

**Chapter 411 - Not His Son**

Gun Gun turned around and leaned into Su Bei's arms. "Will you pick me up later today?"

"Of course, I will." Su Bei stroked Gun Gun's head.

At the side, Old Master Lu and Matriarch Lu were sitting inside a car and looking outside.

Although Lu Heting had refused to let them send Gun Gun to kindergarten, the two elders could not help but come early in the morning.

They did not know that Da Bao had already entered primary school. They thought that they could see Gun Gun and Da Bao today.

Mrs. Lu also came over in another car. Like Old Master Lu and Matriarch Lu, she did not get out of the car but just watched from a distance..

After a while, Lu Heting and Su Bei got down from the car. Su Bei held the round child in her arms.

Old Master Lu and Matriarch Lu looked around. "Why is there only Gun Gun? Where's the other child?"

After looking around, the two elders were disappointed to find that there was no other kid.

Old Master Lu asked, "Why is that child not here? Is it possible that Heting was just coaxing us so that we would accept Su Bei?"

After asking the question, he had the answer. Lu Heting would not do such a stupid thing. He would not lie to them.

"Could it be that he knew that we'd be coming today, so he hid the other child from us?" Matriarch Lu made a guess.

However, even after guessing for a long time she still could not figure out why.

Since they did not get to see their beloved great-grandson, they looked at Su Bei instead.

They were satisfied with Su Bei's appearance today. She looked like a gentle and kind woman. They saw her holding Gun Gun in her arms, whispering something to him.

However, it seemed that Gun Gun was not very happy. His round little hands were rubbing his eyes.

Old Master Lu felt so sorry for his great-grandson but was not able to step forward.

It was all because of Lu Heting.

"It's because she's not his biological mother, so this kind of situation arises," Matriarch Lu murmured to herself. When Gun Gun was with Liao Xintong, he had never been wronged like this.

She had never seen Da Bao before, nor had she seen the interactions between Su Bei and Gun Gun. She could only compare the two women based on what she had seen. Because of this, Su Bei was at a disadvantage.

Old Master Lu snorted. At the moment, he thought that Liao Xintong and Su Bei were on par with each other. Both of them had Lu Heting's child, although Liao Xintong's child was birthed by her sister.

At the entrance of the kindergarten, all the children were crying. None of them was willing to leave their parents.

Gun Gun rubbed his eyes, unwilling to leave Su Bei.

"I won't go to kindergarten. I'll wait for you at home, okay?" Gun Gun refused to let go of Su Bei's neck.

"If you don't go to kindergarten, you won't be able to grow up. Then you won't be able to protect the girl you like. Look at you, you can't even carry Bei Bei. How can you protect her in the future?" Lu Heting looked directly into Gun Gun's eyes and asked seriously.

Gun Gun lowered his head and looked at his short and chubby hands. Finally, he made up his mind. "I'll go now! Daddy, I'll grow taller and stronger than you very soon. Hmph!"

He said to Su Bei, "Bei Bei, wait for me!"

#### **Chapter 412: Critical Hit**

Then, Da Bao picked up his schoolbag and ran into the kindergarten.

Finally, there was an obedient and cute role model for others to follow in his footsteps. The teacher hurriedly said, "Children, look! A brave boy has walked into the kindergarten. Do you want to go in with him?"

Some children stopped crying and looked at Gun Gun. Gun Gun's round face was very cute. It not only melted Su Bei's heart but also a few of the children's hearts.

Immediately, some children nodded in tears, indicating that they were willing to follow Gun Gun.

With this, the rest of the children also quickly stopped crying and trailed along.

At the entrance of the kindergarten, the crying had finally stopped. Everyone began to line up and enter the kindergarten in an orderly manner..

Tears welled up in Su Bei's eyes. She could not bear to leave Gun Gun either.

Gun Gun was different from Da Bao. His body was not as healthy as Da Bao's, and he was not as good at taking care of himself as Da Bao was. He was a little boy who still needed his mother's protection.

She wondered if Da Bao would be able to take care of himself in kindergarten.

"Let's go back." Seeing that Su Bei's eyes were red, Lu Heting handed her a tissue.

After getting in the car, Su Bei gradually calmed down. "I hope my Gun Gun can quickly grow up."

The corners of Lu Heting's lips lifted slightly. Su Bei had acknowledged Gun Gun. How far was he from getting acknowledged by her?

Old Master Lu and Matriarch Lu were disappointed, and their car drove away.

"If Lu Heting can't bring that child back to see me when the time comes, I'll see how he'll explain it to me!" Old Master Lu said angrily.

Mrs. Lu, who was in the other car, also asked the driver to drive away.

She saw that the relationship between Su Bei and Gun Gun was sincere. Plus, there was Da Bao too. Mrs. Lu started to think a little more highly of Su Bei.

At this moment, Liao Xintong called.

"Aunt, can I pick Gun Gun up after kindergarten?"

"Well, you know that Heting is strict with when you can meet Gun Gun. I can't help you persuade him anymore," Mrs. Lu said awkwardly.

Liao Xintong smiled. "Aunt, Gun Gun has already started calling me 'Mommy'."

"Really?" Mrs. Lu was surprised and a little worried.

Over the years, Lu Heting had refused to date. Mrs. Lu had shown Gun Gun many photos of women, hoping that Gun Gun would choose a suitable woman and persuade Lu Heting.

However, the countless photos that she showed Gun Gun were all thrown into the trash can. He was so angry that he did not want to look at them anymore.

If he was calling Liao Xintong 'Mommy' now, it meant that Liao Xintong had really won his heart.

However, Su Bei had returned and even brought Da Bao back...

Liao Xintong smiled happily. "Aunt, I didn't expect that this day would come. Maybe Gun Gun has already opened his heart up to me. I want to start raising him as soon as possible to make up for the motherly love he has lacked all these years."

Mrs. Lu didn't say anything for a long time.

Liao Xintong thought that Mrs. Lu was too surprised to speak.

Only Mrs. Lu knew what was going on with herself. Initially, she was leaning more toward Su Bei. Now, the scales had shifted and she was leaning more toward Liao Xintong. In her heart, the two women were tied yet again.

When Mrs. Lu called Lu Heting and asked if he could let Liao Xintong pick Gun Gun up from kindergarten, she was dealt with a critical hit.

### **Chapter 413: Chapter 423 Real Emotions Appeared**

Lu Heting refused in a serious tone. "Mom, she'll always be an aunt. She'll never become a real mother. If anyone mentions this matter again, I think Gun Gun would not mind losing an aunt like her."

No one could decide who Gun Gun's mother was, except for Lu Heting and Gun Gun himself.

...

In the afternoon, Su Bei and Lu Heting arrived at the gate of the kindergarten early and waited for Gun Gun.

The lessons were not over yet. Su Bei looked around eagerly and muttered, "I don't know if Gun Gun is used to school life. What did he eat for lunch? Did he fill up his stomach? Did he eat fruits? Did he drink enough water and go to the bathroom?"

Lu Heting could not help laughing. He gently put his arm around her shoulder and said, "Gun Gun is a big boy. He'll learn to take care of himself."

Su Bei was so worried that she did not notice that Lu Heting was holding her.

There were many couples picking up their children at the kindergarten gate. It seemed very normal.

To outsiders, Lu Heting and Su Bei were a very loving couple.

Finally, Gun Gun appeared. As soon as he saw Su Bei, he quickly ran over. The moment the gate opened, he rushed into her arms.

Lu Heting confirmed his identity with the teacher and was signing the document to leave with Gun Gun.

The teacher looked at Su Bei and Gun Gun with a smile, saying, "Lu Gecheng looks so much like his mother. They're both so cute."

Lu Heting was just signing the document. When he heard the teacher's words, he looked at the teacher seriously, his eyes turning warm. He said politely, "Thank you."

The teacher's face flushed with embarrassment. After Lu Heting left, they said to another teacher in a low voice, "Lu Gecheng's father loves his mother so much. When I spoke to him before, he only looked at me and responded out of courtesy. Only when I praised Lu Gecheng and his mother did his eyes show real emotions."

"But then again, Lu Gecheng's mother is really cute. Haven't you noticed that she and Lu Gecheng have a pair of smiling eyes?"

"Bei Bei, I missed you so much." Gun Gun hugged Su Bei's neck and said, "I knew you'd come to pick me up. Look, have I grown taller or stronger? I ate a big bowl of rice at noon. Even the teachers praised me for being good."

Su Bei smiled and rubbed his head. "Hmm, you seem to have grown one centimeter taller. You're indeed my Gun Gun!"

After sending Gun Gun home, Su Bei still had work to do.

Gun Gun did not want her to leave. Su Bei smiled gently and said, "I'll be back early. I'll be back as soon as possible."

Tonight was the first fashion show that Sheng Tang had helped her book.

It was a local brand that was not very large and Su Bei's task of walking the catwalk was not a tough job to do. Hence, Tang Xinru and Yue Ze wanted Su Bei to use this event to warm up and prepare for the other shows.

Lv Shan came with Su Bei to help her get dressed.

Su Bei's slot for the fashion show today was in the middle, so the pressure was relatively low.

She changed into the clothes that were given to her by the fashion show and waited for the designer to distribute the clothes they would wear on the catwalk later.

Among the models present today, Hao Jiali was also there. Since the incident with YS last time, she had restrained herself and did not dare to go against Su Bei anymore. She stood very far away from her.

She was in the same company as Su Bei, but Hao Jiali was only chatting with other models. It was obvious to outsiders that she did not have a good relationship with Su Bei.

#### **Chapter 414: Can't You Just Postpone That Event?**

As Su Bei was sitting and resting, others thought that she was less popular than Hao Jiali.

A model named Sun Man looked at the list in her hand and discussed it with her assistant for a while. Then, she walked up to Su Bei and said, "Hello, Miss Su."

"Hello, Miss Sun." Although Su Bei had no relationship with Sun Man, Lv Shan had introduced her to all the people present when she entered the venue just now, so she recognized her.

"Miss Su, I have a small favor to ask. Would you please agree? I used to be close to your agent, Yue Ze."

Su Bei said flatly, "Please go ahead and tell me what it is."

Actually, when Su Bei heard that Sun Man had a favor to ask of her, she had a bad feeling. Who would ask for a favor from someone they had never met before?

.

"Miss Su, I want to swap the order of appearance with you. I was originally the second-last to go on the catwalk, but I have something to do at the last minute. I have to rush to the next event and I can't delay it. I really can't squeeze out time. Can you please swap slots with me?" Sun Man asked seriously.

Su Bei's red lips curved into a smile. "I have to ask my agent, Yue Ze. Is that okay?"

"Okay, I'll wait for you."

Su Bei knew that there was no difference whether she did the catwalk in the middle of the show or was the second-last model to go out on stage.

She did not actually need to ask Yue Ze. She just needed to discuss it with Director Xiu.

If it was just a simple favor, it would not be a problem.

However, what Su Bei wanted to know was whether it was really because Sun Man had something urgent to do or if it was something else.

"Lv Shan, help me check," Su Bei whispered to Lv Shan.

After walking around for a while, Lv Shan heard some news and came back. She said in a low voice, "Sun Man doesn't have anything urgent to attend to after this. She just doesn't want to take the stage before the model who'll appear in the finale. She's afraid that the model who'll appear in the finale will steal the limelight. She also thinks that the clothes she'll be wearing this time don't look as good. That's why she wants to change slots with you. She came up with the excuse and planned this whole thing out."

Due to her friendship with Yue Ze, Sun Man did not even hide her scheme from anyone. Just now, she was openly discussing it with her assistant.

Su Bei knew what was going on now. When Sun Man came over again, she smiled and said, "I'm sorry, Miss Sun. My agent, Yue Ze, doesn't object to me giving you my slot. But I also have an event to attend after this. Time is tight, so I can't give my slot to you. I'm sorry."

Sun Man blurted out, "Can't you just postpone that event?"

As soon as she finished speaking, she saw Su Bei looking at her with a faint smile on her face. She realized that she had said something wrong. Since she could not delay her own event, she had no right to ask Su Bei to delay her event.

Since she did not get what she wanted, Sun Man flicked her sleeve and left. She was no longer as polite as before.

Su Bei did not even look at her.

Sun Man stormed out angrily. After a while, a new face appeared backstage.

It was a young woman who was all dolled up. She was not as tall as the other supermodels, but her temperament was not inferior to anyone.

She was obviously from a wealthy family.

As soon as she walked in, several people recognized her and greeted her respectfully, "Hello, Miss Liao."

When Su Bei heard Miss Liao's name, she immediately turned around and looked at her.

### **Chapter 415: A Snob**

Lv Shan hurriedly whispered in Su Bei's ear, "This is Liao Xintong, the daughter of the Liao family. The Liao family has only recently risen to prominence in the business world. They're very famous, so everyone has to show her some respect."

Liao Xintong?

It was not the first time Su Bei had heard of this name. It turned out that this was Gun Gun's aunt, Liao Xintong.

She did not expect that she was a rich man's daughter.

Su Bei heard that Liao Xintong had always loved Gun Gun, so Su Bei naturally had a good impression of her.

Since Miss Liao had such a high status, she probably did not think much of Lu Heting's family background. As long as she could always love Gun Gun, Su Bei was satisfied.

In the future, Gun Gun would need Liao Xintong's love more.

Thinking of this, Su Bei smiled and greeted, "Hello, Miss Liao."

Seeing how cold Su Bei was earlier and how she was now greeting Liao Xintong with a smile on her face, Hao Jiali snorted. She thought that Su Bei was very arrogant, but it turned out that she would fawn over those more powerful and look down on others.

Liao Xintong took the initiative to walk toward Su Bei and said, "Hello, Miss Su. Actually, I came backstage to look for you. Miss Su, I have a friend who wants to swap slots with you..."

As soon as Su Bei heard this, she knew that her friend was Sun Man.

Since Liao Xintong had taken the initiative to make this request, Su Bei said, "Okay, Miss Liao. I consider you as a friend, so your friend is also my friend. Since you're the one asking, I'll agree."

Liao Xintong did not expect Su Bei to be so straightforward. She smiled and said, "Thank you, Miss Su."

In her heart, however, she looked down on Su Bei. Friends? She did not have friends who fawned over her.

The others around also secretly criticized Su Bei in their hearts. She was able to become so popular and get so many resources because she was shameless. The difference in her attitude toward Sun Man and Liao Xintong was too obvious.

Director Xiu came over and asked, "Are you sure you want to exchange slots? Sun Man, are you sure you can pull off the clothes Su Bei is supposed to wear?"

"Yes, Director Xiu." Sun Man nodded.

Su Bei agreed.

Since it was not the opening or the finale, the rest of the sequence was not very important. In the end, Director Xiu agreed and reminded Sun Man to perform well.

Sun Man smiled and said, "Director Xiu, I'm not a newcomer anymore. Don't worry."

However, she was cursing Director Xiu in her heart for being so naggy.

After Liao Xintong left, Lv Shan said in a low voice, "Su Bei, why did you agree to swap your slot just because of Liao Xintong? She doesn't care about your resources or what happens during the fashion show today. Her reputation is just for show."

"I have a personal reason, Lv Shan. I'm just following my heart by agreeing to her request."

Since Su Bei said so, Lv Shan had no choice but to accept it.

Su Bei knew that there was a limit to what she could do for Gun Gun. In the future, Gun Gun would have to live with Da Bao. Every little bit of genuine love from his family would make him happier.

Sun Man walked up to Liao Xintong and said with a smile, "Xintong, you are the best. I begged Su Bei for a long time just now but she didn't agree to my request. Yet she agreed as soon as you showed up. You can see that she's really a snob."

"Everyone's like this in the face of fame and fortune," Liao Xintong said meaningfully. "It seems that Su Bei is not that capable, after all."

#### **Chapter 416: Sorry, I Won't Swap!**

"Of course," Sun Man agreed. "Su Bei is just a good actress. She might not even be as capable as me. As for us, we can only rely on your help, Xintong."

Liao Xintong smiled. She also wanted to build a company and promote famous artists so that the outside world could see her true capabilities.

It would also allow Lu Heting to pay more attention to her.

When a model saw that Su Bei had swapped slots with Sun Man because of Liao Xintong, she had the same idea.

Su Bei had the second-last slot now. She did not have a good slot, and her clothes were not very nice either.

.

This model named Jin Qiu was not feeling well today. She happened to have the second slot and would have to be on stage soon.

She wanted to have more time to rest and go on stage at a later time. However, it would be difficult to find someone to swap slots with her so she had her eyes on Su Bei.

If she asked Su Bei to swap slots with her, she would definitely agree.

However, after hearing about what had happened just now, Jin Qiu also thought that Su Bei was a snob. As such, she did not say anything to her. Instead, she called one of her high-ranking uncles and asked him to come over and help.

She had the wrong idea from the beginning!

Soon, Jin Qiu's uncle, Jin Youde, arrived.

Jin Youde was the CEO of a company. He had a big belly and looked very imposing. As soon as he walked in, he went straight to Jin Qiu.

"Tell me, who do you want to swap slots with?"

Jin Qiu told him about Su Bei.

Jin Youde was used to bossing people around. It would be easy for him to deal with Su Bei, who fawned over powerful people. He pulled Jin Qiu along and walked toward Su Bei.

Some people recognized Jin Youde, so when they saw that he was looking for Su Bei, they could not help but widen their eyes to watch the show—especially Hao Jiali. She snorted with laughter and said to her assistant, “Which slot exactly will Su Bei be getting today?”

Lv Shan was also stunned. There were too many people looking for Su Bei today.

She introduced Jin Youde to Su Bei in a low voice, “He’s Mr. Jin. He’s a famous tycoon in the real estate market. Su Bei, look...”

Su Bei smiled and said, “Let’s see what he wants.”

Standing in front of Su Bei, Jin Youde ordered loudly, “Su Bei, swap slots with my niece!”

When Liao Xintong came over just now, although she did not like Su Bei in her heart, she was still polite on the surface. Jin Youde, however, was completely ignoring Su Bei.

Seeing this, the others all stood up to see what Su Bei would do.

Actually, in their hearts, there was no doubt that Su Bei would give up her slot. After all, she was good at flattering others. Was that not her secret to success?

Jin Qiu also had a proud look on his face. He was sure that Su Bei would give in to her uncle.

“I’m sorry, but I’m not swapping!” Su Bei refused flatly.

The people around were surprised. Jin Qiu said angrily, “Su Bei, do you know what kind of person my uncle is? You refuse to swap slots with me? He’s a famous real estate developer with a frightening reputation. If you don’t swap with me, he can ask Director Xiu to have you leave right now!”

“Who wants Su Bei to leave?” Lu Weijian stood at the door and asked loudly.

#### **Chapter 417: Chapter 427 Don’t You Have Ears?**

Actually, Director Xiu did not dare to offend Jin Youde as well.

Liao Xintong could not take over the fashion show, but Jin Youde could.

The venue of the show was owned by Jin Youde.

As long as he opened his mouth, this fashion show would be under his control.

Hence, Director Xiu was actually hoping that Su Bei would swap slots. Besides, she had already swapped once. Why was she unwilling to swap again?

However, Lu Weijian had suddenly appeared at this moment.

As soon as he appeared, everyone was in an uproar for a long time.

.

All the models were staring at him. Lu Weijian owned a huge entertainment empire and several video game companies. He was the man at the top of the food chain.

Besides, Lu Weijian was even more handsome than the male artists in the entertainment industry. His face was enough to win the hearts of many women.

Lu Weijian, who had never been serious in front of his family, was now putting on airs in front of outsiders. He tidied his clothes and asked, "Who said that just now?"

Against Lu Group, Jin Youde's company was nothing.

Jin Qiu was so scared that her face turned deathly pale. Jin Youde, on the other hand, smiled apologetically and said, "Mr. Weijian, this is just a private matter. My niece is walking on the runway and wants to swap slots with Su Bei. She just swapped her slots with another person earlier. My niece's slot is better, so I thought Su Bei would want to swap with my niece."

"Bei Bei has already said she won't swap. Don't you have ears?" Lu Weijian looked at Jin Youde coldly.

Jin Youde was so scared that his legs went weak. He did not expect that Lu Weijian would protect Su Bei and not show him any respect.

Many people remembered that Lu Weijian had worked with Su Bei before and had a good relationship with her.

Everyone had thought that it was just a short cooperation and that they only claimed to have a good relationship to promote the game.

When they heard him call out to her so affectionately, they realized that it was not a lie.

It was only then that everyone realized that if Su Bei had a good relationship with Lu Weijian, she did not need to fawn over anyone here.

When Su Bei said she considered Liao Xintong a friend and a friend of Liao Xintong's would be her friend as well, she was doing that to keep some of Liao Xintong's dignity.

What was Jin Youde in comparison? Jin Qiu, who relied on her family to survive in the entertainment industry, was nothing.

Director Xiu hurriedly tried to persuade him. "Mr. Weijian, don't be angry. No one can force Su Bei to do something she doesn't agree with. Don't you think so, Mr. Jin?"

"I'm sorry, Mr. Weijian. We didn't have any other intentions. We just saw that Su Bei's slot wasn't good, so we wanted to swap with her so she could get a better slot. But since she doesn't want to, we won't dare to pester her anymore..." Jin Youde was quick-witted, so he immediately thought of an excuse.

"Bei Bei can choose whichever slot she wants. You can just give her the opening or finale slot."

Director Xiu immediately asked, "Su Bei, do you want to have the opening or the finale slot? Just choose one."

The models who had the opening and finale slots also expressed their agreement. As long as Su Bei was willing, they would be happy to swap with her.

Jin Youde's voice trembled as he said, "Su Bei can have any slot she wants. She can walk on the stage as long as she wants. If you need anything from me, I'll do my best to cooperate."

## Chapter 418: How Deep Are His Feelings?

Fawning over the powerful? Stepping on the weak? Fame and fortune? All of these did not apply!

This was the truth.

Su Bei said calmly, "No need. Let's go according to our original plan."

Lu Weijian took a look at Jin Youde and said, "I'll head out first, Bei Bei."

Jin Youde almost peed his pants when he saw Lu Weijian's gaze. If he offended Mr. Weijian, he would have to sweep the street tomorrow.

Jin Qiu was also trembling. "Uncle, what should I do?"

"This is your mess to clean up!" Jin Youde waved his hand and left.

Everyone hurriedly got ready, and their attitudes toward Su Bei had changed as well.

If Su Bei was really a snob, she would have mentioned Lu Weijian a long time ago.

She did not have to swap slots with Sun Man just to win Liao Xintong's favor!

Liao Xintong also felt a little embarrassed. She had humiliated herself.

Was it because Su Bei knew that she had a special relationship with the Lu family, so she decided to agree to her favor?

Sun Man thought so too. Although she did not know about Gun Gun, she knew that Liao Xintong had a good relationship with the Lu family.

She said in a low voice, "How deep could Mr. Weijian's feelings for Su Bei be? The only reason Su Bei was willing to give in to you is your extraordinary relationship with Lu Group. These people changed their impressions of Su Bei so quickly but I won't change my initial impression of her!"

The fashion show was about to start.

Jin Qiu did not manage to swap her slot and was still the second to go on stage.

She was not feeling well to begin with. Besides, she was so frightened just now. When she stepped onto the stage, her face was deathly pale. She was cowering and could not relax at all.

Forget about comparing herself to Su Bei and the model who had the opening slot, she could not even compare to bar girls right now.

Tonight's fashion show was not a big show but her performance was already so lacking. It seemed that in the future, she could only rely on her family's connections to book herself a spot in the next fashion show. Of course, it was on the premise that her family's connections were still untouched and her uncle could survive in the real estate industry.

Although Sun Man had changed into better clothes and shoes, she did not perform better than Jin Qiu.

The organizers of the fashion show initially gave Su Bei a middle slot because the clothes that would be showcased in the middle had higher requirements for the models wearing them. Hence, Director Xiu had asked Sun Man if she could do it.

Sun Man had never felt that she was any different from Su Bei.

However, she just barely completed the catwalk without falling or making any mistakes.

Her performance did not go anywhere else beyond that.

It could not be considered outstanding.

Although the audience did not see a problem with her walk, they only knew that her performance was ordinary.

There was no shortage of professionals in the audience. They secretly shook their heads. It had already been determined that Sun Man's future career path would become narrow and filled with more obstacles.

Su Bei did not have a good slot at all. She was the second-last to go out on stage, so the crowd was already a little tired.

Her clothes were not very outstanding either.

However, when she raised her head, the look of confidence on her face was clear. It gave people the feeling that no matter what she wore, she would still have the same soaring confidence and strong aura.

She strode on the stage confidently.

#### **Chapter 419: A Man Without A Status In The Family**

When she reached the designated spot, she stopped elegantly and posed for everyone to take a look at her clothes and for the reporters to take photos.

It was at this moment that she saw Lu Heting in the VIP area.

He was sitting with Lu Weijian, Da Bao, and Gun Gun. In order to protect their children, they were all keeping a low profile.

However, Su Bei still sensed his presence in an instant.

No matter when or where, she always seemed to be able to clearly sense the man. When he was with her, he always seemed different.

With him and her two children around, Su Bei's footsteps became more free and easy.

The professionals sitting below the stage nodded in approval. Su Bei did not have a good slot, and her clothes were not the best. However, her performance made people think that she was the best and the clothes she was wearing could impress everyone.

After this fashion show, many professionals had formed a deep impression of Su Bei.

Many invitations were sent to Yue Ze through emails and phone calls.

After changing her clothes, Su Bei received a call from Lu Heting and went straight to the underground parking lot to look for them.

When she got in the car, Gun Gun pounced into her arms and said, “Bei Bei, you’re so awesome! I want to quickly grow up and stand by your side in the future.”

“Okay, Gun Gun. Then you should eat more.”

“Okay. I’ll eat three bowls of rice and a big apple tomorrow in kindergarten.”

It seemed that Gun Gun no longer hated kindergarten.

Da Bao was much calmer. “Bei Bei, you’re getting better and better.”

“Thank you, Da Bao.”

“Su Bei, the feedback tonight was good. When I was in the audience, I heard many people praising you,” Lu Heting said with a smile.

“Thank you.”

Lu Heting felt a pang in his heart. Su Bei had affectionately called out to Da Bao and Gun Gun but merely perfunctorily thanked him. .

Indeed, he had no status in the family.

“Where’s Mr. Weijian?” Su Bei asked.

“He had something to do, so he left first,” Lu Heting said.

Actually, he was the one who chased him away. His car could only fit a family of four. Five would be too many.

If Lu Weijian had to be with them, he would be in the trunk instead of sitting with them.

When Liao Xintong stepped out, she saw Lu Weijian driving away alone.

Of course, she did not see Lu Heting and his family. The security measures were so good that she did not know anything about them.

Liao Xintong smiled. She knew it! Lu Weijian and Su Bei did not have a close relationship.

Otherwise, Lu Weijian would have brought Su Bei away long ago.

Lu Weijian was good at everything but it was hard to understand him. The only reason why he was so close to Su Bei was probably because he wanted to sign a contract with her. He just wanted to grow his business potential and value.

Thinking of this, she felt that Su Bei was nothing special.

Yue Ze received many invitations and endorsement deals for Su Bei.

Among the clients, there were even luxury brands that many models could never even dream to pursue.

He took the list and went to Tang Xinru. “President Tang, look...”

“I’ve already said that I’d give Su Bei three months. During this time, I won’t force her to make a choice.” Although Tang Xinru felt that it was a pity, she could not force Su Bei.

### **Chapter 420: Always Trampling**

Yue Ze was really regretful. “Once we let slip a few brands, they might never invite Su Bei again in the future. Others can’t wait three months for her. In this evolving industry, it’s hard to determine her popularity after three months.”

Tang Xinru knew this, but she had no other choice.

Some of the projects that Su Bei refused could be given to the other artists in the company, including Hao Jiali.

However, most of them could not be passed to other artists.

At the moment, there were very few models who had a figure and appearance like Su Bei.

Besides, not many people could be as popular as her.

At the same time, other companies were also thinking of ways to work with Su Bei.

Su Bei had unknowingly hit the peak of her career as a model.

As long as a model had a beautiful figure, a good walk, and an excellent performance, they would be favored by the industry and get plenty of opportunities.

In fact, people in the industry believed that the more indifferent a model was, the better their performance would be and the easier it was for them to accept all kinds of works.

However, Su Bei changed the public’s impression of models and increased their standards.

Before her, it was difficult for the public to imagine that a woman with such beautiful facial features could have a figure that was not inferior to international supermodels, as good a figure, and give a better performance.

Therefore, if other companies wanted to get the resources that Su Bei did not want, they would have to make sure their models upped their game to compete for those resources.

Due to the circumstances, Qian Yu Entertainment Company signed a model with a figure and height similar to Su Bei’s. Then, they contacted a plastic surgeon and arranged for her to undergo an operation.

Song Ruinian still remembered the humiliation he suffered at Su Bei’s hands. Su Huixian also remembered how much humiliation Su Bei had caused her before she left.

They had long thought about getting a model who could compete with Su Bei for resources.

Now was the best time.

After Su Huixian received the Du family’s investment in Qian Yu Entertainment Company, she had the right to speak just like a shareholder. She had to make a comeback in this battle!

Soon, Qian Yu Entertainment Company introduced a model named Cai Anying.

Through an exclusive show, she stood on stage with Su Huixian.

During the show that night, the lights were dim and the clothes were dazzling. The audience and reporters sitting below the stage could not distinguish her from Su Bei at all.

She had a good figure, and she looked very similar to Su Bei.

Her figure and appearance were really excellent.

The reporters quickly put out news about her and audience members also spread it by word of mouth. This was a character that was about to be on par with Su Bei!

Cai Anying had just debuted but she already won several small endorsements that were supposed to be Su Bei's.

It was obvious that Cai Anying wanted to take advantage of Su Bei's popularity. Those small brands also had such plans.

Lv Shan called Su Bei. "Su Xiaobei, are you just going to watch Cai Anying snatch all the things that should belong to you?"

"Lv Shan, this is not robbery. I didn't want those things in the first place."

"But not only is Cai Anying picking up the things that you don't want but she also posted a statement saying that she'll win you in terms of appearance. Are you going to let her do whatever she wants?"
