

Chapter 441: A Flash Of Jealousy

Su Bei stuffed Lv Shan's bag into her hands. "Don't follow me to the event tonight. Go home and rest first."

"Why don't I just finish up tonight..."

"That's probably why you fainted last time, right? Do you want to faint again?"

Lv Shan smiled and could only accept Su Bei's good intentions.

At night, Lu Heting had something to do too. Hence, Su Bei drove her car to the scene alone.

In the past when she was working in America, this was how she always did things. She would just handle everything herself. Besides it being a little troublesome, she was familiar with everything else.

When she parked her car in the parking lot, she caught the attention of a man.

Her car had various functions and an excellent appearance, which made this young master, who loved cars as much as he loved his own life, yearn for it.

However, there was no such car in the market.

He walked around Su Bei's car a few times. The more he thought about it, the more anxious he became. He wished he could get into the car himself and check what other functions there were. He would only know if he was in the car, and he especially wanted to experience the feeling of driving this car.

Unfortunately, Su Bei had already gotten out of the car and left. After the man walked around the car a few times, he had no choice but to enter the venue first.

Su Bei did not know that her car had attracted the interest of another person. She carried her bag into the venue and went to her designated spot.

Just as she sat down, Liao Xintong sat beside Su Bei in her high heels. "Su Bei, what a coincidence."

Su Bei smiled and greeted, "Miss Liao."

She still remembered Lu Heting's words. Liao Xintong's character was worrying. Thinking about how Liao Xintong had a friend like Sun Man, Su Bei wanted to keep a respectful distance from Liao Xintong.

After politely greeting her, she looked away.

"Su Bei, are you familiar with Mr. Weijian?" Liao Xintong asked.

Even though Lu Weijian had previously said that he did not like Su Bei and was not pursuing her, Lu Weijian's name had appeared on the hot searches at just the right time. Cai Anying's face was swollen from the slap he gave her.

Liao Xintong felt that it could not be a coincidence.

Su Bei smiled sincerely, but her words were perfunctory. "Not really. We just have a working relationship."

"Then, do you know Lu Heting?" Liao Xintong suddenly mentioned this name. When she mentioned this name, her eyes were filled with emotions. It could be seen at a glance that she had feelings for the man,"

"Yeah, it's not surprising, right?" Su Bei saw through Liao Xintong's intentions and said with reservations. Lu Heting was Lu Weijian's chauffeur and everyone knew he worked with Lu Weijian. It would be a lie to say that she did not know Lu Heting.

A hint of jealousy flashed across Liao Xintong's eyes.

Su Bei really had a good relationship with Lu Weijian and even met Lu Heting before.

Lu Heting's identity was a secret. Many people did not know his real identity. In fact, many did not even know that Lu Corporation had such a leader hiding behind the scenes.

Lu Heting was low-key, calm, and reserved. If not for Gun Gun, Liao Xintong believed that she would never have any interaction with him.

Su Bei had already met him, which meant that the relationship between Su Bei and Lu Weijian was not as distant as it seemed on the surface. Their relationship must have progressed to some extent.

"Then you and Lu Heting..."

Liao Xintong wanted to ask how close she was to Lu Heting.

Chapter 442: Swallowed Something Bitter

Su Bei looked at Liao Xintong with an especially sincere gaze. She looked especially innocent, causing Liao Xintong to stop asking her questions.

Liao Xintong smiled and said, "The next time you guys meet, can you invite me along? We're all friends, so we can have fun together."

Su Bei was not only slow to understand her own feelings but also others' feelings. It turned out that Liao Xintong really liked Lu Heting.

That meant every time she fetched Gun Gun out, she had an ulterior motive.

Su Bei knew that Lu Heting would definitely marry a wife in the future. She could not care less who he married. However, once she thought about Liao Xintong trying so hard to marry Lu Heting, Su Bei felt uncomfortable.

She smiled and tucked her long hair behind her ear. "I can't make that decision. If Miss Liao wants to see them, you can call them yourself."

No matter what, Lu Heting was still her man. No matter what happened in the future, she would not lose her sovereignty.

Su Bei retracted her gaze and slightly lowered her eyes. She thought about how such a woman could covet Lu Heting. What would be his decision in the future?

At the thought of this, her heart ached as if she had suddenly swallowed something bitter.

Liao Xintong stood up abruptly. "Excuse me, Miss Su., I'll take my leave first."

Since Su Bei was unwilling, she would not ask any more questions.

Of course, most importantly, Su Bei did not have the ability.

Were Lu Weijian and Lu Heting men one could meet whenever one wanted?

Of course, Liao Xintong was wrong. Su Bei could see Lu Heting whenever she wanted to. Today, it was just because Lu Heting was busy with work and could not accompany Su Bei to the event. However, he asked about the situation on WeChat and told her that he would pick her up later.

Su Bei replied to Lu Heting. Just as she put away her phone, another person sat down beside her.

"Hello, Miss Su." It was a man whom Su Bei had never seen before. He was probably not from the entertainment industry.

However, he was dressed in a suit and leather shoes. He was dressed like a man from the entertainment industry.

Without waiting for Su Bei to answer, he moved closer.

Su Bei frowned. Just as she was about to avoid her, he mysteriously asked, "Miss Su, where did you buy that car of yours? Let me know the model and I'll buy one too. I really like that car. Or, you can sell it to me. You can name your price."

Seeing that he had no ill intentions, Su Bei put down her guard and smiled. "Mister, I can tell you where I bought it, but I'm really sorry that I can't sell it. I'm used to driving this car, so I don't want to sell it."

"That's fine too." The other party thought for a while and said, willing to settle for the next best thing.

As the man was whispering to Su Bei, he had inched closer to her.

Su Bei heard a clicking sound not far behind her and her heart trembled.

She immediately stood up and saw Sun Man's figure flash past in the distance.

It was obvious that Sun Man had taken a photo of her and the man just now.

If such a photo was released, it would be a huge blow to her if she was accused of having ulterior motives. It would cause strong negative public opinion.

Sun Man only came here today to look for Liao Xintong, hoping that she would give her another chance.

After the HU incident, she had been staying at home for several days now.. What annoyed her more was that Cai Anying's company had not given up on her.

Chapter 443: I'll Compensate Her

Sun Man, on the other hand, had already been blocked by her agent and company.

Before Sun Man could find Liao Xintong, she saw Su Bei talking to a rich second-generation heir. Of course, she would not let go of this opportunity. After taking this photo, she turned around and left.

With Su Bei's current popularity, if this photo was sold to a marketing account or a reporter, it should be worth at least hundreds of thousands of yuan, right?

She turned around and was about to leave when a woman blocked her way and said in a low voice, "Why were you secretly taking photos? You're not allowed to leave."

"You're crazy! When did I secretly take photos?" Sun Man said angrily.

Seeing that the other party was a new face without any fame, Sun Man splashed the red wine in her hand on her and yelled, "Why aren't you moving aside?"

The other party did not move away as Sun Man had expected. Instead, she continued to stop her from leaving.

Sun Man was extremely angry. She did not want Su Bei to know what she had just done and was even more anxious. She wanted to push the woman in front of her away.

Before she could push her away, Su Bei had already walked up to her and grabbed her wrist.

"I'm sorry. May I ask what's going on here?" Su Bei asked calmly as she stared at Sun Man. There seemed to be no emotion in her eyes, but Sun Man felt weak just looking at her.

The woman who had been splashed with wine said, "Su Bei, Sun Man secretly took photos of you and Mai Shanheng. I stopped her from leaving."

Mai Shanheng was the young master who liked cars. Su Bei just found out his name.

Su Bei and Sun Man. Recently, their names and photos were on the list of hot topics. Of course, this woman recognized them at a glance.

"When did you see me take photos? Are you crazy?" Sun Man flew into a rage out of humiliation. "Su Bei, I don't have anything to do with you anymore. Don't deliberately cause trouble for me. I'm telling you, if you stop me, I can sue you for illegal detention!"

Su Bei walked over and stood in front of Sun Man. She smiled at the woman. "Did Sun Man splash wine on your dress?"

"Yeah. I wanted to stop her and she splashed wine on me."

Su Bei smiled at Sun Man. "Then, Miss Sun, regardless of whether you secretly took photos or not, you have to compensate for this lady's dress before you can leave, right?"

Sun Man did not want to get involved with them, nor did she want to cause any more trouble. She just wanted to sell the photos as soon as possible to get money.

Recently, she had been short of money. She was used to being extravagant when she suddenly stopped working. The money in her bank account was decreasing day by day. Not only did she want to step on Su Bei but she also needed this money.

“How much? I’ll pay her back,” Sun Man said arrogantly.

The woman looked at Su Bei, and Su Bei exchanged a look with her. She smiled and said, “Compensate? Then let’s use the simplest method to do it!”

Su Bei took a glass of red wine from the buffet table and poured it all over Sun Man’s clothes.

The dark red wine was splashed all over Sun Man, instantly staining her dress.

It could be said that this dress was completely ruined and could no longer be worn.

The woman was very happy. Clearly, she liked Su Bei’s way of handling things!

No wonder every time Su Bei fought, she won!

Chapter 444: Consider Our Relationship As Colleagues

Sun Man did not have many dresses that she could afford now. After being splashed all over by Su Bei, she was extremely angry. “Su Bei, what are you doing? Do you know how expensive my dress is? Do you want to appear on the hot topics list?”

“So your dress is worth a lot of money, but other people’s dresses are cheap? When you deliberately splashed wine on others, why didn’t you think about how expensive their clothes are? If I make it on the hot search list, then so be it.”

Sun Man had nothing to say and could only swallow her grievances. “Then can I leave now?”

“Wait,” Su Bei called out and took the phone out of her hand.

Sun Man had used this phone to secretly take a photo of Su Bei and the young master talking.

“Su Bei, what are you doing?” Sun Man said in shock.

Su Bei raised her hand and dropped her phone into a jug of juice. After a splash, the phone sank to the bottom and the screen instantly turned black.

Su Bei smiled sincerely and said apologetically, “I’m sorry, Miss Sun. My hand slipped and I accidentally dropped your phone. How about this? How much is your phone worth? I’ll compensate you.”

Did Sun Man really think that Su Bei was a pushover?

“Su Bei!” Sun Man gritted her teeth and was about to rush over to grab her phone. If she fished it out now, the data inside could still be restored.

However, Mai Shanheng stepped over and said to the waiter, “Guard the fruit juice. Don’t let anyone touch the jug.”

“Yes, Mr. Shanheng.”

Sun Man's face turned pale. She was not afraid of Su Bei despite the humiliation she caused her.

However, who gave her the courage to take a photo of a rich second-generation heir like Mai Shanheng with the intention to get him into a scandal?

"Mister... Mr. Shanheng..." Sun Man's legs were trembling.

Mai Shanheng suddenly thought of something and said to the waiter, "Fish out the phone and see what's inside."

"No, Mr. Shanheng..." Sun Man was shocked. Of course, there were private things on her phone. Not only did she have messages exchanged with the investors but she had also taken photos of herself and the investors.

If all these were exposed, then she would not be completely banned!

Not only her current company but no other company would want her anymore!

Sun Man's lips trembled as her eyes lost focus. She held Su Bei's hand. "Su Bei, help me. For the sake of our relationship as colleagues, help me persuade Mr. Shanheng..."

Su Bei flung her hand away. "When you took my photo just now, did you consider our relationship as colleagues?"

Obviously, it was up to Mai Shanheng how he wanted to deal with Sun Man.

Su Bei left with the woman who had been splashed with wine.

Su Bei smiled and said, "Thank you for helping me."

"I'm not just helping you. I know Mai Shanheng too. I don't want to see you two get involved in a scandal. Besides, I've seen your catwalk. I like your style," the woman quickly spoke. She was a straightforward person.

"Thank you. Why don't you come backstage with me to change your clothes?" Su Bei said. After all, Sun Man had splashed her with wine because of her.

The woman was about to agree when a man came over with a set of clothes.. He bowed and said, "Eldest Miss, the clothes you want are here."

Chapter 445: He's Her Husband

It turned out that she was a woman with a high status. Since she already had a new set of clothes, Su Bei did not continue to invite her. She smiled and said, "Then I'll get back to work now. Goodbye."

The young lady looked at Su Bei's figure and smiled. She admired Su Bei's character.

After work, Lu Heting came over but he did not drive. He took a taxi.

He had some business to attend to at the company, so he drank some wine to socialize with others. After he fetched Su Bei, he wanted to call for a designated driver so they could take Su Bei's car back.

Seeing that he was a little drunk, Su Bei let him sit in the front passenger seat and did not call for a designated driver.

After all, Su Bei did not drink that night.

When Lu Heting accompanied her to events, she would drink a little for the sake of socializing.

However, Lu Heting was not around this time. She inexplicably felt a little unsafe and found an excuse not to drink tonight.

“Sit tight. I’ll drive,” Su Bei said with a smile.

“Mm.” Lu Heting nodded.

He had drunk a little too much tonight, so he subconsciously closed his eyes to rest.

Su Bei leaned closer and looked at the shadow cast by his long eyelashes. His face became more distinct under the lights.

Thinking of Liao Xintong’s words, Su Bei suddenly felt a lot of reluctance. This was her husband, so why should other women covet him?

He was her legitimate husband and someone Su Bei could not let go of.

She leaned closer. The man’s scent was very pleasant. Even though it was mixed with the smell of alcohol, it did not make one feel disgusted.

Sensing the woman approaching him, Lu Heting opened his eyes and happened to see Su Bei’s extremely awkward expression. However, he did not miss the faint look of shyness and reluctance.

If he had opened his eyes a little later, she would have kissed him.

Lu Heting regretted it so much that he felt like strangling himself.

He had always been good at devising strategies and controlling people’s hearts. Yet, he just could not control the heart he wanted to win over the most.

After missing that opportunity, Su Bei did not say anything else. She sat upright and started the engine, pretending that nothing had happened as she drove the car out.

Lu Heting pondered over a question. Should he get really drunk once and have Su Bei pick him up? Then, he would try to figure out her feelings for him.

Su Bei said, “It might be dangerous if you’re really drunk. I’m afraid I won’t be able to control myself from doing certain things.”

However, it seemed reasonable for her to do that to her legal husband.

Then, why was she embarrassed just now?

She turned her head. Lu Heting had already opened his eyes. His eyes were bright and full of life. She did not know what he was thinking.

Su Bei thought, ‘I dare not lay my hands on my husband like this.

'Forget it, forget it. Let's wait until he gets drunk again.'

...

The next day, when photos of Sun Man and the investors filled the internet, Sun Man's company terminated their contract with her and announced that they would never hire her again.

The other companies naturally would not consider a model who was involved in such a huge scandal.

Sun Man's career in the industry had officially ended.

Regretting it now was useless.

If she had not provoked Su Bei and secretly took a photo of her, she would not have ended up like this.

If it were just a hiatus, there would still be a day when she would be able to make a comeback.

However, getting banned was a death sentence.

Su Bei saw the news and knew that Mai Shanheng had gotten hold of Sun Man's phone. He released all the information to the public.

Indeed, rich second-generation heirs were more ruthless.

Chapter 446: Pushed Into Becoming A Mistress

As Lv Shan was pregnant, Su Bei told Yue Ze that she was taking half a day off and accompanied Lv Shan for her check-up.

Lv Shan waited for Su Bei in the hospital. However, even after waiting for a while, Su Bei had yet to arrive.

"I'm here." Su Bei sent her a WeChat message.

"Where are you? I don't see you."

"Look behind you!"

Lv Shan turned around and saw a woman with heavy makeup on. There was no sign of Su Bei.

Upon closer look, however, she realized that the woman with heavy makeup on was Su Bei.

She was wearing high-heeled boots, very short hot pants, and big earrings. She had casually tied up her loose hair, and her thick makeup covered her face. It was impossible to tell that she was Su Bei.

Lv Shan laughed. It made sense. Su Bei was here in the hospital, and with her identity, how could she not be surrounded by reporters? Only by dressing like this could she disguise herself. Apart from her long legs, one could not tell that this woman was Su Bei!

Su Bei walked up to Lv Shan and said, "Let's go. I'll go with you."

"Su Bei, my fiancé has already proposed to me. He said that once the baby's condition stabilizes, we'll get married." Lv Shan's face was brimming with happiness.

"Congratulations, it's a double blessing!"

Lv Shan used her hand to caress her abdomen, which had yet to bulge out. She already exuded a motherly glow.

Her nails, which she usually had henna on, had also been washed clean. There was no makeup on her face, and she no longer looked like her usual cool and capable self. Instead, she looked more gentle now.

Su Bei accompanied her through her prenatal check-up. After receiving the results, Lv Shan was very excited and could not hide her joy. She looked at the contents of the list and checked them one by one.

Su Bei recalled that when she was pregnant with the twins, she was also like this. She had felt uneasy about it, but she was more decisive.

From the moment she decided to keep the children, she was filled with faith and courage for her life ahead.

She did not understand the meaning of the word 'mother' in the past, but after she had a child, she understood everything.

God treated her well and gave her Da Bao.

She hoped that Lv Shan could give birth to a smart and powerful child like Da Bao.

Su Bei supported Lv Shan as they walked out.

At the hospital's entrance, a woman wearing a cheongsam and a fur shawl entered. The gloom on her face could not hide her elegance.

The woman looked well-maintained. Although she was already in her 40s, her skin was smooth and wrinkle-free, making her look younger while increasing her elegance.

She strode towards Lv Shan and Su Bei.

When Lv Shan saw the woman, her expression became unnatural.

She stopped and said to Su Bei, "Let's take another exit."

Su Bei understood and helped her to another exit. "Is that Zhang Baozhen?"

Lv Shan was once the mistress of a big shot, and Zhang Baozhen was his official wife.

No, one could not exactly say that Lu Shan had been a mistress. When Su Bei started working with Lu Shan, she found out that Lv Shan had been pushed into becoming a mistress.

In the beginning, the big shot lost his wife. In the eyes of the outsiders, he was always single.

Later on, the big shot and the socialite, Zhang Baozhen, remarried in a flash. After they got married, they kept a low profile and no one knew that they were married.

Back then, Lv Shan thought that she could marry the big shot...

After knowing that the big shot had remarried Zhang Baozhen, Lv Shan had indeed struggled for a long time before leaving the big shot. This was the only thing she had done wrong and it was because she

was too unwilling to accept that the man was two-timing. She was unwilling to accept that the feelings she gave all turned into nothing in the end. She was unwilling to accept that her feelings for the man turned out to be immoral in nature.

Chapter 447: Everyone Has To Fight

Su Bei's working relationship with Lv Shan only changed to friendship when she found out about this. It was because Lv Shan had not done anything wrong...

Although Lv Shan did not think that she was in the wrong, she still felt guilty when she saw Zhang Baozhen.

Besides, she did not want her current fiancé to know about these things.

She did not want to talk about the past anymore...

Su Bei accompanied Lv Shan and left.

After a few steps, however, a voice came from behind. "Lv Shan, stop right there!"

Zhang Baozhen walked over with her purse in hand.

She was not as tall as Su Bei and Lv Shan. She was not even as capable as Lv Shan. However, her expensive fur coat and crocodile skin bag made her aura stronger.

She snorted and stood in front of Su Bei and Lv Shan, her gaze lingering on the latter's face.

She had heard from her good friend that her husband was having an affair. Of course, she could not hold back her anger. After investigating, she found out that the woman was Lv Shan.

Recently, she found out that Lv Shan was pregnant.

Zhang Baozhen had slammed her vanity desk at home that was full of cosmetics in a fit of anger before she calmed down. She immediately came up with a solution.

Today, she was here to look for Lv Shan to resolve this matter.

Zhang Baozhen sized Lv Shan up from head to toe. Seeing that Lv Shan was younger than her, she instantly felt even more displeased. Her gaze shifted to Lv Shan's hands, and she saw that her hands were holding her lower abdomen. It was obvious that there was already a child inside.

"Mrs. Liang," Lv Shan called out, her expression looking natural. She appeared magnanimous and fearless.

Zhang Baozhen stepped forward and raised her hand to slap Lv Shan.

However, before she could hit Lv Shan, Su Bei grabbed her wrist.

Su Bei pulled Lv Shan behind her and said, "What are you trying to do, Mrs. Liang? Even if you want to hit someone, you should have a valid reason."

Zhang Baozhen broke free and contemptuously said, "What reason do I need to hit a mistress? Everyone has the right to hit a woman like her!"

“Mrs. Liang,” Lv Shan said calmly, “You’ve misunderstood the whole situation...”

“What did I misunderstand? Do you dare to say that you’ve never seduced my husband before? The entertainment industry is really a place to hide dirt. Female celebrities sleep all the way up, and even their managers are so filthy. It’s disgusting!”

“Mrs. Liang, maybe we can sit down and talk.”

Zhang Baozhen was furious, and her face was full of disdain. “I have nothing much to say to a mistress like you!”

Seeing that she was getting worked up, Lv Shan said, “It doesn’t matter if you blame me. That was four years ago. I did get together with Mr. Liang four years ago, but at that time, I didn’t know that he had remarried and didn’t know of your existence. The public never knew much about him! I admit that I was in the wrong regarding that matter, but in the end, isn’t it his own fault? Instead of taking out your anger on me now, why don’t you go back and have a good talk with your husband?!”

“Fine, then you’re admitting that you’re a mistress, right? A mistress like you still dares to speak such high-sounding words. Pfft!”

Lv Shan laughed coldly. “Please understand that I was pushed into being a mistress. If I did something wrong to you in the past, then I’m sorry. But now, I only have contempt for you.”

Chapter 448: Da Bao Was Like This When He Was Young

After saying that, she and Su Bei walked past Zhang Baozhen and left the hospital.

Zhang Baozhen gritted her teeth. “You guys!”

Zhang Baozhen could not take it lying down now that a mistress had stepped on her head and criticized her so arrogantly.

Moreover, Lv Shan actually said that she was pushed to become a mistress? Then, should all the blame be pushed to her husband?

Zhang Baozhen would rather believe that her husband had made a mistake than believe that Lv Shan was completely innocent and it was all her husband’s fault.

Looking at Su Bei and Lv Shan’s backs, she coldly snorted and said, “Bullying the official wife? Do you really think that no one in this world can control you?”

Su Bei drove Lv Shan home.

Lv Shan looked a little down.

She was worried that her fiancé would find out about this. After all, being a mistress was not something to be proud of.

Su Bei comforted Lv Shan and returned home after sending her off.

Lv Shan’s pregnancy also reminded Su Bei of when she was pregnant with Da Bao. She went to the wardrobe and took out a photo album, flipping through the photos of Da Bao’s childhood.

The door opened. Lu Heting had come back.

Knowing that Su Bei did not go to work today, he also postponed his afternoon work.

It was rare that Da Bao and Gun Gun were not around in the afternoon. Auntie Chen would also go out to buy things at this time.

“What are you looking at?” Seeing Su Bei laugh heartily, Lu Heting became curious.

He strode over to Su Bei and his tall figure shrouded her. He looked down at the woman’s smile.

“Come look at your son. Sit down.”

Su Bei held the photo album and showed it to Lu Heting. “This was what Da Bao looked like when he was a baby.”

“Mhm, he had a high nose bridge since he was born. He had long arms and legs, just like me.” Lu Heting’s voice was gentle, and so were his cold eyes.

“This was Da Bao’s first birthday. Lin Shitou and Feng Feifei were both there,” Su Bei explained as she flipped to each photo.

When she reached a particular photo, she guiltily skipped it.

It was because Feng Ze was in the photo.

A dangerous glint flashed across Lu Heting’s eyes. Men would always be quick to react when it involved the appearance of their love rival. Like ferocious lions, they would always be extra vigilant against opponents who wanted to invade their territory.

Since the time he saw the man that Feng Feifei was acting as, Lu Heting had known about the existence of that man. He also knew that the man was his rival.

Seeing the man hugging Da Bao so intimately, Lu Heting had an unknown feeling in his heart.

Obviously, Da Bao was very attached to that man.

Lu Heting and Su Bei were very close to each other. He flipped through the photos while wrapping the woman in his arms. He asked in a low voice, “What about this one?”

“Da Bao had a cold and a fever, so he had to go to the hospital. To make him happy, I bought him a toy car. This is the first time he dismantled the toy car and assembled it, so I took a photo of it to remember,” Su Bei said softly.

At the mention of that, there was a look of motherly gentleness in her eyes.

Lu Heting tightened his grip on the woman.

Back then, she was pregnant and had to give birth overseas. She had to raise Da Bao by herself. She went through so many hardships but he was not there by her side for any of it.

The pain in his heart slowly dissipated. Lu Heting lowered his eyes. “Su Bei...”

Chapter 449: Abort The Child

“Hmm? Look at this. That’s our Da Bao. This was his first time walking. And this was the first time Da Bao could use his phone to take pictures.” Su Bei was in a cheerful mood. She was always like this. Her sadness would pass quickly and her mind would always remain open.

Lu Heting chuckled along with the woman. “Our Da Bao is awesome!”

Unknowingly, Lu Heting was hugging Su Bei as they sat on the sofa. He looked at the album and could see Da Bao’s life for the past four years. He was witnessing all the moments he, as a father and husband, had failed to fulfill his duty.

Lu Heting’s eyes were dark and deep. His emotions were surging, and he wished he and the woman in his arms could merge into one. He wanted to give her the world.

Su Bei’s phone rang.

She picked up the phone.

The other party went straight to the point. “I’m Zhang Baozhen. I’m sure you know my name, right? Miss Su, I have something to discuss with you.”

Zhang Baozhen did not recognize that the person beside Lv Shan in the hospital today was Su Bei, but since Lv Shan was Su Bei’s manager, she naturally had to pressure Su Bei.

Su Bei said in a flat voice, “Mrs. Liang, you’re a socialite in the circle. How could I not have heard of you? I wonder why you’re looking for me?”

“Let’s talk when we meet.”

Zhang Baozhen arranged to meet Su Bei at a cafe not far away.

When Su Bei saw Zhang Baozhen again, she had changed into a new set of clothes. This time, she looked even more imposing. Her long dress covered her curvaceous figure.

It was really rare for a woman in her 40s to have a body like that, which did not show any excess fat.

“Miss Su, your manager, Lv Shan, ruined my family and is now pregnant,” Zhang Baozhen said.

“So?” Su Bei maintained her smile. She was there during the incident that took place in the afternoon when Zhang Baozhen looked for Lv Shan. Did Zhang Baozhen have any new ideas?

Zhang Baozhen smiled. “I know that you’re very popular right now, and your career is on the rise. You must value your reputation very much. I’m sure that you don’t want a scandal about the people around you to affect your career. Therefore, I’d like you to fire Lv Shan.”

Su Bei could not help but show a hint of amusement. She pushed her long chestnut hair behind her shoulders and said slowly with a lazy tone, “Mrs. Liang, from what I know, Lv Shan had unknowingly become a mistress. Furthermore, it has been four years since she broke up with your husband. She has a stable life now. This child isn’t your husband’s. She has nothing to do with your husband now.”

Zhang Baozhen took a sip of the coffee and put it down.

She stared straight at Su Bei. “Miss Su, I understand what you’re saying, but I just want to be sure of things. What if her child is my husband’s? I don’t want this slight possibility to affect my life.”

“Are you saying that Lv Shan is still in contact with your husband?”

“I don’t dare to say that, but Miss Su, I might as well be honest with you. My husband and I have agreed that we won’t be having any children, but if a mistress wants to use a child to interfere with my husband’s and my life, then I’m sorry. She must abort the child!”

Su Bei’s expression was cold as she wiped off the smile on her face. “Even if that child has nothing to do with your husband?”

Chapter 450: Tearing Su Bei Apart

“I told you. It’s just to prevent anything from happening.”

“You want someone else to go through abortion and child loss for your sake?”

“Who told her to be a mistress?” Zhang Baozhen blurted out.

“She unknowingly became a mistress and was a victim. Why make things difficult for another woman?” Su Bei retorted with a cold smile on her lips.

Having worked with Lv Shan for so long, Su Bei knew about her current life very well. She had also investigated Lv Shan’s past thoroughly. Lu Shan had long cut off all ties with that big shot.

Zhang Baozhen’s action now was purely to vent her anger and settle her old debts.

Only by hurting Lv Shan would she be able to calm her anger.

Zhang Baozhen smiled gracefully and elegantly. “Miss Su, I believe that any woman would hate a mistress. I don’t care what happens to her, but she has to abort the child. I believe that you can understand this, right? Please persuade Lv Shan to abort the child as soon as possible. Once the child is gone, our feud will be resolved.”

“What if I say no?” Su Bei’s expression was firm. In her dazzling starry eyes, there was a look of calm refusal and a trace of disdain for Zhang Baozhen.

It was clearly the man’s mistake, and Lv Shan was also a victim. In fact, the child had nothing to do with that man, yet this woman wanted to use an innocent child to vent her anger.

Even though Zhang Baozhen’s experience of being deceived by her husband was worthy of sympathy, her actions were too spiteful.

“If you don’t agree, then you can just wait for your career to be over!” Zhang Baozhen said as she pushed the coffee cup in front of her away and left with her high-end bag.

Without waiting for Su Bei’s response, Zhang Baozhen posted a statement on Weibo. “Mistress, wash your neck clean and await your death! Bloody pictures.jpg”

She was a socialite from the capital and came from a very prestigious family. Now that she was married to Liang Hanwen, a big shot in the business world, she was very well-known and had quite a few friends in the entertainment industry.

Hence, her status and popularity were also very high.

Her sudden post immediately attracted a lot of attention. Everyone was interested in this kind of gossip news. Many people left comments asking her who the mistress was.

Zhang Baozhen replied directly. "She's a popular starlet in the industry. I won't announce her name for now. I hope that when she realizes her mistake, she can resolve the problem as soon as possible and apologize to me. Otherwise, I'll announce her name 24 hours later and let everyone know who she is!"

The big shot's wife was blasting out the mistress, and the mistress was a popular starlet. This immediately caused a huge sensation.

Everyone was cursing this unknown starlet. At the same time, all sorts of polls were released. Who was the star that was wrecking someone else's family, becoming the center of attention?

Zhang Baozhen smiled at this scene.

She knew all too well that tearing apart an ordinary manager would be too easy for her.

If she wanted to do this well, she would have to tear Su Bei apart to have the best effects.

Of course, this was just a warning she was giving Su Bei. If Su Bei forced Lv Shan to abort the child, then she could be magnanimous and let the matter go.

As for what Su Bei and Lv Shan said about the situation, she did not believe a word of it.
