

Chapter 351: Repaying Kindness With Kindness

“Can you give us an explanation before leaving?”

“It’s just a simple sentence or two. Why are you hesitating?”

With a smile, Su Bei said, “Actually, there are many doctors here. We just need to do a few more tests to prove whether Su Huixian really went through a miscarriage or not. It won’t take too long. Su Huixian, this is your chance to prove your innocence. Why don’t you go through with it?”

At the side, Lu Heting had already arranged for a doctor for Su Huixian. As long as Su Huixian agreed, they could immediately conduct a check-up.

The reporters were also looking forward to the truth. They could not help but look at Su Huixian and say, “Su Huixian, hurry up. This is your chance to prove your innocence.”

“It’s okay. If you’re really the victim in all this, all of us will seek justice for you.”

“Su Huixian, just do it. If Su Bei bullies you, we’ll back you up. But if you slander Su Bei... everyone will condemn and punish you for her.”

Faced with all the voices, Su Huixian suddenly panicked. How could it be possible? Her plan was foolproof and flawless. How did Su Bei find out about it?

Su Bei did not even have an agent now. She was fighting alone. How did she know all this?

Su Huixian felt dizzy when she heard the words around her.

“Everyone, don’t ask anymore. My daughter has suffered a lot. Losing her child has already brought her so much pain, but you all are still forcing her!” Xu Zhiqin cried. “Look at what’s happening to her!”

Qiu Minxuan also said bitterly, “Huixian has suffered a huge psychological trauma after the previous surgery. You want to make things worse for her? Don’t you think she’s in enough pain?”

Judging from the tone of the reporters, they sounded as though they were a group of assaulters led by Su Bei and trying to harm Su Huixian.

Su Bei smiled faintly. She knew that Su Huixian would not admit to it until pushed to a dead end.

With a smile, she said, “In that case, we’ll let the police deal with this matter. We have to make sure both the victim and the perpetrator get what they deserve. Otherwise, won’t the people who care about us be disappointed? After the police comes, we’ll cooperate with the investigation.”

Su Huixian was on the verge of breaking down. She screamed, “No! Don’t call the police!”

If they called the police, she would be done for. She knew all this very well. If the police were to be involved, she would not even have the chance to deny it.

“Su Bei, please don’t call the police. I’ll apologize to you. I’ll apologize to you!” Su Huixian held Su Bei’s hand and begged.

If Su Bei called the police on her and it left her with a criminal record, she would be locked up if she was served a light sentence. At the worst, her acting career would be ruined. If she really had a criminal record, her children's lives would be affected in the future. How could she still marry into the Du family?

This time was more serious than all the previous times.

Su Bei shook off her hand and said, "You can talk to the police about this. I'm sorry, but I've already called the police."

"Besides, I have to solemnly clarify a fact. I don't like Du Luo at all. There are so many good men in the world. Why do I have to bother about him?"

Hearing that Su Bei had already called the police, the netizens cheered. "So cool! This is how it's done! You repay hatred with kindness, but how are you going to repay kindness?"

Chapter 352: Amazing Su Bei

"I like Su Bei, who can clearly differentiate between love and hate. I like her!"

"I'm going to be your crazy fan!"

"That's right. Su Bei, look at me. I'm a good man too. Who does Du Luo think he is? Su Huixian, does everyone like the person you like? Aren't you a little too arrogant?"

When the police arrived, Su Huixian finally broke down.

After hearing Su Huixian's apology, everyone finally came to the conclusion that Su Huixian had never been pregnant and framed Su Bei.

Su Bei was innocent!

"Su Bei is so pitiful. She had to take the blame after just going to the bathroom. How can a person be so evil?"

"To think that I sympathized with Su Huixian before. She acted so pitiful. Now that I think about it, I feel so disgusted."

"Why is Su Huixian still a model? With such qualifications, she should be an actress."

All the reporters present felt guilty toward Su Bei. Initially, they had come to condemn her. Now, they could not help but apologize. "You can't judge a book by its cover. Su Huixian is the real antagonist!"

"I won't believe someone who pretends to be so pitiful in the future!"

"Su Bei, I'm sorry."

The fans watching the live broadcast were also apologizing profusely.

Only those who really believed in Su Bei held a firm belief from beginning to end. No matter what happened in the future, they would always stand on her side.

The young nurses who had sympathized with Su Huixian before looked at each other in dismay. They felt guilty for telling the interviewers those things that ended up hurting Su Bei.

Su Huixian's fans scattered and disappeared into the crowd without saying a word.

Only a few of Su Bei's fans were still waving the support banners in their hands while shouting, "Su Bei, we love you!"

"I love you guys too. Go home early and be safe." Su Bei blew them a kiss.

The fans shouted excitedly.

Su Bei said nothing more and left without accepting any interviews.

During the whole process, she had only defended herself and clarified the truth without saying anything more. She looked so natural and straightforward that it made people want to scream.

Lu Heting's car had been parked in the corner the whole time.

He had not made an appearance but arranged for bodyguards to protect Su Bei.

He was afraid that if he heard someone slander Su Bei in public, he would fly into a rage and beat up all the reporters. After all, these reporters still had to spread the news about Su Bei's innocence.

Hence, he waited outside.

Seeing the familiar car in the dark, Su Bei felt a sense of security.

Song Ruinian stepped forward and said, "Su Bei, I didn't expect this..."

Of course, he had come here tonight to support Su Huixian.

In the end, it turned out to be useless. After seeing Su Huixian's lies being exposed one by one, Su Bei guessed that he was not in a good mood now.

"Director Song, I have something to tell you."

"Is it about work? Then let's find a place to have a chat." Song Ruinian and his assistant found a private room in a tea house and they all sat down.

Now, it seemed that Su Huixian's reputation was ruined. Su Bei was now an artist whom Song Ruinian had high hopes for.

At the moment, Song Ruinian had to take on some jobs for Su Bei to increase her popularity.

Chapter 353: If We Don't Agree, We Can't Terminate The Contract

Song Ruinian had always been a fence sitter, but he had never suffered losses. He was already very familiar with this trick.

He personally poured Su Bei a cup of tea and said, "Su Bei, you can choose whichever agent you want to work with."

Su Bei smiled. "No need. I don't like any of them."

"So you've taken a fancy to someone outside? This is a little tricky. It's not easy to poach people nowadays." Song Ruinian did not expect that Su Bei would have other ideas.

No matter what, she was just a newcomer. Her foundation was too shallow.

“I want to cancel my contract,” Su Bei said straightforwardly.

Song Ruinian put the teacup on the table and said, “Su Bei, the company is very optimistic about your future. We’ve also helped you get a lot of resources...”

“I don’t want any of them. I just want to terminate the contract. I’ve already brought my own contract and termination agreement here. If you agree, our contract will be terminated.”

The expression on Song Ruinian’s face changed. “Su Bei, do you know what the penalty is? Can you afford it?”

He hoped that Su Bei was just impractical.

“Will you agree to terminate the contract if I pay the penalty?”

“Then take out the money first.” Song Ruinian expected that she would not be able to take out ten million yuan.

What a joke! She had only taken a few jobs but she had already amassed such a large sum of money?

Su Bei slammed the check on the table. It was clearly written on it—ten million yuan.

Not a cent less.

This was the ten million yuan that Lu Heting had taken from Doctor Chen’s account. No one knew where it went.

As for how Doctor Chen and Su Huixian would argue about it, it was their own business.

Besides, Doctor Chen and Su Huixian were now being detained by the police. They could not even protect themselves now, so they would not be able to investigate the whereabouts of the money either.

For every grievance, there was a debtor. It was Su Huixian’s fault that Su Bei could not stay in the company. Hence, Su Huixian would pay for her penalty fee.

Looking at the check on the table, Song Ruinian’s face darkened.

His assistant picked up the check, carefully looked at it, and said in a low voice, “Director Song, this is real.”

“So what if it’s true? If we don’t agree, we can’t terminate the contract. Su Bei, go through the legal procedures!” Song Ruinian stood up and slammed the table.

If she had to go through legal procedures, Su Bei would have to engage in a battle with the company’s legal department. Song Ruinian would delay it for as long as he possibly could.

Women did not have a long time to spend. Time was their most precious asset.

Su Bei had already expected Song Ruinian to do this.

That was why Lu Heting had already gotten help from the two lawyers who helped Su Bei post on Weibo last time and they had come with her.

The door was pushed open and two lawyers walked in.

“Mr. Song, we’re lawyers from Di Xing Media Company, a subsidiary of Lu Group. Now that we’ve taken over Miss Su’s contract termination case, we’ve discovered that there are all kinds of unreasonable agreements between you and your artists. Since you want to go through legal procedures, let’s proceed then.”

These two lawyers were famous big shots in the legal industry. They were also highly regarded in Di Xing Media Company.

They had never lost a lawsuit.

They put the contract with Qian Yu Entertainment Company on the table. Their expressions were cold and businesslike while they gave off an invisible pressure.

Chapter 354: Right Now

Both the assistant and Song Ruinian glanced at the contract. The unreasonable statements on it had all been marked. They were all the rules that Qian Yu Entertainment Company had broken in order to better control their artists.

These rules restrained artists, but they did not place any requirements on the company.

If these two big shots helped Su Bei win the lawsuit, all the artists in Qian Yu Entertainment Company who had a promising future would immediately follow suit and terminate their contracts with them.

At that time, the gains would not make up for the losses!

Su Bei smiled and said, “Director Song, I cherish my time. I hope that you can terminate the contract as soon as possible. Of course, if you want to file a lawsuit, let’s do it.”

Song Ruinian said, “We’ll terminate the contract. Come to the company tomorrow...”

“I want to do it now. Right away. Director Song, it shouldn’t be a problem to have the company’s legal department work a little longer, right?”

Song Ruinian gritted his teeth and said, “I’ll call them right away.”

Soon, the legal department of Qian Yu Entertainment Company arrived. In front of the two big shots of Di Xing Media Company, they signed and stamped the contract, giving Su Bei her freedom.

Su Bei picked up her contract termination documents and walked out with a smile. After thanking the two lawyers, she ran toward Lu Heting’s car.

“I’m back.” Su Bei got in the car.

Lu Heting had been paying attention to the development of the situation the whole time, so he knew everything that had happened. He smiled and asked, “Was everything okay?”

“Everything went smoothly. Everything was under control. I’ll show you my contract termination.”

“Then you can take a good rest for the time being.”

Su Bei thought that it made sense. She could take this time to accompany Da Bao and Gun Gun.

She handed the card that Mrs. Du had given her to Lu Heting and said, "Here, take this back. Since Su Huixian helped me foot the bill for my penalty fee, I don't need this money anymore."

"Mom said that you should keep it." Lu Heting did not want her to work too hard.

"Well, I can't spend that much anyway. Why don't you just keep it? Or you can use it for something else. I don't know anything about money management. All I know is that it's meaningless to keep it in your card."

Lu Heting smiled and said, "Even if I take it back, I'll just be holding onto it. It's better left with you."

"Then I'll keep it first." Seeing that he was determined not to accept it, Su Bei decided to keep it. After all, she would end up leaving her things to him when the time came, let alone his own money.

Lu Heting smiled. She was finally willing to accept his gift.

It was not easy to give something away.

After returning home, Su Bei could finally have a good night's sleep.

On Weibo that night, everyone was yelling curses.

Su Huixian was scolded badly.

Qiu Minxuan appeared and blamed everything on the unknown assistant. "At that time, it was the assistant and Doctor Chen who saw that Huixian badly wanted to get pregnant. In order to make Huixian happy, they deliberately lied to her. Huixian didn't know about it at the beginning. It was also the assistant and Doctor Chen who came up with the miscarriage. Huixian never knew anything about it. Besides, she has severe depression now and her physical condition is very bad. We've already handed the assistant to the police to deal with it. Please stop spreading rumors."

Qian Yu Entertainment Company and the Su family had also quickly contacted each other. They agreed to push the blame to the assistant.

Qian Yu Entertainment Company quickly released a statement to defend Su Huixian while issuing a lawyer's letter to the assistant.

Chapter 355: Mixed Feelings

Since they had lost Su Bei, Qian Yu Entertainment Company had to protect Su Huixian. Otherwise, the company would suffer a huge loss.

Su Huixian was released on parole on the grounds that she was seriously ill.

The netizens who were browsing Weibo were rolling their eyes.

"The accident was caused by an unknown assistant, but he's denying it."

"Depression is really hard to deal with, am I right?"

“This is really Schrödinger’s pregnancy. Before the accident, Su Huixian wasn’t even sure if she was really pregnant.”

“If you have time to post on Weibo or draft a lawyer’s letter, why haven’t you apologized to Su Bei?”

Su Huixian, who was lying on the bed at home, was feeling disheartened.

After finishing his work in the company, Du Luo rushed to the hospital to accompany Su Huixian.

He also wanted to tell her a piece of good news. He had already gotten the approval of the board of directors of the company to fund Qian Yu Entertainment Company. In the future, he would become a shareholder of Qian Yu Entertainment Company. That way, he could ensure Su Huixian’s development in the entertainment industry.

However, the hospital staff said that she had already left. They all looked at Du Luo strangely.

Du Luo had not watched the live broadcast tonight, so he did not know what had happened.

He drove to the Su family’s villa.

Xu Zhiqin did not think that Su Huixian had done anything wrong at all. She assumed it was all Su Bei’s slander.

When she saw Du Luo, she invited him in to spend more time with Su Huixian.

When Du Luo saw Su Huixian, he was shocked.

Su Huixian looked very haggard.

“Huixian, what’s wrong?” Du Luo asked with concern.

Su Huixian realized that Du Luo did not know about it yet.

He probably had not watched the live broadcast.

She burst into tears and said, “Du Luo, I... I really wanted to be pregnant with your child. I’m really sorry...”

“Silly, why are you talking about this again? And why didn’t you tell me that you were discharged?”

“Du Luo, I really didn’t expect that I wasn’t pregnant. I always thought that I was carrying a child. Doctor Chen lied to me. I shouldn’t have believed him...”

Du Luo was confused. “What’s going on?”

“Doctor Chen and my assistant must have been bribed. They told me that I was pregnant but I wasn’t. They were also the ones behind my so-called miscarriage... I’m sorry. I really didn’t know that this would happen...”

“Did Su Bei bully you again?”

Su Huixian only cried, and Du Luo’s heart ached for her.

“Du Luo, let’s just forget about this matter. I don’t want to be entangled with Su Bei anymore. Things in the entertainment industry are too complicated, and I don’t think I can do it. I’ve worked too hard. I don’t want to compete with Su Bei anymore.”

Du Luo comforted Su Huixian for a long time before driving away.

He was very angry at what Su Bei had done.

When he looked through Weibo, he saw that netizens were scolding Su Huixian.

Sensing that something was wrong, Du Luo thought for a while before watching the video of Su Bei’s apology.

Shortly after, Du Luo’s mind went blank. What Su Bei had said was really reasonable. The evidence she showed and the suspicious points that Su Huixian could not answer made people involuntarily side with Su Bei.

Su Huixian had used a fake pregnancy to win the Du family’s favor. She had also lied to herself and hurt Su Bei.

Du Luo slammed his fist on the steering wheel with mixed feelings.

Chapter 356: A Dispensable Existence

How did it turn out like this?

Had he misunderstood Su Bei all this time?

He bought some wine and gulped it down. He did not even properly taste it.

He choked and coughed so hard that tears slid down from his eyes.

Did he owe Su Bei too much?

He kept drinking until he got drunk. Then, he rushed to Qian Yu Entertainment Company to find Su Bei.

He soon realized that he did not know anything about Su Bei anymore. He did not know where she lived. He only got her phone number from Song Ruinian’s office.

He ended up calling out Su Bei’s name while lying at the entrance of Qian Yu Entertainment Company. He kept saying that he wanted to apologize to her.

When Su Bei returned home and put Gun Gun to bed. Da Bao also obediently fell asleep.

Su Bei was just about to fall asleep when she received a phone call.

“Miss Su, there’s a drunk man at the entrance of the company who keeps asking to see you. Are you coming?” The security guard did not recognize Du Luo at all.

After all, Du Luo usually drove luxury cars and wore high-end clothes. His hair was even more exquisite than a woman’s. At this moment, he was far away from the security guard.

The security guard did not expect the man in front of him, who was dressed in dirty clothes, to be the young master of the Du family.

“Okay, I’ll come over now.” Su Bei had no choice but to agree.

Otherwise, if such a scene was photographed by the reporters, who knew what would be written?

Su Bei immediately changed her clothes and put on her shoes.

Lu Heting heard the noise and came out to ask her about it.

After hearing what Su Bei said, he told her, “I’ll go with you.”

Su Bei did not object. She was tired today, and it would be safer for her to go out in the middle of the night with Lu Heting.

When they arrived at the entrance of the company, Su Bei realized that she did not know this drunkard at all.

However, since she was already here, she decided to take a proper look and see who it was.

She was about to bend down to take a look when Lu Heting held her hand, indicating that she did not need to take the risk.

Su Bei stopped moving. Lu Heting bent down and flipped the man over until he could see his face.

It was only then that she saw who the drunkard was.

“Du Luo?” Su Bei was surprised.

Actually, Su Bei thought that the man was familiar after looking at his figure. However, after the past few years, Du Luo had faded away from Su Bei’s heart, so she had not properly seen his face for a long time. She never thought that it would be him.

Besides, what was he doing here?

Should he not be by Su Huixian’s side?

Even though the whole world did not believe Su Huixian, he would try his best to believe in her, right?

Sensing that Su Bei was here, Du Luo said in a low voice, “Su Bei... Su Bei, I’m sorry...”

Su Bei really wanted to kick Du Luo’s ass. If he was not tired, she was! Why did he get so drunk?

“You drank a lot, go home. I don’t have time to accompany you.”

Du Luo reached out to grab Su Bei’s wrist, but Lu Heting stopped him.

At most, Du Luo was just Su Bei’s ex-fiance. He was Su Bei’s husband.

Du Luo let go of his hand and said in a daze, “Su Bei, can... Can you forgive me?”

Su Bei’s heart hardened.

Her heart was already dead, and in her heart, he had long ago been dispensable to her. How could she forgive him?

She had never minded the misunderstandings the people whom she did not care about had toward her. What she wanted most was the trust of the people she cared about.

Chapter 357: She Could Not Help Herself

“You don’t need my forgiveness, and I don’t need your apology,” Su Bei said with a lazy smile. Then, she looked away from Du Luo.

An apology after the damage had been caused was useless.

She had already seen through him.

“Miss Su, who is this man? Is he your fan? Why is he here causing trouble? It’s not easy for us to deal with him,” the security guard said awkwardly.

“Is he a fan or a crazy fan?” Su Bei said, “Every celebrity will have a few fans like this.”

The security guard understood. They were usually stationed at the entrance of the company and were used to seeing such people.

It was just that this fan was a little different. He knew Su Bei’s phone number, so they could not deal with him as they usually did with other fans.

“Then can I trouble you to send him to the hospital and inform his family?”

The security guard said awkwardly, “We still have to work. Besides, we don’t have his family’s phone number.”

Lu Heting handed over a stack of money and asked Su Bei to write down Mrs. Du’s phone number to pass to the security guard.

He said in a flat voice, “Please get your colleagues who’ve gotten off work but not yet left to send him to the hospital. You can use the remaining money to buy some drinks for yourselves.”

He did not want to see Su Bei’s so-called ex-fiance having anything to do with Su Bei at all.

“Okay, okay. Thank you, sir. Thank you.” The security guard took the large stack of bills from Lu Heting.

“Let’s go back,” Su Bei said to Lu Heting.

When she got into Lu Heting’s car, her expression remained calm.

Lu Heting took off his coat and covered her with it. “If you’re tired, you can sleep first.”

“Lu Heting, let me ask you something. Answer me seriously and honestly. Why do you always choose to believe in me no matter what happens?” Su Bei suddenly turned to him and asked with a smile.

“Because of my intuition, and because I believe that the person I love is a kind woman.”

His deep and sexy voice reverberated in the car.

Su Bei felt a little dizzy. How could he say that she was the one he loved?

This answer was too heavy...

Su Bei really wanted to take back her question. If she had known that he would answer it like this, she would not have asked him this question.

Did he not always say that marriage was just a matter of convenience? Did he not say that it did not matter who one got married to?

Su Bei immediately closed her eyes and pretended to be asleep.

Actually, her heart was beating fast. He was so charming that she could not help herself.

She was sleepy earlier, but she could not fall asleep now.

When the car arrived at the entrance of the neighborhood, she closed her eyes tightly. She did not dare to open them as she did not know how to face him.

Lu Heting smiled. He had seen through her act.

However, it just so happened that he really wanted to hug her.

Usually, he was afraid of scaring her, so he let her dodge. If she did not want wake up, it would be the best opportunity for him.

He bent down and picked her up.

Feeling his arms around her, Su Bei realized that she seemed to have made a mistake again. She should not have pretended to be asleep... However, now that she was in his arms, she could see his well-defined jaw every time she opened her eyes a little.

He lowered his eyes so that he was directly looking at her. She could not get up even if she wanted to.

Forget it. She would just pretend to be asleep.

She simply closed her eyes.

Her every move and complicated expression fell into Lu Heting's eyes, making him smile.

Chapter 358: A Strange Scene

Su Bei felt that there was still a long way to go. Lu Heting carried her all the way to the elevator, out of the elevator, through the door, and into the room...

Finally, when she felt her back against the mattress, she felt relieved.

Just as she was about to leave, she felt Lu Heting approaching her. Something warm touched her forehead.

He kissed her between her eyebrows.

Su Bei's heart beat wildly. She could sense him looking at her for a while before whispering goodnight and leaving.

When the lights were turned off, the room was silent again. In the darkness, Su Bei's heartbeat was still loud and clear.

She turned around and hugged Gun Gun. Yes, she had to admit that she liked Lu Heting and wanted to live with him for the rest of her life.

However, a lifetime was a long time. Her life could only be decided by the heavens...

At night, Su Bei did not sleep well. In the morning, she hugged the blanket and did not wake up.

Gun Gun quietly walked out and closed the door while shushing everyone. "Bei Bei is still sleeping. Don't make any noise."

Da Bao, who was reading a book, looked at him lazily and said, "It seems that you're the only one making noise, right?"

Aunt Chen was busy in the kitchen while Lu Heting was reading the financial newspaper.

Gun Gun's little face broke into a smile. Well, Brother Da Bao seemed to be right.

There was a knock on the door and Gun Gun's big eyes lit up. He rushed to the door, opened it, and said, "Shh! Bei Bei is sleeping. Don't make a sound."

Lu Weijian, who was standing at the door, immediately fell silent.

Lu Heting glanced at him.

Lu Weijian replied with a meaningful look in his eyes that meant to say, 'Since our mother could come, that means I can come here too, right? Don't look at me like that. I didn't make a sound. I'm very obedient.'

He took off and lifted his leather shoes, telling Lu Heting that he was being obedient by only wearing socks.

Lu Heting looked away, too lazy to look at him.

Da Bao just looked at him and said hello.

Lu Weijian sat on the sofa. From Lu Heting to Gun Gun, they were all quietly doing their own things. It was as if they had a tacit understanding even though the soundproofing of this house was actually very good.

However, everyone still tried their best to keep quiet for Su Bei's sake.

The whole family was so in sync that Lu Weijian felt like he was sitting on needles.

He was not someone who could stay calm.

He scratched his head and looked at this and that.

Gun Gun quietly played with his toys. Da Bao was reading seriously, while Lu Heting was focused on reading the newspaper. He also looked at Lu Weijian, meaning to say, 'If you can't sit still, you can leave first. Don't force yourself.'

Lu Weijian immediately thought back, 'Of course I can.'

He also picked up the financial newspaper and read it seriously.

After washing up, Su Bei saw such a strange scene. The whole family, including Lu Weijian, was sitting quietly in the living room, doing their own things.

The scene looked strange and particularly harmonious.

Gun Gun got up and hugged Su Bei's thigh. "Bei Bei, did you sleep well?"

"I slept well. It was so sweet and comfortable." Su Bei could tell that everyone was afraid of disturbing her sleep, which explained such a scene.

She felt touched and warm inside. She hugged Gun Gun and kissed his round face.

Chapter 359: When Will The Wedding Be Held?

"My dear baby, thank you. I love you."

Gun Gun was so happy. It was precisely because of him that Bei Bei could sleep so well. Only when she slept well would her mood be better.

His actions had brought value!

Lu Heting seemed to say, 'I want a kiss too'."

Da Bao thought, 'It's so good to have Gun Gun here. Someone can help me with Su Xiaobei's enthusiasm.'

Lu Weijian thought to himself, 'I'm really like a plate of pickled fish, sour and redundant.'

Lu Heting continued to express on his face, 'The whole family put in the effort. Why does only Gun Gun get kisses and hugs?'

Aunt Chen served them breakfast and said, "Everyone can have breakfast now."

At the dining table.

Lu Heting asked, "Mr. Weijian, what are you doing here?"

Lu Weijian ate in a reserved manner, keeping up his appearance as a boss. "I have something to discuss with Da Bao."

He wanted to have a game match with Da Bao. He had some questions to ask him. Of course, he had to come visit him in person.

Lu Heting saw through Lu Weijian's intentions and rolled his eyes at him. "Da Bao is going to school soon."

He meant that he did not want gaming to affect Da Bao's studies.

"I also have something to discuss with Sister Bei Bei. I've already calculated the remuneration for the last endorsement. I'll send it to her..."

Lu Heting gave in. This was indeed a serious matter.

Lu Weijian winked at Lu Heting. 'I'll also help you. Watch me.'

Lu Heting picked up a bun for Lu Weijian and said, "Mr. Weijian, eat more."

Lu Weijian was flattered, but he sat up straight. It was rare for him to enjoy his brother's service openly.

When Su Bei heard that she would be getting paid for her endorsement fee, her eyes lit up. "Mr. Weijian, will you be paying me?"

"Yes, let's have a drink later. I have other works to talk to you about," Lu Weijian invited with a smile.

"Okay."

Lu Heting agreed.

In the cafe downstairs, Su Bei received money from Lu Group. Looking at the number in her account, she was in a good mood.

A few million yuan was enough to raise Da Bao and Gun Gun till they were 18 years old.

Lu Weijian smiled and said, "Bei Bei, you did a good job in the commercial last time. Many people asked me for your phone number but I didn't give it to them. You just filmed for me, I don't want others to have you film for them as well."

"Of course. I can't take on any more commercials for the time being."

"Well, you and my brother already have Da Bao. When's the wedding?"

Su Bei choked on her coffee. What wedding?

Lu Weijian hurriedly handed her a tissue. "You and my brother are married in name. Haven't you thought of holding a wedding? Besides, you already have two children."

"I want to keep a low profile," Su Bei said with a perfunctory smile.

"Do you have any thoughts on having a wedding?"

Seeing that he was serious, Su Bei hurriedly stopped him. "Mr. Weijian, I haven't thought much about it. Let's not talk about this for now."

"Bei Bei, what do you think of my brother?" Lu Weijian asked curiously.

He seemed to have heard from Aunt Chen that Lu Heting was still sleeping alone.

Of course, it was because of Gun Gun. However, it was probably also because of Bei Bei.

"Mr. Weijian, your brother is a good man. But..."

"But what?" Lu Weijian's eyes lit up.

Chapter 360: Feels Like A Roller Coaster

"But I don't have any feelings for him, so I'll take it slow." Su Bei lowered her head and drank her coffee.

Lu Weijian rolled his eyes. "Do you like another man?"

Su Bei spat out another mouthful of coffee. "Of course not!"

"That's good! That's good!" Lu Weijian was secretly glad that she did not have feelings for anyone else. Although Lu Heting would have a long path ahead of him, it would not be too difficult.

Su Bei looked at Lu Weijian. What was wrong with him? Was he not being too nosy?

Afraid that Su Bei would get impatient, Lu Weijian raised one last question. "Bei Bei, after terminating your contract, you don't have anywhere to go, right? Why don't you come to Di Xing Media Company?"

Su Bei knew that Lu Weijian meant well, but she could not accept his proposal.

Di Xing Media Company was very strict in all aspects when it came to managing artists. Of course, this also greatly helped the artists themselves. Every artist from Di Xing Media Company was popular...

However, she did not have the time to accept the training of Di Xing Media Company.

She could not take on long-term jobs either.

"Thank you for your kindness, Mr. Weijian. But I have my own plans for now. I can't accept Di Xing Media Company's invitation," Su Bei refused.

"Bei Bei, are you really so cruel that you won't even consider it?"

"Maybe in the future. I hope there'll be a chance in the future."

Lu Weijian had no other choice. This was all he could do for his brother.

"Okay then, Bei Bei. I hope we have a chance to cooperate in the future."

...

Lu Weijian relayed Su Bei's words to Lu Heting.

"Brother, I've really tried my best. If Sister Bei Bei doesn't want to join, there's really nothing I can do."

Lu Heting had already expected this. After all, he had personally invited Su Bei but she also refused.

However, it did not matter. She had even given birth to Da Bao. Whether she joined the company or not, Lu Heting was not so anxious anymore.

"But since she's admitted that she doesn't like other men, it means that the only men she likes are you, Da Bao, and Gun Gun. No, Da Bao and Gun Gun are not men. So the only man she likes is you."

Lu Heting smiled contentedly. Of course.

He could feel that Su Bei was showing some warmth to him now.

He still needed more time and opportunities...

"But Sister Bei Bei also said that the two of you have only known each other for a short time, so she doesn't have any feelings for you," Lu Weijian continued.

His words made Lu Heting's mood change like a roller coaster.

With his reminder, Lu Heting realized that his relationship with Su Bei was indeed lacking in foundation.

When he married her, it was very sudden. After that, they barely got along. Five years later, they met each other again but there were very few opportunities for them to be alone. Gun Gun was one of the top factors.

Feelings needed to be cultivated. How could he expect Su Bei to develop feelings for him without doing anything?

“Lu Weijian, do you want your sister-in-law to go back to the Lu family as soon as possible?”

“Of course! When Sister Bei Bei comes back, Da Bao can also come back. Then I can form a team with him. Da Bao can help me hack all kinds of computers and I’ll become invincible that way. Of course, my Sister Bei Bei can also help me film commercials. It’s a win-win situation. No, three wins, four wins...”

Lu Heting looked at him lazily.
