. She's absolutely outstanding. She has been tortured after her miscarriage, but she can still maintain her beautiful appearance. If it were anyone else, I can't imagine how haggard they would look.'

"You look so good even in a hospital gown. You're indeed a model. You'll look good even in a sack."

Chapter 347: It Must Be Her Guilty Conscience

The comments were also filled with Su Huixian's fans standing united while rejoicing.

"Su Huixian, what's the main topic of your press conference today? Can you tell us?" the reporters immediately asked, trying to direct the topic.

Qiu Minxuan took the microphone and said, "Huixian is not in good health because of the miscarriage, so I'm afraid she won't be able to answer your questions. As her agent, I can answer all of your questions. Also, Huixian will be sitting down for this event. I hope you can all understand."

Immediately, a nurse thoughtfully brought a chair to Su Huixian.

Su Huixian sat down weakly.

Qiu Minxuan announced to everyone, "Everyone knows that after Huixian and Du Luo got engaged, she started preparing to build a family with him. She reduced her workload and put her family ahead of her career. Soon after, she got pregnant.

"After she got pregnant, Huixian cared about this child very much. She was also very careful because it was the fruit of her and Du Luo's love.

"That day, Huixian listened to the company and participated in the team-building event. She got along well with everyone there. When she went to the washroom, Su Bei followed her in.

"It was all my fault as I was a little careless. Since we were in the company, I thought everything would be alright and I didn't go to the washroom with Huixian. I was outside sorting out the gifts that Su Huixian's fans had given her.

"If I had known that something would happen, I would've stayed by Huixian's side no matter what to prevent her from getting hurt. I feel so regretful and guilty for not doing what a good agent should've done. Not long after Huixian entered the washroom, she and Su Bei collided with each other. I don't know why Su Bei hit Huixian's stomach, causing her to miscarry.

"This incident has caused Huixian a lot of pain and hurt. She has been crying every day, and her body and mind have been severely impacted.

"I also have to admit my mistake for not being with Huixian at the time.

"As for Su Bei, one of the parties involved, although Huixian doesn't blame her, I still hope that she can come and make things clear on the spot. She'll give an explanation to Huixian, the Du family, the Su family, and the media as well as fans who care about Huixian."

After Qiu Minxuan was done talking, the audience began to discuss.

“I knew it. It has something to do with Su Bei, after all.”

“I didn’t believe it when I saw the news online. I didn’t expect that she’s really the perpetrator.”

“How can Huixian be willing to forgive her just like this? She’s really generous.”

“I hope Su Huixian will get what she deserves.”

“I didn’t expect Su Bei to have a black heart when she’s so beautiful. You really can’t judge a book by its cover.”

...

Su Huixian was so pitiful that even the reporters could not stand it anymore. They felt that Su Bei was too cruel and should not have done such a thing.

After some discussion, the reporters paused in their actions.

They realized that Su Bei had not arrived yet.

They looked around and asked, “Where’s Su Bei? Why don’t I see her?”

“That’s right. Why hasn’t she shown up?”

Qiu Minxuan said, “Su Bei asked us to gather here at eight o’clock so that she could give an explanation. That’s strange. Where is she?”

As soon as she said this, the crowd started creating a ruckus. “Is Su Bei not coming?”

“It must be her guilty conscience that’s stopping her from coming!”

“How would she dare to come to something like this? Isn’t she afraid of being stepped on by Su Huixian’s fans?”

“If she doesn’t even have the courage to face the consequences of her actions, I’ll be so disappointed in her.”

Chapter 348: The Truth

Su Huixian was also confused and worried. Was Su Bei really not coming?

Even if she did not appear, this press conference was enough to make her take the blame.

However, it was not as exciting as getting to watch her apologize.

At this moment, a commotion sounded from the door.

“Su Bei is here!”

“She’s here! The apology is happening!”

“Su Bei, you must apologize!”

“Apologize publicly for what you’ve done!”

Everyone automatically gave way and let Su Bei take their seats.

She deliberately did not dress up today. She wore her usual simple style of clothes and a pair of flat shoes, but she walked over in an imposing manner.

Passing through the crowd, she walked to Su Huixian and stood in front of the media and fans.

Seeing that Su Bei had arrived, Qiu Minxuan said, “Su Bei, that day, you and Huixian were in the washroom together right before the incident happened. The colleagues in the company saw you pinning Huixian down with their own eyes. Do you admit that such a thing happened?”

“They were wrong. Su Huixian fell and pressed herself onto me,” Su Bei corrected her.

Qiu Minxuan did not bother to argue with her. “You were the one who knocked Huixian down. You have nothing to say about that, right?”

“No.”

All of a sudden, Su Xingfu, Xu Zhiqin, and the others were a little angry. Was she not here to apologize?

Why was she so aggressive?

Everyone in the audience also questioned Su Bei.

Qiu Minxuan continued to ask, “Su Bei, you said you were coming here to apologize to Huixian. How can you go back on your word now?”

Su Bei asked in a flat voice, “What evidence do you have to prove that I was the one who caused Su Huixian’s miscarriage? Just based on her one-sided statement? There are no surveillance cameras in the washroom. No one saw it with their own eyes when it happened. Su Huixian is only accusing me of pushing her to the ground and causing her miscarriage. Is this all on me? Where is the evidence?”

Su Huixian was so angry that her lips trembled. She stood up, picked up the microphone, and said, “Su Bei, what do you mean? Do you think I’m deliberately setting you up by risking my child? It’s the child of the man I love. The child is the treasure of my heart! Do you know how much a mother loves her child? Do you know how much a woman wants to give birth to the child of the man she loves? You’re rubbing salt in my wound!”

Su Huixian’s words caused a commotion.

Xu Zhiqin held her daughter in her arms. The mother and daughter held each other’s heads and cried bitterly. Although Xu Zhiqin did not say anything, the scene that was playing out right now really gained the sympathy of many people.

Some of the female reporters felt sorry for her and tears welled up in their eyes.

“Su Bei is so horrible. How can she provoke a patient who just had a miscarriage?”

“This is too much. I can’t stand it anymore even as a passer-by.”

“No, I believe that Su Bei didn’t do such a thing. In this world, power doesn’t always lie with the weak.”

“+1 ”

“But now, it seems that Su Huixian has no evidence, let alone Su Bei. Besides, will Su Huixian frame Su Bei by making herself go through a miscarriage? It doesn’t make sense!”

Su Bei said indifferently, “It’s useless for you to pretend to be pitiful. Evidence is the most important thing. Even if you stand in court, the judge won’t judge you based on your performance. You still have to show evidence.”

Chapter 349: Testify At The Scene

Su Huixian said angrily, “Evidence? Then I’ll tell everyone what the evidence is. The evidence is that you’ve always been eyeing my fiancé, Du Luo. You have feelings for him, so you can’t bear to see me and Du Luo get along well. That’s why you want to break us up and you don’t want to see me give birth to his child. Jealousy is the evidence of your instigation. All of this is clear!”

Su Huixian’s words made sense. Besides, the news with Du Luo had been on the internet for a long time.

Everyone was obviously on her side. Su Bei liked Du Luo, so Su Bei did not like Su Huixian. Su Bei pushed Su Huixian and caused her to have a miscarriage.

This formed a complete chain of evidence.

The situation was completely unfavorable for Su Bei.

Except for Su Bei’s loyal fans who were on her side, everyone else was on Su Huixian’s side.

Su Bei looked at Su Huixian and said firmly, “Su Huixian, will you take responsibility for everything you say? Are you sure what you’re saying is all true?”

Looking at Su Bei, Su Huixian suddenly felt a little scared.

Deep down, she knew that it was too late to back out now. She had no choice but to go with it.

How could Su Bei find out about what she had done? She had also bribed Doctor Chen, so she had not left any trails.

“My words are completely true,” Su Huixian said righteously.

Su Bei looked at the reporters in front of her and said, “Then I’ll tell you the truth now. From beginning till the end, Su Huixian was never pregnant.”

Su Huixian’s face turned deathly pale. “Su Bei, you’re lying!”

Qiu Minxuan’s expression also changed.

Her words caused a stir. “How is that possible? How can Su Bei say such a thing?”

“Is Su Bei going to push the blame?”

“What’s going on?”

Su Bei said loudly, "Su Huixian was never pregnant. I can't infer the reason why she told everyone that she was pregnant, but I think it might be to please her future in-laws. All I can tell you is that her pregnancy before was fake. The medical reports were all faked by her doctor."

The reporter immediately asked, "Su Bei, do you have any evidence?"

"How can we trust you without any evidence?"

"We have to give the public a convincing explanation."

Su Bei said, "I've already invited Doctor Chen, the one who examined her each time she came to the hospital, to the scene. You can ask the doctor if I'm telling the truth or not. I'm sorry that I came a little late just now and caused you some inconvenience as I also had something to say to Doctor Chen. Please come on stage now, doctor."

Su Huixian's expression changed drastically.

She glanced at Qiu Minxuan, who was also flustered. She had asked her assistant to keep an eye on Doctor Chen, but she did not know that he had been in contact with anybody.

Before she came here just now, Doctor Chen was still writing medical records in his office.

Following Su Bei's words, Doctor Chen walked in.

Of course, with Lu Hang there to control the situation, Doctor Chen could not do anything. He could only listen obediently.

He came to the front of the stage and said to everyone, "Hello, everyone. I'm Su Huixian's attending physician. It's true that I faked all the examination reports since she claimed to be pregnant. Her miscarriage was also false and it was never true. Here, I can show you her real report."

"Doctor Chen, you're lying! Why are you doing this to me? How much did Su Bei give you?" Su Huixian shouted.

Chapter 350: Give Everyone An Explanation

Doctor Chen looked at her and said, "Miss Su, I'm really sorry. From the very beginning, I shouldn't have taken your money and helped you to fake the reports so you could hide the truth from your fiancé and family. I shouldn't have listened to you every time you made a mistake. I shouldn't have performed a fake abortion on you as I ended up hurting innocent people.

"I know that you really want to get pregnant and make Mr. and Mrs. Du happy, but lies will never become the truth."

"He's lying. I didn't do such a thing..." Su Huixian shook her head. "I really didn't..."

Everyone was confused.

Between Su Bei and Su Huixian, which one of them had bribed Doctor Chen?

Who was the one who gave money to Doctor Chen?

Su Huixian was so emotional that no one knew who to believe.

Su Bei said, "Well, let me tell you this. In this hospital, Doctor Chen's medical skills are mediocre at best. He's not an expert or a professor, and he hasn't made any special contributions in this field. But Su Huixian has always been looking for Doctor Chen. With Su Huixian's family background and income, why would she look for a doctor with such qualifications to carry out prenatal check-ups?"

As soon as Su Bei said this, everyone realized what was going on. If Doctor Chen was really a mediocre doctor, then there must be something fishy about Su Huixian looking for him all the time.

"Also, when she fell, there was a nearby maternity hospital near the company. She could have gone there to save the baby. But Su Huixian strongly insisted that they look for Doctor Chen in this hospital. Would a mother who desperately wants to protect her child make such a choice?" Su Bei asked.

At the same time, she took out Su Huixian's statement from the ambulance that day.

The statement showed that Su Huixian had refused to go to the nearest hospital for treatment. She insisted that they come to this hospital where Doctor Chen would treat her.

It was obvious what was going on.

All of a sudden, the crowd exclaimed, "Su Huixian, can you explain the two suspicious points that Su Bei mentioned?"

"Give everyone an explanation!"

"Su Huixian, were you ever pregnant or not?"

At this moment, not only Su Huixian but also Su Xingfu and Xu Zhiqin were panicking.

They had never thought that their daughter would do such a thing. They felt that Su Bei was slandering Su Huixian, but they could not convince themselves to respond to the two suspicious points raised by Su Bei.

"Su Huixian, do you have anything else to say?"

"Su Huixian, were you really pregnant before this?"

At this moment, Su Huixian was facing the reporters' questions.

The fans and onlookers also questioned, "It seems that Su Huixian was never pregnant. But why did she do that?"

"I really want to know what happened. Why isn't Su Huixian explaining herself?"

"I knew that Su Bei wouldn't do such a thing. If you guys still don't believe it, come here and I'll slap your face."

Qiu Minxuan picked up the microphone and said hurriedly, "Huixian is not in good health right now. We'll give everyone an explanation afterward. Please don't panic. We should let Huixian rest first."

The reporters all knew that this was just Qiu Minxuan's way of escaping. If they really let Qiu Minxuan and Su Huixian leave, they might never get to know the truth of the matter again.

This also proved that Su Huixian was guilty.
