

### Chapter 421: One Must Be Kind

Su Bei had already seen Cai Anying's photo. To be honest, the lines on Cai Anying's face were very unnatural. In the recent photos, Cai Anying had thick makeup and the photos were heavily edited. Su Bei wondered what she looked like after removing her makeup.

In this industry, it would not be as easy as going under the knife.

Su Bei smiled magnanimously and said, "What else can we do? There are lots of people outside who look like Lin Yu, Wang Yizhi, and even Su Huixian. They're just newbies trying to gain popularity, so there's no need for us to bother ourselves with them. The more you pay attention to them, the more they become popular. Sister Lu, you know this better than me."

Su Bei was not the only one thinking this way. Anyone with eyes could see the unnatural and stiff expressions on Cai Anying's face.

On the internet, Su Bei's fans also pointed this out bluntly.

"The corners of her eyes are really scary. You can even see the flesh."

"Are your lips permanently smiling? Why do you always smile regardless of your expression? Su Bei only smiles when she's happy."

"Your head is bigger than Su Bei's, right? Humans can change their facial features and even their bones, but they can't do anything about the size of their heads."

Cai Anying angrily retorted to a few of Su Bei's fans. "As people, we have to be kind! I can pat my chest and guarantee that I've never done any plastic surgery!"

Her defensive behavior quickly became a trending topic.

Although she received a wave of ridicule, it also helped her gain popularity. At the very least, she was no longer a nameless nobody. When people saw her, they would be able to call out, "Oh, isn't this a knockoff Su Bei?" There were even people who would call out the words 'Cai Anying'.

Su Bei went to her fan club and asked her fans not to tear Cai Anying apart with their comments.

"We just need to be good and have a clear conscience. What other people do is their own business. Don't get into trouble because of me. Love you guys!"

With Su Bei's appearance, the fans quieted down and ignored Cai Anying.

Lu Heting naturally paid attention to this woman who was trying to gain attention.

In his eyes, this woman did not resemble Su Bei in any way. If he had to point out something they shared in common, then it would be that she was a woman like Su Bei. He could tell that she was indeed a woman.

Lu Weijian came over. "Brother, do you want to mess with this woman? She's too darn shameless and taking advantage of my Sister Beibei's popularity."

“No need, there’s no need. Even if we don’t take action, there’ll be others who will. Let’s observe first.”

If this woman had not pulled a stunt like this, Lu Heting would not have even looked at her.

Of course, the more she acted like this, the sooner she would meet her doom.

Su Bei was busy with her work.

Tang Xinru and Yue Ze followed the terms of the contract and did not accept any endorsements or advertisements deals for Su Bei. If she really wanted to take on short-term jobs, with her current popularity, she would be able to get a lot of jobs.

That night, Tang Xinru displayed her true strength and helped Su Bei get a job for the opening show of a branded watch!

This was a high-end job that she had fought for Su Bei. At the same time, it was an apology to Su Bei for Jian Ping snatching her YS clothes previously.

A high-end watch had always been as expensive as jewelry.

Participating in such a show would not only increase one’s popularity but also allow one to enter the market of luxury brands. It would lay a better foundation for one’s future.

#### **Chapter 422: Just You Wait**

There were also some big shots in the film and television industry who attended the event that night. It could be said that there were many celebrities present.

Su Bei arrived at the scene and realized that Su Huixian and Cai Anying were among the people who came that night.

Liao Xintong’s friend, Sun Man, was also here.

It seemed that the people around Su Bei had gathered here today.

Su Huixian had a reduced workload now. Of course, it was because the fake pregnancy incident previously had caused an uproar.

She was now acting like a lady boss. She stood up and smiled. “Su Bei, I didn’t expect to see you here today.. Let me introduce you to Cai Anying.”

Cai Anying extended her hand and greeted Su Bei, “Hello, Su Bei.”

Su Bei crossed his arms and did not shake Cai Anying’s hand. She wore a lazy and flirtatious smile as she looked at the two of them. That smile made Su Huixian unable to remain calm.

Cai Anying had no choice but to retract her hand. Su Bei’s arrogance made her feel extremely dissatisfied!

“Su Bei, life is full of ups and downs. You may not always be as popular as you are now. Just you wait!”  
Cai Anying threatened.

“Then I’ll wait for you to prove it to me.” Su Bei glanced to the side. In the distance, reporters were secretly taking photos.

It was obvious that Su Huixian was the one who planned to make Cai Anying rise to stardom by stepping on her.

Since they were such hypocritical people, Su Bei thought that it was necessary to shake Cai Anying’s hand as it would be too fake.

Su Bei left after saying that.

Lv Shan followed behind Su Bei, finally relieved of her anger!

A person who was trying to gain popularity through such means deserved this sort of outcome.

Cai Anying looked angrily at Su Bei’s back. “Sister Huixian, you’re right. Su Bei is really a wretch. Don’t worry, I’ll definitely replace her and snatch all her resources!”

“It’s best if you can rely on your face to quickly cling to Lu Weijian,” Su Huixian said solemnly.

Snatching this man from Su Bei’s hands would mean that Su Bei’s resources would be halved.

Up till now, Su Huixian still believed that Su Bei was able to get to where she was today not because of her ability. It was all because of Lu Weijian.

With this knowledge, Su Huixian knew she would never be able to defeat Su Bei.

Su Bei went backstage to do her makeup. Cai Anying and the others also went over.

Sun Man and her assistant slowly walked in while discussing something in low voices.

“I really can’t do the opening?” Sun Man asked.

“The brand said that the opening will be done by Su Bei. There’s no way to change it.”

Sun Man lightly harrumphed. Could she not just swap, then? Did Su Bei not swap during the last fashion show?

Whether or not they could change the sequence depended not only on the brand but also on the relationship between the various parties.

Sun Man said, “I’ve been fighting for a wristwatch endorsement recently. If I can be the opening here, it’ll be a big help.”

The assistant expressed their understanding and was already doing their best to work together with Sun Man’s agent to help her secure the wristwatch endorsement.

Sun Man looked at Su Bei. “Isn’t Su Bei a fool? She received so many offers for endorsements but she rejected them all. How long does she think her popularity can last? Does she think good opportunities will always be waiting for her?”

**Chapter 423: Using Power To Suppress Her**

“Su Bei is indeed very foolish. In the future, when she loses her popularity and can’t even afford new clothes and bags, she’ll definitely cry and regret it.”

Sun Man said, “I’m already an international supermodel but Su Bei is just starting out. Plus, I have the support of Miss Liao behind me. Go backstage and communicate with the brand. Get them to have me do the opening. I’ll go look for Su Bei.”

She stood up and walked toward Su Bei, sitting beside her.

“Miss Su, what a coincidence. We meet again,” Sun Man greeted Su Bei with a smile.

Su Bei faintly smiled as a greeting.

If it were not for Gun Gun, she would never have given in to Liao Xintong and expressed her goodwill to Sun Man. Su Bei would never have had any other interactions with her.

Sun Man said, “Su Bei, you know my relationship with Miss Liao. Although she didn’t come today, she has always supported me.”

“Mmm, congratulations, Miss Sun.”

After Sun Man finished laying out the important facts, she said, “I know that you were chosen by the brand to start the show. But even though they chose you, it’s not impossible for us to rearrange it. Even the brand has to show Miss Liao some respect.”

She quickly brought up Liao Xintong to give herself a boost of confidence and hoped that Su Bei could understand the meaning behind her words.

“Miss Sun, what do you mean?”

“I want to swap with you. Give me the opening, and I’ll give you the middle slot. Actually, walking in the opening or middle won’t be too different.”

After saying that, Sun Man firmly believed that Su Bei would definitely agree to her request.

Although this request was a little too much. It would require some coordination between the agents and convincing the brand.

However, since Sun Man had brought up Miss Liao, it was not impossible to get it done.

Su Bei burst out laughing. Sun Man’s expression changed. “Why? What are you laughing at?”

“I just find it a little funny. Why did you come to me for this request? Why do you think that I’d definitely agree to your plans?”

“Miss Su, you haven’t accepted any endorsements or advertisements. It seems to me you don’t want any resources. Just give me the opening, it won’t affect your career growth. This is very important to me. Is this a good enough reason?”

Su Bei laughed. “Then what benefits can I get?”

Sun Man, “...”

Indeed, Su Bei agreeing to swap with Sun Man would not bring her any benefits.

Sun Man smiled. "Isn't it good enough to curry favor with Miss Liao? Su Bei, smart people all know that currying favor with Miss Liao is more important than currying favor with a brand."

Su Bei had a good temper.

However, it also depended on the person in front of her.

If they were polite and friendly, Su Bei would not hesitate to help them.

If they only knew how to use power to suppress her and thought that she would fall at the feet of power, then they were gravely mistaken!

She would never lower her head because of this. In fact, she was even disgusted by this practice of thinking that one could lord over others just because they had money.

She was tired of Sun Man's attitude.

Su Bei's red lips curled up into a charming smile. "I'm sorry, Miss Sun. I'm not swapping!"

"Su Bei, you!"

"It's supposed to be mine. Why should I give it to someone else?"

Sun Man smiled and said, "Alright, alright, alright. I'll see if you can still refuse if it's the brand themselves asking you to swap!"

#### **Chapter 424: Suppressing Su Bei**

"Of course, but they can't ignore the contract."

In other words, if they were to carry out this swap without Su Bei's consent, Su Bei would fight them to the end!

Even if it was the organizer's idea, Su Bei would not let them off.

Sun Man turned around and left angrily. When she reached backstage, her assistant came forward and shook their head in embarrassment. "I'm sorry, Miss Sun. The brand is unwilling to agree to our request."

Besides, everyone was here for Su Bei. Even the watch that would be displayed during the opening was custom-made for Su Bei. Everything had been done meticulously, so how could they swap out Su Bei?

"Didn't you mention Miss Liao to the brand?"

The assistant said in a low voice, "I did."

Not only did the assistant mention it but they almost brought Liao Xintong to the scene.

However, the brand's attitude was very firm. Not only did they reject the assistant but even questioned them, asking why they could not abide by the contract?

The assistant did not dare to tell Sun Man these words, though.

Although some things had to be taken into consideration when changing the sequence, it was common. Generally speaking, a few parties just had to reach an agreement.

Sun Man naturally thought that she could achieve her own selfish desires with Liao Xintong's name, but she got rejected instead.

Sun Man felt indignant.

Su Bei was really a wretch who curry favor with those in power. When she saw Liao Xintong previously, she changed her demeanor immediately and even smiled so happily.

When she was alone here, she started to put on airs.

Then... Sun Man fell deep in thought. A vicious idea formed in her mind.

She instructed her assistant, "Tell the organizers that I'll be absent. I'm too sick to go on stage."

When a model was sick, the contract allowed them to rest. There was no brand that would ignore this clause.

After that, Sun Man walked toward Su Huixian and Cai Anying, saying with a smile, "Miss Su, I know that you and Miss Cai are here today to observe and have not obtained the qualifications to go on stage. Tonight, I can give you the opportunity to..."

After this, she would sit back and watch the show. Cai Anying would have a face-off with Su Bei while she would watch them fight it out.

Su Huixian and Cai Anying were very happy to receive this opportunity.

With Cai Anying's current fame and status, it was impossible for her to be able to participate in such a show for a branded watch.

However, what if the brand suddenly needed another model to appear on stage?

Su Huixian immediately went backstage and found the brand's people to recommend Cai Anying to them.

Cai Anying was indeed not worthy of such a show and she had not caught the attention of the brand.

However, she did look a lot like Su Bei, especially when the lights were dim.

After thinking about it, the brand agreed to let her take Sun Man's position.

Su Huixian was already imagining how things would pan out later. As long as Cai Anying successfully walked today's show, not only would she be able to take advantage of Su Bei's popularity but she might even be able to suppress Su Bei and obtain a better status.

The fact that Cai Anying was able to be on the same show as Su Bei meant that Cai Anying's recognition power was not inferior to Su Bei's!

The model she had painstakingly trained was finally being put to good use!

Perhaps in the future, Cai Anying would no longer be known as 'Little Su Bei' and Su Bei would become 'Little Cai Anying' instead.

#### **Chapter 425: I Don't Mind Going One More Time**

Lv Shan hurriedly ran over to tell Su Bei, "Su Bei, Sun Man took leave and gave her role to Cai Anying."

"Does she have to be on the same stage as me?" Su Bei asked.

"When the time comes, there'll definitely be many people comparing her to you. This is unfair to you. How audacious of her to want to steal the limelight from you!"

Su Bei stood up. "Don't be anxious. Let's go backstage and take a look."

She and Lv Shan went backstage together.

The staff was seen putting on a wristwatch on Cai Anying.

Women's wristwatches were not only slender and elegant but also generally shorter.

Cai Anying's wrist was very thick. The watch strap that they had prepared could not be worn on her.

The staff was anxiously lengthening the strap.

Although Cai Anying was about the same height as Su Bei, it was rare to find a supermodel who was as slim as Su Bei.

Furthermore, Cai Anying was simply not suited to be a model. She was just tall, yet Su Huixian had forcefully pulled her into the industry, intending on using her to suppress Su Bei.

Was it really possible for anyone to be a model? Did she really think that there was no requirement or standards in this industry?

Cai Anying's bones were thicker than the average person's. Although she managed to put on the watch in the end, the show director and designer shook their heads.

They felt that it was unacceptable!

Although it was possible to dim the lights on the stage, anyone with eyes could tell that Cai Anying's wrist did not look good with the watch.

At that time, they would be criticized by the public and it would affect the reputation of the brand. That would be a big problem to solve.

"Miss Cai, I'm sorry but I'm afraid I can't let you join our show."

Cai Anying said anxiously, "I can do it! Why can't I? Didn't I manage to put it on?"

She did manage to put it on, but it did not look good at all.

The designer and show director shook their heads. "We're really sorry. We don't have a contract, so please..."

"I look exactly like Su Bei so what's wrong?!" Cai Anying yelled.

The designer and show director complained in their hearts. When they looked at photos, the two indeed resembled each other very much. When the lighting was right, they also looked similar.

However, the real Su Bei was standing behind Cai Anying. Her elegant aura, the natural lines on her face, and her starry eyes made Cai Anying look like a complete fake.

Cai Anying turned around and met Su Bei's gaze.

She could not accept this.

Su Bei smiled tactfully. Her red lips were moist and curled into a perfect and natural smile. "I don't mind walking one more time."

The designer and show director's eyes lit up. "Yes, you're welcome to!"

Su Bei extended her wrist and the staff immediately brought out the wristwatch. They took off the extended strap and put on the watch on Su Bei's wrist.

Her wrist was fair, and the shape of her arm was beautiful. She raised her wrist, the luxurious color of her wristwatch complementing her perfectly.

Even if Cai Anying did not understand, at this moment, she felt ashamed of herself.

She took a few steps back.

Su Huixian was thinking of a draft and planning to post it on a marketing account when Cai Anying ran out.

"Why? Are you nervous about the show?"

"I can't do it anymore. Su Bei snatched it away."

"What?!" Su Huixian was furious!

Why was Su Bei snatching everything?!

She immediately brought Cai Anying backstage. Unfortunately, the backstage was closed off and no one was allowed to enter.

It was because the show was about to begin.

### **Chapter 426: Revealing Envy**

Lu Heting had accompanied Su Bei here tonight.

Therefore, Su Bei was paying even more attention to this show.

This was not the first time she had walked in front of Lu Heting.

However, her heart was still filled with emotions because of his arrival and presence.

She wanted to put on a great performance and live up to the admiration he had for her.

Su Bei walked out with professional steps. She walked confidently, every step firm and confident.

Her wristwatch was glowing.

She raised her wrist naturally. Every movement was so graceful, and the wristwatch was displayed perfectly in front of everyone.

Even though she was very beautiful and had exquisite makeup on, her appearance was not overwhelming and did not rob the wristwatch of its elegance.

It was as though she and the watch shared a symbiotic relationship.

After the opening, the audience erupted into thunderous applause. Su Bei's performance won everyone's approval and applause.

She retreated backstage and put on the watch that Sun Man was supposed to wear. When it was her turn, she appeared on stage again.

The wristwatch this time was not the highlight, so her movements were different. She still did a beautiful job and carried herself with a hint of liveliness, making the wristwatch seem more vibrant.

The designer nodded his head below the stage. When he designed the flagship wristwatch, which was the one Su Bei wore for the opening, it was indeed more feminine. The one Su Bei was currently modeling was more cool and refreshing.

Su Bei understood the design of the two watches.

She was indeed very attentive.

Lu Heting listened to the applause and smiled brightly.

His woman was deserving of this stage, so she deserved the applause.

After the show, it could be said that Su Bei had gained the favor of the brand and they were looking for her to take on an endorsement. She would become the spokesperson for the Asian region.

The brand's person-in-charge was about to mention this to Su Bei when Lv Shan suddenly fainted.

Su Bei was shocked and quickly went forward to support her before calling the emergency number.

Lv Shan slowly regained consciousness and held her hand. "It's alright, I'm fine. I just have low blood sugar."

Lu Heting had just reached backstage. He handed over a piece of candy.

Su Bei quickly unwrapped it and fed it to Lv Shan. Only then did Lv Shan slowly recover.

"Didn't you have dinner? You scared me!"

"I'm really sorry. I was too busy to eat." Lv Shan smiled and said, "We can go eat now. Let's drink and celebrate your success."

"You still want to drink? Forget it, I'll send you back first," Su Bei said.

She held onto Lv Shan and said to Lu Heting, "Please send Sister Lu back."

Lu Heting went to drive the car over and Su Bei helped Lv Shan inside.

She asked, "Should I call your fiancé and ask him to come downstairs to pick you up?"

"No need, he's probably busy," said Lv Shan.

Su Bei did not seem to have seen him pick up Lv Shan even once.

Su Bei had never even seen him.

Lv Shan looked at Lu Heting with envy in her eyes. It seemed that every time Su Bei had an event, he would try his best to make an appearance and would watch the performance from start to finish.

Many shows were complicated and long. It would take hours from start to finish but Lu Heting would quietly sit in a corner and watch.

### **Chapter 427: Su Bei, I Only Like You**

Lv Shan had taken on many artists in the past, but she had never met a man like this.

There were not many men who could do this.

Su Bei's man was really impressive.

After sending Lv Shan to her destination, she looked much better. She refused to have Su Bei accompany her up and said, "You guys go back first."

Su Bei did not insist.

After getting back in the car, Su Bei asked with a smile, "Why did you have candy with you?"

"Your good son insisted on putting it in my pocket in case you wanted it."

"My son is the best!" Su Bei was full of pride..

She did not ask if it was Da Bao or Gun Gun since they were both her sons anyway!

"Are you hungry? You've been busy for so long. I'll bring you to go eat."

Su Bei smiled and said, "I'm guessing that you're probably hungrier than me. After all, you had to wait longer than me and even had to drive back and forth. Mr. Lu, you've worked hard."

"It's not tiring at all. I'm just here to serve you, Mrs. Lu," he said gladly.

The words 'Mrs. Lu' made Su Bei blush.

Su Bei thought of something and said, "Lu Heting, let me ask you a question. What's Liao Xintong like?"

Sun Man was not a decent person, so Su Bei had started to doubt Liao Xintong's character.

She regretted swapping slots with Sun Man the previous time.

“Why are you asking about her?” Lu Heting did not have a good impression of this woman. In fact, he disliked the fact that she always relied on Gun Gun to get close to him in front of the elders.

Of course, he could not let her succeed.

“I’m just asking. After all, she’s Gun Gun’s aunt. I want to know what kind of person she is,” Su Bei said with a smile.

Lu Heting said solemnly, “I don’t like her. It was the same in the past, it’s the same now, and it’ll be like this in the future too.”

Thinking that Su Bei wanted to clarify his relationship with Liao Xintong, Lu Heting explained seriously.

Of course, even if Su Bei did not want to know, he felt the need to clarify.

“Cough, cough, cough.” Su Bei choked on her own saliva. What did he think she was referring to?

Lu Heting tilted his head and looked at her seriously. “I don’t like other women, Su Bei. I only like you.”

This confession was not unexpected. His everyday behavior and actions were clear enough.

However, Su Bei’s heart suddenly sped up and skipped a beat.

She even wanted to respond to him, ‘I like you too, Lu Heting.’

She really liked him. She liked his calm attitude, his peaceful lifestyle, how he was a responsible father, his smile, his figure, the way he talked, the smell on him...

She liked him so much that she could not control herself.

She liked him so much that she wanted to spend the rest of her life with him.

However, reason quickly restrained Su Bei. She smiled and said, “Ah, is that so? Thank you.”

Her nonchalant reply struck Lu Heting’s heart.

However, it did not matter... She was already his wife. He would give her time and wait patiently for her.

“Ignore Liao Xintong. Don’t let her bully you,” Lu Heting reminded her calmly.

This sentence answered Su Bei’s initial question. It meant that Liao Xintong was nothing much.

If it were not for Gun Gun, Lu Heting would not be involved with her at all.

#### **Chapter 428: Cai Anying Stole Lu Weijian**

That night, Su Huixian bought a marketing account and released a statement about Su Bei.

Originally, the marketing account had been bought for Cai Anying to promote her performance during the show for the luxury brand’s wristwatch and how she got on the same show as Su Bei.

However, Cai Anying did not go on stage. Even so, Su Huixian would not let her money go to waste and quickly changed the content of the post to talk about Su Bei’s arrogant attitude. In the post, it was said that Su Bei looked down on newcomers and deliberately suppressed Cai Anying.

The attached photo was of Cai Anying extending her hand to greet Su Bei but Su Bei completely ignored her and did not shake her hand.

At the same time, she also secretly hired keyboard warriors to deliberately exaggerate the truth.

For a moment, the news of Su Bei looking down on newcomers was trending.

“Does Su Xiaobei even need to step on a newbie? She was supposed to be the model for the opening show from the start. Did that noob accept the invitation that night?”

“The entertainment industry is filled with newcomers. Will Su Bei step on every new model?”

“Su Bei is really too arrogant. I heard that she’s only willing to earn quick money and can’t even be bothered to shoot some slightly more difficult advertisements. She’s practically a malignant tumor in the modeling industry.”

The keyboard warriors’ comments were even more confusing as they mixed in the truth with lies.

“Actually, I think Su Bei is pretty good but she’s too lazy and rejected many endorsements and advertisements. I really can’t stand such artists who only want money but don’t work hard to improve themselves. I don’t know if I should continue to be her fan, sigh.”

Compared to the fans who defended Su Bei and the anti-fans who slandered her, the keyboard warriors were especially lethal.

For a moment, Su Bei’s career plan caused a huge discussion.

Even her own fans were slightly dissatisfied. They felt that her current momentum was great and she was constantly receiving invitations from everywhere, but she did not take on any valuable work. She kept focusing on doing walks, which was really a waste of God’s gifts.

The internet warriors took the opportunity to voice out. “Su Bei can’t be thinking of relying on the financial backer behind her to continue doing this and earn quick money, right? If that’s really the case, then I’m too disappointed in her.”

“Who is Su Bei’s backer?”

“Could it be Lu Weijian from Lu Corporation?”

“Who else could it be?”

“The commenter above is spouting nonsense. If Su Bei is really together with Lu Weijian, they would be a perfect match. Don’t think that just because you’re despicable, others would be too.”

Regardless of whether they were against it or supporting it, everyone was in an uproar.

Therefore, Su Huixian bought an account and immediately released a photo of Lu Weijian and Cai Anying together. Although it did not look very clear, Lu Weijian was considered a public figure while Cai Anying’s popularity had been rising recently. Anyone with eyes could tell their identities at a glance.

Moreover, according to insiders, the photo was taken on the night of the show. Lu Weijian and Cai Anying were seen together!

This immediately caused an endless debate. They were saying that Su Bei was suppressing Cai Anying because Cai Anying had snatched away Lu Weijian, Su Bei's backer!

"No wonder Su Bei treated Cai Anying so badly. It turns out there's so much going on behind the scenes."

"Lu Weijian is too much. Su Bei is a natural beauty. Cai Anying's face and figure are fine if you look at them separately but they can't be compared to Su Bei's. What is he thinking?"

#### **Chapter 429: Bad Apples Are Still Apples**

"It turns out that men are quite particular too. At least they like the same type."

Stepping on Su Bei and Lu Weijian, Cai Anying's fame rose rapidly.

Cai Anying was actually a little nervous. "Sister Min, my photo with Mr. Weijian is photoshopped. Do you think he'll really allow me to ride on his coattails?"

If she really offended Lu Corporation, the consequences would be dire.

Qiu Minxuan did not take it seriously at all. "Mr. Weijian is used to this industry. He has a close relationship with the entertainment industry. At most, he can just clarify things. It's impossible for him to really do anything to you. Remember, if he doesn't respond, it's a waste not to take advantage of your popularity. If he responds, it's a huge success! You have to know that the number of fans Mr. Weijian has is hundreds of times more than yours!"

Cai Anying agreed with Qiu Minxuan. This was the reality of the industry. If you move forward steadily, you might not make a splash.

No matter if it was the good or bad kind, she had to gain popularity first.

Bad apples were still apples.

After Tang Xinru, Yue Ze, and Su Bei had a rational discussion, they decided not to pay attention to Cai Anying's actions.

Since she was willing to put on a one-man show, she would perform it alone. Su Bei and Sheng Tang would not take such clownish behavior seriously.

At the same time, Sun Man also looked for Liao Xintong and complained about Su Bei suppressing her.

"I asked her to swap with me but she refused. Don't you think she's cheap? When she saw you, she was willing to swap. When you weren't around, she stubbornly refused."

Liao Xintong was flattered but thought that Su Bei was too snobbish.

However, she said, "The opening is different from others and involves a lot of work. She probably had her reasons for not changing."

Sun Man was not convinced and said, "Xintong, I think Su Bei is deliberately not showing you any respect. She's relying on Mr. Weijian's care right now. Even if you had appeared at the scene, she

wouldn't have shown any respect. I brought up your name and she said that even if you were there, you can't be compared to Mr. Weijian."

Of course, Liao Xintong would not easily believe such provocation.

However, did Su Bei really have something to do with Lu Weijian?

The Lu family was extremely difficult to join. Did Su Bei have the ability to do it?

Sun Man wanted to step on Su Bei, but did she have the confidence?

Liao Xintong immediately gave Lu Weijian a call.

"What's the matter? Why are you calling at such a time?" She could hear the sound of typing from Lu Weijian's side. It was obvious he was gaming and in the middle of a fierce battle. "If there's nothing else, I'm hanging up."

"Wait, Mr. Weijian." Liao Xintong went straight to the point and asked, "Mr. Weijian, do you like Su Bei? Are you pursuing her?"

Lu Weijian was so shocked that his keyboard was tossed to the side and he kicked the computer's CPU, causing the screen to turn black.

He jumped up. "Who said that? Who spread this rumor? Identify the person!"

Su Bei was his sister-in-law. Did he dare to pursue Su Bei? Did he want to die sooner, or did he want to live a life worse than death?

If Big Brother heard this, he would definitely beat him up!

Hearing his exasperated tone, Liao Xintong could not help but laugh. He was indeed just a man who was obsessed with gaming. How could he like women?

"Sorry, I just saw the news on the list of trending topics so I just asked out of curiosity. If you want to scold someone, go scold those unscrupulous marketing accounts."

### **Chapter 430: You're Not Worthy Of Being A Model!**

Of course, Lu Weijian wanted to retaliate against those unscrupulous marketing accounts. However, Lu Heting had already told him not to reply to those comments and boost that woman's popularity.

He harrumphed and said, "Su Bei is an important figure that our company has taken a liking to. She's our future partner. Don't think too much and spread rumors."

Satisfied, Liao Xintong hung up.

It turned out that they were just work partners who would work together in the future.

Most likely, Lu Weijian did not think much of her either.

She said to Sun Man, "Do whatever you want. Lu Weijian has no feelings for Su Bei."

Sun Man was overjoyed. Then, she could not be blamed for attacking Su Bei.

Before Cai Anying was done going against Su Bei, Sun Man joined in as well.

Online, it was revealed that on the night of HU's fashion show, Su Bei not only bullied Cai Anying but also Sun Man!

Su Bei had only disdainfully refused to shake Cai Anying's hand while acting all high and mighty. However, she stole Sun Man's job!

Originally, Sun Man was supposed to make an appearance in the middle of the show. In order to walk one more time, Su Bei snatched her slot.

Before Cai Anying's matter was resolved, Sun Man's scandalous statement popped up.

Su Bei's reputation was about to collapse.

The die-hard fans could not withstand the doubts of the outside world as well.

"Su Bei is really arrogant. She's suppressing newbies and stealing other people's jobs. How many more hateful things will she do?"

"Who gave her such confidence? She's just a newbie who debuted not long ago. How could she have forgotten her roots?"

"Sun Man is already an international supermodel. Compared to Sun Man, Su Bei's qualifications are still very shallow. She bullied a newcomer and stepped on her senior. Su Bei doesn't deserve to stay in this industry."

"Su Bei, get out of the modeling industry!"

"I was wrong about Su Bei. I can't believe she's such a horrible person!"

Su Bei went to the company.

Tang Xinru's expression was serious. At the moment, Su Bei's reputation on the internet had dropped drastically.

If this continued, she would face many problems.

"Su Bei, the impact of Sun Man's incident is very bad."

"President Tang, Sister Lv and I are communicating with HU to obtain evidence to prove that it's Sun Man's fault. However, this will take time."

"I trust you. I'll arrange for Yue Ze to follow-up on this matter."

Su Bei and Tang Xinru finished talking. They then walked out with Lv Shan and Yue Ze.

The entrance was already surrounded by reporters and fans.

Sun Man's fans shouted, "Su Bei, give Sun Man an explanation! Give her back her job!"

"Su Bei, you're not fit to be a model!"

"Su Bei, apologize to Cai Anying!"

The fans of both sides had gathered here.

Lv Shan shook her head and laughed. "Even Cai Anying has fans now."

"It's not strange to have fans after so long," Su Bei said softly.

"I'm afraid we'll have to let her be for a while more," Lv Shan said.

She and Yue Ze escorted Su Bei out.

The reporters and fans rushed over. Just then, Lu Heting walked past the crowd and strode toward Su Bei, protecting her.

He was wearing a low-profile cap and mask, so no one recognized him. Even Yue Ze thought that he was Su Bei's bodyguard.

However, Su Bei knew his identity. No matter what happened, Lu Heting would always be by her side.

She felt a warm feeling in her heart. At the same time, she was feeling courageous.
